LETTER OF TRANSMITTAL.

WAR DEPARTMENT,
Washington, February 14, 1914.

SIR: I have the honor to transmit herewith a letter from the Acting Chief of Engineers, United States Army, dated February 12, instant, together with an index to reports of the Chief of Engineers from 1866 to 1912, inclusive, called for by paragraph 2, section 6, of the river and harbor act approved July 25, 1912.

Very respectfully,

LINDLEY M. GARRISON,
Secretary of War.

THE SPEAKER OF THE HOUSE OF REPRESENTATIVES.

LETTER OF SUBMITTAL.

WAR DEPARTMENT,
OFFICE OF THE CHIEF OF ENGINEERS,
Washington, February 12, 1914.

From: The Chief of Engineers, United States Army.

To: The Secretary of War.

Subject: Index to Reports of the Chief of Engineers from 1866 to 1912, inclusive.

There is submitted herewith for transmission to Congress an index to the reports of the Chief of Engineers, United States Army, called for by the second paragraph of section 6 of the river and harbor act approved July 25, 1912, as follows:

There shall also be printed one thousand five hundred copies of the index to the Report of the Chief of Engineers, United States Army, from eighteen hundred and sixty-six to nineteen hundred and twelve, inclusive, to include the reprinting of House Document Numbered Four hundred and thirty-nine, Fifty-seventh Congress, second session, covering the period from eighteen hundred and sixty-six to nineteen hundred, inclusive, authorized by section thirteen of the act of June thirteenth, nineteen hundred and two; the additional information covering nineteen hundred and one to nineteen hundred and twelve, inclusive, to be furnished by the Secretary of War.

EDW. BURR,
Colonel, Corps of Engineers,
Acting Chief of Engineers.

PREFACE.

The necessity for a systematically arranged key or index to the printed annual reports of the Chief of Engineers, United States Army, was felt as early as 1878, when only 17 volumes of such reports existed. Under date of January 10, 1878, Maj. H. M. Robert, Corps of Engineers, stationed at Milwaukee, proposed to prepare such a work. Brig. Gen. A. A. Humphreys, Chief of Engineers, approved the project, and expressed the opinion that the work should begin with the report dated March 1, 1866. The index was prepared under Maj. Robert's direction by his chief clerk, Dr. Samuel O. L. Potter, and Asst. Engineer Louis Y. Schermerhorn. It embraces the reports from 1866 to 1879, inclusive, and was printed in 1881. Maj. Robert, in his letter of transmittal, printed in the index, describes the difficulties encountered in its preparation by reason of the incompleteness and inaccuracies found in the early reports and in securing harmony between the work done by the various indexers.

A second volume, covering the reports from 1880 to 1887, inclusive, was compiled under the same direction by Mr. L. Y. Schermerhorn and Mr. Holden B. Schermerhorn, and was published in 1889.

A third volume, covering the reports from 1888 to 1892, inclusive, was compiled under the direction of Maj. C. W. Raymond, Corps of Engineers, by Mr. L. Y. Schermerhorn and Mr. Holden B. Schermerhorn, and was published in 1895.

The preparation of a fourth volume under the same direction, covering the reports from 1893 to 1900, inclusive, was well advanced when it was decided to consolidate all the volumes into an entirely new edition in order to save space and cost, to facilitate convenient reference, and to avoid the necessity for reprinting the first two volumes, the editions of the latter having been nearly exhausted.

The second or "Raymond" index, issued in the form of three volumes in the year 1902 (H. Doc. No. 439, 57th Cong., 2d sess.), was prepared under direction of Lieut. Col. Raymond, the actual work of compiling all the different parts being done by Mr. John McClure, to whom Lieut. Col. Raymond gives great credit for the faithfulness and ability with which he conducted the work.

The plan adopted by Maj. Robert in the preparation of the "Robert" index was essentially the one followed in the later volumes and the "Raymond" index, with such changes and additions as experience had shown to be desirable. In the "Raymond" index all the important matter contained in the annual reports of the Chief of Engineers was indexed, while the previous volumes omitted fortifications and some miscellaneous subjects. The "Abstract of Laws" was first introduced in the third volume of the first index. The plan of the abstract of fortification data was prepared by Lieut. Spencer Cosby, Corps of Engineers, then on duty under the orders of Lieut. Col. Raymond, and the index of fortifications would have been compiled by him had his services continued to be available.

The plan adopted for the "Raymond" index was essentially as follows: The subjects covered in the reports of the Chief of Engineers were classified as, (1) river and harbor works, (2) fortifications, (3) bridges, (4) laws, (5) miscellaneous. Each of these divisions or parts was indexed (or abstracted) separately, the various subjects in each part (names of places, centers of coast defense, streams or harbors crossed by bridges, suggestive headings of laws, miscellaneous titles, etc.) being arranged alphabetically. The information abstracted or compiled under each sub-subject was set forth, in order of time generally, under a few important titles, arranged alphabetically, named and defined at the beginning of each part, the proper references to year, volume, and page being added to each statement or brief. A summary of river and harbor appropriations followed the index of river and harbor works; and a topical index of engineering, physical and miscellaneous data, the topics or subject names being arranged in alphabetical sequence, closed the work. Experience with this division of subjects and alphabetical arrangement of data showed that it afforded a convenient and rapid means for finding any desired information contained in the annual reports, with some exceptions to be noted later.

THE PRESENT INDEX.

Under date of August 9, 1910, the Chief of Engineers instructed Maj. Herbert Deakyne, Corps of Engineers, then in charge of the Philadelphia river and harbor district office, to prepare an index to the reports of the Chief of Engineers for the years 1901 to 1910, inclusive. On May 22, 1912, further instructions were issued to prepare a new consolidated index to replace the existing "Raymond" index of three separate volumes and to include therein the reports for 1911 and 1912.

Under date of August 9, 1912, the Chief of Engineers invited the attention of Lieut. Col. Joseph E. Kuhn, Corps of Engineers, who had succeeded Maj. Deakyne in charge of the Philadelphia office, to the following provision in the river and harbor act approved July 25, 1912:

SEC. 6. * * *

There shall also be printed one thousand five hundred copies of the index to the report of the Chief of Engineers, United States Army, from eighteen hundred and sixty-six to nineteen hundred and twelve, inclusive, to include the reprinting of House Document Numbered Four hundred and thirty-nine, Fifty-seventh Congress, second session, covering the period from eighteen hundred and sixty-six to nineteen hundred, inclusive, authorized by section thirteen of the act of June thirteenth, nineteen hundred and two; the additional information covering nineteen hundred and one to nineteen hundred and twelve, inclusive, to be furnished by the Secretary of War.

Steps were at once taken by Col. Kuhn to hasten forward the work contemplated, which had been progressing slowly, and the services of Mr. John McClure, who had prepared the second index, were secured for the purpose.

Under date of January 12, 1914, instructions were issued, with the approval of Col. Goethals, chairman of the Isthmian Canal Commission, by the Chief of Engineers, to treat the reports of the various Isthmian Canal Commissions from 1899 to 1914 in the new index in the same manner as other projects executed under the Corps of Engineers.

The magnitude of the work of preparing the new index as compared to that covering the previous indexes is shown in the following table:

Index.	Period.	Years.	Volumes.	Pages.
Robert.....	1866-1879	14	23	19, 143
Do.....	1880-1887	8	27	21, 959
Raymond.....	1888-1892	5	23	17, 031
Do.....	1893-1900	8	51	34, 109
Raymond combined.....	1866-1900	35	124	92, 242
1901-1912.....	1901-1912	12	45	40, 643
New index.....	1866-1912	47	169	132, 885
House documents, various periods, say.....			30	15, 000
Panama reports, including maps, etc., say.....			18	7, 000
Total in this index.....			217	154, 885

In the preparation of the new index not only was it desired to consolidate into compact form an adequate and complete index to all subjects covered by the reports of the Chief of Engineers so that a minimum of time would be required in finding everything that had been stated therein in connection with any given subject, but it was also desired to enhance its value by incorporating certain additional information not to be found directly in those reports.

The alphabetical arrangement of waterway data, used in previous indexes, is valuable when it is desired to secure information about a waterway of which the name is known, and which has been improved, examined, or surveyed. The relation of this waterway to adjacent waterways is nowhere shown; and although the given waterway may have been improved and at the same time be a portion or section of a larger waterway improvement, the index in no way indicated this fact. In other ways also the alphabetical arrangement has been found defective and misleading. The arrangement of waterway data in geographical order obviates all of these difficulties by bringing related abstracts together, and furnishes the opportunity to include much other information which will be of both present and future value, without adding anything to the cost of this work.

The United States is now divided into 51 river and harbor districts embracing over 10,000 waterways; the work included within the limits of each district is in charge of an officer of the Corps of Engineers stationed at a central point, which gives its name to the district, and which is designated in this index by a single or double letter. The letter A designates the first district (Portland) on the northeastern coast on the Atlantic Ocean, the letter B the adjoining district (Boston), and so on southward along the Atlantic coast, thence around the Gulf coast, up the Mississippi system to Cairo, thence up the Ohio system, thence up the Missouri system, thence up the Mississippi system to the Lakes, thence around these, thence up the Pacific coast to Alaska. (For full list of letters and names of districts see list, Part I, page 19, and see frontispiece map in colors.)

Each waterway in a district, whether improved or not, has been given a numerical designation according to its position in an order determined by beginning the list of the waterways of the district at the place where the preceding district group terminates, continuing thence to the next waterway until the end of

the district is reached. Where the waterway is a river, the list proceeds up the left bank of the stream to the first tributary, thence up that tributary, and even up the tributaries of the latter, in the same manner, the return to the mouth of the main stream being made by crossing to the opposite or right bank, and going down that side after the same manner.

The abstracts are printed in the order referred to in the preceding paragraphs.

Each group of abstracts is preceded by the title of the district, a map of the district, the location of the office of the district, and a list of the waterways of the district arranged in numerical order, as already explained.

Each waterway name in the lists of waterways is followed by a number in parentheses. This is the number of the stream to which the waterway is tributary. Hence, given the name of a waterway, river, or harbor, its related waterways can be found immediately.

In many cases the matter abstracted has had to be divided into separate parts, especially where the reports concern a large waterway or harbor, as the Mississippi or New York Harbor, or where the changes in the scope or character of an improvement make more than a single abstract necessary. Each part in these instances takes the name of the waterway it refers to principally, and the number of the main or summary title. For example, in the case of "Part (a), SS-20 Wilmington Harbor, Cal.," and "Part (b), SS-20 San Pedro Harbor, Cal.," the title of the summary of the two parts is "SS-20 Los Angeles Harbor, Cal."

An abstract concerning a waterway is given the title generally given to the matter in the reports of the Chief of Engineers. In some cases, however, this title may differ from the name given to the same waterway in the district list of waterways. Such variations are indicated by attaching a final letter to the number of the waterway, as "49(a)."

There are some abstracts of unfavorable reports on waterways not named in the list of waterways of the district concerned. Each one of these abstracts is given the number of the waterway geographically preceding the locality to which the abstract relates, the number being accompanied by a letter to indicate the interpolation, as "37(a)."

The geographical arrangement of data, however, does not furnish a means of readily finding any given desired information in the index, and to obviate this difficulty a consolidated finding list alphabetically arranged is necessary. Such a list is found at the back of Volume II and includes not only waterway and fortification data but also all other matter covered by the index, with the exception of that included in the topical index. In the latter the topics are arranged alphabetically, requiring no additional index.

A special finding list for waterways is printed at the back of Volume I. A special finding-list for each of the following waterways, namely, the Ohio, Missouri, Mississippi, and the Columbia, precedes the abstract to which it relates.

The geographical arrangement of fortification data has the same advantages as those mentioned for waterways and has therefore been adopted.

The alphabetical arrangement of titles is believed to be the best for an index of the special subjects, such as bridges, wrecks, etc., and similar matter contained in the reports, and has therefore been retained.

A new feature of this index is a series of views showing types or classes of construction work used in river and harbor works. These views were furnished by the district officers and are inserted in the topical index under the title "Construction."

The arrangement of parts used in the "Raymond" index has been retained with the addition of several new ones. The parts now are: I. River and harbor works; II. Fortifications; III. Miscellaneous reports; IV. Special subjects; V. Panama Canal; VI. Topical index; VII. Alphabetical finding list. Each of these parts has its own subdivisions, the headings of which are self-explanatory, but they are listed and described at the beginning of the respective parts as in the second or "Raymond" index.

All reasonable means have been employed to secure compactness in the work; thus, grammatical elision, abbreviations, and smaller type are used to a much larger extent than in the previous indexes, and the condensation thus secured has reduced the number of pages which would be required under the old plan by eight or nine hundred.

Succinctly stated, the present index differs from previous indexes in the following particulars: Geographical arrangement of waterway and fortification data, numbering of waterways, district maps, more comprehensive abstracts and summaries, views of constructions, Panama Canal data, convenient finding lists, and greater compactness.

While the matter indexed herein is that contained in the reports of the Chief of Engineers, or officers of the Corps of Engineers, it has been checked or verified by means of other publications, such as Treasury Document No. 373, 1882; House Document 421, Fifty-seventh Congress, second session; United States Coast Pilots; List of Merchant Vessels of the United States; and Coast and Geodetic Survey maps. Each district has reviewed the proof of the matter concerning its territory.

Brig. Gen. W. H. Bixby, Chief of Engineers, issued the instructions for the compilation, and outlined the general scheme of arranging the works by groups and numbering.

The district officers furnished the sketch maps, views of characteristic types of construction, and detailed lists of district rivers and harbors.

The work of indexing was inaugurated by Maj. Deakyne, continued by Col. Kuhn, and completed under the immediate supervision of the undersigned, who succeeded Col. Kuhn on August 16, 1913, since which date the final arrangement and editing has been performed.

The abstracting was done by Mr. John McClure, Mr. C. L. Kendler, and nine other persons whose connection with the work was of comparatively short duration.

The whole work was in direct charge of Mr. McClure, who also arranged the abstracts, edited the vast mass of matter incorporated in the index, prepared it for the printer, and revised the proof.

GEORGE A. ZINN,

Colonel, Corps of Engineers, U. S. Army.

U. S. ENGINEER OFFICE,
Philadelphia, Pa., September 27, 1915.

GUIDE TO USE OF INDEX.

Order of subjects.—The subjects considered are classified and appear in the following order:

Rivers and harbors.
Fortifications.
Miscellaneous.
Bridges.
Dams, dolphins, and weirs.
Harbor lines.
Wrecks.
Engineers.
Contractors.
Floating plant.
Appropriations.
Panama Canal.

Arrangement of data.—Rivers and harbors, and fortifications, are arranged in *geographical* order, other data in *special* or *alphabetical* order. Each subject is treated independently of the others.

Subdivisions of subjects.—Lists of titles of such subdivisions appear at the beginning of each subject. Page figures attached to data almost always refer to reports of Chief of Engineers; where they refer to other matter, this is made clear.

Explanatory notes appear at the beginning of each subject, the topical index, and the alphabetical finding lists.

Topical index.—This part of the index covers engineering, physical and miscellaneous information, the *subject names* arranged in alphabetical sequence, and is not otherwise indexed.

Alphabetical finding lists.—Several alphabetical finding lists are provided, as follows:

(a) A general or consolidated finding list for both volumes, at the back of Volume II, forming Part VII of the work, containing the names of important waterways, fortifications, bridges, etc., referred to in both volumes.

(b) A finding list at the back of Volume I, containing the names of waterways listed in Volume I, Part I of this work.

(c) A finding list for each of the following rivers—Ohio, Missouri, Mississippi, and Columbia—immediately preceding the abstracts of those rivers, containing references to each point and section mentioned in the abstracts.

Maps.—A map of the United States divided into districts appears at the beginning of the volume and district maps at the beginning of each river and harbor district.

Illustrations.—Views of typical classes of construction appear in the topical part under the subject "Construction."

References.—References in all parts of the main index are to year and page of *reports* of the Chief of Engineers, etc., *except* in the alphabetical finding lists, where the paging refers to *this book*. Deviations from this rule are usually embraced in footnotes, or are inclosed in parenthesis.

ABBREVIATIONS.¹

The following is a list of the more important abbreviations employed:

au.	authority	misc.	miscellaneous
*	allotment	min.	minimum
an.	annual, annually	mainten.	maintenance, maintaining
approx.	approximate	mlw.	mean low water
B.	Bay, Board	n.	north
BE.	Board of Engineers	obstr.	obstruction
BERH.	Board of Engineers for Rivers and Harbors	orig.	original
break'r	breakwater	proj.	project
br.	bridge	pre.	preliminary
C.	commerce, commercial	pt.	point
constr.	construction	p.	pier
chan.	channel	P.	Panama
¢	cents	%	per cent
cy.	cubic yard	RR.	railroad
DO.	District Officer or Engineer	revet.	revetment
dw.	deep water	R.	(in blackface type) for Re- port
dr.	dredging	R.	river
DE.	Division Engineer	recom.	recommended, recommen- dations
e.	east	Sec. War	Secretary of War
est.	estimate	SS.	steamboats
estab.	establishment	s.	south, or supplement
ex.	examination	st.	stone
expend.	expenditures, expending	sur.	survey
Engrs.	Engineers (Chief of Engi- neers in full)	sq.	square
fav.	favorable	St.	street
h.	high	superstr.	superstructure
H.	Harbor	t.	ton, tonnage
imp.	improvement	Treas.	Treasury, Treasurer
j.	jetty	U.S.	United States, government
l.	long, length, lengthening	unfav.	unfavorable
l. & d.	lock and dam	vol.	volume
m.	miles	w.	west
max.	maximum		

There are other abbreviations, such as Capt. for Captain, and the like, but all these should require no explanation.

Waterway dimensions are in numerals, in the order of depth and width and length, as 18' x 100' x 12 m.

02, S49, means the annual report for 1902, supplement, page 49. **P12**, 403, means the report of the Panama or I. C. Commission for 1912, page 403. (See below.)

PAGE AND VOLUME REFERENCE.

The volume references are in black figures and the page references in ordinary roman. **88**, 786 means the annual reports for 1888, page 786. 1900 is indicated by **00**. The years from 1901 to 1912 are indicated by **01**, **02**, **03**, **04**, **05**, **06**, **07**, **08**, **09**, **10**, **11**, **12**. Some

¹Not a few instances may be found where words are not abbreviated according to this list. These may be instances where a group of abbreviations might obscure the meaning. In most cases, however, the abbreviations in the list are employed.

of the earlier references have lower-case i's after them, in which case "i" means the first volume, "ii" the second volume, and so on. **R** always means Report.

PAGING OF THE ANNUAL REPORTS.

Table showing what page ends each part of the annual reports of the Chief of Engineers, U. S. Army, from 1866 to 1912.

Year.	Part 1.	Part 2.	Part 3.	Part 4.	Part 5.	Part 6.	Part 7.	Part 8.

a Bound with the three other parts into one volume.

b Each part begins with page No. 1.

c Mississippi River Commission.

d Includes Missouri River Commission Reports.

* After this date there is a noticeable compression of volumes, due to less work on fortifications and to issue of reports on examination and surveys as congressional documents.

PART I.

RIVER AND HARBOR WORKS.

GUIDE TO THE USE OF PART I.

1. Alphabetical finding list at back of this index (and see also Abbreviations, p. 15).
2. Order of arrangement of waterway groups.
3. Numbering of the waterways.
4. Explanation of subheads used in Part I.

1. ALPHABETICAL FINDING LIST AT BACK OF THIS INDEX.

[And see also Abbreviations, p. 15.]

There is a finding-list at the back of this volume, composed of names of rivers, harbors, canals, etc., arranged alphabetically, and under each name are arranged properly all the references to that locality in this index. The first page of the finding-list presents details which may be useful to the user of the finding-list.

See also the consolidated finding-list, Part VII, at the back of Volume II of this index.

There are four special finding-lists, one for each of the following rivers, the Ohio, the Missouri, the Mississippi, and the Columbia, preceding the data for each of these waterways.

2. ORDER OF ARRANGEMENT OF WATERWAY GROUPS.

The matter in this index about rivers and harbors is arranged according to the order of connected geographical groups. The following is a list of these connected groups or districts, each taking its name from the town or city in which the office of the district is situated. It should be noted that were a district office to be closed or shifted that would not affect the order of listing followed—the listing is mainly geographical. The exceptions to this rule are explained clearly wherever they occur.

NORTH ATLANTIC.

A—Portland, Me.
B—Boston, Mass.
C—Newport, R. I.
D—New London, Conn.
E—1st New York, N. Y.

F—2nd New York, N. Y.
G—3rd New York, N. Y.
H—Philadelphia, Pa.
I—Wilmington, Del.

SOUTH ATLANTIC.

J—Baltimore, Md.
K—Washington, D. C.
L—Norfolk, Va.

M—Wilmington, N. C.
N—Charleston, S. C.
O—Savannah, Ga.

GULF COAST.

P—Jacksonville, Fla.
Q—Montgomery, Ala.
R—Mobile, Ala.

S—New Orleans, La.
T—Dallas, Tex.
U—Galveston, Tex.

MISSISSIPPI SYSTEM—LOWER.

V—4th District, Mississippi River Commission, New Orleans, La.
W—3rd District, Mississippi River Commission, Vicksburg, Miss.

X—Vicksburg, Miss.
Y—Little Rock, Ark.
Z—1st and 2nd districts, Mississippi River Commission, Memphis, Tenn.

MISSISSIPPI SYSTEM—OHIO RIVER BRANCH.

AA—Chattanooga and Nashville, Tenn. **DD**—2nd Cincinnati, Ohio.
BB—Louisville, Ky. **EE**—Wheeling, W. Va.
CC—1st Cincinnati, Ohio (Ohio River). **FF**—Pittsburgh, Pa.

MISSISSIPPI SYSTEM—MISSOURI RIVER BRANCH.

GG—Kansas City, Mo. (Missouri River, etc.).

MISSISSIPPI SYSTEM—UPPER.

HH—Mississippi River.¹ **JJ**—Rock Island, Ill.
II—St. Louis, Mo. **KK**—St. Paul, Minn.

THE LAKES.

LL—Duluth, Minn. **PP**—Detroit, Mich.
MM—Milwaukee, Wis. **QQ**—Cleveland, Ohio.
NN—Chicago, Ill. **RR**—Buffalo, N. Y.
OO—Grand Rapids, Mich.

SS—Los Angeles, Cal. **VV**—1st Portland, Oreg.
TT—1st San Francisco, Cal. **WW**—2nd Portland, Oreg.
UU—3rd San Francisco, Cal.² **XX**—Seattle, Wash.

INSULAR.

YY—Includes works in Porto Rico, Hawaii, and the Philippines.

3. NUMBERING OF THE WATERWAYS.

The waterways in each group are listed in a sequence determined by beginning the list where the list of the preceding group ends. The first waterway or harbor in each group is called No. 1 of that group—of Group A, or B, or C, etc.

The listing is done on the line of travel which follows the coast of a harbor, bay, or river. The list proceeds up each river to the first tributary on the left bank, then up this tributary in like manner, down the right bank to the mouth again, then up the main river to the next tributary, and so on, returning by the right bank of the main stream to the mouth of the river. Each waterway or harbor takes its number accordingly as it is placed in this listing.

A number is placed also after each waterway name. This is the number of the stream to which that waterway is tributary. For example, in the following,

H 1 Atlantic Ocean.
H 2 Delaware River (1).
H 3 Delaware and Chesapeake Canal (2).

H represents the group or district; the figures after the letter the number of the waterway named in that group. The final number after H 3 in the list shows that the Delaware and Chesapeake Canal connects with Delaware River. In some cases the title of an improvement differs from the title given a waterway in the district list. If the "list" number is "49," the abstract in a case like that mentioned would receive the number "49(a)," or 49(b)," and the same lettering plan is followed to indicate *parts*, and to indicate an *insertion*.

¹ Under this name all the data concerning the Mississippi River is placed, from mouth to headwaters.

² The 2d district embraces defensive matters.

4. EXPLANATION OF SUBHEADS USED IN PART I.

The data relating to each work are set forth, in the order of time, generally, under titles, the most important of which are as follows:

Appropriations.—The various amounts applied to the work as far as known.

Attention is drawn to the fact that each annual report made by an engineer in charge of a waterway improvement project provides a list of the appropriations made for the work. This list refers usually only to United States appropriations.

Commerce.—Under this heading reference is made to important commercial data. In later years tonnage is shown, and usually the value of it. An effort is made to do this so as to enable a comparison to be made of periods. Reports on examinations and surveys also refer to such statistics. Where there is a predominance of one special commodity it is named, as in the case of coal, grain, ore, etc. The commerce referred to in the reports is almost always water-borne commerce, but little reference being made to other than water traffic.

It should be pointed out that even where no commerce is reported as existing it may be that the improvement of the waterway is being made for future commerce very close at hand or for the purpose of helping to govern traffic rates on adjacent traffic routes.

Contracts.—The more important contracts are listed, the contractor, class of work, cost, and magnitude usually being shown.

Engineers.—The engineers in charge of a work are listed, with their terms of service, and a reference to their reports on the waterway. The ordinary reports of the fiscal year on waterways are of two kinds—(a) the summary of the report on a waterway known as the Chief of Engineers' report, and (b) the report of operations rendered by the engineer in direct charge. The former in late years gives an outline of the history of the improvement work.

Estimates.—This is a heading employed in the early issues of the index. It was for data which in later years are merged under the heading *Projects*.

Legal proceedings.—This refers to action taken through the customary legal channels for the acquirement of land, rights, etc.

Legislation.—Under this heading are grouped all references to legislation other than the direct authority of Congress for the work of improvement.

Maps.—The earlier reports contain many valuable maps of waterways. In later years most of these maps are printed in the bound volumes of the congressional documents relating to examinations, surveys, etc. They are all referred to under "Surveys."

Obstructions.—These references relate principally to bridges or to other things which are considered noteworthy physical obstructions to the waterway or its improvement.

Operations.—The matter under this head may be considered as supplementary to that under the head of "Projects," as it tells of the carrying forward from year to year of the details of the projects authorized. In other words, the matter under this heading is a condensed statement of the work carried on in each fiscal year ending June 30.

Physical characteristics.—Under this title are collected references to the physical characteristics of a waterway—its conformation, situation, connections, rainfall, etc.

The depths given are usually given from a level which Congress terms mean low water. The beginning or zero point of the depths given in the earlier reports may be found to vary, so that a close examination of the reports themselves will be needful for precise information on this point. For example, in the earlier reports "16 feet" may mean that depth at high water, or low water, or mean low or high water for a restricted period; in later years, "16 feet" would mean 16 feet below mean low water; and there may be occasions where "16 feet" would mean a channel permitting the passage of a craft drawing 16 feet—that is, a depth of 16 feet plus 1 or more feet allowance between the bottom of the craft and the bed of the waterway.

Details as to physical data are customarily found profusely in reports on examinations and surveys.

Plans.—It was the aim in previous indexes to collect under this head plans proposed by engineers for improving waterways, pending their selection and adoption by a higher authority. In later years such matter was included under "Projects," in view of the general difficulty in making the distinction between proposed and adopted plans.

Private work.—This refers to data pertaining to work on the waterway, or work closely connected thereto, not done by the United States.

Projects.—Under this title the various plans of improvement authorized or proposed are arranged sequentially by time. The attempt is to provide a clear and intelligible outline, so far as this can be done in a summary, of what has been proposed, or of what has been directed by Congress. Included in the matter are estimates of funds and time required.

Changes in conditions, with a consequent modification of plans, are recorded.

It should be borne in mind, in considering the data under this heading, that the adoption of an engineer's plan by Congress may mean a considerable modification of the method proposed or the results aimed at according to whether Congress makes provision for the carrying out of the plan, as proposed precisely by the engineer, or in any other way. This has reference to the frequent changes in estimates.

Surveys.—The matter under this title is meant to be a complete outline of all examinations and surveys made pertaining to the waterway.

A-1 ST. JOHNS RIVER, AT BIG RAPIDS, ME.

COMMERCE.

Flatboat navigation, 87, 472.

ENGINEERS.

Chief of Engineers. R., 87, 21.

In charge. Maj. J. A. Smith, 1886. R., 87, 471.

SURVEY.

Ex. au. act Aug. 5, 1886, made, 1886, by Maj. Smith (R. unfav.), 87, 471.

A-2 AROOSTOOK RIVER, ME.

COMMERCE.

Local, 74, ii, 327.

ENGINEERS.

Chief of Engineers. R., 73, 106; 74, 116; 79, 52; 80, 72.¹

In charge. Lt. Col. George Thom, 1872-79, 73, 106; 74, 116; 79, 52. R., 74, ii, 327.

Assistant. S. Haagensen, 74, ii, 327. R., 74, ii, 328.

PHYSICAL CHARACTERISTICS.

Description of, 74, ii, 327, 329.

Water stages, 74, ii, 328.

Navigation limited to a short period of the year by obstr. at l. w., 74, ii, 328.

OBSTRUCTION.

Obstructions, list of, 74, ii, 330, 331.

PLANS.

By Lt. Col. Thom, chan. 50'2" l. w., the international boundary to Masardis, 69 m., \$50,000, 74, ii, 327, 328, 329, 330.

SURVEYS.

By S. Haagensen, 1872, 73, 106; 74, 116, ii, 327, 328.

Ordered from international boundary to Masardis, 1878, 79, 52.

* Atlantic Ocean.

Total, 80,000

CANADIAN GOVERNMENT. (See *Surveys*.)

Appro. \$25,000 for this imp., 74, 104. Refused to expend any part of appro. without guarantee that no further deposit of slabs, edgings, and sawdust would be made in the R., 74, 104, ii, 294.

COMMERCE.

Benefit of imp. to C., 67, 504; 68, 856; 73, 1053.

Nine-tenths of the C. American and one-tenth Canadian. About 65,000,000¹ lumber, 55,000 t. coal, 40,000 bushels grain, etc., carried ann. 97, 806. 1909, 200,000 t., 10, 1084; 1911, 122,535 t., 12, 35, 1354.

Destruction by fire of certain mills responsible for decrease in amount of C., 12, 35, 1354.

CONTRACTS.

1881. A. Towers, rebuilding break'r cribs, 81, 457.

1912. Bay State Dredging Co. (Ltd.), dr. about 210,000 c. y., 32.25 c. y., s. m., and \$10 c. y. for boulders exceeding 2 c. y. each, 12, 1354.

ENCROACHMENTS.

Injury to R. from mill refuse, 87, 479, 480.

ENGINEERS.

Chief of Engineers. R., 67, 50; 68, 72; 69, 62; 70, 82; 71, 87; 72, 86; 73, 94; 74, 104; 75, 111; 76, 37; 77, 32; 78, 36; 79, 43; 81, 63; 82, 63; 87, 22; 89, 31; 90, 26; 91, 19; 92, 23; 93, 21; 94, 20; 95, 22; 97, 43; 01, 120; 10, 36, 59; 11, 35; 12, 34.

In charge:

Lt. Col. G. Thom., 1867-82. R., 67, 503; 68, 855; 69, 458; 70, 503; 71, 830; 72, 924; 73, 1051; 74, ii, 290; 75, ii, 382; 76, 151; 77, 153; 78, 189; 79, 245; (Col.) 81, 457.

Maj. J. A. Smith, 1888-92. R., 87, 477; (Lt. Col.) 90, 463; 91, 570.

Lt. Col. P. C. Hains, 1892-94. R., 92, 494; 93, 670; 94, 489.

Lt. Col. D. P. Heap, 1895. R., 95, 537.

Maj. R. L. Hoxie, 1897. R., 97, 805.

Maj. S. W. Roessler, 01, 120.

Lt. Col. G. A. Zinn, 1910. R., 10, 1084.

Lt. Col. W. E. Craighill, 1911-. R., 11, 1143; 12, 1353.

Assistants:

S. Haagensen, 76, 152.

F. S. Burrows. R., 90, 465.

W. F. Robinson. R., 97, 807.

Lt. T. H. Jackson, 01, 120.

Lt. C. W. Kutz, 01, 120.

ESTIMATE. (See *Plans and Projects*.)

By Lt. Col. Thom, removal of slabs, edgings, and sawdust from the chan., \$88,000, one-half to be paid by New Brunswick, 67, 505. Revised, \$99,000, 68, 856; 69, 458. Increased to \$150,000, 73, 1051; 77, 154.

MISCELLANEOUS.

Piers are under control of Lighthouse Establishment; badly in need of repairs, but can not be repaired without au. from Congress, 01, 120.

OPERATIONS.¹

Break'r built in 1856, 81, 457.

1881-82. Break'r c'g of 3 cribs rebuilt, 82, 486.

1911-12. 29,057 c. y. dr. (dr. sunk by collision on June 26, 1912), 12, 1353.

PHYSICAL CHARACTERISTICS.

Rise and fall of tides, 67, 503.

Description of, 90, 463; 97, 806.

R. forms part of international boundary between U. S. and Canada. Head of navigation is Calais, where the d. is little more than 3', 10, 36.

R. rises in a series of lakes in Maine, on or near the boundary, and flows soberly, for about 100 m. into Passamaquoddy B., 12, 34.

PLANS. (See *Estimates and Projects*.)

By Lt. Col. Thom, removal of slabs, edgings, and sawdust from the chan., 67, 503. To increase w. of chan., 76, 152.

By Col. Thom, 1875, dr. chan. 9' x 200' m. l. w. to Todds Ledge, and from thence to the toll bridge 100' w.; est., \$200,000, 75, ii, 382; 87, 480. Imp. not recom. until provision should be made for the proper disposal of mill waste, 87, 481.

PROJECTS. (See *Estimates and Plans*.)

In 1856, 3 crib piers filled with st. built upon the ledge; object to prevent vessels from drifting upon the ledge. Work nearly destroyed by freshets and ice in 1881; rebuilt; cost about \$4,000, 82, 63, 486.

By Lt. Col. Smith, 1889, chan. 12' x 200' m. l. w. narrowed to 150' and 100' in the upper part of the harbor, to be secured by dr. and 600 l. f. of jetty constr.; est., \$280,000, 90, 466, 467; 92, 494.

Maj. Hoxie est., 1897, \$200,000 to imp. R., 97, 806.

Act June 25, 1910, au. chan. 9' x 100' m. l. w., upper ss. wharf at Calais, to the public landing at St. Stephen, thence 150' w. to lower ss. wharf at Calais, thence 12' x 200' to Hills Pt.; est., \$234,000,¹ 10, 36.

SURVEYS.

Ex. by Lt. Col. Thom, 1867, from the ledge to head of navigation at Calais, 67, 503.

By Lt. Col. Thom, 1873, 74, ii, 290.

From Calais to break'r ledge au. act August 5, 1886, made by Maj. Smith, 87, 477.

Au. act Aug. 11, 1888, made, 1889, by Lt. Col. Smith, 90, 464.

Sur. au. act June 3, 1896. Ex. made, 1896, by Lt. Col. Darnell showed that sur. was unnecessary (R. fav. if the throwing of mill waste into the R. be suppressed), 97, 805.

Pre. ex. and sur. au. act Mar. 3, 1909, of St. Croix R., at and near Calais, Me. R. by Lt. Col. Zinn, 1909 and 1910; est., \$234,000; providing dumping of sawdust and other waste be permanently stopped, and that Canadian Govt. cooperate to extent of 20% of total cost,¹ 10, 59.

1905-06. Motor launch constr. for district inspection purposes, 06, 19.
1906-07. Proj. completed. 07, 877.
No further a. r. to be made, 12, 36.

PHYSICAL CHARACTERISTICS.

Description, 79, 279-281.
Tidal observations, 79, 279, 281.
Relation of chan. to surrounding points, 88, 374.
Chan. lies between e. extremity of Me. and Campbell Isld., Canada. Orig., about 1 t. (5') vessels unable to use chan. and were obliged to route 10 m. longer through Canadian waters to reach various U. S. ports; chan. 3 ± m. l. Dense fogs and strong tides; widening chan. saves stranding-collision, 12, 36.

¹ Survey.—**R.**, Sept. 20, 1837; est., \$26,000. (H. D. 482, 55th, 2d.)

² See St. Croix River, Me.

PLANS.

By Lt. Col. Smith, 1891, w. existing chan. to 650' at m. l. w.; est., \$231,000, **91**, 618.

PROJECTS.

By Lt. Col. Thom, 1879, imp. bars between the Narrows and Western Bar Beacon, 2½ m., by w. the chan. to 200' and d. to 12'; est., \$48,000, **79**, 44, 246, 280, 282.

Revised, 1880, \$130,000, **80**, 326. Amended, 1881 and 1882, to \$154,000, **81**, 460; **82**, 487.

In 1883 Col. Blunt proposed chan. 15' x 275'; est., \$113,000, **83**, 409; **85**, 463.

In 1884 the aggregate of app. was \$139,000, when the est. to complete was amended to \$167,500, **86**, 529.

Amount est. for completion in 1888, \$2,500, **88**, 375.

Proj. completed in 1891; cost, \$168,929, **92**, 496.
By Lt. Col. Smith, 1891 (adopted 1895), dr. chan. 12' x 500' m. l. w.; est., 1895, \$150,000, **96**, 540.

1900-01. 9,393 t. st. placed on break'r, 01, 991.

1907-08. 24,280 t. st. placed on break'r, 08, 922.

1910-11. 21,568 t. st. placed in break'r, 11, 1145.

1911-12. 3,591 t. st. placed in break'r, completing contract, 12, 1355.

PHYSICAL CHARACTERISTICS.

Description, 87, 481; 11, 38.

PROJECTS.

By Lt. Col. Smith, constr. of riprap break'r, with concrete superstr., from Round Porcupine Island to Porcupine Dry Island, thence to within 400' of the shore line, a total distance of 3,425'; est., \$500,000, 87, 484. Revised, 1889, to \$800,000, 89, 510. Increased, 1891, to \$806,000, 91, 577.

Proj. amended, 1893, to provide for constr. of the break'r for only 600' from Mt. Desert Island, with slopes of 1 on 1, 20' w. on top, reducing the est. to about \$420,200, 93, 677.

At 1912 about 62 % of proj. done; 12, 37.

SURVEYS.

LEGISLATION.

Act of the legislature of Me. for protection of rivers from further injury by deposit of edgings and sawdust, 67, 502.
Maj. Hoxie recom., 1897, further legislation to prevent the deposit of refuse in the rivers in his district, 98, 840.

OPERATIONS.

1870-71. 40,000 c. y. dr., chan. 100' w., 24 boulders and 150 t. of ledge removed, 71, 839.
1871-72. 30,000 c. y. dr., chan. 150' w., 820 t. of ledge and boulders removed, 72, 928; 73, 1058.
1872-73. Wrought-iron spindle erected, 73, 96, 1058.

1897-99. About 36,000 c. y. dr., 98, 819; 99, 1024.

1899-1900. 10,938 c. y. dr., 00, 1082.
1900-01. About 115,170 c. y. mud, sawdust, slabs, and rock dr., 01, 993.

1901-02. 26,755 c. y., s. m., mud dr., 108,574 c. y., s. m., mill waste removed, 6,975 c. y., s. m., hardpan, 63 c. y., p. m., boulders, 5,420 c. y., p. m., overlying boulders and ledge rock removed, 02, 831-32.

1902-03. 210,175 c. y. dr. near Ellsworth, 75,360 c. y. at mouth of R., and 7,563c. y. ledge rock and boulders from narrows, 03, 715.

1909-10. 18,575 c. y. removed from mouth of R. and 17,650 c. y. at Ellsworth, 10, 1086.

1910-11. 4,910 c. y. dr. at Ellsworth and 9 boulders removed from chan., 11, 1147.

1911-12. 350 c. y. boulders and 50 c. y. ledge rock removed, 12, 1357.

PHYSICAL CHARACTERISTICS.

Presence of boulders, 67, 501.

De. of, 90, 458.

Large quantities of sawdust, slabs and mill refuse are carried downstream an. by freshets and deposited in the chan., 01, 994.

PLANS. (See Projects.)

By Lt. Col. Smith, 1890, excavation of chan. 6' x 100'-150', m. l. w., Lords Wharf to Ellsworth; also contraction of the R. at its mouth by rubble-st. j. and training wall with a combined l. of 6,700', running from the we. shore across Hortons Rocks, thence parallel to and about 800' from ea. shore; est., \$225,000, 90, 462, 463.

PROJECT. (See Plans.)

By Lt. Col. Thom, drg. and rock excavation, to give 4½ m. l. w.; est., \$40,000, 67, 502; 69, 63.

By Maj. Roessler, drg. and rock excavation, to obtain a 6' chan., m. l. w., 100'-200' wi. from R. mouth to wharves at Ellsworth; est., by continuous contract, \$129,800, 99, 1027. (See App.)

Lt. Col. Zinn est. that to restore the chan. to proj. d. and w. would require removal of 60,000 c. y. material; cost, \$15,950, 08, 925. Au. by act Mar. 3, 1909, 09, 34.

SURVEYS.

By Lt. Col. Thom, 1867, an ex. from mouth to Ellsworth, head of navigation, 67, 501.

Au. act Aug. 11, 1888, made, 1890, by Lt. Col. Smith, 90, 461.

Sur. and ex. au. act June 3, 1896; ex. made, 1897, by Lt. Col. Damrell (no imp. to be recom. unless laws were made to prevent deposit of mill waste; app. made by Congress), 97, 800.

Maj. Hoxie reported, 1898, that he agreed with Lt. Col. Damrell that a sur. was unnecessary, 98, 841.

Sur. by Maj. Roessler, 1899 (see Projects), 99, 1028.

To determine condition of dr. chan., 08, 924.

Cong. docs., etc., relating to ex., surs., plans, etc., 12, 40.

DOCUMENT. (Not published in reports.)

H. Doc. 91, 39th Cong., 2d sess., on sur. and imp. of the Penobscot R., 67, 17.

ENGINEERS.

Chief of Engineers. R., 66, ii, 41, iii, 28; 67, 17, 50; 68, 72; 69, 63; 70, 81; 71, 89; 72, 87; 73, 96, 106; 74, 106, 116; 75, 113; 76, 39; 77, 33; 78, 37; 79, 44; 84, 73; 85, 55; 86, 55; 87, 16; 88, 13, 22; 89, 22; 90, 17; 91, 23, 33; 92, 27, 39; 93, 25; 94, 24; 95, 26; 96, 28; 97, 30, 43, 44; 98, 41; 99, 49; 62; 00, 52, 63; 01, 126; 02, 68; 03, 43; 04, 25, 05, 26; 06, 24, 41; 07, 26; 08, 31; 09, 35; 10, 43; 11, 42; 12, 42.

Boards. Convened Jan., 1889, New York City, to ex. and report upon Lt. Col. Smith's proj. for the imp. of the Penobscot R. between Bucksport and Winterport, Me.; letter, 89, 517. R., 89, 520. (Cols. Abbot and Comstock, and Lt. Cols. Houston and Gillespie.) R., 89, 517, 520.

In charge:

Maj. B. S. Alexander, 1866; 66, ii, 41.
Lt. Col. G. Thom, 1867-79. R., 68, 558; 70, 502 506; 71, 840; 72, 928; 73, 1058; 74, ii, 299, 331; 75, ii, 387; 76, 154; 77, 156; 78, 190; 79, 247.
Col. C. E. Blunt, 1884-86. R., 84, 475, 476; 85, 464.

Maj. J. A. Smith, 1886-92. R., 86, 530; 87, 442; (Lt. Col.) 88, 379, 425, 427; 89, 512, 513, 516, 518, 519; 90, 434; 91, 579; 92, 534.

Lt. Col. P. C. Hains, 1892-94. R., 92, 504; 93, 682; 94, 499.

Lt. Col. D. P. Heap, 1895. R., 95, 548.

Lt. Col. A. N. Damrell, 1896. R., 96, 550.

Maj. R. L. Hoxie, 1897-98. R., 97, 779, 801, 811; 98, 822.

Maj. S. W. Roessler, 1899-1904. R., 99, 1032; 00, 1086, 1101, 1107, 1108; 01, 997; 02, 834; 03, 717; 04, 783.

Lt. Col. W. M. Black, 1905-06. R., 05, 786; 06, 855.

Maj. G. A. Zinn, 1907-10. R., 07, 883; (Lt. Col.) 08, 927; 09, 970; 10, 1088.

Lt. Col. W. E. Craighall, 1911-. R., 11, 1148; 12, 1358.

Assistants:

J. A. Sullivan. R., 68, 858.

Capt. W. S. Stanton. R., 74, ii, 332.

A. C. Both, 76, 155. R., 88, 428; 89, 515; 92, 539.

F. S. Burrows. R., 00, 1103.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Thom, dr. and rock excavation to give chan. 18' in d., \$665,000, 68, 860; 69, 63; 70, 82, 502.

By Capt. Stanton, blasting bowlders, \$20,000, 74, ii, 335. For general imp., \$240,000, 74, ii, 332, 342.

¹ Whitehead to Bangor: Sur.—R. Mar. 1, 1830; est. \$410. (H. D. 482, 55th, 2d.)

OPERATIONS.

1870-71. About 20,000 c. y. dr. at Bangor; 400 t. rock excavated at Steamboat Wharf Ledge, and 80 t. at Independence Rock, 71, 89, 842.

1871-72. 600 t. rock excavated at Steamboat Wharf Ledge; 800 t. at Independence Rock; 115 t. at Green's Pier Ledge, and 80 t. at Gulliver's Rock, 72, 83, 929.

1873-74. 150 c. y. rock excavated at Steamboat Wharf Ledge, 74, ii, 300.

1874-75. 25,150 c. y. dr. at Bangor; 106 c. y. rock excavated at Independence Rock, and 194 c. y. at ledge off Dole's Wharf, 75, ii, 388.

1875-76. 8,222 c. y. dr. at Bangor and 61,910 c. y. at Bucksport; 342 c. y. rock excavated at Green's Pier Ledge, 76, 39, 155, 156.

1876-77. 33,468 c. y. dr. at Bangor and 120 c. y. rock excavated at Green's Pier Ledge, 77, 157.

1877-78. 18,224 c. y. dr. at Bangor and 11,024 c. y. at Bucksport; 70 c. y. rock excavated at other ledges, 78, 191, 192, 193.

1878-79. 2,633 c. y. dr. at Bangor and 16,400 c. y. at Bucksport; 145.4 c. y. rock excavated at other ledges, 79, 249.

1885-86. 40,000 c. y. dr. from chan. in Bangor H., 86, 531.

1887-88. 14,102 c. y. dr. and 9½ c. y. st. removed from chan. at Bangor H., 88, 380.

1888-89. 37,822 c. y. dr. and 2¼ c. y. bowlders removed from Bangor H. chan., 89, 512.

1889-90. Bangor H. chan. completed as projected; 137,343 c. y. dr. from Penobscot R. between Bangor and Bucksport narrows, 90, 433.

1890-91. 65,460 c. y. dr. above Crosby's Narrows and at Frankfort Flats, 91, 580.

1891-92. 12,000 c. y. dr. from river near Sterns Mills, 92, 506.

1892-93. About 52,000 c. y. dr., 93, 685.

1893-94. About 40,000 c. y. dr., 94, 502.

1894-95. About 87,000 c. y. dr., 95, 550.

1895-96. A rock obstr. navigation in Bangor H. removed at a cost of \$150, 96, 552.

1899-00. 1,986 c. y. dr. from Kenduskeag R.; a part of ledge in Bangor H. drilled and blasted, 00, 1087.

1900-01. 27,428 c. y. mud dr., and 15 c. y. ledge rock removed, 01, 998.

1901-02. Ledge rock in front of steamboat wharf removed, 02, 834.

1908-09. About 6,000 c. y. material, s. m., removed, 09, 970.

1909-10. About 4,000 c. y. material removed, 10, 1088.

1910-11. Dr. for w. of chan. at Bangor continued; about 50% completed, 11, 1148.

1911-12. W. chan. at Bangor about 82% completed, 12, 1358.

PHYSICAL CHARACTERISTICS.

General, 74, ii, 333.
Presence of sunken rocks, 68, 72, 864, et seq.
Bars and formation, 68, 866.
Soundings, and character of R. bed, 68, 865; 74, ii, 333.

Tides, 73, 1059; 78, 191.
Current observations and borings, 88, 429, 430; 89, 515, 516.

Shoal formation at High Head, 97, 779.

De. of Kenduskeag R., 97, 812, 813; 00, 1109.

De. of Penobscot R., Me., at and near Bucksport Narrows, 00, 1103.

De. of Bucksport H., Me., 00, 1105, 1106.

Ice gorge, 1902, caused water in Bangor H. to reach highest known level since 1856, flooding R. R. station and tracks of Maine Central R. R., wharves, business streets, and basements adjacent to basin of the Kenduskeag stream; height of flood, about 25' above m. l. w., or 12' above m. h. w., 02, 69.

Large bowlders impair navigation of the Kenduskeag stream, 03, 717.

R. drains large number of lakes and small streams; flows 100 m. s. through middle of Me. to Penobscot B., 12, 42.

PLANS. (See Estimates and Projects.)

By Lt. Col. Thom, dr. and rock excavation to give a chan. 150' w. and 18' d., 68, 860.

By Capt. Stanton, cutting a chan. through the obstr. in the R., 74, ii, 341. For blasting of bowlders from the chan., 74, ii, 335.

PRIVATE AND CORPORATE WORK.

Partial removal of rock by S. S. company, 68, 865.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Thom, dr. and rock excavation to give chan. 12' x 150'; est., \$125,000, subsequently increased to \$155,000, 68, 860; 70, 82, 502; 71, 841. For dr. through gravel bar to give 12' x 200'; est., \$70,000, 74, ii, 301; modified to give a d. of 11' x 76, 155. For dr. through Middle Ground Shoal, near Bucksport, to give d. of 12'; est., \$10,000, 75, ii, 389. Dr. and rock excavation in front of "High-head" wharves; est., \$12,000, 78, 194.

Proj. of 1884 proposed, by dr. to w. the chan. opposite Bangor to 300', with a l.-w. d. of 11'; also to w., straighten, and d. the chan. near Crosby's Narrows; est., \$75,000, 84, 477; 86, 531.

By Lt. Col. Smith, 1888, imp. between Bangor and Bucksport Narrows, contracting the cross-section of the R. at various points with st. jetties, to secure a chan. 22' x 800' m. l. w. through the shoals, the action of the jetties to be assisted by dr.; est., \$365,000, 88, 430, 431; 89, 516. Total est. of proj. for the imp. of Bangor H. and Penobscot R., \$440,000, 90, 433; 92, 504.

In 1891 Lt. Col. Smith proposed constr. of rubble-j. to assist in maintaining the chan. at Frankfort Flats; est., \$46,200, 91, 584.

By Lt. Col. Smith, 1891, w. the chan. at Bangor and dr. at ferry landings; constr. of 2 st. j. at Crosby's Narrows, and 3 j. between Bucksport and Winterville; est., \$202,000, 92, 538.

By Lt. Col. Damrell, d. part of Bangor H. to 11'; est., \$17,940.45, 97, 811.

By Lt. Col. Damrell, 1897, 90' w. chan., 2' d. at extreme l. t., in Kenduskeag, from its mouth up to Kenduskeag bridge; est., \$10,680.45, 97, 811.

Width of 90' w. chan. lessened, 1899, by Maj. Roessler, to within 30' only of the wharves, the d. reduced accordingly, 00, 1110.

By Maj. Roessler, 1899, dr. sawdust bar, Bucksport H., Me., to 16' d.; est., \$20,000, 00, 1107.

Adopted by act Mar. 2, 1907, for additional w. at Bangor, varying from 100' to 300' for l. of nearly 2,000', and d. of 14' m. l. w.; est., \$130,000, 07, 27; 12, 43.

SURVEYS.

By J. A. Sullivan, 1867. R., 68, 863.

Under direction of Lt. Col. Thom, by A. C. Both, 1872, 73, 1060; 76, 156.

By Capt. Stanton, 1873, from Oldtown to Medway. R., 74, ii, 332.

By A. C. Both, 1875, near Bucksport Narrows, 75, ii, 388; 76, 156.

Au. act Aug. 2, 1882, made by Col. Thom, 1883, 84, 476.

Ex. Bangor to Bucksport Narrows; au. act Aug. 5, 1886, 87, 22; made, 1888, by Lt. Col. Smith, 88, 427.

Sur. Penobscot R., made, 1891, by Lt. Col. Smith, 92, 535.

Sur. made, 1894, at Frankfort Flats, by Lt. Col. Hains, showed that no further work of imp. was needed there, and sur. made at High Head showed the chan. there to have d. of 22', but not proper w., 94, 501.

Sur. of Bangor H., au. act June 3, 1896, made by Lt. Col. Damrell, 1897 (R. fav.), 97, 811.

Ex. of the s. chan. of a branch of the Penobscot R., au. act June 3, 1896, for removal of an old wreck, made, 1897, by Lt. Col. Damrell (R. fav.), 97, 801.

Ex. of Penobscot R. at and near Bucksport Narrows, au. act Mar. 3, 1899, made, 1899, by Maj. Roessler, 00, 1102. (Good d.; item in the R.

¹ Extreme l. water.

and H. act calling for this ex. thought to be a mistake.)

Ex. and sur. of Bucksport H., Me., au. act Mar. 3, 1899, made, 1899, by Maj. Roessler (R. fav.), 1900, 1105, 1107.

Ex. of mouth of Kenduskeag R., with view to securing 2' chan. at extreme l. t. for entire w. of R., au. act Mar. 3, 1899, made, 1899, by Maj. Roessler (R. unfav.), 1900, 1109.

De. of, 79, 275, 276, 277; 93, 727.

Table of tides, 79, 276.

OPERATIONS.

1877-78. Portions of ledge off Lane's wharf removed, 78, 194.

1878-79. Dr. of shoal to 10' m. l. w., 79, 251.

1879-80. Removal of shoal in front of wharves with hired dr. and plant, 80, 330. Completion of proj. of 1877; cost, \$22,000, 80, 65, 331.

1885-86. Wreck of schooner Waldemar removed, 86, 536.

1892-93. About 28,000 c. y. dr., 93, 688.

1893-94. About 12,000 c. y. dr. 94, 504.

1894-95. Chan. at entrance dr. to full w., and part of the H. dr., 95, 552.

1895-96. In connection with work of previous year, about 50,000 c. y. dr., 96, 554.

1896-97. Proj. completed, 97, 781.

PHYSICAL CHARACTERISTICS.

General, 76, 190. Tides, 76, 190. Obstr.: Shoal and a sunken ledge, 76, 190, 192.

PLANS.

By A. C. Both, break'r between McGilvery's shipyard and Pattersons Pt., in 2 sections, one running from each place, toward each other, 1,500' and 900' l., leaving an opening of 800' between the outer ends; ps. to be 10' w. on top and 14' above m. l. w., 76, 190, 192.

By Col. Thom, 1880, j. from n. shore of H., to direct tidal currents; est. \$18,000, 80, 331.

PROJECTS.

Orig. proj. was by Col. Thom, 1877, for dg., by dr. to 10' and 12', the area between the wharves and d. w. in the R., 76, 190. Completed in 1880; cost, \$22,000, 80, 65, 331.

Lt. Col. Smith, 1888, proposed to increase the d. on the n. side of the H. to 8' by the removal of 52,000 c. y. of material, est. \$12,850, 88, 382. After an ex. and sur. in 1889, Lt. Col. Smith submitted a proj. for dr. a part of the main chan. to give 15' and a least w. of 220', and d. portions of the e. and w. sides to 8' and 13', respectively, m. l. w.; est., \$52,000, 90, 18, 435, 456; 91, 586; 92, 508.

SURVEYS.

By A. C. Both, 1875. R., 76, 191.

Au. act Aug. 11, 1888, made, 1889, by Lt. Col. Smith (see Projects), 90, 435, 455.

 1897, 350,000, 97, 783.
 1898, 300,000, 98, 824.

Total, 925,500

COMMERCE.

Commerce of Rockland Port, 80, 332.
 About 8,000 vessels of all kinds used the h. during 1894, 96, 583.
 Benefits resulting from imp. are considerable, 03, 43.
 Break'r affords a safe and extensive anchorage and h. of refuge, 03, 43.
 In 1911, 605,150 t., valued at \$14,151,750, 12, 48.
 Reduction in rates, through economies made possible by use of deeper draft vessels, 12, 43.

CONTRACTS.

1881. Bodwell Granite Co., granite quarry grout, 74½ t., 81, 465.
 1882. J. F. Hamilton, granite quarry grout, \$1.17 t., 83, 414.
 1884. T. A. Rowe, st., 88½ t., 85, 469.
 1887. J. A. Hamilton and R. Soule, riprap granite, 67½ t., 87, 448.
 1889. J. F. Hamilton, furnishing and placing st. upon break'r, 93½ s. t., 89, 526.
 1890. W. S. White, furnishing st. 73½ t., and taking up and relaying break'r st., 93½ t., 91, 590.
 1892. W. S. White, st., 73½ t. (\$25,550), 93, 692.
 1895. J. F. Curitt, st., 56½ t. (\$19,600), 95, 556.
 1897. C. H. Souther, st., 59.3½ t. (\$207,550), 97, 784.
 1898. Dunbar & Sullivan, ledge excavation, \$6.75 and \$6.25 c. y., p. m. (\$194,200), Moore & Wright, dr., 14½ c. y., p. m., and \$5 t. for bowlder removal, 98, 825. Price of part of the dr. increased to 17½ c. y. (\$65,980.04), 1900, 1039.
 1899. C. W. Johnston, wreck removal, \$565, 99, 1036.
 1900. R. V. Perini, st., \$1.49 per t. (\$52,150), 1900, 1091.
 1901. E. S. Belden, st. in place on outer slope of break'r, 87½ t., 02, 838.
 1904. E. S. Belden & Sons, st., \$1.07 t., 05, 788.

PROJECT.

By Lt. Col. Smith, 1888, increasing the d. to 12' at the upper end by dr.; est., \$14,000, 88, 410; 92, 510.
 Act June 25, 1910, au. removal of ledge about midway of entrance to h., to 15' below l. of m. l. t.; est., \$32,000, 10, 45, 46.

SURVEY.

Ex. au. act Aug. 5, 1886, 87, 22; 88, 407; made by Col. Smith (see above).
 Pre. ex. au. act Mar. 2, 1907, with view to removing the beacon and ledge rock. **R.**, Maj. Zinn, 1907 and 1908; est., \$32,000, 108, 44.

PHYSICAL CHARACTERISTICS.

De. of, 95, 578.

SURVEYS.

Ex. au. act Aug. 17, 1894; made by Lt. Col. Hains, 1894 (**R.** unfav.), 95, 587.

ENGINEERS.

Chief of Engineers. **R.**, 80, 65; 81, 65; 475; 82, 65; 83, 60; 84, 69; 85, 57; 86, 56; 87, 17; 88, 15; 89, 24; 90, 20; 91, 25; 92, 29; 93, 27, 37; 94, 27; 95, 29; 96, 31, 41; 97, 33; 98, 42; 99, 51; 00, 54; 01, 128; 02, 71; 03, 47; 04, 28; 05, 29; 06, 27; 07, 29; 08, 32; 09, 36; 10, 46; 11, 46; 12, 46.
 Boards. Convened at New York Sept. 10, 1880, to report upon proj. of Col. Thom for imp. of Rockland H. B., 81, 468. (Cols. Tower and Newton.)
 In charge:
 Col. G. Thom, 1880-83. **R.**, 80, 331; 81, 464, 466, 467, 472; 82, 492.
 Col. C. E. Blunt, 1883-86. **R.**, 83, 413; 84, 464; 85, 467.

 Maj. S. W. Boessler, 1899-04. **R.**, 99, 1034; 00, 1089; 01, 1000; 02, 837; 03, 721; 04, 786.
 Lt. Col. W. M. Black, 1905-06. **R.**, 05, 788; 06, 857.
 Maj. Geo. A. Zinn, 1907-10. **R.**, 07, 885; (Lt. Col.) 08, 929; 09, 971; 10, 1091.
 Lt. Col. W. E. Craighill, 1911-. **R.**, 11, 1153; 12, 1362.

Assistant. A. C. Both. **R.**, 96, 582.

OPERATIONS.

1880-81. 13,006 t. granite placed in Jameson Pt. break'r, extending same 560', 81, 464.
 1881-82. 11,119 t. granite delivered on Jameson Pt. break'r, extending same 103', 82, 492.
 1882-83. 30,232 t. granite quarry grout delivered in Jameson Pt. break'r, extending same 326', 83, 414.
 1884-85. 25,813 t. st. placed in Jameson Pt. break'r, extending same 291', 85, 468.
 1885-86. 39,959 t. st. placed in Jameson Pt. break'r, extending same 473', 86, 537.
 1886-87. 10,869 t. st. placed in break'r, 87, 447.
 1887-88. 17,823 t. st. delivered upon break'r, 88, 384.
 1888-89. 13,599 t. st. delivered upon break'r, 89, 525.
 1889-90. 16,474 t. st. delivered upon break'r, 90, 438.
 1890-91. 2,762 t. st. delivered upon break'r, 91, 589.
 1891-92. 23,500 t. st. deposited in break'r, 92, 512.

1892-93. About 40,000 t. st. placed in break'r, 93, 692.
1893-94. About 15,000 t. placed in break'r, 94, 507.
1894-96. About 50,000 t. placed in break'r, 95, 555; 96, 557.
1896-97. 2,260 t. placed in break'r, 97, 783.
1897-98. About 70,000 t. placed in break'r, 98, 824.
1898-99. 240,682 t. placed in break'r; 188,271 c. y. dr., 99, 1035.
1899-00. 100,455 t. placed on break'r, and 524 t. placed to raise it; 134,569 c. y. dr. and 14,602 c. y. rock removed, 00, 1089, 1090.
1900-01. 26,131 t. st. placed in break'r, 5 st. beacons removed, 165,087 c. y., p. m., dr., and removal of Jameson Pt. ledge continued, 01, 1000-01.
1901-02. 3,620 c. y., p. m., ledge rock removed, 842 c. y., s. m., hardpan dr., and 32,656 t. st. placed on outer slope of breakw'r, breakw'r completed, 02, 837.
1904-05. 19,716 t. st. placed on sea slope of breakw'r, 05, 788.

PHYSICAL CHARACTERISTICS.

De. of, 96, 583.
 Winter of 1903-04 extremely cold, heavy ice formed; breakw'r damaged by having st. displaced, 04, 786.
 H. on w. side of Penobscot B. near mouth; area, 1,180 acres; 12, 46.

PROJECTS.

By Col. Thom, 1880, modified by B. E., 2 breakw'rs to a height of 5' above m. l. w., with a w. on top of 10', one extending from Jameson Pt. 1,900'

se. and the other extending from South Ledge 2,640' toward Jameson Pt.; est., \$550,000, 81, 471, 473; 82, 492; 86, 536.

Revised in 1887 to bring top of breakw'rs to plane of h. w.; est., \$650,000, 87, 447.

Modified in 1890 to increase top w. of the Jameson Pt. Breakw'r to 20', 90, 20, 438.

In 1890 Lt. Col. Smith, modification, omitting the inner breakw'r at South Ledge and extending the breakw'r from Jameson Pt. 2,280' on a continuation of its alignment involving the deposition of 490,000 t. of st.; est., \$1,480,000, 90, 440. Approved by B. E., 90, 441. (Cols. Abbot and Comstock and Lt. Col. Gillespie.)

Proj. revised by Congress to include removal of South Ledge and Jameson Pt. ledge to 22 and 14', m. l. w., resp., and for dr. at Crockets Pt. to from 4' to 13', m. l. w., est. \$402,000; making the entire cost of the whole proj. \$1,036,000, which also includes the cost of removing an old hulk, 96, 557.

For raising breakw'r top 4', 1881, with modifications, app'r., 1900, 00, 1089

By Maj. Roessler, 1899, for 4', m. l. t., u. of Crockets Pt., 00, 1089.

By Maj. Roessler, to strengthen the breakw'r by placing about 23,000 t. on outer slope, 01, 1000.

SURVEYS.

Ex. au. act July 13, 1892, made by Lt. Col. Hains, 1892 (R. fav.), 93, 729.

Sur. au. act Aug. 17, 1894, made by Lt. Col. Damrell, 1895 (R. fav. to limited imp.), 96, 581.

Pre. ex. au. act Feb. 27, 1911, at or near Atlantic Pt. R. by Lt. Col. Craighill, Sept. 30, 1911¹ (unfav.), 12, 66.

Cong. docs., etc., relating to ex., surs., plans, etc., 12, 47.

EAST BOOTHBAY HARBOR, ME.

APPROPRIATIONS.

1910, \$6,500, 10, 1092.

COMMERCE.

Imp't permits more regular and satisfactory service to localities dependent upon water transportation, 11, 48.

Traffic, 1910, 7,855 t., 11, 48.

CONTRACTS.

1910. John H. Gerrish, dr., 23.9¢ c. y., and \$15 c. y. for removal of bowlders, 11, 1154.

ENGINEERS.

Chief of Engineers. R., 08, 44; 10, 47, 58; 11, 48; 12, 48.

In charge.

Lt. Col. Geo. A. Zinn, 1908-10. 08, 26. R., 10, 1092.

Lt. Col. W. E. Craighill, 1911-12. R., 11, 1154; 12, 1363.

OPERATIONS.

1910-11. 13,348 c. y. dr., completing proj., 11, 1154.

PROJECT.

Act June 25, 1910, adopted proj. for dr. to increase d. to 8', at m. l. w.; est., \$6,500,⁴ 10, 47, 48.

SURVEYS.

Pre. and sur. au. act Mar. 2, 1907, for 8' d.; Rs. Maj. Zinn, 1907, and Feb., 1908 (unfav.),⁴ 08, 44.

Pre. ex. and sur. au. act Mar. 3, 1909; Rs. Lt. Col. Zinn, Apr. 27 and Oct. 15, 1909; extension of proj. would require dr. area 8' x 160' x 180', m. l. w.; est., \$2,500,⁵ 10, 58.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Thom, dr. through Shepards Pt. Shoal, \$10,214.32, 67, 494. Increased at, \$17,503.50, 67, 494. Dr. chan. through all the shoals, \$50,000, 67, 490. To excavate a chan. through Hinkleys and Browns Isld. Shoals, \$3,000, 67, 489. Modified est. for completion of work from Gardiner to Augusta, \$80,000, 68, 852, 857.

By Lt. Col. Thom, Richmond to Gardiner, \$12,976.30, 71, 844. Removal of 2 ledges of r. below Richmond, \$13,500, 72, 932. Removal of Half-tide Rock and Ledge No. 2, etc., \$30,603.60, 73, 1064. Removal of ledges 3, 4, and 5, and Dry Rock, \$40,500, 74, ii, 303.

OPERATIONS.

1867. 63,526 c. y. dr., 68, 852.
1869-70. 30 bowlders removed and 22,039 c. y. dr., 69, 455; 50 bowlders removed and 39,633 c. y. dr., 70, 500.
1870-71. 50 bowlders removed and 12,510 c. y. dr., 70, 506; 71, 842; 72, 88, 931.
1871-72. 50 bowlders removed; Nehumkeg Rock removed and 28,466 c. y. dr., 72, 931.
1872-73. 7,795 c. y. dr., 73, 1064.
1873-74. Removal of Half-tide Rock, 74, ii, 303.
1874-75. Removal of 3 ledges r., 75, ii, 392.
1875-76. 325 c. y. r. removed; work unsatisfactory, 76, 40, 158.
1876-77. 905 c. y. r. removed, 77, 35, 162.
1877-78. 545 c. y. r. removed, 78, 38.
1888-89. 4,542 t. st. and 359 fascines delivered, 89, 528.

1889-90. 41,038 t. st. and 8,541 fascines placed in the work, 90, 442.

1890-91. 39,484 t. st. and 4,351 fascines placed in the work; 64,696 c. y. dr.; removal of old br. prs. begun, 91, 591, 592, 593.

1891-92. 30,000 c. y. sand dr., 92, 513.

1892-93. About 12,000 t. st. placed in j. at Upper Sands Bar and about 9,000 t. st. placed in j. at Beef Rock Shoal; dr. in progress, 93, 696.

1893-94. About 90,000 c. y. dr. and 6,044 t. placed in j. at Beef Rock Shoal; over 600 c. y. ledge r. removed at Lovejoy Narrows, 94, 511.

1894-95. Ledge removal and dr. in progress, 95, 559.

1895-96. About 128,000 c. y. dr. and about 3,000 c. y. r. excavated; j. at Beef Rock Shoal repaired with 2,660 t. st., 96, 563.

1896-97. In connection with preceding years, 133,715 c. y. dr. About 1,383 c. y. r. excavated at Lovejoy Narrows, 97, 787.

1897-98. Dr. in progress at Gages Shoal, 98, 828.

1898-99. 37,409 c. y. dr.; 139 t. bowlders removed from Gages Shoal. Proj. practically completed, 99, 1039.

1901-02. Dr. of shoals, caused by spring freshets, in progress, 02, 841.

1902-03. Removal of shoals completed, 03, 724.

1905-06. 3,000 c. y. s. m., dr., 06, 860.

1906-07. 52,000 c. y. dr., 07, 888.

1907-08. 104,329 c. y. dr., and 11,278 t. st. placed in j., 08, 931.

1908-09. 212,129 c. y. s. m., dr., 21,722 t. st. placed in 2 js., masonry beacon built on end of each j., and drilling and blasting r. at Lovejoys Narrows, 09, 972.

1909-10. 192,608 c. y. dr., one 7 t. bowlder and 982 c. y. r. removed, and 1,936 c. y. material placed in j. at Upper Sands Bar, 10, 1093.

1910-11. Dr. completed, 49,895 c. y. removed at 4½ ft. and 58 c. y. at 90c; also 61 t. of bowlders at \$8.00; 2,031.1 c. y. p. m., r. excavated at Lovejoys Narrows, completing contract; material placed on js. at Beef Rock and Upper Sands, 11, 1156.

1911-12. 250 c. y. r. removed near South Gardiner, at \$20.50 c. y., p. m., and a few bowlders taken out at other points, 12, 1365.

PHYSICAL CHARACTERISTICS.

High and low water, 67, 493.
Bed of R. composed of sand and gravel, 67, 493.
Rapid rise of R., 70, 501.
De. of, 00, 1125, 1129; 10, 49; 12, 53.
Spring freshet of 1902 higher than usual; caused much shoaling, 02, 75.
Range of tides, etc., 12, 53.
R. drains many lakes and streams, and from Moosehead L., in w. central Me., flows 150 m. in a s. direction, discharging into Atlantic 25 m. e. of Portland. Augusta is head of navigation, 44 m. from mouth; Swan Isld. is 20 m. from mouth. Proj. portion between Augusta and Swan Isld., 12, 52. Above Augusta stream devoted to water power and lumbering, 12, 53.

PLANS. (See Projects.)

By Col. Long, 1837, dr. chan. through Shepards Pt. Shoal, 67, 494.

By Lt. Col. Hains, 1892, 5' navigation, SS. landing at Augusta to Waterville; cost \$45,800; also for l. lock at Augusta; cost \$25,000; total est., \$70,800, 92, 547.

PRIVATE (CITY) WORK.

Dr. by Augusta, 1847, 67, 494.

PROJECTS. (See Plans.)

By Maj. Alexander, dr. new chan. through Shepards Pt. Shoal, 67, 493.

By Lt. Col. Thom, new chan. 7-8' x 75' through all shoals; est., \$50,000, 67, 490. App. by Chief of Engineers, 68, 855. To increase w. of chan. to 100'; est., \$80,000, 68, 852, 857.

By Lt. Col. Thom, 1871, for: 1st, removal of Nehumkeg Rock; 2d, removal of a ledge and bowlders below Gardiner; 3d, dr. Upper Sands Bar; 4th, dr.

through Swan Isld.; 5th, removing ledge from chan. near Richmond; est., \$12,976, **71**, 843; **72**, 931.

By Lt. Col. Thom, removal of 2 ledges of r. below Richmond; est., \$13,500, **72**, 932. Removal of Half-tide Rock, ledge No. 2, and sunken ledge; est., \$30,603, **73**, 1064. Removal of ledges 3, 4, and 5 and Dry Rock; est., \$40,500, **74**, ii, 303; **76**, 158.

By Lt. Col. Thom, 1870 and 1878, chan. not less than 90' w., and from 11' to 12' d. m. l. w., by removal of r., **70**, 81; **78**, 197; **79**, 253; **82**, 67; completed in 1883; expend., \$45,500, **83**, 62.

By Lt. Col. Smith, 1888, Kennebec R. at Bath, and Augusta to lower end of Perkins Isld., removal of shoals at Beef Rock, Hatches Rock, and South Gardiner, and building of wing dams and training walls; removal of r.s. in H. at Bath and at Lovejoys Narrows, and drg. the shoals, Augusta to Gardiner; est., \$410,500, **88**, 417; **89**, 527. Increased in 1892 to \$428,500, **92**, 514.

Proj. revised, 1892, to provide for chan. 13' to Sands Isld., 12' thence to Hinckleys Shoal, and 10' thence to Augusta; a SS. chan., 9', w. of Swan Isld., and the removal of old bridge piers at Hallowell, by drg. contraction works, and excavation; est., \$388,500, **93**, 695.

By Maj. Roessler, 1899, chan. 16' x 125' m. h. w. or 11' at m. l. w. between Gardiner Bridge and Augusta dam; est., \$81,000, **00**, 1128. Au. act June 13, 1902; **02**, 841.

Au. act Mar. 2, 1907, chans. through shoals between foot of Swan Isld. and Gardiner at least 150'

w. and of such d. that for a vessel passing up the R. at usual speed on flood tide and timed to reach Gardiner at h. w. the available d. would be no less than 20.5', and 1' deeper over ledge; 2 training walls to be repaired and 1 lengthened 700'; est., \$275,000, **07**, 33.

SURVEYS.

Ordered, **67**, 17.

By Lt. Col. Thom, Hallowell to Augusta, **67**, 488, 494. **R.**, **68**, 852.

Narrows below Richmond, **72**, 932; **73**, 1064.

Au. act Aug. 5, 1886; made, 1888, by Lt. Col. Smith, **88**, 412, 417.

Sur. au. act Sept. 19, 1890; made, 1892, by Lt. Col. Hains, **92**, 545.

Ex. and sur. au. act Mar. 3, 1899; made by Maj. Roessler, 1899 (**R.** fav.), **00**, 1122.

From mouth to Gardiner, au. act Mar. 3, 1905; made, 1905-06, by Lt. Col. Black, **07**, 43.

Ex. from mouth, along Popham Beach, au. act Mar. 3, 1909; made, 1909, by Lt. Col. Zinn (**R.** unfav.), **10**, 58.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 53.

Pre. ex. and sur. of chan. w. of Swan Isld. au. act Feb. 27, 1911. **Rs.**, Lt. Col. Craighill, 1911 and 1912, with maps; est., \$30,500, with \$2,500 ann. mainten., **12**, 66.

Maps, **190**, 442; **12**, 66.

A-219(a) RICHMOND HARBOR, KENNEBEC RIVER, ME.

APPROPRIATIONS.

1881, \$10,000, **81**, 478.

1882, 10,000, **82**, 495.

Total, 20,000

CONTRACTS.

1881. J. Ginn, rubblest., \$1 t., **81**, 478. S. F. Purington, drg., 25¢ c. y., **81**, 478.

F. S. Burrowes. **R.**, **01**, 1016.

ESTIMATES. (See Plans and Projects.)

By Col. Graham, 6,000 c. f. of st., 600 l. f. of capping, and 400 l. f. extension of break'r, \$105,111.05, **66**, 40. Detailed est. for same, **66**, 41, 42.

By Maj. Alexander, completion of break'r without extension, \$60,286.41, **66**, iv, 187.

By Lt. Col. Thom, 1868, completing break'r, \$59,984; for dr. to 20', \$28,600; **68**, 848, 849.

By Lt. Col. Thom, 1869, in detail, for dr. chan. to 20' by day labor and purchase of dr., \$24,000 to \$40,000, **69**, 461. Est. compared with lowest bids received, **69**, 464. To increase w. of chan. 100' \$25,000, **70**, 499, 506. To increase w. of chan. to 500', \$40,000, **71**, 851. For dr. in "Back Bay," 40,000 c. y., \$10,000, **72**, 934.

By Lt. Col. Thom, for dr. in Inner H., \$60,000, **73**, 1068; \$110,000, **73**, 1071.

LEGISLATION.

Joint resolution of Cong. appr. June 5, 1868, permitted unexpended balance of app. to be used in dr. the "Middle Ground" and protecting and improving the chan., **68**, 844, 847.

OBSTRUCTIONS.

Fore River, lower part of H., is crossed by 4 drawbridges, which limit navigation, but since their imp. greater facilities to coal trade and other deep-draft vessels than before, when they were greatly hampered and retarded by lack of room and sufficient water, **12**, 56.

OPERATIONS.

1838. 1,763 l. f. break'r extension; 1,030' only completed, **78**, 199.

1866-67. Repairs to break'r, **67**, 49, 488.

1867-68. 538 l. f. break'r capping, **68**, 71, 844.

1868-69. 195 l. f. break'r capping; 4,120 c. y. spit (obtained by subtracting the sum of the other figures from the total number of yds. excavated), and 4,370 c. y. middle ground dr., **68**, 844; **69**, 61, 447.

1869-70. 90,315 c. y. middle ground dr., **70**, 80, 499.

1870-71. 28,100 c. y. middle ground dr., **70**, 505; **71**, 91, 850.

1871-72. 78,400 c. y. middle ground dr., **72**, 90, 934.

1872-73. P. extension commenced, **73**, 1068.

1873-74. 217 l. f. break'r capping; 242 l. f. break'r extension; 24,938 c. y. back bay dr.; 49,609 c. y. inner H. dr.; wreck removed; repairs, **74**, 108.

1874-75. 87,240 c. y. inner H. dr., **75**, ii, 894.

1875-76. 2,932 c. y. inner H. dr.; dr. at custom-house dock, **76**, 159.

1876-79. Operations suspended pending delay in removing private docks projecting into H., **79**, 256.

Total amount of dr., 370,024 c. y., **78**, 200; **79**, 256.

1880-81. 67,756 c. y. dr., **81**, 487.

1881-82. 249,468 c. y. dr., **82**, 498.

1882-83. 170,347 c. y. dr., **83**, 421.

1883-84. 69,063 c. y. dr., **84**, 467.

1884-85. 124,603 c. y. dr., **85**, 469.

1885-86. 19,890 c. y. dr., **86**, 539.

1886-87. 29,000 c. y. dr., **87**, 449.

1887-88. 169,872 c. y. dr., **88**, 386.

1888-89. 77,792 c. y. soft and 61,265 c. y. hard sand dr., **89**, 530.

1891-92. Dr. in continuation of the 29' chan., **92**, 519.

1892-93. About 326,000 c. y. dr., **93**, 703.

1894-95. About 150,000 c. y. dr. Proj. completed. **95**, 565.

1897-98. Over 600,000 c. y. dr., **98**, 832.

1898-99. Over 800,000 c. y. dr., **99**, 1041.

1899-00. Over 429,000 c. y. dr., **00**, 1097.

1900-01. 821,900 c. y., p. m., excavated under contract, **01**, 1006.

1901-02. 1,355,208 c. y., p. m., dr. under contract, **02**, 842.

1902-03. 257,365 c. y., p. m., dr. under contract; completing it Oct. 22, 1902, **03**, 725.

1905-06. 321,550 c. y., s. m., dr., making chan. leading to Back Cove the full proj. d. for w. of 100', with greater w. at bends and at upper end, and a chan. of similar dimensions in Fore R. from first br. to and through draw of second, **06**, 861.

1906-07. 872,000 c. y., s. m., dr., i. e.: 435,000 c. y. from Fore R., 378,000 c. y. from entrance to Back Cove, and 59,000 c. y. from area in front of old dry dock, **07**, 890.

1907-08. 487,539 c. y. dr., completing Back Cove entrance chan., area in front of old dry dock, and Fore R. chan., except about 30,000 c. y. to be removed from area above Vaughan br., **08**, 933.

1908-09. 52,052 c. y. dr. from upper part of Fore R., **09**, 974.

1909-10. Observation and supervision, **10**, 1095.

PLANS. (See Estimates and Projects.)

By Col. Graham, repairs and extension of break'r, 66, 40.

By Maj. Alexander, adverse to extension, 66, iii, 18, iv, 185.

PRIVATE AND CORPORATE WORK.

Projecting wharves hindering dr. in inner H., 73, 1072; 74, ii, 305; 75, ii, 394.

PROJECTS. (See Estimates and Plans.)

By Maj. Alexander, completion without extension of break'r, 66, 40; appr. by E.E., 67, 485.

By Lt. Col. Thom, dr. a 300' chan. to 20' water, 68, 848; appr. by the Chief of Engineers, 68, 851.

By Lt. Col. Thom, extending break'r about 200' and building a lighthouse p., 72, 934; and dr. a chan. in Back Bay' 8' x 100', m. l. w., appr. by Chief of Engineers, 73, 1067.

By Lt. Col. Thom, imp. inner H., 73, 1068.

App. of 1836, 1837, and 1838, aggregating \$61,336, applied toward the partial constr. of 1,763 l. f. of break'r on Stanfords Ledge, 78, 199; 79, 255.

From 1866 to 1884, incl., \$375,111.05 was app. and applied to the completion of the break'r to 2,005', the d. of the lower H. by dr. to 21', m. l. w., and to 16' as far up as Browns Wharf, and a small chan. in the Back Cove to 8', m. l. w., 79, 256; 86, 57, 538; 87, 451.

In 1886 Maj. Smith proposed increasing, by dr., the chan. approaching the lower wharves to w. of 500' and a d. of 29', m. l. w.; est., \$135,000, 86, 540; 87, 449. Total expend. to 1888, \$30,000. Amount required to complete proj., \$105,000, 88, 385, 386. Modified in 1889 to include d. the water front in the upper part of the H. to 16', m. l. w.; est. additional cost, \$5,000, 90, 444; 92, 518.

Proj. amended, 1894-95, to provide w. the upper end of the 29' chan., and opening a 25' chan. to connect the lower and upper ends of the H., 94, 516.

Proj. adopted by Congress 1896 for dr. to 30', m. l. w., a portion on the n. of the H. line of the southerly side of the H.; est., \$770,000, under continuous contract; combining with this a proj. for the completion of the imp. of Back Cove, 96, 568; proj. completed, 1902, for \$253,000 less than est., 12, 55.

Act Mar. 3, 1895, au. amendment to proj., by which 30' chan. be continued up Fore R. as far as

the Boston & Maine R. R. br., and a chan. of entrance to Back Cove dr. to same d.; w. in each case to be about 300', 06, 35.

Act July 25, 1912, au. enlarging dw. anchorage opposite e. end of city, excavating r. and other material, so as to give a chan. 14', m. l. w., between Grand Trunk and Tukeys brs. at entrance to Back Cove; for restoring chan. in Back Cove to 12', m. l. w., for redr. portion of chan. of approach to Back Cove; and restoring 30' d. over the most important part of main H.; est., \$460,000, with \$2,000 an. mainten.,¹ 12, 55.

SURVEYS.

Current and tidal observations, 1867, 67, 486.

Minute hydrographic sur. by Col. Thom, 1867 with aid of the U. S. Coast Survey, 68, 843, 848.

Triangulation and sur. of wharves and H. lines, 1875-76, 76, 40.

Resur. of H., 1880, 80, 336.

Ex., with a view to extending chan. along the front of the wharves on the s. side of the H. to give 8', m. l. w., to Plush Mill wharf, au. act July 13, 1892, made by Lt. Col. Hains, 1892 (R. unlav.), 93, 735.

Pre. ex. and sur. au. act June 6, 1900, with view to removing so much of Witch Rock as endangers navigation. R. by Maj. Roessler, Oct. 18, and Nov. 17, 1900; est., \$500,000,² 01, 133.

Pre. ex. au. act Mar. 3, 1905, with a view to incl. Fore R. above Portland br. and entrance to Back Cove. R. by Lt. Col. Black, Dec. 22, 1905³ (unlav.), 06, 41.

Pre. ex. and sur. au. act Mar. 2, 1907, of passage between Peaks Isld. and Great Diamond Isld., between main ship chan. of Portland H. and Husseys Sound, Me. R. by Maj. Zinn, 1907 and 1908,⁴ 08, 44.

Pre. ex. and sur. au. act June 25, 1910. R. by Lt. Col. Craighill, Feb. 17, 1911, and Nov. 24, 1911, with map; est., \$460,000, with \$2,000 an. mainten.,¹ 12, 65.

Cong. docs., etc., relating to ex., sur., plans, etc. 12, 55.

OPERATIONS.

1836. 12 ps. constr., 66, iii, 18, iv, 191.
1867-68. 2,550 l. f. break'r extended, 1 sunken r. removed, 68, 71, 839.
1868-69. 1,450 l. f. break'r extended, 1 sunken r. removed, 69, 61, 444.
1869-70. 200 l. f. break'r extended, 1 sunken r. removed, 70, 79, 496.
1870-71. Break'r enlarged, 71, 852.
1871-72. 4,000 c. y. dr., break'r enlarged, 72, 90, 936.
1872-73. Break'r enlarged, 73, 1076.
1873-74. 3 R. ps. built and repaired, 74, ii, 308.
1884-85. 3,494 t. st. placed in break'r, 85, 471.
1885-86. 7,281 t. st. placed in break'r, 86, 544.

1886-87. 4,475 t. st. placed in break'r, 87, 454.
1887-88. 6,484 t. st. delivered upon break'r, 88, 389; 16,987 c. y. dr. from chan. and 19,407 c. y. from shoals; 214 c. y. r. removed, 88, 390.
1888-89. 104 t. st. placed upon break'r, 89, 533; 4,641 t. st. delivered in training wall, 89, 535.
1889-90. 10,030 t. st. placed in break'r, 90, 446; 3,185 t. st. delivered in training wall, 90, 448.
1890-91. 1,950 t. st. placed in break'r, 91, 599; 8,626 t. st. delivered in j., 91, 600.
1891-92. 26,374 t. st. delivered in s. j., 92, 523.
1892-93. Over 23,000 t. st. placed in j., 93, 709.
1893-94. 804 fascines laid and 17,065 t. st. placed in js. above and below Cow Isld., and 15,598 t. st. placed in j. on s. side of entrance, 94, 521.
1894-95. 44,175 c. y. dr., repair of js. in progress, 95, 570.
1895-96. About 13,000 t. st. placed in break'r and j. at mouth of R., 96, 574.
1897-98. 5,200 t. st. placed in break'r, 98, 834.
1899-00. 957 t. st. placed to repair s. j.; constr. of beacon at outer end of j. in progress, 00, 1144.
1900-01. Repairs to s. j. and constr. beacon on outer end of j., 01, 1036.
1909-10. Repairing beacons at mouth of R., 10, 1096.
1910-11. Repairs to beacons, 421 t. st. placed in repairing Cow Isld. j., 2,965 t. in extending j. s. side of mouth of R., 11, 1158.
1911-12. 195 t. st. placed in Cow Isld. j., completing work; 8,487 t. st. placed in j. s. side mouth of R., completing extension about 600'; 2,748 t. st. used in repair of n. j. or break'r; 12,000 c. y. dr. under contract, 12, 1367.

PHYSICAL CHARACTERISTICS.

General, of R. and mouth, 66, iv, 188, 191.
R. rises in White Mt. region of N. H.; flows 105 m. to Atlantic about 16 m. sw. of Portland, Me. Imp. section, mouth to towns of Saco and Biddeford, at head of navigation, 5± m., 12, 56.

PLANS.

By Col. Thom, 1883, repair and extension of existing break'r and formation of dr. chan. through adjacent shoals; est., \$356,500, 84, 484; 86, 544.
By Lt. Col. Blunt, 1884, forming and maintaining chan. 5' d. at m. l. w. below Saco, by dr. r. removal and use of submerged js.; est., \$116,500, 84, 484; 87, 456.

PROJECTS.

For constr., 1836, of ps. in the R. and outside at its entrance, the 2 outside ps. evidently intended for break'rs, 66, iv, 191.
By G. Davidson, constr. of 2 st. ps., conducting the R. to the sea in a ne. direction; est., \$40,000. Utility of this plan discussed by Maj. Alexander. 66, iv, 190, 191.
By Maj. Alexander, constr. of break'r between the 2 outside ps., 2,915' l., 12' above l. w., outer edge of cut granite, rear wall of rubblest.; est., \$192,500, 66, iii, 18, iv, 189, 191.
By Lt. Col. Thom, repairing and rebuilding the inside ps. in addition to Maj. Alexander's proj. for a break'r, increasing the est. cost to \$211,701.05, 66, iv, 194; app., 67, 481; further increased to \$270,000, 67, 479; to \$320,000, 68, 840. For the imp. of the chan. below the wharves at Saco and Biddeford, Me., by means of machinery hired by the day, est., \$2,500, 71, 853; 72, 936.
By Lt. Col. Thom, 1883, repairing and extending the old break'r, giving it a h. of 15' above l. w. and a top w. of 12'; the orig. est. as amended was \$70,000; amount app. to 1888, \$27,500; amount required for completion of existing proj., \$30,000, 84, 484; 85, 471; 87, 453; 88, 18, 389.
By Lt. Col. Smith, 1887, chan. 6' d. at m. l. w. to the cities of Saco and Biddeford, by constr. of j. at the mouth of the R., pierhead, and revet. along coal wharf chan., wing dams, shoal revet., and dr.; est., \$140,000, 88, 391. Increased in 1889 to \$155,000, 89, 535.
In 1889 theimps. of Saco R. and that at the mouth were combined under one proj., and the

revised cost for completion for both R. and break'r placed at \$185,000, **92**, 522.

By Maj. Roessler, 1899, repairing j. on s. side of R. mouth, **99**, 1043.

Act June 25, 1910, au. chan. d. of 7', m. l. w., from head of navigation to sea, and extension of s. j. across bar at mouth¹; est., \$55,000, **10**, 53; **12**, 57.

1875-76. 7,108 c. y. dr. and 1,108 c. y. r. re-

moved, 76, 41; 77, 168.

1876-77. 600 c. y. r. removed, 77, 168.

1877-78. 12,371 c. y. dr. and 300 c. y. r. re-

moved, 78, 40, 204.

1878-79. 3,000 c. y. dr., 79, 262.

1882-83. 12,260 c. y. removed from cut-off

through Alleys Pt., 83, 428.

1883-84. 10,600 c. y. gravel and 135 t. bowlders

removed from cut-off at Alleys Pt., completing the

proposed work thereat, 84, 471.

1884-85. 3,408 c. y. r. and hardpan removed

from chan. above Clements's wharf, 85, 475.

1885-86. 829 c. y. r. removed, 86, 549.

1887-88. 738 c. y. solid r. and 350 c. y. bowlders

removed, 88, 396.

1888-89. 672 c. y. clay dr. and 4,780 c. y. clay

removed, 89, 542.

1889-90. Proj. completed, 90, 453.

1891-92. Chan. dr. to 7' m. l. t. at Dover and

at Clements's wharf, 92, 530.

1893-95. About 2,100 c. y. r. removed, 94,

526; 95, 574.

1895-96. About 1,800 c. y. r. removed, 96,

577.

1896-97. About 600 c. y. r. removed, 97, 794.

1897-98. 535 c. y. r. removed, 98, 836.

1898-99. 356 c. y. r. removed, 99, 1046.

1899-00. 19,904 c. y. dr., 00, 1148.

1902-03. 14,846 c. y. dr.; also 7,675 c. y. dr. from

Lamprey R., 03, 734.

1903-04. 23,436 c. y. dr., 04, 830.

1906-07. 22,928 c. y. dr. and 104 c. y. r. re-

moved, 07, 896.

PHYSICAL CHARACTERISTICS.

Location of imp., 71, 858.

Presence of rs. and shoals, 71, 858.

Tides, 71, 859.

De. of, 90, 475; 04, 38.

Shoaling, 11, 60.

In se. N. H. Flows se. for 30 m. to Piscataqua

R., about 9 m. above Portsmouth N. H. Section

of proj., 3 m., 12, 62.

PROJECTS.

In 1836-37 \$10,000 was appro. for the imp. of the

Cochecho Branch. Proj. of 1870 proposed the formation,

by r. removal and dr. of a chan. 4' x 40' m. l. w.

through Lower Narrows and up to the packet land-

ing in Dover, 71, 857; 72, 939; 76, 164. This work

was accomplished in 1879 under aggregate appro. of

\$95,000, 79, 261; 83, 427; 86, 549.

In 1882 the proj. amended to provide for a cut-off

chan. through Alleys Pt. and w. to 60' and d. to 5'

through Trickeys and Clements Pt. shoals; est.,

\$28,000, 83, 427.

This work having been accomplished in 1883, Col.

Blunt proposed, 1884-85, to w. to 50' and d. to 5'

m. l. w. all parts of the chan. with less dimensions,

from Clements Pt. to the packet landing; est.,

\$47,000, 84, 471; 85, 475; 87, 466. Proj. completed

in 1889, 89, 542.

After ex. and sur. 1889, Lt. Col. Smith proposed

to obtain a chan. d. of 7', increased to 7½' when pass-

ing over r., with a min. w. of 50' in r. and 60' where

the material less expensive to remove; est., \$175,000,

90, 477; 91, 607; 92, 530; au. act Sept. 19, 1890, 04,

38.

Act June 13, 1902, extended proj. of 1890 to include

restoration of chan. in Lamprey R. and au. expend.

\$10,000 from main appro., 02, 80; 04, 38.

Est., 1909, \$20,000, to restore proj. d., 10, 58.

By Col. Zinn, for w. and d. chan., 10, 58.

SURVEYS.

Under direction of Lt. Col. Thom, 1870-71. R.,

1899, 12,000, 99, 1047.

1902, 13,000, 02, 851.

Total, 145,000

COMMERCE.

None. Work intended as a H. of refuge, 85, 483; 87, 469; 93, 720.

List of vessels wrecked near Little H., 1879 to 1889, 89, 545.

None; 407 vessels anchored for refuge or pleasure during 1906, 07, 898.

Inconsiderable; H. designed for H. of refuge, 09, 47.

CONTRACTS.

1887. Moore & Wright, dr., 24¢ c. y., 87, 468.

1888. New England Dredging Co., dr., 28¢ c. y., 89, 545.

1890. T. A. Rowe, st. delivered in break'r, 69¢ t., and constr. of beacon, \$450, 91, 609.

1892. G. W. Andrews, break'r constr.; st., \$1.11 t., 92, 533.

1893. Moore & Wright, dr., 19¢ c. y., s. m. (\$28,500), 93, 721.

1894. Wm. S. White, break'r constr.; st. \$1.96 t. (\$12,212.76), 94, 528.

1895. A. R. Wright, dr., 16¢ c. y., s. m. (\$12,800), 95, 577.

1897. C. H. Souther, dr., 14½¢ c. y., s. m. (\$3,925), 97, 797.

G. W. Andrews, repairs to break'r, replacing coping st., \$200 for the job; \$1.85 t. for st. (\$2,050), 98, 837.

1900. C. H. Souther, dr., 16½¢ c. y., s. m. (\$4,000 c. y.), 00, 1152.

1903. Bay State Dredging Co., dr., 25¢ c. y., 03, 737.

PHYSICAL CHARACTERISTICS.

De. of, 75, ii, 427, 428; 04, 39.

List of obstr., 75, ii, 429, 430.

Small stream in sw. N. H., flows 20 m. e. and n. into Great B. Proj. portion, mouth to Exeter, 8 m., 12, 63.

PROJECTS.

By Col. Thom, 1875, chan. 12' x 40' m. h. w. to Oxbow, thence (with 10' d. at m. h. w. and the same w.), by a cut-off through Oxbow, to upper wharves at Exeter, by dr. and removal of bowlders; est., \$34,000, 75, ii, 427, 429, 430; 81, 496.

By Maj. Hoxie, 1897, 12' chan., mouth to Oxbow; 10' chan., Oxbow to Exeter, 40' w.; and removal of bowlders; total est., \$12,000, 99, 1049.

Act Feb. 27, 1911, au. restoring chan. d. made under proj. of 1899, with slight straightening of chan. at Stratham Bridge; est., \$9,200² (see Sur., 1910), 11, 60.

SURVEYS.

Sur. below Exeter, by S. Haagensen, 1874. 75, 121, ii, 427, 428.

Sur. au. act June 3, 1896, made, Lt. Col. Damrell, 1897 (restoration of old chan. of 1881 recom.), 97, 818.

Ex. and sur. au. act Mar. 3, 1909; **R.**, Lt. Col. Zinn, 1909, and 1910; est., \$9,200,¹ 10, 59; 11, 61.

Cong. docs., etc., relating to exs., surs., plans, etc. 11, 60, 64.

- 1900-01.** 38,064.4 c. y. dr., **01**, 1041.
1902-03. 10,787 c. y. dr.; proj. completed, **03**, 737.
1904-05. Repairs to break'r, 476 t. st. used, **05**, 799.

PLANS.

By Col. Blunt, conversion of Little H. into a larger H. of refuge by extending area and constr. of 2 break'rs; est., \$154,000, **85**, 481.

By Maj. Smith, 1886, for an enlarged H.; est., \$165,000, **87**, 470.

PROJECTS.

By Col. Thom, 1882, dr. a chan. of entrance to the inner H. 9' x 100', m. l. w., widening the anchorage

basin to 300' for 700', and giving additional protection by a small break'r on the ledge at Jerry Pt.; est., \$33,000, **82**, 507; **85**, 481; **86**, 60; **87**, 468.

Proj. enlarged by Lt. Col. Smith, 1888, to provide for 2 small break'rs at the mouth of the H., and for dr. the chan. and anchorage basin to 12', l. w.; est., \$235,000, **88**, 397; **89**, 30, 543, 544; **92**, 531.

Proj. amended so as to reduce the area to be dr. from 49 to 40 acres; est., \$145,000, **95**, 576.

SURVEY.

Sur. for imp. for a H. of refuge, au. act July 5, 1884; made by Col. Blunt, **85**, 480.

B-2 NEWBURYPORT HARBOR, MASS.¹

APPROPRIATIONS.²

1880,	\$50,000,	80, 346.
1881,	40,000,	81, 503.
1882,	40,000,	82, 509.
1884,	40,000,	84, 497.
1886,	37,500,	86, 560.
1888,	25,000,	88, 435.
1890,	25,000,	90, 483.
1892,	20,000,	92, 553.
1894,	20,000,	95, 599.
1896,	16,000,	96, 589.
1899,	25,000,	99, 1059.
1902,	30,000,	02, 852.
1905,	30,000,	05, 802.
1910,	50,000,	10, 1100.

Total, 448,500 (total, incl. \$795.31 recd. from
failing contractor, \$449,295.31,
12, 1376.)

COMMERCE.

In 1900, 128,440 t., 01, 1044; 1906, 169,975 t., 07,
901; 1911, 217,301 t.; value, \$863,099.50, 12, 1377.
Reduction in rates, 07, 45; 17' over bar might
give further reduction of 15 to 25¢ t., 12, 69.

CONTRACTS.

1881. E. P. Shaw, granite grout, \$1.32 t., 81,
504.
1883. I. Hamilton and S. Teague, dike constr.,
83, 435. T. A. Rowe and R. G. Sylvester, sheet
piling, 83, 436.
1886. T. C. Rowe, sand-catch fence constr.,
\$2.67 per running f., 87, 490. C. H. Edwards, st.,
\$2.23 t., 87, 490.
1888. Rockport & Pigeon Hill Granite Co.,
rubblest., \$1.97 t., 89, 556.
1890. J. H. White, rubblest., \$1.47 t., 91, 628;
1892. G. W. Andrews, rubblest., 15,094 t., \$1.59
t., 93, 742.
1894. Rockport Granite Co., 14,634 t. st., \$1.23
t., 95, 600.
1896. Rockport, Pigeon Hill, and Cape Ann
Granite Cos., 15,533 t. st., \$1.03 t. st., 97, 826.
1899. Rockport, Pigeon Hill, and Cape Ann
Granite Cos., 18,133 t. rubblest., \$1.09 s. t., 99, 1060.
1904. Joseph J. Callahan, rubblest. in js., \$1.29
t., 05, 802.
1906. Break'r Con. & Engr. Co., 28,000 t.
rubblest. in n. j., 964 t., 06, 870.
1907. P. H. Doyen, 21,600 t. rubblest. in n. j.,
\$1.25 t., 07, 900.
1908. Break'r Co., suppl., 4,499 t. rubblest. in
n. j., in partial compensation for loss through
failure of Break'r Con. & Engr. Co. to fulfill con-
tract of May 1, 1906, 09, 982.
1910. Rockport Granite Co. and Pigeon Hill
Granite Co., rubblest. in n. j., \$1.05 t., 11, 1166.

ENGINEERS.

Chief of Engineers. R., 80, 69; 81, 72, 504; 82,
71; 83, 66; 84, 73; 85, 60; 86, 60; 87, 22; 88, 22;
89, 32; 90, 27; 91, 33; 92, 40; 93, 38; 94, 36; 95,
39; 96, 41; 97, 45; 98, 53; 99, 63; 00, 69; 01,
138; 02, 82; 03, 59; 04, 40; 05, 42; 06, 41; 07, 44;
08, 45; 09, 48; 10, 59; 11, 62; 12, 67.

Boards. Convened, New York, Oct. 4, 1880, to
report upon proj. by Gen. Thom for imp. of New-
buryport H. R., 81, 505. (Cols. Tower and New-
ton and Lt. Col. Abbot.)

In charge:

Col. G. Thom, 1871-83. R., 80, 345; 81, 501, 507;
82, 509.
Maj. C. W. Raymond, 1883-86. R., 83, 433, 436;
84, 493, 497, 498, 499; 85, 494.
Lt. Col. G. L. Gillespie, 1886-89. R., 86, 557;
87, 489; 88, 433.

Lt. Col. S. M. Mansfield, 1889-98. R., 89, 554;
90, 482; 91, 626; 92, 551; 93, 739; 94, 529; 95, 598;
96, 587; 97, 824; 98, 847.
Col. C. R. Suter, 1899. R., 99, 1058.
Maj. W. L. Fisk, 1900. R., 00, 1153.
Capt. H. Taylor, 1901-03. R., 01, 1043; 02, 851;
03, 737.
Lt. Col. W. S. Stanton, 1904-05. R., 04, 832.
05, 802.
Maj. Edward Burr, 1906-09. R., 06, 869; 07,
899; (Lt. Col.) 08, 941; 09, 981.
Col. F. V. Abbot, 1910. R., 10, 1099; 11, 1165;
12, 1375.

Assistants:

Lt. J. S. Sewell, 97, 45; 98, 53; 99, 62.
Lt. C. S. Bromwell, 99, 62.
Lt. R. R. Raymond, 99; 02, 02, 77.
Lt. C. Keller, 00, 64.
1st Lt. G. R. Lukesh, 4, 35; 05, 42; (Capt.) 06, 41;
07, 44.
1st Lt. H. C. Jewett, 06, 41; 07, 44; 08, 44.
Lt. Richard Park, 08, 44.
1st Lt. U. S. Grant (3d), 08, 44; 09, 48; 10, 59.

OPERATIONS.³

1881-82. 30,366 t. rubblest. placed in j., ex-
tending the same a distance of 1,200', 82, 509.
1882-83. 17,800 t. rubblest. placed, extending
dike 340'; 817 l. f. diking completed across "the
basin"; 507 l. f. sheet piling constr. in s. j. shore
extension at Plum Isld., 83, 434.
1883-84. Dike across basin at Plum Isld. com-
pleted with exception of central portions; shore ex-
tension of s. j. at Plum Isld. completed and j. fin-
ished to 1,077'; 4681 f. catch-sand fence built, 84, 494.
1884-85. 16,320 t. rubble placed in work, ex-
tending n. j. core 2,640 l. f. and s. j. core 1,300 l. f.,
85, 494.
1885-86. N. j. core extended 35'; both js.
leveled up throughout their lengths; 540 l. f. catch-
sand fence built, 86, 558.
1886-87. 860 l. f. of pile dike built; 7,937 t. st.
delivered in extension of n. j., 87, 490.
1887-88. 3,443 t. rubblest. deposited in n. j.,
88, 434.
1888-89. 5,185 t. rubblest. deposited in n. j.,
extending same 150'; 89, 555.
1889-90. 4,814 t. rubblest. delivered in n. j.,
90, 483.
1890-91. 4,279 t. rubblest. placed in n. j., 91,
627.
1891-92. 11,445 t. rubblest. placed in n. j.,
92, 552.
1892-93. 669 t. deposited in j., 93, 741.
1893-94. About 13,775 t. st. deposited in j.,
94, 530.
1894-95. 973 t. st. placed in j., 95, 599.
1895-96. 13,278 t. st. placed in j., 96, 588.
1896-97. 476 t. st. placed in j., 97, 825.
1897-98. 12,528 t. st. placed in j., 98, 848.
1899-00. 16,997 t. st. placed in j., 00 1154.
1901-02. North Rock removed July, 1901;
beacon at end of n. j., displaced by storms, reset in
June, 1902, and 100 t. st. placed around it for pro-
tection, 02, 851.
1903-04. Bids opened for repairing both j., and
for extending s. j.; contract au., 04, 832.
1904-05. 11,328 t. st. deposited in s. j., of
which 10,480 t. were used in bldg. 197 l. f. full cross
section and 71' of core and 848 t. in retopping 300
l. f. of j. previously completed; proj. 75% accom-
plished, 05, 802.
1905-06. 2,500 t. st. deposited in n. j., retop-
ping 550 l. f.; 6,378 t. st. placed in s. j., which, with
2,294 t. purchased informally from Rockport
Granite Co., extended s. j. 94'; proj. 80% completed,
06, 869-70.

¹ Sur. R., 1826; est., \$32,080.27.—(H. Doc. 482, 55th, 2d.)

² Between 1828 and 1834, incl., \$60,366.72 appro. for removal of a sand bar and the constr. of a break'r at the mouth of the Merrimac R.

³ For operations previous to 1881, see Merrimac River.

1906-07. 2,026 t. rubblest. deposited, retopping 100 l. f. n. j.; contract with Break'r Con. & Engr. Co. annulled for failure to prosecute work as required, **07, 900.**

1907-08. 14,138 t. st. deposited, retopping 400 l. f. of n. j., and that j.-extended seaward for 200 l. f., and st. deposited irregularly for 100' farther, **08, 941.**

1908-09. 11,961 t. rubblest. deposited, of which 1,133 t. were for mainten., retopping outer end of n. j., and 10,828 t. for seaward extension of j.; work completed; n. j. extended 163' seaward, **09, 981-82.**

1909-10. Clearing débris from breach made by action of elements in dike closing Plum Isld. Basin; sur. made of bar and entrance **10, 1099.**

1910-11. 13,470 t. rubblest. deposited in n. j., completing core to 12' above m. l. w. for 200', to 9' above m. l. w. for 100', and to m. l. w. level for distance of 325', **11, 1165.**

1911-12. 23,158 t. rubblest. deposited in n. j., bringing core up to 12' with w. of 5' on top for 425' and extending it for a further distance of 625'; proj. 85% completed, **12, 1375-76.**

PHYSICAL CHARACTERISTICS.

Decrease in w. of bar since commencement of js., **85, 496.**

Comparison of gorge and discharge sections from various sur., **85, 496.**

Discharge of R., **87, 491.**

Description of, **01, 1043; 07, 44; 10, 59.**

Chan. moved slightly n. of position in 1899, retaining same w., **01, 139.**

Max. draft over bar at m. l. w., in 1907, 12½', **07, 45; and in 1910, 11', 10, 60.**

Action of elements made breach in dike closing Plum Isld. Basin, **10, 1099.**

On Merrimac R., 2½ m. above its mouth, and 58± m. by water n. of Boston. R. at Newburyport ½ of m. wide, **12, 67.**

PROJECTS.

From 1828 to 1834, incl., \$60,366 app. for the removal of a sand bar at the mouth of the Merrimac, and for break'r constr.

By Lt. Col. Thom, 1880, securing a constant d. of 17' across the bar at m. l. w. by constr. of 2 converging rubblest. js., extending from Salisbury Pt. and Plum Isld.; est., \$365,000, **81, 502, 509, 511.** Recom. by B. of E., **81, 505.** Concurred in by Chief of Engineers, **81, 505.**

In 1881 a dike closing Plum Isld. Basin was proposed, increasing cost of proj. to \$375,000, **84, 494.**

In 1883 proj. was modified by changing the direction of S. j. and substituting for the apron beach protection a sand catch in rear and in prolongation of s. j., **83, 437; 86, 60; 87, 490.**

In 1892 it was proposed by Lt. Col. Mansfield to expend available funds in extending the n. j., **93, 740.**

In 1897 Lt. Col. Mansfield submitted revised est. \$599,547.49, **97, 825.**

By Lt. Col. Mansfield, 1898, to place a spindle on the n. j. to aid navigation, **98, 849.**

Act June 25, 1910, au. dr. to be included as part of existing proj., **10, 60.**

SURVEYS.

Of area from gorge between Salisbury Pt. to Plum Isld., to js., and in front of js. to 15' curve, **86, 569.**

Of outer bar and H. entrance, 1880, **81, 501.**

An. sur. made by Lt. Col. Mansfield, **93, 741; 94, 530; 95, 599; 97, 825.**

Sur., 1900, made by Maj. Fisk, **00, 1154.**

Minor sur. in June, 1901, shows imp. in d. over bar; controlling d. in 1901 about 12.6', as against 11' m. l. w. in 1899, **01, 139.**

By Maj. Burr, 1906; for removing certain obstr. at mouth of R.; est., \$62,000; **07, 46, 74.**

Cong. Docs., etc., relating to sur. exs. etc., **12, 63.**

Maps:

81, 502; 83, 438; 84, 496; 85, 494; 86, 558; 87, 492; 88, 434; 89, 556; 90, 482; 91, 627; 92, Atlas, 2.

Plan showing condition of imp., **93, 740; 94, 530; 95, 600; 97, 826; 01, 1043; sur. of bar and entrance, 05, 802.**

1872-73. Chan. at Upper Falls, 3,755 c. y. dr., **74**, **111**; ii, 310.
1874-75. Completion of work above Haverhill, **75**, **116**. Chan. at Upper Falls, 3,146.2 c. y. dr., **75**, ii, 400, 401. Chan. at Lower Falls, 3,570.2 c. y. dr., **75**, ii, 400, 401. Ledge and Little Currier Rock, 60 c. y. r. removed, **75**, ii, 400, 401.
1875-76. Rs. removed from Currier Shoal and below Rocks Br., including Petty Rock, **76**, 168.
1876-77. Chan. 100' x 12' through shoals, **77**, **170**. Chan. 75' x 12' to Silsby's Isld., **77**, **170**.
1877-78. Removal of bowlders from Silsby's Isld., 80 t. r., **78**, 206.
1878-79. Removal from North Gangway Rock, 305 c. y. r., **79**, 48, 264.

1879-80. Imp. of chan. at and below the upper and lower falls, **80**, 344.

1880-81. 124¢ c. y. r. removed from Gangway Rock, North Rocks, and from chan. at Lower Falls; also removal of sunken prs. and wrecks from Newburyport H. and d. chan. by dr. at the Lower Falls and Rocks Br., **81**, 512.

1881-82. Completion of the removal of South Gangway Rock to 9' and of South Badger Ledge and North Spur Rocks in part to 10', **82**, 511.

1882-83. Breaking up and removal of South Badger Ledge and partial removal of North Rock, **83**, 440.

1883-84. Removal of North Rock to 9', **84**, 500.

1884-85. 1,056 c. y. bowlders, gravel, and clay dr. from chan. at Rocks Br., **85**, 500.

1892-93. 201 c. y. r. removed, **93**, 743.

1893-94. 149 c. y. r. removed; proj. completed, **94**, 532.

1896-97. 855 c. y. r. removed, **97**, 828.

1897-98. 205 t. bowlders removed, **98**, 850.

1900-01. 4,792 c. y. dr., **01**, 1044.

1901-02. 64,356 c. y. mud and 2.5 c. y. bowlders removed, **02**, 853.

1902-03. 29,740 c. y. dr. and 5.35 c. y. bowlders removed, **03**, 738.

1903-04. 17,429 c. y. dr., **04**, 833.

1905-06. 4,554 c. y. dr., **06**, 870.

1906-07. 15,612 c. y. dr., **07**, 901.

1907-08. 4,102 c. y. dr., completing proj. chan., **08**, 943.

1908-09. Removal of bowlders below Rocks Br. begun, **09**, 983.

1909-10. 255 c. y. bowlders removed, **10**, 1100.

1910-11. 181 c. y. r. removed above and 229 c. y. below Rocks Br., **11**, 1166.

1911-12. 18,795 c. y. sand, gravel, and st., and 27 c. y. bowlders removed, **12**, 1377.

PHYSICAL CHARACTERISTICS.

Description of obstr., **69**, 438; **70**, 473, 474; **73**, 1113.

Of river, **70**, 474; **72**, 961, 962; **73**, 1113; **88**, 436; **96**, 616; **97**, 865; **98**, 885.

Description of Lawrence to Manchester, **82**, 532.
Formed by confluence of Pemigewasset and Winnepesaukee Rs. at Franklin, N. H. Flows s. through N. H. to Mass., whence it flows e. to discharge into Atlantic at Newburyport, about 55 m. n. of Boston; l., 110± m. Proj. section in 1912 is between Newburyport (2½ m. above mouth) and Haverhill, Mass., and covers 16½ m. Head of navigation, 20 m. above Newburyport, **12**, 69.

PLANS. (See Projects.)

By H. Mitchell, 1870, moving barges over the rapids, **70**, 476.

By Lt. Col. Thom, 1871, slack-water navigation, Upper Falls, dam 900' x 9'; est., \$130,000, **71**, 869; **72**, 962.

By Col. Thom, 1881, imp. chan., head of Mitchell's Falls at Lawrence, 2½ m. above the mouth of the R., to Manchester, N. H., 70 m. above the mouth, by r. removal and dr., with locks and canal walls on the section of R. between Nashua and Manchester, N. H. Est., \$548,000, exclusive of the cost of new canals and locks at Lawrence and Lowell or the cost of adapting the present ones to the purpose of navigation. **82**, 533, 534, 539, 541.

PRIVATE AND CORPORATE WORK.

Sur., by H. Mitchell, for the Pentucket Navigation Co., **70**, 474.

PROJECTS. (See Plans.)

Between 1828 and 1834, inclusive, \$60,366.72 was app. for removal of a sand bar and constr. of a break'r at the river's mouth.

Original proj., 1869, proposed the removal of obstr. from the upper and lower falls, of Gangway Rock, the Boilers, and a wreck near the mouth; est., \$69,025, **69**, 421; **70**, 469, 473; **76**, 165; **86**, 61.

In 1874 proj. extended to include the removal of rs. at Deer Isld. and at Rocks Br. and Little Currier Shoal, to give chan. d. at ordinary h. w. as follows: From mouth to Deer Isld. Br., 16½; thence to

Haverhill Br., 12'; thence to foot of Mitchells Falls, 10'; thence to head of Upper Falls, 43'; est., including proj. of 1869, \$147,000, **76**, 165; **86**, 61; **87**, 494. Proj. completed in 1884, with the exception of the removal of the "Boilers," under an aggregate app. of \$167,000, when it was est. that \$26,000 additional would be required for the further imp. of the R. between Plum Isld. Light and Lawrence, **82**, 534, 541; **84**, 501; **86**, 561; **87**, 494.

From 1883-86 additional imp. by Maj. Raymond for the R. below Mitchells Falls, including removal of the "Boilers" and sunken rs. at the Falls, est., \$11,500, **90**, 485.

In 1882 \$11,000 est. as required for the extension of the imp. to Lawrence, 5 m. above the Falls, **92**, 555.

Congress, 1896, app. \$5,000 for removing some rs. below Rocks Br., **96**, 590.

Lt. Col. Mansfield, 1896, est. \$1,496,851.07 to obtain 12' chan. mouth to Haverhill, **96**, 590, 617; and in 1897, \$171,442.70 for a 7' chan. (au. proj.), **97**, 865.

By Lt. Col. Stanton, 1903, increasing d. from 7' to 9' from Newburyport to highway br. at Haverhill; est., \$213,126.98, **104**, 873.

By Maj. Burr, 1906, removing certain obstr. at the mouth; est., \$62,000, **107**, 46, 74.

SURVEYS.

Sur. by Capt. Gillespie, **69**, 60, 421, 437, 438.

Sur. by Gen. Foster, **70**, 471-476.

B-5 POWOW RIVER, MASS. AND N. H.

APPROPRIATIONS.

1888,	\$3,000,	88 , 24.
1890,	5,000,	90 , 486.

Assistant. S. Haagensen. **R.**, **85**, 551.

Sur. by G. P. Low, 1871, Hazeltine Rapids to Lawrence, **72**, 940, 961, 962.

Sur. by Lt. Quinn, 1872, bet. Haverhill and Newburyport, **93**, 106, 1112.

From Lawrence to Manchester, au. act Mar. 3, 1881, **81**, 77; made by Col. Thom, 1881, **82**, 532. At Rocks Br., made, 1883, **83**, 441.

Sur. for d. up to Haverhill equal to d. over bar at mouth, au. act Aug. 17, 1894; made in 1896, by Lt. Col. Mansfield (see Projects), **96**, 616.

Sur. of the same course au. act June 3, 1896; made, 1897, by Lt. Col. Mansfield (see Projects), **97**, 865.

Sur. from Lowell to old N. H. State line, au. act June 3, 1896; made, 1898, by Lt. Col. Mansfield (**R.** unfav.), **98**, 885.

Ex. au. act June 13, 1902; made, 1903, by Lt. Col. Stanton, **104**, 872.

Ex. and sur. au. act Mar. 3, 1905, for chan. 12' d., mouth to falls above Haverhill; made, 1905, by Col. Stanton (unfav.), **107**, 74.

With view to removing certain obstrs. at mouth, made, 1906, by Maj. Burr, **107**, 46, 74.

Au. act Mar. 2, 1907, for locks and dams for chan. 14' d. from mouth to Haverhill; made, 1907-08, by Lt. Col. Burr (unfav.), **109**, 78.

Pre. ex. au. act Mar. 3, 1909, from Haverhill to Lowell. **R.**, Lt. Col. Burr (unfav.), **11**, 92.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 70.

Maps, ², ³, ⁴. **89**, 556.

OPERATIONS.

1887-90. Operations deferred pending the insertion of a draw in br. at Salisbury, **88**, 24; **89**, 558; **90**, 486; **91**, 630; **92**, 556.

1895-96. 23,209 c. y. dr., **96**, 592.

1896-97. About 67,000 c. y. dr., **97**, 829.

1899-00. 18,099 c. y. dr., **100**, 1158.

1900-01. Under open market agreement with R. B. Rodermond, 10,479 c. y. dr., w. chan. to 45' for 2,900' down R., **01**, 1046.

PHYSICAL CHARACTERISTICS.

Description of R., **85**, 549, 552; **05**, 45.

Max. draft to wharves at Amesbury 4.5'; mean rise of tide is 6.7', **02**, 85.

A chan. 45' wi. from Amesbury to mouth of R. has been dr., except for 650' at lower end, where it is 30' w., **04**, 43.

Head of navigation is at dam at Amesbury, to which pt. the stream is navigable, **04**, 43.

Flows into Merrimac R.; Amesbury (5 m. above Newburyport H.), 9,600' above junct., **05**, 45.

PROJECTS.

By Maj. Raymond, 1885, dr. chan. 60' x 12' m. h. w. between Amesbury and the mouth, 9,600', est. \$77,000, **85**, 551; **89**, 558; **91**, 630.

By Lt. Col. Mansfield, 1894, cut the whole length of the proposed chan. 25' w. and of full proj. d., **95**, 602.

A revised est. of the cost of the imp. submitted, 1897, by Lt. Col. Mansfield, increasing it to \$100,000 **97**, 829.

Act Mar. 3, 1905, repealed proj., **05**, 45.

SURVEY.

Au. act July 5, 1884, made by Maj. Raymond, **85**, 549.

OPERATIONS.

1886-87. 4,665 c. y. dr. from chan. through shoals, 87, 496.

1892-93. About 1,500 c. y. dr., 94, 535.

1894-95. About 5,700 c. y. dr., 95, 604.

ESTIMATES. (See Plans and Projects.)

By S. Haagensen, 1872, break'r at Lower Plum Cove, \$640,000; at Upper Plum Cove, \$1,130,000, 74, ii, 345.

PHYSICAL CHARACTERISTICS.

Description, 74, ii, 346; 76, 199-201; 84, 560, 563.

Character of coast, 74, ii, 346.

Tidal observations, 74, ii, 346; 76, 200.

List of obstr., 76, 202.

PLANS. (See Estimates.)

By S. Haagensen, 1873, break'r at Lower Plum Cove, affording 23 acres of good anchorage ground of 18', and 32 acres of 12' m. l. w., and 40 acres for small craft. L. of break'r 1,841', to be constr. of riprap, st. masonry, and concrete. Fav. considered by Lt. Col. Thom; est., \$640,000, 74, ii, 345, 347. Or a break'r at Upper Plum Cove, affording 30 acres more than the above. L., 3,070'; est., \$1,130,000; not recom., 74, ii, 345, 347. For imp. r. by a 9' chan. m. l. w., 60' w.; not recom.—too costly and not permanent, 76, 199, 201.

By Lt. Col. Thom, for imp. at and above Barras Turns by a 4' chan. m. l. w., 60' w.; est., \$25,000, 76, 199, 201, 202.

PROJECTS. (See Estimates.)

Orig. proj. for imp. submitted Dec. 6, 1875. It proposed chan. 60' x 4' d., m. l. w., "Barras Turns" to the town wharves; est., \$25,000. On Nov. 5, 1883, orig. proj. divided into 3 partial proj.: (1) Removal of the ledges at Heards Pt. and opposite Nabbys Pt. to 2', m. l. w., to open a navigable chan. of that d., at cost of \$15,900; (2) to dr. shoals at "Labor in Vain" and "The Shoals" so as to open chan. 4' x 60', at a cost of \$2,200; (3) to straighten the chan. by making a cut across "Barras Turns" and to build a j. to close the old chan.; cost, \$6,900. In the an. R. of 1887 it was recom. that the general proj. be modified by limit-

¹ Sur. of canal—R., Feb. 18, 1828. (H. D. 482, 55th, 2d.)

² H. D., 42, 59th, 1st.

ing the present imp. to opening a chan. 60' x 4' through "The Shoals" and "Labor in Vain" and extending it to the "Deep Hole," opposite the town wharves, 88, 438.

By Lt. Col. Mansfield, 1892, for the use of available funds to complete the partial proj. of 1887, 93, 746; Lt. Col. Mansfield est., 1895, that \$17,500 would be required to complete the proj., but that the amount of imp. already completed was sufficient for any reasonable demands of C., 95, 604.

1904-05. Bowlders removed from chan., 05, 805.

1908-09. 10,355 c. y. dr. and 5.69 c. y. bowlders removed, 09, 984.

1909-10. 15,904 c. y. sand, mud, and peat, and 30,187 c. y. bowlders dr., 10, 1101.

PHYSICAL CHARACTERISTICS.

Description of, 91, 678.

Rises Essex Co., Mass.; flows ne. for 6 m. into Ipswich B. Proj. length, 2½ m., beginning 2½ m. from mouth, 12, 71.

PRIVATE (STATE) WORK.

\$5,000 app., 1908, by Mass. toward imp., 07, 47; 08, 48.

PROJECTS.

By Lt. Col. Mansfield, 1891, chan. 4' x 60' m. l. w, river's mouth to the head of navigation at Essex. 3½ m., by dr. and r. ren oval; est., \$25,000, 91, 677.

In 1893 Lt. Col. Mansfield recom. available funds be held awaiting further app., 93, 748.

In 1894, by Lt. Col. Mansfield, use of available funds to obtain a chan. 25' x 4', 95, 605.

In 1897, by Lt. Col. Mansfield, chan. the full w. and d. from the drawr. in Essex down the R. as far as available funds would permit, 97, 831.

In 1899 Col. Suter recom. imp. be limited to chan. below the drawr., 99, 1063.

Act Mar. 2, 1907, app. \$5,000 for restoration of chan., provided State or other agency contrib. like amount, 07, 47.

R. unworthy of further mainten., 12, 72.

SURVEYS.

Sur. au. act Sept. 19, 1890; made, 1891, by Lt. Col. Mansfield, 91, 677.

1903-04. 116,340 t. st. placed, **04, 835.**

1904-05. 94,296.5 t. st. placed, **05, 805.**

1906-07. 80,413 t. st. placed, **07, 903.**

1907-08. 136,205 t. st. placed; work started on superstr., **08, 944-45.**

1908-09. 83,382 t. st. placed; work in progress on superstr., **09, 984.**

1909-10. Superstr. on southern arm of break'r continued for a distance of 67.6', **10, 1102.**

1910-11. Superstr. continued for 33' on southern arm, 110.6' on western arm, and junction between these two arms bonded with concrete blocks, **11, 1168.**

1911-12. 97.2 l. f. superstr. of southern arm rebuilt, and 90.8 l. f. superstr. on western arm built, **12, 1379.**

PHYSICAL CHARACTERISTICS.

Description of Sandy B., **84, 565, 577.**

Tidal observations, **84, 577.**

Character of bottom, **84, 577.**

Resistance of break'r to heavy storms, **11, 67.**

PLANS. (See Projects.)

Location of break'r proposed by Col. Thom, 1882, **84, 566.**

Location proposed by Maj. Raymond, 1883, beginning at Averys Ledge, thence n. by w., one-half west, for 3,000'; thence curving to the w. for 1,200'; thence n.w. for 4,820', break'r to consist of an embankment of granite quarry grit, with its top surface 15' below l. w., surmounted with masonry superstr. carried 8' above h. w.; est., \$4,000,000, **84, 567-570; 85, 520; 86, 581.** Consideration of cross section, **84, 571.**

B. of E. recom. location proposed by Maj. Raymond in national H. of refuge of first class to be constr., **85, 529.**

Location suggested by B. of E., 1884, for smaller break'r; est., \$1,000,000, **85, 529, 531.**

Cross sections of various types shown, **11, 1168.**

PROJECTS. (See Plans.)

Proj. of Maj. Raymond, 1884, contemplated "national H. of refuge of the first class" at Sandy B., Mass. Proj. app'r. by B. of E. of 1884 was for break'r about 9,000' l., starting at Averys Ledge and running to Abners Ledge; thence n.w. to the 86' curve of Andrews Pt.; break'r to be formed to level of 22' below l. w. of random st., with w. at top of 40', above which would be built a masonry wall whose top would be 15' w. and carried 8' above h. w. Details of masonry constr. were not definitely adopted. Est. about \$5,000,000, with \$2,500,000 for buoyage, lighting, and defense. **84, 567, 570; 85, 529; 86, 67, 581, 582; 87, 24, 497, 498.**

In 1885 Maj. Raymond proposed constr. of p. upon Averys Ledge to define locality and to form one end of a future break'r, **86, 581**.

In 1892 B. of E. proposed constr. of both substr. and superstr. of rubblest., and est. \$5,000,000 as required for completion, **92, 560**.

By B. of E., 1892, rubblest. break'r, with, on the sea side, from the bottom to 15' below m. l. w., a slope of 1 on 1; thence to m. l. w., 1 on 3; thence to 18' above m. l. w., 1 on 1; the width on the crest, 20'; and the rear slope 1 on $\frac{3}{4}$ to m. l. w.; thence to the bottom, 1 on 1, **93, 740**.

In 1892 by Lt. Col. Mansfield, use of available funds to complete as much of the full section of the break'r as possible, working s. from Abners Ledge, **93, 749**.

In 1894 by Lt. Col. Mansfield, use of available funds to constr. substr. of break'r, **95, 608**.

B. of E., 1899, recom. extension of substr., **99, 1065**.

By B. of E., 1899, substr. of 1 on 1 on both sides below plane of 25' below l. w.; 1 on 2 outside, 1 on

1 inside, above this plane; width of 30' at reference 17 above m. l. w.; division of the substr. and superstr. by a plane 12' below l. w.; superstr. to have its front area faces composed of selected st., body of the superstr. to be of selected stones deposited at random; the substr. to be composed of random rubble; the substr. to be in place at least 1 year before superstr. is begun; the connection of the str. with Averys Ledge to be determined by experience and a later investigation, **00, 1186**.

Type of structure modified, **09, 53**; experimental, **10, 64**.

SURVEYS.

Au. act Aug. 2, 1882, pre. ex. made by Col. Thom, **84, 565**. Sur., 1883, by Maj. Raymond, **84, 565**.

ESTIMATES. (See Projects.)

By H. F. Bothfield, break'r, \$494,148.65, 71, 874, 876.

OPERATIONS.

1872-73. Rs. removed, 73, 102, 1083.

1888-89. 70 c. y. loose r. and 100 c. y. ledge removed; 17,596 c. y. dr., 89, 565.

1891-92. 47,298 c. y. dr., 92, 568.

1893-94. 386 c. y. r. removed, and the dr. called for by the proj. completed, 94, 540.

1894-95. About 160 c. y. r. removed, and 35,497 t. of st. placed in break'r, 95, 610.

1895-96. 17,101 t. st. placed in break'r, 96, 597.

1896-97. 21,870 t. st. placed in break'r, 97, 835.

1897-98. 16,322 t. st. placed in break'r, and 105 c. y. r. removed, 98, 857.

1899-00. 15,896 t. st. placed in break'r, 00, 1165.

1900-01. Break'r completed for 284' from shore end, 01, 1049.

1902-03. 2,364 t. dimension st. and 1,743 t. rubblest. placed in break'r, 03, 744.

1903-04. 52,050 t. rubblest. placed in substr. and superstr. and 16,236½ t. dimension st. in superstr. of break'r, 04, 837.

1904-05. 34,040.5 t. st. deposited in break'r, 05, 808.

1905-06. 12,117 t. st. placed in break'r, 06, 872.

1908-09. 12 cap st. reset in break'r, 09, 985.

1910-11. 1,353 t. rubblest. deposited in front of seaward wall of superstr., 11, 1169.

1911-12. 14,991 t. rubblest. deposited, 12, 1390.

PHYSICAL CHARACTERISTICS.

Presence of rs. and ledges in H., 71, 870, 874, 875.

Locality described, 85, 534, 542.

Description, Gloucester H., 93, 787; Vincent Cove, 93, 789.

Max. drafts, tides, etc., 12, 76.

At s. extremity of Cape Ann, 30 m. ne. from Boston, 12, 74.

PLANS. (See Projects.)

By H. F. Bothfield, break'r, 3,870' x 50-100' x 20' at the top, and 11-35' h.; the substr. of riprap, and the superstr. of cut-granite facings, with coping and concrete filling, 71, 873.

By Maj. Raymond, 1885, removal of a part of Babsons Ledge in completion of the orig. proj.; est., \$4,800, 85, 541, 543.

By Maj. Raymond, 1885, a H. of refuge with 2 break'rs, aggregate l. 7,250'; est., \$1,359,000, 85, 535; 87, 501, 502.

By Lt. Col. Gillespie, removal of Babsons Ledge, based upon late sur.; dr. chan. 15' l. w., Harbor Cove to Pews Wharf, also the d. of Harbor Cove to 10'; est., \$65,000; 87, 503.

PROJECTS. (See Plans.)

Proj., 1871, proposed to clear the H. of sunken rs. and to build a st. break'r, Eastern Pt. to Round Rock Shoal; est., \$504,754.85, 71, 870; 87, 500.

App. of \$10,000 of 1872 expended upon removal of r., 73, 1083; 87, 501.

By Lt. Col. Gillespie, 1887, removal from the inner H. of 101 c. y. r. and 216,000 c. y. material; also for break'r recom. in proj. of 1884, extending from Eastern Pt. to Round Rock Shoal; est., \$817,000, 88, 443.

By Lt. Col. Mansfield, 1892, use of available funds to complete proposed dr., 93, 752.

By Lt. Col. Mansfield, 1894, use of available funds to commence constr. of substr. of break'r at Eastern Pt., est., \$752,000, 95, 610; 12, 75.

By Lt. Col. Mansfield, 1896, removal of some rs. in and about the H., 97, 835.

Modified by act of 1902 to end break'r at Cat Ledge and expend remainder of app. toward removal of Round Rock, 02, 89.

By Lt. Col. Burr, imp. of H. by removing ledges, etc.; est., \$51,000, 09, 78.

On account of excessive cost (est. \$800,000) of removing Round Rock, B.E.H. recom. return to orig. proj. for break'r from Eastern Pt. to Round Rock shoal; est., \$354,000, 09, 54.

Act June 25, 1910, au. removal of 8 groups of ledges, etc., in inner and outer Hs.; est., \$51,000, 12, 75.

By H. F. Bothfield, 1870. R., 71, 873.

PRIVATE (STATE AND MUNICIPAL) WORK.

1907. Mass. completed the dr. necessary to extend the chan. to the R. R. br., and the town of Manchester dr. the remaining section of chan. to d. of 4', substantially completing proj., 08, 946.

PROJECTS.

By Lt. Col. Gillespie, 1887, restoring the chan. to its former d. of from 3' to 4' m. l. w. by excavation of chan. 4,000' x 60' x 4', Proctors Pt. to town wharves, 46,000 c. y.; est., \$14,300, 88, 464, 466; 89, 567; 92, 569.

In 1892 Lt. Col. Mansfield proposed that available funds be used to complete the proj. imp., 93, 755.

Col. Mansfield est., 1897, further chan. imp. would cost \$139,966.09 (not recom.) or \$25,000 (recom.), covering chan. 6' x 7,200' to town wharves, 100' at entrance and bends and at least 75' w. throughout, with 2 turning basins, 97, 837, 869, 870.

BERH. recom., 1903, that 6' proj. be completed, modified to provide only for chan. 6' x 75' up to town wharves, and turning basin 125' x 250' at town landing, and after completion its maintain. left to interested parties; if such a course should not be practicable, that proj. be discontinued at once,¹ 04, 842, 844. (See Private Work.)

Lt. Col. Stanton est., 1903, \$18,117 to complete proj. as recom. by BERH.,¹ 04, 844.

Proj. being completed (see Private Work), Chief of Engineers appr. recom. dropping work as a U. S. proj., 08, 52.

1907-08. About 22,185 c. y. dr., proj. completed, 08, 948.

1910-11. 218,670 c. y. dr. in w. chan.; and 4,748 c. y.,² 11, 1172.
1911-12. 12,595 c. y. dr., w. chan.; and 2,680 c. y. dr.,² 12, 1383.

PHYSICAL CHARACTERISTICS.

Prevailing winds and tidal data, 84, 536, 537.
Current observations, 84, 546.
Description of, 97, 873.
Max. draft, 15'; range of tide, 9.3', 12, 79.
L. H. 14± m. ne. from Boston; is 3 m. from n. to s., and has average w. e. and w. of 1½± m., the greater part being bare at l. w., 12, 78.

PLANS.

By Col. Thom, imp. II. by means of 2 rubble break'rs, 84, 524, 529.

PROJECTS.

By B. of E., 1884, chan. 200' x 10' m. l. w. from a point near the White Rocks to d. w. opposite Little Nahant, and from d. w. opposite Sand Pt. to Lynn H. line; the upper part of the chan. to be maintained by occasional dr., the lower part by a training wall joining the land at Little Nahant; est., \$145,000, 84, 521, 528. Cost revised to \$157,000, 85, 517; 87, 509.

In Sept., 1888, proj. modified by extending the inner chan. 400' inside the H. line and making at its inner end an anchorage basin 500' x 300' x 10' m. l. w.; revised cost, \$182,000, 89, 37; 92, 573.

By Lt. Col. Mansfield, 1892, chan. 150' x 8' at entrance to w. chan., and for w. inner chan. of main H. to full proj. dimensions as far as available funds would permit, 93, 759.

Col. Mansfield, 1897, est. \$441,813.07 for chan. 300' x 15' m. l. w., 97, 872.

By Col. Suter, chan. 200' x 15' x 4,500' from sea to opposite Little Nahant, incl. the basin extending beyond the inner ship chan., and the removal of a small pt. on e. bank of chan. near said basin; est., \$162,937,³ 01, 1094; au. act June 13, 1902, 02, 95; completed 08, 12, 78.

By Lt. Col. Burr, 1908, turning basin 500' square x 15', straightening chan., and dr. to 300' x 15' from d. w. to wharves at head of H.; est., \$179,000,⁴ 08, 77; 10, 69; au. act June 25, 1910, 10, 69.

SURVEYS.

Au. act Mar. 3, 1881; made, 1881, by Col. Thom, 82, 544.

Of H., 1885, 85, 517.

Of the imp. chans., made, 1888, by Lt. Col. Gillespie, 88, 446.

Sur. au. act June 3, 1896; made by Lt. Col. Mansfield, 1897 (R. partly fav.), (see Projects), 97, 872.

Au. act June 6, 1900; made, 1900, by Col. Suter,³ 01, 1092.

Au. act Mar. 2, 1907; made, 1907-08, by Lt. Col. Burr,⁴ 08, 77.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 79.

Charles R. imp. enables delivery of large shipments of coal, wood, etc., at wharves on R., saving handling and rail transfer, 02, 100; 09, 64.

Freight rates some 50% less than 15-20 years ago, at 1905, 05, 59.

Effect on f. rates owing to increased size of steamers, 10, 75.

Details of, 11, 1181; 12, 1392.

Diagrams of freight valuations and of appns., 12, 1392.

"The foreign exports and imports for the port of Boston during the calendar year ending Dec. 31, 1911, amounted in value to \$189,575,378, being an increase of \$122,888,587 over the valuation in 1867, when the systematic improvement of the channels was begun.

"As to the effect of the improvement on freight rates the general manager of the principal foreign steamship lines entering this port states that about 30 years ago steamers were employed with a loaded draft of 20 to 24 feet; 22 or 23 years ago, of 25 to 26 feet; 14 years ago, 27 or 28 feet; 10 years ago, 28 feet 9 inches; later, 31 feet; and recently one of 33 feet 10½ inches. He states, generally, that freight rates, caused by the larger class of steamers being used, are about 50 per cent less than they were some 15 or 20 years ago, when very much smaller steamers were engaged in the trade." 12, 59

Trustees of Barristers Hall, rent of office, \$300 per month; Boston & Maine R.R., rent of wharf, \$150 per month, 11, 1181.

1911. Great Lakes Dredge & Dock Co., r. excavation, 32,602 c. y. at \$6.45 per c. y.; Daly & Hannan Dredging Co., dr. and removal of bowlders, about 140,000 c. y. at 64¢ per c. y., 12, 1391. Boston & Maine R.R., use of dock and wharf, \$40 per month; New England Telephone & Telegraph Co., telephone service, \$176 per year, 12, 1392.

1912. Great Lakes Dredge & Dock Co., r. excavation, 78,792 cy. at \$7.50 per c. y., 12, 1391. Boston & Maine R.R., use of dock and wharf, \$40 per month, 12, 1392.

1 Remarks by Col. Benham on relative economy of work done by contract or by hired labor, 68, 838.

ENGINEERS.

Chief of Engineers. Report to Sec. War on works necessary for preservation and imp. of Boston H., Feb. 11, 1867, **67**, 476.

R. 66, ii, 30-35; **67**, 17, 47; **68**, 68, 70; **69**, 59, 60; **70**, 76, 77; **71**, 87, 93; **72**, 86, 92; **73**, 102; **74**, 111; **75**, 117, 121; **76**, 43, 45; **77**, 37, 40; **78**, 41, 41; **79**, 49; **80**, 69; **81**, 73; **82**, 73; **83**, 68; **84**, 75; **85**, 63; **86**, 63; **87**, 26; **88**, 27; **89**, 38, 368; **90**, 33, 331; **91**, 40, 424; **92**, 46; **93**, 46, 52; **94**, 44; **95**, 47, 54; **96**, 48; **97**, 55; **98**, 61, 70; **99**, 71; **00**, 81, 94; **01**, 182, 159, 1096; **02**, 98; **03**, 77; **04**, 53; **05**, 57; **06**, 55, 72, 73; **07**, 56; **08**, 58; **09**, 60; **10**, 73; **11**, 77; **12**, 85, 102, 103.

Boards:

Had extensive sur. made, 1860. Extract from **R.** 71, 885. (Gen. Totten, Prof. Bache, Commander Davis.)

Convened, Boston, July 20, 1889, by S. O. No. 38, to report upon the establishment of H. lines in Boston H. **R.** 89, 601; **90**, 532. (Col. Abbot, Lt. Cols. Gillespie and Mansfield, and Maj. Livermore.)

Convened, Boston, Jan. 23, 1891, by S. O. No. 38, to report upon the establishment of H. lines in Boston H. **R.** 91, 688. (Col. Abbot, Lt. Cols. Gillespie and Mansfield, and Maj. Livermore.)

In charge:

Col. H. W. Benham (Capt.), 1849, sea walls for protection of islds. in Boston H., **66**, ii, 33.

1866-1873. **R.** 66, ii, 30; **67**, 467, 470; **68**, 833; **69**, 439; **70**, 460; **71**, 828; **72**, 923.

Lt. Col. S. Thayer, 1852, sea walls, **66**, ii, 34.

Maj. C. E. Blunt, **66**, ii, 32.

Col. J. D. Graham, 1864, sea walls, **66**, ii, 30, 34.

Lt. Col. J. G. Foster. Preservation and imp. of Boston H., 1867 to 1871, **67**, 474.

R. 67, 474; **68**, 806; **69**, 417; **70**, 464.

Removal of Tower and Corwin Rocks, **68**, 811; **69**, 421.

History and scope of the works in Boston H., **71**, 881.

Lt. Col. G. Thom, 1871-83. **R.** 71, 878; **72**, 942; **73**, 1085; **74**, ii, 313; **75**, ii, 403, 410, 417; **76**, 167, 176; **77**, 173, 181; **78**, 207; **79**, 267; (Col.) **80**, 346; **81**, 515; **82**, 512; **84**, 588.

Maj. C. W. Raymond, 1883-86. **R.** 83, 445; **84**, 503, 510, 589; **85**, 502, 543, 545.

Maj. G. L. Gillespie, 1886-89. **R.** 86, 664; **87**, 511; (Lt. Col.) **88**, 447.

Lt. Col. S. M. Mansfield, 1889-98. **R.** 89, 572; **90**, 497; **91**, 645; **92**, 575, 584; **93**, 763, 790; **94**, 549; **95**, 620, 648; **96**, 603; **97**, 843; (Col.) **98**, 864, 886.

Col. C. R. Suter, 1899-1901. **R.** 99, 1074; **00**, 1194; **01**, 1097, 1098.

Maj. Edw. Burr, 1906-09. **R.** 06, 879; **07**, 910; (Lt. Col.) **08**, 952; **09**, 990.

Col. Frederic V. Abbot, 1910-. **R.** 10, 1108; **11**, 1178; **12**, 1388.

Assistants:

H. L. Whiting, U. S. C. S., surveys, **71**, 886.

Lt. M. B. Adams, **66**, ii, 34.

Capt. G. Burroughs, **67**, 46.

Capt. G. L. Gillespie, **69**, 59.

H. F. Bothfield, sur. of "Narrows," **73**, 1089; **74**, ii, 316, 317. **R.** 73, 1094. Sur. of Hingham H.,

75, ii, 417. **R.** 75, ii, 418; **85**, 546.

T. T. H. Harwood. **R.** 98, 890; **01**, 1102.

ESTIMATES.

(See Plans and Projects.)

1852. By Col. Benham, Great Brewster Isld. sea wall, \$35,000, **66**, ii, 34.

1866. By Col. Benham, Great Brewster Isld. sea wall (repairs), \$38,000, **66**, ii, 32. Lovells Isld. sea wall (repairs), \$12,000, **66**, ii, 32. Lovells Isld. sea wall, sea head (repairs), \$25,000, **66**, ii, 33.

1867. By Col. Benham, Great Brewster Isld. connecting wall, \$34,000, **67**, 469, 470. Lovells Isld. wall (additional), \$12,500, **67**, 472. Deer

Isld. wall (additional), \$23,500, **67**, 473. By Lt. Col. Foster, Boston H. imp., \$714,467, **67**, 475; **70**, 468.

1869. By Col. Benham, Deer Isld. wall (additional), \$8,000, **69**, 441; **70**, 462.

1870. By Col. Benham, Lovells Isld. wall (additional), \$15,000, **70**, 461; **71**, 829. Deer Isld. wall (additional), \$18,000, **70**, 462; **71**, 829.

1871. By Lt. Col. Thom, Boston H. (additional), \$231,000, **71**, 880.

1873. By Lt. Col. Thom, Boston H. (future work), **73**, 1092; **74**, ii, 321; **75**, ii, 410.

1874. By Lt. Col. Thom, Hingham H., \$11,000, **75**, ii, 418.

1876. By Lt. Col. Thom, completion of all work, \$75,000, **76**, 177.

1877. By Lt. Col. Thom, completion of work, \$55,000, **77**, 182. Man-of-war Shoal, \$43,000, **77**, 183.

1878. By Lt. Col. Thom, Anchorage and Mystic R. shoals, and Lower Middle Chan., \$165,000, **78**, 218.

1879. By Lt. Col. Thom, final completion, \$195,000, **79**, 270.

EXPENDITURES.

(See Estimates, Financial Statements, Operations, Plans, and Projects.)

1866-67, at Deer Isld., \$43.58 per l. f. of wall, **67**, 471; in 1867-68, \$24 per l. f. of wall, **67**, 471.

At Rainsford Isld. sea wall to 1870, \$22,353, **78**, 207.

At Great Brewster Isld. sea wall to 1870, \$277,082.55, **76**, i, 168; \$269,000, **78**, 207.

At Deer and Lovells Islds., 1866-70, \$133, 420.24, **76**, i, 168.

At Deer and Lovells Islds., up to 1870, \$322,000, **78**, 207.

Corwin and Tower Rocks, removal; cost, \$31,228.61, **69**, 425.

Barrel Rock, removal; cost, \$5,218, **70**, 465.

Hingham H. work; cost, \$9,116.58, **76**, 45.

FINANCIAL STATEMENTS.

(See Expenditures.)

Deer Isld., **66**, ii, 31. Deer and Lovells Islds., **67**, 47, 473; **69**, 61, 442; **70**, 76, 462; **71**, 829. Great Brewster Isld., **66**, ii, 34; **67**, 470; **68**, 838; **69**, 60, 440; **70**, 464. Boston H. imp., **68**, 820; **69**, 419; **70**, 477, 470; **71**, 94, 878; **72**, 93, 942; **73**, 104; **74**, ii, 321; **75**, ii, 411; **76**, 46, 177; **77**, 40, 182; **78**, 44, 218; **79**, 50, 267, 270.

LEGISLATION.

By Mass., app. \$175 for purchase of land for Pt. Allerton sea wall, **68**, 807; providing for the sale of land on Long Isld. Head to the U. S., **68**, 808; **69**, 418; asking app. from Congress (in 1843), **71**, 885; prohibiting the removal of st., gravel, and sand from Islds. and headlands (1856), **71**, 885.

OBSTRUCTIONS.

R. and H. act Sept. 19, 1890, app. \$20,000, Charles R., not to be used until draws in Arsenal and Market St. Br. conformed to proj., **02**, 873.

Plans, lock and dam, of State of Mass., across Charles R., Boston, app. by Sec. of War, 1904, **05**, 730.

Mount Washington Ave. Br., Fort Pt. chan., removed, **09**, 65.

OPERATIONS.

1825-32. Sea wall built at Deer Isld., **71**, 885.

1836-38. Sea wall built at Rainsford Isld., **78**, 207.

1843. 750 l. f. sea wall built at Lovells Isld., **66**, ii, 32; **71**, 835.

1849-50. 720 l. f. sea wall built at Great Brewster Isld., **66**, ii, 31, 33, 34.

1851. Repairs to sea wall at Great Brewster Isld., **66**, ii, 33.

1853-54. 640 l. f. sea wall built at Great Brewster Isld., **66**, ii, 34.

¹ By Chief of Engineers for same, **67**, 477; by H. commissioners for same, \$690,467.50, **76**, i, 168; stated in detail as \$725,467.50, **68**, 809. The est. was exceeded 50%, **76**, 177.

1864-65. 150 l. f. sea wall built at Great Brewster Isld. and 300 l. f. at Deer Isld., 66, ii, 31, 35; 67, 470.

1866-67. 490 l. f. sea wall built at Great Brewster Isld. and 340 l. f. at Deer Isld., 67, 467-469, 471. Rock work at Tower Rock, 68, 68, 81; 69, 421; 71, 886.

1867-68. 550 l. f. sea wall built at Great Brewster Isld. and 826 l. f. at Deer Isld. 92, 899 c. y. dr. from Lovells Isld., sw. pt.; rockwork at Tower Rock (excavated to 23'), 68, 68, 81; 69, 421; 71, 886.

1868-69. Paving sea wall at Great Brewster Isld.; 980 l. f. sea wall built at Deer Isld., 800 l. f. at Lovells Isld., and 456 l. f. at Gallops Isld. 66, 909; c. y. dr. from Lovells Isld., sw. pt., and 450 c. y. from Upper Middle Bar; rockwork at Corwin Rock (excavated to 23'), 69, 59, 417, 440, 441.

1869-70. 250 l. f. sea wall built at Great Brewster Isld., filling sea wall at Deer Isld., repairs to sea wall at Lovells Isld., wharf at Pt. Allerton, 867 l. f. sea wall built at Gallops Isld. 47, 294; c. y. dr. from Lovells Isld., sw. pt.; rockwork at Barrel Rock (excavated to 23'), 70, 460-470.

1870-71. 440 l. f. sea wall built at Pt. Allerton, 422 l. f. at Gallops Isld., and 670 l. f. at Long Isld. 26, 120 c. y. dr. from Upper Middle Bar; rockwork at Kelleys Ledge (excavated to 23'), 71, 87, 93, 828, 878.

1871-72. 219 l. f. sea wall built at Pt. Allerton; paving sea wall at Gallops Isld. and 522.7 l. f. sea wall built at Long Isld. 20, 355 c. y. dr. from Upper Middle Bar; rockwork at Kelleys Ledge (excavated to 23'), 72, 92.

1872-73. Jetty and apron at Lovells Isld.; 382.1 l. f. sea wall built at Pt. Allerton and 490 l. f. at Long Isld. Rockwork at Kelleys Ledge, wreck of *Delos*, 73, 102, 1085-1093.

1873-74. Repairs to sea wall at Deer Isld.; 132.2 l. f. (1,005' apron, 8 jetties) sea wall built at Pt. Allerton; 1,655' apron and 8 jetties at Gallops Isld., and 380; l. f. sea wall at Long Isld., 8, 476 c. y. dr. from Upper Middle Bar; rockwork at ledge in Narrows (excavated to 23'), 74, 111, ii, 313.

1874-75. 975' apron and 10 jetties built at Long Isld. 21, 295 c. y. dr. from Lovells Isld., sw. pt.; 52,755 c. y. from Upper Middle Bar, and 19,820 c. y. from Great Brewster Spit; sur. at Hingham H.; rockwork at Kelleys Ledge and State and Palmyra Rocks (excavated to 23'), 75, 117, ii, 403-10, 417.

1875-76. 9,763 c. y. dr. from Lovells Isld., sw. pt.; 95,002 c. y. from Upper Middle Bar, 9,406 c. y. from Great Brewster Spit, and 25,160 c. y. from Hingham H.; rockwork at Kelleys Ledge, ledge in Narrows, and Hingham H., 76, 168, et seq.

1876-77. Repairs to sea wall at Deer Isld. 64, 136 c. y. dr. from Upper Middle Bar; rockwork at Great Brewster Spit, Nashs Rock (excavated to 21'), and Kelleys Ledge, 77, 173, et seq.

1877-78. Rebuilt sea wall at Lovells Isld. 29, 133; c. y. dr. from Lovells Isld., sw. pt., and 1,484 c. y. from Upper Middle Bar; rockwork at ledge Middle Bar, Nashs Rock, and Kelleys Ledge, 78, 207, et seq.

1878-79. Repairs to sea walls at Rainsford Isld., Deer Isld., Gallops Isld., and Long Isld., and rebuilt sea wall at Lovells Isld. 46,000 c. y. dr. from Man-of-war Shoal; rockwork at Upper Middle Bar, Nashs Rock (excavated to 20½'), and Kelleys Ledge, 79, 268, et seq.

1879-80. 146 c. y. removed from Kelleys Ledge; 39,917 c. y. dr. from Man-of-war Shoal; 21,054 c. y. dr. from Anchorage; 47,953 c. y. dr. from Mystic R. near mouth of Boston H.; sea wall repaired, 80, 347.

1880-81. 30,409 c. y. dr. from Anchorage Shoal; 5,007 c. y. dr. from Lower Middle Shoals; 33,114 c. y. dr. from Charles R.; 48,343 c. y. dr. from Mystic R. near mouth of Boston H.; 21,924 c. y. dr. from Nantasket Beach Chan.; sea walls repaired, 81, 516.

1881-82. 63,453 c. y. dr. from Anchorage Shoal; 48,530 c. y. dr. from Mystic R. near mouth of Boston H.; 29,885 c. y. dr. from Charles R.; 19,998 c. y. dr. from Nantasket Beach Chan.; sea walls repaired, 82, 513, 519.

1882-83. 40,327 c. y. dr. from Anchorage Shoal; 33,490 c. y. dr. from Mystic R. near mouth of Boston H.; 12,500 c. y. dr. from Charles R.; 50 c. y. r. removed from Nantasket Beach Chan.; sea walls repaired, 83, 447.

1883-84. 19,990 c. y. dr. from Nixs Mate Chan.; 31,950 c. y. dr. from Castle Isld. Shoal; 57,631 c. y. dr. from Charles R.; sea walls repaired, 84, 504.

1884-86. Repairs to sea walls, 85, 63, 86, 63.

1886-87. 94,211 c. y. dr. from Fort Pt. Chan.; repair to e. sea wall at Lovells Isld. and s. and middle walls at Deer Isld., 87, 512, 516.

1887-88. 69,000 c. y. dr. from main ship chan., 88, 450.

1888-89. Repairs made to granite sea wall at Georges Isld., by hired labor. 1,500 running f. of granite ashlar and 300 s. y. of shell-st. paving delivered on Gallops Isld. sea wall; work begun by hired labor on extension of sea wall; 146,556 c. y. dr. in "Upper and Lower Middles," 89, 573, 574, 575.

1889-90. Extension of granite wall at Gallops Isld. completed by hired labor; repairs made to middle and north head walls at Deer Isld. by hired labor; 5,942 c. y. dr. and 111 c. y. ledge removed from "Upper and Lower Middles"; 9,025 c. y. dr. from Nantasket Beach Chan., 90, 499-504.

1890-91. Constr. of Gallops Isld. sea wall in progress; repairs to n. and middle head walls at Deer Isld., 91, 647, 19,724 c. y. dr. from Nantasket Beach Chan., 91, 651, 16,440 c. y. dr. from the w. end of Brewster Spit, 91, 652.

1891-92. Repairs to sea wall at Great Brewster Isld.; extension of sea wall at Gallops Isld. completed; 1,100 t. of rubblest. used as riprap protection for the beach w. of sea wall at Long Isld.; 12,070 c. y. dr. from w. end of Brewster Spit; 130,962 c. y. dr. in extension of main ship chan.; 74,779 c. y. dr. from main ship chan. at upper middle bar; 70,674 c. y. dr. from chan. between Nixs Mate and Long Isld., 92, 576-581.

1892-93. Sea wall at Great Brewster Isld. repaired, and riprap at w. end of the Long Isld. sea wall extended, 93, 764, 137,213 c. y. dr. from Middle Shoal, 93, 767, 21,594 c. y. dr. from Nantasket Beach Chan., 93, 769, 20,697 c. y. dr. from Jeffries Pt. Chan., 93, 770.

1893-94. Proj. for Jeffries Pt. and Nantasket Beach Chans. completed; 302,231 c. y. dr. from main ship chan. (maps), 94, 552-554.

1894-95. Ledge in Nantasket Beach Chan. removed; dr. in main ship chan. in progress; 80,048 c. y. dr. from the Narrows, 95, 624-627.

1895-96. Ledge removal in progress; sea walls in course of repair, 96, 604-605.

1896-97. Repairs made to about 150' of sea wall and about 400' of dike; in connection with preceding years, 6,421 c. y. ledge removed, 97, 843-845. About 21,000 c. y. dr. from Chelsea Creek, 97, 845.

1897-98. 228 l. f. sea wall repaired; 2,301 c. y. ledge removed from main ship chan.; 479,308 c. y. dr. from Narrows, 98, 865-867.

1898-99. Sea walls under repair; 671,394 c. y. dr. from main ship chan., 99, 1075-1076.

1899-00. Sea wall repairs in progress; 875,505 c. y. dr., 00, 1195-1197.

1900-01. 554,503.5 c. y. dr. and 3,200 c. y. ledge removed from main chan.; 206,072 c. y. dr. and 18 c. y. bowlders removed from Broad Sound; sea walls at Rainsford and Castle Islds. repaired; repairs in progress to sea wall at Middle Head, Deer Isld., 01, 1079.

1901-02. 388,884.5 c. y. dr. and 246 c. y. r. removed from main ship chan.; 380,844 c. y. dr. and about 15 c. y. bowlders removed from Broad Sound Chan.; sea walls repaired at Pt. Allerton, Great Brewster and Deer Islds., 02, 871, 873, 13,255 c. y. dr. from Chelsea Creek, 02, 874.

1902-03. 12,260 c. y. dr. and 1,651 holes drilled and blasted in main ship chan.; 240,681.5 c. y. and about 85 c. y. bowlders dr. and about 21 c. y. ledge removed from Broad Sound Chan.; 60,881 c. y. clay and 4.2 c. y. bowlders removed from section 2, 35' chan.; sea wall on Deer Isld. completed, and sea walls repaired on Castle, Georges, Gallops, Great Brewster, and Long Islds., 03, 764, 765, 4,732 c. y. dr. from Chelsea Creek, 03, 767.

1903-04. 11,993 c. y., s. m., r. and 23,147 c. y. other material removed from main ship chan. under 27' proj.; 61,359 c. y. dr. and about 66 c. y. bowlders removed under 30' proj.; 1,203,349 c. y. dr. under 35' proj.; repairs made to sea walls on Deer, Long, Lovells, and Great Brewster Islds., 04, 850-52.

1904-05. Rock removal continued; and 26,600 c. y. dr. (in maintain) under 27' proj. by hired plant, at cost of .75¢ c. y., and 46, 841 c. y. by U. S. hydraulic dredge "General Gillespie" at cost of 44¢ c. y.; 39,568 c. y. dr. and 156 c. y., p. m., rock removed under 30' proj.; 2,242,502.5 c. y. dr. and 4.2 c. y. bowlders removed under 35' proj., 05, 815-17. Repairs made to sea walls on Deer, Rainsford, Great Brewster, and Georges Islds., 05, 818.

1905-06. 11,983.5 c. y., s. m., rock removed from main ship chan. under 27' proj.; 36,859 c. y. dr. and about 14 c. y. bowlders removed in completing 30' proj.; 3,059,763 c. y. dr. 6.221 c. y. bowlders and 10,985 c. y. rock removed under 35' proj., 06, 879. Sea walls repaired on Deer, Gallops, and Lovells Islds., 06, 880. 125,261 c. y. dr. from Chelsea Creek, 06, 881.

1906-07. 1,363 c. y. rock removed under 27' proj.; 1,670,394 c. y. dr. and about 20 c. y. bowlders and 33,091 c. y., s. m., rock removed under 35' proj., 07, 910, 911. Sea walls on Deer Isld. repaired; 152,053 c. y. dr. from Fort Pt. Chan., 07, 911. 69,830 c. y. dr. and 3.65 c. y. bowlders removed from Chelsea Creek completing the au. chan., 07, 912.

1907-08. 1,846,721 c. y. dr., 67 c. y. bowlders, and 36,463 c. y. ledge rock removed under 35' proj.; 5,887 c. y. dr. from Fort Pt. Chan., completing the proj., 08, 953. Table showing progress of work on 35' chan., 08, 953.

1908-09. 3,408,450 c. y. dr., 5.43 c. y. bowlders removed, and rock removal continued (contract of Apr. 26, 1905, completed, and contract of July 11, 1907, 98% completed), 09, 990. 17,262 c. y. dr. from Fort Pt. Chan., at site of removed Mt. Washington Ave. br., 09, 991.

1909-10. 4,168,039 c. y. dr., 42 c. y. bowlders removed, 3,010 c. y. rock removed, completing contract of July 11, 1907, and ledge points containing 5.26 c. y. removed under emergency contract; 195 c. y. dr. from Fort Pt. Chan. at site of removed Mt. Washington Ave. br., 10, 1108.

1910-11. Sea walls on Lovells, Great Brewster, and Georges Islds., and riprap beach protection at Lovells Isld. repaired; riprap protection extended around Lovells Isld. and placed in front of sea wall around Long Isld. Head; 20 points of loose broken r. removed from imp. (27') chan., 11, 1178. Progress of work on 35' chan., 11, 1179.

1911-12. Repairs made to sea walls at Rainsford, Deer, Gallops, and Castle Islds. and Pt. Allerton; riprap beach protection at Lovells Isld. completed; riprap beach protection placed in front of sea wall around Long Isld. Head; tide gauge placed off Spectacle Isld., 12, 1388. Progress of work on 35' chan., 12, 88, 1389.

PHYSICAL CHARACTERISTICS.

Of Deer Isld., 66, ii, 30; 67, 472; of Lovells Isld., 66, ii, 32; 67, 472; of Great Brewster Isld., 66, ii, 33; of Tower Rock, 68, 811; of Tower and Corwin Rocks, 69, 422; of Barrel Rock, 70, 465; of Ft. Allerton, 71, 889; of Boston H., 71, 882; Islds. and anchorages, 71, 882; destruction of Islds., 71, 884; extent of same, 71, 886, 889; 74, ii, 320; of Lovells Isld. Shoals, 73, 1089; of "Narrows," 73, 1096; of Hingham H., 75, ii, 417, et seq.; of Man-of-war Shoal, 77, 183; of Chelsea Cr., 79, 791.

Details of, 91, 646.

Description of, sur. of 1897, for 30' chan., 98, 887. Storms damaging seawalls, 00, 1195; 01, 1079.

Details sur. of 1900, Boston H., borings, ledges, etc., for 35' chan., 01, 1096.

Charles R., 09, 63; Fort Pt. Chan., 09, 65; 12, 89.

PLANS.

(See also Projects.)

For Hingham H. imp., 75, ii, 417, 419.

PRIVATE (CITY AND STATE) WORK.

Sur. by city of Boston. (See Surveys.)

Est. by H. commissioners. (See Estimates.)

Details of imp. made by Charles R. Basin Commission (see Obstructions), 08, 61; 09, 63.

PROJECTS.

(See Estimates and Plans.)

By Lt. Col. Thayer, 1849, for Great Brewster Isld. sea wall, 66, ii, 33.

By Col. Graham, 1865, for repairs of Deer Isld. sea walls, 66, ii, 31.

By Lt. Col. Benham, 1866, for repairs, 66, ii, 31.

By Lt. Col. Foster, for imp. of Boston H. by dr., sea walls, and removal of rocks, 67, 474; 70, 468.

By Lt. Col. Thom, 1873, for new work, removing Nashs Rock, Narrows Rock, State Rock, and wreck of Delos, 73, 1091.

By Lt. Col. Thom, 1874, for sundry rockwork, 74, ii, 318.

By Lt. Col. Thom, 1874, for imp. Hingham H., 75, ii, 410, 418.

By Lt. Col. Thom, 1878, for Anchorage Shoal, Lower Middle Bar, and Mystic R., 78, 217.

The projects for the imp. of Boston H. have had for their object, first, its preservation by protecting the shores of the Islds. and headlands by sea walls, aprons, and jetties, thus preventing additional wash into the chans., controlling the tidal scour, and preserving the full height of anchorage shelter for vessels in the roadsteads; secondly, the imp. of the H. by w., d., and straightening the chans. through dr. and r. removal, 90, 498.

The imp. undertaken since 1866 have been proj. as the necessities of the H. required, being in general conformity with the recoms. of the U. S. commissioners, whose labors terminated in 1866.

The projects in detail have been as follows: Protection of w. shore line of Georges Isld. by st. apron, to cost \$10,000, 88, 449. Increased in 1889 to \$35,000, 89, 579. Extension of sea wall at Gallops Isld., to cost \$15,000, 88, 449. Repair and extension of rubblest. apron protection to Long Isld., to cost \$3,000, 88, 449. Constr. of sea walls at s. and e. bluffs of Governors Isld., to cost \$80,000, 88, 450.

TRIBUTARY CHANNELS.—Charles R.—Existing proj., that of 1880; i. e., to w. and d. from mouth to Western Ave. Br., 7' x 200'; thence to Market St. Br., 6' x 80'; thence to dam at tide water head, 60' x 2'; est., \$125,000, 98, 868; 01, 153. Fort Pt. Channel—Existing proj., that of 1886, chan., 175' x 23', from entrance to near Federal St. Br.; est., \$78,750, 98, 868; 01, 153. Chelsea Creek—Existing proj., those of 1896, dr. chan., 18' x 150', m. h. w. from head of navigation, 5,500'; est., \$65,000, 95, 649; 98, 869; 00, 1199; 01, 153; that of 1912, dr. chan., 25' x 150' from 25' chan., Boston H., for about ½ m.; est., \$85,000, 12, 86.

In 1867 it was proposed to dr. the main ship chan., to a d. of 23' at m. l. w., 1,000' w. at the "Upper" and "Lower Middle," and 685' w. at the "Narrows." In 1870 the proposed w. at the Narrows was reduced to 625', and increased to 1,100' at Anchorage Shoal in the inner H. In 1887 it was proposed to straighten the passage through the "Narrows" by cutting off a spur projecting from Lovells Isld. In 1888 it was est. that to complete the imp. the main ship chan. would require 687,500 c. y. to be dr. from the "Upper Middle" in the inner H.; est. cost, \$250,000, 88, 450, 451.

The proj. proposed by Maj. Raymond in 1885 for the imp. of the Fort Pt. Chan. was for the excavation of a chan., 175' w. and 23' d. m. l. w., from the entrance to near Federal St. Br., 4,100'; est., \$100,000. \$60,000 still required for completion in 1888. 88, 452, 453.

The proj. for imp. of the chan. between Nixs Mate and Long Isld., au. 1883, was to dr. a chan. 200' w., 12' d., m. l. w., and about 550' l. In 1887 it was recom. that the axis of the cut be shifted 30° to the westward, and that it be w. to 300', 15' d. at m. l. w. Orig. proj. est. to cost \$9,000. Proj. as revised in 1887 was est. at \$25,000, 88, 453, 454. Sur. of the main ship chan. e. of Long Isld. Head was provided for in 1888, at a cost of \$6,000, 88, 454.

The general proj. in 1889 included, in addition to the above, a proj. for the extension of Pt. Allerton

sea wall, to cost \$15,000, and for the repair of Great Brewster Isld. sea wall, to cost \$10,000, 89, 579. Also, in 1890, a proj. for dr. at the w. end of Brewster Spit, to cost \$15,000, 90, 505.

The aggregate cost of the foregoing proj. is \$455,000, and the aggregate est. for completion in 1890 was \$395,000, 90, 505.

The proj. for imp. Boston H. by the excavation of a chan. of 23' d., m. l. w., having been essentially completed in 1891, Lt. Col. Mansfield proposed d. the main ship chan. in Boston H. to 30' m. l. w.; est., \$1,500,000, 92, 584.

By Lt. Col. Mansfield, 1892, for revising proj. to provide for a 27' chan. 1,000' w. in main ship chan., m. l. w.; est., \$1,250,000, 93, 766.

By Lt. Col. Mansfield, 1893, for expend. of available funds in imp. of main ship chan., 93, 767; for use of available funds for Nantasket Beach Chan. in obtaining a d. of 12' m. l. w., 93, 769; and for completion of proj. for Jeffries Pt. Chan. with available funds, 93, 770.

By Lt. Col. Mansfield, 1894, for an 18' chan., 150' w., in Chelsea Creek, m. h. w. from B. & M. R. R. Br. to head of navigation; est., \$65,000, 95, 649.

In 1898 Col. Mansfield est. \$358,750.78 to complete the proj. of 1892, 98, 867.

By Col. Mansfield, 1898, for dr. a 30' x 1,200' chan. in main ship chan., m. l. w., from President Roads through Broad Sound Chan.; est., \$481,941.57, 98, 867, 889.

By Col. Suter, 1900, for removal of some ledges uncovered in main ship chan.; est., \$75,900, 1900, 1197.

In 1901, max. dr. over shoalest part of main ship chan. was 26' m. l. w., 01, 152; Broad Sound Chan., 30', 01, 153.

Lt. Col. Stanton est., 1901, \$79,428.60 to repair sea walls on Deer, Great Brewster, and Gallops Islds., and Pt. Allerton, 01, 1080.

To 1890, \$77,500 had been appr. for Charles R.; 1904, that proj. 40% done, 04, 853.

By Col. Suter, for a chan. 35' d. and 2,000' w., to Broad Sound, and 35' d. and 1,500' w. through the upper H.; est., \$10,612,710.46,¹ 01, 1096, 1101; modified by act of 1902 for w. of 1,500' and 1,200'; est., \$7,994,248.68,¹ 02, 98; act of 1907 au. the completion of the 35' chan. to the full proj. w., 07, 58.

Lt. Col. Stanton recom. that \$20,000 appr. 1890 for Charles R. be expended on chan. only up to Bracketts Wharf; chan. above considered unworthy, 03, 79; 04, 56; appr. carried to surplus fund by act Mar. 4, 1909, 09, 64.

Act July 25, 1912, provides for imp. of Chelsea Creek from 35' chan., Boston H., for about $\frac{1}{2}$ m. chan. to be 150' x 25' m. l. w.; est., \$85,000; provided 24-in. water main is lowered without expense to U. S.,² 12, 86.

SURVEYS.

Made by the H. commissioners of Boston during several years, 67, 477.

Extensive sur. made, 1860, by U. S. Coast Sur. at cost of city of Boston for the U. S. commission, 71, 885.

Of Narrows, by H. F. Bothfeld, 1872, 73, 1089. R., 73, 1095.

1909-10. 21,331 c. y. dr. from Malden R., 10, 1106.

PHYSICAL CHARACTERISTICS.

Description of, 81, 532; 01, 151; 05, 55, 56; 10, 69, 70, 71; 12, 80-82.
Description of, Mystic R., 91, 672.
Mean range of tides, 1903, 9.8', 03, 75, 76.
Mystic R. rises in Mystic Lakes, Mass., flows for 7 m. se. to Boston H., near Charlestown navy yard; Malden R. rises in Melrose, Mass., flows 4½ m. s., and empties into Mystic, 3 m. above latter's mouth; proj. section on Malden, 1.6 m. above junct., 12, 81.

PLANS. (See Projects.)

In 1883, after ex., Lt. Col. Gillespie reported that the cost of straightening and d. the existing chan. in Malden R. to admit of 12' at h.-w. range of tides (est., \$37,000) was incommensurate with the C. interests, 89, 594.

PROJECTS. (See Plans.)

Proj. orig. proposed by Col. Thom, 1880, was to excavate a chan. 100' x 12' m. h. w. up to the second br. in Malden, with 2 cut-offs, one e. of the isld. near the mouth of R., and one through the marsh ½ m. above; est., \$40,000. Proj. modified, 1882, when it was proposed to make the natural chan. of R. 100' x 12' m. h. w., to the first br. in Malden, thence to the second br. 75' w. with the same d.; est., \$47,000, 81, 532, 533; 85, 519; 86, 580.

Lt. Col. Gillespie stated, 1888, that the imp. chan. met all existing requirements, and further app. not recom., 88, 456.

By Lt. Col. Mansfield, 1891, Mystic R., Boston & Maine R.R. br. to the head of navigation, w. and d. the natural chan. to 100' x 6' m. l. w. to the first turn above Dennings Wharf, thence to the head of navigation 4', with the w. gradually reduced to 50' at Cradock Br.; est., \$25,000, 91, 47, 674, 675.

In 1890, Mystic R. and Malden R. works combined; proj. being the completion of the proj. of 1882; est., \$37,000, for Malden R., 00, 1191.

By Lt. Col. Mansfield, 1892, using \$5,000 of 1892 app. to imp. Malden R. whenever additional funds would be available, and for expend. \$5,000 for Mystic R. as proposed, 93, 762.

In 1894 Lt. Col. Mansfield proposed to use available funds to complete the proj. for imp. of Mystic R. to a point 1,500' above Dennings Wharf, and to w. the imp. chan. of Malden R. to 70' to the first br., 95, 619.

By Lt. Col. Mansfield, 1896, expend. of available funds in completing the imp. of Mystic R. as far as funds would permit, in completing the proj. for the imp. of Malden R. below the first br., and in making a cut of full d. and 25' w. above the br., 97, 841.

Malden R. above Medford St. Br. unworthy of U. S. imp., 02, 97.

Act July 25, 1912, au. increasing d. Malden R. to 6' m. l. w. by dr., material placed behind dikes on shore; conditional on local and State coöperation; est., \$80,000; 12, 82.

1891-92. 5,585 c. y., dr. 92, 585.

1894-95. 18,528 c. y. dr. 95, 630.

1895-96. About 17,000 c. y. dr. 96, 607.

1896-97. 9,000 c. y. dr. 97, 849, and 48,086 c. y. dr. (Back), 97, 850.

1899-00. 34,789 c. y. dr. 00, 1205.

1905-06. 148,995 c. y. dr. below and 11,245 c. y. above Weymouth Fore R. Br., 06, 886-87.

1906-07. 49,714 c. y. dr., completing proj. below Br., 07, 918.

1907-08. 26,236 c. y. dr., completing and restoring the au. chan. in Back R., 08, 961.

1911-12. 268,451 c. y. sand and gravel, 2,889 c. y. bowlders, and 1,051 c. y., s. m., broken r. removed from Fore R.; 10,030 c. y. dr. from Back R., 12, 1397, 1399.

PHYSICAL CHARACTERISTICS.

Description of (Fore), 90, 523, 12, 93; (Back) 91, 682; 97, 874; 12, 94.

PROJECTS.

By Lt. Col. Mansfield, 1889, dr. from Quincy Pt. to E. Braintree, chan. 7,000' x 50'-100' w. and 6' d. m. l. w.; est., \$40,000, 90, 522; 92, 584.

By Lt. Col. Mansfield, 1891, excavation of chan. (Back) through outer bar 200' w. and 12' d. m. l. w., and also w. and d. natural chan. to the same dimensions up to the wharf of the Fertilizer Co.; est., \$22,000, 91, 683.

By Lt. Col. Mansfield, 1892-96, use of available funds to w. the main chan. to 60' below Braintree Br., and to complete chan. above Br., 93, 773; 95, 630; 97, 849.

By Lt. Col. Mansfield, 1896, chan. in Weymouth (Back) R. from outer bar to wharf of the Fertilizer Co., 100' w. and of full proj. d., 97, 850.

Lt. Col. Mansfield, 1897, est. \$49,834.01 for further advisable impt. (Back R.), 97, 875.

By Lt. Col. Stanton, for chan. 18' x 300' to Weymouth Fore R. Br.; est., \$57,500, 04, 896. Au. act Mar. 3, 1905, 05, 62.

Dr. of 5' chan. (Back R.) to naval magazine at Hingham wharves undertaken, to be paid from R. and H. funds, and to be reimbursed from app. for naval magazine, 10, 80.

Act Feb. 27, 1911, au. proj. to w. and straighten, by dr. and ledge removal, existing chan. below Weymouth Fore R. Br., incl. removal of Channel Rock; est., \$140,000,¹ 11, 83.

SURVEYS.

Au. act Aug. 11, 1888 (Fore); made, 1889, by Lt. Col. Mansfield, 90, 522.

Sur. au. act Sept. 19, 1890 (Back); made, 1891, by Lt. Col. Mansfield, 91, 683.

Sur. (Back) au. act June 3, 1896; made by Lt. Col. Mansfield, 1897 (see Projects), 97, 873.

Pre. ex. and sur. of Weymouth Fore R. au. act June 13, 1902. R. by Lt. Col. Stanton² (see Projects), 04, 70, 891.

Pre. ex. and sur. below Quincy Pt. Br., with view to straightening and imp. chan., au. act June 25, 1910. R. by Col. Abbot, 1910 and 1911; est., \$140,000,¹ 11, 92.

Cong. docs., etc., relating to exs., surs, plans, etc., 12, 93, 95.

PROJECTS.

Proj. for the imp. proposed by Lt. Col. Thom (1878), and adopted in 1880, was for 2 rubblest. jetties converging from opposite banks, and for dr. an anchorage basin with chans. connecting with the sea and the town wharves, the n. j. from Cedar Pt. to be 800' l., and the s. j. from the pt. of the "First Cliff" to be 730' l.; both js. to be 20' w. on top and 4' above m. h. w., except at their outer ends, which are to be built 6' higher to serve as sites for entrance beacons; the anchorage basin to be approx. 30 acres in area; the entrance chan. to be 2,700' l. and 300' average w.; recom. by BE., 1880, that area behind inner break'r be excavated to 12', increasing to 15' at the s. end of the outer break'r, 81, 526; 87, 523.

Est. dr. (including the entrance chan.) was 500,000 c. y.; est. cost of js., \$100,000, and of the dr., \$190,000, making a total for the proj. of \$290,000, 88, 458; 92, 587.

By Lt. Col. Mansfield, 1892, use of available funds to constr. 300' of s. break'r, 93, 777.

By Lt. Col. Mansfield, 1894, use of available funds to extend the s. break'r, 95, 633.

By Lt. Col. Mansfield, 1896, dr. entrance chan. 7' x 75', 97, 852.

By Col. Suter, 1899, redr. chan. from the anchorage basin; est., \$7,500, 99, 1084.

BERH. recom. that proj. be abandoned, and a chan. 6' x 100' be dr. from the entrance to the docks; est., \$18,000, 03, 780.

Benefits to be expected disproportionate to cost of completing and maintain. imp.; no further est. submitted, 08, 69.

SURVEYS.

By S. Haagensen, 1878, by Lt. Col. Thom. R., 79, 284.

Of chan., 1886, 86, 563.

In 1899 by Col. Suter. (See Projects.)

1891-92. 11,586 c. y. drd., and 1,300 l. f. Long Beach bulkheads repaired, **92, 589, 590.**

1892-93. 14,998 c. y. drd., **93, 779.**

1893-94. Repair of bulkhead walls on s. end of Long Beach in progress, **94, 561.**

1895-96. Proj. completed, **97, 855.**

1896-97. 1,216½' of bulkhead constr., **97, 855.**

1899-00. 44,232 c. y. drd.; 550' riprap constr., **00, 1212.**

1900-01. 12,256.75 t. st. deposited, forming 3,391.5 l. f. of dike on Long Beach, **01, 1087.**

1901-02. 13,728 t. st. placed, completing 6,526.5 l. f. dike, **02, 882.**

1902-03. 12,200 c. y. dr. in mainten. of turning basin, **03, 782.**

1903-04. 2,085 c. y. drd., from orig. bed of Eel R.; dam of earth and sandbags built across new bed, and 891 l. f. st. dike built, **04, 862.**

1904-05. 4,256 t. st. deposited in dike, **05, 829.**

1905-06. Repairs made to dike on Long Beach, **06, 890.**

1909-10. Riprap dike extended 616 l. f., using 2,499 t. rubblest.; repairs to dikes, **10, 1116.**

1910-11. 2,133' riprap dike repaired by deposit of 3,990 t. st., **11, 1190.**

1911-12. 1,301' riprap dike repaired by deposit of 3,230 t. st., **12, 1401.**

PHYSICAL CHARACTERISTICS.

Description, **67, 46; 69, 411; 70, 455, 456; 71, 893; 75, ii, 413; 76, 177; 77, 184; 78, 219; 79, 271; 95, 646; 97, 878; 99, 1088.**

Of Goose Pt. chan., **85, 538; 89, 596.**

Description of Gurnet Rock and other rs. at mouth of Plymouth H., **97, 863.**

Dr. chan. and basin shoaling, **99, 1088.**

H. 45 m. by water s. of Boston. H. contains 2,000 acres, almost all of which, except chans., is dry at l. t., **12, 97.**

PLANS. (See Estimates and Projects.)

By S. Haagensen, 1874, dr. a good beating chan., **74, ii, 350.**

By Maj. Houston, 1869, break'r of st., or béton-coignet, **70, 457, 458.**

By Maj. Raymond, 1884, excavating a chan. 100' x 5' m. l. w., Goose Pt. to Cordage Co.'s wharf, 1 m.; est., **\$42,000.** Maj. Raymond does not, however, consider the H. worthy of imp., **85, 538, 539.**

In 1888 Lt. Col. Gillespie est. cost of imp. of Goose Pt. Chan. by dr. and r. removal at \$40,000,

and did not consider the imp. warranted by the C. interests involved, **89, 597.**

PRIVATE (CORPORATE) WORK.

Constr. and repairs, 1868, by the State authorities; expense, **\$2,000, 68, 804; 69, 410; 76, 178; 77, 185.**

Town of Plymouth at its own expense undertakes to restore and d. to 10', m. l. w., chan. and basin completed by U. S., **09, 72.**

PROJECTS. (See Estimates and Plans.)

By Maj. Mendell, 1866, break'r and js., **66, ii, 28.**

By Capt. Smith, 1868, stronger work, consisting of cribs, **68, 804; 69, 411; 70, 456.**

By Maj. Houston, 1869, bulkhead, with js. in front and rear, **70, 457.**

Prior to 1875 apps. were applied to the protection and preservation of Long Beach; the aggregate of apps. from 1824 to 1874, incl., was **\$103,566.90.**

By Lt. Col. Thom, 1874, dr. a chan. 100' x 6' from the "Middle Ground" to "Long Wharf" at Plymouth, **75, ii, 414.** Modified, in 1876, to provide for dr. a basin 866' x 150' x 8' in front of the town wharves, **76, 181; 77, 188; 78, 221; 81, 528; 86, 571; est., \$28,000, 12, 98.**

In 1884-85 it was proposed to w. the chan. to 150' and d. to 9', **84, 516; 85, 511.** The amount appd. from 1875 to 1886, incl., was **\$68,500**, when it was est. that **\$15,500** would be required to complete existing proj., **86, 65; 88, 460.** Increased to **\$17,500** in 1889, **89, 586.**

By Lt. Col. Mansfield, 1892, repairing protecting works of Long Beach, est. **\$2,000;** repairing and extending the works on the s. part of the beach, est. **\$2,500;** the balance of available funds to be used in w. the imp. chan. to 150' to complete proposed r., **93, 779.**

Lt. Col. Mansfield est., 1897, **\$8,716.95** for further imp. of the H. in the vicinity of Middle Ground, **97, 877.**

By Col. Suter, 1899, repairing beach; est., **\$95,700.** Congress app. **\$75,000, 99, 1087.**

By Col. Suter, 1899, redr. chan. and basin with **\$10,000** app. by Congress, **99, 1088.**

SURVEYS.

Ex. by Maj. Mendell, 1866, **66, ii, 28; 67, 456.**

By S. Haagensen, 1872, under direction of Lt. Col. Thom, **73, 1099.** 1874. Resur. **R., 74, ii, 348, 349.**

Of chan. and basin, 1884, **84, 515.**

Of Long Beach, 1886, **86, 572.**

Ex. of chan. from Goose Pt., in Plymouth H., to the wharf of the Cordage Co. au. act July 5, 1884; made, 1884, by Maj. Raymond (**R.** unfav.; see Plans), **85, 538.**

Ex. of Goose Pt. Chan. to public wharf at Kingston au. act Aug. 11, 1888; made, 1888, by Lt. Col. Gillespie (see Plans and Projects), **89, 596.**

Ex. with a view to removing obstr. shoals in the H., and to d. excavated chan., au. act Aug. 17, 1884; made by Lt. Col. Mansfield, 1894 (**R.** fav. for limited imp.), **95, 646.**

Ex. Gurnet and other rs. at the H. mouth au. act June 3, 1896; made by Lt. Col. Mansfield, 1897 (**R.** unfav.), **97, 863.**

Sur. au. act June 3, 1896; made by Lt. Col. Mansfield, 1897 (**R.** fav.; see Projects), **97, 877.**

Minor sur. made by Col. Suter, 1899, **99, 1088.**

Pro. ex. and sur. au. act Mar. 2, 1907, with view to constr. rubblest. break'r from Long Beach e. along crest of Browns Isld. **R.** by Lt. Col. Burr, 1907 and 1908¹ (unfav.), **09, 78.**

Pro. ex. and sur. au. act June 25, 1910 (**R.** to come.), **12, 102.**

B-176 CAPE COD SHIP CANAL, MASS.¹**COMMERCE.**

History of C. passing across the isthmus of Cape Cod since 1623, **70**, 478, 479.

Importance of, during the war of 1812, **70**, 478, 479.
Benefit of imp. to C., **70**, 477, 481, 485, 486, 487, 492, 495.

Value of facilitating inland coastwise trade, especially during war, **70**, 487, 488, 494.

ENGINEERS.

Chief of Engineers. **R.**, **70**, 476, 491; **97**, 64.

Boards:

1825. Board of internal imp. report in favor of a canal route via Buzzards and Barnstable Bs., **70**, 480. **R.**, **70**, 491. (Gen. Bernard, Maj. Totten, and J. L. Sullivan.)

1860. Advice of board to committee appointed by the State legislature to investigate the proposed location and constr. of canal, **70**, 481.

In charge:

Lt. Col. J. G. Foster, 1870, **70**, 477. **R.**, **70**, 477, 489.

Lt. Col. S. M. Mansfield, 1897. **R.**, **97**, 864.

ESTIMATES. (See Plans.)

By Lt. Col. Foster, break'r to protect the canal, \$1,923,400, **70**, 477. For ship canal, \$9,703,525, **70**, 490.

Early est. for canal, **70**, 494.

LEGISLATION.

Resolution of Mass. in favor of granting aid to the Cape Cod ship canal by the constr. of a break'r at the e. end of the canal, **70**, 477.

Charter granted by Mass. for canal, **70**, 477.

1791. Committee appointed by the State legislature to investigate practicability and cost of a navigable chan. across the isthmus, **70**, 479.

Subsequent legislation, **70**, 478, 479, 481, 490.

PHYSICAL CHARACTERISTICS.

Tidal record, **70**, 482, 483, 492, 494.

Max. velocity in canal that would be caused by tide, **70**, 483, 484.

Temperature of water and climate, **70**, 484, 494.

Sand at Barnstable B., **70**, 495.

Description of Cape Cod Hs., **70**, 495.

PLANS. (See Estimates.)

History of early plans, **70**, 478, 479.

By G. R. Baldwin, canal to begin at Back R. H., to be 7.6 m. l., 120' w. at bottom, 204' at w. line, and 18' d., to be fed from Barnstable B. Locks and receiving basins at each end, and a break'r at Barnstable B. side, **70**, 481.

By Lt. Col. Foster, break'r to form an artificial H. and protection to canal, **70**, 488, 489. General conclusions of Lt. Col. Foster, strongly advocating an open canal, **70**, 483-489.

SURVEYS.

By Mr. Machin, to determine the practicability of a canal, 1776, **70**, 479.

By John Hills, 1791, **70**, 479.

By L. Baldwin, 1818, **70**, 479, 492.

By Maj. Perault, 1825, **70**, 480.

By State of Mass., 1860, **70**, 481.

Ex. and sur. au. act Mar. 3, 1881, of Buzzards B. and Barnstable B., Mass., at the entrances of the proposed Cape Cod canal, made, 1882, by Lt. Col. G. K. Warren. **S2**, 579-592.

Ex. of approaches au. act June 3, 1896; made by Lt. Col. Mansfield in 1897 (no canal), **97**, 864.

B-177 SANDWICH HARBOR, MASS.**COMMERCE.**

Future, probably on Cape Cod Ship Canal, **00**, 1225.

ENGINEERS.

Chief of Engineers. **R.**, **99**, 81; **00**, 94.

In charge. Col. C. R. Suter, 1900. **R.**, **00**, 1224.

PHYSICAL CHARACTERISTICS.

Description of, **00**, 1225.

H. lies behind sand beaches, **00**, 1225.

SURVEY.

Ex. au. act Mar. 3, 1899; made by Col. Suter, 1899 (**R.** unfav.), **00**, 1225.

B-194 EAST DENNIS, BARNSTABLE BAY, MASS.**APPROPRIATION.**

1852, \$1,500.

SURVEY.

Sur. for break'r—**R.**, Nov. 19, 1852; est., \$500,000. (**H. D.** 482, 55th, 2d, 1898.)

B-203 WELFLEET HARBOR, MASS.**APPROPRIATIONS.**

1872, \$5,000, **72**, 94.

1888, 7,000, **89**, 588.

1890, 4,000, **90**, 513.

Total, 16,000

COMMERCE.

Important, **72**, 973.

Value of fishermen's yield, **88**, 476, 477.

CONTRACTS.

1873. S. Dyer, r. removal, **73**, 1100.

1889. A. R. Wright, dr., 42¢ c. y.; removal of boulders weighing over 3 t., \$10 c. y., **89**, 588.

ENGINEERS.

Chief of Engineers. **R.**, **71**, 96; **72**, 94; **73**, 105; **74**, 115; **88**, 31, 32; **89**, 42; **90**, 36; **91**, 44; **92**, 50; **93**, 51; **94**, 48; **95**, 52.

In charge:

Lt. Col. G. Thom, 1871-74. **R.**, **72**, 949, 969; **73**, 1100; **74**, ii, 324.

Lt. Col. G. L. Gillespie, 1888-89. **R.**, **88**, 476, 477.

Lt. Col. S. M. Mansfield, 1889-95. **R.**, **89**, 587; **90**, 512; **91**, 663; **92**, 591; **93**, 782; **94**, 563; **95**, 638.

Assistant. S. Haagensen. **R.**, **72**, 969; **88**, 479.

OPERATIONS.

1872-74. R. removal, **73**, 1100; **74**, 115, ii, 325.

1889-90. 16,984 c. y. dr., **90**, 512.

¹ Cape Cod Canal, from Hyannis to Barnstable B., Mass. Ex.—**R.** (unfav.), Feb. 3, 1825. Sur—**R.**, Feb. 15, 1825, and Nov. 13, 1829; est., \$455,815.68 and \$704,437.20. (**H. D.** 482, 55th, 2d.)
Cape Cod and Cape Cod H., Mass. Sur.—**R.**, Dec. 21, 1835. (**H. D.** 482, 55th, 2d.)

PHYSICAL CHARACTERISTICS.

Presence of r., 72, 94, 949, 971.
Character of H. bed, 72, 971. Tides, 72, 971.

PLAN. (See Projects.)

By S. Haagensen, dr. e. and w. chans. to various
w. and d. (\$1,976 to \$31,004), 72, 971-972.

PROJECTS. (See Plan.)

By Lt. Col. Thom, removal of r.; est., \$4,080, 72,
972.

Lt. A. H. Payson, 75, 111.

*Allotment.

¹ Sur.—R., Dec. 21, 1835. (H. D. 482, 55th, 2d.)

² Called \$15,000, 76, 181; 77, 189; 78, 221; 79, 273.

³ Called \$9,000, 69, 60; and \$3,000, 66, ii, 30; 69, 420. Allotted from app. for preservation and repair of Hs.

⁴ Allotted from app. for preservation and repair of Hs.

ESTIMATES. (See Projects.)

By Col. Graham, aggregate, \$43,068.44, **66**, 49.
 By Col. Benham and Maj. Blunt, bulkhead, fence, and js. at Long and Beach Pts., \$8,000, **66**, ii, 29.
 By Lt. Col. Foster, completion, \$20,000, **68**, 808; beach protection and dike, aggregate, \$38,000, **68**, 810; for fiscal year, \$11,600, **70**, 78, 469.
 By Lt. Col. Thom, completion and repairs, \$10,000, **71**, 95, 898; **72**, 951; fiscal year, 1875-76, \$5,000, **74**, ii, 326; for 1876-77, \$5,000, **75**, 120, ii, 416; completion of existing proj., \$1,000, **76**, 47, 183.
 For completion of existing proj., **79**, 275.

LEGISLATION.

Resolution of Mass. in favor of an app., **66**, 11.

OPERATIONS.

1865-66. Planting brush fence and beach grass at head of East H., and commencement of extension of bulkhead js. at Long Pt., **66**, ii, 30.
1866-67. Plank fence, bulkheads, js., and other beach protections made at Long Pt., E. H. Beach, and Beach Pt., **67**, 46, 458.
1867-68. Protection of beach at Long Pt. and Beach Pt. continued and constr. of dike at the "wading place" commenced, **68**, 70, 830.
1868-69. Bulkhead and js. at Beach Pt.; dike across Salt Meadows completed, **69**, 60, 420.
1869-70. Repairs to js. made and bulkhead and js. extended, **70**, 78, 466.
1870-71. Repairs to bulkhead and js.; constructing dike, **71**, 95, 897.
1871-72. Dike at Abel Hill completed; sundry repairs made, **72**, 94, 950.
1872-73. Extension and repairs of bulkheads and js., by hired labor; beach grass planted on Beach Pt., **73**, 106, 1101.
1873-74. Repairs and constr. of js. and bulkheads at Beach Pt., State Dike, Long Pt., and Cove Section, **74**, 116, ii, 326.
1874-75. Bulkhead and js. at Cove Section completed; st. bulkhead at Long Pt. enlarged and imp.; bulkhead and js. on Beach Pt. repaired and groins built; dikes at High Head and Abel Hill repaired; beach grass planted at Beach Pt. and Cove Section, **75**, 120, ii, 416.
1875-76. General repairs, **76**, 47, 182.
1876-77. Work on st. bulkhead at Long Pt. in progress; beach grass planted at Cove Section, **77**, 41, 190.
1877-78. Long Pt. bulkhead raised and extended, and sundry repairs at other pts., completing all the works proj., **78**, 222.
1878-79. Extending bulkhead and planting beach grass, **79**, 52.
1881-82. 1,753 t. st. placed in bulkhead at Long Pt., **82**, 526.
1882-83. 1,085 t. st. placed in bulkhead, extending same 367 f., **83**, 458.
1883-84. 276 t. st. placed in bulkhead, **84**, 519.
1884-85. Extensive repairs to dike at Abel Hill and break'r at Long Pt.; breaches in beach closed by 1481 f. of brush bulkheads, **85**, 514.
1886-87. 103 l. f. sand-catch work built, **87**, 529.
1887-88. 232 l. f. j. and 257 l. f. sand catches built, **88**, 462.
1888-89. 770 t. st. and 135 cords brush delivered in Long Pt. bulkhead, **89**, 590.
1889-90. 1,188 t. st. and 150 cords brush delivered in Long Pt. bulkhead; 60' breach near Abel Hill Dike closed with plank bulkhead, **90**, 514.
1890-91. Bulkhead constr. at Long Pt. by hired labor, **91**, 666.
1891-92. Break'r protecting the e. shore of Long Pt. extended 150'; Long Pt. bulkhead completed; repairs to brush and wood sand catches at Abel Hill Dike, **92**, 593.
1894-95. Repairs to bulkheads in progress, **95**, 640.
1897-98. Work of protection near Wood End Light extended 227' and a portion of the old work repaired, **98**, 880.
1899-00. 1,409 running f. of bulkhead built and 400' of old bulkhead repaired at Wood End;

108' of new bulkhead built and 105' of old bulkhead repaired at Abel Hill, **00**, 1215.

1900-01. 553 l. f. plank bulkhead, with sand and gravel filling, constr., **01**, 1,089.

1901-02. Dike and bulkhead built along 2,800 l. f. of beach, **02**, 884.

1902-03. Three timber groins built at Abel Hill Dike; repairs made to dike near the Abel Hill Dike, and 545' of sand-catching fences built, **03**, 783, 784.

1903-04. 995 l. f. of pile and timber groins built near Abel Hill Dike, **04**, 864.

1904-05. 1,093 t. st. placed in break'r; 611 l. f. bulkhead and 10,964 l. f. sand catches built near Abel Hill Dike; 1,750 l. f. sand catches built at Wood End; bulkhead and sand catches repaired, **05**, 880.

1905-06. 405 t. rubblest. deposited at Long Pt.; 4,658' sand catches, 460' single and 794' double bulkhead built, and beach grass planted at Abel Hill, **06**, 890.

1906-07. 115 l. f. bulkheads built and repairs made to bulkheads and sand catches near Abel Hill Dike by hired labor, **07**, 923.

1907-08. 1,418 l. f. new double bulkheads of timber built by hired labor near Abel Hill Dike; repairs made to bulkheads and sand catches near Abel Hill Dike and Wood End, **08**, 965.

1908-09. 48 l. f. bulkhead built at Abel Hill Dike, and repairs to bulkhead made, **09**, 999.

1910-11. 5,938 t. st. deposited in dike across House Pt. Isld. flats, **11**, 1191.

1911-12. 32,145 t. st. deposited in dike across House Pt. Isld. flats, **12**, 1402.

PHYSICAL CHARACTERISTICS.

Described, **66**, 12, 43; **76**, 184; **97**, 879. Current and tidal observations, **69**, 433.

Description of, **01**, 157-58; **04**, 64; **08**, 72.

Max. draft that can be carried to anchorage is ample for largest vessels, **10**, 84; **12**, 101.

Sand movement, by wind and sea, **12**, 101. (See Projects.)

Important H. of refuge at extremity of Cape Cod, **12**, 100.

PRIVATE AND CORPORATE WORK.

\$100,000 app. by Mass.; \$300 or \$400 expend., **66**, ii, 28. Dike built across E. H. Creek by State authorities, **70**, 78; **71**, 897; **72**, 950; **76**, 187; **77**, 189; **78**, 222. Bulkhead and js. built along Beach Pt. by the local authorities, **71**, 897; **72**, 950; **76**, 185; **77**, 189; **78**, 222.

PROJECTS. (See Estimates.)

The object for which app. have been made is the prevention or arrest of the movement of sand by the winds and waves, and the consequent protection of Provincetown H. by the perpetuation of its low shore lines. The works of preservation have consisted mainly of detached bulkheads of timber and st., js. of wood and brush, dikes, sand-catch fences, and beach grass planting. The earliest app. was made in 1826; between this date and 1864 \$32,850 was app. for the constr. of js. and sand catches. **66**, iii, 28.

In 1866 the proj. for the protection of Beach Pt. and Long Pt. by the constr. of bulkhead js. was adopted, **66**, ii, 29; **67**, 464.

In 1869 the constr. of a dike at High Head was undertaken to prevent a breach through the outer beach across the salt meadows and E. H. Creek, **69**, 60, 420.

In 1872 a dike was built at Abel Hill across the head of Lacey's H. to prevent the flow of the tide and sand into the inner H., **72**, 950.

Under subsequent app. the works of protection have been extended and maintained.

From 1864 to 1886, incl., \$139,478.44 was app., **86**, 575; **87**, 528. From the nature of the work it can at no time be considered completed, **88**, 462; **92**, 593.

Col. Mansfield est., 1897, \$13,200 for riprapping near Wood End Light, **97**, 880.

By Lt. Col. Burr, 1910, for rubblest. dike and head protection, **10**, 89.

¹ History of operations, **71**, 897; **72**, 949; **73**, 105, 1101; **74**, 115, ii, 325; **75**, 120, ii, 415; **76**, 47, 182, 185; **77**, 189; **78**, 222; **79**, 61, 273.

SURVEYS.

By Lt. Col. Graham, 1833-35 and 1865, **66**, 43.
By Lt. Col. Thom, an., 1871 to 1875, incl., **71**, 897;
72, 950; **73**, 1102; **77**, 139.
Sur., with a view to protecting H. by a dike, au.
act June 3, 1896; made by Lt. Col. Mansfield, 1896,
and a comparison with other sur. made (see Proj-
ects) (*R. unfav.*), **97**, 879.

Pre. ex. and sur. au. act Mar. 3, 1909, with view
to protection of H. *R.* by Lt. Col. Burr, July 6, 1909,

and Feb. 18, 1910, for rubble st. dike and beach pro-
tection; est., \$140,000,¹ **10**, 89.

C-2 NANTUCKET AND VINEYARD SOUNDS, MASS., AND CAPE COD, MASS.

ENGINEERS.

Chief of Engineers. R., 04, 87.
 Boards. R. regarding adaptability of Vineyard and Nantucket Sounds, Cape Cod, as a H. of refuge (Col. C. R. Suter, Col. S. M. Mansfield, and Maj. Geo. W. Goethals). Board favored Vineyard Haven as best location for H. of refuge, and H. dr. also at or near Falmouth; est., \$1,132,500, 04, 951, 959.

PHYSICAL CHARACTERISTICS.

Details, 05, 950.
 Vineyard and Nantucket Sounds combined form

the greatest C. highway in the world; owing to shoals, fogs, and strong tidal currents it is extremely dangerous, 04, 959.

SURVEY.

Act June 13, 1902, au. ex. of various Hs. in Newport district (Pt. Judith, Block Isld., Great Salt Pond, Vineyard and Nantucket Sounds, Menemsha Bight, Squash Meadow, Edgartown H., Falmouth H., L'Homme Dieu Shoals, Hyannis, Handkerchief and Chatham Roads, Pleasant B., Great Pt., etc.), with view to constr. H. of refuge. (See BE., R., Oct. 30, 1903,¹ 04, 959.)

C-3 NANTUCKET SOUND, MASS. (Pollock Rip Channel).

APPROPRIATION.

1912, \$125,000, 12, 1406.

COMMERCE.

Est. that C. of over 20,000,000 t. will be greatly benefited if new chan. is constr. and maintained. 12, 103.

ESTIMATES. (See Projects.)

By Maj. Houston, 1870, completion of the work,
\$93,000, 70, 460.
By Lt. Col. Thom, 1871, completion of the work,
\$10,000, 71, 95; 72, 94, 952.
By Maj. Warren, 1873, increasing the w. of the
base of the break'r, \$25,000, 73, 86, 948, 949.
By Maj. Warren, 1879, completion of existing
proj., \$5,000, 79, 297.

LEGAL PROCEEDINGS.

\$500 accepted in compromise of suit of U. S. vs.
James E. Payne and A. J. Rose, sureties on the
bond of C. H. Latham, failing contractor for work
at Hyannis, brought Nov. 3, 1905, for recovery of
\$3,065.15, damages, etc., 09, 1005.

OPERATIONS.

1870-71. 300 l. f. break'r rebuilt, 71, 95, 895
1871-72. 250 l. f. break'r rebuilt, 72, 94, 953.
1872-73. Repairs in progress, 73, 86, 949.
1873-74. 220 l. f. break'r rebuilt, 74, 96, ii, 180.
1874-75. 1,450 t. riprap placed, on the outside
mainly, 75, ii, 267.
1878-79. Strengthening the break'r by riprap;
1,675 t. of granite used, 79, 52, 296.
1879-80. 1,211 t. st. deposited at outside base
of break'r, 80, 366.
1881-82. 2,550 t. st. placed in break'r, 82, 548.
1886-87. 2,441 c. y. dr., 87, 532.

* Allotment.

¹ Sur.—**R.**, 1826, est. \$10,560. (H. D. 482, 55th, 2d.)

² \$9,200 less \$1,026.75 transferred to Nantucket H., 07, 75.

³ Summary of, prior to 1870, 70, 459; 73, 947; 75, ii, 267; 79, 295.

1887-88. 21,389 c. y. dr., **88**, 484.
 1889-90. Dr. in 15½' area, **90**, 552.
 1890-91. 22,100 c. y. dr., **91**, 694.
 1891-92. 6,360 c. y. dr., **92**, 598.
 1893-94. 21,880 c. y. dr., **94**, 572.
 1896-97. About 15,000 c. y. dr., **97**, 884.
 1897-98. 25,803 c. y. dr., **98**, 896.
 1903-04. 25,346 c. y. dr., **04**, 904.
 1904-05. 49,654 c. y. dr., **05**, 842.
 1905-06. 28,874 c. y. dr.; proj. completed, **06**, 896.

PHYSICAL CHARACTERISTICS.

Description, **70**, 459; **74**, ii, 182; **95**, 744.
 Deterioration in depth has occurred along s. and w. sides of area protected by break'r, **11**, 1195.
 On s. shore of Cape Cod, 15± m. to w. of heel of cape; important H. of refuge for smaller vessels passing through Nantucket Sound, **12**, 104.

PROJECTS. (See Estimates.)

The orig. proj. was for a break'r of riprap st. 1,170' l., covering an anchorage area of 175± acres and having an entrance d. of 15'. This was commenced in 1827 and completed in 1838; cost, \$70,931. **80**, 366; **86**, 586.

By Maj. Warren, 1873, increasing w. of base of break'r and otherwise strengthening it; est., \$25,000, **73**, 86, 948, 949.

1906-07. 17,849 c. y. dr. 07, 935.
1907-08. 4,091 c. y. dr., 08, 975.
1908-09. Small shoal blasted in e. end of chan., 09, 1009.
1910-11. 5 shoals removed, 11, 1199.
1911-12. Work of removing shoal spots in progress, 12, 1410.

PHYSICAL CHARACTERISTICS.

Tidal observations, 74, ii, 276, 278, 279; 79, 298; 80, 370.
Description, 80, 367; 93, 862; 95, 751.
Importance of proposed p. and break'r constr. to U. S. fisheries, 82, 552.
Number of small shoal spots, 10, 1127.
Max. draft 10', m. l. w., 12, 109.

PLANS. (See Estimates and Projects.)

By J. P. Cotton, imp. of strait by removing bowlders and drg. chan., 74, ii, 280.
By Maj. Warren, 1873, imp. of Hr. by excavation of chan. 800' w. with central d. of 18' m. l. w.; est., \$446,000, 80, 370.

PRIVATE WORK.

Break'r completed by private parties, 74, ii, 277.

PROJECTS. (See Estimates and Plans.)

App. of \$15,000, made 1879, expend. in drg. and removing the bowlders from entrance to the Hr., 80, 369; 81, 545.
Proj. 1882 proposed retaining walls on shore, a hollow p. and wharves for the use of the Fish Commission and other branches of the public service, and removal of rs. from the straits; est., \$52,775, 82, 550, 551; 84, 598. Work under this proj. completed July, 1887, 88, 488.
By Capt. Bixby, 1895, executing work by hired labor and purchase of materials in open market, 95, 666.
By Lt. Harts, 1895, chan. w. of 300' and l. w. d. of 13' through the strait and its se. branch; est. \$396,000, 95, 752; 97, 895.

SURVEYS.

By J. P. Cotton, 1873, 73, 93; 74, 103, ii, 275, 277. Made, 1878, 78, 51; 79, 53, 56, 298, 299.
Soundings and observations for velocity and direction of currents, 74, ii, 278; 79, 299.
For p. and break'r in "Great Hr.," Woods Hole, 82, 550.
Ex. au. act July 14, 1892; made by Capt. Bixby, 1893 (R. fav.), 93, 860.
Sur. au. act Aug. 17, 1894; made by Lt. Harts, 1895 (R. fav.), 95, 751.
Cong. docs., etc., relating to ex., surs., plans, etc., 12, 109.
Maps. 80, 368; 84, 598; 95, 666; 03, 793.

C-19 LITTLE HARBOR, WOODS HOLE, MASS.

APPROPRIATIONS.

1905, \$18,000, 05, 848.

COMMERCE.

None, except in connection with Lighthouse Estab., 04, 932.

CONTRACTS.

1905. C. M. Cole, dr. about 66,000 c. y., 21¢ c. y., 05, 848.

ENGINEERS.

Chief of Engineers. **R.**, 04, 86, 930; 05, 78; 06, 77; 1910, 113.

Boards. **BERH.** **R.**, 04, 932, 933.

In charge:

Maj. Geo. W. Goethals, 1904. **R.**, 04, 931.

Total, 525,161.50

COMMERCE.

Former importance of Nantucket as a mercantile port, 75, ii, 375.

Importance as a H. of refuge, 75, ii, 375, 381.

Petition of citizens relative to proposed imp., 75, ii, 381.

In 1911, 36,630 t.; value, \$1,283,173, 12, 106.

Imp has had no effect on rates; H. used only to small extent as H. of refuge by small craft, 12, 106, 107.

CONTRACTS.

1880. J. Scully, riprap granite, \$1.87 t., 81, 540.

1882. C. H. Edwards, riprap, \$2.37 to \$2.57 t., 83, 469.

1885. C. H. Edwards, riprap granite, \$1.96 t., 86, 590.

1886. J. A. Bouker, riprap granite j. constr., 87, 536.

1889. James Scully, riprap granite, \$2.40 t., 89, 610.

1894. S. & E. S. Belden, st., \$1.85 and \$2 s. t., 94, 574.

1895. H. Toomey, st., \$1.59 s. t. (\$18,000), 95, 660.

1896. S. & E. S. Belden, st., \$1.93 and \$2.47 s. t., 97, 889.

1899. E. S. Belden, j. constr., st., \$1.47 s. t., 99, 1108.

1903. E. S. Belden & Sons, st. in place in j., \$2.97 t., 03, 791. Modified by supp. contract Nov. 23, 1903, \$2.75 t., 04, 906.

1904. E. S. Belden & Sons, st. in place in j., \$2.75 t., 05, 846.

1905. E. S. Belden & Sons, st. in place in j., \$1.73 t.; Morris & Cummings Dredging Co., dr. about 50,000 c. y., 23.9¢ c. y., 05, 846.

1907. E. S. Belden & Sons, st. in place in js., \$1.69 and \$2.39 t. (about \$39,000), 07, 933.

1911. Coastwise Dredging Co., dr. about 142,000 c. y., 19.9¢ c. y., 11, 1197; and dr. about 111,000 c. y., 22.7¢ c. y., 12, 1408.

ENGINEERS.

Chief of Engineers. **R.**, 75, 111; 79, 56; 80, 72, 76; 81, 78, 541; 82, 78; 83, 73; 84, 79; 85, 68, 579; 86, 68; 87, 32; 88, 33; 89, 45; 90, 39; 91, 43;

Boards:

Convened, New York, Aug. 23, 1880, to consider proj. of Gen. Warren for imp. of Nantucket H. R., 81, 542. (Cols. Tower and Newton.)

Convened, New York, July 17, 1885, to report upon further prosecution of adopted proj. for imp. and upon location and plan for e. j. R., 85, 576. (Col. Duane and Lt. Col. Comstock.)

In charge:

Maj. J. G. Totten, 1827; 75, ii, 376.
Lt. Prescott, 1828; 75, ii, 376.
Maj. G. K. Warren, 1874-82. R., 75, ii, 374; 79, 56; (Lt. Col.) 80, 365, 423; 81, 540; 82, 548.
Maj. J. W. Barlow, 1882-83; 83, 468.
Lt. Col. G. H. Elliot, 1883-87. R., 83, 468; 84, 593; 85, 561, 564; 86, 587.
Maj. W. R. Livermore, 1887-92. R., 87, 534; 88, 486; 89, 608; 90, 554; 91, 696.
Capt. W. H. Bixby, 1892-95. R., 92, 600; 93, 806; 94, 573; 95, 658.
Maj. D. W. Lockwood, 1896-1900. R., 96, 626; 97, 886; 98, 898; 99, 1106; 00, 1236.
Maj. Geo. W. Goethals, 1901-02. R., 01, 1112; 02, 892.
Maj. C. E. Gillette, 1903. R., 03, 790.
Lt. Col. J. H. Willard, 1904-07. R., 04, 906; 05, 844; 06, 897; 07, 931.
Maj. H. Taylor, 1908. R., 08, 971.
Lt. Col. J. C. Sanford, 1909-10. R., 09, 1007; 10, 1125.
Col F. V. Abbot, 1911-. R., 11, 1197; 12, 1407.

Assistants:

H. S. Van Ingen. R., 75, ii, 374.
Lt. R. P. Johnston, 01, 160; 02, 108.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Anderson, 1827 (R. of Maj. Totten), break'r, \$898,393.14.
By H. S. Van Ingen, 1874, for the same, \$3,622,553, 75, ii, 376.
By Lt. Prescott, 1828, dr., \$41,541.50.
By H. S. Van Ingen, 1874, for the same, \$128,741, 75, ii, 376.
By H. S. Van Ingen, dr., \$80,395.15, 75, ii, 377; opening a chan. through the Haulover, \$95,000, 75, ii, 378.

OPERATIONS.¹

1880-81. 3,989 t. granite placed in j., making 1,850'. 81, 540.
1881-82. 8,134 t. granite placed in j., making 1,650'; 6 spurs built on Coatee Pt., 82, 548, 549.
1882-83. 9,223 t. st. placed in j., completing the work 2,894', 83, 469.
1883-84. 9,223 t. st. placed in j., completing the work 2,894', 83, 469; 7,713 t. st. delivered in j., extending the same 440', 84, 594.
1884-85. 4,986 t. granite riprap placed in j., 85, 562.
1885-86. 2,000 t. st. placed in j., making 1,395'. 86, 588.
1886-87. 250 t. st. placed in j., 87, 535.
1887-88. 2,941 t. of st. placed in e. j., completing 385' of the same and partially completing an additional 200', 88, 487.
1888-89. 673 t. st. placed in e. j., 89, 609.
1889-90. 6,055 t. st. placed in e. j., 90, 554.
1890-91. Extension of e. j. continued by hired labor, 91, 697.
1891-92. 7,146 t. st. placed in e. j., 92, 601.
1893-94. About 2,000 t. st. deposited in js., 94, 674.
1894-95. About 10,000 t. st. deposited in e. j., 95, 659.
1895-96. About 8,000 t. st. deposited in e. j. and necessary repairs made on account of storms, 96, 627.

1896-97. About 3,000 t. st. deposited in js. and used for repairs on account of storms, 97, 888.

1897-98. About 10,000 t. st. deposited in w. j., 98, 899.

1899-00. 11,703 t. st. placed in js., 00, 1238.

1903-04. 2,653 t. st. deposited in gap in e. j., 04, 906.

1904-05. 1,950 t. st. placed in e. j., completing contract; 7,039 c. y. dr.; 2,909 t. st. placed in e. j. extension, 05, 844.

1905-06. 7,694 t. st. placed in extension of e. j.; 187,024 c. y. dr., 06, 897.

1906-07. 5,280 t. st. placed in extension of e. j. under contract; 1,356 t. st. placed in j. across Coatee Flats, 07, 931.

1907-08. 6,528 t. st. placed in j. extension, and 6,451 t. in bldg. up j. across Coatee Flats, 08, 972.

1909-10. U. S. dr. Gedney removed 32,874 c. y. sand in maintain. dr. on outside of outer bar of entrance chan., 10, 1125.

1910-11. Dr. work under contract begun May 8, 1911, and 110,841 c. y. removed; work done by suction dr. of light draft, 11, 1197.

1911-12. Total of 207,004 c. y. dr. under contract between j.; chan. 17' d. and 100' w., 12, 1407. 92,538 c. y. removed from either side of 17' chan., making d. of 15', 12, 1408.

PHYSICAL CHARACTERISTICS.

General, 75, ii, 376.
Character of beach, 75, ii, 375.
Movements of tidal currents, 75, ii, 375, 379, 380.
Comparison between Edgartown and Nantucket Hs., 75, ii, 378, 379.
Description of, 01, 161, 1112; 08, 77; 12, 106.
Shoaling of passage through breach known as the Haulover, 97, 931.
Depth of chan. on outer bar from 17' to 20'; shoaling left these depths 15' to 18', 12, 107.
Shoalest part of locality under imp., 12.8', m. l. t., 12, 107.

Rise and fall of tide is 3', 12, 107.
Length of chan. between inside and outside 12' contours, 1.32 m., 12, 107.
H. only one between Hs. of Marthas Vineyard (32 m.) and Provincetown (80 m.), except Hyannis, a small H. on n. side of Nantucket Sound. Never used to great extent as H. of refuge. Incidentally, H. is C. H. of Nantucket Isld., 12, 106.

PLANS. (See Estimates and Projects.)

By Lt. Col. Anderson, 1827, break'r in 7 fathoms of water, to contain 1,317,292 t. of st., in the light s. of Great Pt., and connected with the shore by scattering ps., allowing the passage of littoral sands and the entrance of light-draft vessels, but yet breaking the force of any seas from the sw., 75, ii, 376.

By H. S. Van Ingen, dr. chan. through the bars at the entrance of the H. to 12', 75, ii, 377; for opening a chan. through the Haulover to Nantucket, 75, ii, 378.

By Lt. Col. Warren, 1880, experimental chan. through Haulover Beach 2' x 10', est. \$1,200; for chan. 6' x 100', est. \$32,000, 80, 436.

By Lt. Col. Elliot, 1885, location of e. j., 85, 564-576.

Plan submitted to BE., 1885. R., 85, 576-579.

PRIVATE (CORPORATE) WORK.

Boston H. commissioners referred to, 75, ii, 377.

PROJECTS. (See Estimates and Plans.)

Between 1828 and 1832 \$44,265 app., expend. in ineffectual dr., 75, ii, 376; 80, 435.

In 1880 Lt. Col. Warren proposed H. of refuge by the extension of a w. j. of random st. about 4,000' l. from near Bug Light on Brant Pt. Should a second or e. j. be required, it should extend from Coatee Beach. Est. cost of w. j., \$112,000; for both js., \$224,000. Est., BE., \$238,000, 80, 423; 81, 543; 82, 549.

¹ Apps. of 1829, 1831, and 1832 expend. in ineffectual dr., 75, ii, 376. History of previous plans and operations for H. imp., 80, 435.

Recom. by BE., 1880, 81, 542, 545. Concurred in by the Chief of Engineers, 81, 542.

In 1885, the w. j. having been nearly completed to its proposed l., the question of the location of the e. j. was submitted to the BE., which recom. the curvature to the w. of the further extension of the w. j.; the constr. of the e. j. parallel to the w. j. at its outer end and distant about 1,000' therefrom, thence connecting by a curve with the outer beach, recourse to be had to dr. where the scour did not result in a chan. d. of from 12' to 15'; est. of proj. for 2 js., excl. of dr., \$375,000, 85, 564, 576, 579.

Amount app. 1880 to 1886, incl., \$125,000; est. for completion of proj., \$250,000, 86, 69; 87, 536; 92, 600.

By Maj. Lockwood, 1899, expend. of available funds, 99, 1107.

By au. Chief of Engineers \$50,000 was allotted from funds au. act Mar. 3, 1905, for dr., 05, 76; amount given as \$100,000, 12, 106; making total cost of proj. \$375,000+\$100,000, or \$475,000, 12, 106.

SURVEYS.

By Lt. Prescott, 1828, 75, ii, 376.

Included in the Coast Surs., 1872-73, 75, ii, 376.

By H. S. Van Ingen, 1874. R., 75, ii, 374.

Au. act Mar. 3, 1879; made, 1879, by Lt. Col.

Warren, 79, 56; 80, 423.

Full sur. of outer H. made, 1882, 82, 548.

Sur. of area e. of w. j. and within the H., 84, 594.

Minor sur. of j. chan., 09, 1007.

Maps:

80, 423, 427; 85, 576, 578; 93, 806; 95, 660; 96, 628; 03, 790.

C-32 NANTUCKET, MASS. (Bar at entrance to harbor.)

SURVEY.

 1874-75. 43,514 c. y. dr., 75, ii, 277.
 1875-77. 33,397 c. y. dr., 77, 197.
 1877-79. Brush sand fence constr., 79, 301.
 1881-82. 28,383 c. y. dr. from chan., 82, 553.
 1882-83. 1,100 l. f. brush and st. wall built across w. end of beach; 1,864 l. f. catch-sand fence built, 83, 475.
 1883-84. 1,143 l. f. brush and st. wall built; repairs made to wall already built, 84, 602.
 1884-85. 3,235 c. y. dr. from chan., 85, 586.
 1885-86. 43,444 c. y. dr. from chan., 86, 594.
 1886-87. 25,448 c. y. dr. from chan., 87, 541.
 1887-88. 10,680 c. y. dr., 88, 490.
 1889-90. S. half of "Reach No. 8" dr. to 10' x 175' d.; "Middle Ground" removed, 90, 559.
 1891-92. 7,292 c. y. dr., 92, 608.
 1892-94. About 37,500 c. y. dr., 94, 581.

PHYSICAL CHARACTERISTICS.

Presence of bars and sunken rs., 72, 94, 975.
 Tides and currents, 72, 975; 76, 48.
 Formation of bars, 74, ii, 219.
 Site described, 79, 300.
 Description of, 81, 551; 90, 558; 96, 670.

PROJECTS.

- Proj. of 1871 proposed formation, by dr., of chan. 9' l. w. across Quahaug Bar, the w. of chan. below Franconia Iron Works, and removal of ledge from the Wewaanlight R. at its junction with Wareham R.; est., \$45,000, 72, 953.
 By Lt. Col. Warren, 1880, imp. of H. by w. the chan. through the "upper bar" to 350', with d. of 10', w. and straightening chan. thence to Barneys Pt. to 10' x 250'; also w. chan. at Quahaug Bar, and constr. of brush and st. barriers for preservation of Long Beach; est., \$44,050, 81, 553, 554; 87, 541. Increased, 1887, by \$12,186, 87, 542; 92, 607.
 By Capt. Bixby, 1893, doing work by hired labor and U. S. plant, 93, 814.
 Maj. Lockwood est., 1895, it would cost \$36,749.08 to complete existing proj., 96, 671.

SURVEYS.

 Col. F. V. Abbot, 1911-. **R.**, **11**, 1200; **12**, 1412.

Assistants:

Lt. W. S. Rosecrans, **75**, ii, 284.
 Capt. G. Dutton, **75**, ii, 284, 285.
 H. A. Bentley, **78**, 227.

OBSTRUCTIONS.

Approaches to br., between New Bedford and Fairhaven, obstr. chan., **97**, 930.

OPERATIONS.

1836-40. Wreck removed, dr., **75**, ii, 285.
1874-75. Sur., **75**, 107.
1875-76. Chan. 105' w. dr. from d. w. to New Bedford wharves to 15' m. l. w., **76**, 48. 48,224 c. y. removed, **76**, 204; **77**, 196.
1877-78. Imp. completed by the formation of a chan. 300' w., **78**, 47, 227; **79**, 303.
1889-90. 43,665 c. y. dr., **90**, 562.
1891-92. 28,720 c. y. dr., **92**, 610.
1893-94. About 31,500 c. y. dr., **94**, 583.
1895-96. About 31,000 c. y. dr., **96**, 639.
1896-97. About 70,000 c. y. dr., **97**, 898.

1899-00. 226,332 c. y. sand and mud and 11 c. y. bowlders removed, **00**, 1246.

1902-03. 45,124 c. y. dr. under contract, **03**, 795.

1903-04. 133,248 c. y. dr., completing contract and proj., **04**, 911.

1904-05. 54,446 c. y. sand and 9.22 c. y. bowlders excavated under contract; small r. area uncov. by dr., **05**, 851.

1905-06. Small area of r. just n. of Fish Isld., referred to in **R.** for 1905 as having been uncov. by dr., was blown off by dynamite to plane below required grade of bottom, **06**, 903.

1907-08. 1,195,913 c. y. mud, sand, and gravel, and 3,667 c. y. bowlders removed from H., **08**, 976.

1908-09. 880,746 c. y. mud, sand, and gravel, and 446,733 c. y. bowlders removed from H., **09**, 1010.

1909-10. 9,328 c. y. mud, sand, and gravel, and 65,430 c. y. bowlders removed, completing contract; area of ledge r. uncov. near n. end of Palmers Isld.; U. S. dr. *Gedney* worked on maintain. and removed 17,012 c. y. material from chan., **10**, 1128.

1911-12. 973,552 c. y. mud, clay, and sand dr., and 21,898 c. y. bowlders removed under continuing contract, **12**, 1412.

PHYSICAL CHARACTERISTICS.

Description of shoals, **75**, ii, 284; **78**, 226.

Tidal observations, **78**, 227.

Description of, **93**, 866; **97**, 930; **00**, 1296, 1297.
 New Bedford H. an estuary of Buzzards B. at the mouth of the Acushnet R., the Fairhaven side of the H. being called Fairhaven H.; is the port of cities of New Bedford and Fairhaven, Mass., which are largely interested in the manuf. of cotton goods, **01**, 1120.

Mean rise of tide, 4.2', **01**, 1120.

Chan. above drawbr. and chan. leading from anchorage area to drawbr. for w. of 200' practically completed; one-half of anchorage area has d. of 25' and chan. from Buzzards B. to anchorage area has been dr. 300' w., **12**, 112.

Draft from Buzzards B. through H. to drawbr. 24.2', m. l. t.; from br. through turning-basin, 25'; up Acushnet R. from 6' to 15' natural d. for about 2 m., **12**, 112.

Limiting d., 18', at New Bedford and Fairhaven br. is due to a city water pipe crossing chan., **12**, 112.

PLANS.

1874. By Maj. Warren, to w. the draw spans and remove a portion of the wharves, **75**, ii, 284.

PRIVATE AND CORPORATE WORK.

Dr. by private parties, **75**, ii, 284; by Reading RR. Co., **78**, 227.

PROJECTS. (See Estimates.)

By Maj. Warren, 1874, dr. chan. 15' d. m. l. w. and 200' w., from Palmers Isld. to New Bedford wharves; est., \$24,000, **75**, ii, 284. Modified to 300' w., **78**, 227.

Orig. imp. of this H. completed in 1878; cost, \$20,000, **78**, 227; **80**, 73.

In 1887 Maj. Livermore proposed further imp. of H. by excavation of a chan. 18' x 200' d. w. off Clarks Pt. to the wharves of New Bedford near the br.; est., \$34,749, **88**, 514, 515; **92**, 610.

Maj. Lockwood est., 1895, \$57,689.33 for further imp., **96**, 673.

Maj. Lockwood est., 1896, \$34,000 to imp. chan. leading to proposed draw in br. between Fish and Popes Islds., **97**, 931.

Maj. Lockwood est., 1899, cost of further imp., \$11,000, **1900**, 1298.

Act. Mar. 3, 1905, au. dr. chan. 18' x 150', along the city wharf from immediately above and below the New Bedford and Fairhaven br., and dr. to same d. a turning area connecting the chan. above the br. with chan. dr. in 1899, through the drawbr.; est., \$11,000, **05**, 81.

Act. Mar. 2, 1907, adopted proj. for dr. a chan. 25' x 300' w., m. l. w., Buzzards B. to n. end of Fish Isld. just above the New Bedford and Fairhaven br., New Bedford, 250' w. through draw in New Bedford and Fairhaven br., a turning-basin

above br., and anchorage area of 114 acres, 25' d., between Fairhaven and New Bedford; est., \$527,000.¹ 07, 80.

Act July 25, 1912, au. extension of chan. up the Acushnet R. 2.15 m., 18' x 100' at bottom, turning-basin 300' w. at upper end; est., \$56,610, and \$3,000 an. mainten., conditional on local interests constr. new drawbr. at Coggeshall St., and building substantial wharf by city upon its property at Belle-ville,² 12, 111.

SURVEYS.

By Lt. W. S. Rosecrans, 1852 (R. by Capt. G. Dutton in 1853, 77, 196), 75, ii, 284.

Au. and made, 1874, 75, 107, ii, 284.

Au. act Aug. 5, 1886; made, 1887, by Maj. Livermore, 87, 43; 88, 514.

LEGISLATION.

State's permission to allow U. S. to w. and d. the draw opening in its br. such as to make it inoperative until the railroad-br. draw adjacent should be w. and d.; work of constr. a suitable draw in progress, 00, 1251.

Approved proj., 1896, proposed to increase w. and d. of chan. through the draw opening of the R. I. State br. to 25' x 100'. May 5, 1901, Sec. of War wrote the Governor of R. I. that under existing legislation it would not be possible to begin the work, as such work involves the total destruction of the br. and highway, while no provision is made for rebuilding them. No action taken by legislature, 01, 1125.

R. I. Legislature passed bill granting U. S. unconditional right to proceed with the work au. by

U. S., and a board of State commissioners commenced the reconstr. of approaches to the br., 05, 83.

OBSTRUCTIONS. (See Projects.)

Bridges obstr. the R., 95, 730.

OPERATIONS.

1905-06. 14,299.29 c. y., p. m., removed from causeway at Stonebridge; proj. completed, 06, 905.

PRIVATE WORK.

N. Y., N. H. & H. RR. Co. completed new drawbr. and its approaches May 1, 1901, 01, 1125.

PROJECTS.

By Capt. Bixby, 1895, opening in the State br. 25' x 100' est., \$40,000, 95, 737.

In 1897-98 the Sec. of War ordered the N. Y., N. H. & H. RR. to constr. a suitable draw in its br. across the R., 98, 912.

SURVEYS.

Ex. at stone or State br. over the R. au. act Aug. 17, 1894; made by Capt. Bixby, 1895 (**R.** fav.), 95, 730. (See Projects.)

C-64 SAKONNET POINT HARBOR, R. I. (Fishing Place Cove).**APPROPRIATIONS.**

1899,	\$25,000,	99, 1122.
1907,	10,000,	07, 938.
1909,	4,000,	12, 1414.

Total, 39,000

COMMERCE.

Description of, 95, 749; 97, 935.
 About 12,000 t. an.; SS. lines only means of communication; H. used by fishing boats, 01, 1150.

CONTRACTS.

1899. E. S. Belden, break'r constr., \$1.19 s. t., p. m., 99, 1123.

1908. R. H. Beattie, removing r. No. 1 to 8', m. l. w., \$7,600, 08, 979.

1910. E. S. Belden & Sons, 1,500 t. st., \$1.63 t., and \$6 per hour for lighter, 11, 1203.

ENGINEERS.

Chief of Engineers. **R.**, 89, 55; 95, 72; 97, 81; 99, 88; 00, 101; 01, 166, 175, 1148; 07, 81; 08, 83; 09, 85; 10, 95; 11, 99; 12, 113.

In charge:

Maj. W. R. Livermore, 1888-89. **R.**, 89, 649.
 Capt. W. H. Bixby, 1891-95. **R.**, 95, 749.
 Maj. D. W. Lockwood, 1897-1901. **R.**, 97, 934;
 99, 1122; 00, 1252; 01, 1145.
 Maj. G. W. Goethals, 1901. **R.**, 01, 1126, 1150.
 Lt. Col. J. H. Willard, 1907. **R.**, 07, 938.

 Lt. Col. J. C. Sanford, 1909-10. **R.**, 09, 1011; 10, 1130.
 Col. F. V. Abbot, 1911-. **R.**, 11, 1202; 12, 1413.

Assistant. Edward Parrish. **R.**, 01, 1151.

OPERATIONS.

1899-1900. 16,745 t. st. placed in break'r, 1900, 1253.

1900-01. 1,660 t. st. placed in break'r, completing the work, 01, 1126.

1907-08. Drilling and blasting r. in progress, 08, 978.

1908-09. Removal of r. completed, 09, 1011.

1910-11. 1,502 t. st. placed in break'r, 11, 1202.

PHYSICAL CHARACTERISTICS.

Description of, 89, 649; 95, 749; 97, 936.
 Rocks (3) e. of SS. wharf are granite, and dangerous to SS., 01, 1151.

PLANS.

By Maj. Livermore, 1888, restoration of existing break'r, and dr. an anchorage area inside the cove; est., \$5,000, 89, 649.

PROJECTS.

By Maj. Lockwood, 1897, to prolong a then existing old work out to the r. nearly n. of it, and to raise the whole to 8' above m. l. w.; the w. on top to be 15'; the sea or weather slope to be 1 on 2, and the inner slope 1 on 1; est., \$25,000, 97, 936; 99, 1122.

By Maj. Goethals, removal of the r. lying nearest the SS. landing to 8', m. l. w., the other 2 not being considered obstr. to navigation; est., \$10,000, 01, 1150. Au. act Mar. 2, 1907,¹ 07, 81.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Livermore, 89, 649.

Ex. au. act Aug. 17, 1894; made by Capt. Bixby, 1895 (**R.** fav.), 95, 749.

Sur. au. act June 3, 1896; made by Maj. Lockwood, 1897 (**R.** fav.), 97, 935. (See Projects.)

Pre. ex. and sur. au. act June 6, 1900, to ascertain advisability and cost of removing rs. which obstr. navigation. **R.** by Maj. Lockwood, on ex., July 11, and Maj. Goethals, on sur., Nov. 19, 1900; est., \$10,000,¹ 00, 175, 1148.

Pre. ex. and sur. au. act June 25, 1910. **R.** by Lt. Col. Sanford, Dec. 24, 1910² (unfav.), 12, 136.
 Cong. docs., etc., relating to ex., surs., plans, etc., 12, 113.

LEGISLATION.

R. I. au. from time to time encroachments upon navigable area of H. In 1899, a wharf was built under said au. extending out into H., in defiance of U. S. acts bearing on navigable waters, 01, 1137.

OBSTRUCTIONS.

Wharf extending too far into H., built on au. of a State act, removed, 01, 1137.

Report by New York, New Haven & Hartford R.R. Co. that Fall River line SS. had been seriously injured by striking an obstr. in chan.; ex. made and ledge r. discovered, 04, 921.

OPERATIONS.

1873-74. 11,530 c. y. dr. (j. 150' long, built at Goat Isld.), 74, ii, 226; 75, ii, 289.

1874-75. 43,303 c. y. dr., 75, ii, 288.

1875-76. 58,928 c. y. dr. (small bowlders removed), 76, 208.

1876-77. Large bowlders removed, 77, 44, 200.

1881-82. 115,697 c. y. dr. from anchorage area, 82, 561.

1882-83. 130,395 c. y. dr. from below Long Wharf and from spit s. of Goat Isld., 83, 493, 494.

1884-85. 62,634 c. y. dr. from various points in the chan., 85, 604.

1885-86. 20,184 c. y. dr. from s. H. entrance, 86, 607.

1886-87. 56,353 c. y. dr., 87, 556.

1887-88. Excavation of 13' anchorage area completed, 88, 503.

1889-90. 39,601 c. y. dr., 90, 574.

1890-91. 34,846 c. y. dr., 91, 720.

1893-94. 152,340 c. y. dr.; 1,134 c. y. of bowlders removed, 94, 594.

1894-95. 2,000 c. y. dr., 95, 684.

1896-97. 194 c. y. of r. removed, 96, 653.

1897-98. 38,715 c. y. dr.; 215 c. y. of r. removed, 97, 918.

1899-00. 97,833 c. y. of gravel, clay, and mud; 14 c. y. of bowlders removed, 00, 1267.

1901-02. 600 c. y. dr. from shoal off the end of SS. wharf; monuments placed to mark H. lines, 02, 904.

1902-03. 90,445 c. y. dr., and 10.76 c. y. bowlders removed, 03, 805.

1903-04. Contract for dr. shoal places and removing bowlders completed July, 1903; total amount of sand, clay, and mud removed, 95,069 c. y., at 32¢, and 13.87 c. y. bowlders at \$10 c. y., and 7,414 c. y. at \$18 c. y., completing proj.; work of removing r. ledges complained of in progress, 04, 921.

1904-05. Removal of small ledge of r. in front of New York, New Haven & Hartford R.R. Co.'s wharf completed, 05, 860.

1905-06. 34,608 c. y. dr., working 557.62 hours, 06, 911.

1907-08. 422,179 c. y. dr. and 67 c. y. bowlders removed, 08, 987.

1908-09. 322,712 c. y. dr. and about 415 c. y. bowlders removed; removal of Nourmahal Rock in Brenton Cove completed, 09, 1018.

1910-11. 4,069 c. y. dr., 11, 1211.

1911-12. 72% of existing proj. completed; entire 18' anchorage area completed June 26, 1912; final sur. and computation of quantity in progress, 12, 1423.

PHYSICAL CHARACTERISTICS.

Tides, 73, 965; 76, 50.

Description of, 89, 628; 01, 170, 1136; 02, 117; 03, 98; 04, 940; 12, 124, 126.

At main entrance of Narragansett B.; is a distributing point of tows of barges for Narragansett B. and points farther e., 12, 124.

PRIVATE (CORPORATE) WORK.

Commission appointed to establish a new p. line, 73, 965, 966. \$40,000 expended by citizens for imp., 73, 966. Dr. done and wharves built by citizens, 74, ii, 227; 75, ii, 289.

PROJECTS.

By Lt. Col. Warren, 1873, and modified in 1882, imp. of the H. by dr. the s. entrance to 15', m. l. w., and w. the same to a line drawn from the dolphin which marks the spit, clearing the permanent dock at Fort Adams by 100'; by excavation of a chan. 15' x 750' m. l. w. around and to the entrance of the buoy marking Goat Isld. Spit; by excavation of anchorage area to a m. l. w. d. of 13'; also for excavation of a 10' chan. s. to a pt. opposite the Gas Co.'s wharf, and constr. of js. on w. shore of Goat Isld.; est., 1873, \$72,000, 73, 964; 82, 561. Est. of revised proj., 1882, \$132,000, 82, 561; 85, 603, 604; 86, 606.

In 1890, after the app. of \$133,000, it was est. that \$27,500 would be required for completion of the proj., 90, 575.

In 1892 proj. was extended to include the removal of the spit at the s. end of Goat Isld. to 15'; est., \$24,200, increasing the total est. to \$156,200, 92, 627.

By Capt. Bixby, 1895, dr., and removal of Spindle Rock by contract, 95, 684.

By Maj. Lockwood, 1899, d. a small area near the dolphin on Goat Isld., and extending the 10' anchorage area, 99, 1133.

Submitted by Maj. Goethals, for a chan. 18' x 750', m. l. w., from the 18' contour of the outer H. around the s. and e. end of Goat Isld. to the 18' contour at the n. end of break'r; est., \$35,000, 04, 941.

Act Mar. 2, 1907, au. dr. a chan. 18' x 750', m. l. w., around the s. end of Goat Isld. and n. through the H.; extension of 13' anchorage area s. to the H. line and shore to 18'; and removal of Nourmahal Rock; est., \$250,900, 07, 88.

Act June 25, 1910, modified existing proj. so as to provide for an anchorage area 18' d. m. l. w., to extend from chan. e. to the Newport H. line, limited on n. by city wharf, and e. and w. prolongations of line of its s. face, and on s. by line running in a general sw. direction from Ferry Mill wharf; also by removal of portion of shoal around s. end of Goat Isld.; est., \$233,000; total est. of existing proj. as modified, \$483,900, 10, 105.

OPERATIONS.⁶

1871-72. Completion of chan. at the "Needles,"
26.45 c. y. r. removed, 72, 954, 956.
1872-73. Chan. through Burts Shoal 5' x 60'
x 73', 200 c. y. dr.; chan. through Ponds Rock
Shoal 4.5'-6' x 60' x 590', 2,104 c. y. dr., 73, 953, 956.
1873-74. Chan. through Blakes Table Rock,
Sheep Pen Shoals, and Chabbot Rock Shoal, 224.5
c. y. r. removed and 3,443 c. y. dr., 74, 97, ii, 221.
1874-75. Continuation of above work, 1,925
c. y. r. removed and 6,319.2 c. y. dr., 75, ii, 280.
1875-76. Rock removed between Weir and
lower part of "Needles;" chans. dr. through Cobbs
Shoal and Johns Rock Shoal; upper part com-
pleted, 204.95 c. y. r. removed and 3,940.6 c. y. dr.,
76, 205.
1876-77. The "Nook" and Peters Point, 93
c. y. r. removed, 77, 43, 197.
1878-79. Bowlders removed, 232.4 c. y. r.
removed, 79, 54, 304.
1879-80. 190 c. y. r. and bowlders removed
from upper R., 80, 372.
1880-81. 12,190 c. y. dr. from the chan., 81,
555.

 1883-84. 27,170 c. y. dr. and 715 c. y. r. removed, 84, 605, 606.
 1884-85. 4,811 c. y. dr. and 100 c. y. bowlders and r. removed, 85, 590.
 1885-86. Dr. and r. removal continued, 86, 596.
 1886-87. Dr. and r. removal combined, 87, 545.
 1887-88. Chan. completed as proj., 88, 493.
 1890-91. Dr. by hired labor, 91, 708.
 1891-92. 2,650 c. y. dr., 92, 615.
 1892-93. About 5,000 c. y. dr. and 174 t. bowlders removed, 93, 823.
 1895-96. 3,943 c. y. dr., 96, 643.
 1896-97. 3,355 c. y. dr., 97, 902.
 1899-00. 5,165 c. y. sand and some bowlders removed, 00, 1249.
 1902-03. Shoals dr. at Dighton Wharf and below Wickamont, 03, 796.
 1903-04. Dr. of shoals completed, a total of 5,112 c. y. removed, 04, 913.
 1908-09. 4,270 c. y. dr. and bowlders removed, 09, 1012.

PHYSICAL CHARACTERISTICS.

Described, 68, 805; 71, 891; 73, 954-958; 74, ii, 222-224; 78, 229.
 Tidal observations, 73, 956, 959-963; 88, 515, 516.
 Shoaling, 11, 1204.

PLAN. (See Projects.)

By Capt. Dutton, 1853, imp. of R. by chan. 4' x 60' from Dighton to Weir; est., \$20,000, 73, 954.

PROJECTS. (See Plan.)

By Capt. Smith, 1868, chan. 4' x 60' below l. w. mark, from Dighton to Taunton, by dr. bars and removing bowlders; est., \$26,000, 68, 805, 806.
 Proj. of 1871 proposed chan. by dr. 9' d. h. w. through shoals between Dighton and Weir Village; est., \$54,400, 71, 94, 891.
 Proj. for this imp. in 1880 had as its object a navigable d. at h. w. of 11' and a w. of 60' from Weir Br. to Shipyard, 11' x 80' to the Needles; thence to Berkley Br. same w. and 12' d., and from Berkley Br. to Dighton 12' x 100'; est., \$94,000, 80, 376; 86, 595.
 In 1888 Maj. Livermore proposed continuation of imp. by w. the 80' chan. to its full dimensions where too narrow; removal of bowlders obstr. chan. between Berkley Br. and Taunton; also removal of ledge r. in the chan. below Peters Pt.; est., \$14,051, 88, 518.
 This additional proj. increased the total est. to \$108,000 in 1889, 89, 619; 92, 614.
 Est. of imp. increased to \$125,000 in 1893, 93, 825.
 By Capt. Bixby, 1893, doing all work by hired labor and U. S. plant, 93, 823.
 By Capt. Bixby, 1895, dr. by contract, 95, 672.
 By Maj. Lockwood, 1899, expend. of available funds, 99, 1119.

SURVEYS.

By Lt. W. S. Rosecrans, 1852, 68, 805; 71, 891.

1903-04. Total amount of 749,270 c. y. dr., completing contract, 04, 917.

1905-06. 1,946,074 c. y. removed, 06, 908.

1906-07. 2,173,911 c. y. dr., 07, 942.

1907-08. 559,968 c. y. dr., completing contract; 535,024 c. y. removed from main chan. between Long Bed and Kettle Pt.; 226,519 c. y. sand and 34,458 c. y. bowlders removed from se. portion of anchorage area, 08, 985.

1908-09. 152,261 c. y. removed from main chan. between Long Bed and Kettle Pt., completing contract; 155,718 c. y. sand, gravel, etc., and 19,238 c. y. bowlders removed from Long Bed; 64,954 c. y. sand, etc., and 5,793 c. y. bowlders removed from Long Bed, 09, 1016.

1909-10. U. S. dr. *Gedney* removed 20,285 c. y. mud from Providence H. and R., 10, 1137.

1910-11. 1,083,197 c. y. dr. in w. the 25' deep approach chan. leading to Providence H., 15,711 c. y. dr. from Long Bed, Providence H., 11, 1208.

1911-12. 1,119,912 c. y. dr. from deep approach chan.; 63,433 c. y., p. m., dr. from Long Bed, completing contract; 1,159,460 c. y. mud, etc., dr. and 10,506 c. y. bowlders removed from deep approach chan., 12, 1420.

PHYSICAL CHARACTERISTICS.

Discussed, 78, 237.

Description, 79, 306.

Record of tidal observations, 71, 732; 73, 971.

Tide-gauge record at Providence from Apr. 12, 1853, to May 31, 1853, 80, 387.

Ice and stormy weather stopped work, 12, 120, 122, 1420.

R. formed by union of Seekonk (Pawtucket R.) with several smaller streams at Providence; it is tidal; extends s. for 8+m. to Conimicut Pt., where it widens into Narragansett B., 12, 120.

PLANS. (See Estimates and Projects.)

By F. P. Webber, 1867, removal of wreck and imp. of chan., 71, 729, 730.

By Capt. Holgate, 1870, removal of Bulkhead Rock to 16', 71, 733.

PRIVATE AND CORPORATE WORK.

Dr. by city authorities from time to time, 67, 449; H. much improved by the city, 68, 746; \$90,000 expended by the city for dr., 78, 232, 238.

PROJECTS. (See Estimates and Plans.)

The early proj. dates from the first app. in 1852, and proposed, by dr., the formation of a chan. at the "Crock" and "Point of Long Bar" 9' m. l. w.; under subsequent app. to 1874 it was expanded to 12' and 14', together with the removal of Bulkhead Rock. The amount app. between 1852 and 1883, incl., was \$59,000. 71, 728; 79, 307; 80, 383; 81, 82.

Proj. of 1878, modified by Lt. Col. Warren, 1882, provided for a chan. 25' x 300', suitable for large ocean vessels, extending from Fox Pt., in Providence, to the d. w. of Narragansett B., and for an anchorage basin between Fox and Fields Pts., with cross-section dimensions from 300' w. and 25' d. to 1,000' w. and 6' d.; est., \$675,000; est. for completion in 1889, \$165,000, 89, 625; 91, 712; 92, 619.

By Capt. Bixby, 1895, dr. by contract, 95, 680.

Act June 3, 1896, au. chan. 25' x 400' from Sassafas Pt. to the ocean; est., \$732,820, 96, 647.

By Maj. Lockwood, 1898, extension of the imp. from Conimicut Pt. to d. w. in Narragansett B., 99, 1125.

Maj. Lockwood est., 1899, \$607,777.50 for further imp., 00, 1311.

1904. Chief of Engineers au. use of \$2,000 to make chan. through Western Passage of Narragansett B. "for removal of" rs. in Dutch I. H., R. I., 12, 120.

Act June 13, 1902, au. new proj. for enlarged anchorage area of 25' d.; est., \$607,778, 102, 115; 12, 120.

Proj. of 1902 enlarged by act Mar. 2, 1907, to include area of uniform w. and 25' d. to e. of main ship chan. between Long Bed and Kettle Pt.; est., \$90,750, making to total est. \$698,528, 07, 85.

Act June 25, 1910, adopted 2 proj., 1 providing for removal to d. 25' of a triangular shoal area in se. part of H. n. of Kettle Pt., limited one e. by H. line and on n. and w. by areas already dr.; est., \$184,800; the other proj. provides for extending 25' deep anchorage to w. H. line from just above Harbor Junction Pier to Fields Pt., back to H. line, and w. the existing 400' chan. between Kettle Pt. and Gaspee Pt. to 600', with easements of bends; est., \$459,000, 10, 102.

Act June 25, 1910, also provides that no part of the sum of \$459,000 shall be expended, until the Sec. of War shall have received satisfactory assurance that the city of Providence, or other local agency, will expend on the imp. of the H. front an equal sum, 10, 102.

SURVEYS.

By Lt. Rosenorans, 1853, 71, 728; 79, 307.

By F. P. Webber, 1867, 71, 729.

Under direction of Maj. Warren, by N. E. Russell, 1870, 71, 729.

Under direction of Maj. Warren, by H. A. Bentley, 1872, between Fox Pt. and Fields Pt. R., 73, 969, 970.

Of R. from Fields Pt. to Conimicut Pt., 83, 484. Of H. between Fox and Fields Pts., 1885, 85, 597.

Ex. and sur. with a view to obtaining 25' between Wilkesbarre Pier, Kettle Pt., and the existing ship chan., au. act Mar. 3, 1899; made by Maj. Lockwood, 1899 (R. fav.), (see Projects), 00, 1308, 1309.

Pre. ex. and sur. au. act Mar. 2, 1907, with view to extending d. w. area to Kettle Pt. R. by Lt. Col. Willard, 1907 and 1908; est., \$184,800, 08, 97.

Pre. ex. and sur. au. act Mar. 3, 1909, of Providence R. and H., with view to w. and straightening chan. between Kettle Pt. and Gaspee Pt., etc. R. by Lt. Col. Sanford, 1909 and 1910; est., \$459,000, 10, 112.

Pre. ex. and sur. au. act Feb. 27, 1911, of Providence R. and H., with view to d. chan. to 30'. R. to come, 12, 136.

1907, 135,584, 07, 941.
1911, 5,000, 11, 1207.

Total, 506,584 (total, incl. misc., \$506,635.47, 12, 1418).

COMMERCE.

Important, 67, 450; 79, 306.
Injury to navigation from brs., 74, ii, 227; 81, 556; 82, 555. Removed in 1883, 83, 78, 480.
Importance of imp., 80, 378; 83, 483; 86, 601.
Effect of imp. is to cause use of vessels of deeper draft than formerly, larger cargoes, and probably cheaper rates. 01, 167; 12, 119.
1900, 216,060 t., mostly cotton products, lumber, coal, minerals, fertilizer, etc., 01, 1129; 1911, 508,625 t.; 9,311 American vessels and 8 foreign vessels entered waterway, 12, 1419.

Lt. Col. J. C. Sanford, 1909-10. R., 09, 1016; 10, 1137.
Col. F. V. Abbot, 1911-. R., 11, 1208, 1209; 12, 1420, 1421.

OPERATIONS.

1886-87. Preparations for removal of shoal, 87, 553.
1887-88. 206,431 c. y. dr., 88, 501.
1889-90. 147,520 c. y. dr., 90, 572.
1891-92. 125,104 c. y. dr., 92, 622.
1893-94. 65,272 c. y. dr., 94, 592.
1895-96. 36,647 c. y. dr., 96, 650.
1896-97. 39,951 c. y. dr., 97, 911.
1902-03. Remaining portions of shoal are being removed under proj. for enlarging 25 deep-anchorage area in Providence H., 03, 803.
1903-04. Nearly all of the shoal has been removed, 04, 919.

PHYSICAL CHARACTERISTICS.

Description of, 85, 601; 89, 626; 01, 168, 1132.
Removal of shoal enables vessels to anchor outside of chan. and thus removes an obst. to vessels going to or from Providence wharves, 07, 86.

PROJECTS.

By Lt. Col. Elliot, 1885, removal, by dr., of Green Jacket Shoal, in the H. of Providence, to 25' m. l. w.; est., \$112,346, 85, 602; 86, 75, 605; 87, 553; 92, 621, 622.
By Capt. Bixby, 1895, dr. by contract, 95, 682.
Act June 13, 1902, au. removal of remaining portion of this shoal in connection with proj. for an enlarged anchorage area in Providence H., 02, 116.

SURVEY.

Of 1884 of Green Jacket Shoal, 85, 597.

LEGISLATION.

Act of R. I. providing for clearing chan. from obstr. and for constr. of br. near site of former br., 84, 614.

Act Mar. 2, 1907, making app. of \$135,584, provides that no part of it shall be expend. unless further amount of \$67,792 shall be provided by R. I., or other agency, made subject to order of Sec. War, under whose direction it may be expend. upon said proj. for its completion, 07, 83, 84.

General Assembly of R. I. passed act providing that one-half of required sum be paid on or after July 1, 1908, and the other half on or after July 1, 1909, to Sec. War, 07, 84.

General Assembly of R. I. resolved that consent of R. I. be given for application, to d. to 18' and w. chan. of R., of portion of balance of app. theretofore contributed and pledged by R. I., for said imp., 09, 89.

OBSTRUCTIONS.

Situation and condition of RR. br. at India Pt. makes passage of draws difficult, 00, 1305.

OPERATIONS.

1866-67. Removal of 12,430 c. y., 67, 45, 499.

1867-68. Dr., 68, 67.

1868-69. Chan. dr. to 6', 69, 58, 407.

1870-71. Removal of 16,257 c. y.; chan. 6' deep,

71, 83, 735.

1871-72. Removal of 21,122 c. y., 72, 81, 818,

820.

1872-73. Removal of 26,073 c. y., 73, 88, 967.

1874-75. Removal of 7,248 c. y., 75, 108, 11, 290.

1875-76. Completion of work; removal of 31,347 c. y.; 752 c. y. of st. removed, 76, 49, 207.

1884-85. Preparations for dr., 85, 593.

1885-86. 212,735 c. y. dr., 86, 599.

1886-87. 31,069 c. y. dr., 87, 548.

1887-88. 72,248 c. y. dr., 88, 496.

1889-90. 54,923 c. y. sand and 128 c. y. bowl-

ders and ledge rs. removed, 90, 567.

1891-92. 70,213 c. y. dr., 92, 617.

1893-94. About 39,000 c. y. dr.; 406 c. y. i.

excavated, 94, 588.

1894-95. About 500 c. y. r. excavated; 3,352

c. y. dr., 95, 677.

1895-96. About 2,000 c. y. i. excavated, 96, 645.

1896-97. About 250 c. y. r. excavated, 97, 906.

1897-98. 1,643 c. y. r. removed, 98, 914.

1900-01. 133,145 c. y. sand dr. under contract,

01, 1128.

1902-03. Dr. worked for 2 days when sudden freezing stopped work, 03, 799.

1903-04. 101,424 c. y. dr. under contract, completing same, and making chan. 12' x 100', between Ten-mile R. and Bucklin Isld., 04, 915.

1905-06. 3,420.3 c. y. r. excavated, 06, 906.

1906-07. Work consisted in redr. shoal places in chan., 07, 941.

1907-08. Proposals for completion of existing proj. invited and opened July 22, 1908, 08, 982.

1908-09. 393,477 c. y. sand, gravel, and clay, and 70 c. y. bowlders excavated under contract; 2,140 c. y. r., 09, 1014.

1909-10. 205,123 c. y. sand, gravel, clay, and mud dr., and 183 c. y. bowlders and 3,567 c. y. r. removed, 10, 1135.

1910-11. Advertisement made inviting proposals for dr. to complete 100' wide chan. and increase chan. w. opposite Phillipsdale, R. I., 11, 1207.

1911-12. 112,572 c. y. mud, sand, and gravel, 51 c. y. bowlders and 2,156 c. y. ledge r. dr. from 16' chan., 12, 1418.

PHYSICAL CHARACTERISTICS.

Description, 71, 735, 736; 74, 11, 230; 79, 305; 84, 610; 90, 566; 1900, 1303.

Bars and brs., 74, 11, 231.

Tidal observations, 71, 736, 738; 74, 11, 230, 236; 80, 379.

Changes since 1873, 84, 611.

Mean rise of tide about 5', 03, 799.

Shoaling in R. due to spring freshets and large inflow of gravel, 10, 1135.

R. is the upper portion of Providence R.; the navigable section is from Pawtucket to Providence, 4 m.; head of navigation is dam at Pawtucket; above dam R. is known as Blackstone R.; lower reaches of R. known as Seekonk R., 12, 117.

PLANS. (See Estimates and Projects.)

By H. A. Bentley, 1874, w. and d. chan. to 7' x 75' x 140', between the wharves; est., \$6,534, 74, 11, 231.

PRIVATE WORK. (See Legislation.)

PROJECTS. (See Estimates and Plans.)

Projs. of 1868 to 1874 proposed the formation, by dr., of a chan. 7' d. at l. w. and 75' w. from the mouth to the city of Pawtucket, 70, 450; 75, 11, 290. This work was completed in 1875, 76, 49, 207; 80, 74, 83, 78; 84, 609.

By Lt. Col. Elliot, 1884, chan., by r. removal and dr., 12' x 100' m. l. w. from the Red Br. to the r. cutting at Pawtucket; thence a chan. to Pawtucket Br. 12' x 40'; est., \$382,478, 84, 85, 613; 85, 593; 87, 548.

By Capt. Bixby, 1895, dr. and r. work by contract, 95, 677.

Maj. Lockwood est., 1899, \$237,875 to further imp. chan. from Red Br. up, 00, 1306.

Act Mar. 3, 1905, au. proj. to provide chan. d. of 16', m. l. w., and w. of 100' from Providence to Pawtucket, and chan. of same d. and w. of 50' through ledge r. at Pawtucket; est., \$237,875, 05, 856.

Provision to apply \$25,000 to excavate portion of chan. through ledge r., and \$5,000 to d. shoal points in 12' chan., 06, 82.

Act Mar. 3, 1909, modified proj. and provided that any balance remaining unexpended after completion of existing contracts may be used in d. chan. of R. to 18', and increasing w. thereof at such places between Pawtucket and Providence as may best subserve interests of C., provided that work therein au. shall not be undertaken until the consent of R. I. has been given for application to this purpose of portion of balance theretofore contributed and pledged by said State; consent given, 09, 89.

PHYSICAL CHARACTERISTICS.

Description of, **93**, 868.
 H. the mouth of Pawtuxet R., which is shut off from the H. by a dam, **93**, 868.

SURVEY.

Ex. au. act July 13, 1892; made by Capt. Bixby, 1893 (**R.** unfav.), **93**, 868.

C-86**PAWTUXET RIVER, R. I.****ENGINEERS.**

Chief of Engineers. **R.**, **84**, 91.
 In charge. Maj. J. W. Barlow. **R.**, **84**, 633.

SURVEY.

Ex. au. act Aug. 2, 1882; made by Maj. Barlow **84**, 633.

PLANS.

By Maj. Barlow, 1882, removing bowlders from entrance, **84**, 633.

C-87**NARRAGANSETT BAY CHANNEL (Pawtuxet H.), R. I.****ENGINEERS.**

Chief of Engineers. **R.**, **91**, 62, 733.
 In charge. Maj. W. R. Livermore, 1890. **R.**, **91**, 734.

SURVEY.

Ex. au. act Sept. 19, 1890; made, 1890, by Maj. Livermore (**R.** unfav.), **91**, 734.

PHYSICAL CHARACTERISTICS.

Description of, **91**, 734.

C-88**GREENWICH BAY, R. I.****APPROPRIATION.**

1890, \$2,000, **91**, 717.

ENGINEERS.

Chief of Engineers. **R.**, **89**, 56; **91**, 56; **92**, 60; **93**, 63.
 In charge:
 Maj. W. R. Livermore, 1888-92. **R.**, **89**, 650; **91**, 716.
 Capt. W. H. Bixby, 1892-93. **R.**, **92**, 623; **93**, 834.

PHYSICAL CHARACTERISTICS.

Description of, **89**, 650.

PROJECTS.

By Maj. Livermore, 1888, entrance to the B., w. the chan., and giving a l. w. d. of 10' by dr.; est., \$2,000, **89**, 651; **91**, 717; **92**, 623.

SURVEY.

Ex. au. act Aug. 11, 1888; made, 1889, by Maj. Livermore, **89**, 650.
 Maps. **93**, 834.

OPERATIONS.

1890-91. 19,592 c. y. dr., **91**, 717.
 Proj. completed, **92**, 624.

C-89**GREENWICH HARBOR, GREENWICH BAY, R. I.****COMMERCE.**

Description of; entirely local and small, **93**, 871.

ENGINEERS.

Chief of Engineers. **R.**, **93**, 71.
 In charge. Capt. W. H. Bixby, 1892-93. **R.**, **93**, 871.

PHYSICAL CHARACTERISTICS.

Description of, **93**, 871.
 The H. a cove about 8' x 300' x 2,500 y. along its wharf front, **93**, 871.

SURVEY.

Ex. au. act July 14, 1892; made by Capt. Bixby, 1893 (**R.** unfav.), **93**, 871.

C-91 APPONAUG HARBOR, COWESSET BAY, R. I.

COMMERCE.

In 1893 the interests involved seemed to make the desired imp. of local but not of national importance, 93, 870.

ENGINEERS.

Chief of Engineers. R., 93, 71.
In charge. Capt. W. H. Bixby, 1892-93. R., 93, 869.

C-92 POTONOWUT (Potowomut, Potowannet) RIVER, R. I.

APPROPRIATION.

1881, \$5,000, 81, 560.

CONTRACT.

1881. S. A. Hammond, dr., 23¢ c. y., 81, 559.

ENGINEERS.

Chief of Engineers. R., 80, 76; 81, 84, 89; 82, 84.
In charge. Lt. Col. G. K. Warren, 1880-82. R., 81, 559, 560; 82, 560.
Assistant. H. A. Bentley. R., 81, 560.

OPERATIONS.

1881-82. 15,012 c. y. dr. from bar at R. mouth, 63 t. of r. removed from Eustons Rocks, completing proj., 82, 560.

C-93

WICKFORD HARBOR, R. I.

APPROPRIATIONS.

1873, \$5,000, 73, 89.
1874, 5,000, 74, 99.
1896, 6,300, 96, 651.

Total, 16,300

COMMERCE.

C. advantages of Wickford, 73, 973, 975.
Petition of citizens asking for removal of rs. and for erection of lighthouse, 75, ii, 292.
SS. *Eolus* wrecked on James's Ledge, 76, 208.
Description of, 93, 873.
Existing C. does not justify imp. For purpose of getting r. for break'rs it may be advantageous "at some future time" to dr. a chan. to quarries nearby, 04, 938.

CONTRACTS.

1873. T. J. Hill, dr. 11,213 c. y., 40¢, 73, 972; 74, ii, 239.
1874. J. Van Patten, dr. 13,574 c. y., 18¢. J. Waters & Co., removal of Van Buren Rock, 75, ii, 291.
1896. Hartford Dredging Co., dr., 15.7¢ c. y.; bowlder removal, \$16.50 c. y. (\$5,000), 97, 914.

ENGINEERS.

Chief of Engineers. R., 72, 85; 73, 88; 74, 99; 75, 108; 76, 49; 93, 71; 95, 73; 96, 64; 97, 75; 98, 79; 99, 90; 00, 104; 04, 87; 08, 97.

In charge:

Maj. G. K. Warren, 1872-76. R., 73, 972; 74, ii, 239; 75, ii, 291; 76, 208.
Capt. W. H. Bixby, 1892-95. R., 93, 873; 95, 753.
Maj. D. W. Lockwood, 1896-1900. R., 96, 651; 97, 913; 98, 919; 99, 1129; 00, 1261.
Maj. G. W. Goethals, 1904. R., 04, 935.
Capt. C. E. Gillette, 1904. R., 04, 938.
Col. J. H. Willard, 08, 77.
Assistants:
H. N. Babcock. R., 73, 974.
Lt. W. W. Harts. R., 93, 874.

PHYSICAL CHARACTERISTICS.

H. is at the nw. corner of Greenwich B., on the w. side of Narragansett B., and about 10 m. s. of Providence, 93, 869.

SURVEY.

Ex. au. act July 14, 1892; made by Capt. Bixby, 1893 (R. unfav.), 93, 869.

PHYSICAL CHARACTERISTICS.

Description of, 81, 560.

PROJECTS.

By Col. Warren, imp. mouth of Potonowut R. by excavating chan. 5' x 150' x 2,500' m. l. w.; also removing Eustons Rocks; est., \$5,587.50, 81, 562; 82, 560.

SURVEY.

Au. act June 14, 1880; made, 1880, by Lt. Col. Warren, 81, 560.

OPERATIONS.

1873-74. 11,213 c. y. dr.; r. removed, 74, ii 239.
1874-75. 13,574 c. y. dr.; r. removed, 75, ii, 291.
1875-76. Dr. to w. chan., 76, 208.
1896-97. 30,265 c. y. dr. and some bowlders removed, 97, 913.
1899-00. Some bowlders removed from entrance to H., completing proj., 00, 1262.

PHYSICAL CHARACTERISTICS.

Site described, 73, 88, 973; 93, 873; 95, 753.
Presence of rs. and shoals, 73, 973.
Tides, 73, 974, 975.

PRIVATE AND CORPORATE WORK.

Constr. of wharf, and dr. of chan. undertaken by private enterprise, 73, 973.

PROJECTS.

By Maj. Warren, dr. and removal of r.; est., \$25,000, 73, 972, 974.
By Lt. Harts, 1896, removal of some bowlders and dr. chan. 9' x 60'; est., \$6,300, 95, 754.

SURVEYS.

By H. N. Babcock, 1872. R., 73, 974.
Ex. au. act July 13, 1892; made by Capt. Bixby, 1893 (R. fav. to moderate imp.), 93, 873.
Sur. au. act Aug. 17, 1894; made by Lt. Harts, 1895 (see Projects), 95, 753.
Pre. ex. of Mill Cove au. act June 13, 1902. R. by Maj. Goethals, Feb. 2, and Capt. Gillette, Aug. 13, 1903; 2 plans presented at est. costs of \$30,000 and \$18,000¹ (locality not considered worthy of further imp.; concurred in by B.E.R.H., 04, 87, 934).
Pre. ex. and sur. au. act Mar. 2, 1907, with view to obtaining 15', and for removal of ledge known as General Rock. R. by Col. Willard, 1907 and 1908; est., \$56,800,² 08, 97.

Total, 2,225,000 (total, incl. misc., and less \$1,556.65 returned to Treas., \$2,223,523.66, 12, 1425).

COMMERCE.

Description of, 93, 879; 97, 937.
"The result of the improvement has been to create a harbor of refuge fairly suitable for sailing vessels and steamers, though the holding ground is poor, but not well suited for tows of barges, on account of the narrowness of the entrances, the direction of the entering courses with respect to that of the worst seas, the lack of room necessary for maneuvering barges in tow, and the fact that the central part of the area is obstructed by a dangerous reef.

"About 30 feet can be carried at mean low water into the eastern, and from 18 to 19 feet into the western, entrance. The mean range of tide is 3.1 feet.

"One hundred and seventy-three vessels used the harbor during the fiscal year. Of these there were 142 sailing vessels, 12 steamers, and 19 barges." 12, 129.

CONTRACTS.

1893. Hughes Bros. & Bangs, core st., \$1.27 $\frac{1}{2}$ t.; facing st., \$1.27 $\frac{1}{2}$ t. (\$1,034,000), 93, 840.

PRIVATE WORK.

R. I. and town of South Kingston making the opening into the pond; R. I. app. \$6,000, 07, 91.

PROJECTS.

Capt. Bixby, 1893, recom. return of all money to the Treas., 93, 842.

Maj. Lockwood, 1897, est. cost of imp. entrance would be \$473,490, 98, 935.

Extension of w. j. seaward and landward, 06, 89.
Act Mar. 2, 1907, app. \$8,000 for continuing imp. and mainten., "amount for dr.," recom. that app. be returned to Treas., 12, 130.

Place considered unworthy of further imp., 10, 1143.

SURVEYS.

Lt. Col. J. C. Sanford, 1909-10. **R.**, 09, 1019; 10, 1141.

Col. F. V. Abbot, 1911-. **R.**, 11, 1213; 12, 1424.

LEGAL PROCEEDINGS.

Judge Advocate General of opinion that shore extension of break'r may be undertaken, and the whole of app., 1903, available for that purpose, 03, 814.

Proceedings for condemnation of land needed for shore extension of break'r instituted, 06, 913. Commissioners viewed the land May 23, 1907, 07, 947. Hearing held Aug. 14, 1907, 08, 92. Land damages, amount, \$7,100; expenses, \$4,138.75, paid by U. S., 11, 1213.

OPERATIONS.

1890-91. Beacon estab., and 3,000 t. r. used in the constr. of a portion of n. and e. arms of break'r, 91, 722.

1891-92. 8,630 t. riprap st. placed in break'r, extending it 200' along both arms, 92, 629.

1893-94. 92,939 t. st. deposited in break'r, 94, 596.

1894-95. 193,087 t. st. deposited in break'r, 95, 687.

1895-96. 237,315 t. st. deposited in break'r; 2 additional beacons placed, 96, 655.

1896-97. 111,681 t. st. deposited in break'r, 97, 918.

1897-98. 130,792 t. st. deposited in break'r, 98, 924.

1898-99. 110,059 t. st. deposited in break'r, 99, 1136.

1899-1900. Lighting of break'r maintained, 00, 1269.

1900-01. Lighting of break'r maintained, 01, 1139.

1901-02. Break'r lights maintained, 02, 906.

1902-03. Constr. of break'r begun; lights maintained, 03, 807.

1903-04. 32,568.89 t. st. deposited in shore end of e. detached break'r; lights maintained, 04, 924.

1904-05. Break'r lights maintained, 05, 863.

1905-06. 87,920 t. st. placed in extension of break'r; 2,005 t. st. used for repairs to break'r; lights maintained, 06, 913.

1906-07. 9,871.45 t. st. placed in break'r; lights maintained, 07, 947.

1907-08. 42,192.4 t. st. placed in break'r; lights maintained, 08, 989.

1908-09. 59,036.22 t. st. placed in shore arm of break'r; 3,496.33 t. st. used in repairs to break'r; lights maintained, 09, 1020.

1909-10. Mainten. work, 6,957 t. st. placed in break'r, misplaced st. rearranged and replaced, 219 t. st. placed to repair damages by storms, and lights maintained, 10, 1141.

1910-11. Lights maintained, 11, 1213.

1911-12. Work for constr. of w. shore arm of break'r in progress, 41,112 t. st. placed; lights maintained, 12, 1425.

PHYSICAL CHARACTERISTICS.

Description of, 90, 594; 93, 877; 97, 937.

Storm, 1896, damaged top of break'r, 97, 919.

Papers relative to necessity for H. of refuge, extracts from journals, etc.¹

Severe storms in winter of 1907-08, damaged main break'r, 08, 92.

Place at s. extremity of township of Narragansett, R. I., and marks the sw. entrance to Narragansett B. Locality dangerous for craft in a storm, such as light-built coal barges towed from N. Y. points, 12, 127.

PROJECTS.

By Maj. Livermore, 1889, H. at Pt. Judith by constr. of a riprap granite break'r along the course of Squid Ledge and between the s. extremity of the ledge and Pt. Judith; est., \$1,250,000, 90, 595.

By Capt. Bixby, 1893, stonework by contract, 93, 840.

Board, 1896, recom. crest of e. arm be raised to 9' above h. w.; est., \$444,311; and that constr. of detached e. break'r be postponed until necessity for it would be shown after completion of main work, 97, 919.

Maj. Lockwood, 1897, est. cost of closing interval between the main break'r and shore at \$187,558.80, 97, 937.

Act June 13, 1902, modified proj. by au. constr. of e. detached break'r; est., \$196,193; and continuing it to shore, with view to providing shelter for landing place; est., \$187,558.80, 02, 119.

Act Mar. 2, 1907, au. further extension of e. shore arm of break'r; est., \$186,248.20, 07, 89.

Act June 25, 1910, au. constr. of a detached w. shore arm of break'r; est., \$665,000,² 10, 106.

Total est. to 1912, \$2,485,000.

SURVEYS.

Au. act Aug. 11, 1888; made, 1889, by Maj. Livermore (see Projects), 90, 594.

Ex. of Inner H. au. act July 13, 1892; made by Capt. Bixby in 1893 (**R.** unfav.), 93, 877.

Sur. for e. break'r to shore au. act June 3, 1896; made by Maj. Lockwood in 1897 (**R.** unfav.); (see Projects), 97, 937.

Ex. au. act June 13, 1902, of various Hs., with view to constr. H. of refuge and enlarging ocean entrance to Pt. Judith. **R.** by BE. (q. v.), Oct. 30, 1903,³ 04, 87.

Ex. au. act Mar. 2, 1907. **R.** by Col. Willard, Jan. 22, 1908; est., \$921,502.80,² 08, 97.

Cong. docs., etc., relating to ex., sur., plans, etc. 12, 1424.

Maps:² 93, 840; 95, 686; 96, 656; 03, 808.

C-103 BLOCK ISLAND, R. I., GREAT SALT POND.

APPROPRIATIONS.

1896, \$40,000, 96, 660.

1899, 50,000, 99, 1143.

Boards.

- Col. H. Bache, president. Convened Feb. 18, 1868. Three plans for break'rs were proposed, 1 for a H. large enough to shelter vessels of the largest class, and the other 2 for a H. for local purposes. The board adopted the plan for a break'r on a line extending 500' from a pt. near Sands Landing to Five-foot Rock, for local purposes. **70**, 75, 451; **75**, ii, 294; **77**, 201.

Appointed by au. act of 1902 (Col. Chas. Sutér, Col. S. M. Mansfield, Maj. G. W. Goethals) to determine what further constr. was advisable and the cost; recom. imp. be continued to amount of orig. est. still unapp., \$53,989, in tightening and raising the main break'r and dr. the inner H., **04**, 949, 968.

Assistants:

- G. W. Dresser, **67**, 451. R., **67**, 454; **68**, 788.
 J. P. Cotton. R., **72**, 823; **73**, 977; **74**, ii, 241; **80**, 391.

OBSTRUCTIONS.

- To C., **68**, 795. List of vessels wrecked off Block Island, **68**, 802.

OPERATIONS.

- 1870-71. Break'r extension, 500 l. f., **71**, 739.
 1871-72. Jetty extension, 270 l. f.; cribwork commenced, **72**, 821, 823, 824.
 1872-73. Jetty extension, 80 l. f.; cribs finished; dr. and r. excavation from inner H., **73**, 976, 978.
 1873-74. Rock removed, 446 t.; break'r extension, 380 l. f., **74**, 99, ii, 240.

- 1874-75. Rock removed, 594½ t.; bulkhead wall constr.; break'r enlarged, **75**, 109, ii, 293.

- 1875-76. Repairs, **76**, 210.
 1876-77. Break'r enlarged, **77**, 201, 202.
 1877-78. Rock removed, 517 t.; break'r extension, 300 l. f., **78**, 48, 242.
 1878-79. Repairs, **79**, 311, 313.
 1880-81. Removal of wreck and dr. 16,146 c. y. from inner H., **81**, 563.
 1882-83. Constr. of j. with hired labor and building H. wall by contract, **83**, 496.
 1883-84. Completion of sea wall and j.; repair of wharf at inner H., **84**, 627.
 1884-85. 5,795 t. riprap placed in break'r gap, **85**, 608.

- 1885-86. 2,376 t. riprap placed in break'r gap; repairs to ps. of inner H., **86**, 611.

- 1887-88. Six-sevenths of the gap filled; timber j. forming shore end of w. wall completed and filled with st.; n. wall commenced, **88**, 506.

- 1888-89. 3,530 t. riprap granite placed in n. wall of inner H., **89**, 632.

- 1889-90. 1,941 t. riprap granite placed in n. wall of inner H., and 420 t. on the break'r; 3,025 c. y. sand dr. from shoal at entrance to H., **90**, 576.

- 1890-91. 3,711 t. riprap granite placed in extension of n. wall of enlarged inner H., **91**, 725.

- 1891-92. 2,381 t. riprap granite placed in extension of n. sea wall, **92**, 631.

- 1892-93. 1,044 t. st. deposited in break'r, **93**, 843.

- 1893-94. 6,915 t. st. deposited in break'r, 38 fender piles placed, about 5,500 c. y. dr., and 1,013 t. of bowlders removed from old j. and placed in the new one, **94**, 599.

- 1894-95. About 2,800 c. y. dr., **95**, 694.

- 1895-96. About 3,300 c. y. dr., **96**, 658.

- 1896-97. 2,258 c. y. dr., **97**, 924.

- 1897-98. 2,742 c. y. dr., **98**, 928.

- 1899-00. 2,901 t. st. placed to repair break'r and 5,500 c. y. dr. from inner H. entrance, **00**, 1273.

- 1900-01. Lights at entrance of H. maintained, **01**, 1142.

- 1901-02. 9,068 c. y. dr. from shoal at entrance to inner H., **02**, 908.

- 1902-03. 14,594 c. y. dr. from entrance to H. and near SS. wharf; 610 t. st. placed on break'r, **03**, 815.

- 1903-04. 8,752 t. st. placed on break'r, completing repairs to 650', **04**, 926.

- 1904-05. 1,571 t. st. placed on break'r, **05**, 865.

- 1905-06. 8,429 t. st. placed in main break'r, 89,384 c. y. dr., and about 266 c. y. bowlders removed, **06**, 915.

- 1906-07. Lights at entrance to H. maintained, **07**, 949.

- 1907-08. 32,226 c. y. dr. and about 682 c. y. bowlders removed, **08**, 992.

- 1908-09. Lights at entrance to H. maintained **09**, 1022.

- 1909-10. 40,000 c. y. sand and about 17 c. y. bowlders removed, **10**, 1143.

- 1910-11. Light maintained at entrance to H. during year by Eng. Dept., **11**, 1215.

PHYSICAL CHARACTERISTICS.

- General, **67**, 454; **68**, 793, 794; **90**, 575; **96**, 674.
 Site described, **68**, 789; **73**, 241; **79**, 311, 312.
 Tides, **68**, 796, 799; **75**, ii, 294; **79**, 311.
 North wall damaged by storms, winter, 1898-99, **99**, 1140.
 Description of, **04**, 954; **11**, 115.

PLANS.

- By G. W. Dresser, for dr. chan. 25' x 633' x 2' 465'; for constr. of ps., 17½' x 20' x 900', \$1,000,000, **68**, 793, 794. For break'r 3,000' l., substr. 30' w., superstr. 15' w. on top, 20' w. at base, 12' h.; also for a lighthouse, \$1,445,000, **68**, 795.

- By B. E., 1868: (1) For a break'r sheltering a H. of sufficient capacity for vessels of largest class. (2) For a break'r extending 300' beyond Five-foot Rock and sheltering a H. for local purposes. Est., \$553,798 and \$3,000,000. (3) See Projects. **75**, ii, 294; **77**, 201, 202.

- By J. P. Cotton, for j. extension of 700', and p. constr., \$86,000, **74**, ii, 242.

PRIVATE (CORPORATE) WORK.

Constr. of a wharf by Fall River Iron Co., **74**, ii, 240.

PROJECTS.

By B. E., 1868, for break'r extending from the shore to Five-foot Rock, faced with cut st., est. \$372,000; subsequently modified so as to dispense with this facing; ultimately extended to a pt. 500' beyond Five-foot Rock, **70**, 452; **75**, ii, 294; **77**, 202.

By Lt. Col. Warren, temporary H. to consist of 2 cribs, with wings approaching each other, leaving an opening of 60', **71**, 739; **72**, 823; **79**, 311. For a detached break'r 300' l., to protect H. from ne. winds; est., \$60,000, **74**, ii, 242, 243.

By Lt. Col. Warren, 1880, dr. inner H. to 9', with the removal of a wreck therefrom; est., \$8,000, **80**, 391, 392; completed, 1881, **81**, 563.

By Lt. Col. Warren, 1881, H. wall on the e. side of the inner H., and j. to protect the H. from material washed from the sw. and e.; est., \$19,000, **82**, 563.

The proj. under which work was being carried on in 1888 was a consolidation of 4 prior proj., namely, one by Lt. Col. Elliot, 1883, for replacing the timber cribs on n. and w. sides of the inner H. by walls of st. and for replacing s. wharf by a retaining wall backed by earth; est., \$30,000, **83**, 497; another by Lt. Col. Elliot in 1884, for closing a gap 200' in the main break'r; est., \$30,000, **84**, 628; another by Lt. Col. Elliot, 1885, for enlargement of the inner H. to about 18½ acres; est., \$46,189, **86**, 611, 613; and lastly a proj. by Maj. Livermore, 1888, for removal of a shoal obstr. navigation at the entrance to Block Isld. H., giving 9' to a line 20' from the break'r; est., \$5,000, **88**, 505, 506; total est., \$111,189. These

combined proj., provided for a H. of refuge on the e. side of the isld., consisting of an inner H. or basin for small vessels and an exterior H. for large ones. The basin was to be about 250' x 300' in area and inclosed, save for an opening 80' w. The exterior H. was to be formed by a riprap break'r 1,000' l., **91**, 724; **92**, 631.

By Maj. Lockwood, 1895, raising the height of the break'r, stopping sand leaks at certain points, and dr. in the main H. to 10'; est., \$83,985, **96**, 658.

By Capt. Bixby, 1895, dr. and all other work to be done with hired labor and the U. S. plant, **95**, 694.

By Maj. Lockwood, 1899, repairing and strengthening n. wall of the inclosed H., **99**, 1140.

Action, 1902. (See Board of Engineers.)

Act June 25, 1912, adopted proj., by Lt. Col. Willard, for straightening and rebuilding certain portions of break'r and for dr. anchorage basin to 15', m. l. w.; cost, \$132,000, **108**, 97; **12**, 132.

SURVEYS.

By G. W. Dresser, 1867-68, **67**, 45; **68**, 749. **R.**, **67**, 454; **68**, 788.

Sur. au. act Aug. 17, 1894; made by Maj. Lockwood, 1895 (see Projects), **96**, 673.

Ex. of several s. New England ports, incl. Block Isld., au. act June 13, 1902, by B. of E. (q. v.), **04**, 949, 954.

Au. act Mar. 2, 1907; made, 1907-08, by Lt. Col. Willard, **08**, 97.

Of entrance to H., showed no serious shoaling since dr. of Oct., 1909, **11**, 1215.

Maps: **80**, 390; **85**, 612; **88**, 506, soundings; **93**, 844; **95**, 694; **03**, 816.

Cong. docs., etc., relating to exs., surs., plans, etc., **01**, 173; **02**, 121; **01**, 84, 87; **05**, 91; **08**, 97; **10**, 110; **11**, 115; **12**, 132.

C-105 WATCH HILL COVE, LITTLE NARRAGANSETT BAY, R. I.

ENGINEERS.

Chief of Engineers. **R.**, **91**, 62.

In charge. Maj. W. R. Livermore, 1890. **R.**, **91**, 735.

1906. T. A. Scott Co., removing bowlders, \$15 c. y., 06, 922.
1908. T. A. Scott Co., dr., 21½¢ c. y.; removing bowlders exceeding 1 c. y., \$10 each, 06, 998.
1909. T. A. Scott Co., removal of ledge opposite Pawcatuck Pt. (about 54 c. y.), and one about 600' e.; and removal of all material within area 75' x 100' along chan. for lump sum of \$1,850, 09, 1028.
1912. J. S. Packard Dredging Co., dr. about 40,000 c. y., 26½¢ c. y., s. m., 12, 1434.

ENGINEERS.

Chief of Engineers. R., 70, 31, 76; 71, 84; 72, 81; 73, 89; 74, 100; 75, 109; 76, 50; 77, 44; 78, 49; 85, 80; 87, 42; 88, 43; 89, 53; 90, 48; 91, 60; 92, 64; 93, 67; 94, 60; 95, 67; 96, 68, 71; 97, 82; 98, 85; 99, 97; 00, 112; 01, 175; 02, 114, 123; 03, 104; 04, 88; 05, 93; 06, 93; 07, 95; 08, 97; 09, 100; 10, 113; 11, 118; 12, 137.

In charge:

Maj. D. C. Houston, 1870; 70, 74.
Maj. G. K. Warren, 1870-78. R., 70, 453; 71, 741, 743; 72, 824; 73, 979; 74, ii, 243; 75, ii, 295; 76, 210; 77, 203; 78, 243.
Lt. Col. G. H. Elliot, 1884-87. R., 85, 622; 86, 618.
Maj. W. R. Livermore, 1887-92. R., 87, 565; 88, 509; 89, 635; 90, 578; 91, 726.

Capt. W. H. Bixby, 1892-95. R., 92, 633; 93, 845; 94, 600; 95, 696.
Maj. D. W. Lockwood, 1896. R., 96, 661, 676.
Maj. S. S. Leach, 1897-1901. R., 97, 940; 98, 941; 99, 1149; 00, 1320; 01, 1159.
Maj. C. F. Powell, 1902-05. R., 02, 921; 03, 831; (Lt. Col.) 04, 969; 05, 871.
Maj. H. Taylor, 1906-10. R., 06, 921; 07, 955; 08, 997; (Lt. Col.) 09, 1027; 10, 1149.
Capt. A. E. Waldron, 1911-12. R., 11, 1221; 12, 1433.

Assistants:

J. H. Dager. R., 71, 744.
H. S. Van Ingen. R., 72, 826.
H. A. Bentley. R., 74, ii, 244.
Lt. E. H. Schulz, 01, 175; 02, 123.
Capt. C. H. McKinstry, 03, 104.
Lt. W. D. Connor, 03, 104; (Capt.) 04, 87.
Lt. William Kelly, 03, 104; 04, 87, 88; (Capt.) 05, 93.
Capt. G. R. Lukesh, 06, 93.

OPERATIONS.

1871-72. Removal of 12,930 c. y. by dr.; chan. 5½' x 43' x 945', 72, 82, 826.
1872-73. Removal of 21,922½ c. y.; 2' d. to Westerly, 73, 89, 979.
1873-74. Depth of chan. to Westerly increased to 5' x 5½' x 40', 74, 100, ii, 243.
1874-75. Removal of 38,650 c. y. from chan.; 20 t. of r. removed, 75, 109, ii, 295.
1875-76. Removal of 22,618 c. y.; bowlders removed; chan. completed to Westerly, and continued 2,400' beyond, the property owners bearing half the expense, 76, 50, 210.
1886-87. Under proj. of 1885, 19,721 c. y. dr., 87, 556.
1887-88. 48,939 c. y. sand, mud, and bowlders excavated, 88, 509.
1888-89. 8,355 c. y. and 6 c. y. bowlders removed, 89, 635.
1889-90. 339 t. of r. and 7,509 c. y. of sand and gravel removed, 90, 579.
1890-91. 17,316 c. y. dr., 91, 727.
1891-92. 25,416 c. y. dr., 92, 634.
1893-94. 67 t. of bowlders and 59 t. of r. removed, 94, 601.
1894-95. 6,548 c. y. dr. and some bowlders removed, 95, 697.
1895-96. 8,815 c. y. dr. and some bowlders removed, 96, 662.
1896-97. 266 c. y. of bowlders removed, 97, 940.
1897-98. About 114 c. y. of r. removed, and 34,980 c. y. dr., 98, 942.
1899-00. 43,797 c. y. dr., 00, 1320.
1902-03. 28,617 c. y. clay, sand, and gravel removed, 03, 832.
1905-06. 15,779 c. y. mud, sand, and clay dr., and 73.45 c. y. bowlders removed, 06, 921; 55.82 c. y. bowlders removed under agreement with T. A. Scott, and 39.83 c. y. bowlders in Watch Hill chan. removed by same party; work completed Feb. 8, 1906, 06, 921, 922.
1906-07. Sur. in upper part of 40' chan. at Westerly, R. I., 07, 955.
1907-08. 1,460 c. y. earth and 34.93 c. y. of bowlders removed from chan. at Westerly, and 39,561 c. y. earth and 18.54 c. y. bowlders removed from Little Narragansett B., 08, 998.
1908-09. 19,336 c. y. earth and 47.28 c. y. bowlders removed from Little Narragansett B., and 60,966 c. y. earth and 2.21 c. y. bowlders removed, 09, 1028.
1909-10. Ledge opposite Pawcatuck Pt. at mouth of R., and a few scattered bowlders removed and contract completed Sept. 10, 1909, 10, 1150.
Proj. about 30% done, 12, 137.

PHYSICAL CHARACTERISTICS.

Description, 71, 744; 72, 826; 74, ii, 244, 245; 86, 622.
Character of dr. material, 74, ii, 245.
Tidal observations, 71, 742.

Navigable part of R. extends 5 m. from town of Westerly, R. I., to its outlet in Little Narragansett B.; thence through Little Narragansett B. to Stonington outer H., 2½ m., **01, 175.**

Chan. of R. in good condition, while that in B. is in poor shape, **03, 831.**

Max. draft 10' in B. chan., 7' in R., and 6' near Watch Hill; mean rise of tide 2.6' at mouth and 2.3' at Westerly, **09, 101.**

Little Narragansett B. chan. is 10' x 100' x 10,400' l.; chan. from Avondale to lower wharves at Westerly is 10' x 100' x 14,000'; with exception of a stretch in vicinity of Stanton's Weir Pt., about 1,800' l., now under contract; and a chan. 10' x 40' has been dr. between lower and upper wharves at Westerly, about 3,000' l., to head of navigation, **12, 137, 138.**

See last paragraph of Surveys.

PRIVATE AND CORPORATE WORK.

Chan. excavated by citizens of Westerly for \$4,200, **71, 744.**

1876. One-half the cost of extending chan. 2,400' above Westerly paid by property owners, **76, 211.**

PROJECTS.

From 1871 to 1875, incl., \$50,000 expend. upon chan. 5½' x 75' below the wharves, and from 35 to 40' w. between the upper and the lower wharves, **71, 741, 744; 75, ii, 296; 87, 565.**

Proj. 1888 contemplated w. the chan. to 100' below the wharves and to 40' between the upper and lower wharves, the entire chan. to be dr. to 8' m. l. w.; est., \$38,637, **88, 43; 91, 727.**

By Capt. Bixby, 1893, doing work by hired labor and use of U.S. plant, **93, 846.**

By Capt. Bixby, 1895, dr. by contract, **95, 697.**

By Capt. Bixby, 1895, chan. 10' d. from Stonington H. to Westerly, 200' w. from Stonington to Avondale, R. I., with w. of 40' between the upper and lower wharves at Westerly; total est., \$200,361.60, **96, 661.**

ESTIMATES. (See Plans and Projects.)

By J. H. Dager, in accordance with plan No. 1 (see Plans), \$139,205; No. 2, \$100,214.40; No. 3, \$51,579; No. 4, \$21,186. Removal of break'r, \$180,989.60. Constr. of j., \$20,000, **72**, 919-921.

By Maj. Warren, break'r and j., \$420,000, **72**, 85, 918.

By BE., 1875, break'rs, \$182,000 and \$125,000, **75**, ii, 245, 246.

By G. C. Almy, break'r, \$150,000, **79**, 326, 331.

OPERATIONS.

1823-34. 740 l. f. break'r, 82,268 t. st. used, according to Lt. Prescott's proj., **72**, 918; **79**, 327.

1873-74. 91,087 c. y., dr., **74**, ii, 247.

1874-75. 63,562 c. y. dr., **75**, ii, 238.

1875-76. 770¹ l. f. break'r, 14,507 t. st. used, 54,860 c. y. dr., according to proj. of BE., **76**, 222, 223.

1878-79. 662 l. f. break'r, 35,746 t. st. used, **79**, 57, 330.

1879-80. 34,800 t. granite delivered in break'r, extending same 483', **80**, 437.

1880-81. 9,113 t. granite delivered in break'r, completing the same; 24,750 t. st. delivered in new break'r, completing 500' of same, **81**, 579, 580.

1881-82. 22,900 t. st. delivered in break'r, extending the same 570', **82**, 598.

1882-83. Break'r extended 451', **83**, 501.

1883-84. 4,896 t. riprap st. used in break'r extension, **84**, 631.

1884-85. 7,500 t. st. delivered in work, extending same 205', **85**, 617.

1886-87. 12,835 t. riprap granite delivered in e. break'r, **87**, 563.

1887-88. 3,550 t. riprap st. placed in break'r, **88**, 512.

1888-89. 3,664 t. riprap granite placed in break'r, **89**, 638.

1889-90. 1,925 t. st. placed in e. break'r, **90**, 581.

1890-91. 10,701 t. st. placed in e. break'r, **91**, 729.

1891-92. 447 t. st. placed in e. break'r, **92**, 636.

1894-95. About 7,700 t. st. deposited in break'r, **95**, 699.

1895-96. 9,566 c. y. dr., **96**, 664.

1896-97. 540 c. y. sea wall built, **97**, 942.

1900-01. Light on break'r maintained, **01**, 1162.

PHYSICAL CHARACTERISTICS.

Of H. bed, **75**, ii, 240; **79**, 330.

Tides, **72**, 919; **74**, ii, 246; **79**, 326.

Description of locality, **90**, 581; **93**, 893.

PLANS. (See Estimates and Projects.)

By J. H. Dager: (1) Dr. H. above the SS. wharf to 15' m. l. w.; (2) Dr. Penguin Shoal entirely; (3) Dr. Penguin Shoal partly; (4) Dr. chan. 500' w. from break'r to the SS. wharf, **72**, 919, 920. Removal of break'r, extension of 900', and constr. of j. from Wampasset Pt.; modified by Maj. Warren to extend break'r 2,000', **72**, 918, 920, 921.

By Maj. Warren, break'r from Stonington Pt. 20' x 2,000' on top; also for a sea wall at Wampasset Pt., **72**, 85, 918. Break'r in 3 sections: (1) One portion extending from Stonington; (2) one portion extending from Wampasset Pt., leaving an opening between shore and shore end for a chan.; (3) detached break'r, covering the open distance between the ends of sections 1 and 2, **75**, ii, 247.

By BE., 1875, 3 break'rs. (See Projects and Engineers.)

By G. C. Almy, break'r at Bartlett's Reef 3,000' l., **79**, 331. Recom. by eng. in charge, **79**, 326.

PRIVATE AND CORPORATE WORK.

Remonstrance of citizens against break'r across Penguin Shoal, **75**, ii, 242.

PROJECTS. (See Estimates and Plans.)

Earliest proj., 1827, au. short break'r at the lower end of the city wharves; completed, 1831; cost, \$34,766.65, **72**, 920; **79**, 327; **87**, 41.

Proj. 1871 proposed dr. chan. 12' d. between the break'r and the SS. wharf; est., \$51,363, **72**, 919; **73**, 980.

By BE., 1875, break'r of granite riprap to extend se. from vicinity of Wampasset Pt., 2,000'; est., \$231,000, **75**, ii, 244, 246. Break'r completed, 1881; cost, \$103,190, **81**, 579; **87**, 562.

By Maj. Barlow, 1880, e. break'r between the Middle Ground and Bartlett's Reef, 2,000' l.; to be built of st. and granite riprap; est., \$100,000, **81**, 585. Approv. by BE., 1880, **81**, 585.

Necessity for increasing length of break'r to 2,600', making est. \$130,000, **82**, 598. Est. for completion, 1888, \$25,000, **88**, 512.

By Capt. Bixby, 1893, minor work and surs. to be done by hired labor and U. S. plant, **93**, 848; dr. by contract, 1895, **95**, 699.

Maj. Lockwood est., 1895, \$64,576.60 for deeper city front chan., and a cut through Noyes Shoal, **96**, 678.

In 1896 U. S. app. \$5,000 for dike to prevent erosion at Stonington Pt., **96**, 664.

SECRETARY OF WAR.

Approv. recom. of the Chief of Engineers and also of BE. (see Projects), **75**, ii, 243.

SURVEYS.

By Lt. Prescott, 1827, **72**, 919.

Included in Coast Sur., 1839, **72**, 917.

By J. H. Dager, 1871. **R.**, 72, 919.

Ex. of entrance made, 1893, by Capt. Bixby (**R. fav.**), **93**, 891.

Sur. of Stonington H. au. act Aug. 17, 1894; made, 1895, by Maj. Lockwood (**R. fav.**) (see Projects), **96**, 678.

Maps. **82**, 598; **84**, 632; **93**, 848; **95**, 700.

Diagram of break'r proposed by Maj. Warren, **75**, ii, 247. Map of H., **79**, 328.

¹ Given as 750', **79**, 330.

 Capt. A. E. Waldron, 1911-12. R., 11, 1222; 12, 1435.

OPERATIONS.

1880-81. 1,222 c. y. material dr. from shoal e. of RR. wharf, 81, 586.
 1881-82. 140 t. bowlders and 6,619 c. y. st. and sand removed from shoal, 82, 600.
 1882-83. 636 t. bowlders and 9,794 c. y. sand and st. removed, 83, 506.
 1884-85. 2,725 c. y. sand and gravel dr.; 132 c. y. bowlders removed, 85, 642.

¹ H. D. 858, 61st, 2d.

² H. D. 637, 62d, 2d.

³ From Thames R. app., 81, 586; 87, 586.

⁴ Includes \$3,600 carried to surplus fund.

1886-87. 2,542 c. y. sand and 45 c. y. bowlders removed from shoal; work practically completed, 87, 586.

1902-03. Dr. begun June 30, 1903; about 4,000 c. y. per day removed, 03, 833.

1903-04. 1,159,635 c. y. dr., 04, 971.

1904-05. Dr. under continuous contract completed; 1,273,229 c. y. removed, 05, 873.

1906-07. 2 r. ledges in Fort Trumbull-Shaws Cove chan., removed (about 637 c. y.), 07, 957.

1909-10. Proj. completed, 10, 1151.

1910-11. Proposal for deepening Shaws Cove adv. for, but no bids recd.; work to be done by open-market agreement, 11, 1222.

1911-12. Efforts to obtain price for deepening Shaws Cove; unsuccessful, 12, 1435.

PHYSICAL CHARACTERISTICS.

Description of, 88, 525; 89, 744; 00, 1353; 02, 124; 06, 94.

H. 14 m. e. of mouth of Conn. R., and comprises lower 3 m. of Thames R., 12, 138.

PLANS.

By Col. Houston, 1888, d. the shoal between the city wharves and the main chan. by excavation of 15' chan. 300' x 3,000', extending from the upper end of the S8. wharf to Chappell's lower wharf; est., \$15,000, 89, 745.

PROJECTS.

By Maj. Barlow, 1878, removal of sand and bowlder shoal in New London H. lying e. of the New London Northern R.R. wharf to 16' at m. l. w.;

est., \$6,800, 78, 397. Afterwards increased on account of difficulty in excavation to \$24,000, 81, 582; 86, 632, 633; 87, 585. Proj. completed, 1888, 88, 526.

Maj. Leach est., 1900, \$145,000 to imp. H. with \$1,000 an. mainten., 00, 1355.

Act June 13, 1902, au. chan. 400' or more x 23' x 6,000', from opposite Fort Trumbull along the waterfront of the city, incl. Winthrop Cove, to natural deep chan. opp. the Central Vermont R.R. dock, 4,000' upstream from point of beginning; est., \$145,000, and \$1,000 an. mainten., 02, 124.

Act June 25, 1910, au. restoring 12' in Shaws Cove, and increase in depth to 15'; est., \$12,000, with \$3,000 every 10 yrs. for mainten., 12, 139.

SURVEYS.

Sur. au., and est. called for, act Mar. 3, 1899, R., 1900, by Maj. Leach (R. fav.) (see Projects), 00, 1352, 1355.

Ex. and sur. au. act June 13, 1902, of 30' in Winthrop Cove. R., Lt. Col. Powell² (unfav.), 04, 1004.

Of ledge r. in Fort Trumbull-Shaws Cove chan. Necessary to remove 640 c. y. ledge to clear chan., 06, 922.

Ex. and sur. au. act Mar. 3, 1905, for 30' in main chan. to R.R. br. and thence with a w. of 400' to naval station. R., Maj. Taylor⁴ (unfav.), 07, 117.

Ex. and sur. au. act Mar. 2, 1907, of H., for 15' d. in Shaws Cove. R., Maj. Taylor; est., \$12,000,⁵ 08, 122.

Boards. Convened, New York, Mar. 14, 1882,
to report upon proj. of Maj. Barlow for imp. of the
Upper Thames. **R.**, **82**, 606. (Col. Z. B. Tower.)

In charge:

Capt. D. C. Houston, 1866-70: **66**, 41. **R.**, **66**,
iv, 195, 197; **67**, 448; (Maj.) **68**, 747, 752; **69**, 408.
Maj. G. K. Warren, 1870-77. **R.**, **70**, 448; **71**,
748; **72**, 827; **73**, 981.
Maj. J. W. Barlow, 1877-83. **R.**, **77**, 210; **78**, 394;
79, 331; **80**, 441; **81**, 588; **82**, 601.
Lt. Col. W. McFarland, 1883-86. **R.**, **83**, 503;
84, 636; **85**, 638.
Lt. Col. D. C. Houston, 1886-92. **R.**, **86**, 629;
87, 582; (Col.) **88**, 521; **89**, 654; **90**, 600; **91**, 742;
92, 652.

Lt. Col. H. M. Robert, 1893-95. **R.**, **93**, 901; **94**,
624; (Col.) **95**, 760.
Maj. H. M. Adams, 1896. **R.**, **96**, 684.
Maj. S. S. Leach, 1897-1901. **R.**, **97**, 946; **98**, 947;
99, 1155; **00**, 1325; **01**, 1163.
Maj. C. F. Powell, 1902-05. **R.**, **02**, 924; **03**, 834;
(Lt. Col.) **04**, 972; **05**, 875.
Maj. H. Taylor, 1906-10. **R.**, **06**, 923; **07**, 958;
08, 1000; (Lt. Col.) **09**, 1030; **10**, 1153.
Capt. A. E. Waldron, 1911-12. **R.**, **11**, 1224;
12, 436.

Assistants:

Capt. A. H. Holgate, **70**, 74.
H. A. Judson. **R.**, **71**, 750.
H. A. Bentley. **R.**, **73**, 982.

ESTIMATES. (See Plans and Projects.)

By Maj. Houston, dr., removal of old ps., and
repairs, \$24,959, **66**, iv, 197. Increased, **68**, 752.
By H. A. Judson, aggregate for dr., \$33,079.62,
71, 763, 764.
By Maj. Barlow, dr. chan. from Indian Pt. to
Norwich 14' d., \$75,000; for chan. 11' d., \$39,000,
78, 395. For imp. of Thames R. near New London,
\$6,800, **78**, 397; aggregate, \$81,000, **78**, 398. For
increasing w. and d. of chan., \$164,000, **79**, 57, 332.

LEGAL PROCEEDINGS.

In 1893-94, Dept. of Justice made the owner of a
wharf take up a part of the wharf that had been
built beyond the H. line of Shaws Cove, **94**, 627.

OPERATIONS.

1821. Obstr. placed in the R. during the War
of 1812 removed, **79**, 333. Canal cut across a bend
in the Shetucket R., causing great damage to the
Thames R. navigation, **66**, iv, 196; **71**, 752.
1866-67. 14,820 c. y. dr., **67**, 45, 148.
1867-68. 67,201 c. y. dr., **68**, 67, 747.
1868-69. Dr. chan. to 14', **69**, 58, 408.
1871-72. 45,454 c. y. dr., **72**, 827.
1872-73. 37,604 c. y. dr., **73**, 987.
1878-79. 55,000 c. y. dr., **79**, 57, 331.
1879-80. 38,614 c. y. dr. from chan. through
the shoals, **80**, 441.
1880-81. 9,387 c. y. dr. from the bar, **81**, 588.
1881-82. 6,595 t. riprap st. placed in training
wall, extending the same 750', **82**, 602.
1882-83. 10,612 t. st. placed in dike, extending
same 1,620'; 53,192 c. y. dr., **83**, 504.
1883-84. 41,819 c. y. sand dr. from chans.;
training wall completed, **84**, 636.
1884-85. 11,254 t. st. placed in 2,500 l. f. of
training wall, **85**, 640.
1885-86. E. dike completed by addition of 691
t. riprap; 8,000 t. st. delivered in the Rolling Mill
dike, **86**, 630.
1886-87. 4,479 t. st. placed in the Rolling Mill
dike; repairs to the Mohegan pile dike, **87**, 582.
1887-88. 6,542 t. st. delivered, completing 1,513
l. f. of dike; 37,953 c. y. dr., **88**, 523.
1888-89. 222,392 c. y. dr., **89**, 656.
1889-90. 50,421 c. y. dr.; 894 t. st. and 247 t.
riprap delivered, **90**, 601, 602.
1890-91. 28,414 c. y. dr., **91**, 744.
1891-92. 73,419 c. y. dr., **92**, 654.
1892-93. 89,420 c. y. dr., **93**, 904.
1893-94. 37,715 c. y. dr., **94**, 627.
1895-96. 60,728 c. y. dr., **96**, 687.
1896-97. 32,797 c. y. dr., **97**, 946.
1897-98. 60,446 c. y. dr., **98**, 947.
1899-00. 106,936 c. y. dr., **00**, 1325.
1900-01. 18,290 c. y. dr., and 27 c. y. r. removed
from Shaws Cove; 19,259 c. y. dr. at Central Dock,
01, 1163.
1902-03. 15,915 c. y. dr. and range targets
estab., **03**, 834.
1905-06. 11,095 c. y. dr. from Shaws Cove,
1,350 c. y. from Bartlett's crossover, 12,477 c. y. from
Norwich anchorage basin, and 21,447 c. y. from
between Allens Pt. and Norwich; 3,470 t. st. placed
in dikes, **06**, 923, 924.
1906-07. 4,220 t. st. deposited, completing fifth
dike; 35,673 c. y. dr., **07**, 958.
1907-08. 74,340 c. y. dr., **08**, 1000.

1908-09. 83,368 c. y. dr., 09, 1030.
1911-12. Two points of ledge removed, in Shetucket R., 12, 1436.

PHYSICAL CHARACTERISTICS.

Tides of Thames, 72, 830.
Dimensions of chan., shoalspots, etc., 08, 1001.
Shoaling, 12, 1436.

PLANS. (See Estimates and Projects.)

By Maj. Houston, to increase w. of chan., remove sunken trees, etc., 68, 753.

By H. A. Judson, (1) removal of middle ground to 14'; (2) to obtain a chan. connecting the d.-w. chan. w. of the middle ground with that below coal yards; (3) to obtain chan. from the upper rolling mill to and beyond Bushnells Reef; (4) to obtain chan. over the Haycocks, 71, 753, 754.

PRIVATE AND CORPORATE WORK.

In 1835-36, \$3,679 expended by private enterprise with the privilege of collecting tolls on the R., 73, 334.

PROJECTS. (See Estimates and Plans.)

The first definite proj. for imp. the R. that of 1836, which proposed, by dr. and constr. of wing dams, to provide a chan. 14' x 100' h. w.; the desired results were obtained, but the shoals subsequently reformed, 73, 983; 86, 630.

Proj. of 1866 proposed reformation, by dr., of chan. 14' x 100 h. w. across the bars below Norwich; est., \$65,000, 66, iv, 197; 68, 752; 73, 983.

In 1873 proj. modified to provide for a chan. 14' x 100' l. w. from Indian Pt. to Norwich; est., \$75,000, 78, 395, 398. Increased in 1880 for removal of Middle Grounds at Norwich to \$101,000, 80, 442.

In 1882 proj. further modified to provide for increasing the w. of the chan. to 200' over the first $\frac{1}{2}$ m. below Norwich, together with the constr. of training walls if necessary for the rectification of the R.; est., \$208,080, 82, 603; 87, 582.

In 1883 proj. further extended to secure, by dr., a 16' chan. up to Allyns Pt., and a 14' chan. from

Allyns Pt. to the end of the existing imp.; this increased the total est. to \$248,280, making the "present," 1889, est. for completion \$95,600, and increasing the est. for an. mainten. to \$8,000, 89 655; 92, 654.

By act 1892 for expend. of \$10,000 for imp. o Shaws Cove by dr., 93, 904.

Act Mar. 2, 1907, extended proj. to provide a chan. 20' x 200' to Allyns Pt., and 14' thence to Norwich; est., \$16,250, and \$1,500 an. mainten., 07, 97, 118.

Act June 25, 1910, modified proj. to provide for removal of rs. and other obstr. in Shetucket R. est., \$1,500;² 10, 116, 138.

SURVEYS.

\$150 app. for sur., 1829, 79, 333.

Of Thames R. for 3 m. below Norwich, Conn., 1866, 66, iv, 197.

By J. A. Judson, 1868, under direction of Maj. Houston, 79, 334.

Of Thames R. by J. A. Judson, 1870. R., 71, 750.

By H. A. Bentley, 1872, from Norwich to Coopers Pt., 79, 334.

H. lines W. estab. by the Sec. War in Shaws Cove in 1893, 94, 626.

Of r. obstr. in Shetucket R., and Bartlett's cross-over chan., 04, 972.

Of dr. chans., 05, 875.

Pre. ex. of Thames R. to Allyns Pt., au. act Mar. 3, 1905. R. by Maj. Taylor, Oct. 22, 1906; est., \$16,250, with \$1,500 an. mainten.,¹ 07, 118.

Pre. ex. and sur. of Shetucket R., with view to removing rs. and other obstr. in chan., au. act Mar. 3, 1909. R. by Maj. Taylor, May 27 and Aug. 31, 1909; est., \$1,500;² 10, 138.

Pre. ex. au. act June 25, 1910, of w. chan. from Poquetanuck drawbr. to Kiteamang for 14' chan. R. by Lt. Col. Taylor, Sept. 26, 1910³ (unfav.), 12, 177.

Maps:¹ 2

Of Thames R., Conn., 66, i.

Of the R. from Norwich to Indian Pt., 79, 332, 82, 606; 84, 636; 85, 640; 89, 656; 93, 904; 94, 628.

D-20

NIANTIC RIVER, CONN.

COMMERCE.

Important, 73, 1046, 1049, 1050; 85, 711. R.R. br. an obstr. to C., 73, 1047, 1048.

Description of, 97, 973.

Insignificant when compared with the natural advantages, 97, 974.

ENGINEERS.

Chief of Engineers. R., 72, 85; 73, 93; 85, 963; 97, 104.

In charge:

Maj. G. K. Warren, 1872. R., 73, 1045.

Lt. Col. W. McFarland, 1885. R., 85, 710.

Maj. S. S. Leach, 1897. R., 97, 972.

Assistant. J. P. Cotton. R., 73, 1047.

LEGISLATION.

Conditions (relating to brs.) upon which the New Haven & New London R.R. was chartered 73, 1048.

OBSTRUCTIONS. (See Commerce.)

PHYSICAL CHARACTERISTICS.

Description of site, 73, 1045.

Bars, 73, 1046.

Tides, 73, 1048, 1050.

Description of, 97, 973.

In the 10 years previous to 1896 the H. depths seem to have naturally increased, 97, 972.

PLANS.

By J. P. Cotton, drg. to give a chan. 9' d. on the bar outside of the drawbr. and 8' d. in the R.; est., \$26,000, 73, 1046, 1049.

By Lt. Col. McFarland, 1884, dr. chan. 9' x 100' l. w. below the R.R. br.; est., \$4,000, 85, 711.

PRIVATE (CORPORATE) WORK.

Piles driven and drg. done, 1867, by J. Beattie; expend., \$500, 73, 1047.

SURVEYS.

By J. P. Cotton, 1872. R., 73, 1047.

Ex. au. act July 5, 1884; made by Lt. Col. McFarland, 85, 710.

Sur. au. act June 3, 1896; made by Capt. Leach in 1896 (R. unfav.), 97, 972.

ENGINEERS.

Chief of Engineers. R., 80, 75; 81, 86; 82, 87; 83, 87; 84, 93, 99; 85, 80; 86, 81; 87, 44; 88, 46; 89, 57; 90, 52; 91, 64; 92, 68; 93, 73; 94, 65; 95, 75; 98, 111; 05, 113, 899; 06, 115; 07, 97, 118; 08, 100; 09, 100, 103; 10, 116, 138; 11, 121; 12, 142.

Boards. (Lt. Col. Rossell, Maj. Geo. W. Goethals, and Maj. J. G. Warren.) Appointed under act 1902, for making ex. surs., etc., of Connecticut R. from Hartford, Conn., to Holyoke, Mass.; R., 05, 902. Board reconvened by order act 1905, for preparing and submitting an additional R. on imp. of R. by open-chan. work or other methods than those already reported on, 06, 115.

BERH. R., 05, 950.
Supple. R. by BE., Feb. 6, 1905. Desirable chan. can not be obtained by dr.⁸

In charge:

Lt. Col. G. K. Warren, 1870-83. R., 80, 394; 81, 565, 566; 82, 564.

Lt. Col. W. McFarland, 1883-86. R., 83, 507; 84, 639; 85, 632.

Maj. J. W. Barlow. R., 84, 659.

Lt. Col. D. C. Houston, 1886-92. R., 86, 623; 87, 587; (Col.) 88, 527; 89, 660; 90, 606; 91, 748; 92, 656.

Lt. Col. H. M. Robert, 1893-95. R., 93, 907; 94, 630; (Col.) 95, 766.

Maj. S. S. Leach, 1898-. R., 98, 976.

Maj. Harry Taylor, 1907-10. R., 07, 959; 08, 1003; (Lt. Col.) 09, 1032; 10, 1154.

Capt. A. E. Waldron, 1911-12. R., 11, 1225; 12, 1438.

Assistants:

T. G. Ellis. R., 81, 568.

Arthur J. Ober. R., 05, 919.

OBSTRUCTIONS.

At Holyoke navigation interrupted by a dam for the development of power which has no provision for the passage of vessels, 98, 977.

Description of dam, etc., at Enfield, built by the Connecticut Power Co., 98, 978.

List of 13 bns. crossing the R. from Hartford to Holyoke, 98, 981.

OPERATIONS.

1880-81. 820 l. f. of upper dam and 643 l. f. of lower dam finished, 81, 565.

1881-82. 180 l. f. of upper dam and 185 l. f. of lower dam completed, 82, 564.

1884-85. 1,029 c. y. st. placed in dike, 85, 633.

1886-87. Repair of wing dams at mouth of Farmington R. and at Barbers Landing, 87, 588.

PHYSICAL CHARACTERISTICS. (See Part a.)

Description of, above Hartford, 81, 569; 88, 528. Bellows Falls, Vt., to Pittsburgh, N. H., 84, 659.

Description of, Hartford to Holyoke, 98, 976.

The part designated in act June 3, 1896 (Surveys), 34 m. l., consists of 2 stretches of diverse character. From Holyoke to Enfield dam, 18 m., the bed is erodible, while from the dam to the foot of the rapids it is mostly nonerodible, 98, 977.

Table showing duration of certain stages above Hartford for 7 years, 1871-77, 98, 980.

General description and character of R., river banks, tributaries, and water sheds, 05, 919.

PLANS. (See Projects.)

By Lt. Col. Warren, 1880, canal around Enfield Falls, on e. bank of R., extending down to mouth of Hockanum R., opposite Hartford; est., \$1,322, 805, 81, 566; 87, 588.

PROJECTS. (See Plans.)

By Maj. Warren, 1871, increased d. to chan. with wing dams at 5 places between Hartford and Enfield Rapids, and by dr.; est., \$350,000, 71, 84, 757. No general proj. adopted, 87, 588; 88, 528; 91, 749; 92, 657.

In 1897 Maj. Leach est. \$1,825,000 or \$2,075,000 to imp. R. between Hartford and Holyoke with ls. and ds., etc., 98, 988.

By BE., 1904, plans for securing d. of 9' by means of ls. and ds.; est., dependent on type of dams, \$2,725,000, \$2,621,000, and \$2,393,500, 05, 905.

By BE., plan for imp. by means of dr., wing dams, and training walls from Hartford to above mills at Windsor Locks, thence by new lock and existing canal, and thence to Holyoke; est., \$1, 564,600, 07, 98; locality not worthy of imp. in manner proposed, 07, 118.⁵

Maj. Taylor, 1908, reported cost of imp. out of proportion to probable benefit,⁶ 09, 100.

BERH. recom. adoption of plan presented in H. Doc. No. 323, 59th Cong., 2d sess., for l. and d. surmounting Enfield Rapids, to be built by private parties, become property of U. S., and maintained by U. S.; est., \$1,015,600, with \$10,000 an. mainten.,⁷ 10, 117.

SURVEYS.

Of Farmington R. Bar, 1879, to ascertain condition of chan., 80, 394.

Ex., 1884, Bellows Falls, Vt., to Pittsburgh, N. H. R. (unfav.), 84, 659.

Sur., Holyoke, Mass., to foot of Enfield Rapids au. act June 3, 1896; made, 1897, by Maj. Leach (R. fav. to imp. between Hartford and Holyoke), 98, 978.

Au. act June 13, 1902; made, 1904, by BE.,⁴ 05, 902, 919.

Au. act Mar. 2, 1907; made, 1908, by Maj. Taylor (R. unfav.),⁵ 09, 100.

Au. act Mar. 3, 1909, Hartford, Conn., to Holyoke, Mass.; Rs., 1909 and 1910, by Lt. Col. Taylor; plan for imp. at est. of \$1,015,600 submitted, subject to certain conditions,⁷ 10, 138.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 142.

¹ For sur.

² Of which \$3,786.56 was carried to surplus fund in 1907 and 1909, 10, 1154.

D-24 WESTBROOK HARBOR, CONN.¹ (Near Connecticut River mouth.)

APPROPRIATION.

Mar. 2, 1829, \$130.

D-25 FIFTEEN-MILE FALLS, N. H.

COMMERCE.

Important, 71, 861, 866.
Obstructions to C., 71, 863, 864.

ENGINEERS.

Chief of Engineers. R., 70, 31, 83; 71, 96.
In charge. Lt. Col. G. Thom. R., 71, 861; 72, 957.

OBSTRUCTIONS. (See Commerce; Physical Characteristics.)

PHYSICAL CHARACTERISTICS.

Presence of ledges and boulders; forms part of Conn. R., beginning at Dalton, N. H., about 275 m. above mouth of river, 71, 863, 864.

PLANS.

By Lt. Col. Thom, running of logs, cribwork, and removing bowlders and ledges; est., \$18,000. Rafting of sawed lumber, and running of logs, sluiceways, and cribwork, and removing ledges and bowlders; est., \$25,000, 71, 864, 865, 866. Modified by the substitution of booms for cribwork, at an est. cost, for running logs only, of \$15,000; for running logs and rafting sawed lumber, \$22,000, 72, 960.

PRIVATE (CORPORATE) WORK.

Imp. made by, at worst points by removing bowlders, and constructing slips, sluiceways, and locks at various points, 71, 862.

SURVEYS.

By Lt. Col. Thom, 1870-71. R., 71, 861; 72, 957.

D-30 EIGHTMILE RIVER, CONN.

APPROPRIATIONS.

1910, \$9,000, 10, 1156.

COMMERCE.

1911, 1,479 t.; no apparent effect of imp. on rates, 12, 147.

CONTRACTS.

1910. T. A. Scott Co. (Inc.), dr., 13½ c. y., and removal of bowlders; \$10 c. y. for bowlders over 1 c. y. in volume, 11, 1228.

ENGINEERS.

Chief of Engineers. R., 08, 122; 10, 119; 11, 124; 12, 146.

In charge:

Maj. H. Taylor, 1908-10. 08, 97; (Lt. Col.) R., 10, 1156.
Capt. A. E. Waldron, 1911-12. R., 11, 1228; 12, 1441.

OPERATIONS.

1910-11. 54,482 c. y. removed, 43 c. y. bowlders over 1 c. y. each, and 11 old logs and piles, 11, 1228.

1911-12. 44 c. y. bowlders removed; proj. about 90% completed, 12, 1441.

PHYSICAL CHARACTERISTICS.

Details; empties into Conn. R. about 9 m. above mouth; 11 m. l.; proj. part about 1.53 m. l., mouth to head of turning-basin, 10, 119; 12, 146.

Max. draft, 1912, 8', 12, 147.

PROJECTS.

Act June 25, 1910, au. chan. 8' x 75', with small turning-basin at inner end of chan.,² 10, 119; est., \$9,000, 12, 146.

SURVEYS.

Ex. and sur. au. act Mar. 2, 1907, for removing obstr., Eightmile R. and East Branch, Conn.; Rs., Maj. Taylor, May 9 and Oct. 15, 1907; East Branch unworthy of imp. by U. S.; est., Eightmile R., \$9,000,² 08, 122.

Maps,² 11, 1228.

1908-09. Unfinished break'r damaged by wave action, 09, 1034.

1909-10. 3,278 t. st. placed in repairs to break'r, 10, 1157.

1910-11. 16,289 t. granite and 8,998 t. brownst. placed in Kelsey Pt. break'r, 11, 1239.

1911-12. 29,053 t. st. under one contract, and 8,548 t. st. under another contract placed in Kelsey Pt.; U. S. steam lighter *Panuco* placed 14,213.46 t. st. in n. break'r, 12, 1442.

PHYSICAL CHARACTERISTICS.

Description of, 91, 757; 10, 119.

Shoaling near n. break'r necessitated rehandling st. by light-draft lighter, 12, 1442.

D. Isld. H. Small bay on n. shore, Long Isld. Sound, 7 m. w. of mouth of Conn. R. and midway between New London and New Haven—about 23 m. from each, 12, 147.

PROJECTS.

By Maj. Barlow, 1882, for small H. of refuge by break'r from 1,200 to 1,800 y. in l.; est., \$200,000, 84, 684.

Modified and enlarged by Lt. Col. Houston, 1886, providing for the constr. of 3 break'rs of riprap, 1 extending w. from Duck Isld., 3,000' l.; 1 extending ne. from Duck Isld., 1,750' l.; and the 3d extending sw. from Menunketesuck Pt., 1,130' l. These break'rs to be 10' w. at top, to extend to 6' above h. w., and to inclose an area of about 115 acres; est., \$463,540, 87, 642; 91, 757.

By Maj. Taylor, 1907, proj. modified by omitting the 2 break'rs between Duck Isld. and Menunketesuck Pt.; omission of additional l. orig. planned for break'r extending w. from Duck Isld., and constr. break'rs extending n. from Duck Isld. 1,100' and s. from Stone Isld. 3,750'; est. of modified proj., \$350,000, with \$5,000 once in 10 years for mtns.¹ 08, 122; an. act June 25, 1910, 10, 120.

SURVEYS.

Ex. au. acts Aug. 2, 1882, and Aug. 5, 1886; made by Maj. Barlow, 84, 684; by Lt. Col. Houston (see Projects), 87, 641.

Of H. of refuge, and for a break'r at Kelsey Pt., an. act Mar. 2, 1907; made, 1907, by Maj. Taylor,¹ 08, 122.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 148.
 Maps.¹

Assistant. H. N. Babcock. R., 82, 630.

OPERATIONS.

1883-84. 375' of riprap dike built, 84, 643.

1890-91. 836 t. of riprap granite used in extension of dike, 91, 760.

1892-93. 10,500 c. y. drd., and proj. completed, 93, 918.

PHYSICAL CHARACTERISTICS.

Description of, 88, 538.

PROJECTS.

By Maj. Barlow, 1882, closing the breach with a riprap d. dike, and if the desired d. was not restored by the increased tidal flow, to dr. chan. 6' x 100' m. l. w. through the 2-shoals; est., dike, \$3,000; dike and drg., \$10,000, 82, 630; 86, 634; 87, 596; 92, 667.

By Lt. Col. Robert, 1893, modified proj. providing for w. of 75'; total est., \$8,500, 93, 917.

Total, 18,000, 12, 1445.

COMMERCE. (See Plans.)

Details. Over 39,000 t.; granite quarries in vicinity, 01, 1190; 25% increase, 06, 99; 41,744 t., value, \$237,899.08, 12, 151.

Navigation facilitated, and rates reduced, 10, 121; 11, 128.

CONTRACTS.

1904. John P. Randerson, dr., 15¢ e. y., s. m., 05, 882.

1907. John P. Randerson, dr'ng, 15¢ e. y., s. m., 07, 963.

ENGINEERS.

Chief of Engineers. R., 84, 99; 01, 198, 1188; 02, 128; 03, 109; 04, 93; 05, 99; 06, 98; 07, 101; 08, 104, 122; 09, 107; 10, 121; 11, 127; 12, 149.

In charge:

Maj. J. W. Barlow. R., 84, 678.

Maj. W. McFarland. R., 84, 679.

Maj. Smith S. Leach. 1901. R., 01, 1189.

Maj. Chas. F. Powell, 1902-05. Rs., 02, 929; 03, 839; (Lt. Col.) 04, 976; 05, 881.

Maj. Harry Taylor, 1906-10. Rs., 06, 926; 07, 963; 08, 1006; (Lt. Col.) 09, 1035; 10, 1157.

Capt. A. E. Waldron, 1911-12. Rs., 11, 1231; 12, 1445.

Assistant. H. N. Babcock. R., 84, 680.

OBSTRUCTION.

Dumping in objectionable places at instigation of State agents, 05, 882.

OPERATIONS.

1902-03. Work advertised, all bids rejected 03, 839.

1904-05. 35,395 c. y. dr., 05, 882.

1906-07. 14,000 c. y. dr., 07, 963.

1907-08. 23,013 c. y. dr., proj. completed, 08, 1006.

PHYSICAL CHARACTERISTICS.

Details. H. mouth, 15', thence to R. 7.5', 01, 1189; 11, 127; shoaling, 12, 150.

PLANS.

C. of port, 1883, would not justify expend. \$78,000 required to form a chan. 9' x 100' through the shoal areas in the H., 84, 679, 680.

PRIVATE WORK.

Turning-basin about 75'-100' x 600' dr. between chan. and docks, 08, 1007.

Malleable Iron Fittings Co. dr. 11,811 c. y., straightening and extending chan., 10, 1157.

PROJECTS.

By Maj. Leach, chan. 8½' x 100' f. m. l. w., through the upper part of Branford R. from the lower to the upper docks; est., \$5,000, and \$250 an. mainten., 01, 1193; proj. 1907 to include dr. shoals at R. mouth, increasing est. to \$13,000, 07, 1071; \$1,000 an. needed for mainten., 10, 1158.

SURVEYS.

Ex. au. act Aug. 2, 1882; made by Maj. Barlow, 84, 678.

Sur. by Maj. McFarland (see Plans), 84, 679.

Au. act Mar. 2, 1900; made by Maj. Leach,¹ 01, 188.

Ex. au. act Mar. 2, 1907; made, 1907, by Maj. Taylor (R. unfav.),² 08, 122.

Cong. docs., etc., relating to exs., surs., Plans, etc., 12, 150.

D-55**EAST HAVEN RIVER, CONN.****ENGINEERS.**

Chief of Engineers. R., 11, 149.

In charge. Lt. Col. H. Taylor, 11, 118.

SURVEY.

Ex. au. act June 25, 1910; R., Lt. Col. Taylor Sept. 26, 1910 (unfav.),³ 11, 149.

ESTIMATES. (See Plans and Projects.)

By Capt. Dutton, 1853, removal of Middle Rock and the 2 adjacent rs., \$78,000, 71, 774.
By Maj. Houston, 1858, removal of Middle Rock and others, \$65,000, 68, 752.
By Maj. Warren, 1871, removal of Middle Rock and the 2 adjacent rs., \$167,669, 71, 774. For dr. a chan. 14' x 200', \$64,815, 71, 775.
By Maj. Warren, 1872, completion of proj. for a chan. 16' d., \$62,000, 72, 865.
By H. N. Babcock, 1874, dr. chan. from Long Wharf to Tomlinson's Br., 13' x 200', \$20,000, 74, 259.
By Maj. Barlow, 1875, for chan. 18' x 300'-500' x 16,500', \$208,890, 75, ii, 250. For break'r at sw. ledge, \$248,000, and \$465,000, 75, ii, 252.
1879. D. chan. to 16', and w., \$90,000, 79, 337.

OPERATIONS.

1867-68. Removal of Middle Rock commenced, 14' m. l. w. obtained, 67, 44, 451; 71, 772.
1870-71. 70,615 c. y. dr. and 54 c. y. of r. removed; progress on Middle Rock unsatisfactory, 71, 85, 769 to 776; 72, 864.
1871-72. 153,718 c. y. dr., 127 c. y. of r. removed; work commenced on Ludington Rock. Chans. dr., 13' x 100' x 2,125', 13' x 200' x 3,125', and 13' x 300' x 750', 72, 860, 863, 865, 875.
1872-73. 98,527 c. y. dr. and 422 c. y. of r. removed; dr. across the bar, 72, 860; 73, 1012.
1873-74. 78,955 c. y. dr.; w. of the chan. unsatisfactory; j. commenced at Fort Hale; work on Ludington Rock delayed, 74, 101, ii, 257, 259, 260.
1874-75. 523 c. y. of r. removed and j. extended with material from Ludington Rock, 75, 104, ii, 248, 252, 254.
1875-76. 43,606 c. y. dr.; chan. 13' x 315'; work suspended on Ludington Rock, 76, 224; 77, 212.
1876-77. 89,331 c. y. dr., w. chan. to 16' x 415', 77, 46, 212.
1878-79. 250,000 c. y. dr., 79, 57, 336.
1879-80. 125,890 c. y. dr. from chan., 80, 444.
1880-81. 129,110 c. y. dr. from chan., 81, 591.
1881-82. 117,400 c. y. dr., completing a 16'-w. chan., with a w. of from 440' below Long Wharf to 600' at bend opposite the same, 82, 608.
1882-83. 1,575 t. granite delivered and 600 l. f. dike built; also 100' pile dike completed and 350' partially completed, 83, 512.
1883-84. 2,094 t. granite delivered and 694 l. f. riprap dike built; damage to latter repaired and barrel beacons placed on chan. ends, 84, 645.
1885-86. Old ps. at Tomlinson's Br. and portion of a abutment of same removed; 64,192 c. y. dr. from chan. area above and below the br., 86, 636, 637.
1886-87. Chan. arm of dike extended 515', and log and riprap ice breaker built, 87, 598.
1887-88. 4,951 t. st. delivered in dike, completing same for 570', 88, 542.
1888-89. 5,081 t. st. placed in the dike, 89, 673.

1889-90. 5,379 t. riprap placed in the Sandy Pt. dike, and 11,308 c. y. dr., 90, 620.
1890-91. 139,806 c. y. dr., 91, 763.
1892-93. 117,908 c. y. dr., 93, 922.
1895-96. 93,501 c. y. dr., 96, 696.
1897-98. 98,000 c. y. dr., 98, 856.
1899-00. 474,304 c. y. removed, 00, 1333.
1900-01. 653,766 c. y. dr., 01, 1171.
1901-02. 1,006,999 c. y. dr., 02, 930.
1902-03. 1,130,763 c. y. dr., completing contract; 32,893 c. y. dr. from Mill R., 03, 839, 840.
1903-04. 297,235 c. y. dr.; 7,417 c. y. dr. in extending the 8' chan. in Quinnipiac R., 04, 977.
1904-05. Rs. removed from Quinnipiac R., 70,352 c. y. dr. from main chan., and 58,713 c. y. from 12' anchorage, 05, 883.
1906-07. 38,581 c. y. dr., 07, 964.
1907-08. 28,143 c. y. dr., 08, 1008.

PHYSICAL CHARACTERISTICS.

Description of chans. and rs., 68, 751; 71, 769, 771, 776; 72, 866; 74, ii, 259; 75, ii, 250; 78, 399; 79, 337.
Tidal observations, 71, 775; 72, 879; 79, 341.
Table of d. over rs., 72, 867, 869, 870, 874.
Description of New Haven H. and its surroundings, 86, 636; 88, 540; 97, 975.
H. is naturally formed by an indentation of the n. shore of Long Isd. Sound about 4 m. long and 1 to 2 m. wide, into which flows 2 small streams, 97, 978.
Description of, 01, 182; 02, 128; 03, 110; 04, 94; 05, 100; 06, 99; 07, 102; 08, 105.

PLANS. (See Estimates and Projects.)

Capt. Prime's method, 1871, removing rs.; G. H. Mann's method, 71, 773.
By G. H. Mann, 1872, to discontinue removal of Middle Rock and remove Big Boil Rock to 17' below m. l. w. and Ludington Rock to 16'; also dr. of bar and other minor imp.; est., \$58,554, 72, 878.
By Maj. Warren, removal of lighthouse from entrance to sw. ledge of New Haven H., 72, 890.
H. N. Babcock, 1874, recom. discontinuance of w. chan. below Fort Hale, but to make chan. from Long Wharf to Tomlinson's Br. 13' x 200'; est., \$20,000, 74, ii, 259.
By Maj. Barlow, 1879, to modify the Tomlinson Br., 79, 339.
By Col. Houston, 1889, larger H. by constr. of 2 break'rs, the first commencing at Ludington's Rock and extending sw. about 2 m.; second, a break'w'r to commence at a point in the prolongation of the first and about 1/4 m. from its w. extremity, and extending nw. about a mile; est., \$5,000,000, 89, 679, 680.

PRIVATE WORK.

City of New Haven dr. receiving basin 18' to 20' d., and about 75' x 100', 05, 883.

PROJECTS. (See Estimates and Plans.)

Earliest proj. for the expend. of the app. of \$6,000 in 1852 seems to have been for the removal of Middle Rock, 66, 7, 37, which was in progress in 1866-67, 67, 44, 451.
Proj. of 1870 proposed dr. chan. 13' l. w. up to the city wharves, 71, 85, 769, 779. In 1871, 1872, 1875, and 1877 proj. modified to provide for chan. 16' d. above Fort Hale Bar, 72, 861; 75, ii, 249-251; 77, 212; 79, 336.
In 1879 proposed to increase the d. over Fort Hale Bar with dike from Sandy Pt., 79, 338.
From 1852 to 1886, incl., \$261,000 app., when it was est. that \$80,000 would be required to complete the proj., 86, 637.
In 1887 est. for Sandy Pt. dike and dr. through Fort Hale Bar revised; requiring \$93,000 to complete existing proj., 87, 600; 91, 761.
By Maj. Leach, 1897, chan. 20' d. through Long Isd. Sound from Tomlinson's Br.; 3 interior basins affording anchorage with ds. of 20', 16', and 12', resp., and adequate connecting chans.; est., \$400,000, 97, 978; 99, 1162.
Act 1889 the proj. au. chan. 16' x 400-700' Long Isd. Sound to head of H. and dike across Fort

Hale Bar; total est. from beginning, \$348,000. This proj. nearly completed, deficiency being in l. of chan. arm of dike and in w. of chan. across Fort Hale Bar, only 200' w. Total expend., \$325,695.66.

Act Mar. 3, 1899, au. \$345,000 for chan. 20' x 400' x 4 m., Long Isld. Sound to Canal Dock, thence 300' x $\frac{1}{2}$ m. to Tomlinsons Br., 3 basins below latter 12, 16, and 20'; chan. up Quinnipiac R. 12' x 200' to Grand Ave.; chan. up Mill R. 12' x 200' to junction of 2 branches above Chapel St.; thence 12' x 75' up each branch to Grand Ave., 12, 152.

Act June 13, 1902, au. extension of present proj. to include the Quinnipiac and Mill Rs. to Grand Ave., provided there were no increase in cost over present proj., 02, 128.

Protests being received from oyster-bed owners, and on au. of Chief of Engineers, 2 short chans. 8' x 50', making available a natural chan. up along

e. side of R. in which existing d. was 6' or more, or Quinnipiac R. between Ferry St. and Grand Ave., 12, 152.

PHYSICAL CHARACTERISTICS.

Description of, 09, 108; 10, 122; 12, 155.

PRIVATE WORK.

New Haven removed 13,156 c. y. from vicinity of mouth of East St. sewer, making basin 200' x 200', for catching street washings brought down by sewer, 12, 1446.

PROJECTS.

Act June 25, 1910, au. d. the 12' anchorage basin to 15', dr. chan. 12' x 100' and 1,500' from 12' anchorage basin toward Brewery St., and removing certain obstructive rs. in Morris Cove; est., \$68,000, 10, 1159; 12, 153.

Act June 25, 1910, gives est. cost of entire imp. as \$280,000, the greater part of which is for w. main chan. from Tomlinson Br. downstream for 6,000', which part of proj. is urgently needed and entirely meritorious; to be completed with available funds on hand, 11, 1232.

Act July 25, 1912, modified proj. in accordance with H. D. 26, 62d, 1st, to provide for w. e. and w. branch chans. in Mill R. from bifurcation n. to Grand Ave., the e. one to 100' w. and w. one to 125', increased to 150' at turn and decreased to 75'

at head; also au. chan. 8' x 50'-100' in Quinnipiac R. bet. Ferry St. and Grand Ave.; est., \$19,200. Same act further modified proj. (H. D. 535, 62d 2d) to provide d. West R. chan. to 12', giving addl. w. 25-50' at turns and along West Haven water front; also for extending this chan. with d. of 12' and prevailing w. of 75' from Kimberley Ave. Br. upstream approx. to br. of N. Y., N. H. & H. RR.; also for dr. anchorage basin 6' d. opposite Mahers Dock, and to s. of chan.; est., \$50,000, and \$4,000 an. mainten.

SURVEYS.

Pre. ex. and sur. au. act Mar. 2, 1907, with view to determining whether greater d. needed; also of rs. in Morris Cove. R. by Maj. Taylor, 1907 and 1908; ests., \$68,000 and \$212,000, resp., 109, 100.

Pre. ex. and sur. au. act Mar. 3, 1909, of H. above Tomlinson Br., incl. Mill R. and Quinnipiac R.; to report whether cost of imp. should be borne by U. S., 10, 138.

R. by Lt. Col. Taylor, Sept. 30, 1909, and Sept. 20, 1910; est., \$19,200, 11, 149.

1908-09. 41,703.74 t. st. placed in break'r, 09, 1038.

1909-10. 95,554.26 t. st. delivered, of which 327.89 t. were used in repairing break'r previously built, and 95,226.37 t. applied to extending break'r; entire break'r is 3,603' l.; 597' short of proj. length, 10, 1162.

1910-11. Repairs to e. break'r completed, using 2,914.78 t. st.; 25,825.60 t. st. placed in extension of w. break'r, 11, 1234.

1911-12. Extension of w. break'r completed and additional section 347' l. built, making full l. under proj. 4,200'; 43,253.22 t. st. delivered during year; 1430' of middle break'r enlarged to full cross section, using 10,556.74 t. st.; total st. delivered under contract, 53,809.96 t., 12, 1449.

PHYSICAL CHARACTERISTICS.

Description of, 88, 544; 93, 924.

Only natural H. of notable area and d. on Long Isld. Sound, bet. New London, 45 m. to e., and Huntington B., 32 m. to sw. Opp. H., Long Isld. Sound is at widest, 19 m. w. of H. from Morgans Pt. to Oyster R. Pt., 4½ m.; d. for anchorage, 20-28' m. l. w.

PLANS.

By Maj. Barlow, 1879, 4 different sites for break'r, 80, 452-455. Considered by B.E., 1879 (see Projects), 80, 460.

PROJECTS.

By B.E., 1879, H. of refuge for vessels of 2 by 20' break'r's of riprap granite, 1 extending from sw. ledge in a ne. direction to Quixes Ledge 3,300', the average height being 32'; the other beginning at Ludington Rock, with a w. direction and a l. of 4,200', and average h. of 28'; w. at top, 12'; h. above h. w. plane, 6'; est., e. and w. break'r's, \$1,311,134, 80, 448, 450; 87, 602.

In 1889 the proj. was modified by Col. Houston by the relocation of the w. break'r 6,000' to the sw., the constr. of a middle break'r, commencing at a point 1,000' N., 54° E. from Ludington Rock and extending S. 54° W. 5,000', crossing the rock; and also a break'r about 1,200' l. to partly close the space between Quixes Ledge and the e. shore; the cross section of these break'r's to be the same as that of the one from the sw. ledge to Quixes Ledge; est. of revised proj., \$2,151,134, 89, 678; 91, 768.

Orig. proposed section reduced during constr., 97, 955.

Approved by Chief of Engineers, Apr. 21, 1910. Modifications: Omission of Morgan Pt. break'r, omission of further extension of middle break'r, and modification of cross sections of all break'r's to call for outer slope of 1 on 1½ and inner slope of 1 on 1, 10, 124; revising orig. est. to \$1,264,000, 1162.

Total, 72,500

PLAN.

By Maj. Barlow, 1875, dr. chan. 60' x 6' m. l. w.; est., \$11,340, 76, 234.

SURVEYS.

By H. N. Babcock, 1875, 76, 234.

Ex. au. act Aug. 17, 1894, of West Haven, and the R. from the RR. crossing to the main chan. in New Haven II.; made, 1894, by Lt. Col. Robert (R. unfav.), 95, 853.

COMMERCE.

C. advantages of Milford, 73, 1042.

Important, 73, 1042, 1043; 75, ii, 254; 76, 225; 78, 402.

Description of, 00, 1358.

Many small pleasure craft, 10, 1164.

In 1911, 34,350 t. (mainly oysters), 12, 159.

Navigation in lower part of H. facilitated, and extension of 6' chan. to town dock renders it practicable to land cargoes there, 12, 159.

CONTRACTS.

1875. S. F. Shelbourne, dr. 24,232 c. y., 18; contract extended, 75, ii, 255; 76, 225; 77, 213.

1878. G. C. Fobes & Co., dr. 2,406 c. y., 28¢;
12,261 c. y., 10¢, 79, 341, 342.
1880. J. M. Seward, dr., 17¢ c. y., 81, 600.
1882. H. J. Lewis, dr., 14¢ c. y., 83, 518; 84,
649.
1889. Hartford Dredging Co., dr., 18¢ c. y., 89,
688.
1904. John P. Randerson, dr., 16 and 14¢ c. y.,
05, 889.
1905. John & Joseph McSpirit, dr., 13.8¢ c. y.,
05, 889.

ENGINEERS.

Chief of Engineers. R., 72, 85; 73, 93; 74,
101; 75, 104; 76, 52; 77, 47; 78, 52; 79, 58; 80,

Maj. H. Taylor, 1906-10. R., 06, 930; 07, 969;
08, 1013; (Lt. Col.) 09, 1040; 10, 1163.
Capt. A. E. Waldron, 1911-12. R., 11, 1236; 12,
1450.

Assistants:

J. P. Cotton. R., 73, 1043.
S. Dale. R., 75, ii, 255.
W. A. Peck. R., 81, 600.
H. N. Babcock. R., 82, 633.
G. E. Verrill. R., 03, 844.

ESTIMATES. (See Plans and Projects.)

By J. P. Cotton, break'r, \$67,000, 73, 1043, 1044.
Modified by Maj. Barlow to \$47,000, 75, ii, 254; to
\$55,000, 75, 104; 76, 225; to \$45,000, 79, 342. Dr.,
\$12,500, 73, 1043, 1044.
By Maj. Barlow, dr., \$3,500, 79, 342.

OPERATIONS.

1874-75. 12 js. built, 75, ii, 255.
1875-76. 18,799 c. y. dr.; long j. commenced,
76, 225.
1876-77. 5,433 c. y. dr.; long j. completed ex-
cept coping, 77, 213, 214.
1877-78. Repairs, 78, 402.
1878-79. 14,667 c. y. dr.; coping placed on long
j., 79, 342.
1879-80. 47,156 c. y. dr. from chan. above and
below the long j.; 250 l. f. of j. built at Burnes's Pt.,
80, 457.
1880-81. 27,068 c. y. dr. from vicinity of Town
and Merwin Wharves, 81, 598.
1881-82. Sur. for break'r off Welch's Pt., 82,
614, 632. Orig. proj. completed, 84, 96; 86, 641.
1882-83. 10,819 c. y. dr. from chan. below
Merwins Wharf, 83, 517.
1883-84. 20,049 c. y. dr. from chan. below
Merwins Wharf, 84, 648.
1888-89. 18,000 c. y. dr., 89, 687.
1889-90. 10 t. st. removed from chan. and
placed upon long j.; proj. imp. practically com-
pleted, 90, 628.

1890-91. 170 t. st. used in repairing 160 l. f. of
long j., 91, 772.
1891-92. 670 t. granite delivered and placed in
repair of long j., 92, 679.
1893-94. Repairs made to long j., 94, 652.
1902-03. Work advertised, bid rejected, 03,
843.
1904-05. 88,395 c. y. dr. from chans., and
8,177 c. y. dr. and about 4.5 c. y. bowlders removed
from anchorage basin, 05, 888.
1905-06. 46,831 c. y. dr., 06, 930.

PHYSICAL CHARACTERISTICS.

Formation of bar, 73, 1042; 74, ii, 261; 77, 214.
Site of Milford, Conn., described, 73, 1042.
Tides, 73, 1043.
Description of the H., 88, 548; 00, 1359.
8 m. sw. of New Haven H., and 10± m. to ne. of
Bridgeport H., and on n. shore of Long Isld. Sound.
A broad, open B., 1 m. sq., from head of which a
small tidal stream extends nearly a mile inland to
head of navigation, 12, 157.
Ledge r. prevented completion of proj. at orig.
est., 06, 930; 10, 1164.

PLANS. (See Estimates and Projects.)

By J. P. Cotton, breakw'r at Welch's Pt., 890' l.;
dr. chan. to 8', 73, 1044.
By Maj. Barlow, dr. chan. up the R., 79, 342.
By Maj. Barlow, 1882, breakw'r from Welch's Pt.;
est., \$87,000, 82, 614, 632-634; 85, 648.

PRIVATE WORK.

Attempt of citizens to protect the highway from
the undermining action of the waves by driving
rows of piles parallel with the shore, 73, 1044.

PROJECTS. (See Estimates and Plans.)

By Maj. Warren, 1872, breakw'r about 890' l. from
Welch's Pt.; protection of bluffs from erosion one
shore of H. with small js., chan. 4' x 100' across the
bar at the mouth of the Wepanwog R.; j. about
550' l. on the e. side of the chan. to aid the action of
the tide and prevent the dr. area from refilling;
est., \$85,000, 73, 1043, 1044; 74, ii, 260; 86, 640.

The proj., except the breakw'r, completed in 1881,
under aggregate app. of \$33,000, when Maj. Barlow
proposed chan. through the bar at the mouth of
the R., B. to Merwins Wharf, 8' x 100'; est., \$11,000
81, 599; 82, 614; 84, 96; 86, 641; 91, 771.

\$250 was allotted for repair of js. injured by severe
storm, 94, 652.

Maj. Leach, 1899, est. \$15,000 for further imp. and
\$500 an. for mainten., 00, 1362.

By Maj. Leach, 1899, au. act of 1902, for a chan.
across the bar and through the lower H. 10' x 100',
with an anchorage basin of about 6 acres on e. side
of chan., and a chan. through the upper H. from
Merwins Wharf to the straw works wharf 6' x 90'
m. l. w.; est., \$15,000 (subsequently found to be
\$25,000), and \$500 yearly for mainten., 02, 131.

Lt. Col. Taylor recom., 1910, that proj. be modi-
fied to omit 6' chan. above a point 500' above town
wharf, to w. chan. at upper end to 150' and to pro-
vide additional anchorage of 1½ acres 6' d. adjoining
existing basin, 10, 1164.

SURVEYS.

1872. By J. P. Cotton. R., 73, 1043.
Au. act Mar. 3, 1881, for a H. of refuge, 82, 97;
made by Maj. Barlow, 1882, 82, 632.
Sur. for H. lines made in 1894 by Lt. Col. Robert,
94, 653; 95, 894.
Ex. and sur. au. act Mar. 3, 1899; ex. only made,
1899, by Maj. Leach (R. fav.) (see Projects), 00,
1357, 1359.
Maps. 79, 342; 82, 614; 84, 648; 86, 640.

ESTIMATES. (See Plans and Projects.)

By Maj. Warren, 1871, sea wall and filling, \$130,700; break'r, \$237,775; dr. at outer bar, \$12,000, 71, 783.
By W. S. Edwards, l. w. chan. 7', \$24,486, 71, 711, 786.
By H. Harding, 1872, removal of Drews Rock, \$6,285, 72, 895. Building wing dam at Drews Rock, \$627, 72, 895.
By H. Harding, 1873, w. and d. chans. and removing rocks, \$58,000, 73, 1019.

OBSTRUCTION. (See Physical Characteristics.)**OPERATIONS.**

1870-71. Operations commenced, 71, 779.
1871-72. Wing dam built at Sow and Pigs Rocks; 28,922.4 c. y. dr. Drews Bar, making chan. 7' x 80'; 9,447.85 c. y. dr. Mill Bar, making chan. 7' x 42'; 72, 83, 893, 894; 79, 346.
1872-73. 7,739 c. y. dr. chan. between Derby and Huntington; chan. 6' x 42' x 1,500'; 20,385 c. y. dr. Two-Mile Isld. Bar; chan. 7' x 75' x 2,300'; 426 c. y. deposited on j., 73, 91, 1013, 1018; 74, ii, 263; 79, 346.
1873-74. Removing 2,246 c. y. of ballast; dr. 17,019 c. y. at Mill Bar, 5,052 c. y. at Drews Bar, 10,197 c. y. at Crofuts Bar, 74, 102, ii, 262, 263.

1874-75. 7,883 c. y. dr. Two-Mile Isld. Bar; 1,795 c. y. Drews Bar; 10,691 c. y. Huntington Dock; 7,186 c. y. Crofuts Bar, **75**, 104, ii, 256, 257, 258.

1875-76. 1,636 c. y. dr. chan. at Drews Rock, **76**, 52, 226.

1876-77. 21,682 c. y. dr. chan. at Drews Rock, **77**, 47, 215.

1878-79. 26,222 c. y. dr., **79**, 58, 347.

1880-81. 9,290 c. y. sand dr. chan., **81**, 601.

1881-82. 7,818 c. y. dr. chan., **82**, 616.

1885-86. 14,394 c. y. dr., **86**, 643.

1886-87. 37,494 c. y. dr. from bar at mouth of R. without cost to the U. S.; 169 c. y. r. removed from Drews Rock, **87**, 607.

1887-88. Removal of Drews Rock and j. completed to 7' m. l. w.; tidal observations taken, **88**, 552.

1889-90. 5,063 t. granite riprap delivered in break'r; 35,674 c. y. dr., **90**, 633, 634.

1890-91. 7,443 t. st. delivered in the break'r, completing 2,090 l. f.; 2,176 c. y. dr., **91**, 775.

1891-92. 17,150 t. riprap granite placed in break'r, extending the same 1,282'; 13,613 c. y. dr., **92**, 682.

1892-93. 22,208 c. y. dr., and 3,300 t. st. placed in break'r, **93**, 984.

1893-94. 15,861 c. y. dr.; 5,482 t. st. placed in break'r, and 2,045 t. st. placed in bank below Stratford, **94**, 657.

1894-95. 7,197 t. st. placed in break'r, **95**, 789.

1895-96. 7,446 t. st. placed in break'r, and 5,074 c. y. dr., **96**, 704.

1896-97. About 35,000 c. y. dr., and 6,652 t. st. placed in repair of break'r, **97**, 957.

1897-98. 53,355 c. y. dr., **98**, 959.

1900-01. 21,514 c. y. dr., **01**, 1175.

1902-03. 400t. riprap used in repairs to break'r; 17,632 c. y. dr., **03**, 845.

1903-04. 22,232 c. y. dr., **04**, 983.

1904-05. 17,336 c. y. dr.; 3,188.67 t. st. used in repairs to break'r; 161.29 t. st. replaced in break'r, **05**, 889.

1905-06. 596.97 t. riprap used in repairs to break'r, **06**, 931.

1906-07. 44,208 c. y. dr. and 10 logs removed; 204.67 t. riprap used in repairs to break'r, **07**, 969, 970.

1907-08. 50,201 c. y. dr. and 18 sunken logs removed, **08**, 1014.

1908-09. 5,575.46 t. st. placed in Stratford dike; 6,551 c. y. dr., **09**, 1041.

1909-10. 23,568 c. y. dr., **10**, 1166.

1910-11. 30,612 c. y. dr. from various bars in R.; 3 logs removed; 710' break'r repaired; Stratford Dike extended 200', **11**, 1237.

1911-12. 249.9 t. st. placed in Stratford Dike, **12**, 1452.

PHYSICAL CHARACTERISTICS.

Descriptions of, **70**, 454; **71**, 781, 784; **72**, 894, 895; **73**, 1016-1019; **74**, ii, 263; **75**, ii, 256; **86**, 642; **88**, 551; **10**, 127.

Table of tidal observations, **71**, 779, 785; **73**, 1013, 1015.

Effect of j. at Drews Rock, **75**, ii, 256; **76**, 226; **77**, 216; **93**, 932; **96**, 703; **97**, 980.

Distances above Long Isld. Sound to the principal bars and other points on the R., **96**, 703.

An. dr. necessary; freshets, **10**, 1167.

Vessels enabled to enter in safety, **12**, 161.

A rapid R. running through Mass. and Conn. into Long Isld. Sound, about 5 m. to e. of Bridgeport H.; l., 130+ m. At Derby, 13 m. from mouth, it receives discharge of Naugatuck R.; 1+ m. above this point there is a large power dam across the Housatonic. Derby and Shelton are at head of navigation, **12**, 159.

PLANS. (See Estimates and Projects.)

By Maj. Warren, 1871, imp. mouth of R., by sea wall 12' x 2,100' above m. l. w., 8' w. at top and 14' w. at m. l. w., and by closing new outlet with riprap and brush; also to build a break'r 6' x 2,100' on top, with batter 4 to 1 foundation, latter to be of st. thrown to slope and paved and protected at foot by riprap; finally, to dr. a chan. through the outer bar 7' x 200'; total, \$380,475, **71**, 782.

By H. Harding, 1872, removal of Drews Rock; est., \$6,285, **72**, 895.

By Maj. Barlow, 1877, removal of j. and Drews Rock, **77**, 215; **78**, 52, 403; **79**, 344.

By G. H. Birnie, 1879, removal of j., **79**, 348.

PRIVATE WORK.

Dr. done by oystermen on the outer bar an aid to imp., **97**, 985.

145,440 c. y. dr. by private interests for oyster culture; has resulted in d. the regular chan., **07**, 970.

PROJECTS. (See Estimates and Plans.)

In 1871 Maj. G. K. Warren proposed chan. 7' x 100' Derby to Long Isld. Sound by dr. and js.; also the formation and protection of a dr. chan. at the mouth, by a break'r from Milford Beach; est., \$404,961, **71**, 781, 783, 786; **86**, 642; **87**, 606.

In 1879 Maj. Barlow proposed riprap j. in place of the previously proposed break'r, **79**, 345; **87**, 607.

In 1884, after an aggregate app. of \$71,200, Lt. Col. McFarland proposed removal of Drews Rock and the constr. of the riprap j. as per previous proj.; est., \$30,000, **84**, 650, 651; **87**, 607.

In 1887 Lt. Col. Houston recom. extension of riprap break'r, Milford Beach to 12' curve, and dr. 7' x 200' through bar at the mouth of the R., thence to Derby 100' w.; est., \$202,000, **87**, 608; **91**, 774; **92**, 681.

1893, small dike below Stratford au., **12**, 160.

In 1897 Maj. Leach est. \$19,000 to imp. R., and \$4,000 every alternate year for mainten., **97**, 985.

In 1912 the total est. for the full proj., \$275,500; revision of proj. recom., **12**, 160.

SURVEYS.

Sur. au. and in progress, **70**, 31, 76; **71**, 85, 785.

By W. S. Edwards, 1871, **72**, 893, 895.

By H. Harding, 1873, of R. at the mouth, and at Derby and Huntington, **73**, 1015, 1018.

By H. N. Babcock, 1874, Mill Bar to R.R. br., **74**, ii, 264.

Ex. R., 1879, **79**, 344.

Sur. au. set June 3, 1896; made by Maj. Leach, 1897 (R. fav.) (see Projects), **97**, 979.

To head of navigation, **06**, 931.

Of shoals, **02**, 936.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 160.

Maps.

Section of proposed sea wall, **71**, 782.

1899. Hughes Bros. & Bangs, dr., 5¢ c. y.; stonework, \$2 t. (\$151,325), 99, 1171.

1902. E. S. Belden & Sons, st. in place in break'r and js., \$2.40 t., and paving, \$3 s. y., 03, 848.

1906. Hughes Bros. & Bangs, dated July 31, 1899, annulled May 10, 1906; P. Sanford Ross (Inc.), dr. about 679,000 c. y., 12.9¢ c. y., 06, 933.

1907. Estate of John Beattie, about 70,000 t. st. in break'r, \$1.17 t. in place, 07, 974.

1907. Atlantic Dredging Co., dr. 83,428 c. y., 22¢ c. y., 07, 972.

1908. John P. Randerson, dr. about 49,703 c. y., 12½¢ c. y., s. m.; Maritima Dredging Co., dr. about 170,000 c. y., 10.65¢ c. y., s. m., 08, 1019.

1909. American Dredging Co., dr. about 1,278,000 c. y., 12½¢ and 8½¢ c. y., 09, 1044.

1910. Coastwise Dredging Co., dr. 533,399 c. y., 11¢ c. y., s. m., 11, 1242.

1911. J. H. Gerrish, dr. 78,783 c. y., at 13.3¢ and 16.7¢ c. y., 12, 1454.

ENGINEERS.

Chief of Engineers. R., 66, 7, ii, 41, iii, 19; 68, 68; 69, 58; 70, 31, 76; 71, 85; 72, 83; 73, 92; 74, 102; 75, 105; 76, 53; 77, 47; 78, 53; 79, 59; 80, 79; 81, 94; 82, 95; 83, 90; 84, 97; 85, 85; 86, 86; 87, 49; 88, 50; 89, 63; 90, 56; 91, 70; 92, 74; 93, 80; 94, 71; 95, 80; 96, 77, 102; 97, 23; 98, 99; 99, 112, 124; 00, 129; 01, 186; 02, 133; 03, 115; 04, 99; 05, 106; 06, 106; 07, 108, 118; 08, 112; 09, 114; 10, 128, 138; 11, 136, 149; 12, 162.

In charge:

Capt. W. H. Swift, 1838, 71, 788.

Capt. George Dutton, 1852, 71, 789.

Capt. D. C. Houston, 1866-70, 66, ii, 41. R., 66, iv, 199; 68, 750; 69, 410, 412.

Maj. G. K. Warren, 1870-75, 70, 74. R., 70, 453; 71, 786; 72, 895; 73, 1019; 74, ii, 265.

Maj. J. W. Barlow, 1875-83. R., 75, ii, 258; 76, 227; 77, 217; 78, 404; 79, 349; 80, 462; 81, 603; 82, 617.

Lt. Col. W. McFarland, 1883-86. R., 83, 520; 84, 652; 85, 651.

Lt. Col. D. C. Houston, 1886-92. R., 86, 644; 87, 619; (Col.) 88, 555; 89, 693, 698, 700; 90, 637; 91, 778; 92, 685.

Lt. Col. H. M. Robert, 1893-95. R., 93, 937; 94, 659; (Col.) 95, 791.

Maj. H. M. Adams, 1896. R., 96, 707, 803.

Maj. S. S. Leach, 1897-1901. R., 97, 959; 98, 961; 99, 1168, 1173, 1187; 00, 1339; 01, 1177.

Maj. Chas. F. Powell, 1902-05. R., 02, 937; 03, 846; (Lt. Col.) 04, 985; 05, 891.

Maj. Harry Taylor, 1906-10. R., 06, 932; 07, 972; 08, 1016; (Lt. Col.) 09, 1043; 10, 1168.

Capt. A. E. Waldron, 1911-12. R., 11, 1240; 12, 1453.

Assistants:

S. Simons, 79, 351.

G. Beckwith, R., 66, iv, 201.

Capt. A. H. Holgate. R., 69, 413.

S. S. Edwards, 71, 787; 72, 896.

W. W. Starr, jr., 73, 1021. R., 74, ii, 266; 75, ii, 260; 76, 228.

ESTIMATES. (See also Plans and Projects.)

By S. Simons, 1838, dr. through outer and inner bars, \$52,800, 79, 351.

By Maj. Warren, w. chan. to 200', \$72,000 in addition to orig. est., 71, 796. For a break'r, \$371,000 to \$567,000, 71, 794 et seq.

By W. W. Starr, jr., w. chan. and constr. j., \$126,050, 74, ii, 268. Deepening chan., \$16,442.75 to \$147,673, 75, ii, 260. Modified est., \$25,017.30 to \$45,757.90, 76, 228.

LEGAL PROCEEDINGS.

Two tugboat captains prosecuted for dumping in violation of law, convicted, and fined \$500 each and sentenced to 1 day in jail, 11, 1241.

*Allotment.

¹ Not including \$72,900 app. to 1894 for Black Rock H.

² Given as 28,303 c. y., 74, ii, 266; as 45,518 (5,313+11,902+28,303), 79, 352.

³ Contract extended, 75, ii, 258; 76, 228.

OBSTRUCTIONS.

List of brs. crossing the H., 96, 707; 99, 1189.
Plans of the city of Bridgeport for drawbr. over
Yellow Mill Cove approved, 98, 962.

OPERATIONS.

1837-38. Chan. 60' x 8' dr. across outer bar,
70, 453; 71, 788; 79, 351.
1853-54. 27,649 c. y. dr., 71, 789; 79, 351.
1871-72. 521 l. f. j. extension, 24,494 c. y. dr.,
72, 83, 896.
1872-73. 859 l. f. j. extension, 28,058 c. y. dr.,
73, 92, 1020.
1873-74. 165,751 c. y. dr.; 1 wreck removed,
74, 102, ii, 265, 266.
1874-75. 126,671 c. y. dr., 75, ii, 258, 260.
1875-76. 118,936 c. y. dr., 76, 228.
1877-78. 85,603 c. y. dr., 78, 404; 79, 353.
1878-79. 85,027 c. y. dr., 79, 59, 349.
1879-80. 89,417 c. y. dr., 80, 462.
1880-81. 70,703 c. y. dr., 81, 604.
1881-82. 90,000 c. y. dr., 82, 618.
1882-83. 90,561 c. y. dr., 83, 520.
1884-85. 59,352 c. y. dr., 85, 651.
1886-87. 261,960 c. y. dr., 87, 610.
1887-88. 14,000 c. y. dr., increasing d. over
shoal to 12' m. l. w., 88, 556.
1888-89. 34,051 c. y. dr., 89, 695.
1889-90. 10,946 c. y. dr., 90, 638.
1890-91. 750 t. riprap placed in break'r, com-
pleting 300 l. f. of the same, 91, 781.
1891-92. 9,077 t. riprap placed in break'r;
30,000 c. y. dr., 92, 687.
1892-93. 190,132 c. y. dr., 93, 939.
1894-95. 48,456 c. y. dr., 95, 794.
1895-96. 21,523 c. y. dr., 96, 708.
1897-98. 137,700 c. y. dr., 98, 962.
1898-99. Chan. 12' x 200' m. l. w. dr. from the
main chan. of the H. to a point 50' below Yellow
Mill Br., 99, 1169.
1900-01. 458,241 c. y. dr., and 8,782 t. st. used
in repairing and extending break'r and building 4
js.; 40,756 c. y. dr. below Naugatuck R.R. dock,
18,079 c. y. dr. from Johnsons R., and 141,623 c. y.
dr. from Poquonock R., 01, 1177.
1901-02. 146,687 c. y. dr., 02, 937.
1902-03. 266,619 c. y. dr., 2,424 t. riprap placed
in break'r and js., and 165.79 s. y. paving laid, 03,
847.
1903-04. 295,612 c. y. dr., 04, 985.
1904-05. 64,366 c. y. dr., 05, 891.
1905-06. 48,925 c. y. dr., 3,982 c. y. dr. from
Burr Creek, and 23,175 c. y. dr. from Poquonock
R., 06, 932, 933.
1906-07. 796,793 c. y. dr. from chans., and
84,128 c. y. removed in mainten., 07, 972.
1907-08. 59,567.22 t. st. placed in break'rs,
extending e. one 2,063' and completing 1,000' of w.
one; 49,703 c. y. dr. from Cedar Creek and Black
Rock Chans.; Fayerweather Isld. break'r repaired;
773 c. y. dr. in removing shoals, 08, 1016, 1017, 1018.
1908-09. 23,282.75 t. st. placed in w. break'r,
extending it 1,010'; 150,619 c. y. dr. from 12' anchor-
age, and 144,923 c. y. dr. from 22' chan. and basin,
09, 1043.
1909-10. 280,436 c. y. dr. from 22' chan., and
558,315 c. y. from 22' basin, 10, 1168.
1910-11. 247,847 c. y. removed from 22' basin,
and contract completed Dec. 8, 1910; 250,342 c. y.
removed from Poquonock chan. and 265,073 c. y.
from Cedar Creek Chan.; permanent ranges estab.
in Cedar Creek and Black Rock Chans., and auto-
matic tide-gauge estab., 11, 1241.
1911-12. 78,783 c. y. dr., restoring chans. and
basins to proj. ds., 12, 1454.

PHYSICAL CHARACTERISTICS.

Tides, 66, iii, 20, iv, 199; 69, 414, 415; 79, 350.
Shores of Long Isld. Sound described, 71, 791;
72, 897.
Description of, 88, 555; 93, 937; 96, 804; 11, 136;
12, 162.
About 57 m. ne. from N. Y. City; about 16 m. to
s. westward from New Haven H., 12, 162.

PLANS. (See Estimates and Projects.)

By S. Simons, 1838, dr. a chan. 8' x 200' through
outer and inner bars, 79, 351.

By Capt. Houston, break'r, 66, iv, 201.

By Capt. Holgate, 6 ps. of loose st., to prevent
further growth of sand spit, 69, 415.

By Maj. Warren, break'r 1,200 y. l., 11' h., 6' w.
on top, the body of break'r to be of solid masonry
resting upon a bed formed by large blocks of st.
and protected by riprap, 71, 794.

By W. W. Starr, jr.: 1st, for dr. a 500' chan.
through outer bar, 600' chan. through inner bar,
500' chan. between inner beacon and Naugatuck
Pier, and 20,000 c. y. at Flat Iron; also for extension
of j.; 2d, for d. chans. to 12' or 15' with w. of 100',
200', or 300'; 3d, see Projects, 74, ii, 268; 75, ii, 260,
76, 228.

PRIVATE WORK.

New rolling lift br. built at Congress St.; N. Y.,
N. H. & Hartford R.R. Co. began extensive work
involving removal of Naugatuck Dock, 10, 1168.

By the N. Y., N. H. & Hartford R.R. Co., removal
of Naugatuck Dock outside of the modified H. lines
of 1906, and dr. area where dock stood to 18' m. l. w.;
also dr. w. side of Poquonock R. chan. and building
bulkhead, 11, 1241.

City of Bridgeport rebuilt fender pier of Stratford
Ave. Br., 11, 1241.

Various pieces of private work, au. by the Sec.
War, completed, 12, 1454.

PROJECTS. (See Estimates and Plans.)

By Capt. Swift, 1838, dr. chan. 8' x 60' across
outer bar, 71, 788.

By Capt. Dutton, 1853, dr. chan. 8' x 200' est.
orig. \$22,000, subsequently reduced to \$14,000, 71,
789.

By Maj. Warren, dr. chan. 14' x 100' through
outer and inner bars; sea wall of a row of dolphins
2,600' l., built in groups of 5 piles 8' apart; also dry
wall of split granite 400' l.; est., \$124,000, 71, 80, 787,
791, 796; 79, 352.

By Maj. Barlow, dr. chan. to 12' with w. of 100';
est., \$16,442.75, 75, ii, 260. W. 12' chan. to 300';
est., \$25,200, 78, 53, 404; 79, 350.

Projs. of 1871-75 proposed chan. of navigable w.
and 12' d. m. l. w. from Long Isld. Sound to the lower br.;
est., \$138,000 for dr.; also a riprap j. 1,380' l. from
Long Beach; est., \$35,000, 80, 462. Work com-
pleted in 1880 under aggregate app. of \$195,000,
when Maj. Barlow proposed w. to 600' of the chan.
from the inner beacon to the S.S. wharf; est., \$60,000,
81, 604; 85, 651; 86, 644; 87, 610.

By Col. Houston, 1887, dr. to 12' m. l. w. chan.
from the Naugatuck R.R. wharf to the lower br.;
also for increasing the w. of the chan. to 600'; est.,
\$17,000, 88, 557. In 1889 Col. Houston modified
and extended his proj.: (1) Completion of a chan.
12' d. m. l. w. and 300' w. Long Isld. Sound to the
lower br.; est., \$17,000; (2) completion of a chan.
8' x 100' from the lower br. to the head of the H.;
est., \$8,000; (3) break'r extending from a point
called The Tongue in the w. side of the H. entrance,
se. to the inner beacon; est., \$30,000. Total est.
of proj., \$55,000, with an exp. expend. for mainten. of
dr. chans. of \$3,000, 89, 696; 90, 637, 638.

History of projs., 91, 779.

In 1892 Col. Houston proposed to complete the
chans. above the brs., to remove the shoal places
above the Naugatuck R.R. wharf, and to w. the
chan. eastward to the H. lines an additional w. of
about 200'; also to complete the break'r from The
Tongue to the inner beacon; est., \$35,000, 92, 688.

By Lt. Col. Robert, 1894, chan. 15' x 100' through
the outer bar, 95, 793.

By Maj. Adams, 1895, extending the 15' chan. to
the lower br., making it 300' w. up to the inner
beacon and 200' w. above that beacon, which, with
the uncompleted work of the then existing proj.,
was est. to cost \$90,000, 96, 707.

By Maj. Leach, 1897, w. to 200' the 15' chan. on
its e. side from the Sound to the outer beacon,
about 4,700', and extending the chan. from the bar
to the inner beacon, about 1,300', with w. of from
60' to 100', 97, 959. Modified, 98, 962.

By Maj. Leach, 1898, for (1) dr. main chan. 18' x
300' s. of the inner beacon and 200' w. n. of it; 3
anchorage basins; chans. 12' x 100' and 1 m. l. each
in Poquonock R. and Yellow Mill Cove; chans.
9' x 100', and three-fourths, one-eighth, and one-
half m. l. in Johnsons, Cedar, and Burr Creeks,

respectively; (2) repair and mainten. of the 4 break'rs already built, and constr. and mainten. of shore protection on Fayerweather Isld.; est., \$300,000, 99, 1175; 00, 1339.

Maj. Leach est., 1899, \$175,000 to extend and w. H. chan. in accordance with a plan of Congress, which plan Maj. Leach did not consider most suitable for the needs of the H., 99, 1188.

By Maj. Taylor, plan of imp. at est. cost of \$560,000, and \$10,000 an. for mainten., 07, 118. Act. 1907 au. part covering constr. of anchorage basin 22' d., 1,280,000 s. f. area opposite inner break'r, d. of main entrance chan. to 22' as far as inner end of anchorage basin, an additional 12' basin, 608,600 s. f. in area, and 2 break'rs for protection of deep basin; est., \$463,000, 07, 110; est. reduced, 1910, to \$300,000 on account of decision on nonapplication of 8-hour law to dr. work, 10, 130.

By Lt. Col. Taylor, 1910, incl. extension of 18' chan. up Poquonock R. to within 1,500' of dr. chan. and w. and straightening chan., also d. chan. in Black Rock H. and Cedar Creek to 12' and extending dr. to 12' contour of Long Isld. Sound; est., \$90,000, and \$6,000 an. mainten., 10, 130.

In 1912, entire existing proj. considered as almost entirely done, 12, 165.

ESTIMATES. (See Plans and Projects.)

For early projs., 71, 826.
By Maj. Warren, 1871, repairing and raising break'r, \$9,375; dike, \$2,850, 71, 827.

By W. W. Starr, 1876, chan. 5' x 50', \$11,055; or 4' x 50', \$8,085, 76, 230.

OPERATIONS.

1829-32. Break'r built, \$10,587, 70, 453.
1836. Repairs, 70, 453.
1875-76-77. Break'r raised 2', with fence 2.5' x 135', 76, 53, 229.
1877-78. Break'r and dike repaired; chan. dr. to 60' x 4' from outer beacon to break'r; 15,000 c. y. removed, 78, 53, 406.
1880-81. 11,294 c. y. dr., 81, 607.
1881-82. 6,768 c. y. dr., 82, 621.
1882-83. 8,390 c. y. dr.; proj. for imp. completed, 83, 522.
1902-03. Chan. dr. for about 2,200', and break'r repaired, 03, 851.
1903-04. 1,471 c. y. dr., 04, 989.
1904-05. Break'r repaired, 05, 895.
1905-06. 28,036 c. y. dr., and 114.73 c. y. bowlders removed, 06, 936.
1907-08. 2 breaks repaired in break'r, 08, 1025.
1908-09. 141 c. y. dr., and about 157 c. y. r. removed; break'r repaired, 09, 1049.

PHYSICAL CHARACTERISTICS.

Described, 71, 824; 88, 561; 97, 986.
Tidal observations, 71, 828; 76, 230.
H. formed by the lower part of Mill R., a small stream flowing into Long Isld. Sound, about 6 m. w. of Bridgeport; w. averages less than 100 y., and the part used for C. is about 1 m. l., 97, 986.
Considerable shoaling outside of break'r, 11, 1245.

PLANS. (See Estimates and Projects.)

History of early plans, 71, 824.
By W. W. Starr, 1876, dr'g chan. 4'-5' x 50', 76, 229, 230.

PROJECTS. (See Estimates and Plans.)

Earliest proj., 1827, provided for st. break'r, extending s. 1,420' on the e. side of the H., and a dike extending n. 1,450' from head of the break'r. Work completed, 1838; cost, \$10,587.23, 70, 453; 86, 648.
1875, break'r repaired and raised 2', 76, 53, 229; 86, 648.
1876, proj. modified to provide for dr. chan. 50' x 4' l. w. from Long Isld. Sound to wharves at Southport. 1877, proj. amended to provide for 100' w., 78, 406; 79, 59, 355; 86, 648.
Proj. practically completed, 1883, 83, 522; 84, 653; 86, 648.
1896, Capt. Leach est. \$12,700 to imp. the H., with an. expend. of \$300 for mainten., 97, 987.
Act June 13, 1902, au. chan. 6' x 100' at the outer bar, and through the lower part of the H.; est., \$12,500, and \$200 for repairs to break'r with \$300 ann. mainten., 02, 138.
Capt. Waldron recom. modification of proj. to provide chan. 6' x 100' from 6' curve in Long Isld. Sound to second turn inside of break'r, thence same d. and w. of 75' upstream as far as docks, and 60' along dock front; also an anchorage basin 6' x 75'; and removal of 2 pieces of ledge r. to 7'; est. additional cost, \$15,000, with \$800 an. mainten., 11, 1246. Au. act July 25, 1912, 12, 171.

1907-08. Rock removal in progress, 08, 1026.
1908-09. Rock removal completed, 09, 1050.

PHYSICAL CHARACTERISTICS.

General description, 71, 802; 73, 1021, 1022; 79, 321; 84, 674; 96, 810.
Tidal observations, 73, 92, 1022.
Description of, Westport H., 93, 990.
Westport H. comprises the portion of Saugatuck R. below Westport, 93, 990.

PLANS. (See Projects.)

By H. N. Babcock, 1871, repairs and protection of break'r and removing loose r. in chan.; est., \$1,424, 71, 803. For imp. canal by dr. to 5', banking up and riprapping e. side, building wall, and paving both banks; est., \$26,369, or without paving, \$20,010, 71, 803; 73, 1025.
By H. N. Babcock, 1873, dr. chan. 6' x 60' to head of navigation; est., \$54,000, 73, 1022, 1025.
By Lt. Col. McFarland, 1883, imp. of the H. by increasing the d. of chan. between Saugatuck and Westport to 4' l. w., and w. to 100'; est., \$36,000, 84, 675.
By Col. Houston, 1891, excavation of a chan. 6' x 100' m. l. w. between Saugatuck and Westport; est., \$40,000, with an an. cost of \$2,000 for mainten.; est. for a 4' chan. 60' w. up to Westport, \$10,000, 91, 842.

PROJECTS. (See Plans.)

By Lt. Col. Anderson, 1827, to straighten and d. chan. inside the bar and constr. of a canal 4' x 68' across the "Great Marsh" on w. side of R.; est., \$6,128, 71, 801; 73, 1022.
By Maj. Houston, 1867, repair of break'r and walls of the canal; est., \$12,153, 67, 44, 452.
By Col. Houston, 1892, dr. a chan. 4' x 100' to the village of Westport; est., \$10,000, 93, 946.
By Maj. Adams, 1896, removal of rs., bowlders, etc., from the chan. of Westport H., and repair of break'r at Cedar Pt.; est., \$8,000, 96, 711, 806.

SURVEYS.

removed; proj. completed, 06, 935.
1907-08. 206,656 c. y., s. m., dr., 08, 1021.
1908-09. 80,032 c. y. dr., and 159,034 c. y. i.
removed; proj. completed, 09, 1046.
1909-10. 21,392 c. y. ordinary material, 3 piles,
and 2.31 c. y. r. removed. Of this amount, 15,462
c. y. were from E. Norwalk Chan., 4,323 c. y. and 3
piles from 10' chan. in vicinity of S. Norwalk, and
1,607 c. y. and 2 bowlders from 8' chan. near Nor-
walk, 10, 1171.

PHYSICAL CHARACTERISTICS.

Character of R. bed, 72, 901, 902.
Tides, 72, 902.
Situation and surroundings of Norwalk H., 85,
656.
Description of the H., 88, 562.
Description of, 93, 992; (S. Norwalk) 98, 990.
A narrow tidal estuary extending about 3 m. n.
from Long Isld. Sound to Norwalk, 96, 813.
Filling along sides of chans. running through
tidal mud flats bare at l. w., 10, 1171.

*Allotment.

¹ Sur.—R., May 10, 1830; est., \$15,668.95. (H. D. 482, 55th, 2d.)

² Part of an app. of \$28,000, of which \$25,000 was required to be expended on chan. to Wilson's Pt., 92, 694.

PRIVATE WORK.

Description of, **96, 813.**

PROJECTS.

By Maj. Warren, dr. and the removal of bowlders to give chan. 6' x 100'; est., \$35,000, **72, 902.**

By Maj. Barlow, additional dr., \$30,000, **76, 231.**

In 1881 proj. modified to admit of d. of 8' below S. Norwalk, **81, 609.** 1872 to 1886, incl., \$76,000 app., when, in 1886, it was est. that \$7,000 would be required to complete proj., **86, 650.**

By Col. Houston, 1888, dr. the lower chan. up to Wilsons Pt. to 15' x 300'; est., \$52,900, **89, 64, 707.** In consequence of the large amount of dr. done by private and corporate enterprise the cost of this proj. reduced to an est. of \$4,000 for completion in 1889, **89, 707.**

By Col. Robert, removing shoal at Ferrys Pt., and, should funds permit, w. the bend near Keyzers Isld., **95, 805.**

By Col. Robert, 1894, modification by Maj. Adams in 1896, for dr. away Ferry Pt. shoal on the w. side of the chan., between the R.R. dock and Jennings Wharf, to 6' m. l. w.; the 2 bends at the H. entrance to 10' m. l. w.; and for w. to 150' and d. to 10' at m. l. w., the chan. up to S. Norwalk; est., \$77,000, and \$2,000 for mainten. an., **96, 714, 814.**

In 1897 Maj. Leach est. \$18,960 to extend imp. up to S. Norwalk H., with an an. cost of \$2,500 for mainten., **98, 991.**

Lt. Col. Powell est. for completion of proj. \$4,000, and for mainten. \$7,000, **04, 988.**

Au. act Mar. 2, 1907, for restoration of the 10' x 150' chan. to S. Norwalk, thence 8' x 100' to Norwalk, thence 6' x 75' to docks at E. Norwalk; est., \$63,500, and \$8,000 an. mainten., **07, 111.**

Reex. recom., **12, 169.**

1905-06. 55,584 c. y. dr. and 189.42 c. y. bowlders removed, 06, 936.

1907-08. 81,242 c. y. dr. for mainten., 81,095 c. y. for new work, and 1,105.61 c. y. r. removed, 08, 1024.

1908-09. 9,991 c. y. dr. and 304.45 c. y. r. removed, 09, 1048.

1910-11. 58,339 c. y. ordinary material and 238 c. y. r. removed from w. chan. and 18 c. y. r. from e. chan., 11, 1244.

1911-12. 1,741 c. y. ordinary material and 23 c. y. r. removed, completing proj., 12, 1457.

PHYSICAL CHARACTERISTICS.

Description of, 88, 564; 93, 954.

To aid navigation, range lights have been estab., 11, 1245.

PLANS. (See Projects.)

By Col. Houston, 1891, increasing chan. d. to 7' m. l. w. and w. it to 150'; also further dr. in the H. basin; est., \$95,000, 91, 849.

PROJECTS. (See Plans.)

By Maj. Barlow, 1883, dr. chan. 5' d. m. l. w., extending from the Oliver St. Br. across Mill Creek to the B.; est., \$20,000, 84, 672; 87, 619.

By Lt. Col. Robert, 1892, enlarging chan. of the W. Branch to 150' x 7', and dr. out a basin between the H. lines at the head of the branch; also for dr. chan. in the E. Branch 9' x 100' x 8,535', and 9' x 50' x 1,200'; est., \$123,500, 93, 955.

By Lt. Col. Powell, completing proj.; est., \$75,000, and \$3,000 an. mainten., 04, 988.

SURVEYS.

Au. act Aug. 2, 1882; made by Maj. Barlow, 84, 670.

Au. act Sept. 19, 1890; made, 1891, by Col. Houston, 91, 849.

Minor ex. of r. obstr., 02, 943.

Maps. 87, 618; 93, 956; 08, 1024.

Maj. H. M. Adams, 1896. R., 96, 721.

Maj. S. S. Leach, 1897-1901. R., 97, 969; 98, 972; 99, 1184; 00, 1349; 01, 1186.

Maj. Chas. F. Powell, 1902-05. R., 02, 945; 03, 854; (Lt. Col.) 04, 992.

Maj. H. Taylor, 1908, 08, 97.

OPERATIONS.

1892-93. 23,953 c. y., s. m., dr., 93, 959.

1893-94. 16,047 c. y. dr., 94, 682.

1895-96. About 33,000 c. y. dr., 96, 722.

1896-97. 1,876 c. y. dr., 97, 969.

1897-98. 58,124 c. y. dr., 98, 972.

1898-00. 6,500 c. y. dr., 99, 1184; 00, 1349.

PHYSICAL CHARACTERISTICS.

Description of, 91, 854; 93, 958; 96, 721.

PROJECTS.

By Col. Houston, 1891, dr. chan. 8' x 150'; est., \$36,000, 91, 855; 93, 958. Modified, 1896, to provide for a chan. 6' x 150' to the R.R. br. and thence 100' w. to Miamus, with a turning-basin, inner H. entrance, 7' x 300'; total est., \$54,000, 96, 722.

Maj. Powell, 1903, reported waterway not worthy of further imp., 03, 854.

SURVEYS.

Sur. au. act Sept. 19, 1890; made, 1891, by Col. Houston, 91, 855.

Sut. with view to a turning-basin au. act Aug. 17, 1894; made by Col. Robert, 1895 (see Projects), 95, 881.

R. by BE. reviewing Rs. of Col. Houston, 1891; Col. Robert, 1895. In opinion of board amt. necessary to imp. is disproportionate to benefits that

would result. Would cost over \$32,000, with \$7,000 for an. mainten.¹

Of H. au. act Mar. 2, 1907, to obtain sufficient d. to drawbr; Maj. Taylor's R. unfav.,² 08, 121.

Maps. 93, 958; 95, 882.

ESTIMATES. (See Projects.)

By Lt. Col. Newton, 1871, removing "Sunken Rock" \$58,980; "Salt Rock" \$12,652; break'r, 400' long, \$25,000; total, \$96,632, 72, 809; 74, ii, 167; 75, ii, 222; 77, 250.

OBSTRUCTIONS. (See Physical characteristics.)

OPERATIONS.

1872-73. "Salt Rock" comprising about 247 c. y., removed under contract, for \$7,300, 73, 85, 940.
 1884-85. 55,062 c. y. dr., 85, 659.
 1885-86. 3,096 c. y. dr., 86, 625.
 1886-87. 9,232 c. y. dr., 87, 621.
 1888-89. 3,698 t. st. placed in break'r, 89, 716.
 1890-91. 3,369 t. riprap delivered in break'r, 91, 798.
 1892-93. 1,985 t. st. placed in break'r, 93, 961.
 1893-94. 1,529 t. deposited, 94, 694.
 1894-95. 713 t. st. placed at end of break'r, and 2,057 c. y. dr., 95, 820.

1895-96. 28,905 c. y. dr. by U. S. plant, 96, 726.
 1896-97. 32,500 c. y. dr., 97, 1085.
 1899-00. 50,076 c. y. dr., 00, 1378.
 1900-01. 27,924 c. y. mud, etc., dr., and 713.58
 c. y. r. removed, 01, 1198.
 1902-03. 9,385 c. y. dr., 03, 858.
 1903-04. 14,415 c. y. dr., 04, 1010.
 1905-06. 11,952 c. y. material dr. for mainten.,
 restoring chan. to proj. w. and d.; proj. about 92%
 completed, 06, 942.
 1909-10. 17,347 c. y. mud excavated, restoring
 upper reaches of chan. to proj. d. and w., 10, 1180.
 1910-11. 576.67 c. y. ledge r., and 11,419.3 c. y.
 material other than r. excavated and disposed of
 under contract, 11, 1254.
 1911-12. 2,441.12 c. y. ledge r. removed under
 contract, completing work Oct. 12, 1911, 12, 1466.

PHYSICAL CHARACTERISTICS.

Described, 72, 809; 88, 567; 93, 960; 95, 865.
 H. consists of the tidal part of Byram R. and B.
 at its mouth opening into Long Isld. Sound. For
 1½ m. it forms the boundary line between N. Y.
 and Conn. A highway br. without a draw crosses
 it a little more than a m. above its mouth, and a
 short distance above this is an old tide dam. Sev-
 eral rs. form obstructions above the entrance, 95,
 865; 07, 118.

PROJECTS.

By Lt. Col. Newton, 1871, removing "Sunken
 Rock" to 11' and "Salt Rock" to 9'; also con-

structing 400 l. f. of break'r at Byram Pt.; est.,
 \$96,632; 72, 809; 86, 652. Modified in 1884 to pro-
 vide for dr. chan. 3' x 60'-100', B. to the vicinity of
 the wharves, 84, 712; 86, 88, 652; 87, 621. Est.
 reduced to \$59,000 in 1890, or to \$25,000 for comple-
 tion, 90, 651.

Congress, 1899, au. enlarging chan. below and up
 to Town Dock to 12' x 70', and from Town Dock
 to the SS. dock to 9' x 60', and app. \$25,000 for this
 work, 99, 1208.

Act June 25, 1910, au. chan. 150' x 12', Long Isld.
 Sound to S. pt. of Fox Isld.; thence 100' x 10'-900'
 below fixed br. at Mill St., incl. turning-basin,
 thence 175'-100' x 3'-100' below fixed br.;¹ est.,
 \$188,000, and \$2,500 an., 10, 139; 12, 179.

SURVEYS.

Under direction of Lt. Col. Newton, by J. H.
 Striedinger, 1871. R., 72, 809.

Of Byram R., by Lt. Col. Newton, 1877-78, 78,

Col. Amos Stickney, 1903. R., 03, 861.

Capt. Edward H. Schulz, 1904. R., 04, 1014.

Col. W. R. Livermore, 1905-06. R., 05, 957; 06, 945.

Col. John G. D. Knight, 1907-08. R., 07, 987; 08, 1035.

Col. W. M. Black, 1909-. R., 09, 1058; 10, 1182; 11, 1257; 12, 1468.

Assistants:

J. H. Striedinger, 76, 265.

A. Doerffinger, 76, 264.

ESTIMATES. (See Projects.)

By Lt. Col. Newton, removal of Sheep's Head Reef and Start Rock, \$38,955.38. Removal of Long Rock, \$37,696 additional, 76, 265. To complete existing proj., \$25,955.38, 79, 890.

OPERATIONS.

1878-79. Removal of Start Rock, 79, 63, 389.

1879-80. Removal of Start Rock completed, 80, 513.

1881-82. 506 c. y. r. removed from Sheephead Reef, 82, 665.

1889-90. 9,122 c. y. dr. from the chan. by hired labor, 90, 653.

1902-03. 351 c. y. r. removed, 03, 861.

1903-04. 292 c. y., p. m., r. removed, proj. completed, 04, 1014.

1906-07. 870 c. y. ledge r. removed from Long Rock, 07, 987.

1908-09. 725 c. y. ledge r. removed from Long Rock, 09, 1058.

1910-11. 17,898 c. y. other material than ledge r. and bowlders, 12,92 c. y. bowlders, and 1,006.16 c. y. ledge r. excavated, completing proj., 11, 1257.

PHYSICAL CHARACTERISTICS.

Description of, 76, 263-265; 88, 570.

Chan. 10' x 1,300' and 100' bottom w., with turning-basin of samed., resulted through dr.; waterlevel, tides, etc., 11, 154.

On n. shore Long Isld. Sound, 24 m. from N. Y. C.; shallow inlet about $\frac{1}{2}$ m. l.

PROJECTS. (See Estimates.)

By Col. Newton, 1875, removal of Sheephead Reef and Start Rock to d. 9' and 6', resp. Modified, 1878, removal of Start Rock to 7' d.; est., \$38,955.38, 76, 264; 86, 656; 87, 624; 92, 706.

Completing orig. plan by removing remainder of Sheephead Reef and Start Rock; est., \$17,000; au. 1902, 02, 146.

By Col. Livermore, 1906, removing Long Rock to d. of 6'; est., \$17,871.70,² 06, 945; 07, 148. Sec. War, 1906, au. expend. available funds (\$8,453.32) in removal of Long Rock, act Mar. 2, 1907, app. \$10,000 to complete proj., 07, 122.

By Col. Knight, chan. 10' x 100', Echo B. to city wharf at Beaufort Pt., and a turning-basin; est., \$22,110,³ 09, 158; au. act June 25, 1910, 10, 142.

SURVEYS.

By J. H. Striedinger and A. Doerffinger, under direction of Lt. Col. Newton. R., 76, 263.

E-11(a) ECHO BAY AND NEW ROCHELLE HARBOR, N. Y.**COMMERCE.**

Consists of about 1 SS. a day from New York, 95, 870.

Description of, 00, 1425, 1426, 1428, 1430.

ENGINEERS.

Chief of Engineers. R., 95, 94; 99, 142; 1900, 160.

In charge:

Lt. Col. H. M. Robert, 1894-95. R., 95, 868.
Lt. Col. W. H. H. Benyaure, 1900. R., 00, 1423, 1429.

Assistant. Lt. W. E. Craighill. R., 95, 869.

PHYSICAL CHARACTERISTICS.

Description of, 95, 869; 00, 1424, 1425.

PROJECTS.

Lt. Col. Benyaure est., 1899, \$17,000 to complete work suspended at Echo B., New Rochelle, 1893; the removal of Start Rock to 7', and of Sheephead Reef to 9', 00, 1429.

SURVEYS.

Ex. au. act Aug. 17, 1894; made, 1894, by Lt. Col. Robert (R. unfav.), 95, 868.

Ex. and sur. New Rochelle II. (R. unfav.) and Echo B., N. Y. (limited imp. recom.), au. act Mar. 3, 1899; made, 1899, by Lt. Col. Benyaure, 00, 1424, 1429.

Sec. War, 1899, called for plan and est. of imp. Echo B. Submitted, 1899, by Lt. Col. Benyaure (see Projects), 00, 1429.

E-13 NEW ROCHELLE HARBOR, N. Y.**APPROPRIATIONS.¹**

1881, \$20,000, 81, 644.
1882, 15,000, 82, 667.

Total, 35,000

CONTRACT.

1881. E. R. Seward, dr. and r. removal, 82, 668.

ENGINEERS.

Chief of Engineers. R., 80, 85; 81, 108; 82, 105; 83, 98; 84, 105; 85, 88; 86, 89; 87, 53; 88, 54; 89, 67; 90, 60; 91, 74.

In charge:

Col. J. Newton, 1880-84. R., 81, 643; 82, 666; 83, 547.

Capt. J. Mercur, 1884-85. R., 84, 709.
Lt. Col. W. McFarland, 1885-86. R., 85, 661.
Lt. Col. D. C. Houston, 1886-91. R., 86, 654; 87, 626; (Col.) 88, 572; 89, 719; 90, 654; 91, 804.

Assistants:

R. H. Talcot. R., 81, 645.
Lt. G. McC. Derby. R., 84, 711.

OPERATIONS.

1881-82. Chan. 6' x 100' x 1,500' l. dr. around Glen Isld., 82, 666.

1883-84. Removal of Corning Rock to l. d. of 12' at m. l. w. completed, 84, 710.

1887-88. Steam drilling plant repaired, and 229 c. y. r. removed, 88, 573.

1889-90. 40,700 c. y. dr. with hired labor, 90, 655. Imp. practically completed save removal of Rock C., which is not considered necessary; no further work proposed, 90, 656.

PHYSICAL CHARACTERISTICS.

Description of, 88, 572; 89, 719.

PROJECTS.

By Col. Newton, 1881, excavation of a chan. 8' x 100' m. l. w. around s. end of Glen Isld.; also formation of approaches to Glen Isld. and Flat Isld. by removal of Corning Rock to 12' and Rock C. to a depth of 9' l. w., and removal of part of a reef at the entrance to the dr. chan.; est., \$40,825, 81, 645; 86, 654; 87, 626.

SURVEYS.

Au. act June 14, 1880; made, 1881, by Col. Newton, 81, 644.

Ex. of chan. dr. in 1881, 86, 654.

LEGISLATION.

Commissioners appointed by New York to condemn and purchase necessary land, **74**, 95, ii, 166.

OPERATIONS.

1872-76. Operations delayed owing to difficulties in obtaining the right of way across certain lands, **73**, 85, 939; **74**, 95; **75**, 102, ii, 221; **76**, 249.
1876-77. 906 c. y. r. removed; 5,936 c. y. mud, etc., dr., **77**, 249.
1877-78. 2,298 c. y. r. removed; 37,387 c. y. mud, etc., dr.; 1,235½ l. f. dike built, **78**, 416.
1878-79. 23,195 c. y. mud, etc., dr.; 85 st. removed, **79**, 63, 388.
1883-84. 18,236 c. y. dr., **84**, 729.
1886-87. Preparations for dr. in vicinity of Town Dock; history of operations, **87**, 629.
1887-88. 1,772 c. y. dr. near Town Dock, **88**, 575.
1888-89. 11,067 c. y. dr., **89**, 724.
1892-93. 27,700 c. y. dr., **93**, 967.
1894-95. 2,515 c. y., s. m., and 64,558 c. y., p. m., dr., and some st. removed, **95**, 826.

1895-96. 5,467 c. y., p. m., dr., **96**, 731.
1897-98. 12,960 c. y. dr., 1,843 c. y. loose r. removed, and 66½ c. y. r. removed, **98**, 997.
1899-00. 3,937 c. y. dr.; proj. completed, **00**, 1388.
1903-04. 5,600 c. y. dr., **04**, 1017.
1904-05. 28,846 c. y. dr., **05**, 960.
1907-08. 22,390 c. y. dr., **08**, 1037.
1910-11. 1,450 c. y. soft material dr.; 5 c. y. bowlders excavated, **11**, 1260.
1911-12. 1,239 c. y. ledge r., 24.38 c. y. bowlders, and 13,819.8 c. y. other material dr., **12**, 1471, 1472.

PHYSICAL CHARACTERISTICS.

Description of, **72**, 812, 813; **88**, 574; **93**, 965; **97**, 1176; **04**, 1062.

Tidal stream with low, marshy banks on the n. shore of Long Isld. Sound and about 20 m. from the Battery, New York. Navigable for about 2½ m. from mouth, **97**, 1176.

Water depths, range of tides, etc., **12**, 189.

PLANS.

By Lt. Col. Newton, 1872, tidal reservoir, dr., diking, and revetting for 9' chan. m. l. w.; est., \$1,646,000. For 11' chan. m. h. w.; est., \$731,000. For slackwater navigation, affording 7' draft, \$300,000, **72**, 813.

PROJECTS. (See Plans.)

By Col. Newton, 1872, providing, by dr. and r. removal, chan. 9' at h. w. from Pelhams Br. to a pt. 3,000' above Lockwoods, 3 m., that part of chan. above Lockwoods to serve as a chan. and tidal basin. Modification, 1873, consisted of proposed timber dikes, 5,800' l., to confine the chan.; est., \$136,500, **72**, 815; **73**, 939; **77**, 249; **86**, 663.
In 1887 the est. raised to \$221,100, **87**, 628.

In 1891, \$55,000 est. as sufficient for completion of the imp. contemplated, **91**, 809; **92**, 708.

By Maj. Adams, 1896, dr. out shoals in the chan. and removing r. from below Lockwoods; and, should any money remain after completion of such work, extension of the chan. 9' x 100' m. h. w. toward head of t. w., provided the right of way for such extension could be obtained free; est., \$27,000, **97**, 1091, 1177.

Col. Mansfield reported extension of chan. not advisable, but maintain. of chan. justified by C.; **04**, 1063.

Col. Stickney est., 1903, \$3,000 an. maintain. by dr., **04**, 1019.

By Col. Knight, chan. 5', width varying from 150'-70' from about 1,900' below Pelham Highway Br. to about 300' above Fulton Ave. Br.; est., \$103,000, and \$3,000 an. maintain., **09**, 158; au. act June 25, 1910, **10**, 145.

SURVEYS.

Under Lt. Col. Newton, **71**, 83, by J. H. Stridinger. **R.**, **72**, 812. Additional progress, **73**, 85.
Ex. chan. depths; made, 1882, by Col. Newton, **82**, 663.

Minor sur., **93**, 968.

Sur. for extension of imp. to head of t. w. au. act June 3, 1896; made by Maj. Adams, 1896 (**R.** unfav.), **97**, 1175.

Ex. au. act June 13, 1902; made, 1903, by Col. Mansfield, **04**, 1061.

By Col. Stickney, 1903, **04**, 1018.

Au. act Mar. 2, 1907; made, 1907-08, by Col. Knight, **09**, 158.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 189.

Maps. **86**, 664; **93**, 968; **04**, 1016.

12, 1476).

COMMERCE.

Danger and difficulty in passing Hell Gate, 68, 730, 731.

Amount of C. benefited by imp., 77, 230.

1897 the increasing draft and t. of vessels indicated that a revision of the ruling depths even in imp. parts of the stream was needful, 97, 1028.

Description of, 00, 1437.

Traffic very great; details of, 10, 158.

Traffic of E. R. very great, and, of course, is intimately connected with that of N. Y. H. Est. tonnage, 1911, 45,331,000-t., which does not include through traffic. Trips of steamers and tugs through H. G. chan. average 450-t. daily; of ferryboats, in addition, 400 daily. Nor does this include, barges, lighters, ear floats, or privately owned craft; about 100 of these ear floats, of large dimensions, pass through H. G. every day.

Aside from lessening the dangers of navigation for such traffic, perhaps the most desirous effect of U. S. imp. is the increase of vessels of large tonnage using the R., with the consequent more economical rates.

12, 197.

CONTRACTS.

1869. J. D. Shelbourne, removing Frying Pan and Pot Rock; unsatisfactory progress made, 69, 55, 388. Contract expired by limitation, with no work done, 70, 74, 434, 438. Maillefert & Co., removal of Pot Rock, Ways Reef, and Sheldrake Rock, 69, 55, 388. Contract expired by limitation, with small amount of work done, 70, 434, 439.

1876. E. R. Seward, removal of 24,000 t. broken r., Hallets Pt., 77, 49, 227. Extended and completed, 78, 55, 413.

1878. Atlantic Dredging Co., removing 25,000 t. broken r., Hallets Pt., 78, 55, 413. Completed, 79, 61.

1879. Atlantic Dredging Co., removing 25,000 t. broken r., Hallets Pt., 79, 61, 377.

1885. Rendrock Powder Co., copper cartridge cases, 225,000 lbs. rackarock, 85, 719. R. W. Warren, 50,000 lbs. dynamite, 85, 719. Atlantic Dredging Co., r. removal, Flood Rock, \$3.19 t., 86, 678.

1890. R. G. Packard, removal of material other than bowlders, 85¢ c. y.; bowlders, \$2.50 t., 91, 902.

1894. P. Ward, repair of dr. Hell Gate, \$15,800, 95, 935.

1899. R. G. Packard, removing Man-o'-War Rock, \$159,000, 99, 1232.

1900. George A. Rogers, removing 3d and 26th St. reefs, 1,001 c. y., \$12.87 c. y.; R. G. Packard Co., removing r. and bowlders to d. of 26', \$2.65 gross t., 01, 1214.

1903. R. G. Packard Co., removing ledge r., \$17.50 t., and bowlders, \$1.55 c. y., 04, 1030.

1905. International Contracting Co., dr. and r. removal, 98¢ c. y., s. m., 06, 956.

1908. R. G. Packard Co., dr. certain areas, 29½¢ s. f., area 08, 1049. New London Marine Iron Works, wooden scow, \$8,058, 09, 1070.

1912. R. G. Packard Co., clearing certain areas to 26' d.; unit prices listed; Timothy J. Dady, dr., 27¢ c. y.; removing large bowlders, \$11.73; small, \$12, 12, 1477.

DOCUMENTS. (Not published in Rs.)

H. Doc. 90, 39th Cong., 2d sess., 67, 17, 44; 68, 733.

ENGINEERS.

Chief of Engineers. ESTIMATES. (See Plans and Projects.)

Maj. Fraser, 1853, removal of r. in Hell Gate, 1.14 c. f., 68, 733, 738.
Lt. Col. Newton, 1867, removal of r. at Hell Gate (see Plans and Projects): 1st plan, to 25', \$5,008,580 or to 26', \$5,723,129; 68, 738, 741; 70, 437; 2d plan, to 25', \$7,737,974, or to 26', \$8,692,645; 68; 741; 70, 437; 74, ii, 164; 3d plan, to 25', \$2,674,930, or to 26', \$2,877,000; 68, 730, 741; 70, 438.
Lt. Col. Newton, 1870, revised est., from experience gained: 1st plan, to 25', \$3,000,000; 2d plan, to 25', \$4,100,000; 3d plan, to 25', \$2,070,000, 70, 438.
Lt. Col. Newton, 1874, revising previous 2d plan, to 26', \$4,689,820, 74, ii, 164; 75, ii, 202; 76, 243.
Lt. Col. Newton, 1868, removing reefs at mouth of East R.: Battery Reef to 24', \$14,245; Diamond Reef to 22', \$185,125; Diamond Reef to 24', \$309,400, Centies Reef to 22', \$100,000, or to 24', \$139,000, 68, 66, 745; 74, ii, 164; 76, 243.
1879. For completion of existing proj., \$2,615,078, 79, 376.

LEGISLATION. (See Obstructions.)

Act by N. Y. incorporating the East River Bridge Co., 92, 805.
Act amending act incorporating a company to erect a br. across the R. between New York and Long Isl., 93, 1041.
Act May 27, 1895, passed and accepted by the city of New York, for br. across the R. between New York City and Brooklyn, 96, 859.

OBSTRUCTIONS.

Brs. affected by Congressional or State acts, 95, 933; 96, 856; 97, 1030.

OPERATIONS.

1851-52. Efforts to remove rs. in Hell Gate by surface blasts, 68, 732.
1869-70. Work begun under proj. of Lt. Col. Newton; 1,621 c. y. r. removed from Ways Reef and 220 c. y. from Sheldrake Rock; unsatisfactory results from contracts; completion by hired labor of cofferdam at Hallets Pt. and removal of 4,841 c. y. r. from shaft; also constr. of drilling scow for the removal of chan. rs. Valuable experience gained by operations, 70, 73, 434, 437, 439, 440.
1870-71. Completion by hired labor of shaft at Hallets Pt., and 709 l. f. tunnels, with 182 l. f. galleries, removing 3,306 c. y. r., 71, 82, 724. Operations of steam drilling scow by hired labor at Diamond and Centies Reefs, 71, 725.
1871-72. Constr. at Hallets Pt. by hired labor of 1,653 l. f. tunnels and 653 l. f. galleries, removing 8,293 c. y. r. Removal of 6,119 c. y. r. from Diamond and Centies Reefs by aid of steam drilling scow. Commencement of operations by drilling

scow at Frying Pan Rock. Success of drilling scow, 72, 80, 803, 805.
1872-73. At Hallets Pt., 2,731 l. f. tunnels and galleries driven, removing 9,554 c. y. r., 73, 84, 934. 211 c. y. rs. dr. from Diamond Reef; operations of drilling scow on Frying Pan and Pot Rock; results from drilling experience, 73, 84, 935, 937.
1873-74. At Hallets Pt., 896 l. f. tunnels and galleries driven, removing 4,648 c. y. r.; at Centies Reef, 2,805 c. y. r. removed, 74, 94, ii, 160.
1874-75. Completion of tunnels and galleries at Hallets Pt. by driving 645 l. f., removing 13,838 c. y. r. Removal of 3,029 c. y. r. from Ways Reef, completing work thereat; 654 c. y. from Centies Reef and 413 c. y. from Diamond Reef. Shaft on Flood Rock began. Dr. 1,260 c. y. from ps. and abutments of old br. (114th St.), Harlem R., 75, 101, ii, 204.
1875-76. At Hallets Pt., drilling roof and ps. for final blast. At Flood Rock, 2 shafts sunk to d. of 51' and 32', removing 1,462 c. y. r., 76, 54, 238. Operations of drilling scow. Completion of the removal of Centies Reef to 25' l. w. At Diamond Reef, 972 c. y. r. removed, 76, 54, 239.
1876-77. At Hallets Pt., completion of mining operation and successful explosion of mine Sept. 24, 1876. Removal by contract of 14,055 t. broken r. At Flood Rock, 1,772 c. y. r. removed. Operations of drilling scow; 916 c. y. r. removed from Diamond Reef; small amount of work done for lack of app., 77, 49, 227, 231.
1877-78. At Hallets Pt., 23,258 t. broken r. removed by contract.
1878-79. At Hallets Pt., 19,706 t. r. removed by contract. At Flood Rock (work had been suspended since Jan., 1876), 1,307 l. f. galleries driven, removing 5,115 c. y. r. Ways Reef removed 26'. Centies Reef removed 25'. Operations of the steam drilling scow. Drilling at Diamond Reef, Sheldrake, and Frying Pan Rocks. Removal of 519 c. y. from Diamond Reef, 79, 61, 62, 377, 378.
1879-80. At Hallets Pt., 15,195 t. broken r. removed by contract. At Flood Rock, 4,346 l. f. galleries driven, removing 12,941 c. y. r.; removal of small r. near North Brothers Isl.; Diamond Reef removed 26'; 2,596 c. y. r. and bowlders removed from Frying Pan, Sheldrake, and Diamond Reefs, 80, 496-505.
1880-81. At Hallets Pt., 9,824 t. broken r. removed by contract. At Flood Rock, 7,312 l. f. galleries driven, removing 18,080 c. y. r.; 1,096 c. y. r. removed from Heel Tap and North Brothers Reef, 81, 621-628.
1881-82. At Hallets Pt., 8,549 t. broken r. removed by contract. At Flood Rock, 6,453 l. f. galleries driven, removing 21,690 c. y. r.; 2,112 c. y. r. removed from Heel Tap and North Brothers Reef, 82, 646-654.
1882-83. Completion of r. removal at Hallets Pt. At Flood Rock, 204 l. f. galleries driven, removing 14,206 c. y. r.; 666 c. y. r. removed from Pot Rock and Frying Pan, 83, 533-542.
1884-85. At Flood Rock, 1,488 l. f. galleries driven, removing 9,819 c. y. r., and completing all work preparatory to charging and exploding the mine, 85, 715-722. Removal of Pilgrim Rock to 24', 85, 734. Experiments with explosives made, 85, 724.
1885-86. Mine under Flood Rock fired Oct. 10, 1885, 86, 675, 688. Details of charging and explosion, 86, 680. 558 t. r. removed from chan. at Negro Head and Hen and Chickens; 28,622 t. r. removed from Flood Rock by contract, 86, 676, 679, 688. Summary of work done, 1875-1886, 86, 690.
1886-87. 34,956 c. y. r. removed in w. Newton Chan. and in cutting away the n. end of Flood Rock, 87, 59, 691, 694. Details of cost of r. removal, 87, 691, 692.
1887-88. 19,548 t. r. removed, 88, 605.
1888-89. 1,410 t. r. removed by hired labor, 89, 775.
1889-90. 47,398 t. r. removed, 90, 716.
1890-91. Removal of r. at Flood Rock and Diamond Reef; 3,435 c. y. and 960 t. bowlders removed from Shell Reef; 24,040 t. r. removed from reef off Diamond Reef, 91, 902, 904.
1891-92. 20,872 t. r. blasted and removed at Flood Rock; 52,803 c. y. dr. and 2,800 t. r. removed

at Shell Reef and Middle Ground; 1,763 t. r. removed at Ferry Reef; 1,211 t. r. removed from reef off Diamond Reef, 92, 800, 803.

1892-93. 21,126 t. r. removed from Flood Rock; 48,853 c. y. fine material dr. from, and 313 t. bowlders removed from Shell Reef; 668 t. r. removed from Ferry Reef, 1,382 from Bareto Pt., and 764 from Sunken Meadow, 93, 1038, 1039, 1040.

1893-94. 5,513 t. r. removed from Flood Rock, and 6,833 from Sunken Meadow, 94, 754, 755.

1894-95. 681 t. r. removed from Sunken Meadow, 95, 933.

1895-96. 4,673 t. r. removed from Sunken Meadow, 96, 857.

1896-97. 2,175 t. r. removed from Sunken Meadow; 7,485 from Charlotte Rock, and 33,148 c. y. dr. from approaches to Davids Isld. and Willets Pt., 97, 1029.

1897-98. 31 t. r. removed from Sunken Meadow, 98, 1037.

1899-00. Removal of Man-o'-War Rock in progress, and 39 t. r. removed from Middle Reef, 00, 1404.

1900-01. Removal of Man-o'-War Rock continued; removal of reefs off 3d and 26th Sts. begun; 68.9 c. y. removed from 26th St. reef; 19,743 t. removed from Battery and Shell Reefs, 01, 1212.

1901-02. 11,710 c. y. r. removed from Man-o'-War Rock, 462 c. y. from 26th St. reef, and 3d St. reef drilled and blasted, 02, 957.

1902-03. 3,663 c. y. r. removed from Man-o'-War Rock, 444 c. y. from reef off 26th St., and 95 c. y. from reef off 3d St., 03, 871.

1903-04. 53,808 c. y. dr. and 102.2 t. ledge r. removed from Shell Reef, 04, 1029.

1905-06. 35,901 c. y. dr. from Battery and South Ferry Reefs, 06, 955.

1908-09. 231,169 sq. f. Middle Reef cleared to 26', 09, 1068.

1909-10. 187,761 sq. f. Middle Reef cleared to 26', 10, 1195.

1910-11. 393,756 sq. f. Middle Reef and 19,425 sq. f. in Pot Rock dr. to 26' d., 11, 161.

1911-12. Middle Reef, Frying Pan Reef, and Pot Rock completed to 26', Apr. 12, 1912; work of drilling and blasting in Middle Reef, w. of completed area, in progress, 12, 1474.

PHYSICAL DATA.

Formation of Battery Reef, 68, 742. Area covered by, 68, 744.

Area covered by Hell Gate Reefs, 68, 739.

Formation of r. at Hallets Pt., 71, 724. Leakage in tunnels at, 71, 725.

Velocity of currents, Hell Gate, 68, 736; 72, 805; 75, ii, 208.

Tides, rise and fall of, 75, ii, 208.

Physical effect of Hallets Pt. blast, 77, 233.

Observations on transmission of earth waves at explosion of Flood Rock, 86, 691-717.

Description of obstructions, Hell Gate, 88, 603.

Description of Diamond Reef and Coenties Reef, 00, 1436.

Difficulties of navigation due to violent and irregular currents, narrow winding chan., and r. pts. and reefs, 10, 1194.

Range of tides, depths, etc., 12, 196.

E. R. is a tidal strait, 16 m. x 600-4,000'; separates N. Y. C. from Long Isld., extends from the Battery, N. Y. C., to Throgs Neck, at head of Long Isld. Sound, 12, 192.

PLANS. (See Estimates and Projects.)

By Lt. Davis, U. S. N., 1848, removal of Pot Rock, Frying Pan, and Ways Reef, with the removal of rs. from the middle chan., i. e., Little Mill and Flood Rock, and the constr. of fender ps. on Hog's Back, Gridiron, and Bread and Cheese Rocks, 68, 731.

By Lt. Porter, U. S. N., 1848, favors the above except the removal of rs. in middle chan.; suggests they be covered with fender docks; also removal of a part of Hallets Pt. and various small rs. below, 68, 731.

By M. Maillfert, 1851-53, removal of r. in Hell Gate by surface blasts, 68, 732, 733.

By advisory board, 1856. (See Board of Engineers.)

By Lt. Col. Newton, 1867, imp. of navigation through Hell Gate by 3 plans: 1st, removal to a m. l. w. d. of 25' to 26', Pot Rock, Frying Pan, Ways Reef, Shelldrake, and Heel Tap, with rs. off Negro Pt., Scaly Rock, and Hallets Pt.; with sea walls on Hen and Chickens, Flood Rock, Gridiron, and Hog Back, Holmes Rock, Great and Little Mill Rock, Bread and Cheese, and Rhinelander Reef. Time required, 6 years; est., chan., 25', \$5,008,580; 26' chan., \$5,723,129, 68, 738, 741. Revised, 1870, to \$4,100,000, 70, 438. 2d (see Projects). 3d, removal of Pot Rock, Frying Pan, Ways Reef, Shelldrake, Heel Tap, Scaly Rock, and part of Hallets Pt., with sea walls along Hen and Chickens, Flood Rock, and Gridiron; est., to 25', \$2,674,930; to 26', \$2,877,000, 68, 65, 730. This plan recom. by Chief of Engineers for commencement of work, but subsequently became expanded to 2d plan (see Projects), 68, 730; 70, 438; 72, 803; 75, ii, 202.

Plan for passing obstr. at Hell Gate by canal through Astoria, 1870. The proj. for removal of r. in chans., reported preferable, 70, 436.

PRIVATE (CITY) WORK.

1861-63. Partial removal of Coenties Reef by N. Y. City, 68, 744.

1870. Constr. of sea wall at head of Blackwell's Isld. by comrs. of pub. charities, 70, 437.

Imp. of water front contemplated by local au. at, 1912, should result in considerable reduction of rates. Amount of this reduction dependent upon size of chans. au. by U. S., 12, 197.

PROJECTS. (See Estimates and Plans.)

In 1851-52, under an app. of \$20,000, effort made to imp. navigation through Hell Gate by removal of r. through the aid of surface blasting, 68, 732.

Proj. for imp. of Hell Gate proposed by Col. Newton, 1867, subsequently modified, 1868, 1874, 1880, and 1884, by extending it to embrace the removal of other reefs in East R. Later it included the removal to 26' m. l. w. of all the dangerous reefs in Hell Gate, Diamond Reef, and North Brothers Isld. Reef, in East R., the removal of Coenties Reef to 25', and a number of small rs. in the shoaler parts of the chans.; also, constr. of sea walls on Great and Little Mill Rocks, Hog's Back, and Holmes Rock; est., \$5,139,120, 68, 741-745; 70, 437; 71, 725; 72, 803; 74, ii, 164; 76, 243; 80, 497; 84, 690; 86, 95.

By Lt. Col. Gillespie, 1895, expend. app. 1894 in continuation of work on Sunken Meadow and for repair of plant, 95, 933.

By Lt. Col. Ludlow, 1896, expend. app. 1894 in continuation of work on Sunken Meadow, etc., and for increasing facilities and d. in approaches at Davids Isld. and Willets Pt., 97, 1029.

Description of work done up to 1898, showing orig., existing, and proj. d., 98, 1037.

By Lt. Col. Benyaud, 1899, sur. and removal of Man-o'-War Rock to 26' m. l. w.; est., \$500,000, 99, 1229.

By Maj. Ruffner, 1900, removal of reef off 26th St. to 26' m. l. w., and reef off 3d St. to 19' m. l. w., 00, 1404.

Maj. Marshall, 1900, est. \$1,897,500 to remove Diamond and Coenties Reefs to 32' m. l. w., 00, 1440.

Col. Knight recom., 1908, d. 18' chan. between South Brother Isld. and Lawrence Pt., removing of Middle Ground to 26', and d. 26' chan. between North Brother and South Brother Islds., 08, 1047-48.

Act June 25, 1910, au. removal of Middle Ground to 26' m. l. w. and making chan. between North and South Brother Islds. Est. for completion, \$8,757,183. Est. given by Col. Knight: 20', 22', 24', resp., No. and So. Brother Islds., \$216,100, \$485,990, and \$750,262, resp.; Middle Ground, 26', \$1,733,000. 09, 158; 11, 161; 12, 194.

Col. Black recom. removal of reef e. of Oak Bluff Light; est., \$19,000, 11, 1263.

List of points of work under existing proj., 12, 194.

1911. P. S. Ross (Inc.), dr. and removing broken r.; prices listed, **11**, 1267.

ENGINEERS.

Chief of Engineers. **R.**, **73**, 86; **74**, 95, 96; **75**, 101, 103; **76**, 55; **77**, 50; **78**, 55; **79**, 62; **80**, 82; **81**, 100, 108; **82**, 101; **83**, 96; **84**, 103; **85**, 93; **86**, 94; **87**, 58; **88**, 59; **89**, 74; **90**, 65; **91**, 84; **92**, 88; **93**, 95; **94**, 86; **95**, 98; **96**, 105; **97**, 110; **98**, 124; **99**, 135; **00**, 153; **01**, 208; **02**, 144; **03**, 132; **04**, 117, 127, 1064; **05**, 124; **06**, 129; **07**, 133; **08**, 139; **09**, 141; **10**, 159, 181; **11**, 164, 185; **12**, 198, 223.

BEH. **04**, 1067.

BEH. report on current through Harlem Kills; would not interfere with navigation.¹

In charge:

Lt. Col. J. Newton, 1874-84. **R.**, **74**, ii, 166, 169; **75**, ii, 202, 219, 224; **76**, 244, 248; **78**, 414; **79**, 385; (Col.) **80**, 507; **81**, 631; **82**, 656; **83**, 543.

Capt. J. Mercier, 1877, in temporary charge; 1884-85. **R.**, **77**, 248; **84**, 704.

Lt. Col. W. McFarland, 1885-89. **R.**, **85**, 674; **86**, 672; **87**, 665; **88**, 598.

Lt. Col. G. L. Gillespie, 1889-96. **R.**, **89**, 767; **90**, 705; **91**, 886; **92**, 778; **93**, 1025; **94**, 741; **95** 917; (Col.) **96**, 840.

Lt. Col. W. Ludlow, 1897. **R.**, **97**, 1019.

Maj. H. M. Adams, 1898. **R.**, **98**, 1031.

Lt. Col. W. H. B. Benyard, 1899. **R.**, **99**, 1232.

Maj. E. H. Ruffner, 1900. **R.**, **00**, 1406.

Col. S. M. Mansfield, 1901-02. **R.**, **01**, 1214; **02**, 959.

Col. Amos Stickney, 1903. **R.**, **03**, 872.

Capt. E. H. Schulz, 1904. **R.**, **04**, 1031.

Col. W. R. Livermore, 1905-06. **R.**, **05**, 973; **06**, 956.

Col. J. G. D. Knight, 1907-08. **R.**, **07**, 1001; **08**, 1050.

Col. W. M. Black, 1909-. **R.**, **09**, 1070; **10**, 1196; **11**, 185, 1266; **12**, 1477.

Assistants:

J. H. Striedinger, **74**, ii, 173; **75**, ii, 236. **R.**, **76**, 244.

A. Doerflinger. **R.** on storage of unused st. of 1887, **99**, 1238.

Lt. R. D. Black, 1910-12; **11**, 149; (Capt.) **12**, 178.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Newton, 1874, removing br. ps., and r. to 12' from Harlem R., near East R., \$167,875.56, **74**, ii, 173; **75**, ii, 220; **76**, 245; **77**, 248. Chans. from Randalls Isld., by way of Spuyten Duyvil Creek to the Hudson R., 12' x 350', \$2,270,825.18; 15' x 350', \$2,277,571.44, **75**, ii, 237. Cut through Dykeman's Meadows, \$1,963,000; through Spuyten Duyvil, by way of King's Br., \$3,321,000, **76**, 246.

LEGAL PROCEEDINGS.

Rules and regulations for operation of all the brs. crossing the Harlem R. prescribed by Sec. of War on May 14, 1898 (see Obstructions), **98**, 1035.

Owners of land near Spuyten Duyvil, occupied by stored st. commenced proceedings, 1899, to dispossess the U. S. from occupancy of the land (see Contracts), **00**, 1407.

\$75,000 paid to estate of I. M. Dyckman, releasing U. S. from all obligations to remove st. stored on land leased from said estate, **01**, 1215.

LEGISLATION.

Delay in securing right of way, **80**, 507; **86**, 674; **87**, 668.

Acts of State of New York relating to right of way, **87**, 677.

The department of public works, New York, in 1892, adopted a resolution closing the brs. across the R. at Madison and 3d Aves. between 6 and 10 in the forenoon and 4 and 7 in the afternoon, the periods of greatest daily traffic between the 2 shores, **93**, 1028.

New York State acts for constr. of brs. across the streams improved under the title of Harlem R. at 125th St., **95**, 928; at 145th St., **96**, 851; at junction of Harlem R. with Spuyten Duyvil Creek, **96**, 853.

OBSTRUCTIONS. (See Legal proceedings; Legislation.)

Brs. on Harlem R., **91**, 889; **92**, 780.

List of brs. crossing, **93**, 1028; **94**, 744; **95**, 920; **96**, 842; **97**, 1024; **98**, 1035; **99**, 1236.

List of brs. affected by State acts or by notices served by Sec. of War, **93**, 1028; **94**, 744; **95**, 921; **96**, 843; **97**, 1025.

Brs. having heavy traffic across R. interfere with work, **11**, 1266; in 1912, proj. work required dr. under 10 drawbr., and rock excavation beneath one of these br., **12**, 1478.

OPERATIONS.

1874-75. Ps. and abutments of the old br., opposite 114th St., removed by dr., 1,260 c. y., 75, ii, 202.

1875-76. Removal of 1,003 c. y. of r. from reef abreast of 125th St., 76, 55, 244, 245.

1886-87. Right of way obtained May, 1887, 87, 58, 674.

1887-88. 43,488 c. y. dr., 88, 600. Experimental crib constr., 88, 601.

1888-89. 152,973 c. y. dr.; 99' cribwork built, and 1,929 c. y. st. filling placed, 89, 769, 770.

1889-90. 264,512 c. y. dr., 90, 707.

1890-91. 116,076 c. y. dr. and 2,487 c. y. r. excavated from the chan., 91, 891.

1891-92. 40,063 c. y. r. excavated and 241,730 c. y. dr. from the chan.; 1,152 c. y. dry st. wall and 2,095 c. y. wall laid in mortar built; 100 l. f. cribwork revet. and 90' of pilework revet. built, 92, 784.

1892-93. 26,216 c. y. earth and r. excavated and removed; 384,276 c. y. dr.; 404 c. y. dry st. wall and 406 c. y. wall laid in mortar built, and 200 t. large boulders removed, 93, 1032, 1033.

1893-94. 4,380 c. y. r. excavated and removed; 155,520 c. y. dr.; 359 l. f. cribwork and 229 l. f. pile work constr.; wreck of canal barge removed, and 1,300 c. y. r. removed from Candle Factory Reef, 94, 746, 747.

1894-95. 174 c. y. r. excavated; about 230,000 c. y. dr.; 384 l. f. timber revet. and 200 l. f. pilework constr., and over 4,000 c. y. r. removed from Candle Factory Reef, 95, 924, 925.

1895-96. 317 c. y. r. excavated; about 242,000 c. y. dr.; over 500 l. f. cribwork completed; 6,136 t. st. removed from ps. of old br. which formerly spanned the R. near 114th St., and some boulders removed, 96, 845-847.

1896-97. 413,000 c. y. dr. and 1,552 t. r. removed from entrance to Mott Haven Canal, 97, 1021.

1897-98. 320,688 c. y. dr.; 741 l. f. revet. work constr.; 1,602 t. r. removed from various parts of the R., and 41 l. f. st. retaining wall built, 98, 1032, 1033.

1898-99. Repairs to plant and 396 c. y. st. removed from st. pile by contractor, 99, 1233.

1899-00. 11,097 c. y. st. removed from st. pile and 132,174 c. y. dr. from mouth of Spuyten Duyvil Creek, 00, 1407, 1408.

1900-01. 12,950 c. y. dr., 01, 1215.

1902-03. 18,380 c. y. dr., 03, 872.

1903-04. 199,675 c. y. dr., 04, 1031.

1904-05. About 200 t. loose r. removed near 4th Ave Br., 05, 973.

1905-06. Drilling for r. removal at McCombs Dam Br. by hired labor; drill boat damaged by fire, 06, 956.

1906-07. 122,080 c. y. dr.; 2,061 c. y. r. and 17,209 c. y. overlying material removed: drilling and blasting ledge r. by hired labor continued, 07, 1001.

1907-08. 338 c. y. ledge r., 27 pieces of piling, and other misc. obstr. removed by hired labor and U. S. plant; 3,389 c. y. r. and 504 c. y. overlying material removed, 08, 1050.

1908-09. 215,802 c. y. dr., 205 c. y. broken r. removed (contractor suspended work, claiming material was too hard to dr.), 09, 1070. 228 c. y. r. drilled, blasted, and removed by U. S. plant and hired labor, 09, 1071.

1909-10. Claims of contractor shown to be not well founded; 108 c. y. r. removed by U. S. plant, 10, 1196.

1910-11. 7.7 c. y. boulders and 24,682 c. y., s. m., of other material removed, 11, 1266; proj. about 58% completed; results of work, 11, 165.

1911-12. 345 c. y. boulders and 137,313 c. y. other material dr., 12, 1478; results of dr. work, 12, 200.

PHYSICAL CHARACTERISTICS.

Of Harlem R., near East R., 74, ii, 169, 170; near Spuyten Duyvil Creek, 75, ii, 224, 227, 228, 232-235; 76, 246, 247.

Description of R., 88, 598; 92, 784, 785.

Water higher in 1893 than ever before noticed. Works for imp. of R. damaged, 93, 1031.

Character of R. bed in vicinity of Candle Factory Reef, 95, 924, 925.

Tidal observations to determine tidal changes following the opening of the new cut along Dyckman Creek, 96, 847, 848.

Description of, 04, 1067.

Available depths, 12, 199.

PLANS. (See Estimates and Projects.)

By Comptroller Green, of New York, for bulkheads on both sides of the chan., backed with dr. material, 75, ii, 227, 228.

By Lt. Col. Newton, chans. 12' x 350' and 15' x 350' from Randalls Isl., via Harlem R. and Spuyten Duyvil Creek, to the Hudson R., 75, ii, 235-237; 76, 246.

By Col. Newton, 1882, chan. through Harlem Kills 300' x 340'. Est., 18' d., \$3,488,400; 15' d., \$2,204,409; 12' d., \$1,161,225, 82, 657.

By Col. Newton, 1884, chan. 15' x 350' from the Hudson to Harlem R. at Morris Dock, opposite Shermans Creek. Est., (1) via Dyckmans Creek, \$2,091,684; (2) via Kings Br., \$3,038,698; (3) via Shermans Creek, \$3,026,078, 84, 705.

PRIVATE (CITY) WORK.

The city of New York expended \$3,900 in 1858 in removing old br. ps. between 114th St. and Wards Isl., 74, ii, 171, 172.

PROJECTS.

By Lt. Col. Newton, removing old br. ps., drilling, blasting, and dr. r. at various places near East R.; est., \$167,875.56, 74, ii, 165, 172, 173; 76, 245.

By Col. Newton, 1875, chan. 15' d. at m. l. w. from Randalls Isl., by way of Spuyten Duyvil Creek, to the Hudson R., incl. the removal of r. obstr. around ps. of High Br., excavation of canal prism, dr., and revet., the w. of chan. to be 400', except through Dyckmans Meadow, where it is reduced to 350'; est., \$2,100,000, 75, ii, 236, 237; 84, 705; 85, 676. Imp. of Harlem R. between this proposed chan. and its mouth, \$600,000, 75, ii, 237; 85, 676. Aggregate est. cost of entire imp., \$2,700,000, 75, ii, 237; 85, 676; 86, 674; 87, 668.

History of proj., 87, 666.

By Lt. Col. Gillespie, 1893, removing Candle Factory Reef, 94, 747; and other rocky obstrs. in the lower R., by hired labor and use of U. S. plant, 95, 923.

By Lt. Col. Ludlow, 1897, expend. app. of 1896 in continuation of work of imp. by contract and hired labor, 97, 1021.

Chief of Engineers recom., 1899, that the land on which the unused st. of 1887 was stored be purchased or that the st. be dumped into the Hudson R., 99, 1238. (See Legal proceedings.)

By Col. Mansfield, 1903, 2 plans for imp. of Harlem Kills, from lower end Harlem R. to Long Isl. Sound: 1st, chan. 18' x 300'; est., \$1,899,480. 2d, chan. 20' x 300'; est., \$2,514,600, 04, 1066.

SURVEYS.

Under direction of Lt. Col. Newton, by J. H. Striedinger, C. De Foresta, and V. M. Newton, 1873. R., 74, ii, 169.

Under direction of Lt. Col. Newton, by J. H. Striedinger, De Foresta, Doerflinger, Geiseler, and Preuss, 1874, 75, ii, 236. R., 75, ii, 224; 76, 246.

Under direction of Lt. Col. Newton, 1878-79, 79, 62, 385.

Au. act Mar. 3, 1881; made, 1881, by Col. Newton, 82, 656.

Misc. sur., 93, 1033.

H. lines of the R. and Spuyten Duyvil Creek modified in 1893, 94, 745, and in 1897, 98, 1032.

Ex. of Harlem Kills, from lower end Harlem R. to Long Isl. Sound, an. act June 13, 1902; made, 1902, by Col. Mansfield, 04, 1064.

Supp. report by BERH. on current observations Harlem Kills. (See BERH.)²

plan of imp., 80, 480, 486; 85, 690.
Est. an. valuation of, 89, 759.
Amount and value of the C. of the Hudson R.
90, 698; 92, 761.
Increased draft and saving of time permitted by
imp., 06, 134.
Rates probably reduced, 10, 170; maintained
within bounds by U. S. work, 12, 212.
Diagram, showing relation of tonnage, valuation,
and app., 11, 1273.
"The commerce within the limits of the im-
provement, mainly in general merchandise, farm
products, building material, fuel, and ice, as ob-
tained from the best available information, is as
follows:

Year.	Short tons.	Value.
1908.....	2,945,921	\$120,421,651
1909.....	3,254,423	237,214,824
1910.....	5,033,360	109,941,000
1911.....	4,241,478	92,100,313

"During the season of navigation a large volume
of traffic follows the railroad only because of lack
of water transportation. The improvement ac-
complished so far has resulted in the establishment
of an increasing passenger and freight packet busi-
ness between the upper Hudson and New York.
A direct result of the improvement has been to
install in this service the largest river steamers
to-day afloat in the United States, and in anticipa-
tion of benefits to be derived from the existing
project two new steamboats, larger than their
predecessors and stated to cost about \$1,250,000
each, are under construction.

"The service of these steamers has resulted in
strong competition with the railroads, by which
freight rates are maintained within bounds. The
status of water-borne freight traffic is at present
unstable in view of the plans on foot for the de-
velopment of traffic on the opening of the New

*Allotment.

¹ H. D. 557, 62d, 2d.

² Waterford to Schoharie Isld. Sur.—R. 1831; est., \$221,504.10. Above and below Albany. Sur.—R.
Nov. 30, 1843. (H. D. 482, 55th, 2d.)

³ Called \$35,000, 66, ii, 24, 28, iii, 29.

⁴ Called \$90,000, 69, 385; 70, 432; 77, 226.

York State Barge Canals and the further improvement of the river contemplated in the present project." 12, 212.

CONTRACTS.

1866. E. R. Seward, st., 66, iv, 216.
 1867. E. R. Seward, st.; M. Lewis, materials, 67, 444. E. R. Seward, materials and labor; R. N. Gere, materials and labor; William Fuller, materials; S. Cunliff, materials, 67, 444; 68, 720, 721. J. L. Powley, materials; Thomas Flood, materials and labor; J. Hutchinson, materials; M. O. Caldwell, materials; T. S. Van Hovenburgh, dr., 68, 720, 721.
 1868. E. R. Seward, materials and labor; R. N. Gere, materials and dr.; J. L. Powley, materials; D. Davis, materials; Templeton & Payne, labor; Plant's Manufac. Co., materials; C. B. Benson, labor; S. Strong, materials; White & Boynton, materials and labor, 68, 720, 721.
 1870. E. R. Seward, removing r., 71, 720; 72, 799, 800; 73, 932; 74, ii, 158.
 1871. J. De Lacey, dike, 72, 800.
 1872. C. Johnson, dike, 75, ii, 195.
 1873. J. De Lacey, dike, 74, ii, 159; 75, ii, 195.
 1874. J. De Lacey, repairing, 75, ii, 195, 196. W. D. Fuller, dike, 75, ii, 195.
 1875. J. H. Marshall, dike, 76, 236, 238.
 1876. W. D. Fuller, dike, 77, 227.
 1877. J. H. Marshall, dike, 78, 412.
 1878. J. H. Marshall, dike; W. D. Fuller, materials and labor, 79, 370.
 1881. Stanton & Doyle, r. removal, 82, 642, 644. W. D. Fuller, dike constr., 82, 642, 644.
 1882. Luce & Hoskins, riprap st., 83, 528.
 1886. J. B. Marshall & Co. and W. D. Fuller, repair of dikes, 87, 657.
 1890. Wm. Fuller & Sons, pine piles, 11½¢ l. f.; round timber, 7½¢ l. f.; sq. timber, 39¢ M f. b. m.; spike and wire, 3½¢ lb.; rubblest., 94¢ c. y., and large st., \$1.28 c. y., 90, 698.
 1891. Wm. Fuller & Sons, dike constr. and repair; total, \$36,054, 91, 876. P. W. Myers, dr., 14½¢ c. y.; E. M. Payne, dr., 17½¢, 11½¢, and 21.9¢ c. y., 91, 869.
 1892. P. S. Ross, removing r. and sand covering in place, \$5, and 50¢ s. t., resp. (\$965,000); Edwards, Howlett & Thompson, dike constr. (timber, st., ironwork, etc.), aggregate, \$231,302; dr. 4,620,000 c. y., 20.7¢ c. y. (\$956,340), 93, 1017.
 1895. J. J. Cuddy, paving of dikes, 21¢ s. y. (\$4,380), 95, 909.
 1896. W. Parrott, constr. and repair of dikes (piles, ironwork, st., etc.), aggregate, \$22,777.50, 97, 1007. Edwards, Howlett & Thompson, supp. to contract of 1892, dr. 709,000 c. y., 38¢ c. y., increased price, 97, 999; 98, 1043.
 1897. W. D. Fuller, furnishing rubblest., 94¢ c. y.; paving st., \$1.95 c. y. (\$6,027), 98, 1055.
 1899. Kirk, Driscoll & Co., constr. and repair of dikes (piles, timber, ironwork, st., etc.), aggregate, \$49,782, 99, 1293.
 1900. J. Du Bois, constr. and repair of dikes (piles, timber, ironwork, st., and dr.), aggregate, \$121,007.50, 00, 1453.
 Open-market agreements for removal of wrecks, furnishing st., dr., etc., 93, 1009, 1010; 94, 727; 95, 903; 96, 829; 97, 999.
 1901. U. S. Fidelity & Guaranty Co., constr. and repair of dikes, unit prices, 02, 953.
 1902. Kirk, Driscoll & Co., constr. and repairing dikes, unit prices; Dunbar & Sullivan, removing r., \$3.35 c. y., 03, 882.
 1903. Newburgh Dredging Co., dr., 25¢ c. y., 04, 1044.
 1905. Newburgh Dredging Co., dr., 22½¢ c. y., 06, 964.
 1906. C. F. Suderley & Sons, 1,516 pieces round timber and piling, \$2,764, 06, 964. Sherman, Brown, Clements Co., rods, bolts, spikes, etc., 2.66 lb.; William D. Fuller, rubblest. and quarry spalls, \$1.24 and \$1.19, resp., c. y., 07, 1011.
 1907. C. F. Suderley & Son s., piling and round timber, 12¢ l. f., 07, 1011. G. Elias & Bro., sq. timber, \$2,814.16; Flagler & Vedder, paving st., \$2.20 c. y.; G. & W. Manufac. Co., rods, bolts,

spikes, etc., \$2,726.30; Welsh & Grey, sq. timber, \$3,571.41, 07, 1012. Newburgh Dredging Co., dr., 24.9¢ c. y., s. m., 08, 1061.

1908. Hawley Miller, dr. mouth of Schodack Creek, 16¢ c. y., s. m.; Hirsch Lumber Co., lumber, \$1,631.98; William D. Fuller, rubblest., quarry spalls and refuse, \$1.39 c. y.; R. P. Clarke Co., piling and timber, \$3,474.04; J. E. Ogden Co., bolts, spikes, etc. 2.49¢ lb., 08, 1061. E. C. Sickles, rubblest., quarry spalls and refuse, \$1.305 c. y. in place in dikes; Richard Parrott, jr., paving st., \$2.53 c. y., 09, 1082.

1909. E. C. Sickles, paving st., \$2.55 c. y.; W. D. Fuller, rubblest. and quarry spalls, 97¢ c. y., 10, 1206.

1910. Newburgh Dredging Co., dr. 19,326 c. y.; total cost, \$2,538.38; Eugene S. Sickles, 895 c. y. rubblest. placed, \$1,075.50, 11, 1272.

1911. Michael J. Dady, removal of r. and overlying material, 86,705 c. y., at \$3.21 c. y., and removal of shoals (10,000 c. y.) at 33¢ c. y., p. m., 11, 1273. Eugene S. Sickles, furnishing 1,348 c. y. rubblest., \$1,478.04, 11, 1272.

1912. McHarg-Barton Co., constr. dikes, prices listed; Hirsch Lumber Co., sq. timber, \$30.40 M f. b. m., 12, 1490. Geo. R. Johnson, lumber, \$23.75 M f. b. m.; Loren H. Elmendorf, round piling, 10¢ l. f., 12, 1491. Purchases made under informal agreements, with list of companies, prices, etc., 12, 1488.

ENGINEERS.

Chief of Engineers. R., 66, 3, ii, 24, 28, 41, iii, 20, 21, 29, iv, 205; 67, 43, 444; 68, 64; 69, 54, 387; 70, 72; 71, 81, 82; 72, 79; 73, 84; 74, 75; 100, 76, 54; 77, 48; 78, 54, 411; 79, 60, 367; 80, 81, 479, 480; 81, 97; 82, 97; 83, 93; 84, 101; 85, 94; 86, 92; 87, 56, 67; 88, 57; 89, 71; 90, 63, 332; 91, 81; 92, 84, 761; 93, 92; 94, 83; 95, 95; 96, 103; 97, 105; 98, 131; 99, 151; 00, 171; 01, 210; 02, 140; 03, 135; 04, 120, 1082; 05, 128; 06, 133, 140; 07, 138, 148; 08, 144, 155; 09, 148; 10, 167, 181; 11, 171; 12, 209, 224.

Boards:

Convened, 1834; considered that an imp. chan. could only be maintained by floods; recom. lines of longitudinal dikes, Troy to New Baltimore, 66, iii, 20, iv, 206, 207. (Col. Totten, Lt. Col. Thayer, and Capt. Talcott.)

Convened May 21, 1867, at Albany; recom. adoption of modified proj. for dikes; dr.; side reservoirs, and protection of banks byrevet. R., 67, 445, 446. (Cols. Bache and Brewerton, Lt. Col. Newton, and Maj. Abbot.)

Convened, New York, Mar. 5, 1880, to R. upon Gen. Newton's plan for imp. at New Baltimore, which, in the opinion of the Schuyler Steam Tow-Boat Co., would result in injury to the navigation of the R., 80, 480; 85, 690. (Col. Tower and Maj. Abbot.)

H. line board convened Mar. 18, 1890, by S. O. No. 49, New York City, to ex. and R. upon location of H. lines in the R. from Troy to New Baltimore. R., 90, 770, 772. (Cols. Abbot, Craighill, and Comstock, and Lt. Col. Gillespie.)

Convened, New York, Oct. 1, 1891, by S. O. No. 66, to R. upon imp. of the R., 92, 752. (Lt. Col. Gillespie and Majs. Stickney and Raymond.)

(Col. S. M. Mansfield, Maj. W. L. Marshall, 1st Lt. E. H. Schulz) appointed by Sec. War under au. act 1902, to ex. and determine whether existing U. S. work in connection with the upper Hudson imp. causes gorges and freshets between Albany and Coxsackie, and what changes, if any, should be made. R. stated that U. S. imp. had not only not caused gorges and freshets, but had been an aid in diminishing them. The board recom. certain modifications of chan. imp.; est., \$113,300, 04, 1082.

In charge:

Capt. H. Brewerton, 1834; 66, iii, 21, iv, 211, 212. Capt. G. W. Hughes, 1843; 66, iv, 212. Maj. R. Delafeld, 1852; 66, iii, 20. R., 66, iv, 208.

¹ Bids thrown out for attempts to defraud the U.S., 74, ii, 159; for informality, 75, ii, 200.

Col. J. D. Graham, 1865. **R.**, 66, 37, 40.
Lt. Col. J. Newton, 1866-84; **66**, ii, 28, 41, iii, 20.

ESTIMATES. (See Projects.)

By B.E., 1834, system of longitudinal dikes and
occasional dams, \$819,634.10, **66**, iv, 211, 212.
By Maj. Delfield, 1852, dr., etc., \$50,000, **66**, 3,
iii, 20, 21.
By Lt. Col. J. Newton, 1866, dikes, dr., revet.,
etc., \$632,297.75, **66**, iii, 21, iv, 218, 219.
By Lt. Col. Newton, 1867, completion, \$474-
109.75, **67**, 442. Revised in 1868 to \$511,116.47, **68**,
718, 719.
By Lt. Col. Newton, 1879, completion of existing
proj., \$65,016.47, **79**, 369.

LEGAL PROCEEDINGS.

Negotiations for acquiring land necessary for
Troy I. and d., 12, 1489.

LEGISLATION.

Act June 25, 1910, required extinguishment of
existing water power (Troy) rights. Complied
with by N. Y. Canal Board, Nov. 22, 1910. De-
tailed plans carried on. Prior compliance re-
scindd by N. Y. Canal Board; Apr. 28, 1911.
Hence all work suspended, except contract for r.
removal and necessary mainten., Sept. 15, 1911.
Sec. of War au. resumption on such portion of proj.
not dependent on l. and d. Feb. 17, 1912, all work
under proj. resumed. Mar. 1, 1912, final location
of dam approv. by Sec. of War, 12, 211.

OBSTRUCTIONS.

Complaints by Albany State Board of Pilots as
to illegal dumping in the R., 90, 690, 770.
List of brs. across the Hudson R., 90, 692; **91**,
867; **92**, 737; **95**, 902; **96**, 828; **97**, 1010.
List of brs. au. by State and U. S., 95, 902; **96**,
828.

OPERATIONS.¹

1834. Constr. of dikes, dams, and revet., **66**,
iv, 212.
1854. Dr. at Ninemile Tree Bar and Muls Plat
Bar, **66**, iv, 212.
1866-67. Repairing dikes, **66**, iv, 212, 218.
Dikes repaired, **67**, 43, 441.
1867-68. Constr. and repairs of dikes and
revet.; paving shore line, and dr., **68**, 64, 65, 713-
715.

1868-69. Constr. and repairs of dikes, and dr.,
69, 54, 381-384.
1869-70. Constr. and repairs of dikes; dr., and
revet. built, **70**, 72, 427, 430.
1870-71. Constr. of dikes and revet.; dr.; re-
moval of part of Overslaugh Rock and old State
Dam; repairs, **71**, 82, 719-722.
1871-72. Constr. and repairs of dikes; dr., and
removal of part of Overslaugh Rock by blasting,
72, 798-801.
1872-73. Constr. of 3,047 l. f. of dike; repairs,
73, 84, 930-934.
1873-74. 5,028 l. f. of dike nearly completed;
repairs, **74**, 94, ii, 154, 155.
1874-75. Constr., raising, and repairing dikes,
75, 100, ii, 195, 196.
1875-76. Constr. and repairs of dikes, and dr.,
76, 54, 236, 237.
1876-77. Constr. and repairs of dikes, and dr.,
77, 49, 224, 225.
1877-78. Constr. and repairs of dikes, and dr.,
under State app., **78**, 54, 411.
1878-79. Repairs; constr. of dikes and piling;
wreck removal, and dr., **79**, 60, 367, 372.
1879-80. Dikes at Douws Pt. and Shad Isld.
completed; e. and w. dikes at New Baltimore
extended; upper section of dike between Barren
Isld. and New Baltimore raised to h. w. level;
beacon crib built; 17,000 l. f. single pile dike constr.;
repairs to crib dike at Hillhouse Isld. to w. dike at
Coeymans, 9,000 c. y. dr., **80**, 471, 472, 473, 477.
1880-81. Line of single piling at Staats ex-
tended 225'; repairs to dikes at Bath and Douws
Pt.; 9,348 c. y. rubblest. placed; 1,170 l. f. piling
restored, **81**, 618.
1881-82. Removal of Austins Rock com-
menced; dike constr. under contract of 1881 nearly
finished; repairs and filling to existing works, **82**,
642.
1882-83. Removal of Austins Rock continued;
711 l. f. dike built; 115 l. f. cribwork built; repairs
to high dike at Hillhouse, **83**, 529, 530.
1883-84. Removal of Austins Rock nearly
finished; 119,760 c. y. dr. by State authorities, **84**,
596.
1886-87. Repair of dikes at New Baltimore,
Roach Hook, and Coeymans, **87**, 654.
1887-88. Repairs to w. dike, New Baltimore,
and middle dike at Coeymans, **88**, 590.
1889-90. 23,582 c. y. st. used in repair of dikes,
90, 694.
1890-91. 18,112 c. y. st. used in dike constr. and
repair; 65,000 c. y. dr., **91**, 870, 871.
1891-92. Muls Plat Di. extended 800';
Muls Di. extended 2,535'; Ninemile Tree Di.
completed to 1,735'; 5,600 c. y. st., 5,213 l. f. pine
piling, and 6,974' b. m., of sq. timber used in re-
pairs to existing dikes; 52,327 c. y. dr. at Muls
Cross Over, Kellogg, Westington, Overslaugh, New
Baltimore, and Stone Light Bars; 1,372 c. y. r. re-
moved at Dettinger and Overslaugh Rocks, **92**,
739, 743.
1892-93. Two new dikes under constr., 8
dikes repaired, 54,458 c. y. dr., **93**, 1012; 3 wrecks
removed, 2,340 c. y. r. blasted and removed, 109 t.
r. removed, and also 14 t. sand covering, and model
of the R. for World's Fair under constr., **93**, 1010-
1015.
1893-94. 10,268 l. f. new dikes constr., 1,000 l. f.
old dikes repaired, 544,520 c. y. dr., 13,092 t. r. and
2,259 t. sand removed, and 2 wrecks also removed,
94, 729-731.
1894-95. 8,556 l. f. new dikes built, 10,020 l. f.
old dikes repaired, 1,125,954 c. y. dr., 32,700 t. r.
and 6,586 t. sand covering removed; 2,151 sq. y.
dike paved, and 1 wreck removed, **95**, 904-906.
1895-96. 15,808 l. f. new dikes built, 4,086 l. f.
old dikes repaired, 833,796 c. y. dr., 41,206 t. r. and
2,890 t. sand covering removed; 18,107 sq. y. dike
paved, and 2 wrecks removed, **96**, 830-832.
1896-97. 1,285 l. f. new dikes built and ma-
terials for repair of old dikes supplied, 1,066,875 c. y.
dr., 57,032 t. r. and 3,587 t. sand covering removed,
and 3 wrecks removed, **97**, 1002-1003.
1897-98. 2,254 l. f. new dikes built, 2,094 l. f.
old dikes repaired, 8,743 l. f. refilled with rubblest.
and st. for paving 5,404 sq. y. of old dikes and revet.

¹ History of, from 1797 to 1866, **66**, iv, 211, 220.

furnished, 530,483 c. y. dr., 45,916 t. r. and 4,779 t. sand covering removed, and 3 wrecks also removed, 98, 1049-1051.

1898-99. New dike under constr.; 1,261 c. y. rubblest, and 800 c. y. paving st. placed in repair of old dikes, 99, 1294.

1899-00. New dike completed; 25 c. y. rubblest, and 651 c. y. paving st. placed in repair of old dikes; 177,718 c. y. dr. and several snags and a submerged pontoon removed from chan., 00, 1488-1489.

1900-01. 394,203 c. y. dr. 13,575 c. y. r. removed, 2,500' new dike built, 4,488' dikes repaired, 4,533 c. y. rubblest. and 108 c. y. paving placed, 01, 1222, 1223.

1901-02. 232,011 c. y. dr., 11,957 c. y. r. removed, dikes repaired, 7,583 c. y. st. used in filling 21,497' dikes, 02, 948, 949.

1902-03. 150,252 c. y. dr., 17,033 c. y. r. removed, work continued on constr. and repair of dikes, 03, 877, 878.

1903-04. 142,075 c. y. dr., 22,801.7 c. y. r. removed, 3 new dikes under constr., and 25 dikes repaired during the year, 04, 1038-40.

1904-05. 2,493 c. y. dr., dike constr. and repairs continued, 05, 978.

1905-06. Dike constr. and repairs continued and 107,700 c. y. dr., 06, 960, 961.

1906-07. 179,994 c. y. dr., 07, 1006, 1007. Obstr. removed from chan. at Matthews Pt.; constr. of Bath Crossover Dike and repairs to Overslaugh Dike No. 2 continued, 07, 1009.

1907-08. 61,205 c. y. dr. from Stonehouse Bar and 39,631 from other bars, 23,382 c. y. dr. from mouth of Schodack Creek, and dike work continued, 08, 1056.

1908-09. 377,071 c. y. dr. and dike work continued, 09, 1078.

1909-10. 13,242 c. y. dr. and dike work continued, 10, 1203, 1204.

1910-11. 19,326 c. y. removed from shoal, and 2,441 c. y. rubblest. placed in revet. and dikes, 11, 1272.

1911-12. Work in progress on removing r. (8,258 c. y.), constr. Van Wies and Willow isld. Dikes, repairs to several dikes; plans and specifications prepared for work on Troy Lock and Dam; details of work given, 12, 1486.

NOTE.—For details of locality, character, cost, etc., of work; also d. and w. of chan. at various points, see Rs. of E. in charge.

PHYSICAL CHARACTERISTICS.

Freshets and ice gorges, 66, iv, 208.
Mean flow and fall of tides, 66, iv, 207.
Velocity of currents at l. w., 66, iv, 207.
General discussion, 66, iv, 207, 208, 209, 213, 214.
Relative heights of tides and freshets, 68, 716.
Effects of tides and freshets, 75, ii, 196.
Tidal rise of the Hudson at various points, 86, 667, 668; 87, 652.

Drainage area of the Hudson R.; greatest, least, and average rainfall from 1827 to 1890; mean rise and fall of tides at various points along the R.; elevation of mean tide at Albany above that of the Atlantic Ocean; heights of greatest known freshets above plane of m. l. w. at Albany, 90, 691; 91, 866; 97, 998.

Rainfall observations, 93, 1008, 1009; 94, 726; 95, 900; 96, 826; 97, 999; 98, 1052.

Navigaton of the R. at low stages dependent in a large degree upon the tidal prism of the stream, 93, 1008.

Tidal observations, 93, 1009; 94, 727; 95, 901; 96, 826; 97, 998; 98, 1052; 99, 1295.
Effects of ice formation, 93, 1015; 94, 732; 95, 907; 96, 834.

Shoal formations, 93, 1015; 94, 732; 95, 907, 908; 98, 1052.

Chan. dimensions, 95, 907; 96, 834, 835; 97, 1005; 98, 1053; 99, 1296.

Tide tables, 99, 1295; 00, 1490.
Sounding tables, 99, 1296; 00, 1491.

General description, and tables of freshets and ice gorges, 1818 to 1903, 04, 1086, 1088; 12, 212.
Depths at various localities, 11, 173.

Max. draft at lowest l. w., 8.5'; range of tides, etc., 12, 212.

Waterford head of navigation. Rises in Adirondacks, 300 m. from Battery, N. Y. C.; n. of

Troy it is joined by Hoosick and Mohawk Rs. and many smaller streams. Proj. section, 39± m.; lower end of proj. section, 117 m. above Battery. At Waterford, R. connected by canal with Great Lakes and L. Champlain, 12, 209, 212.

New planes of reference estab. for 12' chan., 12, 210.

PLANS.

By Mr. Genet, ship canal from Albany to d. w. below, 66, iv, 211, 212.

PRIVATE (STATE) WORK.

The State of N. Y. expend. for imp. between Waterford and New Baltimore, as follows: 1797 to 1866, \$600,030.84, 66, iv, 211, 212, 220. 1870-71, repairs on dike, \$716.84, 71, 719. 1872, extension and repairs of dikes and dr., \$50,000, 73, 932. 1873, repairs of dike and dr., \$50,000, 73, 932. 1878, dr. 136,709 c. y., \$40,000, 76, 236; 77, 49, 225. 1877, dr., \$15,000, 77, 225. 1878, dr., \$30,000, 79, 373. 1879, dr., \$30,000, 79, 373.

The State of N. Y. lost by injudicious application of app., \$215,707, 66, iv, 220.

Repairs to State dikes below Castleton and at Mulls Isld., by State au., also dr. at the above places, and between Troy and Albany, 83, 530.

Dr. by State au., 84, 696; 87, 654.

Description of work done by the State of N. Y., 93, 1008.

In 1895 the disposition of the N. Y. Legislature was to leave the imp. of the R. solely to the U. S., 95, 900.

PROJECTS. (See Estimates.)

By De Witt Clinton, 1831, dikes and dams, 66, iv, 211, 212.

By B.E., 1834, system of longitudinal dikes and occasional dams; est., \$319,634.10, 66, iii, 20, iv, 206, 207, 212, 213.

By Maj. Delafield, 1852, dr. and closing isld. chutes, 66, iii, 20, 21, iv, 208, 209.

The orig. and revised proj., under which the existing works for imp. are conducted, proposed by Col. Newton in 1866 and 1867, and provide for securing navigable chan. 11' m. l. w. from New Baltimore up to Albany, and 9' m. l. w. from Albany up to Troy. This proj. in detail is as follows: 1st, system of longitudinal dikes to confine the current sufficiently to allow the ebb and flow of the tidal current to keep the chan. clear, these dikes to be brought gradually nearer together from New Baltimore toward Troy; 2d, dr. where necessary; 3d, keeping the side reservoirs open to the passage of tidal currents, by gaps at their lower extremities, in order to increase the tidal flow; 4th, constr. dikes of timber and st. Orig. est. cost, \$862,297.76; increased several times at later periods, to take account of expend. for repairs and for work done not included in previous est.; it was revised in 1867 to \$984,304.47, 68, 718, 719; 87, 667. Increased in 1882, to cover repairs, by \$78,000, 82, 643; 86, 667. For removal of r., 1884, by Capt. Mercur, \$16,000, 84, 696. Increasing the est. cost to \$1,078,304.47, 86, 667; 87, 651, 656.

In 1887, Lt. Col. McFarland considered \$255,000 would yet be required to complete the permanent works and make needed repairs to existing dikes, 87, 653, 655, 656.

In 1889 this est. increased to \$295,000 over and above prior app., 89, 760.

By B.E., 1891, for chan. 12' x 400'. Coxsackie to the foot of Broadway, Troy, thence 12' x 300' to the State Dam at Troy; est., \$2,447,906.56, 92, 753, 759.

In 1898, Maj. Miller est. \$2,246,769.80 additional to complete existing proj., and \$100,000 an. maintain., 98, 1054. (1912 R. gives proj. of 1892, modified 1899, as follows: 12' chan. m. l. w. 150' w.; State Dam to foot of Jacob St., Troy; thence gradually increasing to 400' at foot of Broadway, Troy; thence 400' to Coxsackie; est., \$4,343,863, 12, 210.)

Act 1905 au. \$85,000, or as much of it as necessary, be expend. (in discretion of Sec. of War) in removing Stonehouse Bar, opposite New Baltimore, 05, 129.

By Col. Lockwood, 1906, alternative plans for extending imp. to Waterford; ests., \$934,000 and \$1,124,100, 07, 148.

Act 1907 au. expend. of \$5,000 in removing bar at mouth of Schodack Creek, **07**, 138.

See Boards.

Act June 25, 1910, au. Col. Black's proj. for new l. and d. to replace State Lock and Dam; construction of necessary works thereat to acquire power for sale; leasing of U.S. land; 12' chan. at all stages, 200' w. from above the dam to Waterford, general w. below the dam to be 400', except in front of Troy (est., \$420,559) and Albany (est., \$105,000), where chan. is to widen to form a H. Below Congress St. Br. the chan. narrows again to 400', with increased w. at bends, to be maintained to d. w. in R. Est., \$5,186,064. Time for completion, 4 years, **10**, 168, 181; **12**, 210.
See Legislation.

Act Mar. 3, 1905, au. dr. chan. along wharf front 12' x 150', with connections n. and s. with d. w. in Hudson R., 100' w.; est., \$26,000, and \$1,000 or \$2,000 biennial mainten., **05**, 133. Est. increased to \$35,491.68, **07**, 143, 144, 1017.

Proj. about 81% completed, **12**, 222.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Lt. Col. Gillespie (**R.** unfav.), **89**, 800.
Ex. and sur. au. act Mar. 3, 1899; made, 1899, by Col. Barlow (**R.** fav.; see Projects), **1900**, 1521, 1522.

Col. W. M. Black, 1909-. **R.**, **09**, 1085; **10**, 1208; **11**, 1277; **12**, 1495.

OPERATIONS.

1896-97. 64,620 c. y. dr., **97**, 1017.
1899-00. 102,344 c. y. dr., proj. completed, **00**, 1499.
1903-04. 25,393 c. y. dr. from chan. front of docks and at n. and s. turns, **04**, 1050.
1906-07. 7,812.8 c. y. dr., **07**, 1015.
1907-08. 18,272.8 c. y. dr., **08**, 1065.
1911-12. 5,812.4 c. y. dr., **12**, 1495.

PHYSICAL CHARACTERISTICS.

Description of, **95**, 1000.
A prominent indentation of Hudson R. at Peekskill, 1± sq. m. area. A narrow chan. at 1894 flowed n. and s. past the town docks. In the 35 years previous to 1889 no material change had occurred in the outlying shoals, **95**, 1000.
Chan. probably subject to shoaling, **98**, 1058.
Chan. shoaling, **03**, 885; **10**, 174.
Length of proj. portion, 1½ m., **12**, 218.

PLANS.

By Col. Newton, 1883, excavating chan. 8' x 100' x 10,000' m. l. w.; est., \$29,278, or one 10' d., at \$50,611; also for constr. of 1,400 l. f. of diking; cost, \$137,000, **84**, 719.

PROJECTS.

By Lt. Col. Gillespie, 1896, dr. turning-basins in front of the center and lower docks, and connection of these basins by a chan. 100' x 600'; and for connecting the basin in front of the lower dock with d. w. of Hudson R. by a chan. 9' x 75' x 3,500' m. l. w., **96**, 839. On application of the local authorities, chan. lines extended 600' n. of the center wharf to the outer wharf, **97**, 1017.
As given at 1912, proj. of 1896: Chan. 10' x 100'; est., \$50,000; modification, 2 turning-basins, 10' x 150' x 200'. Proj. as modified completed 1899; cost, \$19,400, **12**, 217.

SURVEYS.

Au. act Aug. 2, 1882; made, 1883, by Col. Newton, **84**, 718.
Ex. au. act Aug. 17, 1894; made by Lt. Col. Gillespie, 1894 (**R.** fav. to limited imp.; see Projects), **95**, 999.
Partial sur. of H., 1899, by Col. Barlow, **99**, 1301.
Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 218.

OPERATIONS.

1885-86. 29,000 c. y. dr. from the bar at the mouth of the creek, 86, 670.

1887-88. 2,363 l. f. of pile dike built, 88, 595.

1888-89. 22,646 c. y. dr., 89, 762.

1889-90. 28,746 c. y. dr.; work continued upon pile and crib dikes, 90, 700.

1890-91. Extension of n. dike in progress, 91, 880.

1891-92. Extension of n. dike completed, 92, 772.

1892-93. Dikes repaired and bowlder removal in progress, 93, 1020.

1893-94. Some bowlders removed, 94, 735.

1895-96. N. dike repaired and 13,969 c. y. dr., 96, 765.

1896-97. N. and s. dikes repaired, 97, 1011.

1899-00. 392 c. y. rubblest. placed in repair of old dike, 00, 1494.

1901-02. N. and s. dikes repaired, 02, 954.

1902-03. Repairs to n. d., and 12,000 c. y. dr. from chan., 03, 883.

1903-04. Portion of the reef of rs. at Barclays Pt. removed to 12', 26,660 c. y. dr. from chan., and 1,833 l. f. n. d. repaired, 04, 1045.

1904-05. 11,000 c. y. dr. from shoal, restoring 6' d., 05, 984.

1906-07. 25,545 c. y. dr., 07, 1012.

1907-08. 1,968 c. y. r. and other material removed, securing 12' d. over an area of 34,900 sq. f., 08, 1062.

1908-09. 5,202 c. y. dr., resulting in removal of Powderhouse Reef to 12' below m. l. w., 09, 1083.

1910-11. 28,218 c. y. dr., 11, 1275.

1911-12. 56,657 c. y. dr.; 80% of proj. completed, 12, 1492.

PHYSICAL CHARACTERISTICS.

A large obstr. sandbar formed in the upper part of the creek by a freshet in the spring of 1895, 95, 912.

Description of; at mouth of Esopus Cr., 88, 594; 00, 1519.

Considerable shoaling due to large amount of sand and silt brought into chan. by breaking of dam, 05, 1046.

PLANS.

By Col. Newton, 1884, imp. by excavation of a chan. from 7' x 100' x 1,900'-2,500' m. l. w.; also constr. of 2 parallel dikes; est., \$41,000 to \$46,000, 84, 716; 85, 699; 86, 669; 87, 662.

PRIVATE AND CORPORATE WORK.

Dr. by N. Y., 86, 670; 87, 661.

* Allotment.

¹ H. D. 59, 58th, 2d.

PROJECTS.

By Lt. Col. McFarland, 1887, chan. 300' x 8' m. l. w., with parallel dikes 2,300' l., with dr. in the chan. between the dikes if necessary; est., \$52,000, 87, 662; 92, 771.

By Congress, repair of dikes, and removal of rocky points near the shore end of the n. dike to the extent of \$5,000, 93, 1020.

In 1898 Maj. Miller est. \$5,000 biennially for mainten., 98, 1056.

Col. Barlow est., 1899, \$7,465, with \$2,000 an. for mainten., for further imp. from s. dike, and \$44,685, with \$2,500 an. mainten., for a 12' chan. toward H. head (see Surveys), 00, 1519.

Act June 25, 1902, au. chan. 12' x 300' from Hudson R. to the SS. landing at Saugerties, 02, 141.

Act Mar. 3, 1905, au. Chief of Engineers, upon application, to permit extension of chan., provided no part of app. be expended therefor, 05, 130.

SURVEYS.

Au. act Aug. 2, 1882; made, 1885, by Col. Newton, 85, 699.

Ex. and sur. from s. dike to the "Point of Rocks" au. act Mar. 3, 1899; made, 1899, by Col. Barlow (R. fav.; see Projects), 00, 1518.

Col. Amos Stickney, 1903. R., 03, 884.

Capt. E. H. Schulz, 1904. R., 04, 1048.

Col. W. R. Livermore, 1905-06. R., 05, 985; 06, 965.

Col. J. G. D. Knight, 1907-08. R., 07, 1014; 08, 1063.

Col. W. M. Black, 1909-. 09, 1084; 10, 1208; 11, 1275; 12, 1493.

Assistants:

J. H. Striedinger, 72, 812.

F. von Eglstein, 72, 812.

OPERATIONS.

1872-73. Completion of 570 l. f. of the n. pile dike, 73, 85, 941.

1873-74. Extension of n. pile dike 1,282' and a crib pierhead 20' x 100' at bottom and 16' at top built; dike repaired, 74, 96, ii, 167, 168.

1874-75. 25 spring pile fenders placed along the n. dike, 75, ii, 222.

1875-76. Pile dike and crib repaired, 76, 56, 250.

1876-77. Repairs to n. dike, 77, 51, 251.

1877-78. Completion of branch dike 889'; completion of pile dike on s. side of chan. 893'; repairs and spring and fender piles driven, 78, 56, 417.

1878-79. Extension of s. dike 1,800'; repairs and dr.; chan. 12½' d., 79, 61, 374.

1882-83. Extensive repairs to dikes, 83, 532.

1884-85. Repairs to diking; 923 c. y. dr., 85, 698.

1885-86. Repairs to dikes and dr., 86, 671.

1887-88. Repairs to dikes and protection of same by fender piling, 88, 597.

1889-90. Ps. repaired under contract, 90, 703.

1891-92. Repairs under contract to n. and branch dikes, 92, 774.

1892-93. Repair of dikes in progress, 93, 1023.

1893-94. Wreck of old canal boat removed and dikes repaired, **94**, 738.
1895-96. N. dike repaired, **96**, 768.
1899-00. Repairing dikes in progress, **00**, 1497.
1900-01. Repairs to dikes, **01**, 1228. Quantities of materials used, **01**, 1229.
1902-03. Repairs of spring and fender piles, **03**, 884.
1903-04. 11,577 c. y. dr. from shoal off e. end of s. dike, **04**, 1048.
1904-05. 23,718 c. y. dr., **05**, 986.
1905-06. 32,234 c. y. dr., **06**, 965.
1907-08. Repairs to dikes; work accomplished listed, **08**, 1063.
1908-09. Repairs to dikes completed; list of material delivered, **09**, 1084.
1911-12. 120' of extension to s. dike completed and dike repaired, **12**, 1493.

PHYSICAL CHARACTERISTICS.

Description of, **69**, 393; **72**, 810, 811; **88**, 596.
 In 1894 a narrow obstructing shoal, said by the State authorities to have been removed, still existed near the lighthouse, **94**, 739.
 Chan. subject to shoaling, **98**, 1057.
 Damages to dikes by ice, **04**, 1048.
 Condition of chan. and recom. for imp., **11**, 1275.
 In mouth of Rondout Creek, on w. shore of Hudson R., 90 m. n. of Battery, N. Y. C.; is 300'-1,000' x 3 m. Proj. portion extends between dikes $\frac{1}{2}$ m. from entrance to creek, to Hudson chan., **12**, 215.

PRIVATE AND CORPORATE WORK.

Chan. 14' d. dr. by Rondout Steamboat Co., 1870, **72**, 811.

PROJECTS.

By Lt. Col. Newton, 1869, dikes and probable dr. for d. of 13' to 14' at m. l. w.; est., \$132,665.56, **69**, 56, 393.

By Lt. Col. Newton, 1871, chan. in prolongation of Rondout Creek, with a m. l. w. d. of from 10' to 13 $\frac{1}{2}$ ' and a w. of from 100' to 200' by dr., and the constr. of parallel dikes and branch dikes; est., \$172,500, **72**, 811, 812; **80**, 495. Proj. completed in 1880 at a cost of \$90,000, **86**, 671.

By Capt. Mercur, 1884, w. the outlet between the dikes, \$10,000, **84**, 700.

Est. for repair of ps. in 1888, \$10,000, **88**, 597; increased in 1889 to \$25,000, **89**, 765; **92**, 773.

Act of 1892 provided for repairs to the extent of \$5,000, **93**, 1022.

In 1898 Maj. Miller est. \$5,000 biennially for mainten., **98**, 1057.

SURVEYS.

1871. Under direction of Lt. Col. Newton, by F. von Egloffstein. **R.**, **72**, 810.

Of chan., **03**, 884.

Maps. **80**, 494; **85**, 698; **03**, 884.

PHYSICAL CHARACTERISTICS.

Chan. narrow and tortuous; d. about 5 $\frac{1}{2}$ ' m. l. w., **04**, 1070.

PLANS.

By Col. Newton, 1883, dr. and dike constr. for a chan. of 10' at l. w., creek to the chan. of the Hudson R.; est., \$93,400, **84**, 715.

SURVEYS.

Au. act Aug. 2, 1882; made by Col. Newton, **84**, 714.

Pre. ex. and sur. au. act June 13, 1902. **R.**, Col. Mansfield, 1902, and Col. Stickney, 1903; 2 plans and ests. submitted, \$26,279.62 and \$30,203.31, **04**, 127, 1069.

Pre. ex., for 7', au. act Mar. 2, 1907. **R.**, Col. Lockwood, Apr. 26 and May 21, 1907; est., \$22,632, **08**, 154.

PHYSICAL CHARACTERISTICS.

Description of, **97**, 1044.
 28 m. n. of New York City on the w. bank of the Hudson R., at the Tappan Zee, **98**, 1044.

SURVEYS.

Ex. au. act June 3, 1896; made, 1896, by Col. Gillespie (**R.** fav. to limited imp.), **97**, 1014.

SURVEY.

In 1892 the Chief of Engineers, on the recom. of the DE., called on Maj. Adams to prepare and submit a comprehensive R. of his method of constr. break'rs in Lake Champlain, which the DE. thought might be followed to advantage in the constr. of break'rs on the Great Lakes, **93**, 3202.

J. C. Churchill. R., 87, 2413.

OBSTRUCTIONS.

Complaint against br. of Rutland R.R. Co., 06, 68; required by Sec. of War to restore and maintain chan. in lieu of altering its br., 12, 75.

OPERATIONS.

1889-90. 17,326 c. y. dr., 90, 2877.

PHYSICAL CHARACTERISTICS.

Description of, 82, 717; 87, 2413; 97, 3299; 04, 65. Shoaling, 12, 74.

PRIVATE WORK.

Chan. restored by Rutland R.R. Co., under order of Sec. of War., 08, 73.

PROJECTS.

By Maj. Gillespie, to w. the existing chan. to 250' by dr.; est., \$8,000, 82, 718, 719.

By Maj. Adams, 1886, dr. chan. 10' x 150'; est., \$14,300, 87, 2413; 97, 3299.

Maj. Burr est., 1906, it would cost \$4,850 to restore chan., 06, 69.

SURVEYS.

Au. act Mar. 3, 1881, and Senate res. of Jan. 13, 1887; made by Maj. Gillespie, 82, 717; also Maj. Adams, 87, 2412.

Ex. to ascertain character of obstr. said to exist. made, 1897, by Maj. Stanton, 97, 3299.

Of chan., 06, 68.

Ex. au. act Mar. 2, 1907, of chan. known as the "Gut," and break'r at Burlington, by Lt. Col. Burr, 1907 (unfav.), 09, 78.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 75. 2
Maps:

E-80 NORTH HERO HARBOR, LAKE CHAMPLAIN, VT.

COMMERCE.

In 1892 C. provided for fairly well, 93, 3214.

ENGINEERS.

Chief of Engineers. R., 93, 419.

In charge. Maj. M. B. Adams, 1892-93. R., 93, 3213.

ESTIMATES. (See Projects.)

By Capt. Reese, 1866, repairs to break'r, \$25.-512.20, 66, iii, 17, iv, 181; entire permanent completion, \$26,500, 66, iii, 29; in 1867, dr. to 9', \$12,500, 67, 249.

By Lt. Allen, 1867, dr. to 13', \$82,326.50, 67, 234, 250.
 By Col. Blunt, 1867, dr., \$22,000 to \$23,000, 67, 34, 234.

By Capt. Barlow, 1868, revet., extension of break'r, and dr., \$50,000, 68, 294.

By Lt. Col. Newton, 1870, extension of break'r, revet., and dr., \$65,000, 70, 224. In 1872, repairs and extension of break'r, \$15,000, 72, 271. In 1879, to complete required dr., \$3,000, 79, 395.

OPERATIONS.²

1865. Repairs to break'r, 66, 56, 57.

1866-67. Repairs under contract, 67, 34, 234.

1867-68. Repairs to break'r completed, 68, 48, 293.

1868-69. Dr. to attain 7', 69, 42, 182.

1870-71. Crib 94', in extension of break'r, sunk, 71, 52, 254.

1871-72. Crib 150' sunk and 94' superstr. built, 72, 48, 271.

1872-73. Crib 100' sunk, 150' superstr. built, 73, 393, 394.

1873-74. Crib 56' sunk, 100' superstr. built, 74, 56, 274.

1874-75. 56' superstr. built, repairs to old break'r, 75, 60, 352.

1877-78. Repairs to break'r and dr., 78, 57, 420.

1880-81. Dr. upon shoals between mouth of R. and s. wharves, 81, 722.

1887-88. 25,000 c. y. dr., 88, 2097.

1889-90. 3,000 c. y. dr., 90, 2878.

1890-91. Extension of break'r and renewal of timber superstr. in progress, 91, 2931.

1891-92. Break'r extension completed and superstr. in progress, 92, 2608.

1892-93. Rebuilding of superstr. of break'r completed, 93, 3195.

1903-04. Timber crib pierhead at s. end of break'r rebuilt, break'r repaired, 9,500 c. y. dr.; proj. completed, 04, 867.

1911-12. Work under contract begun June 21, 1911, and at close of year 1,486 c. y. had been dr. Proposals for constr. rubble mound in front of break'r opened July 25, 1912, 12, 1481.

PHYSICAL CHARACTERISTICS.

Description of, 67, 235, 249; 68, 293; 78, 421; 89, 2458.

H. on w. shore of Cumberland B., 30 m. s. from lower end of Lake Champlain, at the international boundary, near Rouse Pt., N. Y. Burlington H., N. Y., 20 m. se., 12, 202.

PLANS.

By Lt. Col. Robert, 1884, dr. basin at the mouth of the Saranac R.; est., \$60,000, 85, 2319.

By Maj. Adams, 1888, repair of 1,250 l. f. of existing superstr. and constr. of 300' of additional break'r; est., \$32,500, 89, 344, 2459.

*Allotment.

¹ Sur.—R., Feb. 7, 1834; est., \$24,003.16. (H. D. 482, 55th, 2d.)

² Early history of operations, 67, 235; results to 1865, a break'r 854' l. of timber cribs 39' w. on top, with batter on shore side of 2 upon 1, 66, iii, 17, iv, 181.

PRIVATE (CORPORATE) WORK.

Several hundred f. of wooden revet. built by New York & Canada R.R. Co.; a benefit to the H., 77, 253.

PROJECTS. (See Estimates.)

The earliest app. made 1836; between this date and 1844, under app. aggregating \$57,500, 854 l. f. of break'r, covering the city wharves, built, 66, iii, 17; iv, 1881.

By Capt. Reese, 1866, repairs of break'r; est., \$25,512.21, 66, iv, 181; 67, 235.

By Capt. Barlow, 1868, dr. revet., and extension of break'r 300'; est., \$50,000, 68, 294; 69, 182.

Between 1864 and 1869 \$28,000 was expended in repairs, 66, 56; 67, 234; 68, 293; 69, 182.

By Lt. Col. Newton, 1870, change in direction of, and extension of break'r 400'; est., \$65,000, 70, 222, 224; in 1877, dr. shoal, 77, 253; 79, 395.

Total app. from 1836 to 1886, incl., \$146,180.

Act June 25, 1910, au. dr. to 9', at low lake level, the shoal between break'r and wharves, redr. chan.

in front of wharves, and repairing break'r, incl. rebuilding superstr. of timber ps. with st.,¹ 10, 87; 12, 203.

Total, 98,500 (incl r. sales, etc., \$98,501.50, 12, 1485).

COMMERCE.

Description of, 85, 2310.

Imp. has reduced operating cost of navigation, resulting in reduced freight rates and increased business, 12, 208.

1906, 676,000 ± t.; 1911, 826,000 ± t., 12, 208.

CONTRACTS.

1886. L. Whitney, r. removal at the Elbow, 87, 2412. J. L. Johnson, dr., Kinyons B., 87, 2412.
 1892. Lynch & Hannan, dr., 15¢ c. y. (\$13,800), 93, 3201.

1896. Lynch & Hannan, removal of sunken logs and stumps, at 50¢ c. y.; dr., 19½¢ c. y. (\$4,500), 96, 3171.

1899. W. J. Daly, dr., 20¢ c. y., 00, 1486.

1903. Daly & Hannan Dredging Co., dr., 22.5¢ c. y., 04, 869.

1905. E. R. Goodsell, 450 l. f. timber fenders or booms in place, \$1,100, 06, 894.

1911. Geo. W. Beeman, dr., prices listed, 12, 1485.

OPERATIONS.

1881-82. Chan. 42' x 6' dr. from the lake to Casseys Wharf, 82, 713.

1882-83. 14,981 c. y. dr. from chan., 83, 1960.

1887-88. 10,870 c. y. dr., 88, 2101.

1888-89. 15,418 c. y. dr., 89, 2451.

1891-92. 8,132 c. y. dr., 92, 2613.

PROJECTS.

By Lt. Col. Michler, 1880, imp. of Ticonderoga R. by excavating a chan. 8' x 100' from the 8' curve in Lake Champlain to the R.R. br., thence 60' to the foot of the falls at Ticonderoga; also to w. the chan. in front of Cassey and Bishops Docks to 100' and to extend a cut 100' w. diagonally across the basin; est., \$42,516, 81, 728, 729; 92, 2613.

SURVEYS.

Au. act June 14, 1880; made, 1881, by Lt. Col. Michler, 81, 726.

Pre. ex. au. act June 13, 1902. **R.** by Capt. Taylor (unfav.), 04, 70, 889.

Maps. 87, 2411.

SURVEY.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Adams (**R.** unfav.), 89, 2454.

PHYSICAL DATA.

Name formerly given to a fishing station, where a few canal boats were occasionally built, on narrow part of Lake Champlain, just below mouth of Ticonderoga R., 84, 2161.

SURVEY.

Ex. au. act Aug. 2, 1882; made, 1883, by Lt. Col. McFarland (**R.** unfav.), 84, 2161.

ENGINEERS.

Chief of Engineers. **R.**, 85, 357; 87, 316; 88, 289; 89, 343; 90, 309; 91, 387; 92, 365; 93, 418; 94, 392; 95, 428; 96, 384; 97, 481; 98, 130; 99, 150; 00, 170; 01, 148; 02, 94; 03, 72; 04, 68; 05, 73; 06, 71; 07, 73; 08, 75; 09, 76; 10, 88; 11, 170; 12, 207, 224.

In charge:

Lt. Col. H. M. Robert. **R.**, 85, 2310, 2314.
 Maj. M. B. Adams, 1887-92. **R.**, 87, 2411; 88, 2102; 89, 2452; 90, 2883; 91, 2937; 92, 2614.

Capt. S. S. Leach, 1893-96. **R.**, 93, 3201; 94, 2499; 95, 3241; 96, 3170.

Maj. W. S. Stanton, 1897. **R.**, 97, 3302.

Maj. A. M. Miller, 1898. **R.**, 98, 1046.

Col. J. W. Barlow, 1899. **R.**, 99, 1292; 00, 1485.

Capt. H. Taylor, 1901-03. **R.**, 01, 1055; 02, 864; 03, 752.

Lt. Col. W. S. Stanton, 1904-05. **R.**, 04, 888; (Col.) 05, 835.

Maj. Edw. Burr, 1906-09. **R.**, 06, 894; 07, 926; (Lt. Col.) 08, 968; 09, 1002.

Col. F. V. Abbot, 1910. **R.**, 10, 1120.

Col. W. M. Black, 1911-. **R.**, 11, 1271; 12, 1484.

Assistants:

W. P. Judson. **R.**, 85, 2312, 2315.

Capt. R. D. Black, 1911-12. 11, 149; 12, 178.

OPERATIONS.

1886-87. R. removal at the Elbow and dr. in Kinyons B. in progress, 87, 2412.

1887-88. Dr. under contract continued, 88, 2102.

1888-89. Dr. continued, **89**, 2453.
1889-90. Dr. continued, **90**, 2883.
1893-94. 89,818 c. y. dr., **94**, 2499.
1896-97. 22,681 c. y. dr., and 48 c. y. logs removed, **97**, 3302.
1899-00. 40,020 c. y. dr., **00**, 1485.
1900-01. 2,910 c. y. dr. from shoal in Whitehall H., **01**, 1055.
1903-04. 62,480 c. y. dr., **04**, 868.
1905-06. 450 l. f. timber fenders built along rocky bank, **06**, 894.

PHYSICAL CHARACTERISTICS.

Description of, **85**, 2312, 2315; **97**, 3302; **10**, 88.
Chan. subject to shoaling, **98**, 1046.
Narrows that portion of Lake Champlain at upper end of lake included between Whitehall and Crown Pt. Proj. portion is s. 15 m. of waterway from Whitehall to Bensons Landing, Vt. Chan. tortuous and orig., 94-10' x 75' or 200', low lake level, **12**, 207.

1911. E. C. Sickles, about 50,000 s. t. rubblest., at \$1.05 t., and 2,000 t. large st. at \$1.50 t., 12, 1483.

ENGINEERS.

Chief of Engineers. **R.**, 66, 2, 3, ii, 41, iii, 17, 28; 67, 34; 68, 48; 69, 42; 70, 56; 71, 53; 72, 49; 73, 49, 50; 74, 56; 75, 61; 76, 57; 77, 52; 78, 57; 79, 65; 80, 89; 81, 113; 82, 114; 83, 325; 84, 328; 85, 355; 86, 349; 87, 315; 88, 288; 89, 341; 90, 308; 91, 386; 92, 364; 93, 417; 94, 390; 95, 427; 96, 382; 97, 480; 98, 129; 99, 148; 00, 168; 01, 146, 150; 02, 91; 03, 69; 04, 65; 05, 70; 06, 69; 07, 72; 08, 74; 09, 75, 78; 10, 85; 11, 168; 12, 204.

Boards:

Convened, June 6, 1867, to consider location and constr. of break'r. Recom. the extension of old break'r about 1,500' to the n., and constr. of cribs of rectangular cross section 30' at base and 40' high, 67, 34, 234, 251. (Col. Bache and Lt. Cols. Thom and Blunt.)

In charge:

Col. Turnbull. (S. D. 42, 35th, 1st.)
Maj. J. D. Graham, 1857. **R.**, S. Doc. 42, 35th Cong., 1st sess.

Maj. C. E. Blunt, 1865-67. **R.**, 66, 56, 57; (Lt. Col.) 67, 234, 245, 246, 251.

Capt. C. B. Reese, 1866. **R.**, 66, iv, 179, 180.

Capt. J. W. Barlow, 1867-69. **R.**, 68, 295; 69, 184.

Lt. Col. John Newton, 1870-79. **R.**, 70, 223; 71, 255; 72, 272; 73, 394; 74, 274; 75, 353; 76, 258; 78, 422; 79, 395.

Capt. James Mercur, in temporary charge, 77, 253.

Lt. Col. N. Michler, 1880-81. **R.**, 80, 557; 81, 723.

Maj. G. L. Gillespie, 1881-82. **R.**, 82, 708.

Maj. W. McFarland, 1882-83. **R.**, 83, 1931.

* Allotment.

¹ H. D. 1085, 61st, 3d.

² Sur.—**R.**, Feb. 7, 1834; est., \$28,727.18. (H. D. 482, 55th, 2d.)

³ Failing bidders, Wells DeGraw, Antoin Poupou, L. B. Platt, and L. T. Richardson, 68, 296, 299.

⁴ Annulled and awarded to Luther Whitney, 74, 274; 75, 353.

Lt. Col. H. M. Robert, 1883-85. **R.**, **83**, 1959; **84**, 2157.

 D. White, **74**, 275; **76**, 253.
 Capt. R. D. Black, **12**, 178.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Graham, extension and repairs, \$21,286.31, S. Doc. 42, 35th Cong., 1st sess.; \$27,672.20, **66**, 3.
 By Capt. Reese, 1,500' new break'r, \$333,442, **66**, iv, 180; **67**, 234; **68**, 49; **69**, 42.
 By D. White and Lt. Col. Newton, 2,000' break'r, \$340,000, **74**, 275; **75**, 353; **76**, 258.
 By Lt. Col. Newton, completion of proj., \$260,000, **79**, 396.

OPERATIONS.¹

1844. Constr. of break'r, **66**, iii, 17, iv, 179.
 1857. Break'r 1,069' l., S. D. 42, 35th, 1st.
 1868. 2 cribs well under way, **68**, 298.
 1868-69. 6 cribs, 500' of break'r built, **69**, 42.
 1869-70. Constr. of 2 cribs, 160 l. f., **70**, 56, 223.
 1870-71. Constr. of 2 cribs, 171 l. f., **71**, 53, 255.
 1871-72. 2 cribs, 217 l. f., placed in position for s. extension; completion of superstr. over extension, **72**, 48, 272.
 1872-73. Constr. of 2 cribs, 180 l. f., **73**, 49, 395.
 1873-74. Constr. of 2 cribs, 220 l. f., and 180' of superstr., **74**, 56, 274.
 1874-75. Constr. of 1 crib, 145' and 220' of superstr., **75**, 61, 353.
 1875-76. Constr. on 160' n. extension and 145' of superstr., **76**, 57, 258.
 1876-77. Completion of 160' of superstr., repairs, **77**, 52, 253.
 1877-78. Repairs and extension of break'r, **78**, 57, 422.
 1878-79. Riprapping and extension of break'r, **79**, 65, 395.
 1879-80. Break'r extended n. 111 l. f.; repairs to break'r, **80**, 557.
 1880-81. Break'r extended n. 70 l. f.; repairs to break'r, **81**, 723.
 1881-82. Break'r extension in progress, **82**, 709.
 1882-83. Break'r extended n. 50 l. f., **83**, 1959.
 1883-84. Break'r extended n. 50 l. f., **84**, 2157.
 1884-85. Break'r extended s. 200 l. f.; 1,175 l. f. of old break'r repaired by hired labor, **85**, 2307.
 1885-86. Repairs to break'r by hired labor, **86**, 1903.
 1886-87. Slight repairs to n. end of break'r, **87**, 2409. Discussion of most economical height of st. foundations for break'r, **87**, 2407.
 1887-88. 4,209 c. y. rubblest. placed in break'r foundation, **88**, 2099.
 1888-89. 780 c. y. rubblest. placed in break'r foundation, **89**, 2449.
 1890-91. Repairs to break'r, **91**, 2934.
 1891-92. Repairs to 1,000 l. f. of superstr., **92**, 2611.
 1895-96. 683 l. f. break'r repaired, **96**, 3167.
 1896-97. Break'r repairs in progress, **97**, 3297.
 1897-98. 235 l. f. of st. superstr. completed, **98**, 1044.

1900-01. Old timber and st. superstr. replaced for 140' with concrete superstr.; repairs to superstr., **01**, 1052.

1901-02. 237' of old superstr. removed and replaced with concrete, 180' repaired and faced with concrete blocks, **02**, 860.

1903-04. 332.75 l. f. wooden superstr. replaced with concrete or st., 426½ l. f. concrete footing blocks placed, and 487½ l. f. st. coping placed, **04**, 865.

1904-05. 641 l. f. decayed superstr. removed, 609 l. f. concrete parapet erected, and 20 l. f. concrete decking laid, **05**, 832.

1905-06. Repairs to break'r, and 242 l. f. lake slope sheathed with planking, **06**, 892.

1906-07. 560 l. f. superstr. removed, 559 l. f. parapet built, paving laid, st. coping set, etc., **07**, 924.

1907-08. 240 l. f. concrete superstr. completed, 60 l. f. parapet built, and 348 l. f. superstr. repaired, **08**, 966.

1908-09. 327 l. f. concrete superstr. built, and 124 l. f. foundation repaired, **09**, 1000.

1910-11. No work done during year; proj. 68% completed, **11**, 169.

1911-12. Minor repairs made to break'r, **12**, 205, 1483.

PHYSICAL CHARACTERISTICS.

66, iii, 17; **11**, 169; **12**, 206.

H. 5½ m. of shore line, along e. shore of Lake Champlain, protected by break'r 4,157' l., at average distance of about 1,000' from shore.

Deterioration of timber cribs serious, **12**, 205.

Plane of reference for H. is low lake level; variation of level, 4-6', **12**, 206.

PLANS. (See Estimates; Projects.)

By Capt. C. B. Reese, new break'r n. and w. of old work, 1,500' l., **67**, 179, 180.

PROJECTS.

Between 1836 and 1857, 1,069 l. f. of break'r had been built. In 1867 a B.E. recom. a further extension n. of 1,500 l. f. In 1871, 831 l. f. of this extension had been made, **67**, 34, 234, 251.

Between 1871 and 1874, 617 l. f. were added in a s. extension, making a total extension of 2,517 l. f., **74**, 274.

In 1874 an additional extension of 2,000 l. f. was adopted; est., \$340,000, **74**, 275.

In 1884, under an app. of \$25,000, extensive repairs were undertaken over the part of the break'r built between 1836 and 1857. In 1886 Maj. Adams proposed a further extension of the break'r, both to the n. and s., with the gradual withdrawal of the work as prolonged into water 32' d., **87**, 315, 2406.

From 1836 to 1886, incl., \$526,922.20 was app., completing proj.; est., 1887, \$184,250, **87**, 2409.

1894 and 1902, repairs au. and replacing crib superstr. (3,833') with one of st. or concrete; est., \$173,750 (total of \$323,750), **94**, 2496; **02**, 860; **10**, 1118; **12**, 205.

Col. Barlow, 1901, est. \$129,605 for proper repair and completion, in compliance with concurrent resolution of Congress, **01**, 1072. Act June 13, 1902, app. \$57,750 for repair and mainten. of break'r, thus further enlarging proj. of 1886, **02**, 92.

SURVEYS.

By Lt. Allen, under direction of Capt. Reese, **66**, iv, 180; **67**, 251; **69**, 185.

Concurrent resol. of Cong. (1900-01) asked for report on condition of break'r, with est. of cost of repair and completion, **01**, 1072. (See Projects.)

Ex. of Lake Champlain, with view to imp. in several localities, au. act Mar. 2, 1907; made, 1907-08, by Col. Burr; further imp., at Burlington H. not considered advisable, **09**, 78.

Cong. Doc. etc., relating to exs. surs., plans, etc., **12**, 205.

Maps:

Of Northern and Northwestern Lakes, showing location of imp., **66**.

Of vicinity, showing break'r and part of city, **66**, **97**, 3298.

1910, \$5,000, 10, 1119.

COMMERCE.

1909, 174 t., 10, 1119; 1911, 250 t., 12, 1481; 2 SS. employed, 12, 1481.

CONTRACTS.

1911. G. W. Beeman, removing 150 c. y. bowlders and other obstr., \$19.90 c. y., s. m., 12, 1480.

ENGINEERS.

Chief of Engineers. **R.**, 08, 77; 09, 78; 10, 86; 11, 166; 12, 201.

In charge:

Lt. Col. Edw. Burr, 08, 44; 09, 48.

Col. F. V. Abbot, 1910. **R.**, 10, 1119.

Col. W. M. Black, 1911-. **R.**, 11, 1267; 12, 1480.

OPERATIONS.

1911-12. 9.82 c. y. bowlders removed, 12, 1480.

PHYSICAL CHARACTERISTICS.

In its orig. condition this H. had sufficient d., being restricted to such C. as could pass through "The Gut" (between N. and S. Hero Islds.) where proj. d. is 10' at l. l. l. Obstr. bowlders in H. rendered navigation difficult, 10, 86.

H. is the port for the town of St. Albans, and is the name applied to the upper end of St. Albans B. on n. shore of Lake Champlain, 12, 201.

Navigation closed by ice, 12, 1480.

PROJECTS.

Act June 25, 1910, au. removal, to the level of the surrounding bottom, of all bowlders or other obstr. in vicinity of old wharves having d. over them of less than 6½' at l. l. l., and also off the SS. wharf; est., \$5,000, 10, 86.

SURVEYS.

Pre. ex. and sur. au. act Mar. 2, 1907. **R.** by Lt. Col. Burr, Nov. 25, 1907, and July 28, 1908; est., \$5,000, 10, 86; 77, 09, 78.

ESTIMATES. (See Plans and Projects.)

By D. White, 1873, adopted by Lt. Col. Newton, 1,900 l. f. of break'r, \$272,160, 73, 397, 398; 74, 275; 78, 423.

By Lt. Col. Newton, 1879, completing proj., \$179,000, 79, 65, 397.

OPERATIONS.

1873. Constr. of crib; 115 l. f. of break'r under contract, 73, 396.

1873-74. 1 crib, 110', placed, 74, 57, 275.

1874-75. 1 crib, 70', placed; 110' of superstr. built, 75, 61, 354.

1875-76. 1 crib, 69', placed; 70' of superstr. built, and damages to cribs repaired, 76, 57, 258.

1876-77. 69' of superstr. completed, 77, 52, 254.

1878-79. Extension of break'r 189'; repairs, 79, 65, 396.

1879-80. Repairing break'r, 80, 558.

1880-81. W. foundation of break'r, 81, 724.

1881-82. 1 78' crib sunk in repair of breach in break'r and 687 c. y. filling placed in same, 82, 710.

1882-83. St. filling of crib sunk in 1881 completed, and an additional crib commenced, 83, 1958.

1883-84. 50 l. f. of crib substr. and 78 l. f. of superstr. built, 84, 2156.

PHYSICAL CHARACTERISTICS.

Described, 73, 397.

H. is on e. shore of Maquam B., 85, 2325.

PLANS. (See Estimates and Projects.)

By Lt. Col. Robert, 1885, constr. break'r directly in front of existing and proposed wharves; est., \$140,000, 85, 2324.

¹ H. D. 1109, 60th, 2d.

PROJECT. (See Estimates and Plans.)

By Lt. Col. Newton, 1873, constr. of a break'r of cribwork filled with st., for protection of docks and wharves at Swanton; est., \$272,600, **73**, 397, 398; **74**, 275. Reduced to \$240,000, **79**, 397; **82**, 710.

In 1888 Maj. Adams recom. no further app. be made until development of the shipping interests indicated in what direction imp. was desired, **88**, 2095.

In 1889, after ex., Maj. Adams reported the locality unworthy of further imp., **89**, 2458.

E-126

MISSISQUOI RIVER, VT.

COMMERCE.

Description of, **95**, 3244; **97**, 3321.

1894, 70,000 t.; in that year it was believed that the imp. of the R. to Swanton would result in largely increasing the C., the cost of the imp. being considered relatively small compared with the probable benefits to be derived, **97**, 3244, 3245.

In 1897 it was est. at 87,000 t., but after a sur. Maj. Stanton considered that the cost of imp. necessary, together with the cost of mainten., would be greater than would be justified by the C. interests involved, **97**, 3320.

ENGINEERS.

Chief of Engineers. **R.**, **95**, 429; **97**, 483.

In charge:

Capt. S. S. Leach, 1894-95. **R.**, **95**, 3243.

Maj. W. S. Stanton, 1896-97. **R.**, **97**, 3319.

Assistant. F. M. Barstow. **R.**, **97**, 3322.

SURVEYS.

Under direction of Lt. Col. Newton, by D. White, 1872. **R.**, **73**, 396, 397.

Au. act July 5, 1884; made by Lt. Col. Robert, **85**, 2324.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Adams, **88**, 2095.

Maps. Of Maquam B., **85**, 2324.

PHYSICAL CHARACTERISTICS.

Description of, **95**, 3244; **97**, 3320.

R. rises in the Green Mountains near the Canadian line and flows into the Missisquoi B. by 3 branches, **95**, 3244; and so near the n. boundary of the U.S. that the middle and eastern mouths can be entered only from Canadian water, **97**, 3322.

PROJECTS.

In 1897 Maj. Stanton est. \$43,000 to obtain 4', \$78,000, 5'; and \$122,000, 6', **97**, 3321.

SURVEYS.

Ex., particularly between Swanton and Lake Champlain, au. act Aug. 17, 1894; made, 1894, by Capt. Leach (**R.** fav. for sur.), **95**, 3243.

Sur. au. act June 3, 1896; made, 1897, by Maj. Stanton (**R.** unfav.; see Projects), **97**, 3319.

RIVER AND HARBOR WORKS—NORTH ATLANTIC.

F.—NEW YORK, N. Y., DISTRICT No. 2.

F.—NEW YORK, N. Y., DISTRICT—NO. 2.

In charge of U. S. Engineer Office,
Army Building, New York, N. Y.

NOTE.—The following list of waterways of this district begins at the end of a line drawn from the mainland to Long Island, in the vicinity of the Bronx-Manhattan Borough line, New York City—moving thence toward Long Island Sound to Montauk Point, thence toward Jamaica Bay, New York Harbor, and the starting point in East River.

F-4 BERRIANS CREEK, LONG ISLAND, N. Y.

COMMERCE.

Description of. 16,000 t. an. C. would probably be doubled by an imp. of the stream, 93, 994.

ENGINEERS.

Chief of Engineers. R., 93, 92.
In charge. Lt. Col. H. M. Robert, 1893. R., 93, 993.

PHYSICAL CHARACTERISTICS.

Description of. A small tidal branch of East R. on n. shore of Long Isl., 3 m. n. and e. from Hell Gate by chan.

At ordinary l. t. the bed of the creek is nearly bare everywhere, 93, 994.

SURVEYS.

Ex. an. act July 13, 1892; made by Col. Houston, 1892 (R. unfav.), 93, 993.

F-5 FLUSHING BAY, N. Y.

APPROPRIATIONS.

1879,	\$20,000,	79, 62.
1880,	15,000,	80, 509.
1881,	10,000,	81, 633.
1882,	5,000,	82, 659.
1884,	10,000,	84, 725.
1886,	10,000,	86, 662.
1888,	15,000,	88, 582.
1890,	20,000,	90, 666.
1892,	10,000,	92, 724.
1894,	4,000,	95, 843.
1896,	4,000,	96, 744.
1902,	*2,000,	03, 869.
1905,	*10,000,	05, 967.
1907,	*27,000,	07, 996.
1910,	*12,900,	10, 1192.
1912,	4,000,	12, 1516.

Total, 178,900 (incl. sales, \$178,905.75, 12, 1516).

COMMERCE.

Benefit of imp. to C., 78, 430; 79, 387.
Opposition of Newtown citizens to dike constr., 80, 508.

No local C. to be benefited by a chan. between the B. and Newtown Creek, and the use of the chan. by other C. uncertain, 97, 1160.

Description of, 05, 993.
Demand for water front, 05, 999.
Transportation facilitated, but no effect on freight rates, 10, 153.

1897, \$163,000; 1903, \$110,000; 1909, \$277,000; 1911, \$394,000, 12, 239.

CONTRACTS.

1879. H. Du Bois & Sons, pile-dike constr., 80, 509.

1880. W. Flannery, dr., 17¢ c. y., 81, 633.

1881. C. M. Pratt, dr., 24¢ c. y., 82, 659.

1882. H. N. & A. J. Beardsley, dr., 19¢ c. y., 83, 560.

1884. H. Du Bois's Sons, dr., 18¢ c. y., 85, 667.
1886. P. S. Ross, dr., 17¢ c. y., 87, 638.

1889. J. & A. Du Bois, pile-dike constr., at \$45.09¢ per 10 l. f.; dr., 20¢ c. y., 89, 732.

1891. C. & H. E. Du Bois, dr., 17.9¢ c. y., 91, 823.

1892. C. & H. E. Du Bois, dr., 28¢ c. y., s. m. (\$11,200), 93, 983.

1895. J. H. Fenner, dr., 18¢ c. y., s. m. (\$3,500), 95, 844.

1897. W. W. Du Bois, dr. 20,588 c. y., 17¢ c. y., s. m., 97, 1107.

1905. International Contracting Co., dr., 25¢ c. y., s. m., 06, 952.

1907. Maritime Dredging Co., dr., 19½¢ c. y., s. m., 08, 1044.

1911. R. G. Packard Co., dr., 22¢ c. y.; s. m., and removing boulders over ½ c. y., \$8 c. y., 11, 1304.

ENGINEERS.

Chief of Engineers. R., 78, 58; 79, 62, 66; 80, 82; 81, 100; 82, 101; 83, 101; 84, 106; 85, 90; 86, 91; 87, 55; 88, 56; 89, 69; 90, 62; 91, 77; 92, 82; 93, 89; 94, 80; 95, 91; 96, 87; 97, 123, 139; 98, 118; 99, 133; 00, 151; 01, 204; 02, 158; 03, 129; 04, 114; 05, 121, 134, 990; 06, 125; 07, 128; 08, 134; 09, 136; 10, 152, 181; 11, 184, 197; 12, 238.

Boards. BERH. R., 05, 994, 995.

In charge:

Lt. Col. J. Newton, 1878-83. R., 78, 430; 79, 385, 386; (Col.) 80, 508; 81, 631; 82, 657.

Lt. Col. G. L. Gillespie, 1883-85. R., 83, 559; 84, 724.

Lt. Col. W. McFarland, 1885-86. R., 85, 666.

Lt. Col. D. C. Houston, 1886-92. R., 86, 661; 87, 634; (Col.) 88, 581; 89, 730; 90, 664; 91, 822; 92, 722.

Lt. Col. H. M. Robert, 1893-95. R., 93, 980; 94, 703; (Col.) 95, 842.

* Allotment.

Col. S. W. Roessler, 1911-. **R.**, 11, 1303; 12, 1516.

Assistants:

R. H. Talcott, 79, 386. **R.**, 79, 387.
Lt. J. R. Slattery. **R.**, 05, 1000.

OPERATIONS.

1879-80. 3,057 l. f. pile dike built, 80, 508.
1880-81. Chan. x 65' 6,000' dr. from 6' d. on East R. side to corresponding d. at Flushing, 81, 632.
1881-82. 36,000 c. y. dr., 82, 657.
1882-83. 31,959 c. y. dr., 83, 560.
1884-85. 44,633 c. y. dr., 85, 667.
1886-87. 26,630 c. y. dr. from chan. leading up the bay and creek to Flushing; history of past operations, 87, 635.
1887-88. 23,630 c. y. dr. from chan. and shoals, 88, 581.
1888-89. 375 piles driven, 89, 731.
1889-90. 1,606 l. f. of dike built, and 15,063 c. y. dr., 90, 665.
1890-91. 4,515 c. y. riprap st. placed upon dike, 91, 823.
1891-92. 73,849 c. y. dr., 92, 723.
1892-93. 31,378 c. y., s. m., dr., 93, 981.
1895-96. 19,435 c. y., s. m., dr., 96, 743.
1896-97. 20,494 c. y., s. m., dr., 97, 1106.
1905-06. 35,451 c. y. dr., 06, 951.
1907-08. 130,825 c. y. dr., 08, 1043.
1908-09. 873 c. y. dr., 09, 1066.
1910-11. 1,434 c. y. dr., 11, 1303.
1911-12. 43,891 c. y. soft material and 12 c. y. boulders dr., 12, 1516.

PHYSICAL CHARACTERISTICS.

Description of, 78, 430; 79, 387; 97, 1159; 05, 991.
Description of the B.; rise of tide, 88, 581.
Flushing B. and Newtown Creeks separated by 4 m. of upland, 97, 1159.
Dike nearly destroyed by storms and ice, 01, 1210.
Effect of dike on chan., 05, 998; shoaling, 12, 239.
Max. draft, range of tides, etc., 12, 239.
On n. shore of Long Isl., 14 m. from Battery, N. Y. C., 12, 238.

PLANS. (See Projects.)

By Lt. Col. Newton, 1878, dr. chan. 1' x 3' x 100' m.; est., \$15,000; should be determined by sur., 78, 430.

PROJECTS. (See Plans.)

By Lt. Col. Newton, 1879, tidal basin by dr., and an inclosing pile dike with an opening near the head of the B., which, by filling and discharging through the main chan., would maintain a d. of 6' m. l. w.; est., \$173,500, 79, 62, 385, 387; 86, 661; 87, 634; 92, 722.

Col. Mansfield, 1903, recom. removal of dike, 05, 993.

By Col. Stickney, 1904, repairing and extend. dike shoreward and dr. chan. 10' x 100' up to Broadway Br., and 8' d. on up to main St. Br.; est., \$87,308.83,¹ 05, 1000.

SURVEYS.

Pra. ex., 78, 58, 430.
By R. H. Talcott, 78, 58; 79, 66, 387.
Surs., 85, 666; 89, 732.
Ex. with a view to connecting Flushing B. with Newtown Creek, N. Y., au. act June 3, 1896; made by Maj. Adams in the same year (**R.** unfav.), 97, 1159.

F. N. Owen. R., 79, 361.

ESTIMATES. (See Projects.)

By Maj. Barlow, 1879, completion of existing proj., \$15,000, 79, 361.

OPERATIONS.

1871-72. 360 l. f. of e. j., or break'r, built, 72, 85, 910.

* Allotments.

¹ H. D. 300, 61st, 2d.

² Sur.—R., Oct., 1853. (H. D. 482, 55th, 2d.)

³ Failed to compete, 76, 232; 77, 220; 79, 360.

1872-73. Extension of j. 422'; 73, 93, 1029.
1875-76. 165 c. y. dr. and 475 l. f. w. j. built, 76, 232.
1876-77. 741 t. of riprap added, 77, 220.
1877-78. Repairs to e. j. and dr., 78, 53, 407.
1878-79. Extension of w. j. 450'; of e. j., 70'; repairs to e. j., 79, 59, 358.
1879-80. 5,421 c. y. dr. from chan., 80, 468.
1880-81. 2,579 c. y. dr. from chan., and 1,400 t. granite placed in js., 81, 611.
1881-82. 2,020 t. granite placed in e. j., 82, 625.
1882-83. 3,413 t. granite riprap placed in 150 l. f. of j. extension, 83, 526.
1883-84. 575 t. granite riprap added to j., extending same 35', 84, 657.
1890-91. 1,464 t. st. delivered upon e. j., 91, 816.
1891-92. 7,520 t. riprap delivered in e. and w. js.; 2,285 c. y. dr., 92, 715.
1892-93. 16,084 c. y., s. m., dr., 93, 973.
1893-94. 36,868 c. y., s. m., dr., 94, 696.
1895-96. 26,308 c. y., s. m., dr., 96, 736.
1896-97. 27,282 c. y., s. m., dr., 97, 1098.
1897-98. 1,138 c. y., s. m., dr., 98, 1003.
1899-00. 7,253 t. st. deposited, 00, 1395.
1900-01. 538.1 t. riprap placed in outer end of e. j. for protection of lighthouse foundation which had been damaged by settlement in j., 01, 1206.
1902-03. 6,583 c. y. dr. under contract, removing shoal parts, 03, 865.
1903-04. 18,728 c. y. dr. under contract which was completed July 17, 1903, 04, 1021.
1904-05. Specifications prepared and proposals invited; 2 bids received and rejected as excessive, 05, 962.
1905-06. 16,451 c. y. dr., restoring chan. to proj. d. and w.; 2,940 t. st. placed in break'r, completing 260' of break'r to proj. dimensions, 06, 947.
1906-07. 2,034 t. st. placed in break'r, completing 1,380 l. f. of it to proj. cross-section, except where covered by sand, 07, 990.
1907-08. 8,292 t. st. delivered in extension of e. j., completing 90 l. f. to proj. dimensions, 08, 1038.
1908-09. 5,663 t. st. placed in extension of e. j. completing 80 l. f.; contract work completed Sept. 18, 1908, 09, 1061.

PHYSICAL CHARACTERISTICS.

Description, 71, 86, 806; 72, 912; 73, 1034; 77, 222; 79, 361; 88, 578; 89, 751.
 The rapidity of the tidal current a cause for the comparatively high prices for dr., 96, 738.
 Before imp. chan. d. outside entrance was 4', m. l. w.; d. in H. was 12' and more up, to within 300' of wharves at Port Jefferson, 03, 127; 2 js. built to shelter inlet chan. A chan. 8' x 100' m. l. w. dr. through inlet and shoal outside, 03, 128.
 Max. draft carried, 1903, over shoalest part of chan., 12' m. l. w.; mean range of tide at entrance 7', and at wharves 6.2'; chan. through H. entrance 12' x 200', 03, 128.
 Description of, 12, 233, 234.
 Inland B., 2 m. long by $\frac{1}{2}$ m., n. shore Long Isld., 50 m. e. of N. Y. C.; connected with Long Isld. Sound by narrow entrance, 12, 233.

PROJECTS. (See Estimates.)

By Maj. Warren, 1871, dr. chan. of entrance 7' x 200', protected by a break'r 800' l.; est., \$175,000, 71, 86, 804, 808. Modified in 1875 by the addition of an e. j., 75, 105; ii, 265.
 By Maj. Barlow, 1877, completion of imp. by extension of js. to 9' curve and excavation of chan. between them to 8' l. w.; est., \$34,000, 78, 407; 79, 359; 80, 468. Operations under this proj. were completed in 1883, 89, 752.
 In 1889 Col. Houston proposed to make and maintain a 10' chan. through the inlet by dr. and the repair and enlargement of the e. and w. js.; est., \$90,000, 89, 754; 91, 815; 92, 714.
 Existing proj. about 67% completed, 12, 234.

SURVEYS. (See Documents.)

By Lt. M. Harrison, 1853, 70, 454; 71, 805; 79, 359.

Col. S. W. Roessler, 1911-. R., 11, 1300; 12, 1513.

OBSTRUCTIONS.

Work above dam and br. prevented by lack of draw, 08, 1040.
Fixed br. replaced by drawbr., 10, 1188.

OPERATIONS.

1900-01. 8,781 t. st. deposited, completing w. j. to the 10' contour, 01, 1205.
1901-02. 268 t. st. placed on w. j., 02, 1001.
1905-06. 7,222 t. st. placed in e. j., 06, 949.
1906-07. 15,736 c. y. dr., 07, 992.
1907-08. 7,356 c. y. dr., 08, 1039.
1908-09. 84,514 c. y. dr., 09, 1063.
1909-10. 43,416 c. y. dr.; 371' dike built; 2,211 t. st. placed in js., 10, 1188.
1910-11. Js. built higher and tighter, and slightly l., 11, 1300.

PHYSICAL CHARACTERISTICS.

Description of, 91, 843; 08, 131.
Rapid shoaling following imp., 08, 1040.

Damages to fence dike of w. j. by storms, 11, 194; 12, 235.
Tidal inlet on n. side of Long Isld., 70 m. e. of N. Y. C. (see Obstructions), 12, 235.

PRIVATE WORK.

Local authorities constructed drawbr.; old dam removed, 11, 195.

PROJECTS.

By Col. Houston, 1891, chan. 7' l. t., Long Isld. Sound up to the tide mill at Mattituck, 100' w. at the entrance, thence to the mill to be 80' w., the entrance chan. to be secured with parallel js. extending from the shore out to the 9' curve in Long Isld. Sound; est., \$83,000, 91, 845; 96, 734.

By Maj. Adams, 1897, retaining funds intact until a large enough sum had been app. to complete at least 1 of the js., 97, 1096.

Col. Black proposed, 1909, extending e. j. to 1,000' and w. j. to 800', dr. up to milldam, and omitting work above milldam until fixed br. be replaced by drawbr. (see Obstructions); (detrimental to upstream waterway); est. increased to \$176,700, 09, 1063; (est. to milldam, \$134,200), 10, 1189; 12, 235.

Col. Roessler, 1912, of opinion w. j. should be extended shoreward, and e. j. raised, and wing extension built; effort made to acquire needed easement, pending which work apparently unwise to dr. entrance again, 12, 1513.

SURVEYS.

Ex. au. act Sept. 19, 1890; made, 1890, by Col. Houston, 91, 843.
Minor, and exs., 08, 1040; 09, 1063; 10, 1188; 12, 237.

1891-92. 12,037 c. y. dr.; 594 t. st. delivered and placed in break'r, **92**, 712.

1892-93. 10,404 c. y. dr.; **93**, 969.

1893-94. 32,820 c. y. dr.; proj. completed, **94**, 692.

PHYSICAL CHARACTERISTICS.

Mean rise and fall of tide, Greenport, **82**, 636.

Description of, **88**, 577; **95**, 871.

Small anchorage ground on the se. side of the fork of Long Isld. near its e. end, sheltered by a break'r, **95**, 871.

PROJECT.

By Maj. Barlow, 1882, rubblest. break'r, Joshua Pt. Shoal, off Joshua Pt., to cover Greenport H. anchorage from e. and ne. storms, and to prevent further shoaling of the H. by transfer of material from pt. and shoal above mentioned; est., break'r, extending to 18' curve, \$46,000, **82**, 635; **87**, 630; **92**, 712.

SURVEYS.

Au. act Mar. 3, 1881; made, 1882, by Maj. Barlow, **82**, 635.

Ex. au. act Aug. 17, 1894; made, 1894, by Lt. Col. Robert (R. fav.), **95**, 871.

H. lines estab. by the Sec. of War, 1894, **95**, 829.

Pre. ex. and sur., Sterling Basin, Greenport H., au. act Mar. 3, 1909; made by Col. Black; **R.**, July 9 and Dec. 29, 1909, resp.; plan for imp.; est. \$22,500; **10**, 181.

Maps.¹ **83**, 528; **85**, 664; **93**, 970.

PLANS.

By Maj. Barlow, 1884, excavating chan. 100' x 10' landing to d. w., 500'; est., \$4,000, **84**, 686.

SURVEYS.

Ex. au. act Aug. 2, 1882; made, 1884, by Maj. Barlow, **84**, 686.

Ex. au. act July 13, 1892; made by Col. Houston, 1892 (R. unfav.), **93**, 996.

COMMERCE.

Benefits of imp. to, **71**, 815, 817, 818; **84**, 682.

CONTRACTS.

1871-73. M. F. Brainard, dr., **71**, 812; **72**, 915; **73**, 1041.

ENGINEERS.

Chief of Engineers. **R.**, 70, 32, 76; 71, 86; 72, 85; 73, 93; 74, 103; 75, 106; 76, 53; 84, 99; 91, 81.

In charge:

Maj. D. C. Houston, 1870; 70, 74.
Maj. G. K. Warren, 1870-76. **R.**, 70, 454; 71, 811, 814; 72, 914; 73, 1041; 74, ii, 272.
Maj. J. W. Barlow, 1876-84. **R.**, 76, 233; 84, 681, 682.
Col. D. C. Houston, 1890-91. **R.**, 91, 855.

Assistants:

N. E. Russell. **R.**, 72, 915.
H. S. Van Ingen. **R.**, 72, 915.
J. H. Dager. **R.**, 74, ii, 272.
H. N. Babcock. **R.**, 84, 683.

ESTIMATES. (See Plans and Projects.)

By Maj. Warren, dr., Indian Isld. to Terry & Wells's Dock, \$32,818.50; 71, 86, 811, 817.
By N. E. Russell, dr., Terry & Wells's Dock to br., \$5,720, 71, 817.
By H. S. Van Ingen, C. E., completion, \$27,717.30, 72, 916.

OPERATIONS.

1871-72. Dr. at the "crook" in chan. near the mouth, above Colonels Isld., and from B. up to Riverhead, 72, 916.
1872-73. Dr. 60,045 c. y., 73, 1041.

PHYSICAL CHARACTERISTICS.

Described, 71, 815; 91, 855.

* Allotments.

¹ Sur.—**R.**, Apr. 30, 1830; est., \$31,087.65. (H. D. 482, 55th, 2d.)

PLANS. (See Estimates and Projects.)

By Maj. Barlow, 1883, chan. 4' d. m. l. w., mouth of Mud Creek to Riverhead; est., \$29,000, 84, 682.

By Col. Houston, 1891, chan. 6' x 75' m. l. w., head of Merritt B. to Peconic B.; turning basin in Merritt B. 6', x 250' x 400' and extension of chan. to 2,000' above Merritt B.; est., \$44,000, 91, 858.

PRIVATE (PRIVATE, STATE, AND CORPORATE) WORK.

A stock co. chartered by New York for imp. R. with dams, canals, and locks. No work done. Charter annulled, 71, 815. Dr. by private parties, with dr. machinery run by horsepower, 71, 815. \$5,000 app. by State of New York for imp., 73, 93; 74, ii, 271. Expended in dr., 74, ii, 271, 273. Dr. by citizens of Riverhead, 72, 916.

PROJECTS. (See Estimates.)

By Maj. Warren, chan. 6' x 75', 71, 86, 811, 814; 72, 916.

SURVEYS.

Au. act July 11, 1870, 70, 76; assigned to Maj. Warren and made under his direction by N. Russell. **R.**, 71, 815.

Au. act Aug. 2, 1882; made by Maj. Barlow, 84, 682.

Sur. au. act Sept. 19, 1890; made, 1891, by Col. Houston, 91, 857.

LEGAL PROCEEDINGS.

Suit against Peter Lynam for extra expense incurred by U. S. on account of failure to do work contracted for, \$2,296 received and placed to credit of app., 05, 970.

OPERATIONS.

1902-03. 1,015 t. st. placed in break'r, 03, 870.

1903-04. 693 t. st. placed in break'r; work suspended July 22, 1903, 04, 1028.

1904-05. 5,920 t. st. placed in break'r, completing 6101 f., 05, 970.

1905-06. Placing st. in break'r, 06, 953.

1906-07. 280 t. st. placed in break'r; total of 2,050 l. f. completed to full cross-section, 07, 998.

1907-08. 17,079 t. st. placed in break'r, 08, 1046.

PHYSICAL CHARACTERISTICS.

Description of, 00, 1452.

PLANS.

By Col. Houston, 1891, protection of wharves from ne. storms by riprap break'r of 3,180', and extending to 8' above m. l. w.; est., \$71,000, 91, 861.

PROJECTS.

Maj. Adams est., 1899, \$71,000 to constr. break'r, 00, 1452.

Act June 13, 1902, au. proj. which contemplates protecting H. and landings by a break'r; est., \$71,000, 02, 159. Break'r to be of riprap and to extend from Conklin Pt. in a n. by w. direction about 1,330', thence in a nearly n.w. direction 1,850' to the 9' curve, making a total l. of 3,180'; top to be 8' above m. l. w. and 5' w.; side slopes 1 on 1, 03, 870.

Boards. BERH. considers it not advisable to undertake imp. at "present" time, 04, 1070, 1077, 1078.

In charge:

Col. J. Newton, 1878-83. **R.**, 80, 515; 81, 651; 82, 670.
Lt. Col. G. L. Gillespie, 1883-86. **R.**, 83, 566; 84, 732; 85, 740.
Lt. Col. W. McFarland, 1886-89. **R.**, 86, 743; 87, 734; 88, 624.
Capt. T. L. Casey, 1888-94. **R.**, 89, 814; 90, 837; 91, 982; 92, 808; 93, 1103; 94, 796.
Lt. Col. G. L. Gillespie, 1895. **R.**, 95, 968.
Col. Amos Stickney, 1904. **R.**, 04, 1078.

B. is the n.w. part of Jamaica B. at and in front of Canarsie Landing. Jamaica B. is about 6 m. e. and w. by 4 m. n. and s., connecting with Atlantic Ocean through Rockaway Inlet, in the s. part of Long Isl., and is 7 m. from the Narrows, New York H., 96, 751.

Chan. has deteriorated; dikes in poor condition, 11, 199.

Max. draft 6' in main chan., 2½' in W. Branch, and 3' in E. Branch, 12, 241.

Range of tides, 4.7', 12, 241.

PRIVATE WORK. (See Projects, 1912.)

PROJECTS.

By Col. Newton, 1879, chan. of entrance into Canarsie B., of navigable w. and not less than 6' d., through the aid of dikes inclosing a tidal basin; est., \$88,000, 79, 400; 80, 84; 82, 670; 91, 981; 92, 866.

City of New York has determined to carry out this imp.; it is not believed U. S. should expend any more money on the proj., 12, 241.

SURVEYS.

Canarsie B.
Maps. 82, 670; 04, 1026.
Cong. docs., etc., relating to exs., surs., plans, etc., 12, 241.

SURVEY.

Ex. au. act Mar. 3, 1909, for d. of 6'; **R.**, Col. Black, Aug. 11, 1909 (unfav.), 10, 180.

Col. W. M. Black, 10, 138.

Col. S. W. Roessler, 1912-. **R.**, 12, 1527.

Assistant. 1st Lt. J. R. Slattery. **R.**, 04, 1079.

OPERATIONS.

1883-84. 20,000 c. y. dr. from chan., 84, 733.
1885-86. 21,256 c. y. dr. from cut at Dead Horse Inlet, 86, 744.
1889-90. 27,025 c. y. dr., 90, 838.

PHYSICAL CHARACTERISTICS.

Description of, 88, 624; 04, 1079, 1080; 12, 252.

PLANS. (See Projects.)

In 1888, in view of the small C. need for imp., Lt. Col. McFarland did not consider further app. necessary, 88, 626.

PROJECTS. (See Plans.)

By Lt. Col. Newton, 1879, imp. of Sheepshead B. by diking and cr., est., \$100,000, 79, 400; 86, 743, 745.

In 1882, proj. changed to one for the excavation of a crib 6' x 100' m. l. w., to connect Sheepshead B. with Dead Horse Inlet; also for dr. within chan.; est., \$34,200, 82, 671; 86, 744; 87, 735; 92, 808.

By Col. Stickney, dr. out the old chan. and closing the cut-off chan. with a sheet-pile dike; est., \$104,620.16; or dr. the cut-off chan. and protecting it with a riprap dike; est., \$71,786.20, 04, 1079-80.

Act July 25, 1912, au. chan. 6' x 100' from 6' contour in ocean, to corresponding contour in B., crossing bar about 500' e. of existing bulkhead of Manhattan Beach Estates, and swinging w., entering B. near its n. side; l. about 2,200'; est., \$13,600, 12, 252.

SURVEYS.

Au. act June 18, 1878; made by Col. Newton, 1878, 79, 399.

F-105 NEW YORK HARBOR., N. Y. AND N. J.

(See Works of District E and G.)

The H. of New York, as a Federal R. and H. work, embraces the following main channels, beginning at the sea entrance:

Channels.		Period of improvement.
<i>Entrance channels.</i>		
Via (Gedney Channel	}	1868-1912
Via (Bayside Channel		
Main Ship Channel		
Via (South Channel	}	1906-1912
Via (Swash Channel		
Via Coney Island Channel		1898-1912
Via Ambrose (or East) Channel		
<i>Interior main channels.</i>		
Bay Ridge Channel		1880-1912
Red Hook Channel		1880-1912
(These last two have, since 1904, been grouped as Gowanus Bay Channel.)		
Buttermilk Channel		1880-1905
Between Governors Island and Battery		1897
East River and Hell Gate		(See Dist. E.)
Hudson or North River		(See Dist. E.)
Harlem River		(See Dist. E.)
<i>There are also various interior branch channels, such as—</i>		
Gowanus Creek		1896-1904
Gowanus Canal		1896
Wallabout Channel		1897-1912
Newtown Creek		1880-1912
Etc., etc. (see District Map).

1909, 627,000, 09, 1094.
1910, 324,510, 10, 1218.

4,103,510

General Improvements:

1902, \$50,000, 02, 972.
1904, \$1,500, 04, 1116.
1904, \$15,000, 04, 1116.
1905, 75,000, 05, 1013.
1907, 125,000, 07, 1081.
1909, 100,000, 09, 1094.

366,500

Gowanus Creek Channel:

1896, \$25,000, 96, 759.
1899, 25,000, 99, 1275.
1902, 20,000, 02, 977.

70,000

Gowanus Bay Channels:

1896, \$200,000, 96, 757.
1897, 350,000, 97, 1120.
1898, 130,000, 98, 1018.
1899, 100,000, 99, 1270.
1900, 262,000, 00, 1467.
1901, 140,000, 01, 1294.
1902, 100,000, 02, 976.
1903, 272,000, 03, 916.
1904, 175,000, 04, 1120.
1905, 200,000, 05, 1018.
1906, 250,000, 06, 988.
1907, 200,000, 07, 1036.
1909, 310,000, 09, 1096.
1910, 250,000, 10, 1220.
1911, 241,000, 11, 1294.

\$3,180,000

Wallabout Channel:

1899, \$40,000, 99, 1244.

40,000

North River—removing obstructions:

1903, \$25,000, 03, 913.
1905, 20,000, 05, 1014.

General Improvement and Coney Island Channel:

1905, \$15,000, 05, 1013.

45,000

Coney Island Channel:

1907, \$188,300, 07, 1018; 08, 1069.

15,000

Maintenance—Ambrose Channel:

1910, \$200,000, 10, 1218.
1911, 100,000, 11, 1291.
1912, 200,000, 12, 1505.

500,000

Total.....12,746,590

In connection with the total, the various waterways tributary to N. Y. H. should be kept in mind—East R., Hudson R., etc. (See District map.)

COMMERCE.

The following description of the foreign commerce of N. Y. H. for 1911-12 shows its importance:

"No comprehensive record of the commerce of the port of New York is kept, and its magnitude and diversity preclude the possibility of preparing such for this report.

"The Chamber of Commerce of the State of New York in its annual report prepares with care a statement of imports from and exports to foreign countries, but not including domestic, coastwise, and local traffic. This is the most accurate statement available for the items which it covers, and from the report for the year ending June 30, 1911, the following data are compiled:

"The leading articles of import into the U. S. at New York for year ending June 30, 1911, were sugar, tea, coffee, wool, cloths, and dress goods, hides, leather and leather goods, furs, copper, tin, rubber, and tobacco, which, with other misc. imports, aggregated about 5,128,000 t.; value, \$917,121,800. The value of such imports for all other ports of the U. S. for the same period was \$729,648,567.

"The leading articles of export were cotton, breadstuffs, and other provisions, oils, tobacco, metals, and manufactures, which, with other items, amounted to about 3,453,215 t.; value, \$827,755,334. The value of such exports for all other ports of the U. S. for same period, \$1,308,991,273.

"Vessels trading with domestic ports are not required to take out clearance papers, and most of them do not; no statistics of their carrying trade are accessible."

*Allotment.

¹Many changes in the following list of appropriations might be made, showing in more detail the purposes to which funds were applied specifically. For instance, "New York H., 1899, \$1,000,000" was designed for East Channel, since named Ambrose Channel, and was so expended.

Statement of the number and tonnage of vessels belonging to the port of New York, June 30, 1911.

	Number.	Tonnage.
Sailing vessels.....	486	219,762
Steam vessels.....	1,537	976,677
Canal boats.....	30	4,429
Barges.....	1,545	440,909
Total.....	3,598	1,641,777

From the records of the New York and New Jersey pilot commissioners' offices the following data concerning deep-draft ships crossing the outer bar have been compiled for the calendar year 1911:

Draft.	Outward.		Inward.	
	No. of ves-sels.	No. of trips.	No. of ves-sels.	No. of trips.
36 ft. draft and under 37.	1	2		
35 ft. draft and under 36.	2	29		
34 ft. draft and under 35.	3	11	2	5
33 ft. draft and under 34.	11	21	11	21
32 ft. draft and under 33.	16	50	2	8
31 ft. draft and under 32.	32	93	11	3
30 ft. draft and under 31.	33	88	2	2
29 ft. draft and under 30.	45	116	12	18
28 ft. draft and under 29.	66	168	25	76
27 ft. draft and under 28.	102	200	37	115
Total.....		773		248

"The max. draft of ships leaving the harbor, 1911, was 36.2'; the max. draft entering, 34.2'." 12, 1507.

"The entire cost of this improvement to 1912 is about seven-eighths of 1% of the increase in valuation of annual foreign commerce alone, and is less than one-half of 1% of the annual value of foreign commerce.

Recent compilations from reliable sources indicate an approximate annual tonnage for the port of New York of somewhat over 90,000,000 tons.

"It is impossible to estimate the effect of the imp. upon freight rates. During 1911, 167 different

ships with drafts of 27 feet or more, made 773 trips outward and 248 trips inward. Prior to the imp. none of these ships could have crossed the bar to enter or leave the harbor except at extreme high tide or after lightening." 12, 228.

GOWANUS BAY CHANNELS.

"Statistics for the calendar year 1908 were collected in detail from the several wharves along the channel. They have been modified from year to year according to reports received from principal terminals, and the resultant commerce of 1911 is, approximately:

Number of sailings.....	1,100
Tonnage of cargo, t.....	4,502,000
Estimated value.....	\$232,562,000

"In addition to the above about 3,215,000 t. of domestic freight passed through these channels to and from Gowanus Creek, of value estimated at \$33,000,000.

"The amount and importance of commerce in this part of New York Harbor is increasing with the increased channel facilities. This section is now the terminal of steamship lines making regular trips to Central America, Brazil, Nova Scotia, Italy, Australia, and Sweden, and of more or less regular sailings to China, East Africa, India, etc.

"During 1910 two foreign steamship lines located themselves at piers at the upper end of Bay Ridge Channel, one running to Russian ports and one to France." 12, 1509.

"The effect of the imp. projected is undoubtedly to lower freight rates; these rates depend so largely upon the amount of business in hand and upon competition that it is impracticable to separate the effect of the imp. upon rates. A notable effect has been the growth of foreign commerce and the class of ships which carry it, many of which could not have entered Bay Ridge Channel before its improvement." 12, 230.

CONEY ISLAND CHANNEL.

Practically all the commerce of Jamaica Bay and its interior landings, Canarsie, Far Rockaway, etc., passes through this channel. Its amount, 1911, about 957,000 t.

"Besides this, the chan. is always used by garbage scows carrying refuse to the Barren Isld. disposal works; it is frequently used by tows of scows returning from sea after dumping dredgings. The amount of this navigation can not be accurately ascertained; it is quite large in tonnage, and without value.

"Should the development of Jamaica Bay progress as expected, for many years its commerce will be almost wholly with New York direct, and will be carried through Coney Isld. Chan." 12, 1510.

Part (b), F-105 New York Harbor, N. Y.—Sandy Hook Entrance (removal of wrecks).

APPROPRIATIONS. (See Part a.)

CONTRACTS.

1868. Neptune Submarine Co., removal of wreck, \$63,300, 69, 406; 70, 44.

ENGINEERS.

Chief of Engineers. R., 69, 56; 70, 74; 73, 86.
In charge. Lt. Col. J. Newton, 1869-73. R., 69, 405, 407; 73, 941.

Assistant. J. H. Striedinger, 73, 941.

OPERATIONS.

1868. The first section, one-third of the wreck

SS. *Scotland*, removed soon after the close of the fiscal year, 69, 56, 406. Work completed Aug. 6, 1870; 70, 74.

For removal of wreck to 22½ m. l. w., by exploding gunpowder confined in strong kegs, 69, 406.

1873. Removal of wreck of schooner *Chas. H. Moller*; 25.5' obtained; rifle powder principally used, 28 charges, work done by hired labor, 73, 86, 941.

SURVEY.

By Lt. Col. Newton, 1869, 69, 406.

Part (c, d, f), F-105 New York Harbor.—Gedney and Main Ship Channels.

APPROPRIATION. (See Part a.)

COMMERCE.

Important, **85**, 770, 780; **86**, 728; **87**, 728, 729.
Tonnage and draft of largest steamers entering port of New York, **85**, 778; **86**, 728.

Draft of vessels using the chan., **88**, 619.
Gross export and import of N. Y. C., **90**, 732.
Imports and exports of N. Y. H. for 1891, **91**, 930; for 1892, **92**, 832.

List of trans-Atlantic steamships plying between N. Y. C. and foreign ports, giving tonnage, dimensions, and draft for 1885, and from Apr., 1889, to Apr., 1890, **90**, 742.

Report upon height of masts of vessels of the largest class which enter the port, **90**, 749.

List of vessels over 800 t. which entered and cleared at the customhouse, port of New York, Jan., 1890, **90**, 752.

Description of **97**, 1057; **99**, 1284.

Size and draft of steamers engaged in it constantly increasing, **97**, 1036; **99**, 1281.

Lusitania and other large ships pass through Ambrose Chan., **08**, 1076.

Diagram showing relation of app., tonnage, and values, **11**, 1292.

1911, 14,000,000± t. foreign. Valuation, \$1,745,000±, "increase of \$905,000± over 1886." Cost of imp. less than 1/4 of 1% of an. value of foreign C. alone. No detailed statistics available for local and domestic C.—90,000,000± t. an. Impossible to estimate effect of U. S. works on rates, but in 1911 "167 different ships with draft of 27' or over made 773 trips out and 248 trips in," and none of these trips could have been made over the bar prior to work of U. S., except at extreme h. t., **12**, 228.

CONTRACTS.

1885. R. Stone, formation of chan. by hydraulic dr., **85**, 767, 771. Failure of method employed, **85**, 768, 769; **86**, 731. E. Brainard, dr. at Gedney Chan., 54¢ c. y., **85**, 772; **86**, 731.

1887. Joseph Edwards Dredging Co., dr. in Gedney and Main Chans., 28¢ c. y., **87**, 722, 728, 733.

1889. Brainard Dredging Co., dr., 16¢ c. y., **91**, 925. Contract annulled, **91**, 926.

1890. Joseph Edwards Dredging Co., dr., 23½¢ c. y., **91**, 925. Joseph Edwards Dredging Co., dr., 22,6¢ c. y., **91**, 926. J. S. Howell, broken st., 90¢ t., **91**, 927.

1891. Joseph Edwards Dredging Co., dr., 23.9¢ c. y., **91**, 926. J. Satterlee, broken st., 79¢ t., **91**, 927.

Open-market agreements, dr., etc., **93**, 1066.

1892. J. Edwards, hydraulic dr. purchased, steamer, \$72,500, **93**, 1067.

1897. H. Ramsay, repair of dr. hull, \$6,124, **97**, 1037. Harlan & Hollingsworth, 2 new Scotch boilers for dr., \$12,270, **97**, 1037.

1899. A. Onderdonk, dr., 9¢ c. y., s. m., \$3-\$25,000, **99**, 1265. Annulled Dec. 3, 1906, **07**, 1026.

1905. J. D. Miller, r. removal in North R., \$40,000; W. H. Beard, dr. Coney Isl. Chan., 36¢ c. y., **05**, 1015.

1907. Hite & Rafetto, coal, \$2.89 t., **08**, 1080.

1908. R. G. Packard Co., removing st. dumps in Ambrose Chan., prices given, **08**, 1080.

1909. R. G. Packard Co., removing r. in North R., \$37,450, **09**, 1094. W. K. Niver Coal Co., 36,000 t. coal, \$2.82 t., **10**, 1218.

1911. W. P. W. Hafl, 20,000 t. coal, \$3.08 t., **12**, 1506.

ENCROACHMENTS.

Illegal dumping of dr. material and garbage, **86**, 728, 739; **87**, 724. (See Legislation.)

ENGINEERS.

Chief of Engineers. **R.**, **85**, 113, 773; **86**, 98; **87**, 62; **88**, 63; **89**, 80, 368; **90**, 71, 832; **91**, 90, 424; **92**, 95, 398; **93**, 102; **94**, 92; **95**, 105; **96**, 108; **97**

113, **115**; **98**, 127; **99**, 142, 147; **00**, 161; **01**, 224; **02**, 146; **03**, 139; **04**, 127; **05**, 134; **06**, 141; **07**, 148 **08**, 155; **09**, 158; **10**, 181; **11**, 185; **12**, 224, 225, 254, 279.

Boards:

Convened, New York, Nov., 1880, to consider plan of Mr. H. Knapp for creating permanent chan. through Sandy Hook Bar. **R.**, **81**, 675. (Cols. Tower and Newton and Lt. Col. Abbot.)

B. E. of 1884 convened to consider the imp. of chans. of entrance to N. Y. H. over the shoal areas across lower B. (See Plans and Proj.) **R.**, **85**, 783. (Col. Duane, Lt. Cols. Abbot and Comstock.)

B. E. of 1886 convened to consider the communication of the committee of the N. Y. Chamber of Commerce upon permanent imp. of the sea entrance to the H. of New York. **R.**, **87**, 731. (Cols. Casey and Abbot, Lt. Cols. Comstock, Houston, and McFarland.)

Convened, New York City, Mar. 26 and June 4, 1889, by S. O. No. 49, to estab. H. lines (a) on East R. between 59th and 64th Sts., N. Y. C.; (b) for the n. and e. shores of Staten Isl. from New Brighton to Fort Wadsworth. **R.**, **89**, 807, 808. (Cols. Abbot and Comstock and Lt. Cols. Houston and Gillespie.)

Convened, New York, Dec. 18, 1889, by S. O. No. 11, to ex. and **R.** upon the estab. of H. lines in N. Y. H. and adjacent waters. **R.**, **90**, 786; **92**, 849. (Cols. Abbot, Craighill, Comstock, and Houston, and Lt. Col. Gillespie.)

Convened, New York, Sept. 17, 1890, by S. O. No. 49, to estab. H. lines in N. Y. H. and its adjacent waters. H. lines as estab. for e. side of Manhattan Isl., **91**, 958; Raritan R., **91**, 960; Newtown Creek, **91**, 961; East R., **91**, 963; Jersey Flats, **91**, 965. Modification of p. and bulkhead lines on n. shore of Staten Isl. **91**, 973. (Cols. Abbot, Craighill, Comstock, Houston, and Lt. Col. Gillespie.)

Convened, New York, Dec. 16, 1898, by S. O. No. 22, Sept. 12, 1898, for consideration of securing chan. of adequate w. and d. to accommodate the C. interests centering at the port of N. Y. **R.**, **99**, 1280. (Col. H. M. Robert, Lt. Col. C. W. Raymond, and Maj. H. M. Adams.)

In charge:

Lt. Col. G. L. Gillespie, 1884-85. **R.**, **85**, 766.
Lt. Col. W. McFarland, 1885-89. **R.**, **86**, 724; **87**, 717; **88**, 617.

Lt. Col. G. L. Gillespie, 1889-96. **R.**, **89**, 788; **90**, 732, 786; **91**, 922; **92**, 824; **93**, 1060; **94**, 770 **95**, 950; (Col.) **96**, 861.

Lt. Col. W. Ludlow, 1897-99. **R.**, **97**, 1031, 1053; **99**, 1281.

Maj. H. M. Adams, 1898-99. **R.**, **98**, 1038; **99**, 1261.

Maj. W. L. Marshall, 1900-. **R.**, **00**, 1459; **01**, 1285; **02**, 969; **03**, 909; (Lt. Col.) **04**, 1113; **05**, 1009; **06**, 969; **07**, 1025; (Col.) **08**, 1073.

Col. S. W. Roessler, 1908-. **R.**, **09**, 1091; **10**, 1215, 1219; **11**, 1289; **12**, 1503.

Assistants:

A. Doerflinger. **R.**, **97**, 1057.

A. Stierle. **R.**, **99**, 1286.

Lt. J. A. Woodruff, **00**, 224.

Capt. J. F. McIndoe, **01**, 224.

Lt. W. L. Guthrie, **02**, 146; **03**, 139.

H. N. Babcock. **R.** on operating drs., **06**, 972.

Capt. H. L. Wigmore, **09**, 158; **10**, 181; **11**, 185.

REGULATION, LEGAL PROCEDURES, ETC.

Ambrose Chan. first buoyed for navigation 1907 and regul. made restricting its use to ships, in daytime, of 29' dr. or over, or of 600' l. or over; 1909, regul. amended, permitting use day and night by all SS. not having tows, regardless of size. Recom. that such regulation be continued, **12**, 226.

LEGISLATION.

Provisions, act Aug. 6, 1886, relating to unlawful disposal of garbage and dr. material, **87, 726**.

Act to prevent deposits within N. Y. H. and adjacent waters, **88, 623**.

OBSTRUCTIONS.

R. in North R. off Pier A, **03, 911**.

OPERATIONS.

1884-85. Efforts to d. Gedney Chan. by hydraulic dr. **85, 768, 769; 86, 731**.

1885-86. 86,708 c. y. removed from Gedney Chan., **86, 100, 734; 87, 719**.

1886-87. 217,161 c. y. removed from Gedney Chan., **87, 719**.

1887-88. 580,405 c. y. dr. from the bars, **88, 619**.

1888-89. 1,394,777 c. y. dr., **89, 792**.

1889-90. 1,318,178 c. y. dr., **90, 739**.

1890-91. 1,008,097 c. y. dr., **91, 928**.

1891-92. 213,268 c. y. dr.; 3,110 ft. st. placed in sea wall on n. shore of Sandy Hook, **92, 829, 831**.

1892-93. Dr. in progress in Main Ship Chan., Swash Chan., and at Forts Hamilton and Wadsworth, **93, 1066**.

1893-94. 348,963 c. y. dr., beach front at Sandy Hook strengthened, and SS. A. A. Humphreys, sunk during a storm, repaired, **94, 777**.

1894-95. 126,488 c. y. dr., **95, 956**.

1895-96. 142,613 c. y. dr., **96, 866, 867**.

1896-97. 79,369 c. y. dr., **97, 1035**.

1897-98. 180,111 c. y. dr., **98, 1039**.

1898-99. 199,837 c. y. dr., **99, 1263**.

1899-00. 176,451 c. y. dr., **00, 1461**.

1900-01. 219,880 c. y. dr. from Bayside and Main Ship Chan.; dr. in progress at Coney Isld. Chan. (38,460 c. y.); Fort Hamilton (10,978 c. y.); Fort Hancock (5,266 c. y.); 423,209 c. y. dr. from Ambrose Chan. outside of bar, **01, 1287, 1288**.

1901-02. 87,658 c. y. dr. from Bayside and Main Ship Chan., **02, 970**; 5,015,568 c. y. dr. (new) from Ambrose Chan. outside of bar, **02, 971**.

1902-03. 85,795 c. y. dr.¹ from Gedney and Main Ship Chan., and 111,589 c. y. from Ambrose Chan., **03, 910**; 3,754,227 c. y. dr. (new) from Ambrose Chan. outside of bar, **03, 911**.

1903-04. 128,626 c. y. dr.¹ from Main Ship and Gedney Chan., **04, 1114**; 2,948,511 c. y. dr. (new) from Ambrose Chan. outside of bar, and 77,374 c. y. from inside of bar, **04, 1114-15**.

1904-05. 315,418 c. y. dr.¹ by U. S. dr. Gedney from Gedney, Bayside, and Main Ship Chan.; 2,914,440 c. y. dr. under contract, **05, 1010**. 499,375 c. y. dr. from Ambrose Chan. by U. S. drs. *Manhattan* and *Atlantic*, **05, 1011**.

1905-06. 294,362 c. y. dr.¹ by U. S. dr. Gedney from Bayside, Gedney, and Main Ship Chans., and 21,649 c. y. dr. by contractor from Coney Isld. Chan., **06, 970**. 2,364,889 c. y. dr. by contractor, and 3,794,399 c. y. dr. by U. S. dr. from Ambrose Chan., **06, 971**. Removal of r. off Pier A, North R., in progress, **06, 983**.

1906-07. 93,643 c. y. dr.¹ from Main Ship Chan., **07, 1026**. 613,078 c. y. dr. by contractor, and 4,021,564 c. y. dr. by U. S. from Ambrose Chan.; repairs made to U. S. dr. Gedney, **07, 1026, 1029**. R. removal in progress, **07, 1030**.

1907-08. 351,139 c. y. dr.¹ from Main Ship Chan.; 5,799,230 c. y. dr. from Ambrose Chan. by U. S. **08, 1074**. Under contract, 33 st. dumps (10,134 c. y.) removed from Ambrose Chan.; Ambrose Chan. opened for navigation, **08, 1075**. Work on r. removal in North R. in progress; expense of operating U. S. drs., **08, 1077**.

1908-09. 73,681 c. y. dr. from Main Ship Chan.; 10,786,638 c. y. dr. from Ambrose Chan. by U. S., and 6,839 c. y. st. removed under contract, **09, 1092**. R. removal off Pier A, North R., in progress, **09, 1093**.

1909-10. 459,993 c. y. dr. from Main Ship Chan., and 9,246,401 c. y. sand and 17 st. piles dr. from Ambrose Chan. by U. S. drs.; R. removal off Pier A, North R., completed, 2,741 c. y. removed, **10, 1216-17**.

1910-11. 2,368 c. y. dr. from Main Ship Chan.; 5,710,739 c. y. dr. from Ambrose Chan. by U. S. drs., **11, 1290**.

1911-12. Several st. dumps removed, and 3,717,742 c. y. dr. from Ambrose Chan., **12, 1504**.

PHYSICAL CHARACTERISTICS.

Description of the lower B., **86, 724; 87, 717**. Changes in lower B. as determined by comparative surs., **85, 775, 784; 86, 726, 729**.

Tidal observations, **85, 777, 784; 86, 727, 740**.

Character of bottom, **86, 837, 739**.

Wave action, **86, 741**.

Description of the H., **88, 617**.

Description of vicinity of Sandy Hook, **94, 774**.

Chans. possessing a tendency to d., **94, 776**.

Description of Narrows to the sea, **97, 1054**.

Description of Coney Isld., East, Swash, and Bayside Chans., **99, 1282**. Condition of work, w. d., **01, 1288; 06, 983**.

R. in North R., to be removed, **03, 911**.

At 1912, 2 chans. of approach to N. Y. H.—Main Ship, Bayside, Gedney, and Ambrose Chans. Completion of Ambrose Chan. rendered it less necessary, 1912, to maintain Gedney Chan. to full w. and d., **12, 226**.

PLANS.

By H. Knapp, creating a deep and permanent chan. through Sandy Hook Bar by artificial bar of st. located outside the natural bar, **81, 679-685**.

Plan considered by BE., 1880, which concluded that the proposed wall would not imp. navigation over the bar, **81, 679**.

By Lt. Col. Gillespie, 1884, dr. chan. through main chan., w. of Flynns Knoll, 30' x 1,000' m. l. w.; est., \$620,000, **85, 779, 786**.

By BE., 1884, to give 30' m. l. w. from New York to the ocean by a st. dike running about s.-se. from Coney Isld. probably about 4 m., the protection of the head of Sandy Hook, and the dr. of a chan. 30' d. from the d. w. near Sandy Hook to d. w. below the Narrows; also the dr. of a chan. 28' x 1,000' through the shoal w. of Flynns Knoll, **85, 787; 86, 730**.

PROJECTS.

By Lt. Col. Gillespie, 1884, dr. chan. through the shoal in the w. end of Gedney Chan. 30' x 1,000' x 4,000' m. l. w., **85, 777**. Recom. for approval by board after reducing proposed d. to 28', **85, 773, 787; 86, 730**. Approv. by Sec. of War, **85, 774**.

Successful results from dr. chan., **87, 63, 720**.

Act Aug. 5, 1886, provided for chans. 30' d. m. l. w., **87, 63, 718**.

The BE. of 1886 recom. app. of \$750,000, made in 1886, be applied wholly in Gedney and the Main Ship Chans., **87, 720-733**.

The modified proj. of Lt. Col. Gillespie involved the removal of 4,300,000 c. y. of material; est. \$1,490,000, **88, 618; 91, 925**.

By Lt. Col. Gillespie, 1892, purchase of steam dr. vessel for mainten. of d., etc., at cost of \$72,500, and using this vessel for w. the s. entrance of Main Ship Chan., Swash Chan., and removal of Craven Shoal to 28' m. l. w., **93, 1065**.

By Lt. Col. Gillespie, 1893, connecting Main Ship Chan. with the U.S. wharves at Fort Hamilton and Fort Wadsworth by chans. 10' x 100' m. l. w., **93, 1066**.

By Lt. Col. Gillespie, 1894, protection of beach in front of pneumatic-gun site at Sandy Hook; cost, \$2,000, **94, 777**.

By Lt. Col. Gillespie, 1896, w. and d. the imp. chans. near the terminus of lighthouse ranges and removal of material at any point where shoaling would be found to have occurred in Main Ship Chan., **97, 1035**.

In 1897 Col. Gillespie est. that, using the U. S. plant, it would cost \$1,740,000 to obtain 35' x 1,000', \$2,772,000 for 1,500' w., and \$4,180,000 for 2,000' w., from the Narrows to the sea; and if done by contract 20% should be added, **97, 1055**. Lt. Col. Ludlow's est. for 35' chan. from Narrows to sea, \$3,200,750, **99, 1284**.

By BE., 1898, connecting d. w. in the lower B. with the ocean by chan. 40' x 2,000' by way of East Chan. (Ambrose Chan.), 7 m. l.; est., \$6,688,000. Limit of cost set by Congress, \$4,000,000, 99, 1280; 00, 1460. 1903, U. S. built 2 dr. to supple. work of contractor; contractor abandoned work 1906; act 1907 au. 2 more dr., changing limit of expend. to \$5,148,510, "sufficient," 1912, to complete chan. Chan., 1912, navigable for 37' dr. boats at moderate speed, with max. h. w. capacity of 44'. Proj. 96%± done. (See Legal proceedings.) 12, 226.

Resolution July 1, 1902, provides for removing r. or obstr. in North R., near Pier No. 1, and au. diversion of sum not to exceed \$25,000 from amounts app. for Ambrose Chan., 03, 911; act Mar. 3, 1905, diverted addl. \$20,000 from app. for Ambrose Chan. for such removal, 05, 1012. Removed to 40', 1909, 12, 226.

Allt., Apr. 28, 1904, for restoring 14' in Coney Isld. Chan., 05, 136.

Act June 25, 1910, au. maintain. of Ambrose Chan. as part of mainten. of N. Y. H.; est., \$200,000 an., 10, 182; 12, 226.

Gedney Chan. mainten. 20 yrs. prior to 1912-13, \$815,898.64; cost increasing an.; 1,000' w. maintained, except at Main Ship Chan., where w. varies 600-800'.

L. of N. Y. H. included in principal proj.,—from Atlantic Ocean to Battery—22½ m. Dr. extended over 15 m., including Ambrose Chan., 12, 226.

Two plans considered for enlarging anchorage grounds, 11, 187. Grounds laid out au. act 1888; amended and extended au. act 1899. They include shoal-water areas for l. dr. vessels, and d. w. areas for seagoing ships; latter on w. side of chan. from s. point of Staten Isld. to mouth of Hudson R. in upper B. Crowding toward shoal area 1912. Complaint taken up with Dept. Commerce and Labor. Temporary relief by discontinuing por-

tion of area, pending app. of proj. for imp. upper B. area; 2 plans proposed, one for transfer of anchorage to shoal on opp. side of natural chan., dredging, the other to retain old anchorage and dr. chan. e. of them 40' x 2,000'; est., \$740,000; latter plan favored by SS. companies, D.O., D.E., BEHR., and by Chief of Engineers, being best for needs of the growing H., 12, 227.

APPROPRIATIONS. (See Part a.)

COMMERCE.

Chan. much used by small sailing vessels, steamers, and by scows loaded with refuse of New York City, 97, 1049; 12, 232.

CONTRACTS.

1907. Morris & Cummings Dredging Co., drg. 529,000 c. y., at 27.4¢ c. y., s. m., 08, 1069; terminated under suppl. agreement Aug. 27, 1908, 09, 1088. (Further drg. deferred until some U.S. seagoing dr. could be assigned to do work, 09, 156.)

ENGINEERS.

Chief of Engineers. R., 97, 115; 06, 141; 07, 144; 08, 152; 09, 155; 10, 177; 11, 190; 12, 231.

In charge:

Lt. Col. Wm. Ludlow, 1897. R., 97, 1048.

Col. W. R. Livermore, 1906-07. R., 06, 115; 07, 1018.

Col. J. G. D. Knight, 1908. R., 08, 1068.

Col. W. M. Black, 1909-10. R., 09, 1088; 10, 1211.

Col. S. W. Roessler, 1911-. R., 11, 1295; 12, 1509.

OPERATIONS.

1907-08. 114,978 c. y. removed under contract, 08, 1068.

1908-09. 33,233.6 c. y. removed under contract, 09, 1088.

1910-11. 123,117 c. y. sand removed by U. S. dr., at a cost of 5.83¢ c. y., 11, 1295.

1911-12. Drs. Raritan and Navesink dr. 418,793 c. y. sand; dr. suspended Apr. 30, 1912, 12, 1509.

PHYSICAL CHARACTERISTICS.

Description of, 97, 1049; 07, 144; 08, 152.

Chan. imm. south of Coney Isld.; one of 5 chans. which cross bar separating New York lower B. from ocean, 12, 231.

Shoaling occurs so as to reduce d. to practically d. before dr.; impossible to maintain chan. at reasonable cost, 09, 1088.

Max dr., 1912, 18' m. l. w.; 20' in w. part. Total l. of proj. chan., 1½ m., 12, 232.

PROJECT.

Au. act Mar. 2, 1907, dr. chan. 20' d. m. l. w., and 600' w., with side slopes of 1 on 3, from d. w. in lower B. to d. w. in Atlantic Ocean; est., \$168,300 and \$20,000 an. for mainten., 07, 145; mainten., \$20,000 to \$54,000, 12, 232.

SURVEYS.

Ex. from Norton Pt. to ball buoy with a view to 16' d. au. act June 3, 1896; made, 1896, by Col. Gillespie (R. fav.), 97, 1049.

Ex. and sur. au. act June 28, 1906, with view to est. cost of chan. 20' x 600' l. w., from d. w. sw. of Nortons Pt. e. to d. w. off Rockaway Inlet, and across bar w. of inlet to d. w. in Jamaica B.; made, and R. submitted by Col. Livermore; est., \$168,300, and \$20,000 an. for mainten., 06, 141; 07, 148.

Sur. indicates mainten. of chan. will be problematical, 08, 1068.

Sur. made in June, 1908, showed that considerable shoaling had occurred, 09, 1088.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 232.

1894-95. 757,006 c. y. dr., **95**, 946, 947.

PHYSICAL CHARACTERISTICS.

Description of **88**, 613.

PROJECTS.

By Col. Newton, 1881, dr. chan. 200' x 18' m. l. w. from 18' contour outside the B. to Hamilton Ave. drawbr., the last 400' narrowing down to a w. of 100'; est., \$182,850, **81**, 636.

Revised proj. for dr. the natural chan. from Hamilton Ave. drawbr. to sw. corner of Erie Basin, and thence 2 chans., one running n. along the w. side of Erie Basin to d. w. near Red Hook, the other running s. along the wharves on the s. side of the B.; est., \$192,564, **81**, 634, 635; **87**, 712.

In 1887 Lt. Col. McFarland considered that the Red Hook, Bay Ridge, and Gowanus Creek Chans. should be w. to 400', with a l.-w. d. of 21'; est., \$403,500, **87**, 712.

By Lt. Col. Gillespie, 1889, increasing the d. of Gowanus B. Chans. to 21' m. l. w. and increasing their w. to 400'; also removal of angle on s. side of Gowanus Creek near its mouth; est., \$600,000, **89**, 785, 786; **91**, 916.

By Lt. Col. Gillespie, 1892, expend. of app. of 1892 as follows: \$58,000 on Red Hook Chan. and \$42,000 on Gowanus Creek Chan., **93**, 1056.

The existing proj. in 1894 amended by Congress providing for 26' x 800' for Bay Ridge Chan., 26' x 400' for Red Hook Chan., and 21' x 250' for Gowanus Creek Chan.; est. \$483,300, **95**, 946.

In 1895 Lt. Col. Gillespie est. either \$2,391,814 or \$2,929,114 to complete imp. properly, **95**, 948.

SURVEYS.

PHYSICAL CHARACTERISTICS.

Description of, **97**, 1179; **10**, 185.
 The chans. included in this work form an e. water route between the Narrows and East R., New York H., running close to the water front of Brooklyn and Governors Isl., **97**, 1178.

PROJECTS.

By act of 1896, Bay Ridge and Red Hook Chans., the triangular area between them, and Buttermilk Chan. were consolidated into one work, incl. limited imp. of Gowanus Canal, **96**, 755.

By Maj. Adams, under act 1896, dr. chans., with w. of 800' in Bay Ridge Chan., 900' in the triangular area, 400' in Red Hook Chan., 1,000' in Buttermilk Chan., and all with a d. of 26'; dr. also provided for in Gowanus Canal to the extent of \$5,000; total est., \$837,000, **96**, 755.

In 1897 Maj. Adams est. \$2,000,000 to obtain 30' chans., and \$5,300,000 to obtain 35' chans., both

amounts in addition to the est. of proj. of 1896, **97**, 1179.

By Maj. Adams, 1899, making Bay Ridge and Red Hook Chans. 40' x 1,200' m. l. w., at a limit of cost of \$2,500,000, and continuing contract for whole work au., **99**, 1267.

Proj. modified, 1907, to permit completing 35' chan. first, **07**, 152; **12**, 229.

(See sur. made 1909, under Surveys.)

SURVEYS.

Ex. au. act Sept. 19, 1890; made, 1890, by Lt. Col. Gillespie (R. unfav.), **91**, 940.

Sur. with a view to one continuous chan. 30' d. m. l. w., w. of 1,000', and d. of 35' m. l. w., with w. of 1,200', au. act June 3, 1896; made, 1897, by Maj. Adams (see Projects), **97**, 1177. Ex. and sur. of Buttermilk Chan. (See Buttermilk Chan.)

Pre. ex. au. act Mar. 3, 1905, with view to break'r opposite the wharves; made, 1905, by Lt. Col. Marshall (R. unfav.), **06**, 147.

Made, 1909, new est. of completion (\$1,450,000) submitted, making entire est. for 1899 proj. \$3,459,000, **10**, 186.

Ex. with view to dr. between chans. and d. w. of B., and constr. break'r along Red Hook Pt., au. act Mar. 3, 1909; made, 1909, by Col. Roessler (R. unfav.), **2**, 10, 188.

List of Cong. docs., etc., covering ex., sur., plans, etc., **12**, 231.

Maps. **96**, 756; progress, **03**, 916.

Part (i), F-105 New York Harbor.—Gowanus Creek Channel, N. Y.

APPROPRIATIONS. (See Part a.)

COMMERCE.

Description of; of the total freight carried in 1896¹ 2,164,654 t., nine-tenths of this was carried in boats drawing less than 12', **97**, 1181.

Total amount expend. on imp. to 1904 about $\frac{1}{3}$ of 1% of an. value of C., **04**, 132.

CONTRACTS.

1897. H. S. Beard, dr., 24¢ c. y., s. m.; bowlder removal, \$12 c. y. (\$22,000), **97**, 1123, 1124.

1897-98. 16,073 c. y. dr., **98**, 1021.

1899-00. 156,204 c. y. dr., **00**, 1470.

1900-01. 1,740 c. y. dr., **01**, 1296.

1903-04. 94,381 c. y. dr., completing proj., **04**, 1123.

PHYSICAL CHARACTERISTICS.

Description of; originally a tidal inlet in the s. part of the city of Brooklyn, emptying into Gowanus B., **97**, 1181.

Chan. defined as extending from the junction of Bay Ridge and Red Hook Chans. opposite Henry St., Brooklyn, and 28th St., Brooklyn. e. to the foot of Percival St., the part e. of Percival St. being called Gowanus Canal, **96**, 758.

Shoaling of chan., **01**, 1297.

Chan. from foot of Henry St. to Percival St., 26' d., **04**, 1123.

PROJECTS.

About \$75,000 had been spent on this chan. up to 1892 (see Gowanus Bay, N. Y.), **00**, 1471.

Under act of 1896 a proj. adopted by Maj. Adams for dr. chan. 26' between the foot of Percival St., Brooklyn, and Red Hook Chan.; est., \$70,000, **96**, 758.

In 1897 Maj. Adams est. that to obtain 30' would cost \$58,000 in addition to the est. cost of the 26' chan. in process of constr., **97**, 1181.

SURVEYS.

H. lines slightly modified by act June 3, 1896, **96**, 755.

Sur. for chan. 30' d. au. act June 3, 1896; made by Maj. Adams, 1897 (see Proj.) **97**, 1180.

Maps. **03**, 919.

Part (k), F-105 New York Harbor.—Buttermilk Channel.

APPROPRIATIONS. (See Part a.)

COMMERCE.

Important, **84**, 702; **86**, 721; **87**, 707.

Traffic, 1905, about 17,000,000 t., **05**, 139.

CONTRACTS.

1880. H. E. Du Bois, dr., 35¢ c. y., **81**, 631.

1881. H. E. Du Bois, dr., 22¢ c. y., **82**, 655.

1902-03. Contract entered into; fire destroys part of contractor's plant, 03, 918.
1903-04. 117,588 c. y. dr., 04, 1122.
1904-05. 192,412 c. y. dr., completing proj., 05, 1019.

PHYSICAL CHARACTERISTICS.

Description of, 88, 610.
Condition of imp., giving depths, etc., 05, 1020.
Chan. lies between Governors Isld. and Brooklyn shore, 05, 139.

PLANS.

In 1890 Lt. Col. Gillespie reported Buttermilk and Gowanus B. Chans. worthy of 26', 91, 938.

PRIVATE WORK.

New York Tunnel Co. constr. tunnel under East R.; e. end crosses Buttermilk Chan., 05, 1020.

PROJECTS. (See Plans.)

By Col. Newton, 1880, removal of shoal between Long Isld. and Governors Isld. to 26' x 850' from the Brooklyn wharves; est., \$210,000, 80, 506; 81, 629; 86, 721. In 1887, after an aggregate app. of \$190,000, Lt. Col. McFarland est. \$95,000 would be required to complete proj., 87, 705. Existing proj., to 1899, completed at total of \$650,000, 05, 139.
Act June 13, 1902, au. proj. for chan. 30' x 400' (see Survey, 1900), 02, 149, or such w. as \$90,000 would provide for, 05, 139.

SURVEYS.

Pre. ex. and sur. au. act June 6, 1900, for chan. 40' x 1,200' w. m. l. w.; Rs. by Maj. Marshall, June 25 and Nov. 28, 1900; est., \$1,900,000, 01, 229, 1299.
Maps. 80, 506; 84, 702; 85, 670; 03, 918.

PROJECTS.

In 1897 Maj. Adams est. \$2,210,000 to imp. chan., 97, 1184.

SURVEYS.

Sur. of chan. between Battery and Governors Isld., N. Y. H., for chan. continuous with Buttermilk Chan. 30' x 1,200' au. act June 3, 1896; R. by Maj. Adams, 1897 (see Projects), 97, 1182.

In charge:

Lt. Col. Wm. Ludlow, 1897. R., 97, 1047.
Lt. Col. W. H. H. Benyaurd, 1899. R., 99, 1242, 1251.
Maj. H. M. Adams, 1899. R., 99, 1252.
Maj. E. H. Ruffner, 1900. R., 00, 1413.

Col. S. W. Roessler, 1911-. R., 11, 1308; 12, 1521.

OPERATIONS.

1898-99. 31,809 c. y. dr., 99, 1244.
1899-00. 122,308 c. y. dr. and 50 t. bowlders removed, 00, 1414.
1910-11. 78,981.1 c. y. dr., restoring chan. to proj. w. and d., 11, 1309.

¹ H. D. 122, 56th, 2d.

² \$21,826.31 returned to Treas., 01, 1218; \$10,000 was later reallocated, 10, 1200.

PHYSICAL CHARACTERISTICS.

Description of, 97, 1047.
Cob Dock Isld. belongs to the U. S. Part of it is occupied for the storage of ordnance. Chan. on the s. side leads to the Brooklyn Navy Yard and the chan. on the other side to Brooklyn wharves, 97, 1047.

Ex. showed shoaling had occurred along entire length of Cob Dock and causeway, 09, 1074.

Waterway extending in a half circle around inside of isld. known as Cob Dock, in Wallabout B., a slight indentation of East R. off U. S. Navy Yard, Brooklyn, and is part of U. S. property, 12, 245.

PROJECTS.

By Maj. Adams, 1898, chan. with 20' x 250-350' from entrance to vicinity of new masonry causeway; est., \$40,000, 99, 1252.

SURVEYS.

Ex. for imp. by cutting off a portion of an isld. known as Cob Dock Isld. and securing 20' x 300' au. act June 3, 1896; made, 1896, by Lt. Col. Gillespie (R. fav.), 97, 1047.

Sur. au. joint res. of Congress, 1898; made by Maj. Adams, 1898 (see Projects), 99, 1252.

Sur. of chan. au., and completed, 09, 1074.
Cong. docs., etc., relating to exs., sur., plans, etc., 12, 245.

Part (p), F-105 New York Harbor—Staten Island Ice Breaker, N. Y.

APPROPRIATION.

(July 4, 1836, \$19,500. H. D. 482, 55th, 2d.)
(Repeated in app. preceding Part b.)

F-106 GOWANUS CREEK, N. Y.

ENGINEERS.

Chief of Engineers. R., 84, 105.
In charge. Col. J. Newton. R., 84, 713.

PLANS.

In 1882 a line of canal having taken the place of

the creek, Col. Newton reported the creek unworthy of imp., 84, 714.

SURVEYS.

Ex. au. act Aug. 2, 1882; made by Col. Newton, 84, 713.

OBSTRUCTIONS.

In 1892 the Sec. of War directed that the Meeker Ave. Br. should be altered to conform to the bulkhead line, and should be provided with draw opening on either side of the pivot pier 65' w. in the clear, 93, 1047. Alterations completed, 94, 759.
In 1893 the Vernon Ave. Br. considered an obstr., 93, 1047. Repair and mainten. of the br., and its operation by a modern motor attachment was ordered by the Sec. of War in 1893, 94, 759. Plans for a lift br., and for a temporary br. during the constr. of the former, approved by the Sec. of War, 95, 939.
List of bns. crossing the creek, 94, 759.
Complaint of obstr. near mouth of creek, 04, 1033.

OPERATIONS.

- 1880-81. Chan. 18 x 60' dr. from mouth of creek to Vernon Ave., 81, 638.
1882-83. 52,005 c. y. dr. from chan. at br., 83, 561.
1884-85. 51,468 c. y. dr. from chan., 85, 669.
1886-87. 24,675 c. y. dr., 87, 700.
1887-88. 50,248 c. y. dr., 88, 608.
1888-89. 7,788 c. y. dr., 89, 779.
1889-90. 83,850 c. y. dr., 90, 722.
1890-91. 78,520 c. y. dr., 92, 909.
1891-92. 15,648 c. y. dr., 92, 812.
1892-93. 91,981 c. y. dr., 93, 1047.
1894-95. 72,394 c. y. dr. and about 150 t. bowlders removed, 95, 937.
1896-97. 136,158 c. y. dr. and 99 c. y. bowlders removed, 97, 1126.
1897-98. 423,587 c. y. dr. and 95 c. y. bowlders removed, 98, 1023.
1898-99. 456,637 c. y. dr. and 268 c. y. bowlders removed, 99, 1240.
1903-04. 65,519 c. y. dr. and 2 large bowlders removed; obstr. at mouth of creek removed, consisting of 2 large bowlders, 04, 1033.
1906-07. 11,116.8 c. y. dr., restoring 1,700' l. of chan. just below Greenpoint Ave. Br. to proj. d. of 8' x 90' m. l. w., 07, 1003.
1908-09. A large bowlder and several obstr. endangering navigation in vicinity of Meeker Ave. Br. removed and disposed of, 09, 1073.
1910-11. 47,322 c. y. material other than ledge, bowlders, broken st., etc., and 66.16 c. y. of the latter, over 1/2 c. y. in size, excavated, restoring 1,700' l. of chan. below Greenpoint Ave. Br. to proj. l. of 18' and w. of 90', 11, 1307.
1911-12. 5,666 c. y. material dr., restoring 8' x 90' x 500' of chan. in immediate vicinity of Meeker Ave. Br., 12, 1520.

PHYSICAL CHARACTERISTICS.

Description, 78, 427, 428; 88, 606.
Description of, W. Branch, 95, 1007.
Description of, proposed connection with Flushing B., 97, 1159.
A portion of the W. Branch a canal built by private enterprise for the reclamation of land for profit, 95, 1008.
In 1896 there was no connecting chan. between Flushing B. and the creek. The two waters were separated by 4 m. of land. Connection was sought as a means of freeing the creek from sewage, etc., 97, 1159, 1160.
Max. draft 18' m. l. w.: total l. of navigable chan. about 4 m., w. 125'. Head of navigation in each branch is at the Metropolitan Ave. Br., 05, 126.
An inlet of East R., between Brooklyn and Queens Boroughs, N. Y. C., for 4 m., 12, 243.

PLANS.

By Lt. Col. Newton, 1878, removing deposits to 14' in d.; est., \$2,000. Repeated dr. would be required to maintain, 78, 428, 429.

PRIVATE WORK.

Much of the W. Branch dr., rectified, and d. by private enterprise, the excavated material being used to reclaim land from the neighboring marshes before 1895, 95, 1007.

PROJECTS.

By Col. Newton, 1880, imp. of the creek by d. chan. from 18' to 21' l. w. and 200' w. from mouth to Vernon Ave.; est., \$44,050, 80, 511; 81, 636; 82, 662; 86, 96.
By Lt. Col. Gillespie, 1884, imp. of creek from Vernon Ave. Br. to head of navigation by excavation of a chan. from 125'-150' w., and with a d. of 18' to the Central Oil Works, 15' to Queens Co. Oil Works, 12' to Nichol's Chemical Works, and 10' thence to the head of navigation; est., \$255,569, 84, 766; 86, 718; 87, 699; 92, 810.
In 1896 Maj. Adams est. \$450,000 additional to obtain 18' x 125', and the constr. of such a chan. was au. by Congress, 1896, 96, 761, 762. Est. reduced later to \$213,000; increased to \$228,000, 1912, 12, 243.

SURVEYS.

Ex. at junction with East R. made, 1878, by Lt. Col. Newton, 78, 427.
Au. act Mar. 3, 1879; made, 1880, by Col. Newton, 79, 66; 80, 510.
From mouth to Metropolitan Ave. au. act Aug. 21, 1882; made, 1882, by Maj. Gillespie, 84, 765.
Ex. of W. Branch from Metropolitan Ave. Br. to the head of navigation, au. act Aug. 17, 1894; made by Lt. Col. Gillespie in 1894. **R.** unfav., 95, 1006.
Est. of the cost of securing an 18' chan. d. with w. of 125' called for by joint resol. of Congress, Mar. 11, 1896, submitted by Maj. Adams in 1896 (see Projects), 96, 759, 763.
Ex. with a view to the constr. of a chan. connecting Flushing B. with the creek, au. act June 3, 1896; made, 1896, by Maj. Adams. **R.** unfav., 97, 1159.
Minor, to determine where shoaling had taken place, 07, 1002.
Cong. docs., etc., relating to ex., sur., plans, etc., 12, 244.

Assistant. A. R. Doerflinger. **R.**, 84, 784.

OPERATIONS.

1879-80. 328 c. y. st. removed from chan., 80, 35.

1880-81. St. abutment removed at expense of New York Lake Erie & Western R.R., 81, 687.

1875-76. Straightening the cut by drilling, blasting, and grappling, 76, 248.

1876-77. Removal of 395 c. y. loose st. and bowlders from sides of the cut; 685' of chan. cleared, 77, 50.

Holsman's Bar, and other bars:

1874-75. Removal of r. and bowlders from opposite Passaic, by hired labor, 75, 102.

1875-76. Drilling, blasting, and dr. a cut 40 x 1,300', or 6' x 50'; a small bar above removed by dr. a cut 300' l., 76, 248.

From Newark to Passaic:

1877-78. Work of clearing chan. of loose st. continued, shoal dr. near Erie R.R. br., 78, 55, 415.

1878-79. Dr., removal of bowlders, etc. Results, the R. in good condition from Montclair and Greenwood Lake R.R. br. to Passaic for vessels drawing 6', regardless of tides, 79, 63, 391.

PHYSICAL CHARACTERISTICS.

Description, 72, 807, 808; 73, 939; 74, ii, 166.

PROJECTS. (See Plans.)

By Lt. Col. Newton, 1872, thorough imp. of R.; est., \$251,349; partial, \$123,924, dr. and diking; the latter proj. adopted, 72, 805, 807.

SURVEY.

By Lt. Col. Newton, 1871, 71, 83. **R.**, 72, 807.

1883-84. 19,190 c. y. sand and gravel removed from shoals between Erie and Montclair & Greenwood R.R. brs., 84, 738.

1884-85. 1,945 c. y. dr. from Lime Kiln and Middle bars, 85, 744.

1891-92. 10,718 c. y. dr. under contract and 2,333 c. y. by hired labor, 92, 877.

PHYSICAL CHARACTERISTICS.

Description of R., 84, 780.

PLANS. (See Projects.)

By Maj. G. L. Gillespie, 1884, extension of imp. from Passaic to Paterson; est., \$380,000 to \$611,000, 84, 782, 784.

PRIVATE (CORPORATE) WORK. (See Operations.)

Occupation of R. between Passaic and Paterson by a corporate company, 84, 780, 782, 784.

PROJECTS. (See Plans.)

By Lt. Col. Newton, 1872, partial imp. of R. above Newark, to afford chan. 6' d. l. w. to the head of navigation at Passaic, by means of drg. and dike constr.; est., \$123,924, 72, 805, 807; 80, 536; 86, 793.

In 1885 proj. amended to provide for chan. 7½' d. from the Erie to the Montclair & Greenwood R.R. br., 87, 764.

1886, est. \$7,512 would be required for completion of proj., 86, 796, 797; increased, 1890, to \$8,199.79, to include plant purchased, 90, 849.

By Capt. Casey, 1890, chan. 6' x 100' for 1,600' through Third R. Bar; also for removal of bowlders at various points in the R., increasing the total est. to \$193,822, 91, 991, 992.

SURVEYS.

Between Passaic and Paterson au. act Aug. 2, 1882; made, 1884, by Maj. Gillespie, 84, 780, 782.

Of R. above Newark; made, 1889, by Capt. Casey, 90, 848.

1912,	38,000,	
	5,000,	12, 1532.

Total, 1,223,000 (incl. misc. rectx., and less \$1,000 returned to Treas., 1902, \$1,222,186.38, 12, 1532).

COMMERCE.

Description of, 1900, 1533, 1544.

"The commerce of this river is mainly in building material, iron ore, fertilizers, coal, and general merchandise, and amounted to 2,037,363 tons in 1900; to 2,009,356 tons in 1901; to 2,494,312 tons in 1902; to 2,356,511 tons in 1903; to 2,567,942 tons in 1904; to 2,567,000 tons in 1905; to 2,577,188 tons in 1906 and 1907, valued at \$167,113,305; in 1908 to 2,110,959 tons, valued at \$171,612,700; in 1909 to 2,650,809 short tons, valued at \$164,800,203; and in 1910 to 2,266,291 short tons, valued at \$62,216,587,

Lt. Col. W. McFarland, 1885-86. R., 86, 792.
Lt. G. McC. Derby, 1886-89. R., 87, 764; (Capt.) 88, 646.
Capt. T. L. Casey, 1889-92. R., 89, 825; 90, 849; 91, 988; 92, 873.

OPERATIONS.

1880-81. 2,000 l. f. of diking built at mouth of R.; 19,263 c. y. dr. from chan., 81, 689.
1881-82. 134,589 c. y. dr. from chan.; 2,003 l. f. of pile diking built, 82, 685.
1882-83. 228,993 c. y. dr. from chan., 83, 572.
1883-84. 110,221 c. y. dr. from chan., 84, 740.
1884-85. 699 l. f. of diking built; 34,509 c. y. dr., 85, 747.
1885-86. 110,221 c. y. dr.; repairs to dike, 86, 799.
1886-87. 1,000 l. f. of pile dike built, 87, 765.
1887-88. 500 l. f. of dike built, 88, 647.
1888-89. Dike extension under contract continued, 89, 826.
1889-90. 66,008 c. y. dr., 90, 850.
1891-92. 100,692 c. y. dr., 92, 873.

PROJECTS.

By Col. Newton, 1880, chan. 10' x 200' m. l. w. from Pennsylvania R.R. br. at Newark to Newark B., by dr. and constr. of 15,800 l. f. of pile dike; est., \$232,875, 80, 537; 84, 741.

By Lt. Col. Gillespie, 1884, extension of chan. through shoals in Newark B. by dr., and the extension of the dike at the mouth of the R. about 8,000'; est., \$121,000, increasing orig. est. to \$353,875, 84, 741; 87, 765, 766.

SURVEYS.

Maps. 81, 688; 82, 686; 87, 766.

including the commerce of Hackensack River which passes through Newark Bay. Tonnage reported before 1908 in long tons since reported in short tons.

"This improvement is necessary to the great industrial interests and has reduced freight rates 1¢ a ton on coal and building materials, and its continuance is necessary to the successful carrying on of the business of this locality." 03, 931; 05, 142; 12, 1534.

CONTRACTS.

1892. J. McSpirit, dr., 75¢ c. y.; removal of boulders, \$5 c. y. (\$8,000), 93, 1112.

1893. P. S. Ross, dr., 33¢ c. y. (\$20,000), 93, 1112.

1895. A. E. Smith, dr., 28.9¢ and 95¢ a. y.; boulder removal, \$4.50 c. y. (\$15,835), 95, 977.

1899. P. Sanford Ross (Inc.), dr., 17½¢ c. y. J. O. Stokes, r. removal, \$16.20 and \$17.33 c. y.; dr., 27¢ and 36¢ c. y. (\$6,183.50), 00, 1501.

1903. R. B. Rodermond, removal of boulders, \$8 c. y., s. m., 04, 1134.

1904. Kirk, Driscoll & Co., dr. 500,000 c. y., 15¢ c. y., 04, 1135. P. Sanford Ross, dr. about 707,000 c. y. from chan. from center of Newark B. to w. shore of same, 19.8¢ c. y., 05, 1031.

1906. John & Joseph McSpirit, dr. to amount of \$18,000, at 75¢ c. y., s. m., and for boulders over ½ c. y. size, \$7.50 c. y. The International Contracting Co., dr. 157,600 c. y., 25¢ c. y., s. m., 07, 1046.

1907. Midland Land & Improvement Co., dr. about 4,177,110 c. y., 16½¢ c. y., 08, 1091.

1910. International Contracting Co., dr. 39,003 c. y., 50¢ c. y., s. m.; and for dr. 16,000 c. y. above Montclair & Greenwood Lake R.R. br., 75¢ c. y., s. m., 10, 1228.

*Allotment. ¹ Sur.—R., Jan. 23, 1837; est., \$40,000. (H. D. 482, 55th, 2d.) ² Consolidated project.

1911. Midland Land & Improvement Co., pp. 1, dr. binds in R. below Montclair & Greenwood Lake R.R. br., 164⁺ c. y. s. m., material to be moved not to exceed the quantity stated in original contract (4,177,110 c. y.) by more than 10%, 12, 33.

ENGINEERS.

Col. W. T. Russell, 1910-. R., 10, 1225; 11, 1315; 2, 1529.

Assistant. C. S. Kelsey. R., 00, 1546, 1550.

BSTRUCTIONS.

Passaic County brs. (3 above Dundee Dam and 1 low it), 00, 1552.

PERATIONS.

1892-93. 16,494 c. y. dr., 93, 1109, 1111.
1893-94. 63,561 c. y. dr., and dike repaired, 1, 801, 803.
1894-95. 39,161 c. y. dr., and dike repaired, 5, 974, 976.
1895-96. 21,841 c. y. dr., 96, 773.
1896-97. 77,977 c. y. dr., 97, 1129.
1899-00. 28,422 c. y. dr. and some bowlders removed, 00, 1500.
1900-01. 7,267 c. y. gravel, 45.6 c. y. bowlders, and 292.93 c. y. ledge r. removed from bars at Belleville, Rutherford Park, and Passaic City, 01, 1231.
1903-04. 124,357 c. y. dr., and material deposited on e. side of R. between Newark Plank road br. and Pennsylvania R.R. freight br., and as pumped ashore on marsh between Passaic and Ackensack Rs., 04, 1132-33.
1904-05. 2,896 c. y. dr. and bowlders removed, tending one cut on Lime Kiln Bar 84' x 25' x 825' . l. w.; total of 222,100 c. y. dr. under new proj., 5, 1028. 9,247 c. y. dr. from Newark B. and Passaic R., 05, 1029-30.
1905-06. 535,370 c. y. dr.; details given, 06, 4.
1906-07. 194,665 c. y. soft material and 21.19 y. bowlders dr., 07, 1042.
1907-08. 1,017,985 c. y. dr., 08, 1087.
1908-09. 1,158,963 c. y. dr., 09, 1102-03.
1909-10. 761,500 c. y. dr., 10, 1229.
1910-11. 235,078 c. y. dr. for proj. of 1907; 357 c. y. mud, sand, and gravel, and 19.8 c. y. bowlders dr. for proj. of 1902; 14,040 c. y. dr. above outclair & Greenwood Lake R.R. br., 11, 1317.
1911-12. 278,965 c. y. dr. for proj. of 1907, 12, 30.

HYSCIAL CHARACTERISTICS.

Table of distances by course of chan. below the ghway br. at Passaic City showing the relative sition of the several bars, brs., etc., 96, 771.

Description of, 00, 1533, 1543.

Complaints received that shoals had formed in R. at Newark, Rutherford, and Belleville, 03, 930.

Areas dr. on various bars, 08, 1089.

Rises n. N. J., flows e. and s. into Newark B.; navig. to Passaic, 16 m.; power dam cuts off navig. here, 12, 254.

PROJECTS.

R. imp. under one head began again 1892, 93, 109, 1108.

Col. Barlow est., 1899, \$273,000 for 8' and 12' chan. 200' w. from d. w. in Newark B. to Montclair R.R. br., and \$860,563 for 8' chan. from Montclair R.R. br. to Dundee Dam, 00, 1545, 1546, 1550.

Act June 13, 1902, au. new proj. for imp. lower part of R., from Staten Isl. Sound through Newark B. and said R. to Montclair & Greenwood Lake R.R. br., with chan. 12' d. to Nairn Linoleum Works, and 10' from that point to R.R. br.; est., \$296,000, and \$5,000 an. mainten., 02, 162. Est. increased to \$323,274.60, 07, 155.

Bids for dr. excessive; letter of Compt. of Treas. to Sec. of War of May 14, 1903, states that no money can be expended from existing apps. except under a contract limiting cost of entire work within amount fixed by law, 03, 929-30.

Cost of proj. au. 1902 increased by act Mar. 3, 1905, to \$323,274; work to be done under continuing contract, 07, 155.

Act Mar. 2, 1907, au. new proj. pr. chan. 16' x 300' m. l. w. d. w. in Newark B. to the Nairn Linoleum Works, 9.7 m., thence 200' w. to the Montclair & Greenwood Lake R.R. br., 1.1 m.; est., \$1,216,775,² 07, 155; mod. by act Feb. 27, 1911, to allow, in discretion of Sec. of War, w. of chan. at bends, 12, 255. The former proj. of 1902 and 1907 practically covered by a new proj., 1912, for increasing d. in Newark B. and Passaic R., to Montclair & Greenwood Lake R.R. br. to 20' m. l. w.,² 12, 255.

SURVEYS.

Sur. of Newark B. in the vicinity of R. made in 1892 by Capt. Casey, 93, 1109.

Ex. and sur. of Passaic R., Center St. Br. to Montclair R.R. br., thence to Paterson, au. act Mar. 3, 1899; made, 1899, by Col. Barlow (R. fav.; see Projects), 00, 1532, 1536, 1543, 1547.

Pre. ex. and sur. au. act Mar. 3, 1905, of Newark B. and Passaic R., from Staten Isl. Sound to Montclair & Greenwood Lake R.R. br., with view to providing increased d. and w. R. by Col. Livermore, Jan. 18, and Col. Lockwood, Dec. 28, 1906, on pre. ex. and sur., resp.; est., \$1,216,775,² 06, 163; 07, 175.

R. by BERH., reviewing former ex. and sur. reports. Recom. fav.; sur. necessary to determine.⁴

Pre. ex. and sur. au. act Mar. 3, 1909, of Newark B., with view to securing chan. along e. shore. R. by Col. Lockwood, Apr. 23, 1909⁶ (unfav.), 09, 187.

Pre. ex. and sur. au. act Mar. 3, 1909, of R. with view of extending continuous navigation from Montclair & Greenwood Lake R.R. br. o the city of Paterson. R. by Col. Russell, 1909 and 1910⁶ (unfav.), 12, 278.

Pre. ex. with plan and est. of cost of imp. of Newark B. and Passaic and Hackensack Rs., au. act June 25, 1910. R. by Col. Russell, 1911 and 1912; plan of imp. est. to cost \$1,064,800, and \$20,000 an. mainten.,⁴ 12, 279.

Cong. docs., etc. relating to ex. sur. plans, etc., 12, 256.

1893-94. 18,686 c. y. dr., 94, 783.
1894-95. 219,706 c. y. dr., 95, 962.
1896-97. 359,345 c. y. dr., 97, 1143.
1899-00. 197,398 c. y. dr. from Seguine Pt. Chan., and 350,818 c. y. dr. from So. Amboy Chan., 00, 1508.
1902-03. 95,544 c. y. dr. from So. Amboy Chan., 03, 938.
1903-04. 110,546 c. y. dr. from Wards Pt. Chan., 43,885 c. y. from So. Amboy Chan., completing contract for dr. about 250,000 c. y., 04, 1141.
1905-06. 150,161 c. y. dr., 06, 1002.
1906-07. 101,561 c. y. net dr. (67,804 c. y. deducted for overdr.), 07, 1055.
1907-08. 26,974 c. y. dr. from Seguine Pt. Chan., and 30,080 c. y. from So. Amboy Chan., 08, 1099.
1908-09. 48,936 c. y. dr. from So. Amboy Chan., 09, 1113.
1909-10. 78,543 c. y. dr. from Seguine Pt. Chan., 10, 1237.
1910-11. 27,529 c. y. dr. under one contract, completing a total of 106,072 c. y. net (9,268 c. y. deducted for overdr.). Under another contract, 51,782 c. y. dr. from Seguine Pt., 80,061 c. y. from So. Amboy Chan. (3,573 c. y. deducted for illegal dumping, and 16,681 c. y. for overdr.), 11, 1330.
1911-12. 86,000 c. y. dr., 12, 1543.

PHYSICAL CHARACTERISTICS.

Description of the B., 88, 633; 95, 1015.
Chans. subject to deterioration by deposits, 94, 783; 96, 789; 98, 1065.
B. bet. s. end of Staten Isld. and N. J. and lower N. Y. B., and is about 5 m. n. and s. x 7 m. e. and w. Raritan R. empties into it at its w. end, bet. Perth Amboy and So. Amboy, and the Arthur Kill and Staten Isld. Sound extends n. from its w. end, connecting it with Newark B., 12, 264.

PROJECTS.

By Lt. Col. Michler, 1880, chan. 21' x 300' m. l. w. through shoal off Seguine Pt.; est., \$126,500, 81, 715, 717, 719; 87, 750.

By Lt. Col. Gillespie, 1884-85, chan. 21' x 300', Great Beds Light to wharves at Perth Amboy, and a 15' chan. from outside of Great Beds Light to So. Amboy; est., \$114,000, 84, 753; 85, 758; 87, 751.

Revised proj., 1889, by Lt. Col. Gillespie, chan. 300' x 21' m. l. w., New York Lower B. to Perth Amboy; also chan. 15' x 300', Great Beds Light to So. Amboy; est., \$175,375, 91, 932, 933.

Proj. modified act 1896 to make So. Amboy Chan. 21' x 300' at an est. additional cost of \$150,000, making the total cost of the proj. \$507,875, 96, 789.

At 1900, est. \$20,000 would be required each year, after the completion of the proj., for mainten., 00, 1508.

SURVEYS.

From Perth Amboy and So. Amboy to main ship chan. off Great Kills, Raritan B., au. act June 14, 1880; made, 1880, by Lt. Col. Michler, 81, 717, 718.

Sur. of the chan. between So. Amboy and Great Beds Light with a view to d. it to 21' m. l. w., au. act Aug. 17, 1894; made by Lt. Col. Gillespie, 1895 (see Projects), 95, 1015.

Sur. of B. in vicinity of So. Amboy and Seguine Pt.; made, 1899, by Col. Barlow, 99, 1308.

Pre. ex. au. act June 13, 1902, from So. Amboy to tail of Great Beds, to obtain 22' x 400' m. l. t. R. by Lt. Col. Raymond, Oct. 14, 1902. Submits plan for increasing w. to 400' x 21'; no additional funds required, 04, 148, 1158.

Maps. 92, Atlas, 5, 6; 05, 1038; 11, 1330; 12, 1543.

1896-97. 47,906 c. y. dr., of which 17,316 c. y. were dr. from Lemon Creek, **97, 1132.**
1899-00. 103,663 c. y. dr., **00, 1502.**
1900-01. 97,193 c. y. dr., **01, 1233.**
1902-03. 2,575 c. y. dr. in Lemon Creek, **03, 934.**
1903-04. 12,170 c. y. dr.; result of work given, **04, 1138.**
1905-06. 81,781 c. y. dr., **06, 999.**
1906-07. 14,758 c. y. dr.; chan. now restored to proj. dimensions, **07, 1051.**
1910-11. 68,479 c. y. dr. for mainten., **11, 1326.**

PHYSICAL CHARACTERISTICS.

Description of, **73, 943, 944; 76, 253, 254; 86, 788; 87, 743.**
Chan. subject to shoaling, **94, 799.**
Washing in of adjacent flats, 1898, had reduced chan. w., **98, 1060.**
Lemon Creek is a small creek entering the chan. from Staten Isl., **97, 1131.**
Max. draft in Staten Isl. and New Jersey Chan., 14'; in Lemon Creek, 5', **11, 215.**

PROJECTS. (See Estimates.)

By Lt. Col. Newton, 1873, temporary imp. by dr.; for permanent imp., diking, and dr., **73, 944, 945; 76, 251.**
By BE., 1875, dr.; est., \$40,480, **76, 256.**
By BE., 1880 (in extension of previous projs. of 1873 and 1875), formation of a chan. between Staten Isl. and New Jersey, e. from Elizabethport to the d. w. of the Kill Von Kull, 400' w., the middle 200' to be 13' and the remainder of the chan. 12' d. m. l. w.; in addition, if found necessary, parallel dikes to be built on opposite sides of the chan. at 2 places; est., \$185,705, **81, 109, 692, 695; 86, 790.** (Cols. Tower and Newton and Lt. Col. Abbot.) Est. increased to \$210,000, **87, 745.**
In 1890 proj. modified to meet the increased demands of C., and now calls for a uniform d. of 14' over the entire w. of 400'; est. for completion in 1891, \$61,000, **91, 987.**
By Capt. Casey, 1892, expend. of app. of 1892 in w. and d. the chan. at such points as an ex. would show to be most deficient, **93, 1107.**
By Maj. Adams, 1896, dr. chan. 8' d. h. w. and 50' w., in Lemon Creek, Staten Isl. to draw at the mouth, and 35' w. above the br. as far as funds would permit, **97, 1131.**
Act June 13, 1902, au. mainten. of imp., **02, 163.**
Proj. completed, **08, 1096.**

SURVEYS.

Under direction of Lt. Col. Newton, by J. H. Striedinger, E. Gieseler, and M. Lacy. **R., 73, 943.**
Sur. in the vicinity of Corner Stake Light made, 1893, by Capt. Casey, **94, 799.**
H. lines modified in 1892 by Sec. of War, **96, 777.**
Maps. **81, 696; 89, 822; 05, 1036; 11, 1326.**

ESTIMATE. (See Projects.)

By Lt. Col. Newton, 1879, completion of existing
proj., \$1,833,662.05, 79, 394.

OPERATIONS.

1878-79. Dr., and constr. of Dikes Nos. 2 and
3 in progress, 79, 64, 398.
1879-80. 2,600 l. f. pile dike completed; 241,121
c. y. dr. at "the Stakes," the "Middle Ground,"
and at Whitehead's sand dock, 80, 516.
1880-81. Diking at "the Stakes" completed;
dr. and r. blasting at Whitehead's and dr. in the
"Middle Ground" in progress, 81, 658.
1881-82. 57,700 c. y. dr. from chan. at "Middle-
Ground"; 24,337 c. y. r. blasted and removed from
Whitehead's sand dock, 82, 674.
1882-83. 46,740 c. y. dr. from cut in s. chan.,
83, 550.
1883-84. 6,929 c. y. dr. from s. chan.; 3,173 c. y.
st. drilled, blasted, and removed at Whitehead's,
84, 755.

1884-85. S. chan. dr. to 4,000', 47,234 c. y.
broken st., small fragments and sand removed at
Rocky Reach, 85, 760.
1885-86. 6,392 c. y. r. blasted and removed,
86, 774.
1887-88. 7,630 c. y. dr.; repairs to launch and
drill scow, 88, 654.
1888-89. 29,376 c. y. dr.; 840 c. y. riprap used
in revetting face and top of Dike C, 89, 830.
1889-90. 20,569 c. y. dr., 90, 856.
1890-91. 62,934 c. y. sand and gravel and 7,206
c. y. r. removed, 91, 997.
1891-92. 6,209 c. y. sand and gravel and 6,475
c. y. r. removed, 92, 883.
1892-93. 11,675 c. y. dr., r. removal in progress,
and dikes repaired, 93, 1117.
1893-94. 10,876 c. y. dr., over 12,000 t. r.
blasted and removed in connection with preceding
year; US. plant repaired, 94, 810, 812.
1894-95. 2,955 t. r. chisled and removed, 195 t.
gravel removed, and 7,442 t. r. broken and removed,
95, 981, 982.
1895-96. 3,454 t. r. broken and removed, 985 t.
gravel removed, and dikes extended, 96, 782.
1896-97. 8,694 t. r. broken and much of it re-
moved, 97, 1137.
1897-98. 3,625 t. r. broken and much of it re-
moved, 2,017 t. gravel removed; U. S. plant sold to
highest bidder, 98, 1062.
1899-00. 8,092 c. y. p. m. r. and gravel re-
moved, (less than 1,745 c. y. deducted for over-
depth) 00, 1504.
1902-03. 2,408 c. y. dr., 03, 943.
1903-04. 66,843 c. y. dr., 04, 1146.
1904-05. 720 c. y. dr., completing contract, 05,
1044.
1905-06. 67,498 c. y. dr., 06, 1006.
1906-07. 2,918 c. y. dr., completing contract
(12,131 c. y. deducted for overd.); large tree trunk
removed, 07, 1061.
1907-08. 39,607 c. y. dr., 08, 1105.
1909-10. 26,971 c. y. dr., 10, 1243.

PHYSICAL CHARACTERISTICS.

Description, 74, ii, 174-176; 86, 769; 88, 652.
Distances of the several brs. and other points
of the R. above its mouth, 96, 781.
Flows through N. J. to Raritan B. at Perth
Amboy; navig. to New Brunswick, 12 m., where it
is e. terminus of Del. and Raritan Canal, 12, 268.

PROJECTS. (See Estimates.)

By Maj. H. Bache (sur. June 20, 1832; est.,
\$13,963.40), 1836, New Brunswick H., details un-
known; act July 4.
By Lt. Col. Newton, 1872, 10' chan. below New
Brunswick by dr., removal of r., and building
dikes, 78, 419; 79, 393.
By Lt. Col. Newton, 1874, permanent imp., 10'
m. l. w. chan. 200' w., mouth to New Brunswick,
12' m., and excavation of tidal basin above New
Brunswick locks by dr., r. removal, and diking;
est., \$2,093,662, 74, ii, 179; 82, 675; 86, 770.
Modified in 1881 to provide for dr. s. chan. to
form chan. 5½' x 100' m. l. w., 87, 771; 92, 882.
By Capt. Casey, 1892, expend. of app. of 1892 in
excavation of chan. 10' x 100' m. l. w. through the
r. shoals along the line of the bulkhead extending
toward the canal lock at New Brunswick; in dr.
the s. chan. to the required w. and d.; and in re-
pairing dikes, 93, 780, 1116.

SURVEYS.

1832. By Maj. H. Bache, June 20, 1832; est.,
\$13,963.40.
1873-74. By J. H. Striedinger, A. Zoller, and
E. A. Giesler, under direction of Lt. Col. Newton,
of the R. below New Brunswick, incl. shoals called
the "middle ground." R., 74, ii, 173.
Ex. and sur. au. act June 25, 1910, with view to
w. chan. from Martins Creek to Martins Dock, 12, 279.

Col. W. T. Russell, 1910-. R., 10, 1245; 11, 1339; 12, 1553.

Assistants:

G. E. Brown. R., 71, 699.

R. H. Talcott. R., 80, 520.

OPERATIONS.

1870-71. Delayed by failure to enter into contract, 71, 697.

1871-72. Dr. in progress, 72, 77, 781.

1872-73. Dr. in progress, 73, 869.

1873-74. Results, a chan. 6' d. joining the South and Raritan Rs., 74, 93, ii, 144.

1882-83. Wharf at Raritan and South R. Canal junction rebuilt; 1,779 l. f. of dike built, 83, 554.

1883-84. 3,117 l. f. of diking built; 2,222 c. y. dr. from shoal; 3,173 c. y. r. blasted from shoal at Whitehead's sand dock, 84, 760, 761.

1884-85. 1,200 c. y. broken st. placed in dike at mouth of canal, 85, 765.

1887-88. 16,815 c. y. dr. from chan. between Dikes D and E, and from shoal at Dike F, 88, 659.

1891-92. 10,551 c. y. dr., 92, 887.

1892-93. 18,028 c. y. dr., 93, 1121.

1894-95. 16,069 c. y. dr., 95, 984, 985.

1896-97. 17,988 c. y. dr., 97, 1140.

1899-00. 18,024 c. y. dr., 00, 1506.

1903-04. 18,000 c. y. dr., completing contract; three-eighths of proj. completed, 04, 1149.

1907-08. 46,477 c. y. dr. and pumped ashore on w. bank of R. between highway br. and Raritan R. R.R. br., 08, 1106-07.

1909-10. 13,470 c. y. dr. and dumped at sea, and contract completed, 10, 1245.

1910-11. 13,569 c. y. dr., 11, 1339.

1911-12. Contractor abandoned work Sept. 30, 1911; contract annulled Dec. 8, 1911; 22,115 c. y. had been dr., 12, 1551.

PHYSICAL CHARACTERISTICS.

Described, 71, 698-701; 88, 657.

Distances of the various points along the R. from its junction with the Raritan R. at Sayreville, 96, 784.

South R. a small stream in central part of New Jersey, discharging into Raritan R. 8 m. above its mouth, 12, 270.

Max. draft to South R. or Washington, June 30, 1912, about 8', thence to Bissetts 5'-6' m. l. w., 12, 270.

PLAN. (See Projects.)

By Lt. Col. Kurtz, 1872, short wing dam and pile protection; may be necessary; est., \$5,000, 72, 781.

PRIVATE (CORPORATE) WORK.

New Jersey Transportation Co. made a cut about 80' w. between South and Raritan Rs. about 1831, 71, 698.

Private canal about $\frac{1}{2}$ m. l. had been dr. from near Washington, on South R., to Sayreville, on the Raritan R., shortening the sailing course about 2 m., 01, 218.

PROJECTS. (See Plans.)

By Lt. Col. Kurtz, 1870, 6' chan. through the canal made by New Jersey Transportation Co., and through the shoals between the canal and Washington, and at the confluence of the South and Raritan Rs. by dr.; est., \$13,553.50, 71, 698.

By Col. J. Newton, 1879, imp. of South R. by rectification of the entrance to the artificial chan. or canal into the Raritan R.; closing the South R. below Petit's brickyard, increasing, by means of dikes and dr., the d. to 8' m. l. w. up to Washington, 6' to Bissetts, and 4' to old br., involving const. of 14,800 l. f. of dike and 3,200' of half dike, and dr.; est., \$194,695, 80, 522, 523; 87, 773.

Proj. of 1880 modified in 1892 by omitting the proposed dr. of the cut above Washington and in front of the brickyards, the const. of Dikes H, I, J,

K, and L, and substituting therefor dr. of the chan. between Washington and the Raritan R. R.R. br., reducing the orig. est. to \$176,975, 93, 1121.

By Capt. Casey, 1892, expend. of the app. of 1892 in dr. the R. between the turnpike br. and Bissetts, 93, 1121.

Act July 25, 1912, au. chan. between Bissetts and Old Br. 6' x 100'; est., \$87,000, and \$8,000 an. mainten., 12, 271.

SURVEYS.

By Lt. Col. Kurtz, 1870. R., 71, 698-701.

By Lt. Col. Newton, 1879, 79, 66.

Ex. au. act Mar. 3, 1879; made, 1880, by Col. Newton, 80, 519.

Ex. of a bar which had formed around an old wreck made, 1894, by Lt. Col. Gillespie, 95, 984.

Ex., 1899, by Col. Barlow, 99, 1307.

Pre. ex. au. act Mar. 3, 1905. R. by Col. Livermore, June 27, 1906, and Col. Lockwood, Dec. 6, 1906; est., \$20,908.80, 2 07, 175.

Pre. ex. and sur. au. act June 25, 1910, between Bissetts and Old Br., with view to d. chan. to 6'. R. by Col. Russell, 1910 and 1911; est., \$87,000, and \$3,000 an. mainten., 12, 279.

Maps. 82, 678; 85, 764; 05, 1046.

Col. W. T. Rossell, 1910-. R., 10, 1250; 11, 1343; 12, 1555.

Assistant. R. H. Talcott. R., 80, 525.

OPERATIONS.

1882-83. 2,000 l. f. of st. j. constr.; chan. dr., 83, 569.

1883-84. Rubble js. raised by adding 750 c. y. st., chan. w. to 100'; 532' of sheet pile revet. built, 84, 736.

1905-06. 714 t. st. placed in 250' break in w. j., and 7,206 c. y. dr., restoring chan. for l. of 5'-6' x 50' x 1,200' m. l. w., 06, 1013.

1906-07. 1,868 c. y. dr., restoring chan. for w. of 50'-90' x 800', 07, 1071.

1907-08. 8,236 c. y. dr., restoring chan. 100' x 5' highway br. to Raritan B., 08, 1112.

1910-11. 5,641 c. y. dr., restoring the entrance chan. to 5', 11, 1343.

1911-12. 3,266 c. y. removed from mouth of creek during July, 1912, restoring the entrance chan. to w. of 125'-150', for its entire l. of 1,800' contract completed July 28, 1912, 12, 274, 1555.

PHYSICAL CHARACTERISTICS.

Described, 80, 526; 12, 274.

Max. draft, 5'; mean range of tides, 5', 11, 229.

Discharges into Raritan B., about 2 m. e. of So. Amboy, 12, 274.

PROJECTS.

By Col. Newton, 1879, to change the outlet into a direction at a right angle to the beach and to sustain this direction by parallel js. to strengthen the course of the stream and increase the d. to 4' at m. l. w.; est., \$75,279, 80, 525, 527; 82, 680. Est. revised in 1885 to \$90,000, 85, 743; 87, 775.

By Col. Lockwood, for expending \$315.04, unexpended balance, and allotment of \$3,604.96, act Mar. 2, 1907, to restore chan. 100' w. by dr., B. to the highway br., 07, 1071.

SURVEY.

Au. act Mar. 3, 1879; made, 1880, by Col. Newton, 79, 66; 80, 525.

Maps. 82, 680; 05, 1051.

PHYSICAL CHARACTERISTICS.

Description of, 88, 663; 10, 200.
Small tidal stream in e. N. J., flowing into Raritan B. through Keyport H. It is navigable up to br. of N. Y. & L. B. R.R., 2 m. above mouth, 12, 267.

PROJECTS.

By Lt. Col. Michler, 1880, chan. 4' x 100' m. l. w., mouth up to Winkson Creek, 1 m., thence to head of navigation at the Long Branch R.R. br., 4' x 75' m. l. w.; est., \$33,120, 81, 722; 86, 762; 91, 1003.
In 1892 Capt. Casey reported that the est. should be increased by \$10,000, 93, 1126.
In 1898 Maj. Miller est. \$3,000 an. for mainten., 98, 1066.

SURVEYS.

An. act June 14, 1880; made, 1880, by Lt. Col. Michler, 81, 720.
Sur. by Capt. Casey, 1892, 93, 1126.
Cong. docs., etc., relating to exs., sur., plans, etc., 12, 268.
Maps. 05, 1042.

COMMERCE.

1900, 179,500 t., 01, 221; 1905, 34,340 t., 06, 161; 1911, 61,702 t., 12, 273.
Rates reduced from 40 to 50% as result of imp., 06, 161.

CONTRACTS.

1891. E. Brainard dr., 24½¢ c. y., 91, 1006.

ENGINEERS.

Chief of Engineers. R., 70, 32, 72; 71, 80; 72, 77; 73, 81; 74, 93; 75, 99; 76, 61; 77, 56; 78, 62; 79, 66, 405; 80, 87; 81, 110; 82, 111; 83, 107; 84, 114; 85, 105; 86, 103; 87, 74; 88, 74; 89, 92; 90, 83; 91, 106; 92, 108; 93, 117; 94, 106; 95, 119; 96, 101; 97, 137; 98, 142; 99, 162; 00, 185; 01, 221; 02, 169; 03, 155; 04, 145, 149; 05, 153; 06, 163; 07, 171; 08, 180; 09, 184; 10, 208; 11, 231; 12, 276.

Boards:

To consider proj. by Capt. Ludlow, 1879; imp., as follows: (1) So. Shrewsbury, by dr. and dikes; (2) Navesink R., by dr., dikes, and a crib; (3) the flood or ebb chans. of the main stem by the same methods. B. adopted proj. with certain modifications, favoring the imp. of the flood chan. Modified est., \$142,086. R., 79, 411. (Cols. Macomb and Tower and Lt. Col. Newton.)

BE., 1880, concurred with Lt. Col. Michler in proposed change of chan. from the w. to the e. side of Isld. A, 81, 704.

In charge:

Lt. Col. J. D. Kurtz, 1871-78. R., 71, 701-704; 72, 782; 73, 869; 74, ii, 144; 75, ii, 194; 76, 276, 278; 77, 268.

Capt. W. Ludlow, 1877, in temporary charge. R., 79, 405.

Col. J. N. Macomb, 1878-79. R., 78, 441; 79, 403. Lt. Col. N. Michler, 1878-82. R., 80, 542; 81, 697, 701.

Lt. Col. G. L. Gillespie, 1882-86. R., 82, 690; 83, 576; 84, 745; 85, 751.

Lt. Col. W. McFarland, 1886. R., 86, 756. Lt. Col. G. McC. Derby, 1887-89. R., 87, 778; (Capt.) 88, 665.

Capt. T. L. Casey, 1889-94. R., 89, 836; 90, 860; 91, 1007; 92, 894; 93, 1130; 94, 819.

Lt. Col. G. L. Gillespie, 1895. R., 95, 993. Maj. H. M. Adams, 1896-97. R., 96, 797; 97, 1152.

Maj. A. M. Miller, 1898. R., 98, 1069. Col. J. W. Barlow, 1899-1900. R., 99, 1313; 00, 1513.

Col. S. M. Mansfield, 1901. R., 01, 1243. Capt. Spencer Cosby, 1902. R., 02, 1022.

Lt. Col. C. W. Raymond, 1903. R., 03, 950. Col. W. R. Livermore, 1904-06. R., 04, 1153; 05, 1052; 06, 1014.

Col. D. W. Lockwood, 1907-09. R., 07, 1073; 08, 1114; 09, 1127.

Col. W. T. Russell, 1909-. R., 10, 1251; 11, 1345; 12, 1556.

Assistants:

Capt. W. Ludlow. R., 79, 405. H. N. Babcock. R., 04, 1167, 1171.

ESTIMATES. (See Projects.)

By Lt. Col. Kurtz, dr. at Rocky Pt., Port Washington, near Ocean House, Jumping Pt., and Bulkhead, \$14,000, 71, 703. Increased for continuing dr., \$5,000, 72, 77, 782. For pile work and dr., additional details, \$18,000, 76, 277, 281; 77, 268.

By Capt. Ludlow, 1878, dr. and dikes on So. Shrewsbury and Navesink Rs., and the ebb chan. of the main stem. Total, \$134,686, 79, 411. Modified by BE. Total, \$142,086, 79, 412.

By Col. Macomb, 1879, complete existing proj., \$116,000, 79, 67, 404.

OPERATIONS.

1871-72. Dr. by contract; details, 72, 77, 782. 1872-74. Dr. continued, 73, 81, 869; 74, 93, ii, 144.

1879-80. 1,830' of w. dike completed, 80, 542. 1880-81. 24,017 c. y. sand dr. from flat at So. Branch entrance, 81, 698.

1881-82. 89,566 c. y. dr. from No. and So. Branches and main stem; 4,021 l. f. pile dike built, 82, 690, 691, 692.

1882-83. 94,311 c. y. dr. from No. and So. Branches and main stem; 503 l. f. diking built, 83, 577.

1883-84. 31,415 c. y. dr. from So. Branch Chan., 84, 745.

1886-87. 1,357 l. f. of Dike B ripped, 87, 778.

1887-88. 1,000 l. f. st. dike built; guide piles driven, 88, 666.

1888-89. 11,945 c. y. dr., 89, 837.

1889-90. 12,215 c. y. dr., 90, 862.

1890-91. 11,045 c. y. dr., 91, 1008.

1891-92. Repairs to dike at mouth of R.; 1,956 c. y. dr., 92, 895.

1892-93. 18,565 c. y. dr., 93, 1131.

1893-94. 4,200 c. y. dr., and dike at mouth of R. repaired, 94, 820.

1894-95. Outer bar dike repaired, and 3,875 c. y. dr., 95, 994.

1895-96. 6,857 t. r. deposited in repair of dikes, 96, 799.

1896-97. 2,145 c. y. dr. from 2 sand bars, 29,978 c. y. dr. from chan. w. of Island Beach, and 7,609 c. y. dr. from No. and So. Branches, 97, 1154.

1897-98. 1,040 c. y. dr. from So. Branch, and dikes repaired, 98, 1069.

1899-00. 32,378 c. y. dr., 00, 1513.

1900-01. 19,250 c. y. sand dr., and 13.7 c. y. st. and 85 piles removed, 01, 1243.

1901-02. 12,585 c. y. sand dr., and 3.42 c. y. st. and 1 pile removed, 02, 1022.

1902-03. 16,010 c. y. dr. and pumped inside of Dike B, and 52,262 c. y. dr. and deposited behind Dikes B, C, and K, 03, 951.

1903-04. 59,958 c. y. dr., 04, 1154.

1904-05. 164,889 c. y. dr., 05, 1053.

1905-06. 8,813 c. y. dr., 06, 1015.

1906-07. 25,623 c. y. dr., 07, 1074.

1907-08. 26,235 c. y. dr., 08, 1114.

1908-09. 36,404 c. y. dr., 09, 1127.

1909-10. 71,222 c. y. dr., 10, 1252.

1910-11. 31,614 c. y. dr., 11, 1345.

PHYSICAL CHARACTERISTICS.

Described, 71, 702, 703; 76, 279, 280; 79, 406 86, 756; 90, 861.

Tidal observations, 86, 666.

Description of, No. Branch to vicinity of Oceanic, 93, 1130.

Tendency to bar formation, 94, 820; 95, 994; 97, 1153, 1154.

Description of, Sandy Hook Peninsula, particularly that part bought by the US., 1893, 95, 994; 97, 1154.

Distances to principal points along the R. from the outer end of Dike B at outlet into Sandy Hook B., 96, 797.

Mean rise of tide, 96, 798.

Tide observations, and levels, 04, 1172.

Max. draft, June 30, 1907, throughout limit of imp., 5' m. l. w., 07, 173. Max. draft, June 30, 1912, 5'-6' at various parts of R., 12, 277.

PRIVATE AND CORPORATE WORK.

Town authorities expend. about \$2,000 in dr., 71, 703.

PROJECTS. (See Estimates.)

Proj. of 1870 proposed dr. chans. through shoals in both branches of R.; est., \$14,000, 71, 703. This amount was app. 1871, with an additional \$5,000 in 1873, but imp. was not permanent, 86, 104.

Existing proj., 1879, was for securing, by dr. and contracting the w. portions of R. by dikes, chans. 6' x 200'-300', extending from 6' curve at mouth in Sandy Hook B. up to 6' curves on both branches of R. in Bs. above; est., as modified by BE., \$142,086, 79, 408, 411; 86, 757.

In 1880 Col. Michler proposed change of proposed chan. from w. to e. side of the Island A in So. Branch, 81, 701. Concurred in by BE., 1880, 81, 704.

In 1887, total est. cost revised to \$254,562, 87, 781.

By Capt. Casey, 1892, expend. of app. of 1892 in making dike repairs, dr. chans. of No. Branch, between Oceanic and Barley Pt., and So. Branch, near lower Rocky Pt., 93, 1130; and in 1894 for expend. of about \$1,400 in reopening chans. filled with sand, 94, 820.

In 1894 Capt. Casey est. \$34,000 to protect beach of the U. S. land purchased at Sandy Hook, 95, 995; and, 1895, Lt. Col. Gillespie est. that foregoing est. should be increased on account of changed conditions, 95, 996.

By Lt. Col. Gillespie, 1894, application of 1894 app. to preservation of existing dikes and chans., employing hired labor and plant, 95, 994.

By Maj. Adams, 1897, modification of proj., because of opening by the sea of an outlet between Island Beach and Sandy Hook Peninsula, to provide for imp. of chan. w. of Island Beach until such time as it should be desirable to continue work on the e. chan., 97, 1154.

SURVEYS.

Ex., 1853, by Lt. Harrison; mentioned, 71, 702.
Au. act July 11, 1870; assigned to Lt. Col. Kurtz. R., 71, 702. Again ordered by act Mar. 3, 1875, 75,

99, 11, 194; assigned to Lt. Col. Kurtz, 76, 61. R., 76, 278; 77, 268.

By Capt. Ludlow, 1878, under direction of Col. J. N. Macomb. R., 79, 405.

Miscellaneous sur., 97, 1153.

Sur. of No. Branch from junction with So. Branch to vicinity of Oceanic; made, 1892, by Capt. Casey, 93, 1130.

Bar and bulkhead lines vicinity of Sandy Hook fixed by Sec. of War, Feb. 5, 1894, 94, 820.

Harbor lines in vicinity of Seabright estab. by Sec. of War, Feb. 5, 1894, 96, 799.

Sur. below Highlands Br.; made, 1898, by Col. Barlow, 99, 1313.

Pre. ex. and sur. au. act June 13, 1902, of R., from mouth to Redbank on No. Branch, and to Branchport on So. Branch, with view to 8' chan. R. by Maj. Marshall, Aug. 15, 1902, and Oct. 7, 1903; est., \$364,000, and \$20,000 an. mainten. for 8' chan., or \$83,000, and \$10,000 an. mainten. for 6' chan.,¹ 04, 149. B. E. R. concurs in recom. of district officer. R., 04, 1165, 1167.

Cong. docs., etc., relating to ex., sur., plans, etc., 12, 276.

Maps:¹ Of the R., 79, 404; 81, 698; 82, 694; 87, 780; 90, 862; 92, Atlas, 7; 93, 1130; 05, 1054.

G-50 ATLANTIC HIGHLANDS, N. J.

COMMERCE.

In years recent to 1906, 50 vessels destroyed in vicinity by storms, etc., valued at \$1,000,000. Com. of Raritan R. and B., and vicinity of Staten Isl. Sound,² should have protection of break'r.²

ENGINEERS.

Chief of Engineers. R., 07, 175.

In charge. Col. W. R. Livermore, 1906. 07, 154.

SURVEY.

Ex., with view to location of break'r, au. act Mar. 3, 1905; made by Col. Livermore (est., \$1,000,000); R., Apr. 13, 1906, unfav.,² 07, 175.

G-58 LONG BRANCH, N. J. (Breakwater.)

COMMERCE.

No requirement for H. of refuge, 84, 764.

ENGINEERS.

Chief of Engineers. R., 84, 122.

In charge. Lt. Col. G. L. Gillespie. R., 84, 763.

SURVEY.

Ex. au. act Aug. 2, 1882; made by Lt. Col. Gillespie (R. unfav.), 84, 123.

G-59 SHARK RIVER, N. J.

COMMERCE.

Description of, 95, 1013.

ENGINEERS.

Chief of Engineers. R., 80, 90; 81, 115; 91, 118; 95, 121.

In charge:

Lt. Col. N. Michler, 1880. R., 81, 730.
Maj. C. W. Raymond, 1890. R., 91, 1092.
Lt. Col. G. L. Gillespie, 1895. R., 95, 1013.
Assistant. A. Doerrfing. R., 81, 730.

R. discharges into the Atlantic Ocean through an inlet in the beach about 20 m. s. of Sandy Hook, 95, 1013.

SURVEYS.

Au. act June 14, 1880; made, 1881, by Lt. Col. Michler (R. unfav.), 81, 730.

Ex. au. act Sept. 19, 1890; made, 1890, by Maj. Raymond (R. unfav.), 91, 1092.

Ex. for H. of refuge, au. act Aug. 17, 1894; made, 1894, by Capt. Casey (R. unfav.), 95, 1013.

PHYSICAL CHARACTERISTICS.

Description of, 81, 731; 91, 1092; 95, 1013.

G-60 MANASQUAN (Squan) RIVER, N. J.

APPROPRIATIONS.

1879,	\$12,000,	79, 68.
1880,	20,000,	80, 548.
1882,	7,000,	82, 703.

1899,	5,000,	99, 1315.

Total, 46,000 ^a

COMMERCE.

Not unimportant, 79, 465.

H. available as a H. of refuge, 79, 465; 80, 552; 81, 713; 82, 702.

Uncertainty of condition of H. entrance an effectual bar to growth of C. 81, 711.

Small, principally fishing craft and pleasure boats, 09, 187.

¹ H. D. 123, 58th, 2d.

² H. D. 85, 59th, 2d.

^a \$4,945.89 of this amount carried to surplus fund, 09, 187.

CONTRACTS.

1879. C. F. Drake, jr., annulled for failure to commence, **80**, 547; **81**, 710.

1880. H. Du Bois & Sons, timber j. constr., **81**, 712.

1882. S. A. Kelly, timber j. constr., **83**, 585.

1899. R. Parrott, repairing n. dike (timber and iron work), aggregate, \$653.50, **00**, 1515.

1905. Joseph Stillwell, repairing n. dike, \$56 per M f. lumber in place, **06**, 1017.

ENGINEERS.

Chief of Engineers. **R.**, **78**, 63; **79**, 68, 74; **80**, 88; **81**, 112; **82**, 112; **83**, 109; **84**, 116; **85**, 107; **86**, 102; **87**, 75; **88**, 75; **91**, 106; **92**, 109; **93**, 118; **94**, 107; **95**, 119; **98**, 143; **99**, 162; **00**, 186; **01**, 222; **02**, 171; **03**, 157; **04**, 147; **05**, 155; **06**, 166; **07**, 173; **08**, 182; **09**, 186.

Boards. Convened, New York, Apr. 6, 1880, to consider the proj. of Col. Macomb for imp. of the Manasquan R., **80**, 548. (Cols. Macomb, Tower, and Newton and Maj. Abbot.)

In charge:

Col. J. N. Macomb, 1878-80. **R.**, **78**, 63; **79**, 66, 74, 463; **80**, 553.

Lt. Col. N. Michler, 1880-82. **R.**, **80**, 547; **81**, 710, 712.

Lt. Col. G. L. Gillespie, 1882-86. **R.**, **82**, 701; **83**, 583; **84**, 751; **85**, 756.

Lt. Col. W. McFarland, 1886. **R.**, **86**, 751.

Lt. G. McC. Derby, 1887-88. **R.**, **87**, 782; (Capt.) **88**, 667.

Capt. T. L. Casey, 1891-94. **R.**, **91**, 1010; **92**, 897; **93**, 1133; **94**, 822.

Lt. Col. G. L. Gillespie, 1895. **R.**, **95**, 997.

Maj. A. M. Miller, 1898. **R.**, **98**, 1070.

Col. J. W. Barlow, 1899-1900. **R.**, **99**, 1314; **00**, 1514.

Col. S. M. Mansfield, 1901. **R.**, **01**, 1245.

Capt. Spencer Cosby, 1902. **R.**, **02**, 1024.

Lt. Col. C. W. Raymond, 1903. **R.**, **03**, 953.

Col. W. R. Livermore, 1904-06. **R.**, **04**, 1156; **05**, 1055; **06**, 1017.

Col. D. W. Lockwood, 1907-09. **R.**, **07**, 1076; **08**, 1116; **09**, 1129.

Assistants:

Capt. W. Ludlow. **R.**, **79**, 463.

E. Mahlo. **R.**, **79**, 466.

C. S. Kelsey. **R.**, **91**, 1011.

OPERATIONS.

1881-82. 1,515 l. f. timber j. constr., **82**, 702.

1882-83. 475 l. f. s. j. built, **83**, 584.

1899-00. N. dike repaired, **00**, 1515.

1905-06. 8,074' lumber placed in repairs to n. dike, **06**, 1017.

PHYSICAL CHARACTERISTICS.

Description of, **79**, 463, 464, 466; **88**, 667; **09**, 186. Table of tides, **79**, 466.

Description of changes since 1883. In 1898 the condition of the R. worse than when work of imp. was commenced, **98**, 1071.

Small stream in e. N. J.; empties into Atlantic 26± m. s. of Sandy Hook, **09**, 186.

PLANS. (See Projects.)

For canal from Barnegat B. to Manasquan R., 1839; work never begun; funds insufficient; discussion of plan by Col. Macomb, **79**, 464.

PROJECTS. (See Plans.)

By Col. Macomb, 1879, js. at the inlet to control and concentrate the scouring action of ebb tides; imp. of upper R. by drg. and removal of wrecks, logs, and snags; est., \$52,120, **79**, 68, 463, 464; **86**, 751.

BE. of 1880 **R.** that the js. proposed would be insufficient to maintain the desired imp., **80**, 552; **86**, 752. Conclusions of Board justified by subsequent experience, **86**, 754.

In 1882 Col. Gillespie proposed extension of n. j. seaward 255', and constr. of 905' of j. on s. side; est., \$40,000, **82**, 702; **86**, 753.

In 1897 Maj. Miller est. \$20,000 to complete imp., **98**, 1071.

Existing proj. on basis of proj. au. 1899, embracing 6' outlet and d. of R. above mouth to 6'; total est., \$59,300, and \$1,075 for mainten. au., **04**, 147; **09**, 186.

By Col. Livermore, 1904, expend. of available funds by ex. and removal of ruins of s. dike, **04**, 1156.

Col. Lockwood reported, 1908, that cost of imp. would be out of proportion to benefits, **08**, 1117.

By Col. Livermore, 1904, for expend. of \$1,000 in repair of n. dike, **05**, 1056.

SURVEYS.

Au: and in progress, **78**, 63. Completed by E. Mahlo, **79**, 68, 74, 463, 466.

Sur. au. by Chief of Engineers; made by Maj. Miller, 1897, **98**, 1070.

Ex. of mouth and s. dike, **04**, 1156.

Maps. **79**, 464; **80**, 550; **82**, 702; **87**, 782; **98**, 1070; **05**, 1056.

RIVER AND HARBOR WORKS—NORTH ATLANTIC.

H.—PHILADELPHIA, PA., DISTRICT.

H.—PHILADELPHIA, PA., DISTRICT.*

In charge of U. S. Engineer Office,
Witherspoon Building, Philadelphia, Pa.

NOTE.—A number of waterways on the New Jersey Coast, etc., geographically precede the group which follows here. They are listed with those of Group I, which they also precede, in view of the fact that, with the other waterways of Group I, they are under the supervision of the Wilmington, Del., office.

H 1 Atlantic Ocean.**H 2 Delaware B., N. J. and Del. (1)****H 3 Delaware R., Pa. and N. J. (2)**

(The list of tributaries, beginning with N. J., considered in the Phila., Pa., District, begins on east side at Burlington, N. J., continuing northward to Trenton, N. J., thence southward to Darby Creek, Pa. Included also in the term "Delaware River" are a number of harbors—for example, Phila., Pa., and Camden, N. J.)

H 4 Assiscunk Cr., N. J. (3)**H 5 Black Cr., N. J. (3)****H 6 Crosswick Cr., N. J. (3)****H 7 Doctors Cr., N. J. (3)****H 8 Back Cr., N. J. (3)****H 9 Duck Cr., N. J. (3)****H 10 Assinpink Cr., N. J.* (3)**

(This is last tributary going upstream without going beyond Trenton, N. J.)

H 11 Carlyle Cr., Pa.* (3)

(This is first tributary going downstream from Trenton on Pa. side.)

H 12 Biles Cr., Pa. (3)**H 13 Scotts Cr., Pa. (3)****H 14 Common Cr., Pa. (3)****H 15 Neshaminy Cr., Pa. (3)****H 16 Poquessing Cr., Pa. (3)****H 17 Pennypack Cr., Pa. (3)****H 18 Frankford Cr., Pa. (3)****H 19 Hollanders Cr., Pa. (3)****H 20 Schuylkill R., Pa. (3)**

(There are a number of minor tributaries of this stream, but they are above a dam at Phila., Pa., built and owned by a private concern.)

H 21 Bow Cr., Pa. (3)**H 22 Darby Cr., Pa. (see District I) (3)****H 23 Delaware Break'r, Del. (2)****H 24 Iron Pier, Lewes, Del. (2)****H-3. DELAWARE RIVER, N. J., N. Y., PA., AND DEL.¹**

NOTE.—River rises in New York, is 315 m. long, flows into Delaware Bay. Navigation is from Trenton, N. J., which point is about 86 miles from mouth. Philadelphia, Pa., is about 56 miles from the seawater; to Harbor of Refuge (q. v.), about 100 miles.

The river has been improved from precolonial times. The early works were mainly of the nature of ice piers, etc.

Its principal tributaries are the Schuylkill and the Christiana. (See list of tributaries under Dis-

trict I and immediately before and after this abstract in District H.)

In its relation to commerce, the river, besides admitting ocean carriers as far as Philadelphia Harbor, forms an important link in a proposed chain of North Atlantic coast backwaterways, to connect New York Harbor with southern points as far as Albemarle Sound. The League Island Navy Yard is at Philadelphia, and nearby are one or two of the notable shipyards of the Atlantic coast.

COMMERCE.

The following shows the condition of the commerce of the Delaware at 1912—Philadelphia to the sea:

"The gradual and systematic improvement of this section of the river and the increase in terminal facilities at the port of Philadelphia have led to the establishment during the year (1911-12) of three new steamship lines trading with foreign ports, and several of the old established lines have added larger and deeper-draft boats to their fleet, while the number of deep-draft vessels having no regular port of call has increased. The owners of barges and canal boats trading on the river also report an increase in their fleets. The principal commodities of commerce carried on the river during the year consisted of coal, lumber, ores, iron and steel products, oils, sugar, grain, foodstuffs, and general mer-

chandise. *No change in the nature of the commerce has resulted from existing improvements.* The following tabular statement shows the amount and value of commerce carried during the past 10 years:

Calendar years.	Short tons.	Value.
1902.....	21,843,209	\$1,621,239,450
1903.....	22,827,926	1,289,965,088
1904.....	23,372,036	1,579,060,906
1905.....	24,383,571	1,612,847,499
1906.....	26,111,047	1,472,540,364
1907.....	27,283,529	1,538,385,389
1908.....	24,023,895	1,249,175,518
1909.....	24,677,671	1,327,869,882
1910.....	25,496,213	1,340,391,894
1911.....	25,786,180	1,209,879,741

"The improvement has had no appreciable effect on foreign and coastwise freight rates, except that which is brought about through competition between larger and deeper-draft vessels. The deeper-draft vessels trading at this port are generally engaged in foreign commerce, and rates on the class of freight usually carried are largely regulated by supply and demand. Freight rates by regular steamship lines plying between points located on the section of the river under improvement average about 23 per cent lower than railroad rates between like points. Rates on freight carried by small craft on this section of the river average about 50 per cent of railroad rates. The owners of barges engaged in transshipping report a slight decrease in freight rates owing to the increased amount of commerce moved." 12, 285.

Philadelphia to Trenton:

"The work of improvement has not advanced sufficiently to cause any increase in commerce or to have any effect on freight rates." 12, 283.

At mouth of Neversink R.:

"The commerce on this section of the river is confined to the rafting of lumber, railroad ties, and building stone. A committee of citizens of Port Jervis, N. Y., under date of April 11, 1907, reported that the rafting commerce passing that point annually consisted of about 6,000,000 feet of lumber and, in addition, a considerable amount of structural stone and thousands of railroad ties, the approximate value of which was \$100,000. It was also estimated that this amount of commerce would continue for many years to come. The main object of the proposed improvement is to furnish relief from the effects of floods due to ice gorges at Port Jervis. It is not probable that the proposed improvement will have any effect upon commerce or freight rates." 12, 280.

1897. Morris & Cumings Dredging Co., dr., 8½¢ c. y. (\$264,545.45), **97**, 1195.

1898. P. H. Wilson, dr., 30¢ c. y. (\$4,500), **98**, 1079.

1899. River & Harbor Improvement Co., dr., 6½¢ c. y. (\$72,187.50), **99**, 1323.
 P. S. Ross, (Inc.), r. removal opposite Petty Isld., \$6.85 c. y. (\$44,518.15), **00**, 1562.

00. Virginia Dredging Co., dr., 5½¢ and 6¢ c. y. (\$194,830); bulkhead constr. (piles, timber, and iron), \$180,450. **00**, 1562.

ENGINEERS.

Chief of Engineers. R., 70, 32, 71; 71, 81; 72, 77, 79; 73, 82; 74, 92; 75, 98, 99; 76, 60; 77, 55; 78, 61; 79, 69-71; 80, 91, 92, 93; 81, 116, 117, 118, 119; 82, 116, 117, 118, 119; 83, 112, 113, 114, 115, 116; 84, 122, 123, 124, 125, 126; 85, 115, 116, 117, 118, 119, 81; 86, 113, 114, 115, 825; 87, 76; 88, 76; 89, 94; 90, 84; 91, 108; 92, 110; 93, 119; 94, 108; 95, 122, 132; 96, 110; 97, 142; 98, 144, 156; 99, 164; 00, 189, 207.

Boards:

Convened, Philadelphia, Apr. 23, 1873, to consider Lt. Col. Kurtz's plan for prevention and removal of ice obstr., Horseshoe Shoals. Considered that ice boats afford the most effective means of overcoming the difficulties of winter navigation; that the expedient of a ship canal is one that belongs rather to the shipping interests and property owners than to U. S.; and recom. 2 lines of ice barriers, proposed by Col. Kurtz, made of timber instead of iron, **73**, 875-878. (Col. Woodruff, Lt. Cols. Wright, Newton, and Kurtz, and Maj. Craig-hill.)

Constituted by S. O. No. 79, C. of E., 1879, to consider impt. in progress at Bulkhead Shoals and Cherry Isld. Flats. **R., 80**, 575. The Board approve of plans in progress, and recom. dragged material be placed on the submerged lands adjacent to the chan. dr., **80**, 567, 576. (Col. Macomb, Lt. Cols. Raynolds and Michler, and Capt. Ludlow.)

The Board of 1885, constituted by S. O. No. 117, C. of E., 1884, to ex. and R. on the permanent impt. of the Delaware R. and B., recom. ship chan. Philadelphia to d. w. in the B. not less than 26' x 600' m. l. w., **85**, 822, 830. (Lt. Cols. Craig-hill and McFarland, and Maj. Gillespie and Heuer.)

Board reconvened Oct., 1885, to consider objections made by citizens of Camden to the constr. of Fishers Pt. dike. **R., 86**, 822.

Convened, Philadelphia, Apr. 18, 1896, under instructions from Chief of Engineers, dated Apr. 15, 1896, to consider the probable effects of dikes under constr. at Liston Pt. and Reedy Isld. on navigation of Appoquinimink R. and Blackbird Creek, and on the navigability and sanitary condition of the Delaware R. between the dikes and the Del. shore. **R., 96**, 887. (Col. H. M. Robert, Col. P. C. Hains, and Maj. C. W. Raymond.)

Convened, Philadelphia, Aug. 10, 1896, by S. O. No. 19, dated July 28, 1896, to report on the proj. for dike between Reedy Isld. and Liston Pt. **R., 97**, 1199. (Col. H. M. Robert, Col. P. C. Hains, and Maj. C. W. Raymond.)

Convened, Philadelphia, Apr. 10, 1899, by S. O. No. 16, dated Mar. 20, 1899, to make a further ex. of the proj. for imp. Delaware R., Trenton to its mouth, and R. such modifications as might be deemed desirable. **R., 00**, 1617. (Lt. Col. G. J. Lydecker, Lt. Col. C. W. Raymond, and Maj. W. H. Bixby.)

In charge:

Lt. Col. J. D. Kurtz, 1870-77; **71**, **77**, **R., 71**, 704, 707; **72**, 783; **73**, 872, 899-929; **74**, ii, 140; **75**, ii, 189-193; **76**, 274; **77**, 265.

Col. J. N. Macomb, 1877-1881; 78, 59. R., 78, 439; 79, 420, 485; 80, 561, 563, 577, 579; 81, 733, 736, 752, 756.

Capt. W. Ludlow, 1881-82. R., 82, 725, 728, 740, 743.

Lt. Col. G. Weitzel, 1882-84. R., 83, 594, 596, 607, 609.

Lt. T. L. Casey, Mar. 19 to Apr. 19, 1884, 84, 792. Maj. W. H. Heuer, 1884-85. R., 84, 792, 794, 808, 809; 85, 802.

Lt. Col. H. M. Robert, 1885-90. R., 85, 798, 833, 834, 835, 836; 86, 801, 820, 826, 828, 829; 87, 786-799; 88, 669; 89, 847; 90, 878.

Maj. C. W. Raymond, 1890-. R., 90, 866; 91, 1022; 92, 900; 93, 1142; 94, 827; 95, 1021, 1080; 96, 877; 97, 1192; (Lt. Col.) 98, 1075, 1105; 99, 1317; 00, 1557, 1615.

Assistants:

M. Merriam. R., 73, 900.

F. F. Weld, 73, 900.

Capt. W. Ludlow, 78, 59. R., 79, 434.

Thomas Valentine. R., 78, 439, 440; 83, 601; 84, 802, 803, 809, 810; 85, 811.

A. H. Fisher, 79, 421.

A. Stierle. R., 83, 595, 598, 599; 84, 792, 797, 800; 85, 813.

J. J. Lea. R., 83, 601, 602.

T. G. Locke. R., 83, 608.

J. H. Dager. R., 83, 610.

Lt. T. L. Casey. R., 85, 815.

E. A. Giesler. R., 85, 817.

ESTIMATES. (See Plans and Projects.)

By M. Merriam, asst. eng., for imp. between Trenton and Easton, \$23,110.54, 73, 917-921. By Lt. Col. Kurtz, for the same, \$25,922.33, 73, 923.

By Lt. Col. Kurtz, for imp. Trenton to Bordentown, at Periwig Isld., \$65,000 and \$75,000, 71, 81, 708; 74, ii, 142; 76, 276; 77, 268.

By Lt. Col. Kurtz, for imp. at Horseshoe Shoals, for ice boats, \$1,000,000, 72, 78, 787; for ice barriers, \$1,062,000, 72, 78, 790, 791; for open cut or ship canal, \$1,300,000, 72, 78, 787, 788.

By B.E., for wooden ice barriers 8,000' in length, \$211,435.18, 73, 878.

By Lt. Col. Kurtz, for imp. at Bulkhead Shoals, \$275,000, 75, ii, 192.

By Col. Macomb, for various imp. Trenton to Philadelphia, 79, 422.

By Capt. Ludlow, for removal of Schooner Ledge to 24', \$226,940, 79, 435.

By Col. Macomb, for dr. Cherry Isld. Flats, \$304,000, 79, 438.

LEGAL PROCEEDINGS.

Injunction granted by New Jersey against constr. of Fishers Pt. dike, 86, 804, 806, 813, 815. Injunction removed by U. S. circuit court, 86, 807.

LEGISLATION.

By Pennsylvania, for imp. of the R. Trenton to Easton, 73, 909, 927. By New Jersey, for the same, 73, 928.

OPERATIONS.

Between Trenton and Bordentown and Whitehill:

1873-74. Dr. 60,000 c. y. from Periwig Isld. Shoal, giving a cut 6' x 75', 74, ii, 142; 75, ii, 193.

1874-75. Width of chan. increased to 125', 75, ii, 193; 77, 267.

1878-79. A chan. cut at Bordentown 7' x 200' 79, 69, 421.

At Fort Mifflin Bar:

1873-74. Dr. 140,000 c. y., 74, ii, 140.

1874-75. Dr. 265,000 c. y., 75, ii, 189.

1875-76. Dr. 125,016 c. y., 76, 60. Work ceased Apr. 5, 1876, under the above title, and was continued under the app. for the Del. R. "between Pettys Isld. and its mouth," 76, 60, 274; and "below Bridesburg," 78, 61, 440.

1875-76. Dr. 96,221 c. y., 76, 60, 274.

1876-77. Dr. 100,000 c. y., 77, 55.

1877-78. Dr. 62,000 c. y., 78, 61, 440.

1878-79. Dr. 98,000 c. y., 79, 70, 426.

At Horseshoe Shoals:

No operations, the experience during the winter of 1874-75 showing that the ice boats were amply sufficient to keep the navigation open. The unexpended balance (\$49,500) to be used on the R., Pettys Isld. to mouth, 75, ii, 191; 76, 274.

Pettys Isld. to mouth. (See also at Fort Mifflin Bar, ante.)

Work ordered by the Chief of Engineers, 75, ii, 191.

1875-76. Dr. 98,000 c. y. at Bulkhead Shoals, and a sunken wreck removed from below Reedy's Isld. at cost of \$900, 76, 60, 274.

1876-77. Wreck removed below Horseshoe Buoy, 77, 55.

Below Bridesburg. (See also Mifflin Bar, ante.)

1877-78. A wreck removed from the chan., Pea Patch Isld., 78, 61, 440.

1878-79. A gravel shoal off Christian St., Phila., removed to 25', 79, 70, 426.

At Schooner Ledge:

1878-79. Borings made, 79, 433.

Between Trenton and Bordentown and Whitehill:

1879-80. Closing of Duck and Long Isld. Bar back chan. with timber dikes filled with gravel, 80, 561; 81, 734. 12,760 c. y. dr. from chan. at Bordentown and Periwig Isld., 80, 562.

1880-81. 47,645 c. y. dr. from chan. at Bordentown; Duck and Long Isld. Bar dikes repaired, 81, 734.

1881-82. 21,085 c. y. dr. from chan. at Bordentown, 82, 726.

1882-83. Repairs to Duck and Long Isld. Bar dikes; 11,428 c. y. dr. from chan. at Bordentown, 83, 595.

1883-84. 6,120 c. y. dr. from chan. at Bordentown 84, 123, 793.

Below Bridesburg:

1879-80. 48,132 c. y. dr. from chan. w. of Pettys Isld., opposite Port Richmond, 80, 564. 71,000 c. y. dr. Mifflin Bar, 80, 564. 5,000 c. y. dr., Bulkhead Shoals, 80, 565, 577.

1880-81. Chan. 9' x 75' dr. across upper end of Fivemile Bar, 81, 736. 72,198 c. y. dr. from chan. w. of Pettys Isld., 81, 737. 10,000 c. y. dr. chan. across upper end of Smiths Isld. Bar, 81, 737. 13,252 c. y. dr., Mifflin Bar, 81, 739.

1881-82. 6,500 c. y. dr., chan. at upper end Pettys Isld., 82, 729. 38,869 c. y. dr. chan., Port Richmond, 82, 730. 13,000 c. y. dr., chan. across upper end of Smiths Isld. Bar, 82, 731. 22,000 c. y. removed, Mifflin Bar, 82, 732. 40,000 c. y. removed, Bulkhead Shoal, 82, 733.

1882-83. 7,516 c. y. removed, chan. Port Richmond, 83, 597, 598. 11,566 c. y. removed, bar at upper end of Pettys Isld., 83, 598. 135,194 c. y. removed, Mifflin Bar, 83, 600. 67,119 c. y. removed, Bulkhead Shoal, 83, 601.

1883-84. 29,446 c. y. removed, chan. Port Richmond, 84, 795. Aggregate of material removed at this point, 200,412 c. y., 84, 798. 23,394 c. y. removed, Smiths Isld. Bar at upper end of isld., 84, 801. 80,154 c. y. removed, Mifflin Bar, 84, 802. 111,281 c. y. removed, Bulkhead Shoal, 84, 803.

1884-85. 16,372 c. y. removed, Smiths Isld. Bar, 85, 834.

At Schooner Ledge:

1879-80. 1,386 c. y. r. and bowlders, and 2,309 c. y. sand and gravel removed, 80, 577.

1880-81. 476 c. y. r. and bowlders, and 1,740 c. y. sand and gravel removed, 81, 753. Cost r. removed, \$25.11 c. y., 81, 754.

1881-82. 1,886 c. y. r., 834 c. y. bowlders, and 3,867 c. y. sand and gravel removed, 82, 741.

1882-83. 1,481 c. y. r., 643 c. y. bowlders, and 3,566 c. y. sand and gravel removed, 83, 608.

1883-84. 288 c. y. r. removed, 84, 809.

At Cherry Island Flats:

1879-80. Commencement of operations; 300,-000 c. y. dr. from chan., 80, 579.
1880-81. 405,374 c. y. dr. from chan., 81, 757.
1881-82. 409,342 c. y. dr. from chan., 82, 743.
1882-83. 338, 423 c. y. dr. from chan., 83, 610.
1883-84. 141,601 c. y. dr. from chan., 84, 810.

From Trenton, N. J., to the mouth:

1885-86. Constr. of gravel dike between Long Bar and Emily Islds., 86, 803. Constr. of 3,500 l. f. of brush and st. dike at Fishers Pt., 86, 803. 91,194 c. y. dr. chan. across upper end of Fivemile Bar, 86, 805. 105,331 c. y. dr. main ship chan. w. of Petty's Isld., 86, 805. 98,145 c. y. dr. from chan. across Mifflin Bar, 86, 806. Partial constr. of 1,800 l. f. of dike at Mifflin Bar, 86, 804. Sur. and tidal observations in progress, 86, 802.

1886-87. 33,806 c. y. dr. chan. across upper end of Fivemile Bar, 87, 789. 60,019 c. y. dr. main ship chan. w. of Petty's Isld., 87, 789. Constr. of 1,100 l. f. of revet., and the removal, by dr., of 58,125 c. y. in the formation of a chan. across Smiths Isld. Bar, 87, 790. Partial constr. of 7,200 l. f. of dike at Mifflin Bar, 87, 788. Commencement of dike from lower end of Reedy Isld., 87, 789. Sur. between Bridesburg and Trenton, and tidal observations at points below Phila. in progress, 87, 786, 787.

1887-88. 23,107 c. y. st. placed in Mifflin Bar Dike, 88, 672. 20,000 c. y. dr. chan. across Smiths Isld. Bar; 2,200 c. y. brush mattress and 18,300 c. y. st. placed in Reedy Isld. Dike, extending the same 2,000', 88, 673, 674.

1888-89. 6,141 c. y. st. placed in Fishers Pt. Dike, 89, 851. 1,000 l. f. of pile dike built at Fishers Pt., 89, 852. 52,471 c. y. dr. from main ship chan. near Port Richmond, 89, 852. 6,380 c. y. st. placed in Mifflin Bar Dike, 89, 854. 62,221 c. y. dr. chan., Bulkhead Shoal; 3,673 c. y. of brush and 20,267 c. y. st. placed in Reedy Isld. Dike; 250 c. y. r. removed at Schooner Ledge, 89, 856, 857.

1889-90. 600 l. f. of pile and st. dike built, Kinkora Bar, 90, 869. 10,773 c. y. st. placed in 3,500 l. f. of dike, Fivemile Bar, 90, 870. 89,790 c. y. dr. main ship chan., Port Richmond, 90, 871. 1,178 c. y. r. removed chan. near the foot of Otis St., Phila.; 20,452 c. y. brush mattress and 10,397 c. y. st. placed, Reedy Isld. Dike, 90, 872, 874.

1890-91. 600 l. f. of pile and st. dike and 200 l. f. of earthen embankment completed, Kinkora Bar, 91, 1023. 1,300 l. f. of e. dike completed, Bulkhead Bar, 91, 1024.

1891-92. Dike completed and chan. 12' x 175' dr. across Kinkora Bar; 2,650 l. f. of e. dike built, and 51,810 c. y. dr., Bulkhead Bar, 92, 903.

1892-93. 669,630 c. y. dr., Cherry Isld. Flats, 93, 1145. 532 t. st. deposited, Bulkhead Bar Dike, and some repairs made, 93, 1145.

1893-94. Repairs made to Mifflin Bar Dike, 94, 829. 290,832 c. y. dr., Cherry Isld. Flats, 94, 830. Dike, Bulkhead Bar, strengthened and repaired, 94, 831.

1894-95. 19,826 c. y. dr., Perriwig Bar, 95, 1024. Dike at Mifflin Bar repaired and raised to a height of 8' m. l. w., 95, 1024. Bulkhead Bar Dike strengthened and repaired; and 165,865 c. y. dr. chan. in the vicinity, 95, 1026. Portion of old wreck removed from R. near Ship John Light, 95, 1027.

1895-96. 7,331 c. y. dr., Perriwig Bar, dipper measurement, 96, 883. 170 t. st. deposited in repair of Mifflin Bar Dike, 96, 884. 137,202 c. y. dr., Bulkhead Bar, 96, 884. 3,151 c. y. of mattresses and 6,682 t. st. placed in dike, Reedy Isld., 96, 885.

1896-97. 169,235 c. y. dr., Cherry Isld. Flats, 97, 1193. 756,316 c. y. dr. vicinity of Dan Baker Shoal, 97, 1193. Enlargement and repair of dike, Fort Mifflin, in progress, 97, 1193. In 1896 simultaneous tidal observations taken at 27 stations, Delaware Break'r to Trenton, N. J., 97, 1192.

1897-98. 14,500 c. y. dr., Perriwig Bar, 98, 1076. 344,208 c. y. dr., Cherry Isld. Flats, 98, 1077. 3,069,334 c. y. dr. vicinity of Dan Baker Shoal, 98, 1078. Enlargement and repair of dike, Fort Mifflin, completed, 98, 1078.

1898-99. 539,991 c. y. dr. vicinity of Holly Oak Reach; 513,435 c. y., Cherry Isld. Flats, and 129,127

c. y., shoal below Christiana R., 99, 1319. 253,581 c. y. dr. between Pennsville and Bulkhead Bar, 3,186,270 c. y. vicinity of Dan Baker Shoal, and Bulkhead Bar Dike repaired, 99, 1320, 1321.

1899-00. 832 c. y., s. m., r. removed, opposite Petty's Isld., 00, 1559. 2,500 l. f. of bulkhead partly constr. for the 30' chan. imp., 00, 1560.

PHYSICAL CHARACTERISTICS.

Between Trenton and Easton, 73, 900, et seq. Ice floods, upper R., 73, 904.

Rainfall, discharge, velocity, etc., 73, 905.

Falls and rifts, 73, 908.

Stages of water, 73, 923.

Heights along R., 73, 923.

Bridges, Trenton to Easton, 73, 925.

History, Scudders Falls, 73, 928.

Proposed line of navigation from the Delaware R. to the N. Y. State line, 73, 926.

Trenton to Bordentown, 71, 81, 707.

Horseshoe Shoals, 71, 705, 783; 79, 423.

Schooner Ledge and Cherry Isld. Flats, 79, 71, 433-436.

Mifflin Bar, 79, 424, 425.

Bulkhead Shoals, 79, 427.

R. in general, 79, 423; 98, 1106; 00, 1619.

Ice Hs., 79, 424.

Average winter temperature, 72, 784.

Law of increase of cross-sectional areas, 85, 817, 819.

Current observations at 8 cross sections, Fishers Pt. to Bombay Hook, 89, 848.

Tidal observations, Bridesburg to Trenton, 90, 878, 879.

Condition, R. chan. Philadelphia to Trenton, 90, 880.

Causes that complicate the constr. of a l.-w. chan. of proper w. and d., Delaware R., 95, 1081.

Tidal observations, 1896, 97, 1192.

PLANS. (See Estimates and Projects.)**Trenton to Easton:**

By M. Merriam, imp. by wing-dams, dr., or scraping, and removal of rs. by drilling and blasting, at Ground Hog, Blackguard Isld., and other places; est., \$23,110.54, 73, 921. Increased, Lt. Col. Kurtz, to \$25,922.35, 73, 929.

Horseshoe Shoals:

By Lt. Col. Kurtz, for: (1) breaking up the ice by ice boats and removing it; (2) for imp. of the waterway; (3) for unencumbered chan., 72, 786. Discussion—the first requiring 3 ice boats at an average yearly expense of \$83,400, equivalent to a permanent sinking of \$1,000,000, 72, 78, 786. Est., 2d plan, \$1,062,788.62, 72, 791; 3d plan, \$1,300,000 to \$1,700,000, 72, 787, 788. The 2d plan recom., 72, 78. (See Projects.)

By Col. Weitzel, 1883, w. Penn. chan. opposite Petty's Isld., by removal of a part of the w. side of isld. near its lower end, 84, 795. In 1884 Maj. Heuer submitted est. of \$1,010,460, 84, 796.

Lt. Col. Robert, 1890, considered any valuable and permanent imp. Bordentown to Trenton would require the expend. of a much larger sum than would be justified, 90, 882.

PRIVATE (STATE, CITY, AND CORPORATE) WORK.**Trenton to Easton:**

In 1771 Penn. appointed 26 commissioners to receive subscriptions for imp. the R., and subsequently made app. as follows: 1817, \$10,000; 1866, \$10,000, 73, 927. Large amount expend. by canal companies and private parties in building wing dams and in removal of r. and other obstr., 73, 909, 915.

1896-97. 86,625 c. y. r. and other materials removed by Phila. from Schooner Ledge, 97, 1194.

1897-98. 28,615 c. y. r. and other materials removed from Schooner Ledge, and 1,017,780 c. y. dr. from chan., vicinity of Mifflin Bar, by Phila., 98, 1078.

1898-99. 534,226 c. y. r. and other material removed from Greenwich Pt., Mifflin Bar, and below Schooner Ledge by Phila., 99, 1321.

PROJECTS. (See Estimates and Plans.)

Trenton to Easton:

By Lt. Col. Kurtz, imp. at various points; est., \$25,922.33, 73, 929.

Trenton to Bordentown:

By Lt. Col. Kurtz, cut 200' x 6' l. w. at e. end of Perriwig Isld. and below Newbolds Isld.; est., \$75,000. Chan. on w. side of Perriwig Isld.; est., \$65,000. The former recom. as most advisable, 71, 81, 707; 74, ii, 142.

Horseshoe Shoals:

By Lt. Col. Kurtz, open ice barriers; cost, \$1,062,778, 72, 78, 786, 788. Approv. by B.E., 73, 877; imp. to be deferred until experience proved that ice boats could keep the chan. open, 74, 92.

Fort Mifflin Bar:

By Lt. Col. Kurtz, cut 22' x 1,500' l. w.; est., \$150,000, 73, 872.

Cherry Island Flats:

By Col. Macomb, imp. w. chan. by removing 1,520,000 c. y. by dr.; est., \$304,000, 79, 438.

Bulkhead Shoals:

By Lt. Col. Kurtz, removal of 900,000 c. y., to straighten chan.; est., \$275,000, 75, ii, 192.

Schooner Ledge:

By Capt. Ludlow, removal of r. to 24'; est., \$226,940, 79, 435.

Trenton to Bridesburg:

Efforts of the past, directed toward the imp., Trenton to Whitehill, by dr. through the bar in vicinity of Bordentown and Perriwig Shoal, to furnish navigable chan. carrying 6'-8' at m. l. w., 84, 122; 85, 115, 803; 86, 113.

Plans for the comprehensive imp. not yet considered, 86, 113.

Below Bridesburg:

By Col. Weitzel, 1884, dr. chan. across Smiths Isld. Bar, just above the isld., 10' x 350' m. l. w., for the accommodation of the cross-river traffic, 84, 124, 800; 85, 805, 813, 814.

In 1885 Lt. Col. Robert proposed chan. 10' x 200' across Smiths Isld. Bar in the vicinity of that executed under the previous proj. To provide as far as possible against the refilling of the chan., it was proposed to give it protection by a line ofrevet. placed on each side of the dr. chan. and also oblique to the axis of the bar, to direct into it a part of the ebb tide; est., \$40,000, 86, 806, 826; 87, 793, 794.

The projs. prior to 1885 for imp. of the R., Phila. to B., have been directed toward chans. 24' m. l. w. across bars below Phila. by means of dr., except at Schooner Ledge, where solid r. was to be removed, 85, 115, 804; 86, 113.

The B.E., 1885, recom. ship chan. from a point opposite the upper end of Pettys Isld. to d. w. in Del. B., having a least w. of 26' x 600' m. l. w. Such a chan. to be obtained, except at Schooner Ledge, where r. would require to be removed, by regulating the tidal flow with dikes, with recourse to dr. where necessary as an aid to such contracting and regulating works; est., \$2,425,000, 85, 802, 822, 830. The proj. for the imp., Trenton to Phila., to be submitted after completion of detailed sur., 85, 799, 822; 86, 113.

By Lt. Col. Robert, 1888, removal of 1,200 c. y. ledge r. in chan. near the foot of Otis St., Phila.; est., \$3,800, 90, 871.

By Lt. Col. Robert, 1890, imp., Phila. & Trenton, by the formation of a 12' l.-w. chan. across Kinkora Bar with pile and st. dike partly closing the slough s. of Newbolds Isld., supple. by dr. on the line of the proposed chan.; est., \$15,000, 90, 869. By Maj. Raymond, 1890, imp. of Bulkhead Shoal by a modification of the proj. of 1885, whereby the imp. of the locality is to be accomplished with 2

pile and st. h.-w. dikes; the e. dike, 4,200', starting from the N. J. shore and passing obliquely across the e. ebb chan., and the w. dike, 6,800', situated upon the opposite side of the bar; est., both dikes, \$280,000, 90, 873, 874.

By Maj. Raymond, 1892, 26' x 500' chan., Cherry Isld. Flats, by dr.; est., \$100,000, 93, 1145.

By Maj. Raymond, 1895, 6' x 200' chan., Perriwig Bar, by dr.; est., \$4,543.93, 95, 1024.

By Maj. Raymond, 1894, 26' x 600' chan., vicinity of Bulkhead Bar, by dr.; est., \$56,232; repairing e. dike, est. \$13,300, and repair of Mifflin Bar Diike, est. \$1,000, 95, 1025, 1026.

By Maj. Raymond, 1895, repair of Reedy Isld. Diike, with sufficient st. to raise it 1' above m. l. w., and for constr. of another portion of the proj. dike, commencing at the Del. shore and extending up stream for about 11,600'; est., \$120,000, 95, 1027.

Act June 3, 1896, required expend. of \$3,000 in rebuilding and enlarging dike on U. S. reservation at the junction of Schuylkill and Del. Rs. at Ft. Mifflin, 96, 884; 97, 1193.

In 1896 the adopted proj. for the imp. of R. modified on the recom. of B.E. to provide for enlargement of chan., head of B. to d. w. above Dan Baker Shoal, by dr. instead of by the action of dikes, 97, 1193.

Act June 3, 1896, required expend. \$5,000 from app. for the R. on Perriwig Bar. Maj. Raymond proposed, 1897, to w. the chan. to 200' over the l. of the bar, 98, 1076.

By Lt. Col. Raymond, 1899, dr. and blasting a 30' x 600' chan., Christian St., Phila., to d. w. in Del. B., along the axis of the main ship chan., and for r. removal, Pettys Isld.; total est., \$5,935,000, if completed within 6 years of commencement, 99, 1321. Board of 1899 provided for constr. of bulkhead basin, Dan Baker Shoal, in which would be deposited dr. material from the 30' chan., forming an isld. that would probably help to maintain chan. in that vicinity; est., according to Board, of 30' chan., \$5,810,000 (map), 99, 1321; 00, 1623.

By Lt. Col. Raymond, 1899, expend. of \$125,000, app. act Mar. 3, 1899, for removal of r. near Pettys Isld., 99, 1322.

By Lt. Col. Raymond, 1899, reservation of \$18,400 from app. June 3, 1896, for repair and mainten. of dikes, 00, 1561.

SURVEYS.

Trenton to Easton, in progress, 72, 79. R. on, 73, 899, 900. Cost of sur., \$2,738.24, 73, 900.

Trenton to Bordentown, au. act July 11, 1870, in progress, 70, 71. R. on, 71, 707.

Whitehill, to above Bordentown, 79, 70, 421.

Horseshoe Shoals, au. act Mar. 3, 1871, 71, 81, 704;

72, 77. R., 72, 783.

Below League Isld., au. act June 18, 1878, 78, 63;

79, 75. R., 79, 485.

APPROPRIATIONS. (See Part (a).)

COMMERCE.

In 1906, 26,111,047 t., **07**, 179.

Regulations, use of main ship chan., below Phila., prescribed by Sec. of War, **01**, 1312.

C. advantages from deepening chan. below Phila., and its mainten., to sea; details, **09**, 191.

Diagram showing app., tonnage, and value, 1890 to 1910, **11**, 1354; **12**, 1568-73.

Freight rates lowered on raw materials, between foreign and domestic ports, in bulk quantities, **11**, 238.

CONTRACTS.

1901. Hughes Bros. & Bangs, furnishing and placing st.; American Dredging Co., dr., **02**, 1027.

1902. American Dredging Co., dr., 13½¢ c. y., s. m.; American Dredging Co., retaining banks, 48¢ c. y., **03**, 961. Sanford & Brooks Co., 19,768 l. f. timber bulkhead, Baker and Stony Pt. Shoals, round piles, 17¼ l. f.; yellow pine timber, \$37.50 M f. b. m.; ironwork, 46 lb., **03**, 959, 962. Hughes Bros. & Bangs, st., \$1.20 t., **03**, 962.

1903. American Dredging Co., timber and st. bulkhead, Baker Shoal, prices listed, **03**, 962. F. K. Wills Construction Co., 9,979 l. f. timber bulkhead at Edgemoor, Del., prices listed, **03**, 959, 962. Hughes Bros. & Bangs, suppl., contract of 1902, increase in quantity of st.; last agreement, \$1.35 t., **04**, 1184. Richardson & Ward, st., \$1.09 t., **04**, 1189. Baltimore Construction Co., 3,000 l. f. bulkhead, Edgemoor, Del., prices listed (annulled Mar. 10, 1904), **04**, 1185, 1186.

1904. Maryland Steel Co., self-propelling hopper dredge, \$358,400, **04**, 1189. Centrifugal pump dr. *Uncle Sam* purchased, \$18,855.94, **04**, 1187.

1905. Sanford & Brooks Co., timber revet., wiers, sluices, trestle, and raising and repairing retaining banks, Fort Du Pont; raising and repairing retaining banks, Fort Delaware; to be paid by Q.M. Dept., **05**, 1069. F. K. Wills Construction Co., bulkhead, Edgemoor, not to exceed 5,800 l. f., with rows of 3 piles instead of 5 as in orig. contract, **05**, 1070. Sanford & Brooks Co., dr. sec. 3, subsec. A, 15.45¢ c. y., s. m.; Maryland Dredging & Contracting Co., dr. sec. 3, subsec. B, 15.4¢ c. y., s. m.; American Dredging Co., dr. sec. 4, subsec. A, 14¢ c. y., s. m.; sec. 4, subsec. B, 14½¢ c. y., s. m.; and sec. 5, subsec. A, 15½¢ c. y., s. m., **06**, 1031.

1906. Ellicott Machine Co., rehandling machine *Catawact*, \$80,600, **06**, 1027, 1028. Removal of datum point, Del. R., near Salem Creek, \$425, **06**, 1029.

1907. American Dredging Co., dr. (2 contracts); sec. 5, subsec. A, 16¢ c. y., s. m.; and sec. 5, subsec. B, 17¢ c. y., s. m., **08**, 1132, 1133. Sanford & Brooks Co., pumping dr. material into basin, Fort Du Pont, 76 c. y., s. m., deposited, **08**, 1129.

1908. American Dredging Co., dr. sec. 1, 13½¢ c. y., s. m.; sec. 3, 16¢ c. y., s. m.; sec. 5, subsec. A, 15.8¢ c. y., s. m., **09**, 1133.

1909. American Dredging Co., dr. sec. 1, 1,000,000 c. y., 12.3¢ c. y., s. m., **09**, 1133, 1134.

1910. American Dredging Co., dr. 5 localities; yardage and prices listed, **11**, 1354.

1911. American Dredging Co., dr. about 1,617,000 c. y., 15½¢ c. y.; American Contracting Co., dr. about 500,000 c. y., 16½¢ c. y., **12**, 1568.

1912. The Breakwater Co., dike constr.; locations, quantities, and prices listed, **12**, 1568.

ENGINEERS.

Chief of Engineers. **R.**, **01**, 230; **02**, 172; **03**, 159; **04**, 149; **05**, 156; **06**, 168, 177; **07**, 176; **08**, 184; **09**, 188; **10**, 213; **11**, 236; **12**, 283.

In charge:

Lt. Col. C. W. Raymond, 1901-02. **R.**, **01**, 1310.
Lt. Col. J. A. Smith, 1902. **02**, 151.
Capt. Spencer Cosby, 1902-03. **R.**, **03**, 1025.
Lt. Col. C. W. Raymond, 1903. **03**, 159.
Capt. J. C. Sanford, 1903-08. **R.**, **03**, 957; (Maj.) **04**, 1181; **05**, 1065; **06**, 1021; **07**, 1079.
Maj. Herbert Deakynne, 1908-12. **R.**, **08**, 1121; **09**, 1131; **10**, 1256; **11**, 1351; **12**, 1564.

Assistants:

Capt. J. B. Cavanaugh, 1901. **01**, 229.
Capt. Spencer Cosby, 1901-02. **01**, 229; **02**, 151.

LEGAL PROCEEDINGS.

Libel filed, U. S. district court for N. J. against coal barge *Alaska*, owned by Phila. & Reading Ry. Co., to recover damages for sinking scow belonging to U. S.; and judgment for U. S., \$1,400 and costs amounting to \$100.80; \$1,400 credited to app. for imp. Del. R., Pa. and N. J., **09**, 1140.

LEGISLATION. (See Commerce.)

By States of Del. and N. J., to cede certain land to U. S., **07**, 1087, 1095, 1096.

OBSTRUCTIONS.

Navigation usually greatly handicapped by ice in winter; kept open by ice boats, **12**, 1566.

OPERATIONS.

1900-01. 18,063 c. y., s. m., r. and overlying material removed from opposite Pettys Isld., **01**, 1311. 8,140 l. f. bulkhead completed and accepted and 2,200 l. f. partly constr. for the 30' chan., Dan Baker Shoal, **01**, 1311, 1312. 1,004,338 c. y., s. m., removed, chan. through part of Dan Baker Shoal, and 85,650 c. y., dipper meas., addl., cast over against inner face of completed bulkhead to form backing, **01**, 1312.

1901-02. 3,135 c. y., s. m., r. and overlying material removed opposite Pettys Isld.; work completed, **02**, 1026. 3,557 l. f. bulkhead completed; 1,263,212 c. y., s. m., removed from chan., Dan Baker Shoal, and contract completed; 32,830 t. st. deposited at bulkhead, **02**, 1027.

1902-03. 919,729 c. y., s. m., dr. chan., Baker Shoal, **03**, 958. 2,790,006 c. y., s. m., dr. Salem Cove, Duck Creek Flats, and Baker Shoal, and 24,829 c. y. heavy material deposited in retaining bank within bulkhead; 2,500 l. f. bulkhead completed and 800 l. f. partly constr.; 87,002 t. st. deposited to raise bank across Basin A within bulkhead, Baker Shoal, **03**, 959. 600 l. f. bulkhead, Edgemoor, partly constr., **03**, 960. Mainten. and repair of dikes, **03**, 959, 960.

1903-04. 4,679,379 c. y., s. m., dr. chan. at Salem Cove, Duck Creek Flats, and Baker Shoal; 815,050 c. y. deposited on Pea Patch Isld. since commencement of dr.; timber bulkhead, 1,893 l. f., ripped with st. across end of Basin B, Baker Shoal, completed; old wreck removed from Duck Creek Flats; 14,000 l. f. bulkhead completed, **04**, 1183. 4,930 l. f. 1-row bulkhead completed; total length

constr., 18,930 l. f.; 375 l. f. 1-row constr. carried away replaced, **04**, 1183, 1184. Total of 183,333 t. st. deposited for buttresses, and contract completed; 61,491 t. st. deposited for buttresses, **04**, 1184, 1,500 l. f. bulkhead, Edgemoor, constr., and 600 addl. partly constr., **04**, 1186. Piling for only 380 l. f. bulkhead driven by Baltimore Construction Co.; 103,635 c. y. drd. by U. S. dr. *Cape Fear* from chan., Cherry Isld. Flats, **04**, 1186. 105,340 c. y. drd. by U. S. dr. *Cumberland* from chan., Cherry Isld. Flats, and 28,084 c. y. from Deep Water Pt.; 376 c. y. r. and 11,954 c. y. mud, sand, and gravel drd., Schooner Ledge, **04**, 1186, 1187. 22 holes drilled, 10 holes blasted, and 262 lbs. dynamite used by U. S. plant, Schooner Ledge, **04**, 1187.

1904-05. 2,827,106 c. y. drd., Baker, Salem Cove, and Duck Creek Flats, 24,829 c. y. of which placed in retaining banks; 83,764 t. st. deposited in buttresses; timber work of Baker Shoal bulkhead completed; 199,471 c. y. deposited at Fort Du Pont retaining banks, and 373,897 c. y. at Fort Delaware banks; 31,784 c. y. drd. material deposited within marsh land at Crum Creek; 3,035 l. f. bulkhead constr., Cherry Isld. Flats; U. S. dr. *Cumberland* removed 155,559 c. y. and U. S. dr. *Burton* 85,722 c. y. from chan., Cherry Isld. Flats, and U. S. dr. *Gen. Gillespie* removed 135,147 c. y. from chan. at Cherry Isld. Flats and Deep Water Pt. Range; 64,946 c. y. overlying material and 2,080 c. y. r. removed from Schooner Ledge; dr. *Cumberland* removed 638 c. y. and dr. *Gen. Gillespie* 108,813 c. y. from Deep Water Pt. Range; U. S. dr. *Burton* removed 21,165 c. y., Tinicum Isld. Flats, **05**, 1066-74.

1905-06. 213,002 c. y., s. m., drd., chan. in sec. 3, subsec. A, **06**, 1022. 346,472 c. y., s. m., drd., chan. in sec. 3, subsec. B; 2,213,671 c. y., s. m., drd., chan. in sec. 4, subsecs. A and B, and sec. 5, subsec. A, **06**, 1023. Retaining banks at Forts Du Pont and Delaware raised and repaired and subsequent breaks repaired and paid for by Q.M. Dept., **06**, 1024, 1025. 663,360 c. y. deposited behind retaining banks at Fort Du Pont and 11,782 c. y. at Fort Delaware, **06**, 1025. 27,785 c. y. overlying material and 6,746 c. y. ledge r. removed, and 15,139 c. y. (est.) r. blasted; material removed deposited at Edgemoor, Crum Creek, and Salem Light, **06**, 1025, 1026. 129,870 c. y. removed by U. S. dr. *Hell Gate* and 200,133 c. y. by U. S. dr. *Delaware* from Tinicum Isld. Flats, **06**, 1026. 232,924 c. y. removed by U. S. dr. *Delaware* at Mifflin Bar, **06**, 1026. 686,533 c. y., s. m., deducted from 10,296,491 c. y., s. m., removed under contract Sept. 9, 1902, 9,609,958 c. y. paid for, **06**, 1028. About 63% of approv. proj. done, **06**, 1030. H. lines front of city of Chester established by Sec. of War, **06**, 1030. Repairs to U. S. plant, **06**, 1026. U. S. suction dr. *Delaware* placed in commission, **06**, 1027. Rehandling machine *Cataract* placed at work, **06**, 1028.

1906-07. Up to June 30, 1907, 690,000 c. y., s. m., removed, chan. in sec. 3, subsec. A, and deposited at Fort Du Pont, Fort Delaware, and on Scott property; U. S. dr. *Delaware* removed 60,852 c. y. of this, **07**, 1080, 1081. Up to June 30, 1907, 1,180,000 c. y., s. m., removed from chan. in sec. 3, subsec. B, and deposited at Forts Du Pont and Delaware, on Scott property and above mouth of Christiana R., **07**, 1081. Total of 4,382,223 c. y., s. m., removed from chan. in subsec. 4A, subsec. 4B, and subsec. 5A; contract completed; material pumped ashore at Pidgeon Pt., Edgemoor, and Repaupo Pt.; dimensions of chan. made, **07**, 1081. Total removed by U. S. under general proj. to June 30, 1907, under contracts, and by U. S. plant, exclusive of r. area at Schooner Ledge and drg. paid for by Penn. and city of Phila., 20,590,000 c. y., s. m., **07**, 1082. 12,821 c. y. overlying material, 2,784 c. y. ledge r. removed, and 15,665 c. y. (est.) r. blasted, Schooner Ledge, and deposited at Edgemoor, Crum Creek, and Salem Light; 60,852 c. y. removed by U. S. dr. *Delaware*, Deep Water Pt. Range, and deposited at Fort Delaware and Mifflin Bar Dike; 69,542 c. y. removed by U. S. dr. *Delaware*, Mifflin Bar; 43,343 c. y. removed by U. S. dr. *Delaware* from Tinicum Isld. Shoal; 8,896 c. y. removed in mainten. drg. on Liston Range,

and deposited in d. w. in Del. B.; dr. *Delaware* worked in N. Y. dis. Feb. 5 to Apr. 4, 1907, **07**, 1083. 79,150 c. y. removed from Liston Range and deposited in d. w., Del. B., **07**, 1083, 1084. Quarters built and imp. made in machinery of *Cataract*; ponton pipe line built and extended as orig. pipe wore out; dr. *Uncle Sam* suppl. work of *Cataract*, **07**, 1084. To June 30, 1907, total of 1,784,056 c. y. pumped ashore at Fort Delaware, and 945,293 c. y. at Fort Du Pont, **07**, 1086.

1907-08. Under decision Comp. Treas., Sanford & Brooks Co. allowed and paid for 227,068 c. y., s. m., forming part of total quantity deducted in the account as overdepth dr. This quantity is included in total amount dr. (1,492,693 c. y.) in sec. 3, subsec. A, under contract, **08**, 1123. Total of 1,615,210 c. y., s. m., removed by Maryland Dredging & Contracting Co. in sec. 3, subsec. B, completing contract; material pumped ashore at Fort Du Pont, Fort Delaware, on Scott property, above mouth of Christiana R., Repaupo Pt., N. J., and Eagle Pt., N. J.; final payment not made, as it is proposed to pay for material removed between depths of 31' and 32' m. l. w., which had previously been deducted and not paid for; computation not completed, **08**, 1123. 813,847 c. y., s. m., removed in sec. 4; work completed, **08**, 1124. 496,416 c. y., s. m., removed in sec. 5A, and 241,169 c. y., s. m., in sec. 5B, and pumped ashore at Edgemoor, mouth of Christiana R., in Ridley Creek Basin, and in basins provided by contractor, **08**, 1124. Total removed from chan. under contracts and by U. S. plant, exclusive of r. area at Schooner Ledge and dr. by Penn. and city of Phila., 23,334,000 c. y., s. m., to June 30, 1908, **08**, 1124. At Schooner Ledge, main work of blasting completed June 15, 1908, **08**, 1124. 79,883 c. y. overlying material, 8,261 c. y. ledge r. and 23,497 c. y. (est.) r. blasted, and deposited at Edgemoor bulkhead, Ridley Creek, and Blacks farm, **08**, 1125. Night work begun Sept. 5, 1907, by all the Schooner Ledge plant, **08**, 1125. To June 30, 1908, total of 2,008,177 c. y., s. m., pumped ashore at Fort Delaware and 1,432,945 c. y. at Fort Du Pont, **08**, 1128. 192,546 c. y., s. m., pumped into basin at Fort Du Pont under emergency contract of Nov. 7, 1907, and 79,460 c. y. pumped into basin by Sanford & Brooks Co. after contract was completed, making total of 272,006 c. y. pumped into basin, **08**, 1129. 30% of work on banks about depositing basin at Pea Patch Isld. completed at end of year, **08**, 1129, 1130. \$2,000 allotted, Acting Sec. of War, from app. for Army transportation, 1908, under the Q.M. Dept., for mainten. of banks during year ending June 30, 1908, and further sum of \$1,113 from the same app., the work to be done by Eng. Dept., and paid for by Q.M. Dept.; \$2,335.75 expended on banks up to close of year; expend. made from app. for imp. Del. R., **08**, 1128. \$21,500 allotted from app. for Army transportation, 1908, for filling marsh lands on flank of 12-inch rifle battery and adjoining s. basin, Fort Du Pont, \$7,500 to be used for constr. retaining banks and \$14,000 for pumping material into basin, work to be done by Eng. Dept.; up to close of last fiscal year \$20,700.76 expend. for retaining banks and filling, **08**, 1128, 1129. Sur. of proposed basin and work of constr. banks at Fort Du Pont by hired labor completed, **08**, 1129.

1908-09. Total net amount removed under the contracts, in subsec. 5A, 739,884 c. y., s. m., and in subsec. 5B, 714,029 c. y., s. m., and contracts completed; (243,468 c. y. from 5A and 472,860 c. y. from 5B during fiscal year 1909) material pumped ashore between Edgemoor and mouth of Christiana R., Ridley Creek Basin, and in basins provided by contractor, **09**, 1133. 822,636 c. y., s. m., removed from sec. 1, 488,623 c. y., s. m., from sec. 3, and 231,165 c. y., s. m., from sec. 5, subsec. A, and deposited at Repaupo Basin, e. of Chester Isld., at Kelly Pt., N. J., and in Basin B, Artificial Isld., **09**, 1133. 297,000 c. y. removed from sec. 1 (Baker Shoal); contracts for orig. dr. have provided a chan. 30' x 600' m. l. w., Finns Pt. to s. line of Pa., completing chan. from d. w. in Del. B. to s. line of Pa.; work for mainten. provided chan. 30' x 600' in sec. 5, and chan. 30' x 400'-450' through Baker

Shoal, 09, 1134. Total amount of material removed from chan. to June 30, 1909, by the U. S. under contracts and by U. S. plant, exclusive of r. area at Schooner Ledge and dr. by Pa. and city of Phila., 24,744,000 c. y., s. m., 09, 1134. 2,608,000 c. y. removed by mainten. dr. during fiscal year 1909; 174,171 c. y. overdepth dr. by Maryland Dredging Co. allowed and paid for under decision of Comp. Treas., 09, 1134. Dredges leased from American Dredging Co., used from time to time at Schooner Ledge; 288,467 c. y. sand, mud, and blasted r. removed from Schooner Ledge by dr. *Delaware*; drillscrew *Newton* and derrick scow *Rattler* sweeping and blasting points of r. projecting above plane of 30' m. l. w.; night work continued by U. S. plant and leased drs.; 354,956 c. y. overlying material and 15,498 c. y. r. removed from Schooner Ledge and deposited behind Edgemoor bulkhead and in basin at Blacks farm near Fort Mifflin, 09, 1135. 120,397 c. y. dr., Tinicum Range, 1,250,500 c. y., Duck Creek Flats, and 16,198 c. y., New Castle Range, by U. S. dr. *Delaware*, 09, 1136. 73,979 c. y. dr., Tinicum Range, and 7,116 c. y. from Cherry Isld. Range by U. S. dr. *Clatsop*, 09, 1137. Banks inclosing depositing basin at Pea Patch Isld. completed, forming basin of 157 acres with capacity of 2,230,000 c. y.; repair made to banks during May and June, 09, 1139.

1909-10. 552,720 c. y., s. m., removed, Baker Shoal; total amount removed under general proj. to June 30, 1910, under contract and by U. S. plant, exclusive of r. area at Schooner Ledge and dr. by State of Pa. and city of Phila., 24,744,000 c. y., s. m.; total amount removed from dr. chan. by mainten. dr. by U. S. plant and contract work during fiscal year 1910, 4,795,395 c. y., 10, 1257. Leased dr. used July to Dec., 1909, at Schooner Ledge, night work continued by dr. *Hell Gate*, 1,197 c. y. overlying material and 5,368 c. y. r. removed; 553,542 c. y. overlying material and 41,113 c. y. r. removed since commencement of operations, 10, 1257, 1258. 1,146,162 c. y. dr. and deposited and 2,696,513 c. y. dr. and pumped overboard by dr. *Delaware*, Phila. to Del. B., in mainten. work of 30' chan., 10, 1258. Repairs made to banks of depositing basin at Pea Patch Isld., 10, 1260. Wharf at Fort Mifflin, Pa., placed in good condition, 10, 1261.

1910-11. Schooner Ledge under 30' proj.; total removed during year by U. S. drs., 48,355 c. y. overlying material and boulders and 1,729 c. y. ledge lock, completing work on 30' proj., 11, 1251. Mainten. 30' chan. by U. S. dr. plant, U. S. drs. *Manhattan* and *Delaware* dr. 9,500,050 c. y. during year; U. S. rehandling machine *Catacart*, Deep Water Pt., rehandled material dr. by U. S. drs.; U. S. rehandling machine *Uncle Sam* rehandled at Artificial Isld. material dr. by S. drs., 11, 1352. Work under 35' proj. Contract for drng. made with the American Dredging Co., under which they removed 2,344,818 c. y. of material, 11, 1353.

1911-12. Work of imp.: 869,780 c. y. dr., and contract 91% completed; 2,327,554 c. y. drd., and contract 97% completed; 43,740 c. y. drd., contract suspended Sept. 21, 1911, resumed June 22, 1912. 40,234 t. riprap st. placed in dikes, 12, 1564, 1565. Mainten.: U. S. drs. *Delaware* and *Manhattan* removed 5,362,089 and 4,439,107 c. y. material, resp., over entire sec. of R. under imp., 12, 1566.

PHYSICAL CHARACTERISTICS.

Greatest d. at m. l. w., 21', Cherry Isld. Flats; least l.-w. d., 19½', but soft, 01, 231.

Owing to soft nature of material dumped behind bulkhead at Dan Baker Shoal, the backing had a tendency to slide, 01, 1312.

Description of bulkhead built on lower end of Baker and Stony Pt. Shoals, 02, 1033.

Greatest draft at m. l. w., 22' at lower end of Schooner Ledge Range, 05, 159.

Shoaling, Billingsport Ferry dock, from operations of U. S. plant (drd. out by dr. *Hell Gate*), 09, 1135.

Max. draft through shallowest sec., 30' m. l. w., 12, 285.

PRIVATE WORK.

Imp. by city of Phila., 01, 1317; 04, 1193; 05, 1079; 06, 1102. 386,009 c. y. removed from Tinicum Range, 02, 1032. 538,937 c. y. removed from Tinicum Range, by city of Phila., 03, 966. Oct. 23, 1905, Sec. of War au. city of Phila. to dr. for 30' chan., 06, 1036.

\$750,000 app., State of Pa. and city of Phila., to be expnd. under direction of city, in accordance with the general proj.; agreement made with city to place U. S. plant in secs. 7 and 8; operated under direction of Eng. Dept.; all costs to be paid by city. Dr. *Delaware*, rehandling machines *Catacart* and *Uncle Sam*, and drs. *Hell Gate* and *Key West* placed on the work. Material removed by U. S. drs. under agreement with the city, as follows:

Tinicum Isld. Shoal.	301,927 c. y.
Mifflin Bar	407,277 c. y.
Shoal opposite League Isld.	21,458 c. y.

Total..... 730,662 c. y., 07, 1084, 1085.

City of Phila. entered into contract with American Dredging Co. for dr. to full w. and d. of 30' chan. in secs. 6A, 6B, and 9 for a lump sum in each case. These secs., with secs. 7 and 8, cover entire length of chan., s. line of Pa. to Christian St., Phila.; dr. done to secure d. of 30' m. l. w., 07, 1085.

U. S. drs. removed, for city of Phila., 778,075 c. y., and American Dredging Co. from subsec. 6A, 722,870 c. y. and from subsec. 6B, 139,783 c. y.; all pumped ashore, 07, 1095.

U. S. drs. removed, for city of Phila., 1,573,766 c. y. from Tinicum Isld. Shoal, Mifflin Bar, and shoal opposite League Isld., 08, 1125, 1126, 1127.

2,881,979 c. y. removed by American Dredging Co. for city of Phila., in subsecs. 6A and 6B and in sec. 9, at lump sum of \$430,000, or about 14½¢ c. y., completing contract, 08, 1127.

Total amount removed, by city of Phila., s. line of Pa. to Christian St., Phila., 5,186,407 c. y.; this includes amounts dr. under contract, and removed by U. S. plant and paid for by city of Phila. under agreement of July 27, 1906, 08, 1128.

156,346 c. y. removed, for city of Phila., Tinicum Isld. Shoal; total material removed by city of Phila., s. line of Pa. to Christian St., Phila., including amount dr. by contract and by U. S. drs. under agreement with the city, 5,300,230 c. y., s. m., 09, 1138.

Imp. by State of Pa. and city of Phila., 10, 1259, 1260.

Work, by city of Phila.; details, 11, 1359; 12, 1573.

PROJECTS.

By Lt. Col. Raymond, buttresses of rough riprap st. at intervals along outer face of bulkhead, Dan Baker Shoal, to give stability to structure; est., \$50,000, 01, 1312.

By Capt. Cosby, w. chan. already dr. through Baker Shoal to full dimen. of 30' x 600'; est., \$100,000, 02, 1027.

By Maj. Sanford, work on bulkhead, Baker Shoal, modified by changing 4,000 l. f. of bulkhead from 2-row to 1-row constr., to be strengthened by st. along inner and outer faces under another contract, 04, 1183.

By Maj. Sanford, expnd. \$1,000,000 for continuing imp., 04, 1187.

By Maj. Sanford, expnd. \$1,500,000 for continuing work under existing proj., partly by contract and partly by hired labor, using U. S. plant, 05, 1073.

By Maj. Sanford, rehandling machine for Del. R.; est., \$40,000, 05, 1073.

R., Dec. 8, 1906, by BERH. requested by R. & H. Comm., reviewing proj., 1899. Recom. no change in d.; est. cost of mainten. present proj. at \$130,000 and not over \$250,000 per annum.

By Maj. Sanford, expnd. \$895,000, completing imp. under general proj. for a 30' chan., and an addl. amount not exceeding \$500,000 for mainten. of dr. chan., and \$200,000 of amounts app. and au-

in w. bends below Phila.; it being understood that these funds are also available for mainten. of the dr. chan. along the Phila. water front above Christian St., 07, 1086, 1087.

By Maj. Sanford, constr. of depositing basin at Pea Patch Isld. for dr. material; est., \$23,000, 08, 1129.

By Maj. Deakynne, expend. \$375,000, imp. of chan. and mainten. of imp., 09, 1133.

By Maj. Deakynne, expend. \$390,000, mainten. of dr. chan., and \$125,000 for completing imp. of chan., w. bends, and mainten. of dr. chan., 09, 1133.

By Maj. Deakynne, 35' chan., Allegheny Ave., Phila., to the sea; est., \$10,920,000, with \$300,000 an. mainten., 10, 224; au. act June 25, 1910, 11, 237.

Work in Phila. H. combined with work under the general proj. below Christian St., Phila., 10, 1261.

SURVEYS.

Pre. ex. and sur. au. act Mar. 3, 1909, Allegheny Ave., Phila., to the sea, for 35' chan.; Rs., Maj. Deakynne, 1909 and 1910; est., \$10,920,000, and \$300,000 an. mainten.,¹ 10, 224. (See projects) Cong. docs., etc., relating to exs., sur., plans, etc., 11, 238.

CONTRACTS.

1880. G. W. Townsend, \$12,200 (annulled), 81, 822.

1881. McDonald & Cuming, \$17,250, 81, 823.

ENGINEERS.

Chief of Engineers. R., 68, 64, 710; 80, 97; 81, 128; 82, 125.

In charge:

Lt. Col. C. S. Stewart. R., 68, 710.

Col. J. N. Maccomb. R., 80, 607; 81, 822.

Capt. Wm. Ludlow. R., 82, 797.

ESTIMATES.

By Lt. Col. Stewart, removing wreck of brig in vicinity of Listons Tree and Duck R. Light, \$6,000 or \$7,000, 68, 711.

PROJECTS.

Ten vessels foundered at their moorings in the overcrowded break'r H. during a storm in 1877. Their hulls began aiding shoaling, and Congress was appealed to for funds. Removal of wreck (not found) from Crossover Ledge Light was included, 80, 607.

Removal of other wrecks in parts of the B. and R. done in subsequent years with the balance of the money.

SURVEYS.

Ex. by Lt. Col. Stewart, based upon the petitions of pilots and the board of underwriters of the city of Phila. to the Sec. of the Treas., and referred by him to the Sec. of War, 68, 710.

Part (f), H-3 Delaware Bay, N. J. and Del.—(Ice harbor at head of).

APPROPRIATION. (See Part (a).)

CONTRACT.

1883. American Dredging Co., removing ice ps. at Reedy Isld., 83, 619.

ENGINEERS.

Chief of Engineers. R., 80, 93, 98; 81, 129; 82, 125; 83, 119; 84, 129; 85, 121; 86, 118; 87, 80; 88, 80; 89, 98; 90, 89; 91, 113; 92, 115; 93, 123; 94, 112; 95, 126; 96, 115.

In charge:

Col. J. N. Maccomb, 1880-82. R., 80, 611.

Capt. W. Ludlow, 1882-83. R., 82, 784.

Lt. Col. G. Weitzel, 1883-84. R., 83, 618.

Maj. W. H. Heuer, 1884-85. R., 84, 817; 85, 841.

² H. D. 702, 61st, 2d.

³ H. D. 262, 62d, 2d.

PHYSICAL CHARACTERISTICS.

Tide-gauge observations at Port Penn and Listons Pt., from Aug. 25 to Oct. 19, 1883, **84**, 823.
 Borings, 1883, **84**, 824.
 Flood and ebb current surface velocities, 1883, **84**, 825.

PLANS.

By Capt. Ludlow, 1880, ice H., protecting about 9 acres, near Listons B.; to consist of an iron substr. of screw piles carrying a wooden superstr.; est., \$200,000 to \$250,000, **80**, 613; **81**, 847.
 Plan modified in 1882; est., \$406,090.47, **82**, 785, 787.
 Consideration of plan of ice H. near Listons Pt., **84**, 817-822; **85**, 841-845; est., \$308,800, **85**, 845.

In 1885 Lt. Col. Robert considered plans hitherto proposed defective, and recom. that the matter remain for the present in abeyance, **85**, 841; **86**, 836. Suggesting a consideration of the use of an ice breaker of floating pontoons heavily anchored in place of the previously proposed structures, **86**, 836; **87**, 804.

Maj. Raymond reports, 1890, the constr. of an ice H. at the head of Del. B. should be deferred to await the completion of the imp. ship chan., Phila. to the sea; est., \$400,000 to \$600,000, **90**, 887; **91**, 1073; **92**, 931.

SURVEY.

Au. act June 14, 1880, **81**, 846; **83**, 619; **84**, 817; **85**, 842.

Part (g), H-3 Delaware River, Del.—Listons Tree Point.**ENGINEERS.**

Chief of Engineers. **R.**, **67**, 43; **68**, 63.
 In charge. Lt. Col. C. S. Stewart. **R.**, **67**, 440; **68**, 703, 706.
 Assistant. R. M. Bache, **68**, 703, 706.

ESTIMATES. (See Plans.)

By Lt. Col. Stewart, sur., \$1,000; ice H., \$480,000, **68**, 708.

EXPENDITURES.

For sur., \$1,277.01 **68** 707.

PLANS. (See Estimates.)

By Lt. Col. Stewart, ice H. of 21 large and 2 small ps., **68**, 708, 708.

SURVEY.

Under direction of Lt. Col. Stewart, by R. M. Bache, U. S. C. S., 1867. **R.**, **67**, 440; **68**, 703, 706, 708.

Part (h), H-3 Delaware River, Del.—Reedy Island Harbor (Port Penn).**COMMERCE.**

Importance of Reedy Isld. as an ice H., **71**, 693; **79**, 73.

DEFENSE.

Fort Delaware, in vicinity, **71**, 694; **79**, 445.

ENGINEERS.

Chief of Engineers. **R.**, **66**, 7; **67**, 43; **68**, 63; **71**, 79; **79**, 73.

In charge:

Col. J. D. Graham, 1865. **R.**, **66**, 37.
 Lt. Col. C. S. Stewart, 1867-71. **R.**, **67**, 440; **68**, 703.
 Lt. Col. J. D. Kurtz, 1871. **R.**, **71**, 693.
 Col. J. N. Maccomb, 1879. **R.**, **79**, 444.

Assistant. R. M. Bache, **67**, 440; **68**, 703.

LEGISLATION.

50 acres on the n. end of Reedy Isld. and the ice H. itself ceded to the U. S. by Delaware, 1873, **79**, 445.

OPERATIONS.

1853. Ps. constr. to serve as a H. of refuge from floating ice, **68**, 703; condition of the work in 1871, **71**, 693; in 1879, **79**, 73.

PLANS.

By Lt. Col. Stewart, p. extension and repairs; est., \$132,000, **68**, 705.
 By Lt. Col. Kurtz, p.-work, forming an ice H.; est., \$190,000, **79**, 445.

PROJECT.

Ps., 1853, to form a H. of refuge from floating ice, **68**, 703.

SURVEY.

By R. M. Bache, under direction of Lt. Col. Stewart, **67**, 42, 440; **68**, 703.

Part (i), H-3 Delaware River, Del.—New Castle Harbor.**COMMERCE.**

The general interests require that this H. be re-established and maintained, **71**, 690.

Importance of New Castle as a H. of refuge, **88**, 741.

CONTRACTS.

1873. J. E. Simpson & Co., completing p., \$6,685; American Dredging Co., removal of old p., \$2,150; Giles, Lambson & Co., work on ice p., \$695.50; Bellevue Quarry Co., st. superstr., \$12,760, **73**, 864.

1875. Peirce, Rowe & Co., ice p., \$21,409, **75**, 1178. Pierce, Rowe & Co., wooden crib in place, **77**, 260.

1877. American Dredging Co., removal of 110' of coal wharf, \$4,000, **77**, 260.

1878. Leiper & Lewis, materials and labor **79**, 440.

1879. American Dredging Co., dr., 15¢ c. y., **80**, 585.

1881. F. Pidgeon, jr., ice p. constr., **81**, 769, **82**, 756.

1887. National Dredging Co., dr., 12¢ c. y., **87**, 829.

1891. Delaware Construction Co., removal of old p. and constr. of new ice p., \$9,500, **92**, 950.

1893. Atlas Dredging Co., dr., 9.4¢ c. y., p. m., **94**, 873.

ENGINEERS.

Chief of Engineers. **R.**, **66**, 7; **70**, 71; **71**, 79; **72**, 76; **73**, 80; **74**, 90; **75**, 96; **76**, 58; **77**, 53; **78**, 59; **79**, 71; **80**, 94; **81**, 121; **82**, 120; **83**, 119; **84**,

128; 85, 128; 86, 125; 87, 88; 88, 88; 89, 103; 90, 94; 91, 120; 92, 121; 93, 130; 94, 119; 95, 135; 96, 123; 98, 160.

Boards. Maj. Smith, U. S. agt., recom. that H. lines be estab. upon the lines adopted in 1873 by the commissioners of the legislature of Delaware, with certain modifications. Approv. by Sec. of War, 91, 1225.

In charge:

Lt. Col. J. D. Kurtz, 1870-77. **R.**, 71, 689; 72, 779; 73, 863; 74, ii, 134; 75, ii, 177; 76, 268; 77, 258.

Assistants:

Lt. M. R. Brown, 71, 77; 72, 74; 73, 79; 74, 90; 75, 95.

Capt. Wm. Ludlow, 77, 52.

J. J. Lee. **R.**, 78, 434; 79, 440.

W. P. Smith. **R.**, 85, 874.

ESTIMATES. (See Projects.)

By Lt. Col. Kurtz, 3 ps., each \$20,000, \$60,000, and for completing repairs, \$7,000; total, \$67,000. 71, 690; 74, ii, 135; 75, ii, 177. Increased to \$100,000, 74, ii, 135; 75, 177. Increased to \$120,000, 77, 258.

By Col. Macomb, 1879, to complete existing proj., \$3,000, and for a proposed addl. p., \$20,000, 79, 72, 440.

OBSTRUCTIONS. (See Private (corporate) work.)

OPERATIONS.¹

1870-71. Removal of decayed and broken woodwork commenced Apr. 19 and rebuilding the superstr. with st. by hired labor was continued until the app. was exhausted, 71, 79, 689.

1872-73. The st. superstr. on old crib completed, the unfinished p. in the middle of the H. has been removed, and a crib foundation for new p. commenced, 73, 80, 863.

1873-74. Obstr. of st. and timber removed, woodwork of old p. on lower line of H. sheathed with oak and corners protected with iron, and a

new p. consisting of crib substr., and st. superstr. completed, 74, 90, ii, 135.

1874-75. The constr. of a new p. in progress, 75, 96.

1875-76. A new ice p. completed and 108' of coal wharf removed, 76, 58, 268.

1876-77. Removal by contract of 110' addl. of the coal wharf in progress and contract awarded for building foundation for a new ice p., 77, 53, 258.

1878. 110' of coal wharf removed and a p. head built; the crib foundation for the new ice p. completed, 78, 59, 434.

1878-79. The new ice p. with st. superstr. completed, 79, 71.

1879-80. 17,000 c. y. dr.; old wreck near Pier H removed; 100 c. y. riprap placed along outer face of outer p.; repairs to ps., 80, 584.

1881-82. Cribwork constr. under contract nearly completed, 82, 756.

1882-83. Work in accordance with proj. completed, 83, 618.

1886-87. 30,015 c. y. dr. and ps. repaired and ripped, 87, 829.

1887-88. 252 c. y. riprap placed around Piers K and M; Pier N. repaired; work done by hired labor, 88, 740, 741.

1891-92. Old p. renewed and ice p. constr., 92, 948.

1893-94. 31,000 c. y., p. m., dr., 94, 873.

1897-98. 3 ps. repaired, 98, 1149.

PHYSICAL CHARACTERISTICS.

Described, 71, 79, 690.

PRIVATE (CORPORATE) WORK.

Wharf built about 1836 by RR. obstructed H. 75, ii, 177.

PROJECTS.

One of a series of ice Hs. estab. in colonial days, 71, 690.

By Lt. Col. Kurtz, 1871, repairs to existing ps., removal of an unfinished p., and the constr. of 3 addl. ps.; cost, \$67,000, 71, 690.

By Col. Macomb, 1879, addl. p. required to perfect H.; cost, \$20,000, 79, 439, 440.

By Col. Macomb, 1881, constr. of 1 addl. p., and dr.; est., \$23,000, 81, 768.

By W. F. Smith, U. S. agt., 1884, removal and reconstr. of Pier H, repairs to Pier K, and dr.; est., \$20,600, 85, 875, 876; 86, 126.

SURVEYS.

Maps, 79, 440; 87, 830; 94, 874.

Part (j), H-3 Delaware River—Marcus Hook Harbor, Pa.

APPROPRIATIONS. (See Part (a).)

COMMERCE.

Rules for use of landing ps. approv. by Sec. of War Apr. 29, 1904, 04, 1196, 1197.

CONTRACTS.

1867. W. H. Rotan, materials and labor. A. P. Eyre, materials and labor. J. C. Leiper, materials. Crane & Keaveny, labor. J. R. Grant, materials. 67, 435, 436.

Mismanagement and bad faith of A. P. Eyre, 69, 380. Difficulties and delays caused by the system of letting of, 67, 431; 71, 687.

1880. Mount Waldo Granite Co., 2 ps., 81, 767.

1882. Leiper & Lewis, p. constr., 83, 617.

1884. Leiper & Lewis, p. constr., 84, 814.

1885. American Dredging Co., dr., 20¢ c. y., 86, 832. Davis, Irvin & Sanville, driving mooring piles, 86, 833.

1887. I. Lunt, ice p., 87, 803.

1888. F. C. Somers, dr., 14¢ c. y. H. H. Dumbly, repairs to ps. and placing mooring piles, \$1,557.50. 89, 868.

1892. Davis & Irvin, repairs to landing ps. and placing 7 groups of mooring piles, \$1,014. 92, 930.

Misc. contracts for repairs, etc., 93, 1168; 94, 848.

1903. Henhoeffler & Vaughn, repairing 2 landing ps., 04, 1196.

ENCROACHMENTS.

Improper use of ps. by vessel owners, 87, 802.

ESTIMATES. (See Plans and Projects.)

By Maj. Stewart, completion, \$94,000, **66**, iii, 22, 31, iv, 222, 223.

OPERATIONS.

1867-68. 2 bns. connecting p. heads and wharves built, 2 cribs sunk, and 2 more nearly ready. Wharves and p. head reconstr. **68**, 63, 697, 698.

1868-69. Progress slow account of the inefficiency of one of the contractors. Two cribs sunk and the woodwork of those sunk last year completed. **69**, 53, 380.

1869-70. 297 c. y. of hammered face st. and 895 perches rubble backing received and placed in position. **70**, 71, 424.

1870-71. Closed by completion of the ice ps.; description of the work, **71**, 78, 687.

1871-72. Iron ladders attached to each p., **72**, 778.

1872-73. Heavier ladders substituted and placed in recesses cut in the ps., **73**, 80, 865.

1874-75. Repairs to ps. and bns., **75**, 97, ii, 181.

1875-76. Repairs to the lower outer ice p., **76**, 59, 270. History of operations since, 1867, **79**, 444.

1877-78. Minor repairs only, **78**, 60, 436.

1878-79. Thorough repairs to the ps.; connecting bns. rebuilt and drg. to 18', **79**, 73, 444.

1880-81. 7 clusters of mooring piles driven along inner line of H., **81**, 765.

1881-82. Repairs to landing ps., **82**, 750.

1882-83. Crib substr. for p. No. 7 sunk, **83**, 616.

1883-84. Pier No. 7 completed and reconstr. of p. No. 5 commenced, **84**, 814.

1884-85. Pier No. 5 reconstr., **85**, 839.

1885-86. 34,000 c. y. dr. and 2 groups of mooring piles placed, **86**, 832, 833.

1886-87. Constr. of crib substr. for p. No. 6, **87**, 802.

1887-88. 58,000 c. y. dr. from shoal area at lower end of H.; proposed new p. completed; pile foundations of p. No. 6 removed, and 2 groups of mooring piles placed between existing ps., **88**, 702.

1888-89. 100,000 c. y. dr. and landing ps. repaired, **89**, 867.

1892-93. 7 mooring piles were replaced and 1 repaired, and repairs were made to 2 ps., **93**, 1168.

1893-94. 2 landing ps. repaired and 1 group of mooring piles placed in H., **94**, 849.

1895-96. 3 groups of mooring piles driven and 1 group repaired, **96**, 919.

1897-98. 2 landing ps. repaired, **98**, 1093.

1903-04. 2 landing ps. repaired; cost, \$1,637.94, **04**, 1196.

1908-09. Repairs to ice ps. by replacing st moved out of place; cost, \$37.54, **09**, 1150.

1910-11. Repairs to ps., **11**, 1362.

PHYSICAL CHARACTERISTICS.

66, iv, 221; **75**, ii, 182.

PLANS. (See Estimates and Projects.)

To extend a branch of the Chester & Delaware R.R. on to the ps. **R.** of D.O., asst. eng., and letter of Wm. Ward, **75**, ii, 181, 182, 183.

PRIVATE WORK.

In 1785 Pa. built 2 wharves upon crib piers for commerce. In 1829 Congress repaired piers and imp. harbor, **10**, 221.

The citizens repaired p. and wharf to prevent their entire destruction, **66**, iv, 221.

Revocable license granted by Sec. of War to Joseph N. Pew to erect and maintain a p., **02**, 1046; modified to permit extension of p. 175' farther, **03**, 984; **04**, 1196.

PROJECTS. (See Estimates and Plans.)

Original, a h. of refuge from running ice, **68**, 699; **70**, 425.

By Maj. Stewart, repairs and imp., consisting of new br. and ps., **66**, iv, 221, 223. Description of, as completed, **71**, 78, 687.

The orig. proj. of 1866, with the amendments thereto, proposed a h. for the protection of vessels against moving ice by the constr. of st. ps. behind which vessels could anchor, and the building of a bulkhead about 1,800', parallel with the shore line and about 150' outside of h.-w. line, together with the 'd., by dr., of the area behind the ps. and in front of the bulkhead, **86**, 117. Total amount app., 1829 to 1886, inclusive, \$199,000; amount required to complete proj., \$35,000, **86**, 833.

By Lt. Col. Robert, 1888, excavation of h. to 24' m. l. w. outside the line running midway between each pair of ice ps.; from this line gradually diminishing to 18' along the line running midway between the inner ice ps. and the landing ps., gradually diminishing to 12' on the line joining the head of the landing ps., from which latter line the bottom would take a gentle slope of about 1 on 6 until it reached natural bottom. Amount of dr. required, 100,000± c. y. The proj. provided for the reconstr. of the upper courses upon 2 of the U.S. landing ps.; est., \$20,000, **89**, 867.

SURVEYS.

By Col. Macomb, **79**, 444.

Ex. by Maj. Raymond, 1895-96, **95**, 1061; **96**, 919. Maps. Plan of ice h., **79**, 444; **88**, 702; **02**, 1046.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Stewart, entire completion of repairs, \$11,000, **66**, iii, 22. In detail, **66**, iv, 225, 226. For renewal and general repairs in 10 years, \$7,000, **68**, 701.

By Lt. Col. Kurtz, aggregate for a new h., \$123,000, **71**, 706. Repairs, \$6,000, **75**, ii, 183; **76**, 271.
By T. Valentine, repairs, \$3,153.00, **75**, ii, 186.

LEGISLATION.

Recom. by Lt. Col. Stewart that the U.S. might retrocede the ps. to the State, **67**, 438.

OPERATIONS.

1866-67. Repairs in progress, **67**, 43.
1867-68. Repairs completed, details, **68**, 63, 700.
1872-73. Repairs to ps. and brs. to the amount of \$550, **73**, 864.
1876-77. Repairs to ps. and brs. by hired labor to the amount of \$2,600, **77**, 54, 262.
1878-79. Repairs, and constr. of a new connecting br.; **79**, 72, 443.

PHYSICAL CHARACTERISTICS.

Description, **66**, iv, 224; **68**, 701; **71**, 706; **75**, ii, 184.

PLANS. (See Estimates and Projects.)

By Lt. Col. Kurtz, to abandon the old h. and estab. one above the city, composed of 6 ps., **71**, 706.

Part (I), H-3 Delaware River—Philadelphia, Pa., and Camden, N. J. (Harbor between.)¹

APPROPRIATIONS. (See Part (a).)

COMMERCE.

Existing C. and necessity for increased chan. facilities, **88**, 684, 687.

CONTRACTS.

1892. Jas. A. Mundy & Co., dr., 10½¢ c. y.; depositing and spreading material on League Isld., 9½¢ c. y., **92**, 907. Time for completion of contract extended, **92**, 911.
In 1892 contract of J. A. Mundy & Co. annulled, **93**, 1154.
1893. American Dredging Co., dr., 14.2¢ c. y.; removal of revet., \$1.90 l. f.; depositing and spreading dr. material on League Isld., 16¢ c. y. (\$3,403,780), **93**, 1155.

ENGINEERS.

Chief of Engineers. **R.**, **88**, 78, 86; **89**, 96; **90**, 86; **91**, 110; **92**, 112; **93**, 121; **94**, 108, 110; **95**, 124; **96**, 112; **97**, 144; **98**, 147; **99**, 168; **00**, 193; **01**, 230; **02**, 172; **03**, 159; **04**, 149; **05**, 157; **06**, 172, 177; **07**, 181.

Boards:

Convened, Phila., 1888, to report upon a plan for the removal of Smith, Windmill, and Pettys Islds., in the Del. R. between Phila. and Camden. **R.**, **88**, 679. (Col. Craighill and Lt. Cols. Comstock and Robert.)

U.S. Commission advisory to the board of H. commissioners of the port of Phila. **R.**, **88**, 718, 720. (Capt. White, U. S. N.; H. Mitchell, U. S. C. & G. S.; and Lt. Col. Robert.)

PRIVATE, CORPORATE, AND STATE WORK.

The orig. ps. and wharves were ceded to the U.S. by Pa., **75**, ii, 186.

Private wharves built between the U. S. ps., **67**, 438.

Proposed occupancy of lower p. by the Chester & Delaware R. R. Co., **75**, ii, 184, 186.

PROJECTS. (See Estimates and Plans.)

Orig., for H. of refuge against floating ice, **66**, iv, 224, 226.
By Maj. Stewart, repairs, details, **66**, iv, 225, 226.
By Lt. Col. Kurtz, repairs to ps. and bulkhead, and reconstr. of brs., **77**, 262.

SURVEYS.

Assigned to Maj. Stewart, **66**, ii, 41. Made in Sept. and Oct., 1865, **66**, iii, 22, by E. Hergesheimer. **R.**, **66**, iv, 224.
An act July 11, 1870, **70**, 31, 32; ex. by Lt. Col. Kurtz. **R.**, **71**, 705.
Ex. or sur. an act Mar. 3, 1875, of lower p., **75**, 169; made by Lt. Col. Kurtz. **R.**, **75**, ii, 184, 185.
An act Mar. 3, 1879; assigned to Col. Macomb, **79**, 72, 443.
Ex. for ice H., Marcus Hook and Chester, an act Mar. 3, 1879; made, 1880, by Col. Macomb, **80**, 611.
Maps. Plan, ice H., **79**, 443.

Convened, Phila., Oct. 10, 1890, by S. O. No. 20, to R. on the estab. of H. lines, port of Phila. **R.**, **91**, 1122. (Cols. Craighill and Comstock, and Maj. Raymond.)

In charge:

Lt. Col. H. M. Robert, 1888-90. **R.**, **88**, 678, 722; **89**, 863.
Maj. C. W. Raymond, 1890-. **R.**, **90**, 882; **91**, 1029; **92**, 906, 913, 914; **93**, 1152; **94**, 836; **95**, 1032; **96**, 897; **97**, 1205; (Lt. Col.) **98**, 1085; **99**, 1328, (final R.) 1330; **00**, 1566; **01**, 1310, 1317.
Capt. Spencer Cosby, 1902. **R.**, **02**, 1025, 1027, 1032, 1041.
Maj. J. C. Sanford, 1903-08. **R.**, **03**, 958, 960; **04**, 1182, 1187, 1193; **05**, 1073, 1079; **06**, 1038; **07**, 1100.

LEGISLATION.

Legal proceedings for the condemnation of Smith and Windmill Islds., **89**, 863; **90**, 883.

Pa. and the city of Phila. enacted laws to facilitate the reconstr. of the Phila. water front in accordance with the proj. of the U. S., **93**, 1154.

Resolution passed by the legislature of N. J. asking for a modification of the proj. for the constr. of a dike at Fishers Pt., N. J., **95**, 1036.

Pa. passed a law providing for at least 150' distance between wharves, **97**, 1208.

OBSTRUCTIONS.

In 1894 the Pa. quarantine commission complained that the dr. material deposited back of Tinicum Isld. was obstruct. the chan., **95**, 1041.

In 1894 the Navy Dept. complained that the deposit of dr. material in the vicinity of League Isld. was causing shoaling in front of its docks, **95**, 1044.

¹(ESTABLISHMENT AND REGULATION OF THE PORT WARDEN'S LINE.)

ENGINEERS.

Chief of Engineers. **R.**, **73**, 83, 886; **74**, 93.

Boards:

Convened, Apr., 1873. Considered the subject of "the imperfect and uncertain condition of the port warden's line of Philadelphia and adjacent waters." Recom. that the subject be referred to the municipal authorities of Phila., **73**, 887. (Col. Woodruff, Lt. Cols. Wright, Newton, and Kurtz, and Maj. Craighill.)

In charge:

Lt. Col. J. D. Kurtz. **R.**, **74**, ii, 145, 146; **77**, 270.
Capt. W. Ludlow, in temporary charge, 1877, **78**, 431.
Col. J. N. Macomb. **R.**, **78**, 443; **79**, 462.

SURVEY.

By U. S. Coast Sur., 1878, **78**, 443.

In 1896 the citizens of Gloucester and Salem Counties, N. J., protested against the dumping of dr. material in Hog Neck Chan., **96**, 904.

OPERATIONS.

1890-91. 10,318 c. y. dr., **92**, 908.
1891-92. 312,111 c. y. dr. and 2,330 l. f. of revet. removed, **92**, 908, 910.
1892-93. 5,495 l. f. of revet. removed, 596, 108 c. y. dr. from Windmill Isld., and 327,228 c. y. deposited on League Isld., **93**, 1154.
1893-94. 14,839 l. f. of revet. removed, 4,924,390 c. y. dr. from Windmill, Smith, and Pettys Islds., and 1,021,123 c. y. deposited on League Isld., **94**, 838.
1894-95. 2,184 l. f. of revet. removed, 4,597,365 c. y. dr. from Smith and Pettys Islds., and 719,526 c. y. deposited on League Isld., **95**, 1033.
1895-96. 4,488,837 c. y. dr., and 634,245 c. y. deposited on League Isld., **96**, 899.
1896-97. 3,956,027 c. y. dr. from H., and the deposit of material at League Isld. completed by the addition of 594,766 c. y., **97**, 1205.
1897-98. 2,978,295 c. y. dr., **98**, 1085.
1898-99. Removal of projecting points of r. opposite Rush St. and below Cramp's shipyard, **99**, 1329.
1905-06. 98,432 c. y. removed by U. S. dr. Delaware, **06**, 1038.
1906-07. 10,968 c. y. removed by U. S. dr. Delaware, making total of 109,400 c. y., **07**, 1100.

PHYSICAL CHARACTERISTICS.

Description of, Smith, Windmill, and Pettys Islds., **88**, 680.
 Physical results of the work, **99**, 1335.

PRIVATE (CITY) WORK.

Reconstr. of water fronts, **99**, 1336.
 Pier extensions, **94**, 838; **95**, 1034, 1051; **96**, 900, **97**, 1206; **98**, 1086.
 Bulkhead constr., **01**, 1312; **09**, 1140; **10**, 1267.
 Pier extensions, **01**, 1312; **02**, 1027, 1028; **03**, 960; **04**, 1187; **05**, 1074; **06**, 1080; **07**, 1087.

PROJECTS.

By joint resolution Feb. 17, 1888, \$5,000 was app. for sur. of R. between Phila. and Camden, and the

Sec. of War au. to appoint BE. to ex. and R. upon this part of the R.

By BE., 1888, imp. of Del. R. between Phila., Pa., and Camden, N. J., by the removal of Smith, Windmill, and a portion of Pettys Islds. and adjacent shoals, securing a chan. from Kaighns Pt. to Fishers Pt. 2,000' w. The d. on the Pa. side, commencing about 300' from the existing wharf line, to admit of wharf extension, to be 26' x 1,000' m. l. w.; the d. across the remaining half of the chan. to decrease from 26' to 12' on the N. J. side; est., \$3,500,000, **88**, 682, 684. (Col. Craighill and Lt. Cols. Comstock and Robert.)

The proj. for the imp. of the H. modified act Mar. 3, 1891, to provide for the deposit of material on League Isld., and the cost of dr. under this addl. condition est. at \$3,053,000, **93**, 1153. Act July 13, 1892, modified the act of 1891 so as to provide for the deposit of material at other places as well as at League Isld., **93**, 1153.

H. lines estab. by Sec. of War, 1894, **94**, 864.

In 1895 Maj. Raymond est. that the total amount of material required to be removed during the entire work would amount to 21,046,000 c. y., **96**, 900.

By Maj. Raymond, 1898, sur. to include gaugings of the flow and determinations of the velocities of the current in the H., etc.; cost, \$11,200, **98**, 1086.

Under proj. for expend. of \$390,000, work in H. is combined with work under the general proj. below Christian St., Phila., **09**, 1139.

SURVEYS.

Minor sur. and ex., **95**, 1034; **96**, 899; **97**, 1206; **98**, 1085; **99**, 1329.

Gloucester to Fishers Pt., to locate new system of triangulation stations, and the shore lines of Phila. and Camden, and at s. end of Pettys Isld., **01**, 1310.

West of Pettys Isld., to determine changes, **02**, 1025.

Greenwich ps., to determine extent of shoaling in chan. in front of, **03**, 958.

Pre. ex. au. Mar. 3, 1905, Del. R., at Phila., for removal of shoal opposite Greenwich coal ps.; R., Maj. Sanford, 1905 (unfav.), **06**, 177.¹

Ex. of part of H., and sur. of water front, and all new ps. and extensions located, **08**, 1130.

Maps. **88**, 682; **95**, 1034; **98**, 1086; **99**, 1338.

C. interests of great and increasing value and importance, 01, 235.

CONTRACTS.¹

1870. American Dredging Co., dr., 30, 40, and 60¢ c. y., 71, 693.

1872. American Dredging Co., removal of r., \$17 c. y., 73, 868. W. H. Beard, dr., 32¢, 73, 868.

1873. American Dredging Co., removal of r., \$25.50 c. y., 74, ii, 139.

1874. American Dredging Co., dr., 18¢ c. y., 75, ii, 188.

1876. M. F. Brainard, dr., 11½¢ c. y., 77, 265.

1877. M. F. Brainard, dr., 18¢ c. y., 77, 265.

1878. American Dredging Co., dr., 10, 21½, and 28¢ c. y., 79, 419. T. Cunig, removal of r., \$23.50 c. y., 79, 419.

1879. F. Pidgeon, removal of material, 80, 582.

1880. F. Pidgeon, dr., 81, 763.

1882. American Dredging Co., dr., 25 to 45¢ c. y., 82, 748. National Dredging Co., dr., 25¢ c. y., 83, 615.

1884. National Dredging Co., dr., 28¢ c. y., 85, 838.

1886. American Dredging Co., dr., 19¢ c. y., 87, 801.

1888. American Dredging Co., dr., 19¢ c. y., 89, 866.

1891. F. C. Somers, dr., 18.9¢ c. y., 91, 1071.

1892. F. C. Somers, earth-dike constr., 7.4¢ c. y., 92, 925. B. G. Bailey, pile-dike constr., \$15.87 l. f., and earth filling, 10¢ c. y., 92, 925. American Dredging Co., dr., 19½¢ c. y. (\$33,150), 93, 1166.

1894. Delaware Construction Co., pile dike: Timber work, at \$17.50 l. f.; filling dike, at 40¢ c. y. (\$19,750), 95, 1060.

1896. Virginia Dredging Co., dr., 13.4¢ c. y. (\$7,638), 97, 1212.

1900. River & Harbor Improvement Co., dr. required by proj., 01, 1320.

ENGINEERS.

Chief of Engineers. R., 70, 71; 71, 79; 72, 76; 73, 81; 74, 91; 75, 98; 76, 59; 77, 54; 78, 61; 79, 69; 80, 93; 81, 120; 82, 119; 83, 117; 84, 127; 85, 119; 86, 116; 87, 78; 88, 78; 89, 97; 90, 87; 91, 112; 92, 113; 93, 122; 94, 111; 95, 125; 96, 113; 97, 145; 98, 148, 157; 99, 169; 00, 193; 01, 233.

In charge:

Lt. Col. J. D. Kurtz, 1871-77. R., 71, 692; 72, 780; 73, 867; 74, ii, 138; 75, ii, 187; 76, 271; 77, 263.

¹ Various open-market agreements, 93, 1163; 94, 846; 96, 916; 98, 1089.

Capt. W. Ludlow, in temporary charge, 1877; 78, 431.

Col. J. N. Macomb, 1877-82. R., 78, 439; 79, 416; 80, 580; 81, 761.

Capt. W. Ludlow, 1882-83. R., 82, 746.

Lt. Col. G. Weitzel, 1883-84. R., 83, 613.

Maj. W. H. Heuer, 1884-85. R., 84, 811.

Col. J. A. Smith, 1902. R., 02, 1063.

Maj. J. C. Sanford, 1903-06. R., 03, 1024; 04, 1201; 05, 1085; 06, 1040.

Maj. H. Deakne, 1909-. R., 09, 1147; 10, 1268 11, 1360; 12, 1576, 1578.

Assistants:

Capt. M. R. Brown, 71, 77; 72, 74; 73, 79; 74, 90; 75, 95; 76, 58.

Capt. W. Ludlow, 77, 52; 78, 431; 79, 403.

T. Valentine. R., 79, 417, 439; 82, 748.

R. G. Pearson. R., 98, 1119.

ESTIMATES. (See Projects.)

By Lt. Col. Kurtz, 1870, dr. and removing r. by blasting, \$257,700, 74, ii, 139, 140. Increased, 1874, by \$42,000, 74, ii, 140. Increased again, 1875, \$75,000, 76, 273; 77, 264; 79, 417.

OPERATIONS.

1870-71. Dr. by contract at entrance into the Delaware R. and other places, 71, 79, 692.

1871-72. Dr. at various places, 72, 76, 780.

1872-73. 68,404 c. y. sand, etc., dr.; 300 c. y. r. removed by blasting at various places, 73, 81, 867.

1873-74. 104,993 c. y. sand, etc., dr., and 606 c. y. r. removed by blasting, 74, 91, ii, 138.

1874-75. Dr. by contract, 75, 97, ii, 187.

1875-76. 46,257 c. y. sand dr., 76, 59, 271, 272.

1876-77. About 50,000 c. y. dr., 77, 54, 264.

1877-78. About 67,000 c. y. dr., 78, 61, 437, 438.

1878-79. About 188,000 c. y. clay, gravel, etc., dr.; 100 c. y. r. removed, 79, 69, 417.

1879-80. 61,073 c. y. dr. from chan., 80, 580.

1880-81. 8,500 c. y. dr., 81, 761.

1881-82. 62,573 c. y. dr., 82, 748.

1882-83. 166,911 c. y. dr. from various points in the R., 83, 614.

1883-84. 90,864 c. y. dr. from chan. between the mouth and Girard Pt., 84, 812.

1884-85. 52,730 c. y. dr. from chan. between Pt. Breeze and Girard Pt. p., 85, 837.

1885-86. 36,004 c. y. dr. from chan. between Pt. Breeze and Girard Pt. p., 86, 830.

1886-87. 90,581 c. y. dr. from chan. at Pt. Breeze, Yankee Pt., and Penrose Reach, 87, 800.

1888-89. 111,354 c. y. dr., 89, 864.

1890-91. 95,890 c. y. dr., 91, 1069.

1891-92. 400 c. y. dr., 92, 923.

1892-93. 2,797' of earthen and 800' of pile dike constr.; 98,148 c. y. dr.; dikes repaired, 93, 1165.

1893-94. 90,218 c. y. dr.; dikes damaged by storms repaired; 300 willows planted to protect earthen dike, 94, 846.

1894-95. Extension of pile dike in progress, 95, 1058.

1895-96. Extension of pile dike 900' completed; earthen dike repaired and 161 t. st. deposited to protect chan. slope, 96, 916.

1896-97. 62,983 c. y. dr., 97, 1211.

1897-98. Pile dike at mouth of the R. raised about 2' for 1,734 l. l., and earthen dike repaired, 98, 1089.

1898-99. Repairs of pile dike completed, 99, 1340.

1900-01. 55,068 c. y., s. m., removed from chan. across bar at mouth, completing operations under existing proj., 01, 1320.

PHYSICAL CHARACTERISTICS.

Described, 71, 692; 72, 780; 73, 867.

Tidal observations and description of the stream and the locality, 98, 1119.

PRIVATE (CITY) WORK.

Up to 1897 total amount dr. by the city of Phila., 91,830 c. y., 97, 1211. 1897-98, city dr. also 171,540 c. y., 98, 1090.

During the 5 years preceding 1900 the city dr. 615,377 c. y. from the chan., 00, 1570.

1901-02. 219,066 c. y. removed from below Penrose Ferry Br. and 30,647 c. y. from above it and deposited on site of League Isld. Park, 02, 1032, 1033.

1902-03. 296,670 c. y. removed from below Penrose Ferry Br. and 68,654 c. y. from above it; also 17 c. y. boulders, completing contract, 03, 966, 967.

1903-04. 448,500 c. y. in all dr. at Grays Ferry and between Penrose Ferry br., and oil wharves at Pt. Breeze, 04, 1195.

1904-05. Total amount removed during 1903, 1904, and 1905, 731,747 c. y. soft material and 62.5 c. y. r., 05, 1080.

Description of, 06, 1037.

Sur., mouth to South St. Br., 09, 1147.

Dr., 10, 1268; 11, 1360.

Reconstr. and repair of bulkheads, 12, 1574.

PROJECTS. (See Estimates.)

By Col. Kurtz, 1870, dr. chan. 20' x 100' mouth to Gibsons Pt.; thence 18' to Chestnut St. Br.; est., \$257,700, 74, ii, 139, 140. Modified, 1875, to provide chan. 24' x 300' bet. mouth and Girard Pt., 75, ii, 187; 76, 272; 79, 417.

Further modification, 1883, to increase w. bet. mouth and Girard Pt. to 400', with d. of 24', and from Girard and Gibsons Pts. 20' x 250' m. l. w., 83, 614; 87, 78.

1870 to 1886, incl., \$368,750 app., when it was est. \$116,250 required to complete proj., 87, 801.

Existing proj. proposes chan. 24' x 400' m. l. w. mouth to Girard Pt., about 1 m.; thence to Gibsons Pt., 3 m., chan. 20' x 250', except at Yankees Pt., where the chan. w. to be increased to 300'; thence to Chestnut St. Br., 3 m., chan. of navigable w. and 18' d. m. l. w.; proposed chans. to be obtained by dr.; est., \$485,000, of which amount \$438,750 already app., 91, 1069.

By Maj. Raymond, 1892, preservation of chan. at mouth with 2,910 l. f. of earthen and 1,800 l. f. of pile dike; est., \$44,209, 92, 929.

By Maj. Raymond, 1894, extension of pile dike, and repair of the earthen dike with st. and planted willows, 95, 1058.

Sec. of War gave city of Phila. permission, 1895 and 1896, to dr. R. to aid in its imp., 96, 916.

Maj. Raymond est., 1898, cost of proposed works of imp. would be \$3,153,000, 98, 1118.

By Lt. Col. Raymond, expend. of available balance on redr. chan. across bar at mouth to 26' m. l. w., over a w. not exceeding 150', 01, 1319. Proj. completed, 01, 1320.

SURVEYS. (See Private work.)

By Col. J. N. Macomb, 1879, 79, 417.

Ex. by Maj. Raymond, 1896, 96, 916.

Sur. au. act June 3, 1896; made by Maj. Raymond, 1898 (R. fav.), 98, 1115.

Maps:

Charts of R. from mouth to Gibsons Pt., from Penrose Ferry Br. to Yankee Pt., and from Pt. Breeze to Gibsons Wharf, 79, 418.

¹ Delaware Break'r H. Del.: Sur.—R., Oct. 8, 1853; est., \$750,000. Crow Shoal, N. J., for break'r: Sur.—R., Dec. 1, 1837; est., \$1,590,843.30. Break'r at the Shears near Cape Henlopen, Del.: Sur.—R., July 14, 1823; ests., \$222,508.98 and \$2,326,627.17; R., Feb. 2, 1829; est., \$2,216,950.46. (H. D. 482, 55th, 2d.)

² Crab Shoal.

Capt. J. C. Sanford, 1903-08. **R.**, 03, 969; (Maj.) 04, 1197; 05, 1083; 06, 1039; 07, 1102.
Maj. Herbert Deakyna, 1908-11. **R.**, 08, 1140;
09, 1151; 10, 1273; 11, 1363.

Assistants:

Capt. M. R. Brown, 71, 77; 72, 74, 757; 73, 79;
76, 58.
Capt. Wm. Ludlow, 77, 52. **R.**, 79, 457.
A. Stierle. **R.**, 81, 821.
J. M. Stewart. **R.**, 83, 659; 84, 846.
L. Y. Schermerhorn. **R.**, 90, 894.

ESTIMATES. (See Plans and Projects.)

For closing the gap by extending the ice breaker:
By Maj. Bache, 1843, \$815,341, 66, iv, 229; 73,
883.

By Maj. Stewart, 1866, \$1,502,645.61, 66, iii, 23,
iv, 230.

By Lt. Col. Kurtz, 1871, \$1,944,950, 71, 664.

To close the gap by extending the break'r proper,
connecting the ice breaker, 71, 664.

By Maj. Bache, 1843, \$551,635.10, 66, iv, 229; 73,
883.

By Maj. Stewart, 1866, \$1,018,820.85, 66, iii, 23,
iv, 230.

By B.E., 1872, \$1,314,200, 72, 74, 756.

By Lt. Col. Kurtz, 1871, \$1,314,200, 71, 664.

By Maj. Barnard, 1853, for this plan modified and
completion of existing work, \$500,000, 73, 884.

To cover the gap by a detached work:

By Maj. Bache, 1843, \$959,664.39, 66, iv, 229; 73,
883.

By Maj. Stewart, 1866, \$1,762,078.07, 66, iii, 23, iv,
230.

By Lt. Col. Kurtz, 1871, \$2,278,000, 71, 665.

By Maj. Barnard, 1853 for this plan modified and
completion of the existing works, \$750,000, 73, 885.

By Maj. Bache, 1843, to complete existing work
on present basis, \$138,921, 73, 884.

By Maj. Stewart, 1866, \$109,493.79, 66, iii, 23; 66,
iv, 230.

By Capt. William Ludlow, forming a basin by
closing the gap, and a j. to connect with the shore,
\$2,000,000, 79, 461.

By B.E., closure of the gap, \$600,000, 79, 456.

By Col. Macomb, removal of 8 wrecks, \$28,000,
79, 74, 454.

OPERATIONS.

1866-67. About 1,200 t. st. placed, completing
1151 f. of break'r superstr. Total length completed
about 2,000', 67, 42, 432.

1867-68. 8,100 t. st. put in position, 1,129 t. old
st. removed and relaid, a gap of 210' closed in break'r
proper, and 228' of old work relaid and raised to
proper level, 68, 62, 63, 694, 695.

1868-69. 9,040 t. large st. for superstr. of
break'r and ice breaker placed in position, complet-
ing 217 l. f. of the former and 281 l. f. of the latter;
9,271 perches of st. applied to riprapping. Comple-
tion of break'r and 646' of ice breaker, 69, 53, 377,
378.

1869-70. 10,698 t. large st. placed in superstr.,
completing 120' break'r and 715' of ice breaker;
122 t. st. of old superstr. reset and 2,192 perches rip-
rap deposited. Total length of break'r on top,
2,558'; of ice breaker, 1,353', 70, 70, 422, 423.

1882-83. Constr. derrick, scows, and delivery
of brush and crosstied piles, 83, 659.

1883-84. Constr. mattress foundation in
progress; 7,500 t. granite received, 84, 846.

1884-85. 258 mattresses, 1,813 c. y. small and
1,198 t. large st. placed in foundation of work, and
3,000 t. st. delivered in gap, 85, 846.

1885-86. 30,339 t. st. placed in gap, 86, 839.

1886-87. 24,025 t. st. placed in gap, 87, 805.

1888-89. 23,195 t. random st. placed in Dela-
ware Break'r Gap, 89, 871.

1889-90. 17,755 t. random st. placed in break'r
gap, 90, 889.

1890-91. Quarrying of st. begun under con-
tract, 91, 1076.

1891-92. 34,022 t. granite placed in break'r gap
92, 933.

1892-93. 18,746 t. st. deposited, 93, 1172.

1894-95. 602 t. st. deposited, 95, 1065.

1895-96. 8,016 t. st. deposited and a portion of
an old wreck removed, 96, 922.

1896-97. 17,078 t. st. deposited, 97, 1214.

1897-98. 26,926 t. st. deposited and proj. com-
pleted, 98, 1095.

1904-05. Old building belonging to the U. S.
removed, 05, 1083. Maritime Exchange permitted
to occupy old lighthouse for reporting station, 04,
1198.

PHYSICAL CHARACTERISTICS.

Description of, 71, 77, 664, 670, 671, 683, 685, 686;
74, ii, 147, 148; 99, 1347.

Table of current velocities, 79, 454.

General discussion, 79, 458.

Ice formation in H., 81, 821.

Changes of depth in H., 82, 791.

Slopes of the break'r, 86, 840.

Break'r at mouth of Delaware B., midway be-
tween New York and Chesapeake Capes.

PLANS. (See Also Estimates and Projects.)

Lt. Col. Kurtz suggested removal of break'r and
ice breaker to the "Shears," 74, ii, 148.

By Maj. Barnard, 1853, reducing the width of the
top to 12', 73, 884.

By Capt. William Ludlow, pile j. from high-
water mark to the 15' curve, and a number of small
is. perpendicular to the shore to arrest the move-
ment of the cape, 79, 460, 461.

PRIVATE (CORPORATE) WORK.

The Western Union Telegraph Co. laid a cable to
and opened an office on the break'r in 1876, 76, 278.

PROJECTS. (See Estimates and Plans.)

Original proj. submitted in 1828 by a board of
commissioners appointed by Cong.; proposed
constr., in the concavity of the B. just inside of
Cape Henlopen, of 2 massive works on the piers
perdues or riprap system, separated by an interval
of 1,390'; the larger work, called the break'r, to
afford a safe anchorage during gales from the n.
and e., and the lesser, called the ice breaker, to
protect shipping against n.w. gales and the heavy
drifting ice in the B., 66, iv, 229; 73, 881, 884; 79,
453; 86, 119.

Proj. completed, 1869, under aggregate app. of
\$2,192,103.70, and resulted in the constr. of a break'r
2,558' long, and an ice breaker 1,359' long on top,
79, 453; 86, 119, 840.

B.E., 1871 and 1879, recom. the closure of the
interval between the break'r and ice breaker by a
work similar to those already built; est., \$600,000 to
\$1,314,200, 72, 756; 79, 456.

By Capt. Ludlow, 1882, closing the gap between
the break'r and ice breaker, by a random-stone
foundation carrying a concrete superstr.; the founda-
tion to be brought to a height of 12' below m. l. w.,
with a top width of 48'; the concrete superstr. to
have a bottom width of 24', a top width of 12',
and to rise 12' above m. l. w.; est., \$675,000, 82, 792; 86,
119.

In 1883 a brush-mattress foundation under the
random-stone superstr. was adopted, 83, 130, 659;
84, 845.

In 1884 the pile br. forming a part of the proj. of
1882 was abolished, 84, 846; 85, 122, 847; 87, 81.

Causes for probable increase in cost as originally
est., 87, 806.

By Lt. Col. Robert, 1890, completing Delaware
Break'r by a subst. of rubblest. and a superstr. of
concrete; the rubble mound to have side slopes of
1 vertical to 1½ horizontal on the sea face, and 1
vertical to 1½ horizontal on the H. face; its top to
be 62' wide and 15' below m. l. w.; the superstr. to
have a cross section of 27' height and 27' width, its
base being 15' below m. l. w., and its top 7½' above
m. l. w.; the material to be concrete blocks up to
about 2' above h. w., the topping, after the blocks
had settled, to be a mass of concrete; the foot of the
superstr. to be protected on the sea face by 4-ton
blocks of st.; est., \$500,000, 90, 893.

In 1891 the revised proj. of Maj. Raymond pro-
vided for a rubble mound, to be raised to the level
of m. l. w., with a width of 40' at that level, and a
superstr. above l. w., 14' high and 20' wide on top,
to be formed by heavy st. laid in position, the
interior spaces to be filled with rubble; est., \$400,-
000, 91, 1083.

Detailed description of completed work, 99, 1346.

SURVEYS.

Numerous early, **73**, 882.
 Conclusions of board of sur., 1834, **73**, 881, 883;

ESTIMATES. (See Projects.)

By Lt. Col. Kurtz, p., with wooden superstr.,
 \$278,423.78; with iron superstr., \$328,227.38, **71**, 675,
 676. Increased to \$387,419.67; reasons for increase
 by \$24,000, **74**, ii, 133, 134. Reasons for reducing
 \$36,419.67, **75**, ii, 173; **76**, 267. For completion of
 work, \$50,600, **71**, 53, 257.
 By Col. Maccomb, 1879, completion of existing
 proj., \$24,500, **79**, 450.

LEGISLATION.

Del. gave site for shore end of p. to U.S., **72**, 75,
 759.
 Senate res. of Mar. 12, 1886, directing an est. be
 made as to probable cost of an iron superstr., **86**,
 837.
 By act of Mar. 3, 1891, Sec. of War directed to
 assign to the Sec. of the Treas. a portion of the iron
 p. at Lewes, Del., for Marine-Hospital Service,
 "whenever convenient" to the War Dept., **92**, 932.

OPERATIONS.

History of plans and operations, **71**, 667, 668, 672,
 673; **79**, 445.
1871-72. Completion of 231 l. f. of p., **72**, 75,
 759.
1872-73. Constr. of 924' of p. and 1,050' of
 superstr., **73**, 79, 860.
1873-74. Extension of superstr. 105'; total l.
 of p., 1,281'; **74**, 90, ii, 130.
1874-75. Extension of superstr. 147'; repairs,
75, 96, 175.
1875-76. Extension of p. 126'; total l., 1,533',
76, 58, 267.
1876-77. Extension of superstr. 42'; total l.,
 1,460'; **77**, 255.
1877-78. Extension of p. 126'; total l., 1,659',
78, 59, 433.
1878-79. Extension of superstr. to the de-
 signed l., 1,701'; the 57th row of piles taken up to
 them, **79**, 73, 448.
1879-80. Redriving iron piles in 57th row and
 placing of 52 sets of horizontal braces; superstr.
 replaced on part of p., **80**, 605.
1880-81. 78 fender piles placed at p. head and
 timber superstr. partly renewed, **81**, 815.
1881-82. 107 fender piles placed and timber
 superstr. partly renewed. **82**, 783.

1882-83. Timber superstr. replaced over 500 l. f. of p.; iron rails purchased for R.R. track for full l. of p., 83, 655.

1883-84. Replacing timber superstr. in progress; R.R. track laid for full l. of p., 84, 844.

1889-90. Minor repairs made, 90, 888.

1895-96. Pier repaired; cost, \$689.95, 96, 921.

1897-98. Repairs costing \$6,722.39 made, 98, 1004.

1898-99. Storage platform built near head of p., 99, 1345.

1899-00. Slight repairs made to p., 00, 1575.

1910-11. Minor repairs to deck and other woodwork of p., and 2 panels destroyed by fire were rebuilt, by hired labor, 11, 1363.

1911-12. Minor repairs to broken fender piles, fender logs, chocks, cap logs, etc., by hired labor, 12, 1575.

PHYSICAL CHARACTERISTICS.

Description, 72, 75, 758, 762-777; 74, il, 131; 75, il, 175.

PLANS.

History of plans and operations prior to the present work, 71, 667, 668.

By Lt. Col. Robert, 1886, iron superstr. suitable for the requirements of the p. if subjected to R.R. traffic; est., \$93,000 to \$115,000, 86, 838; 87, 805.

Part (c), H-23

Crow Shoals, Delaware Bay, N. J.

PLANS.

Proposed by Lt. Col. Kurtz, to estab. a H. of refuge with the following works: 1st, a solid break'r along the shoal; 2d, opening the chan. of approach by dr.; 3d, ice ps. across the upper end of the H., \$10,477,520, 74, il, 147.

Part (d), H-23

Delaware Bay, Del. (Harbor of refuge in.¹)

APPROPRIATIONS.

1896,	\$5,000,	96, 924.
1897,	394,334,	97, 1217.

Total, 2,255,334

COMMERCE.

C. that would use the H. important, 97, 1217.

Value of this H. to C. due to its location about equidistant from New York, Philadelphia, and the capes of Chesapeake B., 04, 1218.

CONTRACTS.

1897. Hughes Bros. & Bangs, break'r constr., st. \$1.18½ t. (\$1,638,795.33), 97, 1218.

1900. Hughes Bros. & Bangs, constr. st. ice ps., \$2.25 t. (\$145,125), 00, 1578.

1900. Hughes Bros. & Bangs, placing 64,500 t. st. \$2.25 t., for complete constr. of ice ps., 01, 1325, 1326.

1902. Hughes Bros. & Bangs, addl. st. ice ps., \$2.89 t., 03, 970.

1910. The Breakwater Co., for relaying ashlar and rubblest. and placing about 4,000 t. riprap around p.; prices listed, 11, 1364.

ENGINEERS.

Chief of Engineers. R., 91, 119; 92, 119; 96, 118; 97, 149; 98, 152; 99, 173; 00, 197; 01, 237; 02, 176; 03, 164; 04, 154, 157, 1215; 05, 162; 06, 174; 07, 184; 08, 192; 09, 196; 10, 222; 11, 241; 12, 288.

Boards. Convened, Philadelphia, Pa., Dec. 11, 1890, by S. O. No. 66, to ex. and report upon a pro-

PRIVATE (CORPORATE) WORK.

Wooden pile p. 1,600' l. constr. by the Junction Break'r R.R. Co.; cost, \$37,000, 71, 669.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Kurtz, 1871, landing-p. in Del. B., near Lewes, Del., about 1,800' l., with floor 13' above m. l. w. From the shore end outward for a distance of 1,200' the p. to be 22' w., thence to the outer end 43' w.; the superstr. to consist of iron screw piles from 22' to 45' l. and 5½ to 8 in. in dia.; the superstr. carrying the floor to be of wood. Est., \$278,423.78, 71, 670-680. Increased to \$387,419.67, 74, il, 133, 134.

The substr. completed in 1880, 80, 606.

The total amount app., \$368,500, 86, 837.

By Lt. Col. Robert, 1889, for repairing a 100' breach in the p.; est., \$10,000, 90, 888.

Employment of harbor-master and estab. of regulations governing use of the p. recon., 94, 851.

By Maj. Raymond, 1896, repair of the fender system and the substr., 97, 1213.

SURVEYS.

By Lt. Col. Kurtz, 1871, 72, 75.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 287.

Maps. Sketch showing soundings, 72, 774. Sketch showing the method of driving screw piles, 79, 448.

SURVEYS.

For an artificial H. or break'r au. act approv. Mar. 3, 1873, assigned to Lt. Col. Kurtz, 74, 93; and made under his direction by F. M. Eppley in Aug., 1873. R., 74, il, 146-154.

posed national H. of refuge for deep-draft vessels near the mouth of Delaware B. R., 91, 1120; 92, 941. (Col. Craighill, Maj. Raymond, and Capt. Bixby.)

BERH. R., 04, 1219, 1222.

In charge:

Maj. C. W. Raymond, 1890-1901. R., 96, 924; 97, 1216; (Lt. Col.) 98, 1096; 99, 1354; 00, 1576; 01, 1325.

Col. Jared A. Smith, 1901-02. (No R.), 02, 172.

Capt. Spencer Cosby, 1902. R., 02, 1036.

Capt. J. C. Sanford, 1903-08. R., 03, 970; (Maj.) 04, 1199, 1223; 05, 1084; 06, 1039; 07, 1103.

Maj. Herbert Deakynne, 1908-. R., 08, 1141; 09, 1151; 10, 1273; 11, 1364; 12, 1576.

OPERATIONS.

1896-97. Soundings made to ascertain the exact character of the bottom; 9,035 t. st. deposited, 97, 1216, 1217.

1897-98. 289,709 t. st. deposited, 98, 1096.

1898-99. 450,460 t. st. placed, 99, 1354.

1899-00. 345,895 t. st. placed, 00, 1576.

1900-01. 277,517 t. st. placed in break'r, and 39,562 t. placed in ice ps., 01, 1325, 1326.

1901-02. 102,660 t. st. deposited in break'r, completing the work Dec. 11, 1901; total quantity of st. deposited under the contract, 1,475,276 t., 02, 1036. The superstr. is 7,960 l. f. and the substr. 8,040 l. f., measured on l.-w. line, 02, 1037. 25,607 t. st. deposited in ice ps., 02, 1037.

1902-03. 10 ice ps. completed; total amount of st. placed in them, 71,300 t.; 5 addl. ice ps. constr. by the deposit of 37,673 t. of st., 03, 970.

1910-11. 1,665 t. riprap placed around base of 15 ice ps., and superstr. removed and rebuilt, 11, 1364.

1911-12. Contract entered into for furnishing riprap st., etc.; not yet approved, 12, 1576.

¹ See p. 304, "Cold Spring Inlet, N. J."

PROJECTS.

By BE., 1892, national H. of refuge for deep-draft vessels, by constr. st. break'r 1½ m. l. off Cape Henlopen, Del., and ice ps. to protect the H. from ice flowing down the R.; est., \$4,665,000, **92**, 942, 943; **96**, 924.

By Maj. Raymond, 1896, constr. ps. after a part of the break'r had been built, **97**, 1216.

By Lt. Col. Raymond, 1900, row of 10 ice ps. across the upper end of the H. to protect it from ice descending the B., **00**, 1577.

By Capt. Spencer Cosby, expend. \$100,000 in constr. of addl. ice ps.; au. June 30, 1902, **03**, 970.

By Maj. Sanford, detailed proj. and est., proposed extension of break'r, **04**, 1223.

SURVEYS. (See Board of Engineers.)

Of the H., by Capt. Cosby in progress, **02**, 1037; completed, **03**, 970.

Ex. au. act June 13, 1902, to ascertain what further protection needed; made by Lt. Col. Raymond; **Rs.** by Lt. Col. Raymond, 1902, and Capt. Sanford, 1903; est., \$2,117,500;¹ modified by BEH., \$1,600,000, **04**, 157, 1215, 1216, 1219.

Ex. to ascertain extent of repairs necessary to ice ps., **12**, 1576.

Maps. **99**, 1354.

OBSTRUCTIONS.

Work suspended on account of oyster beds leased by N. J. lying in path of chan., 07, 194.

Dec. 16, 1907, chief of Bureau of Shell Fisheries of State of New Jersey advised Eng. Dept. that all objections to proposed dr. had been removed, and that owners of oyster lots had given release to U. S. to do required dr., 08, 1157.

OPERATIONS.

1902-03. 14,477 c. y. dr. and thrown over adjacent banks. 03, 990.

1903-04. 56,522 c. y. removed and thrown over upon adjacent banks. 04, 1234.

1905-06. 60,495 c. y. dr. and deposited upon adjacent marsh. 06, 1054.

1908-09. 1,048 c. y. dr. for 500' toward mouth of creek. 09, 1165.

1909-10. 23,196 c. y. dr. and dumped at head of Story Isld. chan., 10, 1288.

1910-11. 51,763 c. y. dr., 11, 1379.

1911-12. 24,851 c. y. dr., completing and opening to navigation new chan. across Little Egg H.; 89,207 c. y. dr. from milldam at Tuckerton down l. of 9,880', and old mouth closed, 12, 1598.
About 97% of proj. completed, 12, 306.

PHYSICAL CHARACTERISTICS.

Description of, 97, 1232; 1900, 1613, 1614.

PROJECTS.

Lt. Col. Raymond est., 1900, \$61,380 to imp. R. from mouth of creek to head of navigation, 00, 1615.

Act June 13, 1902, au. dr. chan. 6' x 80', Gaunts Pt., $\frac{1}{2}$ m., to mouth of creek; thence 6' x 75' x 1 m. to Parkers Landing; thence 6' x 60' x $\frac{1}{2}$ m. to West Tuckerton Landing; thence 5' x 60' to just above Scow Landing; thence 3' to milldam at Tuckerton, together with w. chan. at sharp bends, chan. across cove between mouth of creek, and Oyster Bed Pt. to be suppl. by revet. wall along n. side; est., \$61,380, 02, 184.

Citizens of Tuckerton requested proj. be changed so that chan. be dr. s.-se. to d. w. at head of Marchelder Chan. instead of dr. to Gaunts Pt., 04, 164.
Plan au. by Sec. of War, Apr. 11, 1905, 05, 1102.

SURVEYS.

1905-06. 8,370 c. y., p. m., removed, 06, 1053.
1908-09. 42,188 c. y., p. m., removed to make chan. through Fosters Bottle, 1,070' l., 09, 1163.
1909-10. 24,699 c. y. removed from various pts. in the R. from the mouth to within 1 m. of

¹ H. D. 645, 59th, 1st.

*Allotment from app. for preser. and mainten. R. and H. works.

Quinton, resulting in a chan. 6' d. at m. l. w., 75' w. to Upper Hancock Br. and 60' w. above, 10, 1285.

1910-11. 12,566 c. y. removed and thrown over upon adjacent banks above h. w., producing chan. 6' x 60' m. l. w. from 1,000' above Hancock Br. to Quinton, 11, 1373.

1911-12. 38,777 c. y. removed from various pts. to 8', and 200' fallen dike removed, completing contract, 12, 1591.

PHYSICAL CHARACTERISTICS.

Description of, 90, 907; 91, 1086.

Max. draft carried, 1911, 5' to Quinton; max. range of tide, 6' at mouth, 4' at Quinton, 11, 252.

PROJECTS.

By Lt. Col. Robert, 1889, dr. chan. 6' d. m. l. w. and 60' w. from Quinton to a pt. about 1,000' above Upper Hancock Br.; from thence a chan. of the

same d. and a least w. of 75' down the stream to the lower side of the bar at the Square; at a locality in the creek known as the Canal, in addition to obtaining a chan. of the dimensions named, the w. of the creek to be increased to about 150' between its l.-w. lines; at the Square the dr. chan. to be supplied by a deflecting dike 500' l., formed of the dr. material, with its chan. face protected by a riprap of st. Est., \$25,000, 90, 913; 92, 937.

By Maj. Raymond, 1894, wooden dike at the Square, 300' l., to be backed by dr. material, 95, 1069.

By Lt. Col. Raymond, 1899, enlarging existing chan. at the shoals below Upper Hancock Br., as far as available funds would permit, 99, 1358.

Act 1907 au. \$5,000 for mainten., etc. (see Legal proceedings), 12, 300.

SURVEY.

Au. act Aug. 11, 1888; made, 1889, by Lt. Col. Robert, 90, 910.

Maj. R. R. Raymond, 1910-. R., 10, 1283; 11, 1371; 12, 1589.

Assistants:

Capt. W. Ludlow, 79, 403.

J. J. Lee. R., 79, 413; 83, 632.

A. Stierle. R., 84, 833.

R. G. Pearson. R., 97, 1247.

ESTIMATES. (See Plans and Projects.)

By Col. J. D. Kurtz, 1870, removal of fast and loose r., to 7'-8' of w., \$4,000, 71, 695, 696.

By Col. Macomb, 1879, completion of existing proj., \$3,000, 79, 413.

OPERATIONS.

1871. R. probably removed from chan. to 9' below l. w., 71, 695.

1878-79. Removal of 1,400 c. y. by contract; contract annulled, 79, 413.

1879-80. 6,034 c. y. dr. from the bar at R. mouth, 80, 593.

1880-81. Dr. continued in increasing w. of cut at bar, 81, 791.

1881-82. Chan. 60' w. and from 6'-7' d. dr. from head of canal to above the landing, 82, 776.

1893-94. 5,600 c. y. dr., 94, 858.

1894-95. 3,913 c. y. dr., 95, 1072.

1908-09. 121,640 c. y. dr., 09, 1161.

1910-11. 70,475 c. y. dr., 11, 1371.

1911-12. 35,159 c. y. dr., 12, 1589.

PHYSICAL CHARACTERISTICS.

Description of, 71, 80, 695, 696, 697; 79, 412, 88, 712; 95, 1091; 97, 1247.

PLANS. (See Estimates and Projects.)

Col. Robert, 1888, recom. further imp. be postponed to await increase in C., 88, 712.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Kurtz, 1871, removal of r. for chan. 9' x 200'; est., \$4,000, 71, 695.

By Col. Macomb, 1878, dr. 8' chan. through the bar; est., \$3,000, 79, 413.

By Col. Macomb, 1879, to unite the work with that of Cohansey Creek in one contract, 79, 413.

In 1881 operations were transf. to the formation of a chan. 6' x 60' l. w. through the shoals above the head of the canal, **81, 791; 87, 84.**

By Maj. Raymond, 1894, chan. 6' x 50' in continuation of chan. previously dr., **95, 1072.**

Maj. Raymond, 1897, est. cost of necessary dr. would be \$31,500, **97, 1246.**

Act Mar. 2, 1907, au. dr. chan. 9' x 100' m. l. w., amplifying at bends to permit passage of vessels 200' l., and removal of stony bars in front of city wharves; est., \$31,500, **07, 1113.** Est. for completion of this proj. increased by BERH. to \$38,600, **08, 199.**

SURVEYS.

By Lt. Col. Kurtz, 1870. **R., 71, 695.**

Ex. au. act Mar. 3, 1881; made by Capt. Ludlow, **82, 814.**

Ex. of mouth au. act July 5, 1884; made, 1884, by Maj. W. H. Heuer, **85, 860.**

Sur. made, 1893, by Maj. Raymond, **93, 1178.**

Ex. au. act Aug. 17, 1894; made, 1894, by Maj. Raymond (**R. fav.**), **95, 1091.**

Sur. au. act June 3, 1896; made, 1897, by Maj. Raymond (**R. fav.**), **97, 1246.** (See Projects.)

Supp. **R.** by BERH., Jan. 16, 1907, reviewing former reports of ex. and surs. Recom. imp. at cost of \$29,000 and mainten. at \$5,000 au. for 2 years, for chan. 100' x 9'.¹

Pre. ex. au. act Mar. 3, 1909, from mouth to Salem. **R.** by Capt. Rand, May 4, 1909² (not worthy of imp. further than existing proj.), **10, 255.**

LEGAL PROCEEDINGS.

Condemnation proceedings for right of way, 00, 1582.

All necessary rights of way above the phosphate works and below Paulsboro secured by condemnation proceedings and purchase, 01, 1330.

OBSTRUCTIONS.

Stream crossed, 1897, by 4 hrs., 2 of them without draws, 98, 1122.

OPERATIONS.

1889-90. 20,000 c. y. dr., 90, 904.
1900-01. 120,819 c. y., p. m., dr. from chan., of which 8,133 c. y. placed in meadow banks constr. under the contract, and 112,686 c. y. deposited behind the banks, 01, 1331.

1903-04. Temporary dike constr. across upper end of line of cut to be dr. to 3' above m. l. w.; chan. dr. 570' from the Del. R.; cut made on each side of chan. and material thrown up to form embankments, 04, 1231.

1904-05. Work under contract completed; total quantity removed, 101,381 c. y., p. m., 05, 1099.

1906-07. 608 l. f. of j. constr., 307 l. f. on e. and 301 l. f. on w. side of entrance; also 186' of dike, 07, 1110.

1907-08. Entire length of 385 l. f. of dike, to close gap in bank in side entrance to mouth, completed under the contract; 447 l. f. added to e. j. and 278.5 l. f. to w. j., making them, resp., 754' and 579.5 l.; and 524 l. f. of dike constr. to close old mouth, 08, 1151.

1908-09. 70,000 c. y., p. m., removed and deposited on meadows behind banks above h. w., 09, 1158.

1911-12. 435 l. f. dike reinforced; 74 piles driven in e. j.; 8,980 c. y. dr., 12, 1586.

PHYSICAL CHARACTERISTICS.

Description of, 88, 711; 95, 1089; 98, 1123; 12, 292.

Empties into Del. R. about 3 m. below Phila. 11 m. above its mouth it has a w. of 100' and l.-w. d. of 2', 1895; obstr. by bar at mouth, shoals, and numerous sharp bends, 95, 1089; 98, 1123.

PLANS.

Plan for imp. presented; est., \$19,800, 10, 256.

PROJECTS.

By Capt. Ludlow, 1882, Mantua to mouth, chan. having a l.-w. d. of 10' and a w. of 80' at the mouth, diminishing to 4' x 40' at Mantua; est., \$35,000, 82, 806.

By Lt. Col. Robert, 1889, chan. 60' w. and not less than 8' d. m. l. w., 8' curve in the Del. R. to Phosphate Wharf, 3,000'; est., \$2,900, 89, 874.

By Maj. Raymond, 1897, dr. a 12', 8', and 7' chan., 100', 80', and 60' w., resp., mouth to Parkers Landing; constr. of cut-offs, removal of overhanging trees, and, if necessary, js. at the mouth; est., \$145,030, 98, 1122; 99, 1365.

Act 1899 app. \$25,000, \$8,000 to be expend. for right of way, but not unless all rights should be obtained within that sum, 99, 1365.

By Lt. Col. Raymond, chan. 8' x 80', Paulsboro toward phosphate works, by way of the cut-offs, as far as available funds (\$17,000) would permit, 01, 1331.

By Maj. Flagler, 1906, js. to protect chan. at new mouth, 07, 1109.

By Maj. Flagler, 1907, completing js. to 12' curve in Del. R., and constr. of dike to close old mouth, 07, 1110.

By Maj. Raymond, 1911, proj. embraced 12' x 100' chan., from Del. R. for 2,200'; thence 8' x 80' to Paulsboro, cutting off bends; thence 3 m. with 1 cut-off, 7' x 60', and extension of js. at mouth; 12, 293.

COMMERCE.

1896 est. that total an. trade of Wilmington \$39,254,087, 96, 976.

Description of, 95, 1149; 96, 976.

Shipbuilding industry quite extensive, 06, 187.

1909, 815,245 t.; value, \$64,707,575; shipbuilding extensive; has largest steel shipbuilding output on Atlantic coast, with exception of Philadelphia and Newport News in 1905; shipments by water 25% lower than by rail, 10, 242.

1911, 859,736 t.; value, \$68,674,051, 12, 312.

"The tonnage of the leading articles shipped to and from Wilmington during the calendar year 1911 is reported to have been 859,736 short tons valued at \$68,674,051.

"The shipbuilding industry on the river is quite extensive, the records of the Department of Commerce and Labor showing that, with the exception of Philadelphia and Newport News, Wilmington had the largest steel shipbuilding output on the Atlantic coast for the 10 years ending June 30, 1905.

"The harbor improvements do not directly affect freight rates on light-draft boats to any large extent. Shipments thereon made by water range about 25 per cent lower in rate than by rail, but much more in deep-draft vessels, of which there are many, covering shipments to and from the manufacturers and shipbuilding plants." 12.

ENGINEERS.

Chief of Engineers. R., 70, 71; 71, 78; 72, 76; 73, 80; 74, 91; 75, 96; 76, 58; 77, 53; 78, 60; 79, 72; 80, 94, 98; 81, 122; 82, 120; 83, 120; 84, 130; 85, 127; 86, 124; 87, 87; 88, 87; 89, 103; 90, 83; 91, 119; 92, 120; 93, 129; 94, 118; 95, 134, 150; 96, 122, 137; 97, 155; 98, 159; 99, 182; 00, 208; 01, 246; 02, 185; 03, 174; 04, 166; 05, 173; 06, 185; 07, 196; 08, 206; 09, 212; 10, 240, 255; 11, 261; 12, 310.

Boards:

For R. and H. imp. R., 81, 775; 82, 765. (See Projects.)

Commission constituted by S. O. No. 66, at Philadelphia, Pa., June 18, 1891, to consider and report upon the imp. of Wilmington H. R., 91, 1138. (Col. Houston, Maj. Raymond, and L. Y. Schemerhorn, C. E.)

Convened, Wilmington, Del., by S. O. No. 35, 1895, to consider and report upon the subject of a proposed flushing basin at the mouth of the Christiana R. R., 96, 992. (Col. P. C. Hains, Majs. C. W. Raymond and C. E. L. B. Davis.)

Convened, Wilmington, Del., by S. O. No. 30, 1896, to consider and report upon a plan of imp. of Wilmington H. and Christiana R., Del. R., 97, 1255. (Col. P. C. Hains, Majs. C. J. Allen and C. W. Raymond.)

BE. convened Dec. 8, 1904, to consider estab. of H. lines, 05, 1106.

Chief of Engineers convened a board of officers to determine method of imp. at a less cost, 11, 1383. Consider "existing" proj. adequate, but recom. maintain. by U. S.-owned dredge to cost \$250,000 and \$30,000 an. for operation, 12, 330.

In charge:

Lt. Col. I. C. Woodruff, 1870; 70, 71. R., 70, 425.

Lt. Col. J. D. Kurtz, 1870-77. R., 71, 688; 72, 778; 73, 865; 74, ii, 136; 75, ii, 178; 76, 269; 77, 260.

Capt. W. Ludlow, in temporary charge, 1877; 78, 430.

Col. J. N. Maccomb, 1877-82. R., 78, 435; 79, 441; 80, 585; 81, 769, 771; 82, 761.

Capt. W. Ludlow, 1882-83. R., 82, 756, 758.

Lt. Col. G. Weitzel, 1883-84. R., 83, 620.

Maj. W. H. Heuer, 1884-85. R., 84, 826.

W. F. Smith, U. S. agent, 1885-1900. R., 85, 869; 86, 857; 87, 827; 88, 739; (Maj.) 89, 881; 90, 917; 91, 1136; 92, 946; 93, 1194; 94, 870; 95, 1110, 1147; 96, 941, 973; 97, 1250; 98, 1145; 99, 1369; 00, 1626.

Lt. Col. C. W. Raymond, 1901. R., 01, 1335.

Col. Jared A. Smith, 1902. R., 02, 1053.

Capt. J. C. Sanford, 1903. R., 03, 992.

Capt. C. A. F. Flagler, 1904-08. R., 04, 1237; 05, 1105; (Maj.) 06, 1056; 07, 1118; 08, 1160.

Capt. L. H. Rand, 1909. R., 09, 1168.

Maj. R. Raymond, 1910-. R., 10, 1291; 11, 1383; 12, 1603.

Assistants:

Capt. M. R. Brown, 71, 77; 72, 74; 73, 79; 74, 90; 75, 95; 76, 58.

Capt. W. Ludlow, 77, 52.

T. Valentine. R., 78, 435; 84, 826.

J. H. Dager. R., 83, 621.

A. Stierle. R., 95, 1148; 96, 978.

ESTIMATES. (See Plans and Projects.)

By Lt. Col. Woodruff, 1870, dr., \$40,000, 70, 427.

By Lt. Col. Kurtz, 1870, removing r., dr., and surs., \$83,000, 74, ii, 137; 75, ii, 179; 76, 270.

By Col. Maccomb, 1879, to complete existing proj., \$10,000, 79, 441.

LEGISLATION.

Act June 13, 1902, app. \$50,000 with proviso that not more than \$25,000 be expend. until arrange-

ments had been made by city of Wilmington to dispose of sewage, **01, 185, 186.**

Act Mar. 3, 1905, app. \$25,000, removed restrictions upon expend., **05, 1108.**

OPERATIONS.

1870-71. Dr., **71, 688.**
1871-72. Dr. about 39,000 c. y. sand and mud; 28 c. y. r. removed by blasting, **72, 779.**
1872-73. 24,065 c. y. removed by dr., **73, 80, 865.**

1873-74. 35 c. y. r. removed, **74, ii, 136.**
1874-75. 240 c. y. solid r. removed by blasting, **75, 96, ii, 178.**

1875-76. 105 c. y. solid r. and 30,077 c. y. mud and gravel removed, **76, 269.**
1876-77. 88,000 c. y. mud removed; removal of r. in progress, **77, 53, 260.**

1877-78. Removal of r. below Third St. and dr. between Iron Co.'s wharf and Brandywine Creek, giving depths of 13' and 12', resp., **78, 60, 435.**

1878-79. Dr. mud and removal of r., **79, 72, 441.**

1879-80. 70 c. y. r. removed, **80, 586.**

1880-81. 35,630 c. y. mud dr., completing proj. of 1871, **81, 709.**

1881-82. 38,290 c. y. dr.; work on j. begun, **82, 757.**

1882-83. 1,100 l. f. of j. completed; 120,678 c. y. dr., **83, 620.**

1883-84. 700 c. y. st. filling placed and 1,420 l. f. st. pavement laid, **84, 826.**

1884-85. 9,571 c. y. dr.; j. raised for entire l., **85, 870.**

1885-86. Sunken crib removed; lighthouse wharves removed; 3,650 c. y. dr., **86, 857.**

1886-87. 168,787 c. y. dr. under contract, **87, 827.**

1887-88. Dr. under contract with American Dredging Co. completed, **88, 739.**

1889-90. 165,214 c. y. dr.; repairs made to j., **90, 918.**

1890-91. 235,340 c. y. dr., **91, 1136.**

1891-92. 67,645 c. y. dr., **92, 946.**

1892-93. About 73,000 c. y., p. m., dr.; 467 c. y., p. m., r. removed, **93, 1194.**

1893-94. 85,411 c. y., p. m., dr.; 217 c. y., p. m., r. removed, **94, 870.**

1895-96. 24,474 c. y. dr., **96, 942.**

1896-97. 14,647 c. y., p. m., dr. from Christiana R., 2 wrecks removed, **97, 1250;** and 5,676 c. y., p. m., dr. from Wilmington H., **97, 1251.**

1897-98. 108,480 c. y., p. m., dr., **98, 1146.**

1898-00. 3,635 c. y., p. m., r. removed; pile and st. j., at mouth of the Brandywine R., completed; constr. of j. on s. side of mouth of the Christiana R. in progress; j. on n. side of the mouth of R. being repaired; terminal crib being built, and some dr. done, **99, 1370; 00, 1626, 1627.**

1900-01. Total quantity removed, 1,202,548 c. y., p. m., and pumped ashore on the meadows, **01, 1336.** 354 c. y., p. m., r. removed, **01, 1336.**

1904-05. 141,941 c. y., p. m., removed and pumped ashore above h. w., **05, 1106.**

1905-06. 256,757 c. y., p. m., removed and pumped ashore; repairs to js. completed at total cost of \$1,458.38, **06, 1057.**

1906-07. 376,694 c. y., p. m., removed under the 2 contracts with Powers Hydraulic Dredging Co., completing the dr. to Third St. Br., under the terms of the app., **07, 1119.**

1907-08. Jetties at mouths of the Brandywine and Christiana Rs. repaired under accepted proposal of Franklin K. Wills, at a total cost of \$450; retaining banks completed and 322,324 c. y., p. m., removed from chan. and placed ashore behind banks above h. w., **08, 1160.** A log and 4 large stumps removed from chan. at cost of \$234.81, **08, 207.**

1908-09. 17,870 c. y., p. m., removed from chan.; a total of 350,194 c. y., p. m., removed under the contract and contract completed, **09, 1168, 1169.** 40,558 c. y., p. m., removed from chan. and contract completed; 32,280 c. y., p. m., removed from chan., **09, 1169.** 18 stumps and logs and parts of 2 wrecks removed from chan. at cost of \$265.88, **09, 1170.**

1909-10. Contract required dr. to be done in 2 periods. During the first period 112,911 c. y. r. removed, and during the second 115,391 c. y. from different pts. between Delaware R. and Harlan & Hollingsworth, resulting in chan. 19' x 150' up to Market St. Br.; material deposited at Eagle Pt., N. J., **10, 1292.**

1910-11. 217,607 c. y. dr., **11, 1383.**

1911-12. 634,525 c. y. dr., **12, 1603.**

PHYSICAL CHARACTERISTICS.

Described, **70, 427; 71, 688.**

Description of II. and Christiana R., **95, 1149; 96, 978.** Fresh-water inflow, fall of the tides, and an. deposits in the Christiana R., **96, 974, 976.**

Tidal basin above has been considerably increased by breaking of the levees, the banks have been eroded and a large amount of material has been carried into deeper water below, **02, 1054.**

Range of tide slightly over 6' at mouth, and about 3.6' at Christiana village, **10, 242.**

Condition of chan., details given, **11, 202; 12, 312.**

PLANS. (See Estimates and Projects.)

By commission, 1891, permanent imp. of H. by (1) altering the sewerage system of Wilmington so as to prevent discharge of solid matter into Christiana R.; (2) rectifying chan. at the mouth of R. by constr. of 1,400 l. f. of earth and st. j. and 1,200 l. f. of pile and st. dike on the s. side of the entrance; (3) rectification of chan. at junction of the Brandywine and Christiana by constr. of 600 l. f. of h.-w. dike; (4) by dr. a chan. 15' x 150' m. l. w. from mouth to Pulp Works; (5) chan. thus excavated to be maintained either by further dr. or the constr. of a flushing reservoir. Total est. cost of imp., excl. of the reservoir, \$192,000, or incl. of the same, \$392,000. **91, 1138, 1159.**

PRIVATE (CITY) WORK.

Water main crossing R. at Third St. Br. lowered from 18' to 25' below m. l. w., **01, 1336.**

City of Wilmington app. \$4,857 in accordance with act of State legislature, Mar. 9, 1901, making it mandatory upon the city to make app. in the amount of 10% of sums expend. by US., to continue until \$60,000 had been app., **06, 186.**

City of Wilmington app. \$4,857 in accordance with act of State legislature, Mar. 9, 1901, and removed from chan. above Third St. Br. 16,004 c. y., p. m.; cost, \$4,382.04, **07, 1119.**

City of Wilmington app. \$6,567.41 for imp. of H., **08, 1161.**

\$500 expend. from city funds, **10, 241.**

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Kurtz, 1870, securing chan. in Christiana R., from 100'-200' w. and 12' d. at l. w., by dr. and blasting; est., \$83,000, **74, ii, 137.** Increased by Col. Macomb, 1879, to \$93,000, **79, 441.** Completed at cost of \$83,500, **81, 769.**

By Col. Macomb, 1881, j. at H. entrance, dr. 15' chan. from entrance to Pulp Works, and 12' chan. from thence to Delaware R.R. br.; est., \$175,551, **81, 770, 774.** Increased, 1883, by Lt. Col. Weitzel to \$191,384, for chan. 15' x 150', mouth to Delaware R.R. br., **83, 622.** Proj. modified, 1884, providing for an addl. height to j. of 4' and to extend it 322' in l., **89, 882; 91, 1136.**

By Maj. Smith, U.S. agent, 1895, dr. chan. 3' x 25', Churchmans Br. to Smalleys Br., **97, 1250.**

By B.E., 1896, j. at s. side of the mouth of Christiana R., as recom. by commission of 1891; rectification of chan. of the Christiana at mouth of the Brandywine by j. on the n. side of the entrance to the latter; and necessary dr. to give chan. of 21' m. l. w. from the mouth to upper line of the Pulp Works, with w. of 500' at mouth, gradually narrowing to 300' at Third St. Br., continuing thence to Market St. Br.; est., \$377,542, **97, 1259.** In 1897 Maj. Smith, U.S. agent, est. cost of r. removal not provided for by above board would be \$99,083, **97, 1251.**

By Capt. Flagler, dr. shoals in Christiana R., **04, 1237.**

¹ Prior to 1870 confined to dr.; suspended since 1840, **70, 426.**

By Capt. Flagler, dr. chan. 18' x 200' from Third St. Br. to mouth of Brandywine R., thence 250' w. to Delaware R., and repairing n. j. at mouth of Christiana R., and that at mouth of Brandywine R., 05, 1106.

By Maj. Flagler, repairs to js. at mouth of Christiana and Brandywine Rs., and dr. and maintaining 18' chan. from Delaware R. to Baltimore & Ohio R.R. br., 07, 1119.

By Maj. Flagler, recom. constr. of dr. for exclusive use in H.; est., \$175,000; cost of operation, \$30,000 per year, 08, 1161. Act June 25, 1910, au. purchase or constr. of dr. plant,¹ 12, 312.

Explanation of est. and what dr. records indicate; recom. that work be done by U. S. dr., 10-1292, 1293.

SURVEYS.

By Maj. H. Bache, 1835, 70, 426.

Under direction of Lt. Col. Woodruff, by A. B. Sears, 1870, 70, 426.

By Lt. Col. Kurtz, 1874, 74, ii, 136.

By Col. Macomb, 1878-79, 79, 441.

From mouth of R. to Delaware R.R. br. au. act Mar. 3, 1879, 80, 98; made, 1880, by Col. Macomb, 81, 771.

Ex. of p. at mouth of Christiana R. made in 1893 by Maj. Smith, U. S. agent, 93, 1194.

Ex. of Christiana R. above Wilmington au. act Aug. 17, 1894; made by Maj. Smith, U. S. agent, 1894 (R. fav.), 95, 1148.

Sur. of Christiana R. and Wilmington H. with view to 21' au. act Aug. 17, 1894; made by Maj. Smith, U. S. agent, 1895 (R. fav.; see Projects), 96, 973.

Sur., 1897-98, by Maj. Smith, U. S. agent, 98, 1146.

Ex. from Pulp Works to mouth showed rapid shoaling of area dr., 01, 1336.

Of R., from Delaware R. to draw pier of Phila., Balt. & Wash. R.R. cut-off br. No. 4, made by Capt. Sanford, 03, 174, 993.

Ex. au. Mar. 3, 1909, of Christiana R., from Newport to Christiana. R. by Capt. Rand, May 8 1909² (unfav.), 10, 255.

Reex. with view to determining method of adequate imp. at less cost, au. act Feb. 27, 1911. R. by BE., Oct. 6, 1911. Existing proj. considered adequate, but most economical method of maintain. is by U. S. dr., to cost \$250,000, with \$30,000 an. for operation, 12, 330.

1909-10. 55,392 c. y., p. m., removed. Dr. from R. deposited upon banks above h. w.; dr. across the flats at mouth, thrown over along s. side of cut, **10**, 1305.

PHYSICAL CHARACTERISTICS.

Description of, **79**, 472, 473.

List of shoals, **79**, 472, 473.

Max. draft, 5' in R. to Smyrna, and 6' across flats at mouth, **12**, 322.

PLANS. (See Projects.)

Discussion of plans, for cutting canals to shorten distances and avoid sharp curves, by Col. Macomb; not recom.; considered too costly, **79**, 471-474.

By W. F. Smith, 1887, imp. of chan. over the bar at river's mouth to 7' l. w. by j. 2,000' l.; est., \$20,000 to \$53,300, **87**, 850.

PROJECTS. (See Plans.)

By Col. Macomb, 1879, w. old "cut-off" and removing shoals by dr.; est., \$12,000, **79**, 471.

Revised, 1881, by Col. Macomb, excavation of an 8' chan. through the bar not less than 100' w.; also for removal of shoals in the creek, making the entire cost of the proj. \$24,000, **81**, 124, 788.

By W. F. Smith, 1886, 7' l. w. navigation to Smyrna, Del., the head of navigation; chan. at the entrance to be 100' w. and inside the creek 60' w.; chan. to be protected at the entrance by constr. of a st. j.; est., \$90,698.40, **85**, 742; **92**, 952.

By Maj. Smith, 2 cuts to shorten distance between head of navigation and Delaware B.; est., \$15,000, **01**, 1361, 1363.

SURVEYS.

Ex. ordered and in progress, 1878, **78**, 63.

Ex. completed by W. S. Edwards, 1879, **79**, 75, 472.

Made, 1880, by Col. Macomb, **81**, 787; ex. au. act Aug. 5, 1886; made by W. F. Smith, U. S. agent (see Projects), **87**, 847, 850.

Pre. ex. made by Maj. Smith, in conformity with act June 6, 1901 (R. lav.), **01**, 263, 1361, 1363.

Pre. ex. and sur. au. act of Mar. 2, 1907; made by Maj. Flagler, **08**, 217.

LITTLE RIVER (Creek), DEL.

APPROPRIATIONS.

1912, \$14,000, 12, 1613.

ENGINEERS.

Chief of Engineers. R., 80, 98; 81, 129; 06, 195; 08, 217; 12, 321, 330.

In charge:

Col. J. N. Macomb. R., 81, 829.

Maj. C. A. F. Flagler, 1906-08. 06, 177; 08, 149.

Maj. R. E. Raymond, 1912-. R., 12, 1613.

BERH. (See Surveys.)

Assistant. W. S. Edwards. R., 81, 829.

PLANS.

By Col. Macomb, 1880, chan. mouth to Little Creek Landing, 3½ m. x 6' x 40', with 4 short canals across sharp bends in the creek; est., \$17,200, 81, 830.

PHYSICAL DATA.

Tidal stream, 8 m. l., emptying into Del. B., 70± m. below Phila. Town of Little Creek, 3½ m.

above mouth, the head of navigation. For other P. D. details, see 12, 321.^{4, 5, 6}

PROJECTS.

Act July 25, 1912, au. chan. 5' x 40', increased to 60' across flats at mouth, incl. 5 cut-offs; est., \$14,000, with \$1,000 an. mainten.,⁴ 12, 321.

SURVEYS.

Au. act June 14, 1880; made, 1880, by Col. Macomb, 81, 829.

Pre. ex. of St. Jones and Little Rs., Del., for connecting same by canal; R., Maj. Flagler, Nov. 9, 1905 (unfav.),⁵ 06, 195.

Pre. ex. au. act Mar. 3, 1907, by Maj. Flagler R., May 6, 1907 (unfav.),⁶ 08, 217.

Supple. R. by BERH., Oct. 26, 1908. Concur in former opinion C. insufficient to warrant imp.⁷

Pre. ex. and sur. au. act Feb. 27, 1911; R., Maj. Raymond, 1911 and 1912; est., \$14,000, with \$1,000 an. mainten.,⁴ 12, 330.

LEGAL PROCEEDINGS.

Title papers for land required for cut-offs submitted, 12, 320.

OPERATIONS.

1884-85. Work of dr. and straightening chan. commenced, 85, 877.
1885-86. 54,128 c. y. dr. from Cherry Bend and Dover cut-offs and at Cypress Pt. and Broad Reach Shoal, 86, 861.
1886-87. 55,838 c. y. dr. from chan., 87, 832.
1887-88. 5,482 c. y. dr. from chan. and bar at entrance, 88, 742.
1889-90. 58,015 c. y. dr., 90, 925.
1895-96. 9,798 c. y., p. m., dr., 96, 951.
1900-01. 22,960 c. y. removed, 01, 1344.
1902-03. \$1,500 from app. of Aug. 18, 1894, expend. in removing shoal at mouth, 03, 177.
1904-05. 26,615 c. y., p. m., removed from shoals in R. and chan. across flats at mouth, 05, 1116, 1117.
1905-06. 41,625 c. y., p. m., removed, 06, 1066.
1906-07. 83,504 c. y., p. m., removed from shoals in R. and chan. across flats at mouth, com-

pleting contract; 2,130 c. y., p. m., removed from R. and from chan. across bar at mouth, 07, 1130.
1907-08. 15,434 c. y., p. m., removed from R. and from across flats at mouth, completing contract, 08, 1170. 3,099 c. y., p. m., removed from across flats at mouth, 08, 1171.

1908-09. 16,832 c. y., p. m., removed from R. and from mouth to 6' in Delaware B., 09, 1177.

1909-10. 11,501 c. y., p. m., removed, resulting in a chan. across the flats 7' x 40' m. l. w., 10, 1303. 24,917 c. y., p. m., removed, resulting in a chan. 7' x 50' m. l. w. to 6' curve in Delaware B., 10, 1302.

1910-11. 24,000 c. y., p. m., dr. from bar at mouth and from 5 shoals, 11, 1394.

PHYSICAL CHARACTERISTICS.

Description, 81, 801; 93, 1230; 12, 319, 320.

PROJECTS.

By Col. Maccomb, 1881, chan. through bar at the river's mouth and at other points to 3' m. l. w., with a w. of 200'-250'; also constr. of 3,300 l. f. of j. at entrance; est., \$35,000, 81, 799, 801; 87, 831.

Imp. completed, 1891, after an expend. of \$40,000, 91, 1165.

By Maj. Smith, U. S. agent, 1894, dr. cut 6' x 60' m. l. w., across bar and obstrs. at mouth, 95, 1118.

Maj. Smith, U. S. agent, est., 1899, it would cost, incl. contingencies, \$47,074.50 for 7' chan. to Lebanon, 00, 1665.

Congress au. m. l. w. d. of 7', Dover to 7' in Delaware B., with bottom w. of 100' on flats outside the mouth, 50' from mouth to Lebanon, 40' from Lebanon to Dover, w. sharp bends, incl. necessary cut-offs, and constr. of 5,000 l. f. of j.; est., \$181,425,¹ 10, 250.

SURVEYS.

An. act June 14, 1880; made, 1880, by Col. Maccomb, 81, 801.

Ex. au. act July 13, 1892; made by Maj. Smith, U. S. agent, 1892 (R. fav.), 93, 1229.

 About 64% proj. done.

PHYSICAL CHARACTERISTICS.

Creek described, 82, 819; 92, 985.
 Chan. d., 7', 12, 316.
 Tidal stream, flowing through Kent Co. to Delaware B., Del.; nav. for 9 m., 12, 315.

PLANS. (See Projects.)

By Capt. Ludlow, 1882, imp. of entrance to creek and dr. Webbs Landing to mouth to obtain l.-w. chan. 4' d.; est., \$72,000 to \$89,000, 82, 818.

PROJECTS. (See Plans.)

By Maj. Smith, 1891, chan. 7' d. l. w., Frederica to the 7' curve in Delaware B., 80' w. down to the mouth, and 150' w. at the bottom and 250' w. at top from the mouth to the 7' curve in the B., the cut at the mouth to be protected by an embankment of the dr. material on either side to height of 2' above high spring tides; est., \$47,550, 92, 984.

By Maj. Smith, 1894-95, cut 7' x 40' m. l. w. at the shoals and bars forming the most serious obstr. to navigation, to include a cut-off at Lower Landing, and for dr. cut 6' x 60' m. l. w. across the bar and obstr. at the mouth of the St. Jones R., 95, 1118.

See Appr. for amounts used for maintain.; 1910-11 Sec. War. au. allotment of \$15,000 for imp. and maintain.

By Maj. Raymond, j. at mouth; est., \$66,000, and cut-off in R., 10, 246, 1298, 1299.

SURVEYS.

Ex. au. act Mar. 3, 1881; made by Capt. Ludlow, 82, 817.

Sur. au. act Sept. 19, 1890; made, 1891, by Maj. Smith, 92, 983.

Ex. and sur. au. act Feb. 27, 1911; R. to come, 12, 330.

CONTRACTS.

1879. American Dredging Co., dr., 35¢ c. y., 80, 589.

1880. American Dredging Co., dr., 45¢ c. y., 81, 785.

1881. F. Pidgeon, jr., dr., 43¢ c. y., 81, 786.

1882. F. Pidgeon, jr., dr., 43¢ c. y., 82, 769.

American Dredging Co., dr., 44¢ c. y., 83, 625.

1888. F. C. Somers, dr., 35¢ c. y., 89, 889.

1892. C. T. Caler, dr., 13¢ c. y., p. m., 93, 1202.

1893. Sanford & Brooks, dike constr., \$3.90 l. f., 94, 883.

1895. F. L. Somers, dr., 12.7¢ c. y., p. m., 95, 1122. Sweeten & Co., crib-dike constr., \$2.06 l. f.; \$12.57 vertical f. of crib foundation, 96, 953.

1897. B. T. Collins, brush mattress, \$1.28 c. y., p. m.; st., \$2.60 c. y., p. m., 97, 1269. Egan & Bochman, dr., 18¢ c. y., p. m., 97, 1269.

1899. B. T. Collins, j. constr., Sand Pt. j., \$3.59 l. f.; Green Pt. j., \$3.90 l. f., 00, 1640.

1901. Wilson M. Vinyard, removal of crib dike at mouth of R. for \$876, 01, 1345.

1902. Atlas Dredging Co., dr., 16¢ c. y., p. m., 03, 998.

1903. Benjamin F. Collins, j. across bar; brush, \$3 cord; st., \$3 c. y.; piles, 15¢ l. f.; timber, \$40 M l., b. m.; bolts and washers, 4¢ lb., 03, 999.

1904. Christiana Construction Co., filling with st., gap between pile j. at Sand Pt. and inner end of new j., \$3 c. y., p. m.; Wilmington Dredging Co., dr., 15.4¢ c. y., p. m.; Wilmington Dredging Co. (supple.), dr. at mouth, 15.4¢ c. y., p. m., 05, 1114.

1905. Charles P. Grim, dr., 11¢ c. y., p. m.; Franklin K. Wills, j. work, \$6.58 l. f. for extension and \$3.73 l. f. for repairs, 06, 1063, 1065.

1906. Pennsylvania Dredging Co., dr., 9.9¢ c. y., p. m., 06, 1064, 1065. Tatnall-Brown Co., extension of Green Pt. j., \$7.50 l. f., 07, 1128.

1907. Tatnall-Brown Co., j. constr., \$10.35 l. f. For repairs in place: Lumber, incl. spikes, etc., \$60 M l., b. m.; st., \$4 c. y.; brush, \$5 cord, 07, 1027, 1028.

1908. River & Harbor Improvement Co., dr., 12.2¢ c. y., p. m., 08, 1168, 1169.

1909. Pennsylvania Dredging Co., dr., 20¢ c. y., p. m., 10, 1301.

1910. Rickards Dredging Co., dr., 15¢ c. y., p. m., 10, 1301. Rickards Dredging Co., dr., 11¢ c. y., 11, 1393.

1911. Tatnall-Brown Co., j. constr. and repairs, \$10.45 l. f. for j. constr., and \$4 c. y. for st. in place for repairs, 11, 1393. Tatnall-Brown Co., j. constr., \$12.35 l. f., 12, 1612.

ENGINEERS.

Chief of Engineers. R., 78, 63; 79, 73, 75; 80, 95; 81, 123, 129; 82, 121; 83, 121; 84, 131; 85, 130; 86, 127; 87, 90; 88, 90; 89, 105; 90, 96; 91, 122, 132; 92, 122, 132; 93, 132; 94, 122; 95, 138; 96, 126; 97, 161, 171; 98, 164; 99, 189; 00, 215, 231; 01, 257, 264, 1365, 1367; 02, 186, 187; 03, 178; 04, 171; 05, 178; 06, 190; 07, 201; 08, 211; 09, 214; 207; 10, 246; 11, 267; 12, 317.

In charge:

Col. J. N. Macomb, 1879-81. R., 79, 467; 80, 587; 81, 785.

Capt. W. Ludlow, 1881-82. R., 82, 768.

Lt. Col. G. Weitzel, 1882-84. R., 83, 625.

Maj. W. H. Heuer, 1884. R., 84, 829.

W. F. Smith, U. S. agent, 1884-1900. R., 85, 878; 86, 861; 87, 833; 88, 743; (Maj.) 89, 889; 90, 927; 91, 1186; 92, 953, 988, 990; 93, 1201; 94, 881; 95, 1120; 96, 952; 97, 1268, 1291; 98, 1154; 99, 1379; 00, 1639; 01, 1365, 1368.

Lt. Col. C. W. Raymond, 1901. R., 01, 1345

Col. Jared A. Smith, 1902. R., 02, 1058.

Capt. J. C. Sanford, 1903. R., 03, 998.

Capt. C. A. F. Flagler, 1904-08. R., 04, 1243; 05, 1114; (Maj.) 06, 1063; 07, 1127; 08, 1168.

Capt. L. H. Rand, 1909. R., 09, 1175.

Maj. R. R. Raymond, 1910-. R., 10, 1300; 11, 1391; 12, 1610.

Assistants:

W. S. Edwards. R., 79, 468.

J. N. Odiorne. R., 83, 626.

A. Stierle. R., 92, 989, 991.

George W. T. Miller. R., 01, 1370.

OPERATIONS.

1879-80. 7,340 c. y. dr., 80, 588.

1880-81. 7,580 c. y. dr., 81, 785.

1881-82. 6,342 c. y. dr., 82, 768.

1882-83. 5,720 c. y. dr., 83, 626.

1888-89. 8,646 c. y. dr., 89, 889.

1892-93. 6,829 c. y., p. m., dr., 93, 1202.

1893-94. 500 l. f. pile dike constr.; 23,500 c. y., p. m., dr., 94, 881.

1895-96. Crib dike 350' l. completed; 12,360 c. y., p. m., dr., 96, 953.

1897-98. 200' pile dike constr.; 6,254 c. y., p. m., dr., 98, 1154.

1899-00. Sand Pt. and Green Pt. js. constr., 00, 1639.

1900-01. Crib dike at mouth removed, 01, 1346.

1902-03. 23,383.8 c. y., p. m., removed, of which 11,215.9 c. y. was charged to U. S., the excess representing w. dr. beyond that required by specifications; 720 l. f. piling driven for j. across bar, 03, 998.

1903-04. J. consisting of a double row of piles 12' apart, filled with brush and st., extending 805 l. f. from end of old st. dike, completed, 04, 1243.

1904-05. 313 c. y., p. m., deposited in gap between js.; 31,207 c. y., p. m., removed from R. and from across flats in the B., 05, 1114.

1905-06. 20,103 c. y., p. m., removed from across flats at mouth of R., and 18,666 c. y., p. m., from shoals in R.; j. extended 331.75 l. f., existing j. repaired and sheathed for 203 l. f.; 13,665 c. y., p. m., removed from chan. across flats, 06, 1063, 1064.

1906-07. 22,368 c. y., p. m., removed from chan. across flats at mouth of R.; 22,456 c. y., p. m., dr. from R.; Green Pt. j. extended 511.2 l. f.; 160 piles driven, 170' of walling placed, and 84' of repairs to n. j. completed, 07, 1127.

1907-08. Brush and st. j. 2,200' l. constr. as extension of S. j.; repairs to n. j. made at cost of \$350, 08, 1168. 21,093 c. y., p. m., removed from outer end of S. j., middle ground in front of Mission Lighthouse, and chan of R., 08, 1168, 1169.

1908-09. 5,558 c. y., p. m., removed from chan. in R. and at mouth, resulting in chan. 6' x 50' from 4' curve in Delaware B. to lighthouse, and 6' x 40' thence to Milford, 09, 1175.

1909-10. 10,738 c. y., p. m., dr. from R., and 20,911 c. y., p. m., dr. from across flats at mouth, producing a chan. 6' x 50' in R. from Milford to mouth, and a chan. 4' x 150' across flats at mouth, 10, 1300.

1910-11. 137,858 c. y. dr.; 426 l. f. j. constr.; 48 c. y. st. placed for repairs, 11, 1392.

1911-12. 1,374.5 l. f. st. j. constr.; st. filling placed for repairs; 400' n. side j. extended, completing work, 12, 1611.

PHYSICAL CHARACTERISTICS.

Description of, 79, 468, 469; 97, 1292.

List of obstr., 79, 468.

Tidal observations, 79, 469.

Water d., 6' in R., 4' across flats at mouth, 12, 318.

Tidal stream entering Delaware B., 17± m. nw. of Cape Henlopen; navigable for 12± m., 12, 317.

PLANS. (See Projects.)

By Col. Macomb, 1879, cut-off canals connecting the deeper bends; canals aggregating 20,336 l. f., with a section of 10' x 30'; est., \$30,892. Plan too costly as compared with results to be obtained, 79, 467, 468, 470.

PROJECTS. (See Plans.)

By Col. Macomb, 1879, l.-w. chan., Milford to the bar at mouth, 6' x 40', with repairs to pile structures at mouth to prevent littoral sand drift; est., \$10,000, 79, 467.

By Lt. Col. Weitzel, 1883, 4' l.-w. chan. through bar at mouth; est., \$55,000, making, together with \$3,500 for completion of former proj., \$58,500, 83, 625, 626.

By Maj. Smith, 1891, chan. 6' x 150' m. l. w. outlet of R. in a se. direction to the 6' d. in Delaware B., cut to be protected by a wall of dr. material along its n. side; est., \$24,000, 22, 991.

By Maj. Smith, 1893-94, dike at n. side of entrance to R. to protect proposed dr. in that locality; est., \$5,000, 94, 881.

By Maj. Smith, 1894-95, deflecting crib dike about 350' l. on the s. side of chan. from h. w. near the lighthouse, and for completion of dr. only to end of dike completed on the n. side of chan. in 1893; est., \$4,600, 95, 1121.

By Maj. Flagler, dr. chan. 4' x 40' m. l. w., Milford to mouth, and 5' x 50' across flats at mouth, 06, 1064.

By Maj. Smith, au. act Mar. 2, 1907, dr. chan. 6' x 60' m. l. w., increasing to 75' at sharp turns Milford to mouth, thence 4' x 150' across flats, and constr. of j. along s. side of chan.; est., \$87,065, 01, 1369; 07, 202.

By Maj. Raymond, to increase d. across flats at mouth to 6', 10, 1301.

SURVEYS.

Ex. au. and in progress, 78, 63; completed by W. S. Edwards, 79, 75, 468.

Au. act Mar. 3, 1881; made, 1882, by Capt. Ludlow, 82, 769.

Sur. for a canal to shorten distance to B. au. act Sept. 19, 1890; made, 1891, by Maj. Smith, **92**, 990.

Ex. au. act June 3, 1896; made by Maj. Smith, 1896 (**R.** fav.), **97**, 1291.

Ex. and sur., mouth to head of navigation, au. act June 6, 1900; made by Maj. Smith (**R.** fav.),¹ **01**, 1346, 1365, 1368.

Pre. ex. au. act Feb. 27, 1911. **R.**, Maj. Raymond, June 2 and Nov. 28, 1911; est., \$70,400, 1st constr., with \$5,000 an. mainten.,² **12**, 330.

Cong. docs., etc., relating to exs., surs., plans, etc., **12**, 319.

OPERATIONS.

1873-74. Chan. 5' x 35', Milton to Oyster Rock Shoals, near mouth of R., dr., 74, 93, 11, 142.
1885-86. 92,737 c. y. dr., mouth to Milton Del., 86, 862.

1889-90. 20,972 c. y. dr., 90, 928.

1890-91. 104,284 c. y. dr., 91, 1167.

1907-08. Sec. 2 of j., 468 l. f., completed and work on sec. 1 well advanced, 08, 1174, 1175. 22,424 c. y., p. m., removed from cut across the cape, 08, 1175.

1908-09. J. on n. side of new entrance to mouth completed; total l., 1,263', 09, 1180. Addl work on j., 10 45' piles, 110 30' piles, 70 20' piles, 389 c. y. brush, and 571 c. y. st. placed in position; a total of 67,960 c. y., p. m., removed from 6' d. in Delaware B. to same d. in Lewes Sound, completing work under contract, 09, 1180, 1181.

1909-10. 729 t. st. placed in j., filling structure across old creek to top of piling and balance to top of walling at a cost of \$2,653.46, 10, 1307.

1911-12. 34,696 c. y. dr.; work on reinforcing n. side of j. in progress, 12 1615.

PHYSICAL CHARACTERISTICS.

Description of, 72, 792-797; 93, 1232; 11, 276.

Description of mouth, 95, 1152.

PRIVATE WORK.

Canal cut by citizens of Lewes from Lewes Creek to old back chan., 72, 796.

The Lewes River Improvement Co. completed an outlet from Broadkill R. to Delaware B., 01, 1347.

Dr. chan. from Lewes Creek to Broadkill R., and closing of mouth of Lewes Creek, provided for in the proj., being performed by private enterprises, 08, 1175.

Maj. R. R. Raymond, 1912. R., 12, 1616.

PHYSICAL DATA.

Imp. au. 1912, embraces section of a former proj. for inland waterway bet. Chincoteague B., Va., and Delaware B., Del., avoiding, so far as possible, the high lands of route, and following Lewes Creek nearly to its mouth, thence by short cut into Broadkill R., just above its mouth, 12, 326.

I-77

INDIAN RIVER, DEL.

APPROPRIATION.

1882, \$10,000, 83, 651.

COMMERCE.

Prospective benefit of imp. to C., 88, 745.

CONTRACT.

1883. F. C. Somers, dr., 34½ c. y., 83, 651.

ENGINEERS.

Chief of Engineers. R., 81, 129; 82, 127; 83, 127; 84, 135, 151; 85, 131; 86, 129; 87, 91; 88, 90; 07, 208.

In charge:

(See Surveys.)

Capt. W. Ludlow, 1883. R., 82, 828; 83, 650.

PROJECTS.

By Capt. Brown, 6' chan. from Milton to mouth by reopening Old Inlet, dr. a cut across beach, dr. and clearing R., and building a dam to turn the water from Lewes Sound, 72, 792, 795.

By Lt. Col. Kurtz, expend. app. by dr. R. above drawbr. as far as the money would allow, 73, 871.

By Col. Macomb, 1881, formation of R. entrance below junction of Lewes and Broadkill Creeks, to obtain, by dr. and constr. of a deflecting j., a chan. 6' m. l. w.; est., \$51,500, 81, 782; 91, 1167; 92, 955.

By Maj. Flagler, cutting new outlet across Lewes Cape, opening up old chan. of Lewes Creek, and constr. of j. extending into Delaware B. beyond 6' d., 07, 1153, 1134.

Act Mar. 2, 1907, au. proj. for permanent entrance at mouth by dr. from 6' curve in Delaware B. to same d. in R., and constr. j. on n. side of chan.,¹ 07, 207.

By Maj. Raymond, expend. of funds in repair of j. at mouth and redr. of R. from Milton down, 11, 1397.

SURVEYS.

Allotment for sur., \$600, 72, 792.

Under direction of Lt. Col. Kurtz, by Capt. M. R. Brown and James A. Chase. R., 72, 792-797.

Ex. for an inland waterway to connect Mispillion and Broadkill Rs. so as to reopen navigation of Cedar, Slaughter, and Primehook Creeks, au. act July 13, 1892; made by Maj. Smith, 1892 (R. unfav.), 93, 1231.

Ex. of mouth au. act Aug. 17, 1894; made by Maj. Smith, 1894 (R. unfav.), 95, 1151.

Ex. and sur. au. act Mar. 3, 1905; made 1905-06; Capt. Flagler's R. fav.,¹ 07, 206, 207, 208.

Maps.¹

PROJECTS.

Act July 25, 1912, au. proj. for canal between Rehoboth B. and Delaware B., of 6' m. l. w., 50' w. at bottom, narrowing to 40' through deep cutting; est., \$356,000; land for right of way (cost probably \$14,275) to be furnished to U. S. free,² 12, 326.

SURVEY.

Pre. ex. and sur. au. act Mar. 2, 1907. R. by Maj. Flagler, May 17, 1907, and Jan. 17, 1908; est., \$356,000,² 08, 218.

R. by Maj. Raymond, Sept. 20 and Aug. 11, 1910, and BERR., Oct. 3, 1910, requested by R. and H. Comm., to determine if work contemplated can be executed at less cost. Revised est. of \$239,328.74 given.³

Map.³

LEGAL PROCEEDINGS.

The Sec. of War informed in 1892 by the U. S. Atty. Gen. that the validity of the title to the right of way was vested in the U. S., 93, 1204. In 1895 the Delaware, Maryland & Virginia RR. obtained an injunction restraining the U. S. from crossing its tracks until the U. S. had obtained right of way, 95, 1124.

By condemnation proceedings, 1899, an award of \$37,343.58 was made to the Delaware, Maryland & Virginia RR. Co. for the right of way over its br., 99, 1381.

Notice given, 1901, to the Levy Court, Sussex County, Del., that 2 of the 3 brs. crossing the waterway would not be repaired by the U. S., 01, 1348.

¹ H. D. 482, 59th, 2d.

The Judge Adv. Gen., 1901, passed upon the question of the expend. of the app., act June 3, 1896, for dr. between Indian R. and the crossing of the Delaware, Maryland & Virginia R.R. at Rehoboth; the Sec. of War concurred; instructions issued to submit a proj., **01**, 1348, 1349.

LEGISLATION.

Act Mar. 3, 1905, repealed acts theretofore passed for the work, and required the amount unexpended to be paid into the Treas., **05**, 1121.

OPERATIONS.

- 1888-89. 46,619 c. y. dr., **89**, 892.
- 1889-90. 64,209 c. y. dr., **90**, 930.
- 1890-91. Excavation of cut between Assawoman and Indian R. Bs. completed, and 3 temporary wooden brs. erected, **91**, 1170.
- 1891-92. Draws placed in 3 wooden brs., **92**, 957.
- 1892-93. About 4 m. of canal constr., and 3 temporary wooden brs. constr., **93**, 1204.
- 1893-94. 232,823 c. y., p. m., shoveled and dr., **94**, 884.
- 1894-95. 109,044 c. y., p. m., shoveled and dr., **95**, 1124.
- 1895-96. 32,935 c. y., p. m., removed, **96**, 956.
- 1897-98. Negotiations for the condemnation of land belonging to the Delaware, Maryland & Virginia R.R. in progress, **98**, 1157.
- 1900-01. "Middle" or Ocean Br., near Ocean View, Del., repaired by the U. S. at a cost of \$227.94, **01**, 1348.
- 1902-03. 2 parallel js. of st. and brush, each 700' l., extending out from entrance to canal leading n. from Rehoboth B., completed; 9,229 c. y., s. m., dr. from Rehoboth B. and the canal n. of it, **03**, 1002.
- 1903-04. Shoal at entrance to canal removed, dr. done in Rehoboth B., and chan. 6' x 40' dr. through shoal at Raccoon Pt., 2,700' l., into 6' in Whites Creek, resulting in chan. from just below R.R. crossing to Ocean View; 19,107 c. y., p. m., removed under contract, **04**, 1247.
- 1910-11. Jefferson, Middle, and Cedar Neck Brs. repaired by hired labor; proj. completed, **11**, 1399.

PHYSICAL CHARACTERISTICS.

Description of route, **85**, 892, 902; **91**, 1174.

PLANS. (See Projects.)

By Maj. Smith, 1891, excavation of a canal between Rehoboth and Delaware Bs. Est., (1) by the Lone Creek route, \$460,224; (2) by the Burton Creek route, \$692,132; (3) by the Stockley Creek route, \$574,581, **91**, 1173, 1179. Stockley Creek route reported the best, **91**, 1180.

PROJECTS. (See Plans.)

By W. F. Smith, 1885, inland navigation between Chincoteague and Delaware Bs., 73 m., where necessary by a dr. chan. 6' x 70' m. l. w.; est., \$350,000, **85**, 897, 879, 904; **91**, 1169; **92**, 956.

Proj. of 1885 modified, 1892, reducing the w. of the canal between Rehoboth B. and Delaware B. from 70' to 20', **93**, 1204.

By Maj. Smith, 1893, dr. 4' x 20' between Sinepuxent and Rehoboth Bs., and excavation of as much of a cut 6' x 20' as could be made with available funds, head of Rehoboth B. toward Lewes Creek, **93**, 1204.

By Maj. Smith, 1894, expend. app. of 1894 in continuing the imp. proj. between Indian R. and Delaware B., and expend. of any balance from previous apps. in dr. along the route between Assawoman and Delaware Bs., **95**, 1124.

The app. of 1896 was made with a proviso that no part of it should be expend. until the right of way should be secured without cost to the U. S. except over R.R. and county brs., and then it could be secured by condemnation proceedings, **96**, 956.

Act June 25, 1910, au. \$1,500 for restoration and repair of existing br. built by the U. S., **10**, 154.

SURVEYS.

Ex. au. act July 5, 1884; made by W. F. Smith, **85**, 891, 897, 899; **87**, 836.

1909-10. 18,843 c. y. dr., 10, 1326.

1911-12. 11,283 c. y. dr., 12, 1642.

PHYSICAL CHARACTERISTICS.

General description, 79, 507; 93, 1235.

Obstructions, abrupt bends, narrow and crooked channels, bars and shoals, sunken stumps, etc., 79, 508.

Tides, 79, 509.

Description of the country between Pocomoke R. and Indian R., 95, 1155.

Max. draft over shoalest part of chan. under imp., 1911, 9'; tides, etc., 12, 349.

Rises partly in Del. and Md.; about 50 m. l.; flows sw. and empties into Pocomoke Sound; proj. section 4½ m., and lower end 24 m. above mouth of R., 12, 348.

PROJECTS.

By Maj. Craighill, 1878, dr. chan. 7' d., and removal of logs, snags, and obstr.; est., \$9,975, 79, 505-510. Proj. completed, 1880, 81, 889.

By W. F. Smith, U. S. agent, 1885, excavating a cut-off below Sand Hill 7' x 80' m. l. w., 1. to be 1,100'; est., \$8,000, 85, 906; 88, 752. Proj. completed, 1888, 88, 752.

Maj. Smith, U. S. agent, in 1895, est. that to make a cut 20' w. at bottom and 6' d. below m. l. w. from Sinepuxent B. to Pocomoke R. would cost \$564,272, 95, 1167; and to make a chan. 9' d. m. l. w. from 100'-130' w. would cost \$14,000, from Snow Hill to Shad Landing, 95, 1168. Au. act June 3, 1896, 12, 349.

SURVEYS.

By G. W. Parsons, 1878. R., 79, 507.

Ex. of Pocomoke R., with view to cut-off in the bend just below Snow Hill (R. unfav.), 84, 949.

Of Pocomoke R., from Snow Hill to Dighton, 1885, 85, 906.

Ex. of Pocomoke R. au. act July 13, 1892; made by Maj. Smith, U. S. agent, 1892 (R. fav.), 93, 1234.

Ex. for a canal from Pocomoke R. to Indian R., Del., au. act Aug. 17, 1894; made by Maj. Smith, U. S. agent, 1894 (R. unfav.), 95, 1154.

Sur. of Pocomoke R. to Sinepuxent B. au. act Aug. 17, 1894; made by Maj. Smith, U. S. agent, 1895 (R. unfav.; see Projects), 95, 1167.

Ex., Snow Hill, Md., to Gumboro, Del., au. act Mar. 3, 1909; made 1909 by Maj. Craighill (R. unfav.), 10, 282.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 349.

Maps. 95, 1168.

PHYSICAL CHARACTERISTICS.

Details of, 91, 1222.

Connects Pocomoke Sound and Little Annesmessex R., 2½ m. l., 12, 362.

PLANS.

By Col. Craighill, 1882, dr. chan. 8' d. m. l. w. and 150' w. on the w. side of Kent Isld.; also an interior basin 800' sq.; est., \$60,000, 82, 948.

By Maj. Smith, 1891, excavation of a 7' l.-w. chan. 120' w., from the 7' d. in Pocomoke Sound to the same d. in Little Annesmessex R., removing 270,000 c. y.; est., \$54,000, 91, 1223.

PROJECTS.

Act July 25, 1912, au. chan. 6' d. m. l. w., 100' w. in straight reaches and 130' w. at bends and about 2 m. l.; nothing to be expended until right of way dedded, and permission granted for deposit of dr. material at sufficient distance to prevent its return to creek, both free of cost to U. S.¹ (see Surveys, 1911), 12, 362.

SURVEYS.

Ex. au. act Mar. 3, 1881; made by Col. Craighill, 82, 948.

Au. act Sept. 19, 1890; made, 1891, by Maj. Smith, 91, 1223.

Ex. au. act June 25, 1910; R. by Col. Langfitt, Oct. 7, 1910, and Jan. 10, 1911; est., \$57,200, and \$200 an. mainten., subject to condition of local cooperation,¹ 12, 362.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 362.

ESTIMATES. (See Plans and Projects.)

By W. Popp, 1871, dr. chan. 7' x 75', bridge to head of navigation, and building dikes, \$17,000, **71**, 622, 623. Increased by Maj. Craighill to \$20,000, **72**, 67; **74**, ii, 24. For an. dr., \$2,500, **74**, 82, ii, 25.
By Maj. Craighill, causes for large increase of orig. proj., **79**, 503. In 1879, to complete existing proj., \$7,000, **79**, 504.

OPERATIONS.¹

1872-73. Chan. dr. about 5'-7' x 25' and four-fifths of a mile long, from br. through the shallowest part of the **R.**, **73**, 73, 765, 766.
1874-75. 12,547 c. y. dr. under contract, **75**, 87, ii, 68.
1875-76. Dr., and 1,636' of dikes built, **76**, 64, 289.
1877-78. Repairs to dikes; dr. in chan. and basin; 16,147 c. y. removed, **78**, 65, 452.
1878-79. Repairs to dikes and dr., **79**, 77, 504. Beneficial results, **79**, 504.
1879-80. 11,213 c. y. dr. from chan., **80**, 643.
1880-81. 15,721 c. y. dr. and deposited behind dike, **81**, 888.
1881-82. 454 c. y. dr., **82**, 858.
1883-84. 4,000 c. y. dr., **84**, 903.
1884-85. 20,327 c. y. dr., **85**, 888.
1885-86. Dr. continued under Ross contract to completion of imp., **86**, 869; **87**, 844.
1891-92. 65,918 c. y. dr., **92**, 975.
1893-94. 55,000 c. y., s. m., dr., **94**, 899.
1895-96. 12,430 c. y., p. m., dr., **96**, 968.
1898-99. 28,209 c. y. dr., **99**, 1393.
1903-04. 29,923 c. y. dr., **04**, 1267.
1905-06. 37,478 c. y. dr., **06**, 1089.
1907-08. 11,830 c. y. dr., **08**, 1202.
1909-10. 37,837 c. y. dr., **10**, 1332.
1911-12. 14,398 c. y. dr. (mainten.), and 8,644 c. y. dr. for orig. work and mainten., **12**, 1640.

PHYSICAL CHARACTERISTICS.

Described, **71**, 622; **75**, ii, 69.
R. on e. shore of Maryland, entering Monie B. at head of Tangier Sound, **90**, 948.
Description of. The lower part of the **R.** a safe H. in ne. storms for vessels navigating the Potomac, **93**, 1314.

PLANS. (See Estimates and Projects.)

By Maj. Smith, U.S. agent, 1889, imp. of Wicomico R. by excavation of 9' l.-w. chan. from the natural 9' curve to the drawbr. at the town of Salisbury, involving removal of about 116,000 c. y. of material; est., \$23,200, **90**, 950.

PRIVATE AND CORPORATE WORK.

2,700' of dikes built by the citizens, **71**, 623; **72**, 67, 685; **73**, 73, 766; **74**, 82, ii, 24; **75**, ii, 69; **76**, 289, Dr. done by the citizens of Salisbury, **84**, 903.

PROJECTS. (See Estimates and Plans.)

By W. Popp, 1871, dr. chan. 7' x 75', br. to head of navigation; dikes to be built by private parties, **71**, 621, 623; **72**, 67, 685. Building a portion of the dikes by the U.S., **75**, 87, ii, 70. Modification of orig. proj., 1876, for chan. 50' x 5', **77**, 59, 282; in 1879, modified to 65' x 7', **79**, 503.
By Lt. Col. Craighill, 1871, chan. 7' x 75' l.-w. from mouth to Salisbury, part of the dikes to be built by private parties, **71**, 621, 623; **72**, 685; **75**, ii, 70.

In 1884 proj. modified to give increased w. to the chans. and to straighten them at bends, **84**, 959; **87**, 96.

Work completed in 1885 under aggregate app. of \$50,000, **87**, 844.

By W. F. Smith, 1890, excavation of 9' l.-w. chan. from natural 9' d. in the **R.** below to the drawbr. at Salisbury, chan. w. to be 150'; est., \$23,200, **90**, 948.

By Lt. Col. Hoxie, 1906, restoring imp. chan. and extension to mouth of **R.**; est., \$53,000, and \$3,000 an. mainten., ² **06**, 215.

By Lt. Col. Craighill, 1909, plan for extension of imp., incl. turning basin 360' x 650'; est., \$24,000,³ **10**, 282.

SURVEYS.

J-109

NANTICOKE RIVER, DEL. AND MD.

APPROPRIATIONS.

1896,	\$3,000, 97, 1260.
1899,	3,000, 99, 1391.
1905,	2,000, 05, 1144.
1907,	2,000, 07, 1157.
1909,	*2,000, 09, 1203.
1910,	12,960, 10, 1330.
1911,	36,000, 11, 1426.
1912,	5,000, 12, 1648.

Total, 65,960 (total, incl. \$5,000 of app. for Broad Creek R., Del., 1894, applied to removing bar on Nanticoke R., \$70,960, 12, 1648-49).

COMMERCE.

Est., 1892, that a C. by water amounting to not less than \$3,000,000 would be doubled if the R. were imp., 93, 1238.

Imp. has made no appreciable difference in water rates; R.R. rates lessened, 10, 276; 12, 357.

Steadily increasing; in 1903, 119,038 t.; in 1911, 148,006 t., 12, 356.

 1911-12. 9,301 c. y. dr. for mainten., Nanticoke R., and 165,730 c. y. for Northwest Fork for completing proj., 12, 1648.

PHYSICAL CHARACTERISTICS.

Description of, 80, 741; 93, 1238.
 Tidal observations, 95, 1167.
 Description of Northwest Fork (Marshyhope Creek), 10, 276, 277.
 Max. draft in Nanticoke R., 9', and in Northwest Fork, 5½'; tides described, etc., 12, 357.
 Tidal stream; headwaters, numerous branches; R. flows through Sussex Co. into Tangier Sound, Chesapeake B.; about 50 m. l.; l. of proj. section, 2 m., with lower end 34 m. above mouth of R., 12, 355.

PLANS.

By W. F. Smith, 1888, chan. 3' m. l. t. and 60' w. from Seaford to Concord, Del.; est., \$10,000, 89, 916.
 In 1891 Maj. Smith, U. S. agent, did not consider the Northwest Fork worthy of imp. by U. S., 91, 1205.

PRIVATE AND CORPORATE WORK.

\$12,500 expend. in 1888 by citizens of Laurel in wharf constr. and dr. in front of same, 88, 750.

PROJECTS.

Lt. Col. Craighill considered that as there was not less than 8' l. w. in main R. from the forks to Seaford no imp. necessary, 80, 742. App. of Aug. 5, 1886, was to be applied to extending the 5' l.-w. navigation to Laurel, 87, 842.

By Maj. Smith, U. S. agent, in 1895, chan. 9' x 100', the w. to be increased to about 150' at sharp turns, to within 100' of the county br.; est., \$13,000, 95, 1166.

By Lt. Col. Craighill, to allow slight w. between the br. in H. of Seaford, a modification of existing proj. by act of June 25, 1910; est., \$2,860, 10, 276, 282.

By Col. Hoxie, chan. 6' x 60' in Northwest Fork (Marshyhope Creek) between Upper Browns Wharf and Federalsburg, with turning basin at upper end, au. act June 25, 1910; est., \$44,197.44, with \$2,000 an. mainten., 10, 277.

SURVEYS.

Au. act Mar. 3, 1879; made, 1879, by Lt. Col. Craighill, 79, 81; 80, 740.

Assistants:

Capt. Turtle. R., 84, 956.
J. L. Seager. R., 84, 956.
A. Stierle. R., 89, 910.

OPERATIONS.

1903-04. 35,587 c. y. dr., making chan. 60' x 9' m. l. w., from 9' curve in Nanticoke R. to wharf at

Tyaskin, and turning-basin made at that point, 04, 1269.

1905-06. 16,187 c. y. dr., w. 60' chan. to 90', and dr. basin out for 2,730', 06, 1087.

1907-08. 30,661 c. y. dr., of which 13,403 c. y. were for maintain., 08, 1198.

1910-11. 19,399 c. y. removed, of which 9,612 c. y. were for completing proj.—turning-basin at inner end of chan.—and 9,787 c. y. for maintain., 11, 1424.

1911-12. 7,572 c. y. dr., restoring chan. to 50' for 1,300', 12, 1645.

PHYSICAL CHARACTERISTICS.

Description of, 84, 956; 89, 910; 1900, 1681.
Creek, also known as Wetipquin Creek or R., is small tributary of Nanticoke R., having l. of about 5 m. D., 1903, 8', and on bar at mouth, 3½', 03, 190.

Average rise and fall of tide, 3', 12, 352.

L. of imp. portion of work, 3,500', 12, 352.

Stream navigable to Tyaskin, about ½ m. from mouth, 12, 352.

PLANS. (See Projects.)

Capt. Turtle, 1882, did not consider imp. public necessity, 84, 956.

In 1889 Col. Craighill did not consider R. worthy of imp., 89, 910.

PROJECTS. (See Plans.)

Maj. Smith, U. S. agent, est., 1899, \$13,200 to imp. entrance to creek, 00, 1683.

Act June 13, 1902, au. imp. of creek by making chan. 9' x 120'; est., \$13,200, 02, 190.

SURVEYS.

Ex. au. act Aug. 2, 1882; made, 1882, by Lt. Col. Craighill (R. unfav.), 84, 956.

Ex. au. act Aug. 11, 1888; made, 1888, by Maj. Smith, U. S. agent, 89, 910.

Ex. and sur. au. act Mar. 3, 1899; made, 1899, by Maj. Smith, U. S. agent (R. fav.; see Projects), 1900, 1682, 1683.

Pre. ex. and sur. au. act Mar. 3, 1905, of creek at and near Tyaskin. R. by Col. Hoxie, Sept. 25, 1905, and Mar. 22, 1906. Cost of completion of proj. with addition of turning-basin at town of Tyaskin, \$6,500, 06, 214.

PHYSICAL CHARACTERISTICS.

Described, 80, 641; 11, 301.
 A tributary of the East Fork of Nanticoke R., 00, 225.

PRIVATE AND CORPORATE WORK.

\$12,500 expend. in 1888 by the citizens of Laurel in wharf constr. and dr. in front of same, **S.**, 750.

PROJECTS.

By Lt. Col. Craighill, 1880, chan. 7' x 60' by dr., mouth to Laurel, supple. by wing dams and training walls; est., \$60,000, **S.**, 641.

In 1883 Col. Craighill reported, after an aggregate app. of \$20,000, that further dr. without training works would be useless, and est. that \$32,625 would be required to complete the proj. involving such works, **S.**, 681.

In 1891 Maj. Smith, U. S. agent, proposed excavation of chan., Laurel to Bethel, Del., to 8' x 70' m. l. w.; est., \$15,000, **S.**, 1210.

Congress au., 1894, that as much of the app. of \$5,000 made in that year as necessary should be used to remove the bar extending from the RR. br. at Seaford toward the mouth of the Nanticoke R. As this was not in the proj. for the imp. of Broad Creek R., and the cost of removing the bar would exceed \$5,000, it was decided to use this amount as far as it would go in removing the bar by dr. the existing chan. to 9' below m. l. w. and about 50' w. from Seaford to d. w. below, **S.**, 1189.

Act July 25, 1912, au. 8' m. l. w. chan. 70' w. between Portsville Landing and Laurel; straightening and w. bends in R.; and w. chan. below RR. br. to provide a suitable turning-basin (see Surveys, 1909), 12, 358.

SURVEYS.

Au. act Mar. 3, 1879, 79, 81; **S.**, 110; made by Lt. Col. Craighill, 1880, **S.**, 640.

1905-06. 59,101 c. y. removed, of which 7,989 c. y. were for mainten., 06, 1082.
1907-08. 45,736 c. y. removed, of which 4,725 c. y. were for mainten., 08, 1192.
1910-11. 7,834 c. y. dr. for completing proj. and 13,937 c. y. for mainten. in removing shoals from abrest Devils Isld. and the R.R. br. at Denton, 11, 1418, 1419.
1911-12. 18,884 c. y. dr., restoring chan. to proj. dimensions, excepting for short distance at upper end, completing contract, 12, 1637.

PHYSICAL CHARACTERISTICS.

R. dimensions and br. crossings, 80, 634, 635.
Shoaling, 03, 1012.
Max. draft, 1911, at m. l. w., 8', 11, 292, 293.
70 m. l.; proj. covers 8 m., the lower end of which is 38 m. above mouth of R. Empties into Chesapeake B., 12, 340.

PROJECTS.

By Lt. Col. Craighill, 1880, dr. chan. 8' x 75' m. l. w., Denton to Greensboro; est., \$79,000, 80, 636; 87, 94; 91, 1190; 92, 972.

Allotment of \$7,885 from app. act Mar. 3, 1905, to be applied toward completion of proj. of 1880, in the dr. of about 1 m. of chan. at upper end and restoring completed chan. where shoaled, 05, 196.

SURVEY.

Au. act Mar. 3, 1879, 79, 81; made, Denton to Greensboro, 1880, by Maj. Craighill, 80, 634.
Made by Capt. Sanford, 1903, 03, 1012.

* Allotment.

Capt. J. W. Cuyler, 79, 75.

C. Humphreys. R., 87, 852.

ESTIMATES. (See Projects.)

By Wm. Popp, adopted by Maj. Craighill, dr. entrance way at the mouth and a basin abreast of Cambridge, if 10' d., \$36,000; \$21,600 if 8' d., 71, 614, 616, 618; 74, 82, ii, 24.

LEGISLATION.

Company chartered by Maryland, 1868, for imp. of the H., etc., petitioned to have their charter confirmed by the U. S., 71, 619.

OBSTRUCTIONS. (See Projects.)**OPERATIONS.**

1870-71. Dr. by contract in progress, 71, 75, 615.

1871-72. Dr. ceased the last day of Aug. for want of funds, 72, 68, 687.

1872-73. Dr. commenced Sept. 10. Width of entrance was increased from 50' to 100', and nearly all of the inner basin was dr. to a d. of 8', 73, 72, 765.

1873-74. Dr. ceased Aug. 11, 1873; entrance w. to 125', 74, 82, ii, 24.

1878-79. Dr. by contract in the inner H. and approaches, 79, 76, 501.

1883-85. Enlargement of H. by dr. to extent of available funds, 84, 902; 85, 888.

1888-89. 23,000 c. y. dr., 89, 902.

1892-93. 42,744 c. y., s. m., dr., 93, 1218.

1893-94. 11,862 c. y., s. m., dr., 94, 895.

1894-95. 26,429 c. y., p. m., dr., and the proj. completed, 95, 1137.

1903-04. Chan. was dr. inside the drawbr. for 8' x 130' x 450'; 13,690 c. y. removed, 04, 1261.

1905-06. 23,230 c. y. removed, 06, 1080.

1907-08. 7,240 c. y. dr., of which 1,320 c. y. was mainten. work., 08, 1190.

1910-11. 16,750 c. y. dr. under contract for completing proj., and 13,451 c. y. for mainten., restoring proj. d. for 1,700' to point opposite phosphate works, 11, 1416.

1911-12. 11,500 c. y. dr. under contract, restoring proj. dimensions for distance above and below S.S. wharf, 12, 1635.

PHYSICAL CHARACTERISTICS.

Description of, 71, 616-620; 79, 500; 84, 144.

Until protective works are constr. the chan. across the bar will have a tendency to fill so as to require redr., 96, 965.

General description of previous imp., 02, 196.

Max. draft below br., 12'; above br., 8'; range of tide, 1.7', 12, 343.

H. on e. side of R., about 20 m. above mouth, and 65 m. se. of Baltimore H., 12, 342.

PLANS. (See Projects.)

By W. F. Smith, 1887, dr. chan. 12' x 150' to the R.R. wharf, 10' to the drawbr., and 8' to the head of the wharfage; est., \$17,136, 87, 853.

PRIVATE WORK.

About \$3,000 was raised and expend. by the citizens in 1869 in dr. and building a j., 71, 617. Results, 79, 501.

PROJECTS.

By Maj. Craighill, 1871, dr. a chan. of entrance to Choptank Creek and a basin 8' d. abreast of Cambridge, 74, ii, 24. Modified in 1874 for enlargement of basin and chan. leading thereto, 79, 501. Amount app. from 1871 to 1879, incl., \$32,500, 87, 852.

In 1890, after an expend. of \$42,500, \$7,736 was est. as required for completion of existing proj., 90, 940, 941; 91, 1193.

By Maj. Smith, 1893, for the expend. of as much of the available funds as might be needed for dr. in Cambridge H. below the br. in accordance with act July 13, 1892, that no money should be expend. on

this imp. above the br. until the draw in it should be w. to accommodate the C. of the R., 93, 1218. Sec. of War, 1894-95, approved the plans of the Dorchester Co., Md., commissioners for alteration of the br., providing for a draw opening of 49' 1 1/2", 95, 1137.

Maj. Smith, 1896, est. the total cost of completing the imp. would be \$3,120, 97, 1297; embracing 12' x 150' chan., from 12' curve in Choptank R. to a point 500' outside B., C. & A. Ry. Co.'s wharf, etc.; from S.S. wharf to mill wharf, etc., increasing w. of lower H. 40' on n. side, and widening upper H. aver. of 360' along dr. chan. to 8', 07, 218.

Act June 13, 1902, app. \$74,000 for certain Hs. and Rs. on the e. shore of Maryland; \$3,000 of this allotted to Cambridge H., for extension of the 8' chan. farther up the H. inside the drawbr., the w. of the chan. to be 150', 03, 186; 12, 343.

Completion, 1897, proj. delayed; \$8,120 for maintenance. added to est.; increased, 1907, to \$13,858.25, 07, 218.

Description of, 80, 737; 89, 922.

Average rise and fall of tide, 2.3', 12, 353.

Stream navigable to Hillsboro, 12½ m. above mouth, 12, 353, 354.

PLANS.

By Lt. Col. Craighill, 1880, chan. 8' x 200' l. w. Hillsboro to Waymans, and one 6' x 75', Waymans to mouth; est., \$41,250, 80, 738.

By W. F. Smith, imp., Waymans Wharf to Hillsboro, by excavating 8' x 75', cost, \$55,575; or a similar chan. 60' w., cost, \$46,200, 85, 910.

By W. F. Smith, 1889, chan. 10' l. w. and 50' w. from Waymans Wharf to the br. at Hillsboro; est., \$42,000, 89, 923.

PROJECTS.

Act July 25, 1912, au. chan. 8' x 50' m. l. w. from Waymans Wharf for 1 m., to Rolphs Landing, and removal of shoals below Waymans Wharf; est., \$15,600, 12, 354.

SURVEYS.

PHYSICAL CHARACTERISTICS.

Description of, **89**, 921; **91**, 1215.
Max. draft, 11' across bar, 8' inside; tides, etc.,
12, 350.

Formerly known as Dividing Creek; is a trib. of
Choptank R. (q. v.); is a small tidal basin, 3 m. l.

PLANS.

In 1889 Maj. Smith est. cost of dr. desired chan.
at \$13,000, **89**, 921.

PRIVATE WORK.

Increase from 4' to 8' by private subscription,
12, 549.

PROJECTS.

By Maj. Smith, 1892, chan. 11' x 150' across the
bar at the mouth, and dr. existing chan. inside the
R. where needed to 8' x 75' from mouth to Trappe
Landing; est., \$7,250, **93**, 1215. Est. increased,
1896, to \$9,750 on account of shoaling in the upper
R. since the last sur., **96**, 962.

SURVEYS.

hill (R. unfav.) and Capt. Turtle, **84**, 962, 963.

Ex. au. act Aug. 11, 1888; made, 1889, by Maj.
Smith, **89**, 920.

Sur. made, 1891, by Maj. Smith, **91**, 1216.
Sur. au. act June 3, 1896. **R.**, Maj. Smith, 1896
(R. unfav.; see Commerce), **97**, 1296.

OPERATIONS.

1880-81. 27,094 c. y. dr., **81**, 881.

PHYSICAL CHARACTERISTICS.

This stream, formerly called Tredhaven Creek,
is tributary to Choptank R., which it joins about
10 m. from its mouth. It rises in Talbot Co., Md.,
is about 10 m. l., and flows in a general s. direction;
imp. section is 3 m. l. The controlling d. before
beginning of imp. was less than 7' to Easton Pt.,
12, 354, 355.

PROJECTS.

By Lt. Col. Craighill, 1879, 8' m. l. w. chan.
150' x 3 m. below Easton; est., \$8,250, **80**, 639.

Act July 25, 1912, au. restoring chan. formerly dr.
from Peach Blossom Creek to Easton Pt. 8' d.,
m. l. w., and 150' w. w. out at upper end; est.,
\$9,200, **12**, 355.

SURVEYS.

ENGINEERS.

Chief of Engineers. **R.**, 72, 74; 73, 71, 77; 74, 81; 75, 85; 76, 62; 77, 56; 78, 63; 79, 75; 80, 100, 111; 81, 132, 150; 82, 129, 130; 83, 133, 134; 84, 141; 85, 133; 86, 130; 87, 93; 89, 112; 90, 102; 91, 126; 92, 126; 93, 136; 94, 125; 95, 142; 96, 129; 97, 164; 98, 167; 99, 193; 00, 219; 01, 267; 02, 197; 03, 187; 04, 186; 05, 195; 06, 205, 214; 07, 219; 08, 229; 09, 236; 10, 268; 11, 291; 12, 344.

In charge:

Maj. W. P. Craighill, 1872-84; 72, 74. **R.**, 73, 760, 817-819, 825; 74, ii, 17; 75, ii, 64; 76, 283; 77, 271; 79, 489; 80, 624; (Lt. Col.) 81, 839, 856; 82, 841, 843; 83, 667, 669; 84, 893.

Capt. C. B. Phillips, 1878, in temporary charge. **R.**, 73, 445.

W. F. Smith, U. S. agent, 1884-1900. **R.**, 85, 884; 86, 866; 87, 838; 88, 747; (map) 90, 954; 91, 1188; 92, 970; 93, 1211; 94, 889; 95, 1128; 96, 958; 97, 1273; 98, 1159; 99, 1383; 00, 1645.

Lt. Col. O. H. Ernst, 1901. **R.**, 01, 1381.

Col. Peter C. Hains, 1902. **R.**, 02, 1074.

Capt. J. C. Sanford, 1903. **R.**, 03, 1010.

Lt. Col. R. L. Hoxie, 1904-08. **R.**, 04, 1263; 05, 1136; 06, 1081; (Col.) 07, 1149; 08, 1191.

Maj. W. E. Craighill, 1909. **R.**, 09, 1196.

Col. Thos. L. Casey, 1910-11. **R.**, 10, 1322; 11, 1417.

Col. W. C. Langfitt, 1912-. **R.**, 12, 1636.

Assistants:

W. Popp. **R.**, 73, 818, 826.

H. Bacon. **R.**, 75, ii, 64; 81, 856.

Capt. C. B. Phillips. **R.**, 76, 284; 77, 273.

Lt. Thomas Turtle, 75, 84; (Capt.) 82, 127; 83, 131.

Lt. Edward Maguire, 75, 84; 76, 62.

Capt. E. H. Ruffner, 82, 127.

Lt. C. McD. Townsend, 83, 131; 84, 139.

A. Stierle. **R.**, 90, 955.

ESTIMATES. (See Projects.)

By W. Popp, adopted by Maj. Craighill, dr. 7' chan. through causeway, \$23,100; dr. 6' chan., \$15,000, 73, 760, 817, 818, 825; 74, ii, 17. For 7' chan., increased to \$25,000 by Maj. Craighill on account of long delays in operations, 75, 86, ii, 64; 76, 63, 284. Addl. increase of \$3,000 for same cause, 77, 57, 273.

LEGISLATION.

Maryland, Apr. 11, 1874, consented to the removal of the causeway, with the proviso "that before said causeway should be cut or opened there shall be built a bridge with a draw of not less than 60 f.," 74, 81, ii, 17.

OPERATIONS.

History of, 75, ii, 64; 76, 283; 77, 271.

Deferred until a br. was built, 74, 81, ii, 17.

1874-75. Dr. by contract in progress, 75, 86, ii, 64; about 10,000 c. y. removed, 76, 283.

1875-76. Dr. continued; about 88,000 c. y. removed, 76, 62, 63, 284.

1876-77. Dr. under contract ceased July 7, 1876, the available funds being exhausted; addl. vent through the causeway was given; 4 pile wings constr., chan. defined by guide piles; some rip-rapping done, and, June 28, 1877, a dr. chartered by the day to dr. at the sharp turns in the chan., 77, 57, 272, 273.

1877-78. 10,970 c. y. removed by dr., 78, 446.

1881-82. Chan. over shoals dr. 70' w. and 8' d. at l. w., 82, 841.

1882-83. Chan. being w. to 120' as orig. proposed, 83, 130.

1883-84. Chan. w. to 120'; proj. completed, 86, 130.

1891-92. 20,061 c. y. dr., 92, 971.

1892-93. 26,734 c. y., p. m., dr., 93, 1211.

1895-96. 5,502 c. y., p. m., dr., 96, 959.

1898-99. 10,483 c. y., p. m., dr., 99, 1383.

1899-00. 20,090 c. y., p. m., dr., 00, 1645.

1902-03. 23,907 c. y. dr., 03, 1011.

1905-06. 9,295 c. y. dr., 06, 1081.

1907-08. 11,397 c. y. dr., 08, 1191.

1909-10. 21,463 c. y. dr., 10, 1322.

1910-11. 14,093 c. y. dr. under contract, 11, 1417.

1911-12. 11,494 c. y. dr., restoring chan. from Crumpton to Jones Landing to 6' m. l. w., and w. of 60', 12, 344, 1636.

PHYSICAL CHARACTERISTICS.

Description of, 73, 817-819, 827; 75, ii, 65.

Max. draft, 1911, at m. l. w. over the shoalest part of the chan. was 5', 11, 291.

R. rises in Kent Co., Del., flows sw. into Chesapeake B.; 50 m. l. Proj. covers 6½ m.; its lower end 33 m. above mouth, 12, 344.

PRIVATE (COUNTY AND PRIVATE) WORK.

A solid causeway was built across the "Narrows" about 1820 by Queen Anns Co.; also a tide mill and race was constr., to the injury of the chan., 73, 817-819, 826; drawbr. built by the county authorities at the causeway, 76, 283; repairs made to the causeway and draw by the county authorities, 77, 57, 272.

PROJECTS.

Making an opening through the causeway, and dr. a chan. 7' x 100', 75, ii, 64; 76, 283; 77, 271.

By Maj. Craighill, 1874, reopening a chan. formerly existing between Chester R. and Eastern B., closed by a solid causeway, under the au. of Maryland; est., \$25,000, 75, ii, 64; 85, 133. Proj. completed, at a cost of \$25,000, in 1878; no further work deemed necessary, 85, 133.

By Maj. Craighill, 1881, Spry's landing to Crumpton, excavation of chan. 8' x 120' m. l. w.; est., \$13,167, 81, 857; 83, 667. Proj. completed in 1883, 83, 133; 86, 130.

In 1889, Maj. Smith, Crumpton to Jones Landing, excavation of a chan., Crumpton to 1 m. below Millington, supposed to be Jones Landing, 6½ m., 6' x 60' m. l. w.; est., \$12,750, 90, 956; 91, 1186; 92, 971; est. increased, 1896, to \$14,250; later to \$19,562.50, 12, 344.

SURVEYS.

Au. act June 10, 1872; assigned to Maj. Craighill, 72, 74, and made by W. Popp, in October, 1872. **R.**, 73, 817, 818, 825, 826.

Under direction of Maj. Craighill, 1877-78, 79, 491.

Resur. of chan., 1880, 80, 624.

Ritby's to Spry's landing, au. June 14, 1880; made, 1881, by Maj. Craighill, 81, 150, 856.

Sur., Crumpton to Jones Landing, au. act Aug. 11, 1888; made, 1889, by Maj. Smith, 90, 956.

Ex. au. act Mar. 3, 1905; made, 1905, by Lt. Col. Hoxie (**R.** unfav.), 06, 214.

PRIVATE WORK.

Dr., 87, 839.

PROJECTS.

By Lt. Col. Craighill, 1882, for chan., Hoopers Landing to Centerville, 8' x 100' m. l. w.; also a turning-basin at Centerville 200' x 300'; est., \$30,000, 82, 842.

By Lt. Col. Craighill, 1909, plan for imp.; est., \$5,368,¹ 10, 282; au. act July 25, 1912, providing for the restoration of chan.,¹ 12, 353.

SURVEYS.

Au. act Mar. 3, 1881; made by Col. Craighill, 1881, 82, 842; resur. of portion, 83, 669.

Au. act Mar. 3, 1909; **R.** by Lt. Col. Craighill,¹ 10, 282.

Maps. 87, 838.

SOUTHEAST RIVER, MD.

PHYSICAL CHARACTERISTICS.

Description of, 89, 912.

SURVEY.

Ex. au. act Aug. 11, 1888; made, 1889, by Maj. Smith, U. S. agent (**R.** unfav.), 89, 911.

OPERATIONS.

1896-97.	22,045 c. y., p. m., dr.,	97, 1288.
1897-98.	117,339 c. y., p. m., dr.,	98, 1171.
1903-04.	55,487 c. y. dr.,	04, 1259.
1905-06.	95,844 c. y. dr.,	06, 1078.
1907-08.	5,135 c. y. dr.,	08, 1187.
1908-09.	62,822 c. y. dr.,	09, 1192.
1910-11.	27,312 c. y. dr.,	11, 1413.

PHYSICAL CHARACTERISTICS.

Description of, 92, 1002; 95, 1164.

Chan. across Swan Pt. Bar practically obliterated; questionable if it can be maintained; may be necessary to make detour to avoid bar, 07, 215.

Max. draft across Swan Pt. Bar, 8', and in the inner H., 12'; range of tide, etc., 12, 339.

H. on e. shore of Chesapeake B., 25 m. se. of Baltimore H., 12, 339.

PLANS.

By Maj. Smith, 1891, 10' l-w. chan. 100' w. from the chan. in Swan Creek Inlet to the old p. in the H.; est., \$9,513, 92, 1001.

PROJECTS.

By Maj. Smith, 1895, 10' l-w. chan. 100' w., Swan Creek Inlet to the old p. in the H.; est., \$7,134, 97, 1287.

By Maj. Smith, 1896-97, cut 80' w. across the bar and 100' w. for the chan. inside the bar, 97, 1288.

Maj. Smith est., 1899, \$23,925, with \$8,320 biennially for mainten., to imp. outer chan.; \$19,140, with \$88 biennially for mainten., to imp. inner H.; and \$31,515, with \$8,320 biennially for mainten., to imp. chan. across the bar, 00, 1670; au. act June 13, 1902, 03, 184.

Est. increased, 1907, to \$60,386.81 from higher unit price of dr., and again, 1912, to \$71,196.81, due to broadening of outer bar, 12, 339.

Lt. Col. Langfitt recom. elimination of proj. for inner H., on account of lack of use by navigation, 12, 1631.

SURVEYS.

Sur. au. act Sept. 19, 1890; made, 1891, by Maj. Smith, 92, 1001.

Sur. au. act Aug. 17, 1894; reex. instead made by Maj. Smith in 1894 (**R.** fav.), 95, 1162.

Ex. and sur. for 12' chan. 150' w. through Swan Pt. Bar and in the inner H., and a 12' chan. 190' w. across the bar, au. act Mar. 3, 1899; made, 1899, by Maj. Smith (**R.** fav.; see Projects), 00, 1670.

Ex., 03, 1006.

ESTIMATES. (See Projects.)

By W. Popp, 7' chan., \$27,800; 6' chan., \$18,200, 73, 815, 816.

Maj. Craighill, 1873, chans. in both branches; 6' x 75', \$36,000; or 6' x 50', \$25,000, 74, ii, 15, 82, 75, 85, ii, 61.

OPERATIONS.

1874-75. About 900' of dike built by open purchase and hired labor; completed Oct. 31, 1874; 5,441 c. y. dr., 75, 85, ii, 62, 63.
1875-76. 15,565 c. y. dr., 76, 62, ii, 282.
1879-80. 15,565 c. y. dr., 80, 622.
1881-82. 24,308 c. y. dr., 82, 840.
1882-83. Old dike removed and bank sloped back, 83, 667.
1883-84. Work of dr. and removal of old pier-head continued, 84, 890.
1884-85. Dr. and p. removal completed, 85, 883, 884.
1891-92. 56,069 c. y. dr., 92, 968.
1892-93. 45,255 c. y., p. m., dr., 93, 1208.
1893-94. Proj. completed, 94, 888.
1902-03. 75,110 c. y. dr., 03, 1003.
1905-06. 14,990 c. y. dr., 06, 1076.
1907-08. 91,484 c. y. dr.; proj. completed, 08, 1185.
1909-10. 69,387 c. y. dr., 10, 1316.
1910-11. 8,213 c. y. removed, restoring proj. chan., 11, 1410.
1911-12. 48,853 c. y. removed, 12, 1628.

PHYSICAL CHARACTERISTICS.

Description of, 73, 816; 74, ii, 82, 83; 90, 966.
Shoaling more rapid than expected, 08, 222.
Rises in Pa. and empties into head of Chesapeake B., flowing for 35 m. About 15 m. from mouth joined by Little Elk (12 m. l.). Proj. portions are at junction of R. Water depth, June 30, 1912, 4', 12, 337.

PRIVATE WORK. (See Projects, 1912.)**PROJECTS.** (See Estimates.)

By Lt. Col. Craighill, 1873, chan. 6' x 75', by dr. and diking in the Big Elk from Cedar Pt. to Elkton, and in Little Elk as far as Burnetts Wharf; est. \$36,000, 74, ii, 15, 82, 83; 80, 622.

Amended to include 8' d., dike renewal and crib removal, increasing the est. to \$38,600, 81, 854, 855.
By Maj. Smith, 1890, excavating chan., upper wharves at the br. to below Cedar Pt., to 8' m. l. w. and 100' w.; est., \$24,000, 91, 1184.

Maj. Smith est., 1899, \$16,665, with \$2,500 an. for maintain. to restore navigable chan., 00, 1669.

By Lt. Col. Hoxie, 1906, obtaining and maintaining chan. 6' x 100', Elkton to Cedar Pt.; est., \$16,802.77, and \$2,000 an. maintain., 06, 214; au. act Mar. 2, 1907, 07, 213.

Act July 25, 1912, au. chan. 7' x 80' m. l. w., junction of Elk and Little Elk Rs., 1,200' up former and 2,000' up latter; est., \$6,060, local interests to contribute \$2,020, and U. S. \$4,040, 12, 336.

SURVEYS.

Ex. by W. Popp, under direction of Maj. Craighill. R., 73, 815, 816; 74, ii, 81, 82.

A resur. by Maj. Craighill, 76, 282.

Resur., 1883, 83, 667.

Boards:

Congress, 1894, au. President to appoint a board
to ex. and determine, from sur. already made by
War Dept., the most feasible route for a ship canal
from Chesapeake B. to Delaware B. R., 95, 1195.
(The Board met in Washington on Nov. 1, 1894,
and was composed of Brig. Gen. T. L. Casey, Chief
of Engineers, U. S. Army; Col. W. P. Craighill,
Corps of Engineers; Capt. G. Dewey, U. S. Navy;
Mendes Cohen, Maryland, and E. Porter Alex-
ander, South Carolina.)

Congress, 1906, au. the President to appoint a
commission to examine and appraise the value of
the works and franchises of the Chesapeake and
Delaware Canal, connecting the waters of the Dela-
ware and Chesapeake Bs., with reference to the desir-
ability of purchasing said canal and the constr.
of a free and open waterway to accommodate
largest vessels; also to ex. and investigate the
feasibility, for the purpose of such waterway, of
the route known as the Sassafras route (commission
composed of Gen. Felix Agnus, Maj. C. A. F.
Flagler, Corps of Engineers, and Civil Engineer
Frank Taylor Chambers, U. S. Navy), 06, 798.

In charge. Maj. W. P. Craighill. R., 72, 701;

progress, 79, 590.

PHYSICAL CHARACTERISTICS.

Description, 72, 702; 79, 588, 589.
Geological formation of peninsula, 80, 717.

J-547 NORTHEAST RIVER, MD.

APPROPRIATIONS.

1872,	\$10,000, 72, 67, 679.
1880,	5,500, 80, 622.
1890,	2,500, 91, 1183.
1892,	2,640, 92, 967.

Total, 20,640

COMMERCE.

Information as to, 81, 853.

Tidal observations, 80, 729.

Ice records in Chesapeake and Delaware Bs., 80,
734; 82, 954, 959; 83, 744.

Results of borings, 83, 728.

Table giving the several routes considered, 95,
1197. The line of the existing Delaware & Ches-
apeake Canal thought by the Board to be the best
adapted for defense and for giving facilities to C.,
95, 1199.

PLANS.

By Maj. Craighill, 1872, sur., \$20,000, 72, 702; 79,
590.

By Maj. Craighill, 1879, canal 100' at bottom,
26' d., by Ferry Creek route, \$18,250,000; by
Queenstown route, \$34,000,000; by Sassafras R.
route, \$8,250,000, and \$150,000 addl. for each for
right of way, 79, 589.

By Lt. Col. Craighill, 1879, ship canal 26' d. at
m. l. w. 100' w. at bottom, and 178' w. at w. l.
without locks, except tide locks. The following
locations were presented:

Choptank route, canal proper, 37.7 m.; est.,
\$16,500,000, 80, 715, 725.

Wye route, canal, 43 m.; est., \$26,333,000, 80, 715,
725.

Queenstown route, canal, 53.8 m.; est., \$37-
225,000, 80, 715, 725.

Centerville route, canal, 51 m.; est., \$41,500,000,
80, 715, 725.

Southeast Creek route, canal, 38½ m.; est., \$25-
000,000, 80, 715, 726.

Sassafras route, canal, 16½ m.; est., \$8,500,000, 80,
715, 726, 735, 736.

Addl. consideration of Choptank and Sassafras
routes, 82, 951.

In 1883, after addl. ex. and increasing the d. of
the canal to 27', the following ests. were presented:
Choptank route, \$18,184,766, 83, 741; Sassafras
route, \$11,410,000, 83, 742; Back Creek route
\$7,605,471, 83, 742.

Mainten. of canal, 83, 747.

PRIVATE (CORPORATE) WORK.

Description of canal, 80, 713; 82, 957.

Protests of the Maryland & Delaware Ship Canal
Co. against further sur., 83, 751, 753, 761.

Specifications of the Maryland & Delaware Ship
Canal, 83, 753.

PROJECTS.

Commission, 1906, selected existing Chesapeake
& Delaware Canal as the most suitable route for
water-way; works, franchises, etc., appraised at
\$2,514,289.70, 06, 798; 07, 228.

SURVEYS.² (See Boards.)

By N. H. Hutton, 1878, under direction of Maj.
Craighill. R., 79, 587.

Previous sur. made, 80, 714; 83, 753.

ESTIMATES. (See Plans and Projects.)

By Col. Graham, 1865, dr. chan. 8' x 100' between Havre de Grace and mouth of the R., \$26,400, 66, 3, 38.
By Maj. Craighill, 1866: (1) dr. chan. 10' x 100' and a deflector of earth, \$65,070, 66, ii, 27; (2) in 1867, floating deflector, \$20,200, 67, 428; (3) chan. 8', 9', or 10' in d., \$17,500, \$31,500, or \$42,000, resp., 67, 425.
By Col. Simpson, 1869, permanent deflector, \$40,000, 69, 376.
By Maj. Craighill, 1879, complete existing proj., \$55,000, 79, 487.

OPERATIONS.

1867-68. Constr. of floating deflector begun; 30,000 c. y. removed, giving 8' of water through the shoal, 68, 62, 692.
1868-69. Deflector stiffened and replaced, 69, 53, 375.
1870-71. Dr. near Fishing Battery; constr. of pile dike in progress, 70, 70, 421; 71, 72, 591.
1871-72. About 4,000' of the dike completed, 72, 66, 678.
1872-73. Repairs to dike, 73, 71, 758.
1873-74. Dike repaired with canal-boat hulks filled with st., 74, 78, ii, 14.
1878-79. Dr. near Spesutie Isld. to aid U. S. Commissioner of Fish and Fisheries, 79, 75, 487.
1880-81. 81,576 c. y. dr. from chan. between Havre de Grace and Spesutie Isld.; 16 boom-crib ps. removed by dynamite, 81, 850.
1881-82. Moving crib near gateway extended 200', and crib line built in prolongation of n.w. face of main basin, 82, 836.
1883-84. 73,000 c. y. dr. from chan. above and below the br., 84, 888.
1884-85. Basin formed by 580 l. f. of pile and sheet-piling constr., 85, 882.

1885-86. 63,433 c. y. dr. from chan. through shoals below R.R. br. and at Watsons Isld., 86, 865.

1886-87. Dr. continued between Havre de Grace and Watsons Isld., 87, 837.

1889-90. 47,978 c. y. dr., 90, 935.

1903-04. 44,490 c. y. dr., 04, 1257.

1904-05. 64,716 c. y. dr., 05, 1131.

1905-06. 79,000 c. y. dr., 06, 1077.

1908-09. 94,670 c. y. dr., 09, 1191.

1910-11. 40,180 c. y. dr., 11, 1411.

1911-12. 57,272 c. y. dr. for maintain. and 167,849 c. y. for imp. proper; results accomplished, 12, 1629.

PHYSICAL CHARACTERISTICS.

Described, 66, 38, ii, 26; 67, 419, 429; 73, 758.
Description of R. above Havre de Grace, 92, 995

Nanticoke to Pittston, 95, 1101.

Shoals near Havre de Grace a probable cause of ice gorges, 95, 1170.

Max. draft, 1912, over shoalest part of chan., 12' 12, 338.

Tides, etc., 12, 338.

PLANS. (See Estimates and Projects.)

By Lt. Col. Craighill, 1882, permanent imp. below Havre de Grace, to 15' m. l. w., by deflectors and dr.; also d. by dr. to 8' the chan. through the bar above the br.; est., \$163,000, 82, 838.

For plans of fish basin, see 84, 885.

By Maj. Smith, U. S. agent, 1891, imp. above Havre de Grace by d. the shoal between the Pennsylvania, Wilmington & Baltimore R.R. br. so as to enlarge the cross section of the R. at that point, and constr. 8 ps. at the Hog Back above Port Deposit to break up ice; est., \$425,109, 92, 938.

PROJECTS. (See Estimates and Plans.)

Orig., for dr. chan. 8' x 100' between Havre de Grace and the mouth of the R., 66, 38.

By Col. Simpson, 1869, permanent deflector of cribs; est., \$40,000, 69, 376.

Orig. proj. of 1853 proposed dr. chan. 10' x 100' m. l. w. bet. Havre de Grace and the mouth of the R.; est., \$37,000, 80, 616.

In 1886, it having been found that the above-described dr. chan. had largely refilled, Maj. Craighill proposed use of a temporary floating deflector to train the current toward the line of the main chan., 67, 42, 419, 427; 80, 617.

In 1871 floating deflector replaced by pile dike, 71, 590, 591; 80, 618.

In 1880 Maj. Craighill proposed chan. with a m. l. w. d. of 12' bet. Havre de Grace and Spesutie Isld.; also dr. at Battery Light, and removal of cribs above Havre de Grace, 80, 621.

Since 1882 dr. chan. maintained by systematic dr. to 12' below Havre de Grace and 8' through the shoal near Watsons Isld.; an ultimate d. of 15' is proposed below the br., 87, 92.

Maj. Smith, U. S. agent, 1895, est. cost of forming deflecting works to remove shoal near Havre de Grace, a probable cause of ice gorges, would be \$34,000, 95, 1170.

Div. Eng. Col. Craighill est. cost of a suitable iceboat for the purpose of keeping the R. clear of ice would be \$70,000, with a daily cost of \$60 when in commission, 95, 1172.

Capt. Sanford recom. 1903, removal of small amount of r. near Port Deposit, and dr. to 8' opposite Watsons Isld., with balance from previous app., and dr. to 15' and max. w. of 200', Havre de Grace Lighthouse, past Fishers Battery Lighthouse, to head of Spesutie Isld., with \$10,000 app., 1902, 03, 1004.

1881, 15,000, **81**, 804.

1882, 15,000, **82**, 781.

Total, 45,000

CONTRACTS.

1880. Coon & Mooney, dr., 70¢ c. y. J. Van Patten, dike constr., \$4.72 per running f., **81**, 806. R. C. Mitchell, dr., 90¢ c. y., **82**, 781.

1883. R. C. Mitchell, dr., 75¢ c. y.; r. backing, \$2 c. y.; and dike constr., \$8 l. f., **83**, 652.

ENGINEERS.

Chief of Engineers. R., **80**, 96, 97; **81**, 127; **82**, 124; **83**, 128; **84**, 136, 139; **85**, 125, 127; **04**, 194, 1290.

Boards. BERH. R., **04**, 1296.

In charge:

Col. J. N. Macomb, 1879-82. R., **80**, 594; **81**, 804.

Capt. W. Ludlow, 1882-83. R., **82**, 779.

Lt. Col. G. Weitzel, 1883-84. R., **83**, 652.

Maj. W. H. Heuer, 1884-85. R., **84**, 842, 869.

Lt. Col. H. M. Robert, 1885. R., **85**, 854, 864.

Col. J. A. Smith. R., **04**, 1291.

Assistants:

J. Worrall. R., **80**, 594.

H. Alrichs. R., **80**, 599.

G. H. Dager. R., **81**, 806; **83**, 653; **84**, 869.

A. Stierle. R., **84**, 842.

OPERATIONS.

1880-81. 2,548 c. y. dr. from Richards and Wilkesbarre Isld. Shoals, and 625 l. f. of dike built, **81**, 807.

Part (c), J-556 Susquehanna River (below Northumberland), Pa.

COMMERCE.

History of attempted navigation, **04**, 1299.

ENGINEERS.

Chief of Engineers. R., **04**, 194, 1296.

Boards. BERH. R., **04**, 1298.

In charge. Col. J. A. Smith. R., **04**, 1297.

Assistant. C. A. Miner. R., **04**, 1299.

PHYSICAL CHARACTERISTICS.

Description of, **04**, 1300.

Part (d), J-556 Susquehanna River, Pa. (West Branch.)

COMMERCE.

Local, **91**, 1113.

ENGINEERS.

Chief of Engineers. R., **91**, 118.

In charge. Maj. C. W. Raymond, 1890. R., **91**, 1102.

PROJECTS.

Col. Smith reported, 1902, that benefits to be derived were incommensurate with vast expense of imp., **04**, 1298.

SURVEYS.

Ex. au. act June 13, 1902; made, 1902, by Col. Smith,² **04**, 1296.

PHYSICAL CHARACTERISTICS.

Description of the W. Branch, **91**, 1103.

Navigation of the R., **91**, 1104.

Floods, **91**, 1105, 1107, 1109.

SURVEY.

Ex. au. act Sept. 19, 1890; made, 1890, by Maj. Raymond (R. unfav.), **91**, 1102.

J-556(e) BATTERY ISLAND, CHESAPEAKE BAY, MD.

APPROPRIATION.

1886, \$17,275, 87, 866.

ENGINEERS.

Chief of Engineers. **R.**, 87, 99.

In charge. Col. W. P. Craighill, 1887. **R.**, 87, 864.

Assistant. N. H. Hutton. **R.**, 87, 865.

OPERATIONS.

1886-87. 620 l. f. of cribwork sunk by hired labor to repair damaged part of break'r, 87, 865.

PROJECT.

By Maj. W. F. Smith, U. S. agent, 1886, to repair ps. and break'r, and to riprap j.; est., \$17,275, 87, 864.

J-556(f) HAVRE DE GRACE, MD. (Harbor at).

(See J-556.)

COMMERCE.

110,250 t. in 1900; regular steamers to Baltimore, 01, 1393.

ENGINEERS.

Chief of Engineers. **R.**, 01, 273, 1392.

In charge. Gen. Wm. F. Smith, U. S. agent. **R.**, 01, 1392, 1393.

PROJECTS.

By Gen. Smith, removal of r. to 9'; est., \$15,000, 01, 1394.

SURVEYS.

An. act June 6, 1900; made, 1900, by Gen. Smith,¹ 01, 1392.

J-556(g) CHESAPEAKE BAY (Headwaters of) AND HAVRE DE GRACE HARBOR, MD.²

(See also J-535 (a).)

APPROPRIATION.³

July 4, 1836, \$500 (sur.).

J-950

BUSH RIVER, MD.

ENGINEERS.

Chief of Engineers. **R.**, 81, 150; 82, 144.

In charge. Col. W. P. Craighill. **R.**, 82, 949.

PLANS.

By Col. Craighill, dr. chan. to Public Landing 6' d. at m. l. w. and 100' w.; also a basin at Public

Landing 200' x 400'; est., \$30,000. To continue the imp. to mouth of James, cost would be \$27,000 addl., 82, 950.

SURVEY.

Ex. au. act Mar. 3, 1881; made by Col. Craighill, 82, 949.

J-1079(a) PATAPSCO RIVER, MD. (W. Branch, from Light St. Bridge to head of tidewater.)

(See J-1090.)

ENGINEERS.

Chief of Engineers. **R.**, 78, 69; 79, 81.

In charge. Maj. W. P. Craighill. **R.**, 79, 579.

Assistants:

Capt. J. W. Cuyler. **R.**, 79, 581.

J. L. Seager, 79, 579, 581.

PLANS.

By Capt. Cuyler, 1879, 6' chan. by dr., diking embankments, etc.; est., \$173,000, 79, 580, 584.

By Maj. Craighill, 1879, canal preferable to imp of the R., 79, 580.

SURVEY.

By J. L. Seager, 1878, under direction of Ma Craighill and Capt. Cuyler. **R.**, 79, 579, 581.

J-1081(a) NORTH POINT TO MILLERS ISLAND, CHESAPEAKE BAY, MD.

ENGINEERS.

Chief of Engineers. **R.**, 10, 281.

Col.) 81, 860; 82, 843; 83, 669; 84, 894; 85, 917; 86, 874; (Col.) 87, 860, 880; 88, 756; 90, 987; 91, 1227; 92, 1005; 93, 1243, 1249, 1262; 94, 909, 914.

Capt. C. B. Phillips, 1878, in temporary charge. R., 78, 447.

Capt. T. Turtle, 1889-90. R., 89, 927.

Lt. Col. P. C. Hains, 1895-99. R., 95, 1175, 1181, 1201; (Col.) 96, 999, 1005; 97, 1299, 1306, 1307, 1308; 99, 1405, 1409, 1410.

2d Lt. C. W. Kutz, 1898. R., 98, 1175, 1180, 1181. Lt. Col. O. H. Ernst, 1900-1901. R., 00, 1687, 1692, 1693; 01, 1374, 1379, 1394.

Col. P. C. Hains, 1902. R., 02, 1067, 1070, 1071. Col. W. A. Jones, 1903. R., 03, 1027, 1031, 1032. Lt. Col. R. L. Hoxie, 1904-08. R., 04, 1252, 1255, 1256, 1278, 1284; 05, 1125, 1129, 1130; 06, 1272, 1075; (Col.) 07, 1137, 1141, 1142; 08, 1179, 1183, 1184.

Maj. W. E. Craighill, 1909. R., 09, 1185, 1188, 1189.

Col. Thos. L. Casey, 1910-11. R., 10, 1311, 1315, 1316; 11, 1405, 1409.

Lt. Col. W. C. Langfitt, 1912-. R., 12, 1623, 1626, 1627.

Assistants:

Lt. W. R. Livermore, 69, 52.

Capt. C. B. Phillips, 71, 71; 72, 67; 73, 70; in immediate charge, 77, 275.

N. H. Hutton, in immediate charge, 74, ii, 23; 85, 918.

Lt. Edward Maguire, 75, 84; 76, 62.

Lt. Thomas Turtle, 73, 71; 74, 78; 75, 84; 77, 56; 78, 63; 79, 75; 80, 98.

Capt. J. W. Cuyler, 77, 56; 78, 63; 79, 75; 80, 98. Lt. W. M. Black, 80, 98; 81, 129.

Capt. Thomas Turtle, 81, 129; 82, 127; 83, 131; 84, 139.

Capt. E. H. Ruffner, 81, 129; 82, 127; 83, 131.

Lt. C. McD. Townsend, 82, 127; 83, 131; 84, 139.

Lt. G. J. Fiebigler, 89, 112.

Lt. Charles W. Kutz, 97, 172; 99, 203.

ESTIMATES. (See Projects.)

For Brewerton Chan., 150' w., 22' d., \$390,000, 70, 419.

By Lt. Col. Graham, 1865, for removal of humps from chan. by dr., \$5,200, 66, 38.

By Maj. Craighill, 1866, for chan. 22' x 150', \$193,050 to \$223,500; for chan. 22' x 200', \$320,250 to \$329,700, 66, ii, 24, 25; revised after resur. to \$164,700 to \$148,500; \$295,200 to \$198,900, 66, iv, 233, 234. The latter adopted, 70, 419.

For completing the work, \$250,000, 67, 417.

By Col. Simpson, 1869, for completing revised proj., \$107,600, 70, 420.

By Maj. Craighill, 1871, numerous ests. for w. and d. chan., 71, 585.

By Maj. Craighill, 1879, for completing existing proj., \$100,000, 79, 494; \$50,000 per an. for repairs, 79, 492.

LEGISLATION.

An act to protect the "Craighill Channel," 81, 863. Protection of aids to navigation, 82, 844.

OPERATIONS.

1865-66. Dr. with U. S. dredges, 66, ii, 25.

1866-67. Dr. in Brewerton Chan. below North Pt., 67, 42.

1867-68. Result of dr., the extension of chan. from Brewerton Chan. s., past the Belvidere Shoal, with w. of 500' for a distance of 5 m., 68, 62, 688.

1868-69. Dr. in Brewerton and Craighill Chans., 69, 52, 374.

1869-70. Dr. in Brewerton and Craighill Chans., 70, 416, 417.

1870-71. Dr. with U. S. dredges, and by contract, in Brewerton and Craighill Chans., 71, 71, 585, 586.

1871-72. Dr. by contract, 72, 67, 679.
 1872-73. Dr. by U.S., 73, 72, 761, 762.
 1873-74. Dr. continued, 74, 81, ii, 17.
 1874-75. Dr. by contract continued, 75, 86.
 1875-76. Brewerton Chan. w. 40' by dr., 76, 63, 284.
 1876-77. Dr. by contract continued, 77, 58, 274.
 1877-78. Dr. 300,145 c. y., 78, 64, 449.
 1878-79. Dr. 481,416 c. y., 79, 76, 493.
 1879-80. 431,000 c. y. dr., 80, 625.
 1880-81. 181,930 c. y. dr., 81, 860.
 1881-82. 709,725 c. y. dr., 82, 843.
 1882-83. 2,554,861 c. y. dr., 84, 895.
 1883-84. 1,583,397 c. y. dr., 84, 895.
 1884-85. 1,715,247 c. y. dr., 85, 918.
 1886-87. 1,111,317 c. y. dr., 87, 860.
 1888-89. 1,761,088 c. y. dr., 89, 928.
 1890-91. 1,334,000 c. y. dr., 91, 1228.
 1891-92. 3,506,443 c. y. dr., 92, 1006.
 1892-93. 1,366,493 c. y. dr., 93, 1244. Chan. to Curtis B. in Patapsco R., Baltimore H., dr. to a d. of 25', 93, 1250.
 1894-96. In connection with previous year, 341,420 c. y. dr., 95, 1176; 96, 1000.
 1896-97. 1,270,582 c. y., s. m., dr., 97, 1300.
 1897-98. 3,423,708 c. y., s. m., dr., 98, 1176.
 1899-00. 2,057,414 c. y. dr., 00, 1688, 1692.
 1900-01. 4,068,502 c. y. dr., 01, 1375.
 1901-02. 3,415,924 c. y. dr., and 2,469 c. y. r. removed, 02, 1067.
 1902-03. 1,585,397 c. y. dr., 03, 1027. 716,526 c. y. dr. from chan. to Curtis B. and 557,406 c. y. dr. from H. of sw. Baltimore, 03, 1031.
 1903-04. 138,211 c. y. dr., 04, 1252. 764,547 c. y. dr. from chan. to Curtis B., 04, 1255. 1,155,391 c. y. dr. from H. of sw. Baltimore, 04, 1256.
 1904-05. 608,621 c. y. dr. from H. of sw. Baltimore, 05, 1130.
 1905-06. 3,405,911 c. y. dr., 06, 1072.
 1906-07. 5,110,008 c. y. dr., 07, 1138.
 1907-08. 6,532,098 c. y. dr. from main chan., 08, 1180. 19,687 c. y. dr. from chan. to Curtis B., 08, 1183. 36,563 c. y. dr. from H. of sw. Baltimore, 08, 1184.
 1908-09. 5,033,662 c. y. dr. and small amount of r. removed from main chan., 09, 1186. 16,429 c. y. dr. from chan. to Curtis B., 09, 1188. 13,250 c. y. dr. from H. of sw. Baltimore, 09, 1189.
 1909-10. 2,818,209 c. y. dr. from main chan., 67,027 c. y. from Curtis B. Chan., and 296,004 c. y. from H. of sw. Baltimore, 10, 1312, 1315, 1316.
 1910-11. 679,810 c. y. dr. from main chan., and 219,181 c. y. from H. of sw. Baltimore, 11, 1406, 1409, 1410.
 1911-12. 2,162,215 c. y. dr. from main chan., 9,068 c. y. from H. of sw. Baltimore, and 90,013 c. y. from chan. to Curtis B., 12, 1624, 1626, 1627.

PHYSICAL CHARACTERISTICS.

66, 37, ii, 25; 67, 420, 421; 74, ii, 19, 22, 23; 79, 493; 95, 1201.

Description of sw. Baltimore H., 96, 1006.
 At 1901, the Fort McHenry Chan., 30' d. m. l. w. with 565' w.; 460' in the Brewerton Chan.; 450' in the cut-off; and 565' in the Craighill, covering the shoalest portions of chan. from Chesapeake B. to Baltimore H., 01, 265.

Max. draft at m. l. w., 1901, 27', Patapsco R. Chan. to Curtis B., 01, 266.

15' m. l. w. and 100' w. in sw. Baltimore H. (Spring Garden), made by city dr., 01, 266.

Shoaling of imp. of H. at Spring Garden, 06, 199; 07, 1142; large, 08, 221; in chan. to Curtis B., 07, 1141.

Cost of mainten. of dr. chan. near Baltimore insignificant, 07, 1138; and 40' chan. readily creatable, 08, 1180.

Details, Curtis B., 12, 333.

Max. draft over shoalest part, 1912, chan. to Curtis B., 30' m. l. w. Length of imp. section, 24 m., 12, 334; in Spring Garden, 27'; l. of this latter section, 4 m., 12, 335.

PRIVATE (CITY AND STATE) WORK.

Dr. by city and State authorities, 66, ii, 25.
 The city and State, from 1852 to 1868, app. for H. imp. \$257,233.81; \$184,317.06 expend. in d. chan. below Fort McHenry, 70, 419.

The city app. \$200,000 for dr., 72, 67, 679; \$200,000 more, 73, 72, 761, 762.

History, 74, ii, 19, 23.

The State of Maryland app. \$5,000, in 1876, to defray the expenses of an advisory board and sur. R., 79, 497-500.

The city of Baltimore and State of Maryland contrib., up to 1885, \$84,000 toward the imp., 85, 138.

\$500,000 expend. in work of imp. by the city of Baltimore and the State of Maryland, up to 1890, 91, 133.

Spring Garden. (See Physical characteristics.)

PROJECTS. (See Estimates.)

From 1836 to 1838, incl., \$55,000 was app. for Baltimore H., 66, iii, 36.

In 1852 the proj. originated for imp. the chan. at the approach from d. w. in Chesapeake B., and was begun under the joint action of the U. S. and State of Maryland in the imp. of Brewerton Chan. to a w. of 150' and a d. of 22', 67, 420; 70, 418; 74, ii, 19; 79, 492.

In 1866 Maj. Craighill proposed an alteration in the direction of a part of the chan., with a w. of the chan. to 200', 66, iv, 233, 234; 67, 42, 417, 420, 422.

In 1872 the proj. was revised to provide for chan. 24' d. at m. l. w. and from 250'-400' w., 72, 67; 73, 761; 74, ii, 21.

In 1881 Lt. Col. Craighill proposed d. of the chan. to 27' at m. l. w., together with the formation of a cut-off between the lower part of the Brewerton and the upper part of the Craighill Chan., 81, 861. This work was practically accomplished in 1885, 86, 874.

The total amount app. from 1852 to 1886, incl., was \$2,216,830.

By Col. Craighill, 1887, for imp. of the chan. between d. w. in Chesapeake B. and Baltimore, by dr. to 27' m. l. w., and 600' w.; est. cost, \$1,300,000, 87, 860, 881; 88, 756.

Amount est. for completion in 1891, \$208,800, 91, 134.

By Col. Craighill, 1890, for d. chan. 150' w. at bottom and 27' d. at m. l. w., from the main ship chan. of the Patapsco R., Baltimore H., to Curtis B.; est. cost, \$85,000, 93, 1249.

By Col. Craighill, 1894, for d. a chan. 30' d., 600' w. at bottom, and over 1,200' at the bends, in Baltimore H.; est. cost, \$2,500,000, and \$50,000 an. mainten., 95, 1202; 96, 1000; 97, 1300.

By Col. Hains, 1896, for d. a chan. 100' w. at bottom with side slopes of 1 on 3 from the main ship chan. near Fort McHenry to the foot of Eutaw St., with a turning-basin 400' x 400' near the upper end; est. cost, \$314,000, 96, 1007.

\$196,000 est. as cost of d. chan., Curtis B., to 30' and 250' w.; and from over \$9,000,000 to about \$11,000,000 for chan. 35' d. and 1,000' w. from Baltimore to ocean. If bottom w. of 600' instead of 1,000' be made, the total to the ocean might be \$5,300,000, 01, 1395. Est. revised and reduced to \$3,465,000, 03, 1032.

R. and H. act June 13, 1902, app. \$50,000 for d. chan., Patapsco R., to 30' w. of 250'; under C. Con. system; est., \$196,000, 02, 194.

Proj. for 30', Patapsco R., completed, 1903, at cost of \$1,371,710 (orig. est., \$2,509,000), 03, 195.

Widening of existing chan., 1904, to 200' and 30' d. from Brewerton Chan. of Patapsco R. to Sparrows Pt., Md., au. act June 13, 1902, 04, 1289.

Act Mar. 3, 1905, provides for chan. 35' x 600' from Fort McHenry to d. w. above Sandy Pt. Light, and through shoals opposite York Spit; est., \$3,465,000, 05, 187, 1126.

\$6,500 app., R. and H. act Mar. 2, 1907, for mainten. of Spring Garden imp., 07, 211.

Proj. of 1905 extended by act Mar. 3, 1909, to include the w. of Fort McHenry division near its intersection with Curtis B. Chan. so as to provide an anchorage basin, 09, 225; and further extended by act Feb. 27, 1911, to include increased w. of chan. at the entrances and in the bends, 11, 280.

Desirable that York Spit section be increased in w. from 600' to 1,000', for benefit of heavy-draft vessels, 11, 280, 1406.

Existing proj., with all modifications, in detail, 12, 332. Max. draft 1912, over shoalest part

Patapsco R. and Chan. to Baltimore, 35' at m. l. w. Length of imp. sections, 12, 332, 1624.

Urgent that w. of Baltimore chan. at bends and entrances be further w., 10, 257, 1312; at York Spit, 11, 1406; and chan. near York Spit done, 10, 258.

\$10,000 app. by R. and H. act June 25, 1910, for restoring dimensions, Curtis B. work, 10, 259; and \$5,000 by R. and H. act Feb. 27, 1911, 11, 282. Same act app. \$34,000 for similar work at Spring Garden, 10, 260; and R. and H. act Feb. 27, 1911, app. \$10,000, 11, 283.

SURVEYS.

Made, 1859, 66, ii, 25.
By Col. Graham, 1865, ex., 66, 37.
By Maj. Craighill, 1866, ex., 66, ii, 24.

Maps. Of Patapsco R. and approaches, 66, 42; 95, 1180; 97, 1306; 12, 1624.

PHYSICAL CHARACTERISTICS.

General description, 79, 575, 576; 81, 872; 97, 1311. Bars at mouth of H., 79, 576. Tides, 79, 574, 575.

PLANS.

By Capt. Cuyler. 1. To dr. chan. 24' x 150', connecting d. w. of B. with d. w. of Severn R.; est., \$55,000. 2. To constr. a series of light shore groins or deflectors to maintain chan.; est., \$17,000, 79, 575.

By Maj. Craighill, est. expend., per an., of \$10,000 for dr., 79, 574, 575, 577. Correspondence relative to proposed imp. of H., 79, 577, 578.

PROJECTS.

By Col. Craighill, 1880, chan. through the bars abreast of the Naval Academy, by dr. to 24' x 150' l. w.; est., \$66,000, 81, 872; 85, 134.

In 1881 Col. Craighill recom. postponement of operations as the amount available, \$10,000, not sufficient to effect any substantial imp., 81, 874.

1896, Col. Hains est. that to dr. a chan. 3½ m. l. with side slopes of 1 on 3, 28' d. m. l. w., would cost \$142,000, 97, 1310.

SURVEYS.

Included in Coast Sur., 1844-45, 79, 575.

Ex. by Capt. Phillips, 1876. R., 79, 578.

By Capt. Cuyler and J. L. Seager, 1878-79. R., 79, 575.

By W. F. Smith, 1886, of shoals in H., 86, 134.

Sur. with view to obtaining a ship's chan. 28' x 150' m. l. w., from Chesapeake B. to the wharves of U. S. Naval Academy, au. act June 3, 1896. R. submitted by Col. Hains in 1896 (see Projects), 97, 1309.

PHYSICAL CHARACTERISTICS.

Description of, 93, 1311.

SURVEYS.

Ex. of the mouth au. July 13, 1892; made by Maj. Davis, 1892 (R. unfav.) 93, 1311.

1880-81. 90,092 c. y. dr. from inner chan., **81**, 957.

PHYSICAL CHARACTERISTICS.

Description of, **88**, 846; **93**, 1294; **94**, 953; **00**, 1740; **05**, 209.

PROJECTS.

By S. T. Abert, 1888, imp. Patuxent R. between Benedict and Hills Landing by dr. through Bristol and Swanns Pt. bars a chan. 12'-13' x 200'; est., \$80,000, **88**, 850; **91**, 1263.

In 1891 Lt. Col. Hains considered the imp. already made upon the R. sufficient; recom. no further app., **91**, 1263.

Lt. Col. C. J. Allen est. \$6,840 or \$10,500 to make the imp. desired in 1899, **00**, 1742. Act June 13, 1902, au. chan. through Bristol Bar 10' x 100', with turning-basin of same d., 300' x 400' at SS. wharf; est., \$10,500, **03**, 203.

BERH. did not consider it advisable, 1903, to continue imp., **03**, 1049.

SURVEYS.

Sur., Benedict to Hills Landing, au. act Aug. 5, 1886, **87**, 114; made, 1888, by S. T. Abert, **88**, 848. Sur. made, 1894, by Maj. Davis, **94**, 954.

Ex. and sur. au. act Mar. 3, 1899; made, 1899, by Lt. Col. Allen (**R.** fav.; see Projects), **00**, 1740, 1741.

Ex. au. act Mar. 2, 1907; **R.** by Maj. Cosby (**R.** unfav.), **08**, 264.

Maps. **88**, 850; **90**, 1060.

SURVEY.

Ex. au. act Sept. 19, 1890; made, 1890, by Lt. Col. Hains (**R.** unfav.), **91**, 1277.

1881-82. 22,320 c. y. dr. from outer end of inner chan., **82**, 1016.

1882-83. 15,526 c. y. dr. from Cuts A and B, **83**, 802.

1883-84. 4,151 c. y. dr. from continuation of Upper Pond chan., **84**, 984.

1884-85. 51,954 c. y. dr. from chan., **85**, 969.

1885-86. 11,106 c. y. dr. from chan., **86**, 905.

1886-87. 500 c. y. dr. from chan., **87**, 934.

PRIVATE (U. S. FISH COMMISSION) WORK.

Chan. to Upper Pond dr. by U. S. Fish Commission, **84**, 984.

PROJECTS.

By S. T. Abert, 1880, chan. 9' x 100' through bar at mouth, and chan. 6' x 40' into s. fork, material to be formed into a dike inclosing part of s. fork for pond for U. S. Fish Commission; est., \$21,500.

1886, amount to complete proj. est. at \$26,000, **85**, 970; **87**, 934. Increased to \$34,700 in 1888, **88**, 819. In 1890 the proj. reduced to chan. through bar at mouth; est. to complete, \$26,000, **90**, 1065.

SURVEY.

Au. act Dec. 13, 1880; made by Lt. Col. Craighill, **81**, 935.

Maps. **86**, 904.

Assistants:

J. B. Dunklee, 76, 356.
J. E. Weyss, Mr. Thompson, 70, 530.

ESTIMATES. (See Plans and Projects.)

By S. T. Abert, 1875, chan. 8' d. from Bladensburg to the navy yard, \$168,269, 76, 358. Imp. Eastern Branch between arsenal and navy yard, \$157,500, 70, 534.

LEGAL PROCEEDINGS.

Atty. Gen. of opinion, Sept. 6, 1905, that land embraced in Anacostia Flats belonged to U. S. for public purposes, subject to certain claims, 06, 1097.

MISCELLANEOUS.

Description of sea wall for retaining dr. material, 08, 1214.

OBSTRUCTIONS.

Brs. crossing the R., description of; should be remodeled before dr. for a deeper chan., 99, 1447, 1457.

OPERATIONS.

1891-92. 90,217 c. y. dr., 92, 1035.
1891-92. Bulkhead and wharf lines estab., 92, 1080, 1083.
1902-03. 22,692 c. y. dr. and placed in embankment along R., weirs constr., bank protected with 8,767 c. y. riprap, and other work preparatory to filling flats in front of insane asylum, 03, 1040.
1903-04. 680,346 c. y. dr., embankments raised, and 2 small wrecks removed, 04, 1310.
1904-05. 423,107 c. y. dr.; 2 wrecks, 80 piles, and timber platform removed, and 3,478 c. y. deposited in embankment, 05, 1156.
1906-07. 10,590 c. y. dr. from trench, and 2,403 c. y. st. deposited in trench, 07, 1168.
1907-08. 17,466 c. y. dr. and 12,174 c. y. riprap placed in constr. of sea wall, 08, 1215.
1908-09. 729,170 c. y. soft and 26,696 c. y. hard material dr., and 3 wrecks and 9 snags removed, 09, 1217. 4,203 c. y. riprap placed in sea wall, and 60,503 c. y. dr. from trench and placed in embankment, 09, 1218.
1909-10. 46,484 c. y. dr. for embankments, and 6,333 c. y. riprap used in raising wall foundations, 10, 1342.
1910-11. 412,488 c. y. dr. and 22 obstr. removed from chan. Results obtained given. Riprap placed in sea-wall foundations and extension of sea wall; 123,639 c. y. excavated from trench for embankment; raising of flats in front of Govt. Hospital in progress, 11, 1443.
1911-12. 2,215,677 c. y. dr. and obstr. removed from chan.; 81,200 c. y. excavated in cutting off Buzzards Pt.; extension of sea-wall foundations at Giesboro Pt. completed; extension from outfall sewer to Anacostia Br. begun; restoration of sea-wall foundations made; embankment work prosecuted; 1,400 l. f. sea wall completed; drainage work finished; entire proj. 50% completed, 12, 1663.

Part (d), K-46 Potomac River, South Branch, W. Va.

ENGINEERS.

Chief of Engineers. **R.**, 89, 124.
In charge. Lt. Col. P. C. Hains, 1888. **R.**, 89, 994.

PHYSICAL CHARACTERISTICS.

Description of, 89, 994.

PHYSICAL CHARACTERISTICS.

Description of, 76, 357; 92, 1065; 94, 939; 95, 1217; 99, 1445. Private lands within the limit of imp., 99, 1457.

Unsanitary condition of flats along R., 03, 1041.

Dr. stopped by ice, 04, 1310.

Max. draft, 21'; range of tide, about 3', 12, 369.

PLANS. (See Estimates and Projects.)

By Maj. Michler, removal of obstr. from Eastern Branch, 70, 530.

By S. T. Abert, 1875, for chan. from Bladensburg to the navy yard, 8' x 100' x 21,000', 76, 358.

In 1888 Lt. Col. Hains did not consider the Eastern Branch of the Potomac worthy of imp., 89, 993, 994.

PRIVATE (NAVY DEPARTMENT) WORK.

The Navy Dept. completed in 1892 dr. chan. in front of the navy yard, 22' x 100'-200'; cost, \$10,000, 93, 1271.

133,721 c. y. dr. by Q. M. Dept., Navy Dept., and private parties, 08, 1213. 81,082 c. y. dr. by other depts. and private parties, 09, 1217.

15,000 c. y. placed in embankments by private parties; old Navy Yard Br. removed by Comrs. of D. C., 10, 1342.

333,760 c. y. dr. by other depts. of the U. S. and by private parties, up to June 30, 1911, 11, 310.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Hains, 1891, imp. of Anacostia R. by excavation of a chan. 20' x 200' (ultimately to be increased to 24') from the mouth to the Navy Yard Br., with a basin in front of the yard 20' x 400'; this chan. to be w. at a reduced d. to 1,000' as the demands of C. require in the future; total amount of material to be dr., 4,100,000 c. y.; est., \$656,000, 92, 1068.

Lt. Col. Allen est., 1898, \$2,194,720 to imp. chan. for needs, 99, 1456.

Act 1902 au. part of proj. of Lt. Col. Allen, providing for chan. 20' x 400' from mouth to navy yard, 102, 206, 1087.

The existing proj. for this imp. was au. act June 13, 1902; imp. of the portion of Anacostia R. below the Navy Yard Br., by dr. a chan. at least 24' x 400', gradually decreasing the d. to 6' at the bulkhead lines, and depositing dr. material on the adjacent flats to an average elevation of 7' above low tide, the reclaimed area to be surrounded by an earth embankment to 14' above low tide, protected by a masonry sea wall, and provided with suitable drainage through the embankment; est., \$1,218,525, 04, 198.

SURVEYS.

By J. E. Weyss and Mr. Thompson. **R.**, 70, 530. Under direction of S. T. Abert, 1875, by J. B. Dunklee. **R.**, 76, 355.

Sur. of Anacostia R. (Eastern Branch of the Potomac) au. act Sept. 19, 1890; made, 1891, by Lt. Col. Hains, 92, 1065.

Sur. au. joint resol. of Congress approv. Apr. 11, 1898; made, 1898, by Lt. Col. Allen (see Projects), 99, 1449.

Minor, 06, 1096; 07, 1169.

Cong. docs., etc., relating to ex., surs., plans, etc., 12, 368.

Maps. 03, 1042; 04, 1312; 06, 1096; 09, 1220; 12, 1662.

PLANS.

In 1888 Lt. Col. Hains did not consider the South Branch of the Potomac R. worthy of imp., 89, 995.

SURVEYS.

Ex. au. act Aug. 11, 1888; made, 1888, by Lt. Col. Hains, 89, 994.

Part (e), K-46 Potomac River, at Lower Cedar Point, Md.**APPROPRIATION.**

1910, \$13,300, 10, 1345.

COMMERCE.

Imp. allows SS. of fully 3' d. draft to land at this port, making it possible for the SS. of the Washington & Baltimore line to trade at this port, 11, 314.

In 1911, 1,755 t., 12, 1670.

CONTRACT.

1910. John H. Miller, dr. about 41,000 c. y., 21.9¢ c. y., 11, 1450.

ENGINEERS.

Chief of Engineers. R., 08, 264; 10, 289; 11, 313; 12, 371.

In charge:

Capt. W. T. Hannum, 1910. R., 10, 1345.

Lt. Col. W. C. Langfitt, 1911-. R., 11, 1449; 12, 1669.

OPERATIONS.

1910-11. 3,870 c. y. dr.; 1 log removed by dr.; hydraulic dr. Potomac excavated and deposited on adjacent shores 35,297 c. y.; proj. completed Aug. 27, 1911, 11, 1449-50.

1911-12. Floating plant constr. or repaired, 12, 1669.

PHYSICAL CHARACTERISTICS.

Lower Cedar Pt. is a long, narrow point of land projecting into the Potomac R. on left bank, 61 m. below Washington. On s. side of point a spacious wharf is used as a shipping point for a radius of 6 or 7 m., 12, 371.

Ruling d., 1907, 7', 12, 371.

Portions of chan. gradually shoaled until w. was insufficient for navigation, 12, 371.

PRIVATE WORK.

Chan. previous to 1910 dr. by private parties, 10, 289.

PROJECT.

By Maj. Cosby, 1907, dr. chan. 10' x 150' to Dills Wharf with turning-basin 300' x 400'; est., \$13,300, and \$600 an. mainten.,¹ 08, 264; au. act June 25, 1910, 10, 289.

SURVEY.

Pre. ex. and sur. au. act Mar. 2, 1907, with view to obtaining greater d. R. by Maj. Cosby, July 26, and Dec. 13, 1907; est., \$13,300,¹ 08, 264.

Map.¹ 11, 1450.

Maj. C. E. L. B. Davis, 1892-95. R., 92, 1038.

Maj. S. Cosby, 08, 240.

ESTIMATES. (See Projects.)

By S. T. Abert, 1879, dr. chan. 6'-7' x 150', \$13,800, 79, 598, 599; for completion of existing proj., \$10,000, 79, 599.

OPERATIONS.

1879-80. 20,379 c. y. dr. from chan. and basin 80, 753.

1880-81. 21,005 c. y. dr., 81, 946.

1881-82. 8,113 c. y. dr., 82, 1005. Chan. 145' x 7'-9' completed, 83, 795.

1888-89. 38,296 c. y. dr., 89, 999.

1890-91. 12,846 c. y. dr., 91, 1253.

PHYSICAL CHARACTERISTICS.

A wide flat of soft mud, with 4' of w., 79, 598, 599.

PRIVATE WORK.

The Ladies' Mt. Vernon Assn. built a wharf at a cost of \$9,000, 79, 599.

PROJECTS. (See Estimates.)

By S. T. Abert, 1879, for dr. chan. from d. w. in the Potomac to the wharf at Mt. Vernon 7' x 150', with a suitable turning-basin at the wharf; est., \$14,000, 79, 598, 599; 86, 139.

Necessity for further d. in 1886 increased this est. to \$17,000, 88, 814.

In 1888 proj. amended to provide for chan. 9'-10' x 200', with a turning-basin of 200' radius; total cost of amended proj., \$26,000, 91, 1252.

In 1892, after an expend. of \$17,000, dimensions of the chan. were considered sufficient for the needs of existing navigation and no further work was recom., 92, 1039.

SURVEYS.

COMMERCE.

In 1911, 212,560, 12, 1669.

CONTRACTS.

1910. Potomac Sand & Gravel Co., retaining wall, 49¢ c. y., est. 6,000 c. y. st.; Sanford & Brooks Co., dr. (300,000 c. y.), 11.75¢ c. y., 11, 1448.

1911. Sanford & Brooks Co., dr. (300,000 c. y.), 15.6¢ c. y., 11, 1448.

ENGINEERS.

Chief of Engineers. R., 09, 273; 10, 288; 11, 312; 12, 369.

In charge:

Capt. W. T. Hannum, 1910. R., 10, 1344.

Lt. Col. W. C. Langfitt, 1911-. R., 11, 1446; 12, 1667.

LEGAL PROCEEDINGS.

Owner of land adjoining upper 400' of h.-w. line of Battery Cove objected to the boundary line, a barbed-wire fence; referred to Dept. of Justice for settlement, 12, 1667-68.

OPERATIONS.

1910-11. 4,300 l. f. chan. completed by excavation of 205,781 c. y. deposited in Battery Cove, raising that area to an average elevation of 3½' above m. l. w.; retaining wall constr. inclosing Battery Cove, 2,730' l. and containing 8,631 c. y. st.; necessary embankments made for retaining dr. material, 11, 312, 1446.

1911-12. 332,497 c. y. excavated, and retaining wall and embankments rebuilt where settlement had occurred. The dr. material deposited in Battery Cove reclaimed this area, about 50 acres to a h. of 7½' above m. l. w. About 7,300' chan. dr. in front of city. Proj. fully completed, 12, 370-71, 1667.

PHYSICAL CHARACTERISTICS.

Description of, 10, 288.

PROJECT.

By Maj. Morrow, au. act June 25, 1910, dr. chan. 24' x 300' x 6,700' over area in front of Alexandria between d. w. of through chan. and a line drawn 20' outside of the estab. pierhead line; est., \$116,000, and \$2,000 an. mainten., 09, 273; 10, 288.

SURVEYS.

Pre. ex. au. act Mar. 2, 1907, with view to removal of recently former bar, 08, 265. R. by Maj. Cosby, 1907 and 1908; est., \$116,000, 09, 273.

1911,	60,000,	11,	1437.
1912,	40,000,	12,	1660.

Total, 3,212,000 (incl. amts. under Parts A and B, except \$150,000 allotment of 1833; less \$25,000 allotment of 1908 for tidal gates Potomac R., and incl. misc. rectis. of \$585.79—\$3,389,085.79, 12, 1660).

COMMERCE.

Imp. R. a cause for a reduction in rates, 96, 1030; 97, 1317.

With increased d. more deep-draft vessels would seek port, 03, 1036.

Deeper draft vessels engaged in trade here; rates much reduced, 05, 204.

1911, 795,900 t., 12, 366.

"The work of the project is now about 82 per cent completed and the benefits to navigation and general health of the community derived from the improvement have been most marked. Larger and deeper draft vessels are now engaged in trade and it is understood that freight rates have been materially reduced from those formerly charged. The maximum draft that could be carried June 30, 1912, at mean low water over the shoalest part of the Washington Channel was 24 feet and of the Virginia Channel 17.5 feet. The mean range of tide is about 3 feet. The Potomac River is navigable to the foot of Little Falls, 3½ miles above Georgetown, but the Aqueduct Bridge, which crosses the river at Georgetown, 113 miles above the mouth of the river, has no draw and limits the navigation of large steamers and masted vessels.

"The principal articles of commerce, in the order of their relative values, are general merchandise, coal, fish, oils, lumber, oysters and clams, sand, and gravel, gasoline, produce, stone, manufactured iron, and steel, melons, crabs and crab meat, fertilizers, laths, canned goods, asphalt, and ice. The receipts and shipments during 1911 amounted to 795,900 short tons and were estimated to be worth \$12,995,447." 12, 366.

LEGAL PROCEEDINGS.

The Supreme Court of the D. of C., 1895, declared null and void claims of about 40 persons to ownership of Kidwells Meadows and land at Long Br., and granted damages to several whose land was condemned for U. S., 96, 1023.

Decision in Potomac Flats case given, 1898-99, sustained the claims of the U. S. and removed all obstacles to continuation of the imp., 99, 1415. Proceedings to stop unau. occupation of Potomac Park, 00, 1704.

LEGISLATION.

Congress in 1897 set aside the reclaimed flats of the Potomac R. for a public park, 98, 1189; 99, 1416; 00, 1702.

MISCELLANEOUS.

Description of combined inlet gates and br., 09, 1211.

OBSTRUCTIONS.

Long Br. at Washington considered a menace to the navigation of the R. Special R. on, 93, 1274. Navigation limited by Aqueduct Br. at Georgetown, 03, 197.

OPERATIONS.

Washington and Georgetown Harbors:

1879-80. Washington Chan., 90,744 c. y. dr.; Georgetown Chan., 159,979 c. y. dr., 80, 747, 748.
1881-82. Washington Chan., 240,111 c. y. dr.; Georgetown Chan., dr. under contract of 1882 commenced.
1883-84. 490 c. y. r. blasted and removed, 84, 968.
1884-85. Removal of rs. designated as "K" and "O" completed, 85, 924.

1885-86. Rock groups designated as "L," "M," "N," "F," and "O" removed, 86, 879, 880.

Potomac River:

1882-83. 200,000 c. y. dr. and deposited upon the flats; 13,000 l. f. railroad built, equipped, and put into operation; 5,000 l. f. of trench completed; constr. and placing of mattress commenced by hired labor, 83, 787-791.

1883-84. 1,136,531 c. y. dr. and deposited upon flats; 8,000 l. f. sloperevet. foundation laid; 100,946 c. y. dr. and deposited in embankment; 6 acres of the flats filled; 763 c. y. st. deposited in slope wall, 84, 153, 970-975.

1884-85. 1,207,000 c. y. excavated under all the dr. contracts, 85, 140, 928-934.

1885-86. 1,686,183 c. y. dr. and deposited on the flats, 86, 136, 882.

1886-87. Progress on constr. of reservoir outlet and embankment; 1,081,567 c. y. dr. and deposited on the flats, 87, 885, 887.

1887-88. 1,192,112 c. y. dr. from R. bed and deposited upon the flats; excavation of tidal reservoir continued, and cofferdam built and placed, 88, 779, 781.

1888-89. Dr. in Washington Chan. continued; embankments maintained along margin of the fill, and constr. of the reservoir outlet resumed, 89, 984.

1889-90. Masonry of reservoir outlet completed and cut dr. through Virginia Chan. bar, 90, 1039.

1890-91. 5,100 l. f. of dry st. wall built; erection of embankments along margin of reclaimed flats, 91, 1247.

1891-92. 8,740 l. f. of st. sea wall built; 352,027 c. y. dr. from the Virginia Chan.; dr. continued in the Washington Chan.; 90,217 c. y. dr. from Anacostia R. Chan.; reservoir outlet and wing walls completed, 92, 1033-1035.

1892-93. 4,450 l. f. sea wall built; 109,137 c. y. dr. from Virginia Chan., and 7,280 c. y. st. placed in dike on w. side of Virginia Chan., 93, 268; 27,693 c. y. dr. from Washington Chan., 94, 933.

1893-94. 7,205 l. f. sea wall built, 497,327 c. y. dr. from Washington Chan., 168,611 c. y. dr. from tidal reservoir, 146,004 c. y. dr. from Virginia Chan., and 2,922 c. y. st. placed in training dike on w. side of Virginia Chan., 94, 934, 935.

1894-95. 202,483 c. y. dr. from Virginia Chan., 221,742 c. y. dr. from Washington Chan., 1,300 l. f. sea wall built at tidal reservoir, and training dike extended 800 l. f., 95, 1211.

1895-96. 6,240 l. f. sea wall built and the training dike extended 190', 96, 1029.

1896-97. Table of quantities of material dr. since 1882, 97, 1317; 527 l. f. sea wall built, 35,289 l. f. total to date, and wall around tidal reservoir completed, 2,730 l. f. of old sea wall repaired, 97, 1317.

1897-98. Table of quantities of material dr. since 1882, 98, 1188; 12,554 c. y. dr. from Virginia Chan., 2,780 l. f. of old sea wall relaid, 98, 1188.

1898-99. 119,667 c. y. dr. from Virginia Chan.; wharf at Easbys Pt. extended to d. w., 99, 1415.

1899-00. Minor work of repair and maintain., 00, 1702.

1900-01. 107,245 c. y. dr. from Washington Chan., 173,918 c. y. from Virginia Chan., and minor works of imp. at Potomac Park, 01, 1400.

1901-02. 390,657 c. y. dr. from Virginia Chan., and other work of repair and maintain., 02, 1082.

1902-03. New storehouse built, fence rebuilt, brush, etc., cut, and other works of maintain., 03, 1035.

1903-04. 53,086 c. y. dr. from Washington Chan., 406,448 c. y. from Virginia Chan., and minor works of maintain., 04, 1306.

1904-05. 319,375 c. y. dr. and 770 l. f. sea wall relaid, 05, 1150.

1905-06. 1,386 l. f. sea wall relaid, embankment built, fence erected, and other minor work of repair and maintain., 06, 1092.

1906-07. 277,826 c. y. dr. from Washington Chan., wharf repaired, sunken piles removed, and st. for repair of sea wall stored in park, 07, 1164.

1907-08. 556,396 c. y. dr. from tidal reservoir and 256,057 c. y. from Virginia Chan., 08, 1206. Tidal gates of reservoir repaired and foundation dr. for inlet gate and br., 08, 1207. 8 wrecks and 19

logs, snags, etc., removed from tidal reservoir, **08**, 1208.

1908-09. 153,582 c. y. dr. from tidal reservoir. 275,588 c. y. from Virginia Chan., 4,970 c. y. from Washington Chan., and 11 wrecks, 22 snags, etc., and riprap mound removed from reservoir, and hard gravel lump from Virginia Chan., **09**, 1209. Combined inlet gates and br. almost completed, except lock, curtain and automatic gates; 497' sea wall built, and 290' rebuilt at inlet gates, **09**, 1212. 100' sea wall built across old sewer canal, other sea walls repaired, and 1,100' rebuilt along Washington Chan., **09**, 1213.

1909-10. 117' sea wall built, 225' raised and rebuilt, and all other work at inlet gates and br., except lights, completed, **10**, 1336. 6,402 l. f. sea wall around park repaired or rebuilt, **10**, 1336. Wharf, storehouse, etc., moved from Easbys Pt., **10**, 1337.

1910-11. 1,365,562 c. y. dr. and deposited upon sec. 3 of Potomac Park, raising the latter to 11' above m. l. w.; constr. of embankment completed; tearing down, rebuilding, and repairing old sea wall completed Oct. 27, 1910; raising sea wall fronting on Washington Chan. begun; training dike in Virginia Chan. restored to its proj. height; outlet gates of tidal reservoir overhauled, and floating plant repaired, **11**, 1434-35.

1911-12. 453,562 c. y. dr. from Washington Chan. and deposited on sec. 3 of Potomac Park; mainten. work consisting in redr. in Washington Chan., in repairing and rebuilding 2,700 l. f. of sea wall and 3,841 l. f. of training dikes; repairs made to inlet and outlet gates for tidal reservoir; building and repairing floating plant, **12**, 1658.

PHYSICAL CHARACTERISTICS.

Flood of Feb., **81**, 940.

Cross sections of Potomac R. between Aqueduct Br. and Arsenal Wharf, **82**, 982.

Velocity observations, **82**, 983.

Potomac R. front, **82**, 992.

Description of R., **83**, 781. Long Br., **83**, 783. Sewer canal, **83**, 791. Lakes, **83**, 792. Sluice gates, **83**, 793.

Description of condition of the R. prior to imp., **88**, 778; **89**, 984; **93**, 1265; **94**, 925; **95**, 1203; **96**, 1017.

Freshet of June 2, 1889, **89**, 985.

In the winter of 1892 the ice in the R. was from 12 to 14 inches thick, **93**, 1069.

Areas of the reclaimed lands of the Potomac, **93**, 1270; **94**, 929; **95**, 1207; **96**, 1021; **97**, 1316; **98**, 1188; **99**, 1415.

Shoaling of dr. areas, **99**, 1414.

Severe winter weather, effect of, on R., **99**, 1414.

Description of Potomac Park, **01**, 1401.

Description of, **01**, 273.

Ice, **04**, 1306; **05**, 1150.

Dr. material from time to time placed upon the R. flats by private parties without cost to the U. S. and by U. S. under contracts, reclaiming area of 628 acres by above operations (incl. reservoir of 739 acres); declared public park named Potomac Park, and turned over "Public Buildings and Grounds," and by them developed into one of the most beautiful parks of U. S., **11**, 307, 308.

Virginia Chan. 20' x 500' x 4 m., **12**, 366.

Washington Chan. 24'-26' x 400' x 2½ m., and 18'-20' x 350', **12**, 366.

Freshet accretion, **12**, 366.

PLANS. (See Projects.)

Description of these considered by BE. of 1882, **82**, 988, 995, 996.

Special R. by Lt. Col. Hains on separating the wagon road from the RR. on the n. side of main chan. of the Potomac R., **90**, 1042. Also as to the most suitable kind of br. from foot of New York Ave. across the Potomac R. to Arlington, **90**, 1045.

By Lt. Col. Hains, 1891, chan. 24' x 200' l. t. through 5 bars up to Georgetown; est., \$300,000., **92**, 1072.

PRIVATE (CORPORATE) WORK.

The Baltimore & Potomac RR. Co. in 1892-93 partly repaired Long Br. on plans approv. by Sec. of War, **93**, 1270; repaired again, 1895, **95**, 1214.

15,000 c. y. material dumped in Potomac Park by private parties, **01**, 1402; 35,000 c. y., **02**, 1083; 11,000 c. y., **03**, 1036; 7,000 c. y., **04**, 1307; 16,000 c. y., **05**, 1151; 34,000 c. y., **06**, 1092; 150,000 c. y., **07**, 1164; 90,000 c. y., **08**, 1208; 200,000 c. y., **09**, 1212; 5,600 c. y. earth in sec. 3, Potomac Park, **11**, 1435.

Removal of Long Br. by Baito. & Potomac RR. Co. completed, **08**, 1207.

PROJECTS. (See Plans.)

Washington and Georgetown Harbors:

In 1833 app. of \$150,000 made for removal of obstr. in Potomac R., the purchase of Little Falls Br., and the constr. of a turnpike road, **79**, 591.

In 1870 it was proposed to secure 16' at l. w. to Georgetown and along the wharves of the Washington H. from Arsenal Pt. to Long Br., and the removal of the most dangerous obstr. in Georgetown H., **70**, 534; **71**, 592, 595; **83**, 776; **86**, 135.

1882, imp. merged in that of the imp. of the Potomac R. at Washington, **82**, 990, 992.

Potomac River:

1882, BE. recom. w. and d. of the chans. between Giesborough Pt. and Easbys Pt., so as to accommodate largest vessels that could reach the former locality; the reclamation of the flats and marshes along the city front, between Easbys Pt. and the Arsenal, by depositing thereon material dr. from the chans.; the estab. of H. lines beyond which wharves should not be built; the removal or rebuilding of Long Br.; the interception of sewage discharged into the navigation chan., and its conveyance to James Creek; est., \$2,500,000, **82**, 990; **83**, 780.

1883, est. increased to \$2,716,365, **83**, 794.

In 1885 Maj. Hains proposed modification of height of filling over reclaimed areas below Long Br., and the omission of the surrounding levee and drainage system; also constr. of tidal reservoir for flushing the canal sewer, **85**, 939. Approv. by BE., 1885, **85**, 942.

In 1891, \$881,365 est. as required for completion of the imp., **91**, 1249.

By Lt. Col. Allen, 1896, dr. above Long Br. to 20' at l. t., dr. material to be deposited on secs. 1 and 2, and for w. natural chan. below the br., with 20' at l. t., **97**, 1316.

In 1897 Lt. Col. Allen est. cost of 1882 should be increased by \$236,655, on account of shrinkage and settlement, **97**, 1318.

Lt. Col. Allen est., 1901, dr. chans. to 24' would increase cost of imp. \$592,000, **01**, 1401.

Lt. Col. Allen recom., 1901, preparation and adoption of definite plans for imp. of Potomac Park, for sake of economy and facility in disposing of dr. material from public and private work, **01**, 1402.

Lt. Col. Allen est., 1901, \$5,000 an. mainten. of Potomac Park, **01**, 1403.

SURVEYS.

Au. act Mar. 3, 1881; made, 1881, by S. T. Abert, **82**, 980.

Of Virginia Canal, 1882, **82**, 974.

Of Potomac R. between Aqueduct Br. and Giesborough Pt., 1882, **82**, 980.

Important, 74, 512, 547.

Tax on coal by R.R. and possible saving by canal, 74, 512. Coal fields of Pa., capacity of, 74, 547.

Dimensions of boats on Chesapeake & Ohio Canal, 74, 535. Effect of small tunnel sections on traffic and transit, 76, ii, 79.

Rate of travel on canals, 74, 535. Steam power must finally be used, 76, ii, 81.

Coal and iron interests desire slack-water navigation to Connellsville, 76, ii, 84.

Local extension of canal from Cumberland via n. branch of Potomac to Savage R. justified by value of coal interest, 74, 544; 76, ii, 88.

Comparison with third subdivision (central route) of transportation routes to the seaboard, 77, 678.

ENGINEERS.

Chief of Engineers. R., 73, 60; 74, 67; 75, 73; 76, 90.

Boards. "Board of internal imp." 1826. Discussion of routes ex. between the N. Branch of the Potomac R. and the Ohio at Pittsburgh, 74, 514. Consideration of Savage R. and Deep Creek route, 74, 516, 528. Of continuation via valleys of Youghiogheny and Monongahela Rs., 74, 525. Of a passage of the Alleghenies, via Wills Creek route, 74, 524, 529, 537. Comparison of, with Savage R. route, 74, 532, 533. Adoption of Wills Creek route, 74, 474, 531, 533. Attempt to deflect line from valley of Youghiogheny at Briery Mountain, 74, 525, 526. Inadmissible, 74, 533.

Location of line from tidewater on the Potomac to Pittsburgh (341 m.), 74, 536. Discussion of canal sections and est. (see Plans), 74, 534. Cost, \$22,375,427, 74, 543. Division of line into e., middle, and w. sections, 74, 513. Final conclusion and recom. that route and general plan (see Projects) be adopted for w. and e. sections, submitting expediency of making surs., and investigations as to comparative merits of R.R. or canal for middle section, 74, 543.

Consideration of a subdivision of e. section, to wit, from mouth of Savage R. to Cumberland, for the purpose of reaching coal fields at Savage R., 74, 544.

(Col. Barnard and Maj. Totten. Capt. Poussin and W. Howard, assistants to board.)

In charge. Maj. W. E. Merrill, 1874-76. R., 74, 493, 550; 75, 769; 76, ii, 58.

Assistants:

T. S. Sedgwick (in charge of sur.), 74, 493; 75, 770; 76, ii, 59. R., 74, 500, 550; 76, ii, 96.

C. L. Fulton, 74, 502.

F. W. Frost, 74, 502.

ESTIMATES. (See Plans and Projects.)

By board of internal imp., 1826, canal from Georgetown (Potomac R.) to Pittsburgh (Ohio R.); from Georgetown to Cumberland (now built), \$8,177,081; from Cumberland to Castleman R. (Wills Creek route), \$10,028,123; from Castleman R. to Pittsburgh, \$4,170,224; total, \$22,375,428, 74, 503, 543.

NOTE.—From Cumberland to Connellsville, \$11,543,559, 74, 511. Revision of est. by board of civil engineers (1826), reducing est. of e. section (Georgetown to Cumberland) to \$4,330,992. Afterwards built, and cost, with modifications, \$11,071,176, 74, 504.

Preliminary est. of T. S. Sedgwick, 1874, Cumberland (via Savage R. route) to Connellsville, \$20,268,085, 74, 507, 510; increased by Maj. Merrill to \$23,133,585, by extending terminus of canal to McKeesport, 74, 497; if inclined planes be used at designated points, 74, 553, the est. would be reduced \$2,246,279, 74, 554.

Revision of foregoing by Maj. Merrill, increasing canal section to that of present Chesapeake & Ohio Canal, \$28,801,313, 74, 498. Final est. (1875) of recom. route from Cumberland, via Wills Creek and Castleman R. and Youghiogheny R., to Connellsville, thence by slack-water navigation to McKeesport (mouth of Youghiogheny).

Canal proper, as per T. S. Sedgwick, \$21,176,795, 76, ii, 88, 102, 114; Summit reservoir (approx.), \$600,000, 76, ii, 87, 88; addl. cost of inclined planes, \$1,134,000, 76, ii, 82, 88; addl. cost of new terminus, Connellsville, \$75,245, 76, ii, 86, 88; total cost to Connellsville, \$22,986,040, 76, ii, 88; add slack-water navigation from Connellsville to McKeesport, \$1,254,040, 76, ii, 87, 88; grand total, \$24,240,080.

By board of internal imp., 1826, for local extension of Chesapeake & Ohio Canal, Cumberland to mouth of Savage R. (via n. branch of Potomac), \$1,794,964, 74, 544.

By T. S. Sedgwick, 1875, same route, \$2,656,558, 76, ii, 89, 123; if to mouth of Georges Creek (omitting upper 2 m. of foregoing), \$2,238,244, 76, ii, 89.

Of cost of completing detailed surs., \$20,000, 75, 771.

PHYSICAL CHARACTERISTICS.

Divide between n. branch of Potomac R. and Monongahela R., 74, 494, 500, 513, 545.

Savage R. and tributaries, discharge of, 74, 519; elevation of points on, 74, 494; 76, ii, 123.

N. branch of Potomac R., elevation of headwaters of, 74, 495, 502; 76, ii, 123; rate of descent, 74, 502.

Monongahela R., 74, 525.

Youghiogheny R., elevation of points on, 74, 521; 76, ii, 86, 114; of the Narrows (Pyle Falls), 76, ii, 83.

Distances from tide water (Potomac) to Pittsburgh, 74, 527.

Distances and elevations of points on proposed extension 76, ii, 114, 123.

Rainfall of valley of Ohio and tributaries, 74, 507, 520, 523, 532; 76, ii, 100; ratio collectible, 74, 507, 532, 538; 76, ii, 100.

Geological strata pierced by summit tunnel, 74, 511.

Quantity of coal in basin traversed by proposed canal, 74, 512; geological report on Somerset coal basin, 74, 545.

PLANS. (See Estimates and Projects.)

By board of internal imp., 1825, for canal (in passage of Allegheny Mountains) from mouth of Savage R. (n. branch of Potomac) via Crabtree Creek and Deep Creek, to Youghiogheny R., part of a general proj. to connect tide water of Potomac with Ohio R., 74, 494; discussion and consideration of, 74, 513; length of summit tun., 1.33 m., 74, 494, 518, 528; distance, 41 m.; lockage, 2,388', 74, 524, 529; summit level to be supplied by reservoirs, 74, 522.

In 1826 a better crossing of the Allegheny Mountains was determined, via Wills Creek and Castle-

¹ Ex.—R., (fav.), Feb. 3, 1825; report (indefinite), Dec. 1, 1833. Sur.—R., Oct. 23, 1826; est., \$22,375,427.69. (H. D. 482, 55th, 2d.)

² For 10,000 shares of the capital stock of the canal company. (Treas. Doc. 373, 1882.)

man R. (see Projects), causing the abandonment of Savage R. and Deep Creek route, 74, 494, 500, 529.

By T. S. Sedgwick, 1874, for extending Chesapeake & Ohio Canal from Cumberland, via n. branch of the Potomac, Savage R., and Blue Lick, thence by tun. to Castlemans R., thence following Castlemans and Youghiogheny Rs. to Connellsville, 74, 494, 496, 500, 510; length of canal, 127½ m., 74, 510; of summit tun., 5 m., 74, 494, 497, 505, 509; dimensions of, 74, 509; summit level supplied from Castlemans R., 74, 504, 506, 510; section of canal, 5 x 33' x 48'; dimension of locks, 8' x 15' x 100', 74, 498, 504, 507; at designated places subsequent consideration suggested use of inclined planes in place of locks (see Projects), 74, 498, 550; est. cost of plan, \$20,268,085, 74, 510; revised by Maj. Merrill, 74, 498; modified by proposed use of inclined planes, 74, 554.

Memoranda in connection with plans:

Difficulty of maintaining sufficient water supply on short levels, 74, 453, 495.

Consideration of water supply and amount required, 74, 504, 505, 507, 520, 538; 76, ii, 60, 63, 67, 73, 97.

Loss by evaporation, filtration, and leakage, 74, 505, 507, 520; 76, ii, 60, 65, 67, 73, 97.

Distance between locks, 74, 495, 553.

Protection of slopes by surf berms, 74, 534.

Discussion of canal section, relation between canal section and boats, and cost of towing, 74, 534, 535, 536; 76, ii, 80.

Equation of lockage to level line, 74, 536, 556, 558; 77, 681.

Determination of lock dimensions, 74, 536.

Inclined planes, use of, in place of locks, 74, 550; 76, ii, 82, 100.

Lockage, time required for, 74, 536, 556.

Canal tunnels, 74, 493, 509, 549; 76, ii, 79, 81, 124.

Method of transit through, 74, 493; 76, ii, 79.

Effects of small tunnels on transit and traffic, 76, ii, 79.

Summit reservoirs and feeders, 76, ii, 89.

Method of making canal water-tight, 76, ii, 74.

PRIVATE (CORPORATE) WORK.

Chesapeake & Ohio Canal. (See Board of Engineers and Projects.) A scheme of Gen. Washington, 74, 493. Projected by board of internal imp. (1825), 74, 513. Constr. (1850), with modifications, from Georgetown to Cumberland (185 m.), 74, 504, 513, 543. Dimensions of canal section and locks, 74, 504. Cost, \$11,071,176, 74, 504.

PROJECTS. (See Estimates and Plans.)

By "board of internal improvement," 1825, for canal from tide water on the Potomac R. to the Ohio R., as follows: Eastern section, from Georgetown (on Potomac R.) to Cumberland, on n. branch of Potomac, 185 m., 74, 513. Middle sec-

tion, from Cumberland (via Wills and Flaugherty Creeks) to mouth of Castlemans R., 70.5 m.; lockage, 1,368', 74, 494, 536. Western section, from mouth of Castlemans R. (via valleys of Youghiogheny and Monongahela Rs.) to Pittsburgh, 85.25 m.; lockage, 619', 74, 543. Section of canal, 5' x 33' x 48'; surf berms, 2' w.; towpath, 9' w.; guard bank, 5' w. and 2' above water surface, 74, 534; locks, 5' x 14' x 102', with an average lift of 8', 74, 536; summit level, with tunnel 4½ m. long, 22' x 23½', 74, 537; supplied by reservoirs on Castlemans R., 74, 531, 537; est. (see Estimates), \$22,375,429, 74, 543.

B.E. recom. omission of middle section until further sur. and investigation should determine the relative merits of canal or R.R. for, 74, 543.

By Maj. Merrill, 1875, extending Chesapeake & Ohio Canal to connect with navigable tributaries of Ohio R., beginning at Cumberland ("present" terminus of Chesapeake & Ohio Canal); thence via Wills Creek (28.43 m.) and summit level (6 m.) and valleys of Flaugherty Creek and Castlemans R. to Youghiogheny R. (31.28 m.); thence by valley of the Youghiogheny (28.48 m.) to terminus of proposed canal, below Connellsville; thence by slack-water navigation (44.3 m.) to McKeesport, 74, 494, 497, 500, 529, 558; 75, 770; 76, ii, 59, 83, 90, 101, 113. Canal section 7' x 70', 76, ii, 59, 92; except at designated points, 76, ii, 59, 92; locks 20' x 120', 76, ii, 59, 92. On the heaviest grades locks to be replaced by inclined planes, 74, 498, 550; 75, 770; 76, ii, 82, 95, 101. Summit to be passed by tunnel (3½ m. long) with section 26' x 42', 76, ii, 78, 81, 92, 102, 103, 124; without towpaths, and to be worked by steam, 74, 498, 511; 76, ii, 81, 102; summit level to be fed by reservoirs, 74, 504, 521; 76, ii, 87, 99. Slack-water navigation on Youghiogheny R. by means of 15 locks and dams, upper (12) locks 26' x 146', lower (3) 66' x 250', dams to be of st., 74, 558, 497; 76, ii, 84, 86, 92. Est., \$24,240,080, 76, ii, 88.

For local extension of Chesapeake & Ohio Canal via n. branch of Potomac R. to mouth of Savage R., proposed by "board of internal improvement" (1826), 30.2 m.; lockage, 312', 74, 544; dimensions same as main line, 74, 534, 544; est., \$1,794,963, 74, 544.

For same route, Maj. Merrill, 1874, 30½ m.; lockage, 353'; canal section, 6' x 32' x 62'; locks, 15' x 100', 76, ii, 89, 116. Est., \$2,656,558, 76, ii, 89, 123.

SURVEYS.

Ordered for exploration of routes for extension of Chesapeake & Ohio Canal, Mar., 1873, 73, 60; 74, 67, 493; 76, ii, 58.

History of early sur., 74, 493, 502, 513; 76, ii, 90. Sur. of 1873-75 restricted to n. branch of the Potomac, reason for, 74, 493.

Routes sur., 74, 494, 496; 76, ii, 90, 115.

Line definitely located (1875) from Cumberland to near Ohio Pyle Falls, 75, 770; 76, ii, 91.

Additional (1876) sur. required, 76, ii, 89.

1909-10. 13,207 c. y. removed in reedr. chan. 10' x 170' x 3,000', 10, 1347.

PHYSICAL CHARACTERISTICS.

Description of, 75, ii, 109; 78, 513; 00, 1745; 03, 201.
Tidal estuary of Potomac R., 6½ m. long, 15' d. for 4 m., 12, 290.

PLANS. (See Estimates and Projects.)

By H. Bacon, dr. chan. 8' or 9' x 100' or 150' and a basin for turning steamers, 75, ii, 108, 110.

PROJECTS. (See Estimates and Plans.)

By S. T. Abert, dr. chan. 9' x 150' and a basin for turning steamers at the wharf, 78, 513; 79, 600.
By Lt. Col. Craighill, 1873, dr. chan. 9' x 150' from Breton B. to Leonardtown Wharf; est., \$30,000, 75, ii, 108; 80, 757. After an expend. of \$23,000, S. T. Abert proposed, in 1885, an amended proj., whereby the chan. was to be w. to 200', the basin and chan. to be not less than 10'; est., \$26,000, 85, 965. In 1890 the orig. proj. was resumed, a w. of 150' and d. of 9' being deemed sufficient to furnish all the facilities required by existing navigation, 91, 1258; 92, 1045.
Lt. Col. Allen est., 1899, \$36,480 to imp. chan. in B., 00, 1746.
Act June 13, 1902, au. chan. 10' x 200', and a turning-basin 400' x 600'; est., \$36,480, 03, 202.
BE. recom., 1903, that \$6,000 be expend. at the earliest date in providing a chan. 10' d. and w. enough to accommodate needs of trading vessels, incl. a turning-basin of ample dimensions at Leonardtown Wharf, \$4,000 to be applied to new work and \$2,000 to maintain; opinion of board that \$4,000 every 4 years thereafter would provide sufficient turning-basin, and a chan. at least 10' x 100', 05, 208.

SURVEYS.

By H. Bacon, 1874, under direction of Maj. Craighill. R., 75, ii, 108, 109.
Ex. and sur. au. act Mar. 3, 1899; made, 1899, by Lt. Col. Allen (R. fav.; see Projects), 00, 1745, 1745.

Assistant. W. Popp. R., 73, 820, 825.

ESTIMATES. (See Plans and Projects.)

By W. Popp, 1872, dr. chan. through the flats called "Upper Mud," "Lower Mud," and "Sand Bar," 5' x 100', \$18,000; chan. 4' x 100', \$10,000, 73 820, 821; revised, after final sur., to chan. 100' x 5', \$15,000; chan. 5' x 75', \$13,000, 73, 825, 826.

By S. T. Abert, 1875, addl. for constr. of dike midway between the br. and Ocoquan, \$5,000, 76, 67, 347; in 1877, to complete existing proj., \$10,000, 77, 359.

LEGAL PROCEEDINGS.

Injunction obtained by owner of a wharf at Ocoquan Bar restraining the U. S. from constr. a dike which he claimed would injure his property, 93, 1283.

Shoals formed by sand dredger removed by owner of dr., 01, 1407.

Steps taken to prevent dumping of quarry refuse in creek, 02, 1090.

OPERATIONS.

1872-73. Dr. by contract, 73, 74, 768.

1873-74. Dr. Lower Mud Chan. 5' x 50' by contract, 74, 84, ii, 29.

1874-75. Dr. by contract through the "Upper Mud," making chan. 5' x 60', 75, 92, ii, 120.

1875-76. Chan. excavated through bar between R.R. br. and Ocoquan, 5' x 80', and chan. at mouth of R. partly redr., 76, 66, 347.

1878-79. Chan. 5' - 6' redr. through bar at mouth of R. between Taylors Pt. and Sand Pt., and w. to 100'; removal of bar near Ocoquan by dr., 79, 83, 602, 603.

1879-80. Dr. under contract of 1878 completed; chan. through sand bar below Ocoquan rapids; chan. 75' w. dr. through bar opposite wharves at Ocoquan; 876 l. f. of pile dike built; completing operations in accordance with the proj. for imp. and the demands of C., 80, 754, 755.

1890-91. 36,640 c. y. dr., 92, 1041.

1891-92. 20,967 c. y. dr., 92, 1041.

1892-93. 622 l. f. dike constr. and 161 l. f. partly completed, 93, 1284.

1893-94. About 8,867 c. y. dr., 94, 944.

1894-95. 6,420 c. y. dr., 153 c. y. st. placed in gap of dike at Ocoquan Bar, and 802 l. f. dike constr. at Sand Bar, 95, 1222.

1897-98. 9,971 c. y. dr., 98, 1191.

1898-99. Snags, logs, and other obstr. removed, 99, 1421.

1899-1900. 10,035 c. y. dr., 00, 1709.

1902-03. 500 c. y. st. used in repair to dike, 03, 1052.

1903-04. 1,620 c. y. st. used in repair and extension of dikes, 04, 1317.

1906-07. 2,676 c. y. dr., 07, 1177.

1907-08. 117,546 c. y. dr. and 40 logs and snags removed, completing proj., 08, 1225. 575 c. y. st. placed in extension and repair of dikes, 08, 1226.

1910-11. 73,354 c. y. material, 23 logs and mound of riprap st. removed from Lower Mud Bar and chan., and deposited upon flats 500' e., 11, 1465.

1911-12. Work of extending and repairing riprap j. at Sand Bar completed; j. extended 257' and repaired where required, placing 559.6 c. y. riprap; aggregate l. of js. at Sand Bar and Ocoquan Bar is now 2,220', containing 7,826.6 c. y. riprap, 12, 1684.

PHYSICAL CHARACTERISTICS.

Description of, 73, 820, 826; 74, ii, 29; 76, 347; 90, 1092.

Description of characteristics, and orig. condition, 93, 1281; 94, 941; 95, 1219; 96, 1032; 97, 1321; 98, 1190.

PLANS. (See Estimates and Projects.)

By S. T. Abert, 1890, excavation of an 8' chan. through Ocoquan and Upper and Lower Mud Bars with 4,450 l. f. of brush and pile mattress dike constr.; est., \$91,250, 90, 1095.

PRIVATE WORK.

Cut dr., 1871, by citizens, costing about \$600, 73, 820, 825, 826; 75, ii, 120.

PROJECTS. (See Estimates and Plans.)

By Lt. Col. Craighill, 1873, excavation of chan. 5' x 100' at l. w. through the flats "Lower Mud," "Upper Mud," and "Sand Bar," est., \$18,000, 73, 820, 825; 80, 754.

In 1875 S. T. Abert proposed constr. of a dike for the imp. of the bar below Ocoquan; cost, \$5,000, 76, 347; 80, 754.

By Lt. Col. Hains, 1890, excavation of a chan. 6' x 100' at Lower and Upper Mud, and at Sand and Ocoquan Bars, the chan. to be maintained at the two latter localities by sheet pile dike constr.; est., \$45,000, 91, 1254.

By Maj. Davis, 1892, dike of riprap st. instead of one built of piles and sheet piling at Ocoquan Bar, on account of less expense and more durability, 93, 1282.

By Maj. Davis, 1894, completion of dike at Ocoquan Bar, completion of dr. of chan. at Upper Mud and the removal of deposits in other chans., and constr. of a riprap dike at Sand Bar to maintain the chan., 95, 1221.

By Lt. Col. Hoxie, 1905, removal of outer bar to 6' x 150'; est., \$19,000, and \$750 an. mainten., 06, 237; au. act Mar. 2, 1907, as extension of proj. of 1890, 07, 238.

SURVEYS.

K-106

CHOPAWAMSI BAY, VA.

ENGINEERS.

Chief of Engineers. **R.**, 71, 76; 76, 71.

In charge. Maj. W. P. Craighill, 1871. **R.**, 71, 620; 72, 707.

Assistants:

Capt. C. B. Phillips. **R.**, 72, 713.

J. E. Weyss, 72, 707, 713.

G. Thompson, 72, 707, 713.

PHYSICAL CHARACTERISTICS.

An estuary of the Potomac R., 40 m. below Washington City; the bottom soft mud; the banks well timbered; at the head of the B. is Chopawamsic Creek, 72, 713.

K-107

AQUIA CREEK, VA.

APPROPRIATIONS.

1872,	\$1,500,	72, 69,	688;	73, 74,	772;	74, 84.
1873,	2,000,	73, 74,	772;	74, 84;	75, 92.	
1875,	2,000,	76, 92,	ii, 122.

Chief of Engineers. **R.**, 71, 76; 72, 69, 71; 73, 74, 74, 84; 75, 92; 76, 67; 77, 64; 78, 71; 79, 84; 89, 135; 90, 121; 91, 139; 92, 140; 93, 151; 94, 139; 95, 160; 96, 144; 97, 179; 98, 182; 99, 210; 02, 207, 210; 03, 207; 04, 205; 05, 215; 08, 265; 12, 373.

In charge:

Maj. Wm. P. Craighill. **R.**, 71, 620; 72, 688, 707; 73, 771; 74, ii, 37.

S. T. Abert, U. S. agent, 75, ii, 110. U. S. C. E., 1874-81. **R.**, 75, ii, 121; 76, 348; 77, 359; 78, 510; 79, 603; 90, 1096, 1097.

Lt. Col. F. C. Hains, 1891-92. **R.**, 91, 1255.

Maj. C. E. L. B. Davis, 1892-95. **R.**, 92, 1042; 93, 1286; 94, 944; 95, 1224.

Maj. C. J. Allen, 1896-1903. **R.**, 96, 1036; (Lt. Col.) 97, 1324; 98, 1193; 99, 1423; 03, 1055.

Col. A. M. Miller, 1904. **R.**, 04, 1320.

Lt. Col. S. S. Leach, 1905. **R.**, 05, 1167.

Lt. Col. W. C. Langfitt, 1911-. **R.**, 12, 1672.

PLANS.

By Capt. Phillips, concurred in by Maj. Craighill, opening a cut across from the creek to the Potomac, forming a new mouth $\frac{1}{2}$ m. from the present one. Est. cost, by Capt. Phillips, of a cut 80' w. at bottom by 10' d., \$6,945.40; or 12' d., \$9,522.92. Increased, by Maj. Craighill, to \$7,000 and \$10,000, resp., 72, 707, 708, 714, 715.

SURVEYS.

Under the direction of Maj. Craighill and the immediate supervision of Capt. Phillips, by J. E. Weyss and G. Thompson. **R.**, 71, 620; 72, 707, 713.

Assistants:

Capt. C. B. Phillips. **R.**, 72, 708.

J. E. Weyss and G. Thompson; 72, 707, 708; 73, 710.

ESTIMATES. (See Plans and Projects.)

By Capt. Phillips, 51,667 c. y. of dr. and 972 rods of wattling, \$13,505.14; 72, 707, 709. Increased by Maj. Craighill to \$18,000, 72, 69, 71, 688, 708; 73, 74, 771; 75, ii, 121.

Increased by S. T. Abert, U. S. C. E., to \$20,000, 76, 348. To complete existing proj., \$14,500; 77, 64, 359. The work reported completed, 79, 84, 605.

OBSTRUCTIONS.

The Sec. of War, 1892, ordered the Richmond, Fredericksburg & Potomac R.R. to widen the draw of its br. over the creek to 40' and revoked the order, 1893, 93, 1287.

Sec. of War, 1895, approv. plans and granted permission to the Richmond, Fredericksburg & Potomac R.R. to erect temporary structures in the creek, and to close the draw to navigation while new girders were being placed in the br., 95, 479, 1227.

OPERATIONS.

1874-75. 17,576 c. y. removed, 75, ii, 122.

1875-76. Chan. begun 1874 to widen the draw 4' x 40' and a portion w. to 80', 76, 348.

1878-79. Chans. completed by dr. 5' x 50', being all that the requirements of C. demanded, 79, 84, 605.

1890-91. 2,670 l. f. chan. dr. to 6' x 80', 91, 1257.

1891-92. Chan. completed to the Richmond, Fredericksburg & Potomac R.R. br., 92, 1044.

1893-94. 28,554 c. y. dr., 94, 947.

1894-95. 17,731 c. y. dr., 95, 1227.

1897-98. About 18,000 c. y. dr., 98, 1192, 1194.

PHYSICAL CHARACTERISTICS.

Description of, 72, 708, 709; 74, ii, 37; 75, 92; 90, 1100; 97, 1324; 98, 1193; 12, 373, 374.

PLANS.

By S. T. Abert, 1890, excavation of a cut from Brents Pt. to the Narrows, 8' x 150' at the mouth of Austens Creek, with the constr. of 100 l. f. of brush and pile dike; est., \$101,278, 90, 1102; 91, 1256.

PROJECTS.

By Capt. Phillips, and concurred in by Maj. Craighill, dr. chan. 6' x 40' from the "Narrows" to the 6' curve below the new R.R. br., and wattling the chan. banks from the "Narrows" to the br., 972 r.; est., \$18,000, 72, 69, 71, 688, 708, 709.

By Maj. Craighill, expend. app. of 1872, dr. chan. 4' x 20' from the draw in the L.R. br. toward the "Narrows" as far as practicable, 72, 69, 689. Completion of, not justified by the wants of C., 74, ii, 37. Modified by S. T. Abert to 50' w. and 5' d., 78, 71, 510; 79, 84, 604.

Act 1890 au. dr. chan. 8' x 150', mouth to Narrows; est., \$101,278. Modified by Sec. of War, to gain 6' x 80' chan. mouth to Narrows (w. above Narrows omitted); est., \$40,000, later reduced to \$21,000, 90, 1097, 1102; 12, 374.

By Maj. Davis, 1893, the orig. proj. modified to permit the foot of the slope of dr. material deposited on the bank above the R.R. br. to be 15' from the edge instead of 20', on account of a dr. large enough to secure the latter distance not being able to get through the R.R. br. draw, 93, 1287. Completed, 1898, 98, 1194.

Act 1902 combined imp. of Aquia Creek with that of other l.s. and creeks, 03, 208.

Act July 25, 1912, au. plan of Lt. Col. Langfitt for chan. 6' x 100' mouth to R.R. br., 60' w. from R.R. br. to 400 y. below Coal Landing, and 100'-150' w. from 400 y. below to 100 y. above Coal Landing; est., \$21,400, with \$1,000 an. mainten., 12, 374.

ESTIMATES. (See Projects.)

By N. H. Hutton, 1871, chan. 10' x 100', \$83,360, 71, 596; 72, 689; 74, ii, 33-35.
By Maj. Craighill, 1873, an. dr. to maintain chan. 8' d., \$6,000 to \$7,500, 73, 770; 74, 84, ii, 30. In 1874, to complete to 10' in d., \$56,940, 74, ii, 30.
By S. T. Abert, U. S. C. E., 1877, to complete existing proj., \$59,500, 77, 361. Revised, 1879, to \$290,000, 79, 85, 612-614.

MISCELLANEOUS.

Description and use of sheet pile dikes, 08, 1233.

OPERATIONS.

1870-71. Dr. in progress, 71, 596.
1871-72. Chan. dr. through Spottswood and Fredericksburg Bars 8' x 70'; wrecks removed, 72, 69, 689.
1872-73. Chan. increased to 125' w., wrecks removed, and over 1,600' of dikes built, 73, 74, 770.
1873-74. Dr. 17,500 c. y., 74, 84, ii, 29, 30.
1874-75. Dr., 75, 93, 124, 125.
1875-76. Dr., 76, 350.
1876-77. Dike built; dr. in progress, 77, 361.
1877-78. 22,828 c. y. dr. and 352½ l. f. of dike built, 78, 611.
1878-79. Building dikes and dr., 79, 85, 610.
1879-80. Dikes 4 and 5 completed, 56 snags and 1 wreck removed from the Spottswood Bar reach; Fredericksburg Dike No. 6 built; constr. of Spottswood Bar spur dams commenced; 80' of crib dike built, 80, 764.
1880-81. Spottswood Bar spur dikes completed; Dikes A, B, C, D, E, and F completed; 20,572 c. y. dr. at Spottswood and Fredericksburg Bars, 81, 962.
1881-82. 1,580 l. f. Dike K, deflecting Dike I, Spur Dike G, and Dikes H and L built; 62,008 c. y. dr. at Fredericksburg and Spottswood Bars, 82, 1019, 1020, 1021.
1882-83. 1,310 l. f. Dike No. 5 removed; crib dike and 155 l. f. of deflecting log dike built; dike at Pratts Bar repaired; 170 l. f. wattling built, and 4 snags removed from Spottswood Bar; 6 log dikes built at Castle Ferry Bar, aggregating 1,046'; 52,307

c. y. dr. from Fredericksburg, Pollocks, and Castle Ferry Bars, 83, 810.

1884-85. Repairs to following dikes by hired labor: Fredericksburg, Pollocks Bar, Bernards Bar, Pratts Reach Bar, Castle Ferry Bar, Spottswood and Farleyvale Bars; a total of 518' of diking also built by contract; 3,887 c. y. dr. from the turning-basin, 85, 973, 974, 975.

1885-86. 39,494 c. y. dr. from Fredericksburg and Spottswood Bars; dike repaired at Fredericksburg Bar, and mats sunk at Spottswood and Farleyvale, 86, 907, 908.

1886-87. Crib and pile dike constr. commenced under contract; extensive repairs made to existing dikes; 26 snags and 125 trees cut and removed, 87, 937.

1887-88. 730 l. f. crib dike and 678 l. f. pile dike built, and 1,596 l. f. brush mattress sunk; 12,438 c. y. dr.; 197 c. y. st. blasted and removed, 88, 822.

1888-89. Repairs to plant; 758 l. f. brush bank protection repaired; 617 l. f. sheet pile dike repaired; 1,840 s. f. mattress sunk; 133 snags, logs, and trees removed; the above work was done by hired labor; 450 l. f. dike built under contract, 89, 1006.

1889-90. 156 l. f. retaining dike, 462 l. f. shore connection, and 1,291 l. f. brush mattress dike built, 90, 1066.

1890-91. Repairs to dike constr. at Fredericksburg, Pollock, Bernard, Spottswood, and Castle Ferry Bars, 91, 1266.

1891-92. 18,028 c. y. dr.; sunken scow removed from the chan., 92, 1053.

1892-93. 14 snags removed, 712 l. f. dikes constr., and dr. in progress, 93, 1299.

1893-94. In connection with previous year, 39,670 c. y. dr., 94, 957; 5,629 l. f. brush fences constr. behind Dikes Nos. 7, E, and F, 94, 958.

1895-96. 595 l. f. sheet-pile dike constr., 12,464 c. y. dr., 2,551 l. f. brush fences built on dikes, and 2,894 willow cuttings planted to protect dr. material from being carried away by freshets, 96, 1049.

1898-99. 1,323 c. y. f., 10,000 c. y. mud dr., some snags removed, and constr. of Dike H in progress, 99, 1426.

1899-00. 4,435 c. y. dr. and constr. of Dike H completed, 00, 1715.

1900-01. 19,730 c. y. dr., 01, 1411; 95 l. f. wattling dike built, willows planted, and cross drain cleaned and repaired, 01, 1412.

1901-02. 10,168 c. y. dr., large boulders removed, wattling constr., and other work of repair and mainten., 02, 1093.

1902-03. Large trees removed from fill, Dikes No. 3 reconstr. and No. 4 partly reconstr., 03, 1058.

1903-04. 1,506' dike repaired and constr.; 20,109 c. y. dr., 04, 1324.

1904-05. 37,815 c. y. dr. and 4,800 l. f. dike repaired, 05, 1172.

1905-06. 45,107 c. y. dr., 06, 1107. Wattling constr., willows planted and other minor mainten. work done, and dike work begun, 06, 1108.

1906-07. Old dikes repaired, 3,620 l. f. dikes built, 47,422 c. y. dr., obstr. removed, wattlings built, and willows planted, 07, 1182.

1907-08. 10,364 c. y. dr., and 5 snags and 1 wreck removed, 08, 1232; 5,809 l. f. timber dikes completed, 5,486 l. f. partly completed, 675 l. f. riprap dike built, and timber dike protected with riprap, 08, 1233.

1908-09. 461,430 c. y. dr., 09, 1235. 5,486 l. f. timber dike completed, 492 l. f. dike repaired, riprap j. extended 240', timber dikes protected with riprap, wattlings and drains built, and willows planted, 09, 1237.

1909-10. 186,110 c. y. dr., 10, 1362. 8 dikes, aggregating 700', built; 991 l. f. riprap j. built, j. completed; wattlings and drains placed and willows planted, 10, 1363.

1910-11. Repairs to dikes, digging ditches, placing drain tiling, repairing wattling, fencing, planting willowslips, etc., 11, 1467.

1911-12. 12,925 c. y. dr. from turning-basin, protection work for sand fills, and repairs to floating plant, 12, 1687.

PHYSICAL CHARACTERISTICS.

Orig. condition of the R., **88**, 819-820; **98**, 1198.
 Ruling chan. d. before and after imp., **98**, 1200.
 Description of, **02**, 211.

PRIVATE WORK.

Wreck of steamer *Richmond* removed by owners, **03**, 1058.

PROJECTS. (See Estimates.)

By Maj. Craighill, 1871, chan. 10' x 100' l. w. by dr. through shoals, removal of rs., and with training dikes at various points, **71**, 696; **72**, 689.

By S. T. Abert, 1879, chan. 10' x 100' over the bars between Fredericksburg and Port Royal, by dr. and with dikes and wing dams; also for increasing the chan. w. to 15' x 200' below Port Royal, mainten. with training dikes; est., \$291,000, **79**, 85, 613; **80**, 764; **87**, 935. Amount app. from 1871 to 1886, incl., \$187,500; amount est. to complete proj., \$194,000, **86**, 142; **87**, 937; **91**, 1265.

By Maj. Davis, 1894, constr. and repair of dikes and removal of obstrs. by open-market purchases and hired labor, and for dr. by contract as might be found necessary and practicable, at Fredericksburg and other bars, **95**, 1237, 1238.

By Lt. Col. Hoxie, chan. 12' x 100', Fredericksburg to Port Royal, and 200' w. from Port Royal

to mouth by dr. and dike constr.; est., \$363,228.86, **06**, 1108, 1110.

SURVEYS.

LEGAL PROCEEDINGS.

Criminal proceedings brought in U. S. district court against owners, Donaldson-Shultz, of obstructive dock; acquittal of defendant. Civil proceedings instituted for circuit court injunction, 05, 221.

Case against Donaldson-Shultz dismissed on grounds that previous acquittal in criminal trial constituted bar to the suit in equity; appeal made to the U. S. circuit court of appeals, 06, 1113.

Court of appeals reversed decree of circuit court and opened case for retrial, 07, 1185. Donaldson-Shultz applied for permit to reconstr. wharf along lines suggested by Engineer officer; permit granted 07, 1186.

OBSTRUCTIONS.

Further work prevented by dock built in chan. by private corporation, 05, 220.

Complaints against br. at Urbana, 08, 1237.

OPERATIONS.

1879-80. 16,991 c. y. dr. from bar, 80, 770.
 1881-82. 11,870 c. y. dr. from chan., 82, 1031.
 1882-83. 5,900 c. y. dr. from bar at mouth, 83, 816.

1883-84. 6,083 c. y. dr. from bar, 84, 990.

1889-90. 8,069 c. y. dr. under contract; 240 l. f. sand dike built, and 212 l. f. brush wattling repaired by hired labor, 90, 1070.

1891-92. 5,674 c. y. dr., 92, 1055.

1892-94. In connection with previous year, 19,285 c. y. dr., 93, 1302; 94, 960.

1895-96. 13,965 c. y. dr., 96, 1052.

1898-99. 10,000 c. y. dr., 99, 1428.

1899-1900. 9,990 c. y. dr., 00, 1717.

1902-03. 3,050 c. y. dr., 03, 1060.

1907-08. 1,095 c. y. st. deposited in j.; 18,459 c. y. dr., 08, 1237.

Lt. Col. C. J. Allen, 1900. **R.**, 00, 1753.

1909-10. 1,281 t. st. used in extending j., 10, 1365.

1910-11. 20,061 c. y. dr. by hydraulic dr. and deposited upon flats back of st. j., resulting in a chan. 1,250 l. f. through outer bar, 11, 1470.

1911-12. Jetty extended 566 l. f., and repaired by placement of 1,561.1 c. y. riprap st., 12, 1691.

PHYSICAL CHARACTERISTICS.

General description, 75, ii, 139, 140; 88, 825; 95, 1239.

Bar at the mouth, 75, ii, 139, 140, 141; 79, 85.

Tides, 75, ii, 141.

Max. draft June 30, 1912, over shoalest part of locality, 10', 12, 386.

PRIVATE WORK.

Reconstr. of Donaldson-Shultz Wharf, 07, 1186; 08, 1237.

PROJECT.

By S. T. Abert, 1875, imp. of creek by excavation of a chan. 10' x 150' m. l. w. through the bar at its mouth; est. increased to \$22,100, 75, ii, 139; 79, 616; 86, 915.

Proj. extended, 1883, to include removal of bar in the H., increasing the total est. to \$22,500, 84, 990; 87, 939.

After an ex., 1888, system of dikes was adopted to prevent the dr. chan. from filling with sand, and a revised est. made the cost \$19,080, 89, 1009; 92, 1054; revised to \$34,580, 92, 1054.

In 1897 Lt. Col. Allen est. cost of completing the orig. proj. \$70,000, incl. the completion of the imp. by means of dr. and the constr. of a j. to protect the chan. dr. through the outer bar, 97, 1335.

LEGAL PROCEEDINGS.

U. S. circuit court, 1900, in suits for damages because of alleged injury to oyster beds by R. imp., rendered a verdict in favor of the U. S., 00, 1721.

OPERATIONS.

1880-81. 58,809 c. y. dr., 81, 972.

1881-82. 137,989 c. y. dr. from West Pt. Chan., 82, 1039.

1882-83. 135,606 c. y. dr. from West Pt. Bar, 83, 821.

1884-85. 75,917 c. y. dr., 85, 985.

1885-86. 87,421 c. y. dr., 86, 919.

1886-87. 140,162 c. y. dr., 87, 946.

1888-89. 223,500 c. y. dr., 89, 1016.

1890-91. Dr. in progress, 91, 1271.

1891-92. 166,130 c. y. dr., 92, 1058.

1892-93. Constr. of dike at West Pt. Bar in progress, 93, 1304.

1893-94. 7,456 l. f. dike constr., and 183 l. f. shore connection made, 94, 964; 95, 1243.

1894-95. 1,600 l. f. of brush and pile dike constr. at West Pt. Bar, and 38,070 c. y. dr., 95, 1243, 1244.

1895-96. 69,355 c. y. dr., 96, 1056.

1898-99. 2,700 l. f. of dike contracted for, 667 l. f. constr., 99, 1431.

1899-00. 10 fascines and 2 mattresses weighted with sand bags placed around dike at West Pt. Bar to check erosion by the tidal current which had taken place, 00, 1721.

1900-01. 22,725 c. y. dr., main dike strengthened, and 400' transverse dike built, 01, 1417.

* Allotment.

¹ \$167.03 trans. to consolidated app.

² \$1,000 trans. to Mattaponi R., from \$23,000 allot., leaving \$22,000.

³ \$1,220.37 trans. to allot. for Pamunkey R.

- 1901-02. 9,262 c. y. dr., **02**, 1089.
 1903-04. Repairs to dike, **04**, 1315.
 1904-05. Plant and 32 breaks in dike repaired, **05**, 1161.
 1905-06. Reconstr. of dikes continued, **06**, 1099.
 1908-09. 3,192 l. f. dike reconstr., **09**, 1222.
 1909-10. 5,032 l. f. dike reconstr. and plant repaired, **10**, 1350.
 1910-11. Completion of new hull for combined steam pile driver and derrick boat, repair of plant, and misc. work; proj. 75% completed, **11**, 317, 1456.
 1911-12. Floating plant constr. and repaired, **12**, 1676.

PHYSICAL CHARACTERISTICS.

Description of, and of orig. condition, **95**, 1241.
 Damage by storm, **09**, 1223.

PROJECTS.

By Capt. Phillips, 1880, imp. of R. from West Pt. to the mouth by excavation of a chan. 22' x 400' l. w., with the formation of a basin in front of the wharves; est., \$256,000, **80**, 777; **85**, 984; **87**, 946.
 Modified, 1887, by the addition of a dike extending from the bank opposite West Pt., increasing the total est. to \$309,750, **87**, 946; **92**, 1057.

OBSTRUCTIONS.

Description of, **99**, 1433.

OPERATIONS.

1880-81. Derrick, derrick boat, quarter-boat, and scows constr., **81**, 969.

1881-82. 2,016 snags, 1,378 logs and trees, and 4 wrecks removed, cleaning 13 m. of R., **82**, 1034.

1882-83. 94 snags, 279 logs and trees, and 1 wreck removed, **83**, 818.

1886-87. 242 l. f. of dike built, **77**, 941.

1887-88. 1,179 l. f. of pile dike built, and 430 logs, snags, trees, and stumps removed, 29 mats built and sunk, **88**, 827.

1888-89. 79 round piles and 2,400' b. m., sheet piles driven, and 102 l. f. wall pieces fastened by hired labor, **89**, 1012.

*Allotments.

¹ Part of an allot. of \$10,000; remainder returned to Treas.

² Trans. from Occoquan Creek.

³ Trans. from Carters Creek.

⁴ Trans. from York R.

⁵ Trans. from Pamunkey R.

1889-90. Dikes already in process of constr. finished, and 243 l. f. of addl. work built by hired labor, 90, 1072.

1891-92. 165 snags, 27 logs, and 270 overhanging trees removed, 92, 1060.

1892-93. Work of removing snags and similar obstr. in progress, 93, 1307.

1893-94. 66 snags, 41 drift logs, and 16 overhanging trees removed, 94, 967.

1894-95. 29 snags, 14 logs, and 5 overhanging trees removed, 95, 1247.

1899-00. 24 snags, 4 logs, and a sunken ferry scow removed, 00, 1723.

1901-02. 10,285 c. y. dr., 02, 1098.

1903-04. 61 snags and other obstr. removed, 04, 1329.

1905-06. 27 snags and other obstr. removed, 06, 1100.

1906-07. 1,873 c. y. dr.; contractor's dr. libeled and removed from work, 07, 1174.

1907-08. 3,552 c. y. dr., 08, 1221.

1908-09. 53,903 c. y. dr. and wreck and 54 snags removed, 09, 1224. 148 snags, etc., and 355 trees removed by snagboat, 09, 1225.

1909-10. 168 snags, etc., 117 trees, and 1 wreck removed by snagboat; 37,812 c. y. dr., 18 logs and 2 small wrecks removed, 10, 1352.

1910-11. Repairs to snagboat under way, 11, 1459.

1911-12. U. S. snagboat removed 107 snags, 18 drift logs, and 102 overhanging trees; rebuilding dr. *Dalecarlia*, 12, 1677.

PHYSICAL CHARACTERISTICS.

Description of, 75, ii, 166, 167, 168, 169; 80, 771; 98, 1206; 02, 214.

List of obstr., 75, ii, 167, 168; 80, 771.

Rises in Va., flows se. for 120± m., to empty into York R. at West Pt., Va.; navigable to Aylett,

39 m. above, and 16 m. more for lighters and rafts, to Mundy Br., 12, 379, 380.

PROJECTS.

By S. T. Abert, 1875, removal of snags and wrecks, and excavation of chan: from head of navigation to Line Tree Bar, having 5½ at l. w.; est., \$34,059, 75, ii, 169, 170.

In 1884 S. T. Abert proposed, in addition, dikes at Robinson and Latané Bars; est., \$38,000, 85, 979; 86, 143, 918; 87, 941.

Congress, 1892, au. that \$1,500 of the \$4,000 app. 1892 should be expend. between Aylett and Guineas Brs., 93, 1307. Similar provision made in 1894, 95, 1247; making cost of extended proj. \$72,100, 12, 379.

By Maj. Davis, 1894, expend. of available funds in making such sur. as might be required, in dr. and removing obstr., and in repairing dikes, the dr. to be done by contract, other work by hired labor and the use of U. S. plant, 95, 1247.

Maj. Morrow, 1909, did not consider R. worthy of imp. further than contemplated by existing proj., 10, 308.

SURVEYS.

Maj. J. J. Morrow, 1909. R., 09, 1228.

Capt. W. T. Hannum, 1910. R., 10, 1357.

Lt. Col. W. C. Langfitt, 1911-. R., 11, 1462; 12, 1681.

Assistant. J. M. Wolbrecht. R., 80, 904.

* Allotment.

1 H. D. 311, 61st, 2d.

2 \$7,500 less \$800 trans. to Mattaponi R.

3 Trans. from app. for York R.

OPERATIONS.

1880-81. 600 logs and snags removed from the chan., 81, 971.

1881-82. 1,721 logs, snags, and trees, and 8 wrecks removed, imp. 20 m. of R., 82, 1037.

1886-87. 298 l. f. of dike built, 87, 943.

1887-88. 673 l. f. of dike built; 310 logs, snags, stumps, and trees removed; 12 mats built and sunk, 88, 829.

1889-90. 90 trees, logs, and snags removed; repairs made to dikes at Skidmores and Spring Bars; 566 l. f. pile and brush dike built at Skidmores Bar by hired labor; 8,076 c. y. dr. under contract, 90, 1074.

1891-92. 140 snags removed from chan., and 103 trees cleared from banks, 92, 1063.

1893-94. 51 snags, 23 logs, and 80 overhanging trees removed, 94, 969.

1894-95. 76 snags, 35 sunken logs, and 35 overhanging trees removed, 95, 1251.

1899-00. 94 snags, 9 logs, and 41 trees removed from chan., 00, 1724.

1901-02. 7,546 c. y. dr., 02, 1099.

1903-04. 281 snags and other obstr. removed, 04, 1331.

1905-06. 115 snags and other obstr. removed, 06, 1101.

1908-09. 8,885 c. y. dr. and 4 snags removed; 14 dikes, aggregating 2,332 l. f., built; 100 snags, etc., 208 trees, and 1 wreck removed by snagboat, 09, 1228.

1909-10. 22,193 c. y. dr., 10, 1357.

1910-11. 14 snags and 5 overhanging trees removed between New Castle Ferry and Whitehouse by U.S. plant and hired labor, 11, 1462.

1911-12. 20,004 c. y. dr. under contract; U.S. snagboat York removed 185 snags and other obstr. from R. as far up as New Castle Ferry, 12, 1681.

PHYSICAL CHARACTERISTICS.

Description of, 75, ii, 163, 164, 165; 80, 773; 88, 828; 96, 1062; 02, 215.

List of obstr., 75, ii, 163, 164, 166.

Rise in R. in spring of 1912, reached 11' m. l. w., 12, 1681.

Through Bassetts Bar a chan. 1,620' l. has been dr., while part of chan. through Hogans Bar, 660' l., in process of completion, 12, 1681.

PLANS.

By S. T. Abert, U.S. agent, 1875, removing obstr., such as wrecks, snags, and bars; est., \$17,508, 75, ii, 163, 164, 166.

PRIVATE WORK.

10,000 c. y. dr. by Southern R.y. Co. at West Pt., 03, 1064.

PROJECTS.

By Capt. Phillips, 1880, imp. R. by dr. through sand and gravel bars, and removal of snags, logs, and similar obstr., forming a chan. 5'-6' x 40' l. w.; est., \$19,541, 80, 905, 906. Increased in 1885 to provide for addl. work on lower bars to \$28,300, 85, 983; 87, 943; 91, 1275.

By Maj. Davis, 1894, use of available funds in dr. and removing obstr., the former by contract and the other work by hired labor and use of U.S. plant, 95, 1250. Orig. proj. modified to provide for the rectification of the bank near Skidmores Bar, 95, 1251.

Amended, 1908, to provide only for securing chan. 7' x 100', Bassett Ferry to mouth, by dr., dikes, and snagging; est., \$55,000, and about \$1,000 an. mainten., 08, 250.

SURVEYS.

By C. B. Shaw, 1836, 76, ii, 163.

Ex., 1874, 75, 95, ii, 162.

Au. act Mar. 3, 1879; made, 1880, by Capt. Phillips, 79, 95; 80, 904.

Sur. made, 1894-95, by Maj. Davis, 95, 1250.

Ex., 1897, by Lt. Col. Allen, 97, 1345.

Ex. of Buckland, Hogan, and Spring Bars, 05, 1163.

Minor, at Bassett, Hogan, and Buckland Bars, 12, 1681.

Skidmores and Foxes Bars, 85, 982; 87, 942.

88, 828; 90, 1074.

RIVER AND HARBOR WORKS—SOUTH ATLANTIC.

L.—NORFOLK, VA., DISTRICT.

War Department

Corps of Engineers, U. S. Army.

L.—NORFOLK, VA., DISTRICT.

In charge of U. S. Engineer Office,
Norfolk, Va.

NOTE.—The following list of waterways begins with waterways that follow directly after the end of District I list. The waterways of District J begin at the end of a short line which, beginning where District I list ends, proceeds across the peninsula to the waters of Chesapeake Bay. By this plan is preserved the geographical listing which experience proves the most convenient.

 Capt. E. E. Winslow, 1903-06. R., 03, 1081; 04, 1373; 05, 1194; (Maj.) 06, 1133.
 Maj. Joseph E. Kuhn, 1907-09. R., 07, 1211; 08, 1267; 09, 1263.
 Lt. Col. M. M. Patrick, 1910-. R., 10, 1388; 11, 1500; 12, 1721.

Assistant. A. Stierle. R., 90, 972.

OPERATIONS.

1890-91. 107,079 c. y. dr. from the H. proper, H. entrance, and Cherrystone Inlet, 91, 1200.
 1898-99. 14,457 c. y., p. m., dr., and 723 c. y. brush mattress and 2,648 c. y. st. deposited to make 400' of j. at Cherrystone Inlet, 97, 1371.
 1899-00. 3,141 t. st. placed in n. j. and 200 c. y. brush and 195 t. st. placed on s. j., 00, 1769.
 1900-01. 209 t. st. placed on extension to n. j., 170 c. y. brush and 699 t. large st. placed in s. j.; 01, 1453.
 1902-03. 3,163 c. y. dr., 03, 1081.
 1903-04. 53,677 c. y. dr.; proj. 70% completed, 04, 1373.
 1905-06. 35,177 c. y. removed, 06, 1133.
 1906-07. 285 c. y. removed, contractors stopped operations, and contract annulled June 17, 1907, 07, 1211.
 1907-08. 59,566 c. y., s. m., removed, 08, 1267.
 1908-09. 3,964 c. y., s. m., removed from inner H., 17,965 c. y., s. m., from point at the turn into Cherrystone Inlet, and 53,487 c. y., s. m., from the chan. of Cherrystone Inlet; the work last mentioned was to maintain chan. previously dr.; contract completed, 09, 1263.

1909-10. Further imp. to the extent required by the adopted proj. considered worthy, **10**, 1388.

PHYSICAL CHARACTERISTICS.

Description of, **90**, 976; **91**, 1199.
Vessels drawing 12' could enter H. at m. l. w., **12**, 411.
Locality, 37 m. ne. of Norfolk, Va., **12**, 410.

PRIVATE (CORPORATE) WORK.

In 1896-97 the Philadelphia & Norfolk RR. constr. 750' of the j. at Cherrystone Inlet in addition to what the U. S. built, **97**, 1371.

PROJECTS.

By Maj. Smith, 1890, dr. H. and entrance thereto to 14' below m. l. t.; also dr. chan. in Cherrystone Inlet and across Cherrystone Bar to a w. of 100' and 200', resp., and d. 16' at m. l. t., with constr. of st. contractive works at H. entrance; est., \$142,-340, **90**, 979; **91**, 1199.

Act July 13, 1892, provided that no money should be expend. for the imp. of this H. until its owners should, in a manner satisfactory to the Sec. of War, grant vessels free entry except for the payment of reasonable wharf charges, and should provide an approach to the wharves not less than 40' w. from the nearest public highway, **93**, 1227; this proviso was repealed by act of June 3, 1896, **96**, 971.

By Maj. Casey, 1899, expend. of available funds to complete n. j. and commencement of the one proposed on the s. side of the entrance, **99**, 1478.

SURVEYS.

Au. act Aug. 11, 1888; made, 1889, by Maj. Smith, **90**, 975.

H. and approach chan. sur. by Maj. Kuhn, **08**, 1267.

Ex. and sur. au. act Feb. 27, 1911, with view to straightening chan. and increasing w. (R. to come), **12**, 421.

Maj. W. P. Craighill, 1879-83, **79**, 77. **R.**, 79, 510; (Lt. Col.) **80**, 645; **81**, 889; **82**, 859; **83**, 683.
Maj. W. F. Smith, U. S. agent, 1888-94. **R.**, 90-96; **91**, 1197; **92**, 977; **93**, 1225; **94**, 902.
Lt. Col. M. M. Patrick, 1910-. **R.**, 10, 1390; **11**, 1502; **12**, 1722.

Assistants:

J. M. Wolbrecht. **R.**, 79, 717.

A. Stierle. **R.**, 90, 968.

PHYSICAL CHARACTERISTICS. (See Surveys.)

Description of, **91**, 1284; **95**, 1302.

PROJECTS.

Capt. Casey in 1895 est. cost of dr. chan. across the bar at the mouth, 8' x 100' m. l. w., would be \$6,000, **96**, 1076.

SURVEYS.

Ex. an. act Sept. 19, 1890; made, 1891, by Lt. Col. Hains (R. unfav.), **91**, 1284.

Sur. an. act Aug. 17, 1894; made, 1894, by Capt. Casey. **95**, 1302.

Ex. by Lt. Col. Allen showed much shoaling, **03**, 1054.

Reconnois. by Col. Miller showed that chan. had shifted bodily s.; expend. useless unless regulating works are constr.; cost out of proportion to interests involved, **04**, 1319. Creek regarded as unworthy of further imp. by the U. S., **05**, 1166.
Maps. **95**, 1304.

SURVEY.

Ex. an. act Aug. 2, 1882; made by Lt. Col. Craighill (R. unfav.), **84**, 952.

OPERATIONS.

1879-80. 9,727 c. y. dr., **80**, 646.

1880-81. 20,297 c. y. dr., **81**, 890.

1891-92. 26,778 c. y. dr. through the outer and inner bars, **92**, 977.

1893-94. 41,154 c. y., s. m., dr. and the proj. completed, **94**, 902.

1910-11. 48,715 c. y. dr., making chan. 8' x 200' m. l. w. across outer bar for about 1,000', and cutting off projecting shoals to 7', completing proj., **11**, 1502.

PHYSICAL CHARACTERISTICS.

Sand bar at mouth of H., **79**, 717.

Description of the locality; no H., a river; is a trib. of Chesapeake B., in Accomac Co., e. shore of Va., **90**, 969.

PROJECTS.

By Capt. Phillips, 1879, dr. a chan. through the bar at mouth of H. and near the wharves 8' x 300' m. l. w.; est., \$10,000, **79**, 511, 716, 717, 718; **80**, 645.

By Maj. Smith, U. S. agent, 1889, imp. of the H. entrance by excavation of a chan. 8' x 300' through the outer bar, and one 8' x 200' through the R. bar; est., \$12,511, **90**, 971; **91**, 1198.

By Maj. Kuhn, 1907, chan. 8' x 200' across outer bar and straightening chan. to 7'; est., \$13,500, and \$1,000 an. mainten., **08**, 280; an. act June 25, 1910, **10**, 322.

Considered completed, but redr. required from time to time to maintain proj. d., **11**, 1502.

SURVEYS.

By J. M. Wolbrecht, 1878-79. **R.**, 79, 717.

Resur., 1882, **82**, 859.

An. act Aug. 11, 1888; made, 1889, by Maj. Smith, U. S. agent, **90**, 969.

Between Chesapeake B. and Onancock, an. act Mar. 2, 1907; made, 1907, by Maj. Kuhn, **08**, 280. Cong. docs., etc., relating to ex., surs., plans, etc., **12**, 412.

Maps. **94**, 902.

COMMERCE.

Importance of imp., 73, 778; 74, ii, 43, 45; 75, ii, 83; 77, 290.

Imp. condition of **R.**, 74, 85, ii, 45; 75, ii, 81, 83; 76, 293; 77, 60, 284, 288; 79, 513.

Previous condition of, 76, 293; 79, 513.

Vessels to Richmond obliged to transfer part of cargoes, 74, ii, 45.

Time saved by use of Dutch Gap and other cut-offs, 73, 75, 774, 776, 777; 76, 305; 79, 513.

R.R. rates reduced, and cost of **R.** transportation lowered also, 09, 270; 12, 405. Terminal facilities unsatisfactory, 12, 406.

"The channel length of the James River from Hampton Roads to the head of navigation at Richmond, Va., for steamers and other craft, is 103.8 miles. The river is navigable for rafting and logging for about three-fourths mile above the head of navigation for steamers.

"The commerce of the river for the calendar year 1911 amounted to 472,537 short tons, having an estimated value of \$27,004,595. Of the above, 285,126 short tons, having an estimated value of \$25,095,183, represent the part of the commerce and its value for the port of Richmond, Va.

"The above statistics, as compared with those for the calendar year of 1910, show a decrease in the total of James River tonnage of about 9.8 per cent and in increase in value of about 6 per cent. A comparison of the statistics for the port of Richmond, Va., for the above periods shows an increase in tonnage of about 4.3 per cent and an increase in value of about 9.1 per cent.

"The principal articles of commerce comprised general merchandise, logs, lumber, cordwood, railroad ties, brick, coal, coal oil, fertilizer, and fertilizer material.

"The work done has been beneficial in reducing the cost of water transportation of lumber, fertilizer material, coal, and other articles carried principally in sailing vessels and barges. In many instances the freight rates on commodities transported by steamers are the same as rail rates. At present the berthing and terminal facilities at Richmond are inadequate even for vessels of a draft that could now navigate the river. The city of Richmond proposes to deepen the part of the channel situated between the improved channel and the site of a public wharf, on which work has been begun." 12, 405.

CONTRACTS.

1870-71. B. Maillefert, removing wrecks, remains of military brs., and other obstr., 71, 73, 597; successful work of, 72, 69, 690. Langhorne, removal of disintegrated r., 45¢ and \$1.45 c. y.; removal of solid r., \$1.10 and \$6.15 c. y.; gravel excavation, 16¢ and 25¢ c. y., **91**, 1236. C. T. Caler, dr., 38¢ c. y. for disintegrated r., 16¢ for sand, and \$1.04 c. y. for solid r. removal, **91**, 1237.

1891. J. T. Vaughan, dr., 44¢ c. y. for sand, \$3 for bowlders, and \$1 l. f. for logs, **91**, 1237. C. D. Langhorne, constr. of R.R. track, \$5,350, and transfer ship, \$3,000; Tredegar Co., constr. of 1 car, \$325; H. T. Morrison & Co., caisson constr., \$2,476, **92**, 1013.

1892. Brusstar Shipbuilding Co., 1 scow, \$971.50, **93**, 1255. J. A. Curtis, excavating, 16¢ to \$5.50 c. y.; dike and dam constr. (\$137,061), **93**, 1252-1254.

1894. P. Sanford Ross, excavation, 12¢ to \$5 c. y. (\$59,736.05), **95**, 1184-1186.

1895. J. A. Curtis, excavation, 20¢ to \$2 c. y.; furnishing, driving, and fastening piles and piling; brush and brush mats; st. or coarse gravel (\$20-233.76), **96**, 1009.

1897. P. S. Ross, dr., 25¢ to \$4.70 c. y.; piles and sheet piling (\$21,003), **98**, 1212.

1899. P. S. Ross, earth excavation and removal of cobbles and yard r., 25¢ to \$4.45 c. y. (\$84,459.19), **00**, 1277.

1903. J. Clements Shafer, dr., removing r., dike and j. work, etc., unit prices, **04**, 1334.

1906. P. S. Ross (Inc.), dr., removing r., and constr. and repairing js., unit prices given; Submarine Signal Co., for steamer *Chispeta*, \$5,500, **06**, 1120.

1907. P. S. Ross, dr., removing r., constr. js., and removing piles, **08**, 1247.

1910. Miner Engineering Co., dr., unit prices, **10**, 1371. Coastwise Dredging Co., dr., prices listed, **11**, 1478.

1911. The W. B. Bradley Cons. Co., j. work; prices listed, **11**, 1478. Maryland Dredging & Contracting Co., dr.; prices listed, **12**, 1715.

1912. P. Sanford Ross, dr. and r. excavation; prices listed, **12**, 1716.

DEFENSE.

Operations at Dutch Gap Canal by Gen. Butler, **71**, 603; **72**, 691; **75**, ii, 82; **79**, 516.

Obstructions placed in R. during the rebellion, **70**, 68; **71**, 603, 605; **76**, 293; **77**, 287; **79**, 512, 515.

DOCUMENTS. (Not printed in reports.)

S. Doc. 1, 33d Cong., 1st sess., **71**, 603.

ENGINEERS.

Chief of Engineers. **R.**, **70**, 68; **71**, 73, 76; **72**, 70; **73**, 75, 78; **74**, 85, 89; **75**, 88; **76**, 64; **77**, 60; **78**, 65; **79**, 77; **80**, 105; **81**, 141, 150; **82**, 137, 144; **83**, 141; **84**, 146; **85**, 142; **86**, 137; **87**, 100; **88**, 97; **89**, 113; **90**, 103, 333; **91**, 134; **92**, 134; **93**, 145; **94**, 133; **95**, 154; **96**, 139; **97**, 187; **98**, 190; **99**, 220, 223; **00**, 251, 255; **01**, 289; **02**, 216; **03**, 216; **04**, 214; **05**, 222; **06**, 233; **07**, 245; **08**, 259; **10**, 304; **11**, 327; **12**, 403.

Boards. Convened, Mar. 17, 1890, at Richmond, to consider and **R.** upon the estab. of H. lines in James R., **R.**, **90**, 1013, 1016. H. lines as estab. by the board, **90**, 1016. (Col. Craighill, Lt. Col. Hains, and Lt. Flebeger.)

In charge:

Maj. W. P. Craighill, 1870-84; **70**, 68. **R.**, **71**, 597, 624; **72**, 690; **73**, 774, 828; **74**, ii, 88; **75**, ii, 72; **76**, 290; **77**, 284; **79**, 512; (Lt. Col.) **80**, 647; **81**, 891; **82**, 860; **83**, 683; **84**, 904.

Capt. C. B. Phillips, temporarily in charge, **78**, 63, 445. **R.**, **78**, 453.

Lt. Col. P. C. Hains, 1884-87. **R.**, **85**, 944; **86**, 887.

Col. W. P. Craighill, 1887-94. **R.**, **87**, 867; **88**, 761; **90**, 992, 1013; **91**, 1234; **92**, 1012; **93**, 1251; **94**, 915.

Capt. Thos. Turtle, 1889-90. **R.**, **89**, 934. Lt. Col. P. C. Hains, 1895-96. **R.**, **96**, 1182; (Col.) **96**, 1007.

Lt. Col. Chas. J. Allen, 1897-1903. **R.**, **97**, 1346; **98**, 1209; **99**, 1436; **00**, 1725, 1754, 1757; **01**, 1423; **02**, 1100; **03**, 1065.

Col. A. M. Miller, 1904. **R.**, **04**, 1332. Lt. Col. Smith S. Leach, 1905. **R.**, **05**, 1177.

Capt. Spencer Cosby, 1906-08. **R.**, **06**, 1115; (Maj.) **07**, 1183; **08**, 1241.

Maj. Jay J. Morrow, 1909. **R.**, **09**, 1242.

Capt. W. T. Hannum, 1910. **R.**, **10**, 1368.

Lt. Col. W. C. Landfitt, 1911. **R.**, **11**, 1473.

Lt. Col. M. M. Patrick, 1912-. **R.**, **12**, 1709.

Assistants:

W. G. Turpin. **R.**, **73**, 776; **74**, ii, 41.

H. D. Whitcomb. **R.**, **75**, ii, 80, 82; **76**, 291; **77**, 285; **78**, 455; **79**, 515; **80**, 648, 649; **81**, 892; **82**, 887; **92**, 1014; **93**, 1255; **94**, 916; **95**, 1187; **96**, 1010; **98**, 1213.

W. Popp. **R.**, **75**, ii, 74.

G. R. Talcott. **R.**, **76**, 301.

Capt. T. Turtle. **R.**, **82**, 861, 872; **83**, 684.

C. P. E. Burgwyn. **R.**, **82**, 878; **84**, 905; **85**, 948; **87**, 870; **88**, 762; **89**, 937; **90**, 994; **91**, 1237.

S. H. Yonge. **R.**, **99**, 1439; **00**, 1729, 1759; **01**, 1426; **02**, 1103; **03**, 1069; **04**, 1335.

ESTIMATES. (See Projects.)

Maj. Craighill, 1870, imp. from canal locks (Richmond) to and below Goose Hill Flats, by dr., diking, and r. excavation, as follows, d. (at high tide): Via Trents R., each chan. 15' x 180', \$125,000 via Trents R. chan. 18' x 180', \$270,000; via Dutch Gap Canal, chan. 15' x 180', \$120,000; via Dutch Gap Canal, chan. 18' x 180', \$250,000, **71**, 73, 604, 606; **72**, 691; **74**, ii, 39, 41.

Increased prices required, 1874, est. to be revised: For chan. 15' x 180', via Dutch Gap, \$117,000; chan. 18' x 180', via Dutch Gap, \$408,925, **74**, 85, ii, 39, 41; **75**, ii, 72; **76**, 65, 291; **77**, 285.

Revised, 1876, for chan. 15' x 180' m. l. w. from canal locks (Richmond) as far as Harrison's Bar, with partial imp. thereon, \$293,808, **76**, 65, 291, 300.

Foregoing revised, 1877; amount required to complete existing proj., \$258,024, **77**, 60, 285, 289.

H. D. Whitcomb, 1879, revised to include enlarging and deepening Dutch Gap Cut-off, and increasing d. over shoals below and over Varina or Aikens Bar, \$161,000, exclusive of app. for 1879, **79**, 78, 513, 520.

OBSTRUCTIONS.

Wrecks, remains of military brs., etc., placed during the war, **70**, 68; **71**, 73, 597, 603; **76**, 293; **79** 512.

Part of shoaling in Richmond H. attributed to cofferdam belonging to shipbuilding co., **03**, 1067.

OPERATIONS.¹ (See Private and corporate work.)

1870-71. Removal of wrecks; remains of military brs.; opening Dutch Gap Cut-off to 18' x 100' (h. w.); r. excavation Rocketts Reef 18' x 125' (h. w.); **71**, 73, 597, 598, 600. Operations required, **71**, 603, 605.

1871-72. Removal of obstr. at Drewry Bluff; Dutch Gap Cut-off opened to w. of 135'; failure of contractor on Rocketts Reef (Feb., 1872); work thereafter done by hired labor; dr. by city of Richmond, **72**, 69, 690; **73**, 776.

1872-73. Continuation of r. excavation at Rocketts Reef and vicinity by hired labor; details of drilling and blasting at; constr. of dikes; dr. by U. S. and city of Richmond, **73**, 75, 774, 776. Transferment Jan. 1, 1872, by city of dr. plant to U. S., **73**, 777. Details of transfer, **74**, ii, 41.

1873-74. Removal of r. from chan. near Richmond, especially at Rocketts Reef; dr. on bars and depositing material behind rectifying and contracting dikes, **74**, 85, ii, 38, 41. All work done by hired labor; advantages of, **74**, ii, 42. Success of work-done, **74**, ii, 43.

¹ Previous to 1870 consisted of dr. and removal of bowlders, cooperating with city of Richmond; defect in previous dr., **71**, 603.

1874-75. Removal of r. from chan. near Richmond, and especially at Rocketts Reef; dr. on bars and depositing material behind rectifying and contracting dikes, **75**, **88**, **ii**, **72**, **81**. Arrangement between city of Richmond and U. S. (as to use by latter of dr. plant) canceled May 1, **1875**, **75**, **ii**, **81**. Cooperation of city with U. S. in dr., **75**, **88**. General progress of work, **75**, **ii**, **81**. Present d., **75**, **ii**, **83**. All work done by hired labor, **75**, **88**, **ii**, **81**, **83**.

1875-76. Excavation of Dutch Gap Cut-off and constr. of dikes by contract; removal of r. on Rocketts Reef and elsewhere; dr. from bars and depositing behind dikes by hired labor, **76**, **64**, **291**. Rental from city of Richmond of part of machinery and dr. plant; rent not to exceed cost of repairs to city, **76**, **64**, **291**. Cooperation of city with U. S.; amount of work done, **76**, **292**.

1876-77. R. excavation; dr. and deposition of material behind dikes; constr. of dikes carried on by hired labor; timber for dikes furnished by contract; continued use by U. S. of machinery belonging to city of Richmond on basis of previous year; cooperation of city; general progress, **77**, **60**, **284**, **285**. Cost of dr., **33½** c. y.; of r. removed, **75.54** c. y.; constr. of timber groins (dike), **1.46** per l. f., **77**, **286**. Present min. d. from above Rocketts Reef to sea, **14.2'**, **77**, **288**.

1877-78. Continuation of work by hired labor and use of dr. machinery belonging to city of Richmond on basis of rental of previous year; cooperation of city of Richmond with U. S. in dr. operations, **78**, **65**, **453**, **455**. Present condition of chan., **78**, **457**, **458**.

1878-79. Continuation of work by hired labor in r. removal, dr., and constr. of wing dams; history of past operations; present condition of chan., **79**, **78**, **512**, **515**, **516**, **517**.

1879-80. **175,593** c. y. removed and **4,621** l. f. wing dams built by U. S.; **48,999** c. y. removed and **1,366** l. f. wing dam built by city of Richmond, **80**, **647**.

1880-81. R. removal and **190,424** c. y. dr. by U. S. and **57,847** c. y. by city of Richmond; **4,463** l. f. wing dams built by U. S., **81**, **894**.

1881-82. **126,826** c. y. removed, **2,005** l. f. wing dams and **350** l. f. fascine work constr., **82**, **863**.

1882-83. **44,340** c. y. sand and **227** c. y. r. removed by city of Richmond, **83**, **685**.

1883-84. R. removal continued, **84**, **905**.

1884-85. **307** l. f. of j. and **2,609** l. f. brush dike built, **1,100** c. y. solid r. blated and dr., **85**, **949**, **950**; **46,760** c. y. dr., **85**, **951**; **153,191** c. y. dr., **85**, **945**; **16,400** c. y. removed by city of Richmond and R. R. cos., **85**, **954**.

1885-86. **122,320** c. y. sand and **1,240** c. y. r. and gravel dr. from chan., **86**, **889**.

1886-87. **20,670** c. y. sand and gravel and **97** bowlders removed from Kingsland Reach; **862** c. y. dr. at Randolph Flats and **981** l. f. of j. built; **635** c. y. r. removed at Goodes Rocks, **87**, **870**, **872**.

1887-88. **120,566** c. y. of sand and gravel, **220** bowlders, and **1,764.7** c. y. solid r. removed; **10,047** l. f. of training wall, **2,066** l. f. of new wing dam, and **1,016** l. f. of old wing dam built, **88**, **762-765**.

1888-89. **509,078** c. y. dr., **4,380** c. y. r. removed, and **8,379** l. f. of training wall built, **89**, **938**.

1889-90. **8,860** c. y. r. removed; **78,336** c. y. dr.; **9,340** l. f. training wall built, **90**, **994**, **997**.

1890-91. **66,700** c. y. r. removed; wing dam built at Wilton; **39,970** c. y. dr. at Kingsland, and **2,900'** of training wall built, **91**, **1241**.

1891-92. **101,825** c. y. dr.; **20,058** c. y. loose r. and **6,265** c. y. solid r. removed, **92**, **1016**.

1892-93. **18,217** c. y. earth excavated, **1,286** c. y. cobbles, **33,164** c. y. soft r., **3,073** c. y. loose st., **447** l. f. brush wall constr., and **2,824** l. f. of wing dams constr. and extended, **93**, **1257**.

1893-94. **15,590** c. y. earth excavated, **130** c. y. cobbles, **13,234** c. y. soft r. and **4,302** c. y. solid r. removed; **7,140** l. f. of wing dams constr. and **531** l. f. repaired, **94**, **920**.

1894-95. Model of R. and adjacent country sent to Willets Pt. school of application, **95**, **1187**. **179,671** c. y. earth excavated, **530** c. y. of cobbles, **8,770** c. y. soft r., and **6,963** c. y. solid r. removed **95**, **1190**.

1895-96. **44,778** c. y. earth excavated, **2,289** c. y. cobbles, **7,512** c. y. soft r., **10,392** c. y. solid r.

removed; **1,296** l. f. new dams constr. and **486** l. f. extended; over **698** l. f. dike constr., **96**, **1013**.

1896-97. **24,037** c. y. earth excavated, **1,827** c. y. cobbles, **26,498** c. y. soft r., and **6,878** c. y. solid r. removed; **2,738** l. f. wing dams constr., **97**, **1347**.

1897-98. **2,826** c. y. earth excavated, **862** c. y. cobbles, **7,024** c. y. soft r., and **3,387** c. y. solid r. removed, and about **1,690** l. f. of wing dams constr., extended, and repaired, **98**, **1210**.

1899-00. **11,048** c. y. earth excavated, **1,409** c. y. cobbles, **4,349** c. y. soft r., and **6,386** c. y. hard r. removed, **00**, **1726**. Dike built below Dutch Gap Cut-off and **24** js. repaired, **00**, **1729**, **1730**.

1900-01. **27,472** c. y. r., earth, etc., removed, and dikes and js. repaired, **01**, **1423**.

1902-03. **13,883** c. y. dr. from chan., and **533** c. y. earth and **182** c. y. r. removed in degrading js., **03**, **1069**.

1903-04. **128,540** c. y. earth, soft r., etc., and **1,546** c. y. hard r. removed from chan.; **3,760** c. y. earth and **893** c. y. r. removed in degrading old js.; training dike and **7** js. built and **5** old js. extended, aggregating **1,108'** new j. work, **04**, **1332**.

1904-05. **147,114** c. y. dr. and **4,692** c. y. r. removed, **05**, **1177**.

1905-06. **39,456** c. y. earth, etc., dr., **5,421** c. y. r. removed, and training dikes and js. revet., **06**, **1116**, **1118**.

1906-07. **66,244** c. y. earth, etc., dr., **10,172** c. y. r. removed, **13** js. built, **3** extended and **2** repaired, **07**, **1189**, **1190**.

1907-08. **118,127** c. y. earth dr. and **7,957** c. y. r. removed, **08**, **1241**, **1242**, **1244**; **3,340** l. f. j. constr., **08**, **1245**.

1908-09. **88,609** c. y. dr., **4,362** c. y. r. removed, and **167** piles removed, **09**, **1243**, **1244**; **7,600** l. f. js. built, **09**, **1245**.

1909-10. **23,712** c. y. earth dr. and **2,951** c. y. r. removed, **10**, **1368**.

1910-11. **26,789** c. y. dr. from Varina and Deep Bottom Shoals, completing contract; **1,624,700** c. y. dr. from Swans Pt., Dancing Pt., Rocklanding and Deep Bottom Shoals under contract; wrecks removed, **11**, **1477**.

1911-12. **468,353** c. y. dr. from Dancing Pt., Swans Pt., Rocklanding, Deep Bottom and Warwick Reach Shoals; work on Deep Bottom, Kingsland, and Varina js. in progress; **395,108** c. y. dr. from City Pt., Harrison Bar, and Goose Hill Flats; repairs to plant, **12**, **1714**.

PHYSICAL CHARACTERISTICS.

James R., an estuary below Richmond Bar, **75**, **ii**, **78**; **76**, **296**.

Tides, **73**, **778**, **779**; **74**, **ii**, **42**; **75**, **ii**, **75**, **76**, **78**, **81**, **82**; **76**, **292**, **293**, **296**; **77**, **288**; **78**, **458**; **79**, **518**.

Tide gauge, registry of, **76**, **293**; **77**, **288**; **78**, **460**. Tides lowered by removal of obstr., **75**, **ii**, **82**; **76**, **292**.

Bed of R., character of, **75**, **ii**, **80**, **81**.

Stable regimen produced by proper contraction of w., **75**, **ii**, **80**; **76**, **298**, **299**; **77**, **284**, **286**, **287**; **78**, **458**; **79**, **515**.

L.-w. slope, **75**, **ii**, **78**, **81**; **76**, **296**, **298**, **301**.

Comparison of, measured and calculated, **76**, **298**. H.-w. slope, **78**, **456**.

H.-w. and effects of, **75**, **ii**, **82**; **76**, **293**, **300**; **77**, **286**; **78**, **456**; **79**, **517**.

Discharge of R., **75**, **ii**, **79**; **76**, **296**.

Sediments transported by R., **76**, **300**.

Tides at Richmond, **80**, **650**; **81**, **896**; **82**, **866**, **879**.

Cross-sectional areas of R. bottom near Richmond, **82**, **866**.

List of freshets and h. of rise of each since **1847** **82**, **868**.

Flood observations, **1882**, **82**, **868**.

R. of sur. showing conditions of R. and proposed imp., **1837**, **82**, **888**.

Cross sections, **85**, **955**.

Comparative cross sections of R., **87**, **873**.

Freshets in the James R., **1888-89**, **89**, **941**.

Comparison of freshet slopes, **89**, **941**.

Table showing the available draft of w. at h. t. throughout the imp. portions, **90**, **997**.

W. and d. and range of areas, **93**, **1259**, **1260**; **94**, **1222**; **95**, **1191**; **96**, **1014**; **98**, **1216**.

Tidal observations, **93**, **1255**; **94**, **916**; **95**, **1187**; **96**, **1010**, **1011**; **98**, **1213**, **1216**.

Effect of works of direction, **94**, 921; **95**, 1190.

General description of, **98**, 1216; **99**, 1437.

Tides and freshets, **01**, 1432; **02**, 1104.

Chan. obstr. by sliding bank, **02**, 1105.

Freshets **03**, 1070; **12**, 1714.

Description of, **10**, 304.

As a result of imp. work, a chan. now exists from Hampton Roads to about 100' near wharf at Richmond, 100' x 18', **12**, 405.

R. in Allegheny Mtns., Va., near W. Va. State line, mouth at S. end of Hampton Roads, near Newport News, Va. R. formed by confluence of Cow Pasture and Jackson Rs.; 1. from confluence to mouth 320± m. Proj. portion 103.8 m. from Hampton Roads to head of navigation at Richmond, Va. R. navigable for rafting and logging for about ½ m. above Richmond, **12**, 403, 405.

For general character of obstr., depths, etc., see Operations and Projects.

PLANS.

James R. and Kanawha Canal, **71**, 624; **73**, 828; **74**, ii, 86.

PRIVATE AND CORPORATE WORK.

(See Operations.)

Up to 1875 city of Richmond had app. \$250,000, to be expend. under direction of common council in dr. on w. bars, **70**, 68; **71**, 73, 598, 603; **75**, ii, 83; progress of work, in cooperation with U. S., in 1871-72, **72**, 69, 691; in 1872-73, **73**, 75, 774, 776. Transferment Jan. 1, 1873, of dr. plant to U. S., at rental not exceeding cost of repairs, **73**, 777; **74**, ii, 41; arrangement canceled May 1, 1875, **75**, ii, 81; progress of dr. in 1875-76, **75**, 88. Transferment of part of dr. outfit to U. S. on previous basis, **76** 291; cooperation of city with U. S., **76**, 292.

1876-77. Continued use by U. S. of dr. outfit and cooperation of city with U. S., **77**, 60, 284, 285. Necessity of city owning dr. outfit, **75**, ii, 84. Report of commission acting for city, **75**, ii, 83.

1877-78. Continued use by U. S. of dr. outfit belonging to city of Richmond and cooperation of city with U. S. in dr. operations, **78**, 65, 453, 455, 461.

1878-79. Continued cooperation of city of Richmond, **79**, 512, 515.

Assistance given by city of Richmond by money app., work done, placing machinery at disposal of U. S., **80**, 647; **81**, 891, 894; **83**, 685; **85**, 954.

Total expend. by city of Richmond, \$444,696.45, **86**, 138; **87**, 867.

Wreck and cargo of schooner *Melvin Phillips* removed by owners, **03**, 1070.

At 1912, Richmond proposed d. part of chan. between imp. chan. and site of public wharf on which work has begun, **12**, 406.

PROJECTS. (See Estimates.)

Orig. proj. of 1870, together with its modifications to 1882, proposed to secure between Richmond and the sea a chan. 18' x 180' full tide, or about 15' m. l. w., to be secured by the removal of r. and boulders, dr. on bars, and deposition of material

behind rectifying dikes; excavation through Dutch Gap Cut-off and cut-offs near Jones Neck and Bermuda Hundred, **71**, 604; **72**, 691; **76**, 298; **79**, 516, 520; **86**, 138. Aggregate of the app. 1870 to 1882, incl., \$740,000.

By Col. Craighill, 1882, increasing previous w. and d. of chan. so as to secure 25' full tide, or 22' at half tide, between Richmond and the sea. The w. of chan. to be as follows: From mouth to City Pt., 400'; from thence to Drewry Bluff, 300', and thence to the city of Richmond, 200'; est., \$4,500,000, **82**, 871, 878; **85**, 947; **86**, 138; **87**, 867; **91**, 1234.

Lt. Col. Allen est., 1899, \$724,943.15 to continue imp., and if a turning area be included an additional cost of from \$150,000 to \$200,000, **00**, 1758, 1759. For extension of imp. au. act June 13, 1902, from lower city line to docks; giving chan. 22' x 200' x 3,300'; est., \$724,943.15 addl., **02**, 1101; **03**, 217.

Extended by act Mar. 3, 1905, to include excavation of turning-basin at Richmond 22' x 400' x 600'; est., \$150,000, **05**, 222.

Maj. Cosby recom., 1907, that plant be secured to carry on work; est., \$228,000, and from \$80,000 to \$100,000 an. for operating, **07**, 1193.

Total est. for foregoing proj. in 1912, \$5,374,943.15, **12**, 404. Proj. 40±% done, **12**, 405.

SURVEYS.

Detailed sur. made, 1852, **70**, 68; **71**, 603.

Ex. shows but slight changes since, 1870, **70**, 68; **71**, 603.

In progress, connecting James R. with Kanawha Canal, 1870-73, **70**, 69; **71**, 76, 624; **72**, 74; **73**, 78, 828.

From ship lock (Richmond) to below Trenta Reach, 1874, **74**, 86, ii, 39; **75**, ii, 74. Details and methods used, **75**, ii, 74; **76**, 295; bench marks, **75**, ii, 78; gauging discharge, methods and discussion of, **75**, ii, 79; analysis of sur., **76**, 295.

Au. act Mar. 3, 1881; made, 1881, by Lt. Col. Craighill, **82**, 870, 878.

Comparison made in 1884 and 1887, **84**, 906; **87**, 873.

Miscellaneous sur. and ex., **93**, 1255; **94**, 916; **95**, 1187; **96**, 1010; **97**, 1347; **99**, 1437.

Ex. and sur., to determine what expend. would be necessary to continue imp. to the head of navigation at the docks, au. act of Mar. 3, 1899; made, 1899, by Lt. Col. Allen. (R. fav.) (See Projects.) (Maps, **00**, 1736), **00**, 1754, 1755, 1757.

Various local sur. and exs., **01**, 1433; **06**, 1119; **07**, 1192; **08**, 1245; **09**, 1245; **10**, 1369.

Of Dutch Gap Canal, **03**, 1065.

Of shoals, **07**, 1192.

Of Rockland Shoal, **08**, 1245.

Cong. docs., etc., relating to exs., sur., plans, etc., **12**, 404.

brect. (See Projects.) 80, 907.
Ex. and sur. au. act June 25, 1910, with view to
securing increased d., mouth to Williamsburg (R.
to come), 12, 390.

1900-01. Work commenced on shore protec-
tion, 01, 1437.

1901-02. 1,348 l. f. revet. built, 02, 1106.

1904-05. Work continued on shore protection,
05, 1179.

1905-06. Work continued on shore protection,
06, 1121.

PHYSICAL CHARACTERISTICS.

Erosion of banks, 01, 1437.

PROJECTS.

Congress, 1894, au. protecting the isld., from the
encroachments of the James R., 95, 1192.

By Lt. Col. Hains, 1894-95, building a wall faced
with granite in front of the isld., grading and turfling
the bluff behind it, and adding several groins in
front of the wall, 95, 1192.

By Lt. Col. Allen, 1896-97, regrading the bank
and levee where necessary, and covering it with a
slope wall of st. laid in hydraulic mortar, protected
by riprap and concrete blocks as far as funds would
admit, 97, 1350; revised, 1900, to provide for a
revet. of concrete blocks or flagstones, with mac-
adam backing 1' thick, laid against the graded bank
of the isld., the toe of the slope to rest against a
strong low line of sheet piling, to be protected
against wave action, if necessary, by st. riprap,
00, 1737, 1738.

By Col. Miller, expend. of app. of \$15,000, 1904,
by extending sea wall downstream not more than
1,352', and shoreward from 10 to 40', 04, 216, 1340.

SURVEYS.

Ex., 1896-97, by Lt. Col. Allen, 97, 1349.

Ex. by Col. Miller, 04, 1340.

Antiquities in donating necessary land; efforts
made by Assn. to secure use of ps. from Mrs. Barney
during exposition, 07, 1198.

Description of, 12, 408, 409.
Imp. has resulted in more fav. rates, 12, 409.
Traffic 1900, 155,000+ t.; 1905, 53,000+ t.; 1911, 24,490 t., 12, 1721.

CONTRACTS.

1871. G. H. Ferris, dr. 150,000 c. y., 72, 692.
B. S. Burch, dr. 50,000 c. y., 72, 692; 73, 784.
1872. Albany Dredging Co., dr., 73, 784.
1873. G. H. Ferris, dr., 24½ c. y., 74, ii, 47.
1874. G. H. Ferris, dr., 20½ c. y., 75, ii, 85.
1875. G. H. Ferris, dr., 21½ c. y., 75, ii, 86.
1876. G. H. Ferris, dr., 15½ c. y., 76, 307; 77, 291.
291. W. H. Beard, dr., 30½ c. y., 77, 291, 292.
1881. S. West, dr., 20½ and 23½ c. y., 81, 902.
1882. G. H. Ferris, dr., 32½ c. y., 82, 901.
1884. B. A. Davis, piles, G. V. Scott & Sons, lumber, W. F. Gatling, brush and poles, 84, 914.
A. F. Hull, dr., 13½ c. y., 85, 1029, 1031.
1886. West Point Engine & Machine Co., boiler of towboat, 87, 978.
1889. Cline & Isaac, j. constr., 89, 953.
1890. W. Jameson, constr. of wattle i., 79½ l. f.; timber j. with mattress protection, \$3.24; Dike A \$1.06 and Dike B 98½ l. f., 91, 1302.
1903. C. P. E. Burgwyn, dr., 36½ c. y., 04, 1372.
1904. Atlantic Dredging Co., dr. and building embankments, dam, highway br., R.R. br., ps., and flume; unit prices given, 04, 1372.
1905. Atlantic Dredging Co., dr., 37½ c. y., 05, 1193.
1906. W. H. French, dr., 44.8½ c. y., p. m., 07, 1210.
1908. Atlantic Dredging Co., dr., rehandling and placing in levees, 41½ c. y., p. m.; material deposited in levees, 31½ c. y., p. m.; material deposited behind dikes, 19½ c. y., p. m., 08, 1266. Atlantic Dredging Co. (supple.) dr., 40½ c. y., p. m., 09, 1261. Atlantic Dredging Co. (supple.), laying addl. pipe, \$7.50 f.; Atlantic Dredging Co. (supple.), changes in provisions as to laying pipe \$150, 09, 1262.
1909. Atlantic Dredging Co. (supple.), dr., 41½ c. y.; Atlantic Dredging Co., dr., 25½ c. y., p. m., 09, 1261. Atlantic Dredging Co. (supple.), addl. r. in dam, \$1.70 per t. for large and medium, and \$1.90 for crushed st.; Atlantic Dredging Co. (supple.) certain changes in dam and method of disposal of surplus material, 45½ c. y., p. m., 09, 1262. L. M. Lewis Dredging Co., excavating, removing r., building levee, etc., unit prices given, 10, 1387, contract annulled, 11, 1499.
1910. W. H. French, dr. (general imp.), 17½ c. y., 11, 1499.
1911. Edward M. Harris, work at Petersburg, unit prices given, 11, 1499.
1912. Maryland Dredging & Contracting Co., dr. (general imp.), 23,000 c. y., p. m., 17½ c. y., 12, 1720.

ENGINEERS.

Chief of Engineers. R., 66, 7; 70, 31, 68; 71, 73; 72, 70; 73, 76; 74, 86; 75, 89; 76, 65; 77, 60; 78, 66; 79, 73; 80, 106; 81, 143; 82, 139, 903; 83, 143; 84, 147; 85, 155; 86, 150; 87, 117; 88, 101; 89, 118; 90, 106; 91, 150; 92, 152; 93, 163, 166; 94, 149;

95, 171; 96, 155; 97, 193; 98, 196; 99, 226; 00, 258, 265; 01, 294, 299, 1467; 02, 222; 03, 223; 04, 222; 05, 229; 06, 243; 07, 255; 08, 271, 280; 09, 279, 280; 10, 319; 11, 342; 12, 407.

Boards:

Commission, appointed 1852, reported a plan for imp. S. D. 1, 35, 1, Part II, 394.

Convened Aug. 29, 1870. Recom. adoption of much of the work done by private and corporate au., under plan of H. D. Bird. Modified plan in regard to future work. R., 74, ii, 50. Reconvened, Baltimore Nov. 19, 1870. R., 74, ii, 53.

(Col. J. H. Simpson, Lt. Col. John Newton, and Maj. W. P. Craighill.)

In charge:

Maj. Wm. P. Craighill, 1878-90. R., 73, 784; 74, ii, 47; 75, ii, 86; 76, 307; 77, 292; 78, 463; 79, 521; (Lt. Col.) 80, 655; 81, 898; 82, 898, 907; 83, 687; 84, 913; (Col.) 88, 768; 89, 955.

Capt. Chas. B. Phillips, in temporary charge. R., 78, 463.

Capt. F. A. Hinman, 1884-87. R., 85, 1029; 86, 959; 87, 978.

Lt. G. J. Fiebigler, 1889-92. R., 89, 952, 957; 90, 1025; 91, 1300.

Lt. E. Burr, 1892-94. R., 92, 1093; 93, 1333, 1345; 94, 981.

Capt. T. L. Casey, 1895-99. R., 95, 1284; 96, 1074; 97, 1369; 98, 1227; 99, 1476.

Maj. J. B. Quinn, 1900-1902. R., 00, 1766; 01, 1452, 1468, 1471; 02, 1117.

Capt. E. E. Winslow, 1903-06. R., 03, 1080; 04, 1371; 05, 1192; (Maj.) 06, 1131.

Maj. Joseph E. Kuhn, 1907-09. R., 07, 1208; 08, 1264; 09, 1258.

Lt. Col. M. M. Patrick, 1910-. R., 10, 1386; 11, 1497; 12, 1718.

Assistants:

H. D. Bird. R., 72, 693; 73, 784; 74, ii, 47; 75, ii, 86; 76, 307; 77, 292; 78, 465; 80, 659.

Capt. James W. Cuyler. R., 79, 522, 524, 525, 526; 80, 657.

Capt. T. Turtle. R., 82, 898, 907, 911; 83, 687.

Lt. C. McD. Townsend. R., 83, 688; 84, 914.

H. J. Gielow. R., 87, 981.

ESTIMATES. (Plans and Projects.)

By B. of E., for chan. 12' x 60', \$250,000; \$125,000 addl. to make the work permanent; and \$10,000 for an. repairs and dr., 74, ii, 54.

By Maj. Craighill, to complete chan. 10' x 80', \$153,000, and \$20,000 for an. dr. and repairs, 74, ii, 46, 47.

By Maj. Craighill and Capt. Cuyler, revised, completion of existing proj., \$42,000, 79, 522.

LEGAL PROCEEDINGS.

Land purchased for works of imp., 05, 1193.
\$10,703.28 expend. for purchase of land; all necessary land vicinity of Petersburg acquired, 06, 1131.

LEGISLATION.

A joint-stock company incorporated in 1824 by Virginia for imp. of the R., 74, ii, 54.

The assent of the U. S. given by act of Mar. 3, 1825.

OPERATIONS.

1870-71. Preliminary operations, ex. made, 71, 608.

1871-72. Removal of 150,000 c. y. from s. chan.; dr. through Puddledock Marsh, 72, 70, 692.

1872-73. Completion of s. chan., 60'-80' x 10'; dr. in Puddledock Cut, and completion of deflector 250' l., 73, 76, 782, 784.

1873-74. Dr. in and above Puddledock Cut; 123,095 c. y. removed, 74, 86, ii, 46, 48.

1874-75. Dr. between upper end of Puddledock Cut and Petersburg, 75, 89, ii, 84.

1875-76. Removal of 129,270 c. y. by contract, 76, 65, 306-308.

*Allotment.

¹ Emer. R. and H.

² Pres. and mainten. R. and H.

³ \$7,131.70 of this amount repaid to app. for Emer. in R. and H. works, 09, 1261.

1876-77. Dr. and constr. of embankment by contract. (Chan. of sufficient d. for vessels drawing 11' of w. to reach the city.) **77, 292.**

1877-78. Removal of 421 c. y. of rock by blasting; constr. of 812 l. f. of longitudinal dikes and 13 wing dams, **78, 66, 464, 465.**

1878-79. Dr. 15,248 c. y.; repairs, protection, and extension of wing dams; constr. of dams, training walls, and dikes, **79, 78, 523.**

1879-80. Dr. 9,305 c. y.; repair and constr. of wing dams and dikes, **80, 657.**

1880-81. Dr., constr., and repair of wing dams in progress, **81, 898.**

1881-82. Dr. and repairs to dikes, **82, 898.**

1882-83. (Imp. condition of R., **83, 143, 687, 694.**) Constr. of js., and their cost, **83, 143, 688.**

1883-84. 26,727 c. y. dr.; constr. and repairs of dikes, **84, 147, 914.** (Imp. condition of R., **84, 913.**) Cost of work, **84, 915.**

1884-85. 51,300 c. y. dr. by contract from Puddledock Cut; extension and repair of dikes by hired labor, **85, 1029.**

1885-86. 70,124 c. y. dr. by contract from Puddledock Cut; 940 l. f. pile and brush revetments built by hired labor, **86, 958.**

1886-87. 25,047 c. y. dr. from chans.; repair of js., dams, and training walls; 348 l. f. revetment built at Puddledock Cut; constr. of training wall at Rushmore's commenced, **87, 979.**

1888-89. 15,175 c. y. dr., js. repaired, and closure dike to Jetty No. 20 prolonged, **89, 952.**

1889-90. 10,435 c. y. dr., **90, 1025.**

1890-91. 13,512 c. y. dr. from Puddledock Shoal and deposited behind closure dike; 2,200 l. f. of j. built; Rushmore Dam, etc., built, **91, 1301.**

1891-92. 892 l. f. of brush and pile dike built at Magazine Bend and at Lieutenant Run Dike, and 583 l. f. of the latter dike backed with brush; dam built at Steins Cut and repairs to closure dike at head of Puddledock Cut; 7,867 c. y. gravel used in constr. of bank behind the cut, **92, 1093.**

1892-93. 31,325 c. y. dr., 1,475 l. f. of brush dike at Magazine Bend refilled with brush, a new waste piece was placed on the closure dike, and 1,243 l. f. of timber dam at the closure dike constr. and 350 l. f. rebuilt, **93, 1334.**

1893-94. 17,150 c. y. dr., and 6,850 c. y. of it placed behind closure dike to strengthen it, **94, 982.**

1894-95. 7,200 c. y. dr. and placed behind closure dike, **95, 1285.**

1895-96. 18,000 c. y. dr., and 6,050, 2,800, and 4,750 c. y. of it were wheeled ashore at Bradway, Rushmores Dike, and at closure dike, respectively, **96, 1075.**

1898-99. 10,250 c. y. dr. from vicinity of Rushmores Dike, **99, 1476.**

1899-00. 7,200 c. y. dr. from vicinity of Rushmores Dike, 12,550 c. y. at Sunken Isld.; 3,150 c. y. at Mills Bar; and closure dike repaired, **00, 1766, 1767.**

1902-03. 4,261 c. y. dr., **03, 1080.**

1903-04. 22,687 c. y. dr., **04, 1371.**

1904-05. 4,400 c. y. dr.; highway br. built over new chan. at Petersburg, **05, 1192.**

1905-06. 24,160 c. y. dr. below Petersburg; 46,031 c. y. removed from new chan. at Petersburg and placed on main levee, and 704 c. y. deposited on Pocahontas Levee, **06, 1131.**

1906-07. 19,784 c. y. dr. below Petersburg, 108,300 c. y. dr. from new chan. at Petersburg, 2,860 c. y. from R.R. embankment, 185 c. y. placed on Pocahontas Levee and 911 c. y. behind s. abutment, 16.8 c. y. r. removed from p. foundations, and 901.6 c. y. concrete placed in ps., **07, 1209.**

1907-08. 51,047 c. y. removed from new chan. at Petersburg, 5,862 t. r. placed on dam, 1,390 c. y. fill behind abutment, 10.8 c. y. r. removed from p. foundations, and 579.85 c. y. concrete placed in ps.; flume constr., **08, 1265.**

1908-09. 39,547 c. y., p. m., dr., rehanded and placed on levee, 23,752 c. y., p. m., dr., and placed in levee, 12,912 c. y., p. m., pumped ashore, 27,578 c. y., p. m., dr., and pumped into washout of dam, 150 l. f. trestle built, 855 c. y. r. and 1,238 c. y. slag placed in break of rear bank, 62,937 c. y., p. m., removed from new chan. at Petersburg, and 4,131 t. r. placed on dam, **09, 1258, 1259, 1260.**

1909-10. 15,977 c. y. dr., 300 c. y. earth and 200 c. y. r. removed, and 18,027 c. y. earth placed in levee, **10, 1386.**

1910-11. 47,803 c. y., p. m., excavated at Lieutenant Run Shoal and dumped below Point-of-Rocks, **11, 1497.** Quantity and cost of work done by L. M. Lewis Dredging Co. at Petersburg given in tables; 230 c. y., p. m., earth, and 425.7 c. y. r. excavated at Petersburg, **11, 1498.**

1911-12. 21,300 c. y., p. m., dr. at shoals from Petersburg to Point-of-Rocks, **12, 1718.** 8,000 c. y., p. m., removed at and below Petersburg; 3,568 c. y., p. m., earth, and 1,031 c. y. r. excavated, **12, 1719.**

(See Physical characteristics, last paragraph.)

PHYSICAL CHARACTERISTICS. (See Operations, 1876-77, 1882-83, 1883-84.)

Described, **71, 606-608; 74, ii, 50-56; 79, 529.** Sketch showing current observations at Magazine Bend, **78, 464.**

Description of the various divisions of the R., **93, 1336.**

Description of; impossible to maintain chan. on account of sand carried down by freshets, **01, 1468, 1469.**

Unusual freshets overflowing banks, cutting new chan. around end of dam, completely filling navigable chan. below dam, **09, 1259.**

Stream 137 m. l.; navi. l. only 11 m., **12, 437.**

Freshets, 1912, broke incomplete diversion dam, Petersburg, **12, 460.**

PLANS. (See Estimates and Projects.)

By Capt. Cuyler, change in direction of js. to oblique instead of perpendicular to the shore, **79, 524.**

By Lt. G. J. Fieberger, 1889, for diversion of the waters of the Appomattox R. into the old North Channel, involving dr., dam, embankment, and br. constr., and the purchase of overflowed lands; est., \$387,926.21, **89, 960.**

PRIVATE (CITY AND CORPORATE) WORKS.

History from 1824 to 1870, **74, ii, 54-57; 77, 293.**

Est. by H. D. Bird, engineer for Lower Appomattox Co., for a 12' chan., \$173,004.15, **74, ii, 57.**

Dr., etc., by the city of Petersburg, **71, 73, 606-608; 72, 692; 75, ii, 88; 78, 464; 79, 521.** The Lower Appomattox Co. expend., in 1870, \$75,186.70, **74, ii, 57.**

Constr. of a dr., 1884, by city of Petersburg, Va., **84, 914;** work done by city of Petersburg, **86, 960.**

Dr. done by the city near Petersburg, **88, 768.**

History of imp. carried on by the city of Petersburg, **89, 957, 961.**

PROJECTS.

By BE., 1870, chan. 12' h. w. and a w. as great as the R. would bear, the imp. to be accomplished by regulating works, aided by dr.; est., \$428,000, **71, 73, 606; 74, ii, 53; 85, 155; 87, 117.**

In 1887 a revision of the est. cost for the completion of the proj. was \$33,810, **87, 978, 983.** This was increased in 1889, to \$45,890, or \$30,080 for completion, **89, 953.**

Lt. Burr in 1893 submitted a revised est. of cost of the imp., making a total of \$68,090, **93, 1336.**

By Capt. Burr in 1894 retaining the app. of 1894 until dr. be necessary, app. not being considered sufficient to warrant the undertaking of any extension of the contracting works, **95, 1285.**

Deflection of the R. in the old chan. just above the br. at Petersburg recom. by Maj. Casey, 1899 (see Plan of 1889), **99, 1477.**

By Maj. Quinn, 1899, expend. of funds in dr. at Sunken Island Mills Bar, and Magazine Bend, **00, 1767.**

By Maj. Quinn, 1900, proposes diverting R. at Petersburg and providing for excavating chan. 200' x 24' m., and constr. dam, dike, brs., and other necessary work; est., \$268,915, with \$6,000 an. mainten., **01, 1471.** Act 1902 limited cost to \$200,000; act 1907 au. increase to \$260,000, 12, 409 Col. F. C. Hains, Div. Eng., est. it would cost \$400,000 to divert R., **01, 1473.**

Existing proj., 1912, attainment and mainten. of chan., 12' x 80' m. h. w., Point-of-Rocks to Petersburg, **74' m., 12, 408.**

SURVEYS.

Elaborate sur. made a short time before the civil war, 70, 68.

By Maj. Craighill, 1870, 70, 68.

By Maj. Craighill, 1873-74, 74, ii, 46.

By Lt. Col. W. P. Craighill, 1881-82, 82, 904.

Au. act of Aug. 11, 1888; made, 1889, by Lt. Fie-
beger, 89, 957.

Ex. and sur. of H. at Petersburg and Appomattox
R. au. act of July 13, 1892; made, 1892, by Lt. Burr
(R. unfav.), 93, 1347, 1348.

Ex. and sur. au. act 1900, with a view to deflection
of the R. at Petersburg (see Project), 01, 299, 1467.
Made in compliance with act Mar. 2, 1907; est.,
\$23,000, 08, 280, 1264.

Cong. docs., etc., relating to exs., surs., plans, etc.,
12, 408, 409.

Maps.¹ 89, 960; 93, 1340.

L-159

LYONS (Lawns) CREEK, VA.

COMMERCE.

Merchandise, brick, and peanuts, valued at
\$28,000, shipped 1894. Limited interests would not
justify expend. by U. S., 95, 1298.

ENGINEERS.

Chief of Engineers. R., 95, 177.

In Charge. Capt. T. L. Casey, 1894. R., 95,
1297.

L-160

PAGAN RIVER (Creek), VA.

APPROPRIATIONS.

1880, \$5,000, 80, 821.

1881, 5,000, 81, 991.

1902, ²10,870, 02, 1116.

1910, 4,600, 10, 1385.

1912, 1,000, 12, 1717.

Total, 26,470 (less \$198.99 returned to Treas.,
\$26,271.01, 12, 1717).

COMMERCE.

Important, 75, ii, 158.

R. is only practical direct outlet from Smithfield
and neighboring country, 01, 1475.

Description of, 01, 1477.

Dependent on peanut and oyster crops, 05, 229.

No rail route to points below head of navigation,
10, 319.

Average per year about 100,000 t., mostly peanuts
and oysters, 11, 341.

C. handled by numerous small schooners and
sloops, and 2 regular steamers, 12, 407.

Effect of imp. on rates not ascertainable, 12, 407.

09, 1257.

Lt. Col. M. M. Patrick, 1910-. R., 10, 1385; 11,
1496; 12, 1717.

Assistants:

A. K. Michler and W. H. Powless, 75, ii, 157.

PHYSICAL CHARACTERISTICS.

Description of; has been called "Lawns" Cr.,
95, 1297.

SURVEY.

Ex. au. act Aug. 17, 1894; made by Capt. Casey,
1894 (R. unfav.), 95, 1297.

OPERATIONS.

1880-81. 6,662 c. y. dr. from bars at Smithfield,
81, 991.

1881-82. 34,631 c. y. dr. from bars at mouth of
creek, 82, 1076.

1905-06. 81,672 c. y. dr., 06, 1130.

1910-11. Proj. completed Nov. 22, 1910; 23,117
c. y. dr. under contract, 11, 1496.

PHYSICAL CHARACTERISTICS.

General, 75, ii, 156.

Obstructions, bars, etc., 75, ii, 156.

Description of, 01, 1477.

PLANS.

By S. T. Abert, U. S. C. E., dike 4,500'; est.,
\$13,500, 75, ii, 157.

PROJECTS.

By S. T. Abert, U. S. C. E., 1875, chan. 6 $\frac{1}{2}$ '-7' x 60'
through 4 bars, Smithfield to mouth of creek, 5 m.;
est., \$28,380, 75, ii, 157; 80, 820.

By Maj. Quinn, 1900, chan. 8' x 80' from Smith-
field, Va., to James R.; est., \$28,870 (for 10', \$36,088),
01, 1477.

Act 1905 au. expend. of balance in securing chan.
40' w. and of such d. (probably 10') as might be
obtained, 05, 228, 1191.

By Maj. Kuhn, 1907, w. chan. at Smithfield and at
bends farther downstream; est., \$4,600, and \$1,000
an. mainten., 08, 280; 09, 318.

Act June 25, 1910, au. w. chan. at Smithfield and
at bend $\frac{1}{2}$ m. below Smithfield, and dr. off points of
abrupt bends in existing chan. farther downstream
11, 341.

SURVEY.

By A. K. Michler and W. H. Powless, under the
direction of S. T. Abert, U. S. C. E., 75, ii, 156.
From Smithfield, Va., to James R., au. act June 6,
1900; made, 1900, by Maj. Quinn,³ 01, 1474.

By William Popp, 1872, chan. 8' x 100', \$30,000; if increased to 200' w., \$20,000 addl., 72, 72, 723.

By S. T. Abert, 1878, increased to \$37,000 owing to small apps. and repairs, 78, 541.

OPERATIONS.

1872-73. Preparatory only, 73, 76, 787.

1873-74. Snags and artificial obstr. removed, and 2,156 l. f. of dikes built; dr. by contract in progress, 74, 87, ii, 63.

1874-75. 1,333 l. f. of dike built; 20,819 c. y. dr. and wreck removed, 75, 94, ii, 128.

1875-76. Chan. 7½ x 60' dr. through Suffolk Bar, 76, 68, 352.

1877-78. 8,340 c. y. dr. from Suffolk Bar Chan., making it 8' x 80'; dikes repaired, 78, 75, 541.

1879-80. 1,120 l. f. of dike built; further operations not required, 80, 820.

1888-89. Dike repair completed under contract, and snags removed from the chan. by hired labor, 89, 950.

1889-90. 16,150 c. y. and 28 saw logs removed from the chan., 90, 1024.

1892-93. 37,458 c. y. dr., 93, 1330.

1894-95. 48,220 c. y. s. m. dr., 95, 1281.

1896-97. 5 small and 3 large trees removed, 97, 1367.

1899-00. 1 tree removed from chan., 00, 1765.

1902-03. 45 logs and other obstr. removed, 03, 1078.

1903-04. 31,385 c. y. dr., 04, 1368.

1908-09. 23,797 c. y. dr., 09, 1256.

1909-10. 55 logs and other obstr. removed by the snag boat *Roanoke*, 10, 1384.1911-12. U. S. snag boat *Roanoke* removed 18 trees from chan. and banks, 12, 1708.**PHYSICAL CHARACTERISTICS.**

Description of, 72, 724.

Chans. in Hampton Roads injured by dr. deposits from this stream, 04, 1368.

PROJECTS. (See Estimates.)

By W. Popp, 1872, chan. 8' x 100' by removing obstrs., dr. and dikes, 72, 723.

By Maj. Craighill, 1872, chan. 8' x 100' to be secured by removal of obstr., dr. and dike constr.; est., \$20,000, 72, 723. Increased by S. T. Abert, U. S. agent, in 1878, to \$37,000, 78, 541. Completed in 1880, 80, 820.

By Capt. Hinman, 1887, excavating a chan., by dr., 12' x 100' m. l. w. head of navigation to mouth of W. Branch, including a turning basin at Suffolk Br. 200' sq.; spur dam and training-wall constr.; also for a chan. of same l. and from 200 to 400' w. from Town Pt. to W. Branch by dr. and training-wall constr.; est., \$152,500, 87, 1001; 88, 98.

By Capt. Burr, 1894, dr. such shoals as might be found to have less than the proj. d., 95, 1280.

By Capt. Casey, 1896, holding app. of 1896 until sufficient funds were available to warrant operations having in view the completion of the approv. proj. unless it became evident that the immediate relief of navigation demanded its expend., 97, 1367.

Recom. by Maj. Quinn, 1901, that existing proj. be modified to limit chan. to 80' w., 01, 1450.

SURVEYS.

ESTIMATES. (See Projects.)

By Capt. Phillips, 1872, dr. 7' chan. to the lock of the Albemarle & Chesapeake Canal, \$18,000, 72, 716, 720; increased to \$25,000 by Maj. Craighill, 72, 716, 718; 73, 785; in 1874 increased \$5,000, 74, ii, 58.

By S. T. Abert, 1875, increased \$3,500, 75, 87, ii, 127; 76, 351; increase from \$25,000 to \$40,000 owing to increase of traffic, 78, 514; 79, 679.

OPERATIONS.

1872-73. Dr. by contract, 73, 76, 785.

1873-74. 5,400 y. chan. dr. 7½' x 60', 74, 86, ii, 57.

1874-75. Dr. through Nicaragua and Deep Creek Bars; 27,709½ c. y. removed, 75, 93, ii, 126.

1875-76. Dr. chan. 7½' x 60' from canal lock to near Parks Gap, 76, 67, 351.

1877-78. A cut-off dr. near the lock and the gap w., 78, 72, 514.

1878-79. 14,914 c. y. dr.; a wreck and snags removed, 79, 89, 679, 681.

1896-97. 378,037 c. y., s. m., dr. from the W. Branch, 97, 1366.

1897-98. 103,996 c. y., s. m., dr. from the W. Branch and proj. completed, 98, 1225.

1898-99. 2,361,775 c. y. dr. from Elizabeth R., 99, 1473.

1909-10. 39,900 c. y. dr., 10, 1381.

PHYSICAL CHARACTERISTICS.

Description of, 72, 716, 718; 75, ii, 127, 91, 1308.

Distance from the Deep Creek Lock to the Gilmerton Lock via the system in use in 1894 2 m. shorter than by the Deep Creek route, 95, 1299.

Description of the W. Branch, 95, 1301.

PRIVATE (CORPORATE) WORK.

Considerable amount expended. from time to time by the Albemarle & Chesapeake Canal Co., 72, 719.

PROJECTS. (See Estimates.)

By Capt. Phillips, 1872, for 7' chan. to the lock of the Albemarle & Chesapeake Canal, 72, 716.

By S. T. Abert, 1875, for chan. 8½' x 80', 75, ii, 126; and d. the approaches to Parks Gap, 75, 94, ii, 127.

By Capt. Casey, 1896, dr. a chan. 20' x 200', m. l. w. 20' contour in Norfolk H. for a distance of about 1 m.

in the W. Branch of the Elizabeth R.; est., \$45,000, 96, 1072.

Deficiency act of July 7, 1898, provided \$360,000 for 28' x 450' chan., m. l. w., Hampton Roads to Norfolk Navy Yard, 99, 1473.

Maj. Casey est., 1899, \$85,000 to imp. Deep Creek, 99, 1485.

Au. June 3, 1896, chan. 20' x 200' d., m. l. w., from 20' contour, Norfolk H., for 1 m. up the R. from that point; est., \$45,000, 01, 293.

SURVEYS.

Under direction of Maj. Craighill, by Capt. Phillips, assisted by J. E. Weyss and G. Thompson, 72, 715, 718.

Ex. au. act Sept. 19, 1890; made, 1890, by Lt. Fieberger (R. unfav.), 91, 1308.

Ex. Deep Creek Branch for depth equal to that of the Lake Drummond Canal and the S. Branch

of the Elizabeth R. au. act Aug. 17, 1894; made, 1894, by Capt. Casey (R. unfav.), 95, 1298.

Ex. W. Branch of the Elizabeth R. au. act Aug. 17, 1894; made, 1895, by Capt. Casey (R. fav.) (see Projects), 95, 1301.

Sur., 96, 1071.

C. Resoln. Dec. 20, 1898, called for est. of w. and d. Deep Creek, Va. S. Branch of the Elizabeth R. to the new lock at the Dismal Swamp Canal (see Projects), 99, 1485.

Ex. made, 1900, by Maj. Quinn, 00, 1765.

Pre. ex. au. act Feb. 27, 1911. Rs., Col. Patrick, June 10 and Aug. 26, 1911; est., \$82,000, and \$2,000 an. mainten.,¹ 12, 421.

Cong. docs., etc., relating to exs., surs., plans, etc., 12, 401.

Map.¹

L-173(b-f)

NORFOLK HARBOR, VA.

NOTE.—The city of Norfolk, Va., lies on the Elizabeth R. (q. v., L-173) and its branches, about 9 m. from its mouth in Hampton Roads. The improvement of its H. has included the imp. of the chan. of the main R. for this 9 m., and, in addition, the imp. of each of its three branches for a distance of about 1 m. from their junction with the main R., and also the dr. of an anchorage basin at the mouth of the W. Branch.

Part.	Title.	Period.	Appropriations.
b	Norfolk H. and its approaches (see also c, d, e, f).	1871-1912	\$2, 260, 282
c	Norfolk H. and its approaches (Hampton Roads to Portsmouth; see also b).....	1909-1912	555, 000

Total, 2,260,282 (incl. misc., less amount returned to Treas., \$2,619,928.76, 12, 1698).

COMMERCE.

Growth of Norfolk C., 85, 1009.

Receipts and shipments of cotton for 1885, 86, 953.

Increased since imp., 07, 251; 12, 1699, 1700.

"For the calendar year 1911, the water-borne shipments aggregated 14,445,112 short tons, value not known. The chief products handled are coal, cotton, fertilizer, forest and agricultural products, and general merchandise. The improvement has made Norfolk an important shipping point for bituminous coal from the West Virginia fields.

"It has not been found practical to ascertain what effects, if any, the improvement has had on freight rates."

Approximate amount of freight handled by water during various years.

Boards:

U. S. advisory board to the H. comrs. of Norfolk and Portsmouth, recom. dr. the outer bar and the bar opposite the mouth of W. Branch to 25' x 500', 78, 517-519.

Convened, Norfolk, Va., Sept. 2, 1884, by S. O. No. 110, C. of E., to consider a proj. for imp. of the approach to Norfolk H. and U. S. navy yard. R., 85, 1020, 1021. (Lt. Col. Craighill, Maj. Hains, and Capt. Hinman.)

Report of U. S. advisory board upon estab. of port wardens' lines in Norfolk H., 85, 1026. (Commodore Truxton, Capt. Mercur, and C. Boutelle.)

Convened, S. O. Nos. 110 and 137, to consider the constr. of the Pinner Pt. Dike. R., 87, 974. (Col. Craighill, Lt. Col. Hains, and Capt. Hinman.)

Convened, Baltimore, Mar. 26, 1889, by S. O. No. 13, to estab. H. lines in Norfolk and Portsmouth Hs. R., 89, 979; 90, 1030. (Col. Craighill, Lt. Col. Hains, and Lt. Fieberger.)

In charge:

Maj. W. P. Craighill, 1871. R., 72, 715, 717.
S. T. Abert, U. S. C. E., 1874-78. R., 75, ii, 146; 77, 363; 78, 515.
Capt. Chas. B. Phillips, 1878-81. R., 79, 673; 80, 815; 81, 985.
Capt. J. Mercur, 1881-84. R., 81, 985; 82, 1070; 83, 837; 84, 1028.
Capt. F. A. Hinman, 1884-87. R., 84, 1028; 85, 1008, 1011, 1015, 1017, 1026; 86, 951, 956; 87, 963, 969.
Col. W. P. Craighill, 1888-89. R., 88, 766, 767.

Capt. G. J. Fieberger, 1889-91. R., 89, 945, 949; 90, 1021, 1023; 91, 1291, 1295, 1296.
Lt. E. Burr, 1892-94. R., 92, 1085, 1089; 93, 1323, 1328; 94, 973, 977.
Capt. T. L. Casey, 1895-99. R., 95, 1275, 1279; 96, 1067; 97, 1353; 98, 1223; (Maj.) 99, 1471.
Maj. J. B. Quinn, 1900-1902. R., 00, 1763; 01, 1447, 1463, 1466; 02, 1111.
Capt. E. E. Winslow, 1903-06. R., 03, 1074; 04, 1364; 05, 1185; (Maj.) 06, 1125.
Maj. Joseph E. Kuhn, 1907-09. R., 07, 1201; 08, 1255; 09, 1251.
Lt. Col. Mason M. Patrick, 1910-. R., 10, 1375; 11, 1483; 12, 1697.

Assistants:

Capt. Phillips. R., 72, 720.
J. E. Weyss, 72, 716, 720.
G. Thompson, 72, 716, 720.
Mr. Michler, 75, ii, 146.
G. H. Elliott. R., 75, ii, 146; 79, 677; 80, 818.

ESTIMATES. (See Plans.)

By Capt. Phillips, in 1879, completion of existing proj., \$218,000, 79, 675.

OBSTRUCTIONS.

U. S. in 1896-97 asked for bids for the removal of an abutment of the old toll br., which 2 claimants to ownership, the Norfolk & Western Ry. and the estate of T. Hardy, failed to remove after due notice, 97, 1355.

OPERATIONS.¹

1877. 284,898 c. y. dr. by contract, 78, 515.
1878-79. 302,490 c. y. dr. by contract, 79, 88, 674, 677.
1879-80. 540,000 c. y. dr., increasing w. of chan. from 115' to 265', and cutting off Portsmouth Flats to 20', 72, 995 c. y. dr. from chan. in W. Branch Bar, 80, 816, 818.
1880-81. 64,385 c. y. dr., and 150 scow loads of debris and ballast removed from vicinity of wharves and Portsmouth Flats; 236,815 c. y. dr. from W. Branch and Sewalls Pt. Bar, 81, 986.
1881-82. 119,147 c. y. dr. from Sewalls Pt. Bar; 218,466 c. y. dr. from E. and S. Branches of Elizabeth R., and from Sewalls Pt. Bar, 82, 1070, 1071.
1882-83. 118,191 c. y. dr. in completion of Morgan's contract; 424,010 c. y. removed from bar opposite Sewalls Pt. and E. Branch, 83, 838, 839.
1883-84. 137,752 c. y. dr. from S. Pass, E. Branch, and vicinity of Town Pt., 84, 1028.
1884-85. 116,399 c. y. dr. from E. and S. Branches, 85, 1008.
1885-86. 469,944 c. y. dr. from Elizabeth R. Chan. (Norfolk H. approach), 86, 957.
1886-87. 265,570 c. y. dr. from S. Branch, and steam tender built, 87, 964. 179,992 c. y. dr. from vicinity of Lambert Pt., Light, 87, 969.
1888-89. 300,957 c. y. dr. in H., and 796,955 c. y. dr. from approach, 89, 946, 949.
1889-90. 20,000 c. y. dr. from approach, 90, 1023.
1890-91. 273,032 c. y. dr. from the bar at Sewalls Pt., 91, 1292.
1891-92. 991,704 c. y. dr., 92, 1086.
1892-93. 917,170 c. y., s. m., dr., 93, 1325.
1893-94. 56,131 c. y., s. m., dr., 94, 975.
1894-95. 381,515 c. y., s. m., dr., 95, 1276.
1895-96. Table of amounts dr. from the chans., 574,067 c. y., s. m., dr., 96, 1069.
1896-97. 961,162 c. y., s. m., dr., 97, 1354.
1903-04. 216' seawall rebuilt and 202,088 c. y. dr. at Hospital Pt., 04, 1364.
1904-05. 344,455 c. y. dr. from Sewall Pt. Chan., 05, 1186. 957,904 c. y. dr. and 262' seawall rebuilt at Hospital Pt., 05, 1187.
1905-06. 197,521 c. y. dr. from Sewall Pt. Chan., 06, 1125. 167,041 c. y. dr. at Pinner Pt., 166,669 c. y. from E. Branch, and 405,925 c. y. from Hospital Pt.; wharves, buildings, drives, and walks rebuilt, 06, 1126.
1907-08. 84,726 c. y. dr. from Berkley Flats, 2,309 c. y. removed from old br. approach on E. Branch, 153,974 c. y. dr. from E. Branch, 08, 1256.

¹ History of, 79, 673.

202,565 c. y. dr. from mouth of E. Branch, 08, 1257.
914,535 c. y. dr. from new 30' chan. in vicinity of Lambert Pt., 08, 1258.

1908-09. 55,978 c. y. dr. near Hospital Pt., 2,425,468 c. y. from 30' chan., 09, 1252.

1909-10. 2,762,982 c. y. dr. from 30' chan., 10, 1376.

1910-11. 24,108 c. y. dr., from work of general imp.; 44,924 c. y. dr. from shoal between Hospital Pt. and Seaboard Air Line R.R. Co.'s property at Portsmouth, Va.; 2,128,910 c. y. dr. from junction of S. and E. Branches of Elizabeth R. to Lamberts Pt., and from Bush Bluff Lightship to d. w. at Hampton Roads, making chan. 30' x 800'; and 217,674 c. y. dr. for anchorage at and near Lamberts Pt., completing work, 11, 1484, 1485.

PHYSICAL CHARACTERISTICS.

Described, 72, 717, 722; 75, ii, 146-149; 78, 517; 07, 250.

PLANS. (See Estimates.)

By Maj. Craighill, 1872, imp. approaches from the sea, \$30,000, 72, 72, 717, 718.

By S. T. Abert, 1875, 3 plans for dr. main chan. and between the chan. and the wharves; est. for 1st, \$95,095; 2d, \$86,790; 3d, \$39,600; 75, ii, 148.

By U. S. advisory board, 1878, chan. 25' x 500', 700,000 c. y., 78, 518, 519.

By S. T. Abert, 1878, chan. 25' x 500', \$317,955, 78, 73, 516.

PROJECTS. (See Plan.)

By U. S. advisory board, 1878, excavation of chan. 25' d. m. l. w. and 500' w. from the dw. of Hampton Roads to Norfolk H., and to the Gosport navy yard above on the S. Branch of the Elizabeth R.; also for imp. of the H. proper by dr. at mouth of E. Branch, and by dr. off the fore slopes of Portsmouth and Berkley Flats; est., \$378,000, 78, 73, 518; 79, 673; 80, 815.

Revised proj., 1885, provided for a chan. 25' l. w. and 500' w. by dr. from dw. at Hampton Roads to Norfolk and the navy yard on the S. Branch; also a chan. on the E. Branch 22' x 300' at the Norfolk & Western R.R. br., increasing to 700' at its mouth; a bulkhead 3,000' in l., bounding Berkley Flats, to be built to receive the dr. material and maintain the dr. chan.; est., \$507,744, 85, 155, 1016. Increased in 1889 by \$50,000, 89, 116.

By Capt. Hinman, 1885, imp. of approach to Norfolk H. and U. S. navy yard, by advancing port wardens' line from Pt. Norfolk to Lamberts Pt., to 12' curve by const. 4,000 l. f. of diking, and dr. chan. to 25' m. l. w.; est., \$255,600, 85, 1026.

BE. 1887 considered Pinners Pt. Dike should not be built until the port wardens' line from Lamberts Pt. became an actuality, 87, 974.

In 1890 Lt. Fieberger reported chan. of the desired w. and d. having been secured through the Norfolk approach, the const. of the dike was unnecessary and no further app. were needed for this part of the H., 90, 1023.

By Capt. Casey, 1894, completion of anchorage, the redr. of chan. between Fort Norfolk and Lambert Pt., the chan. over Sewell Pt. Bar, and dr. between Fort Norfolk and the mouth of the S. Branch, the work to be done by contract, 95, 1276.

By Capt. Casey, 1896-97, removal of 400' from Hospital Pt. (see correspondence on the subject between the State board of health, the Navy, and the War Dept.), 97, 1355.

By Maj. Quinn, 1900, dr. to 28' between chan. and ps. of Southern Rwy. Co. at Pinners Pt.; est., \$20,000, 01, 1466.

Adopted Aug. 9, 1902, for cutting 400' off Hospital Pt., rebuilding sea wall and wharf and dr. on sides of old pt., all dr. to be to 25'; est., \$193,957, 03, 220.

By Maj. Winslow, 1905, chan. 30' d. and w. varying from 470'-800' from Hampton Roads to Norfolk navy yard; est., \$1,272,000, 06, 251.

By Maj. Winslow, 1905, for imp., including E. and S. Branches, and from Norfolk Chan. of Elizabeth R. to drawbr. of W. Branch; est., \$552,000, 06, 251.

Act Mar. 2, 1907, au. dr. to 30' x 600' from Hampton Roads to Lambert Pt., and 800' w. from Lambert Pt. to junction of E. and S. Branches of Elizabeth R.; also dr. mouth of E. Branch to 25' x 500'; est., \$1,132,000, 07, 252.

By Lt. Col. Patrick, 1909, chan. 35' d.; est., \$1,712,500, 10, 329.

Adopted, 1910, dr. area of 22 acres abreast and n. of Lamberts Pt. to 30' for anchorage; est., \$30,000, 10, 311.

SURVEYS.

Under direction of Maj. Craighill, by Capt. Phillips, J. E. Weyss, and G. Thompson, 1871. R., 72, 716, 717, 720.

Under direction of S. T. Abert, by Mr. Elliott and Mr. Michler, 1874. R., 75, ii, 146.

Ex. of chan. through bar at W. Branch and at Portsmouth Flats, 1880, 80, 819.

(See also Beaufort, N. C., in District M.)

NOTE.—From time to time efforts have been made looking to the making of an inside water route from Norfolk, Va., to Cape Fear River, N. C., or to points and waterways between, that the open-sea voyage around Cape Hatteras might be avoided. Data concerning these waterways is arranged as follows:

Part.	Title.	Period.	Appropriation.
i	To Neuse R., and to Cape Fear R.	1837-1879	\$70,000
j	To Atlantic Ocean, south of Hatteras.	1878-1880	
k	To Beaufort Inlet.	1902-1912	600,000
l	To Albemarle Sound, via Albemarle & Chesapeake Canal.	1878-1912	249,400
m	To sounds of N. C.	1899-1912	267,870
n	Chesapeake to Charleston, S. C.	1837	10,000
o	Dismal Swamp Canal, waterway connecting sounds of N. C.	1895-96	5,000
p	Dismal Swamp Canal, N. C. and Va.	1826-1845	230,000

Part (i), L-173 Norfolk, Va., to Neuse River, N. C., to Cape Fear River, N. C. (Survey for water communication from Norfolk, Va., to the Atlantic Ocean south of Hatteras.)

APPROPRIATIONS.

1852, \$50,000 app. for reopening Old Roanoke Inlet, 76, 387. (By the constr. of break'r across Croatan Sound—Treas Doc. 373, 1882.)

1878, \$20,000, act June 18. Between Norfolk H. and the Atlantic Ocean s. of Cape Hatteras.

COMMERCE.

Imp. of Core Sound justifiable as early as 1838, 76, 416.

Imp. of Currituck Sound justifiable, 76, 377.

C. importance and advantages of a line of continuous navigation between Florida and the Northern Lakes, 76, 377, 410, 412, 414.

DEFENSE.

Proposed imp. of Core Sound, connected with a general system for the protection of the coasting trade of the U. S., 76, 419.

ENGINEERS.**Chief of Engineers:**Chief of Topographical Engineers, in 1838, submitted a **R.** on Core Sound by Lt. Col. Kearney, 76, 416.**R.**, 76, 69; 78, 76; 79, 94.**In charge:**Lt. Col. J. Kearney, 1837. **R.**, 76, 411 (extract), 76, 416.

Col. Turnbull, Lts. Woodbury and Whiting, 1856-59, in charge of reopening Old Roanoke Inlet, 76, 387.

S. T. Abert, U. S. C. E., 1875. **R.**, 76, 376.Capt. C. B. Phillips, 1878. **R.**, 79, 714.**Assistants:**A. K. Michler. **R.** (extracts), 76, 398, 403.

J. H. Harrison and T. S. Flood, 76, 397.

J. B. Shinn, F. W. Frost, and W. G. Williamson 79, 716.

OPERATIONS.

Under the app. of 1852 an attempt to reopen Old Roanoke Inlet was made; subsequent failure, 76, 387.

PHYSICAL CHARACTERISTICS.

General character of seacoast, 76, 378.

General description of sounds, 76, 385-389, 398-400.

Of Rs., peat bogs, swamps, and soil, 76, 392-397.

Of route of Kearney sur., 76, 404, 405.

Contour of the coast of the Carolinas, 76, 379.

To what due, 76, 379. Forces modifying contour, 76, 379, 380.

Movements of sand, 76, 380-382.

History of changes in inlet, 76, 382-384, 419.

Geological description of seacoast, 76, 389, 392.

Tides, near large inlets, 76, 388; along Kearney route, 76, 404, 405.

Absence of tides in Core Sound, 76, 398.

Bars in Core Sound, 76, 388, 398, 416.

Peculiar character of banks of the Alligator R., 76, 395.

Shoals and marshes in Bogue Sound, 79, 399.

Gradual closing of inlets, 76, 416.

Character of sounds, w. of Beaufort, 76, 418.

Table of distances and drafts from Norfolk, Va., to Harbor Isld., 76, 398. From Norfolk, Va., to Wilmington, N. C., 76, 401. Memorandum of distances, 76, 418.

PLANS.

By Lt. Col. Kearney, 1838, chan. through Core Sound, 7' d. and 50 y. w., est., \$80,000; 250 y. w., est., \$300,000, **76**, 416, 417.

By S. T. Abert, canal from Clubfoot Creek to Harlow Creek, 40' w., as a substitute for the imp. of Core Sound, est., \$411,000, **76**, 397. For chan. 40' w. and 8' d. through Core and Bogue Sounds, and a canal from Hewlets Creek to Cape Fear R., total est., \$3,685,517.82, **76**, 402. For a through-cut canal at tide level, 40' w. at the bottom and 8' d., from Neuse to Cape Fear Rs., est., \$7,642,204.79, **76**, 405, 406. For canal, with summit level, fed by steam pumps, and with 6 locks, from the Neuse to the Cape Fear Rs., est., \$3,909,455, **76**, 406, 407, 408.

PRIVATE (PRIVATE, CORPORATE, AND STATE) WORK.

1770. Company formed by Josiah Collins, for the purpose of draining Scuppernong Lake; \$30,000 expend. in making a cut to Scuppernong R., **76**, 385.

1820. Plan proposed by Hamilton Fulton for canal between Clubfoot and Harlow Creeks, with a w. on the bottom of 14', and d. of 4'; subsequently constr. by the State, **76**, 397.

1838. N. C. made app. for the drainage of Mattamuskeet Lake by cutting a canal from it to Wysocking B., **76**, 394.

1840. Ex. by W. Gwynn and C. B. Shaw (as ordered by the State), who devised a system of

canal and ditches leading s. into Pungo R.; \$200,000 expend. by the State in these operations, **76**, 395. Correspondence relating to the Chesapeake & Albemarle Canal, **76**, 423, 424.

PROJECTS.

By Lt. Woodbury, 1852, reopening Old Roanoke Inlet, for which U. S. made app., **76**, 387.

SECRETARY OF WAR.

1838. Letter to the Hon. C. Shepard, transmitting a report from the Chief of Topographical Engineers, **76**, 416.

SURVEYS.

By Lt. Col. J. Kearney, 1837, from the s. debouche of the Dismal Swamp Canal, down the Pasquotank R., through Croatan, Pamlico, and other sounds to Winyaw B., S. C., **76**, 398. **R.**, **76**, 411.

Sur. of Core Sound included in C. Sur., 1866, **76**, 398.

By A. K. Michler, 1875, reports on "Sur. of coast line from the head of Core Sound to Wilmington, N. C.," **76**, 398. On "Sur. of 'The Kearney Route,'" **76**, 403.

Under direction of Capt. Phillips, 1878-79, sur. for an interior water communication between Norfolk, Va., and the Atlantic Ocean, s. of Hatteras. **R.** of progress, **79**, 714.

Au. act June 18, 1878; made, 1880, by Capt. Phillips, **80**, 851.

Maps. **80**, 896.

Part (k), L-173 Norfolk Harbor, Va., to Beaufort Inlet, N. C. (Waterway.)

APPROPRIATION.

1912, \$600,000, **12**, 1726.

COMMERCE.

The barge system of trans. has been unsuccessful, owing to the difficulties and dangers due to Capes Hatteras and Lookout. An inland route such as proposed would overcome these obstacles and create a considerable change in methods of navigation with resultant decrease in rates. Would be of great importance from a military point of view, **04**, 1417.

The est. raw material of the South as a cash resource, 1903-4 season, over \$1,512,000,000, **04**, 1421.

Letters and com. statistics from interested parties, **04**, 1419.

ENGINEERS.

Chief of Engineers. **R.**, **04**, 227; **07**, 263; **12**, 415.

Boards:

Special board appointed to make pre. ex. and sur. of waterway from Norfolk, Va., to Beaufort Inlet, N. C., for chan. of not less than 16'; est., \$10,000,000, with \$150,000 an. mainten. (Lt. Cols. Chas. J. Allen and Jas. B. Quinn, and Capt. E. E. Winslow, **04**, 1387.)

BERH. does not consider constr. of water advisable, **04**, 1387.

Special. **R.** on ex. and sur., May 9, 1906. Two plans presented, one at est. cost of \$2,900,425, and other at \$3,378,055, with mainten. amounting to \$290,000 first cost of plant, and \$72,000 per annum for operation, **07**, 263.

In charge. Lt. Col. M. M. Patrick, 1912-. **R.**, **12**, 1726.

PHYSICAL CHARACTERISTICS.

Description of proposed route, **04**, 1394.

PROJECTS.

Act July 25, 1912, au. 12' waterway, m. l. w.; est., \$5,400,000,¹ 12, 415.

1907-08. 150 obstr. removed from S. Branch of Elizabeth R., North Landing R., North R., and Albemarle Sound, **08, 1269.**

1908-09. U. S. snag boat *Roanoke* removed 300 obstr. from different portions of the route, **09, 1266.**

1909-10. 410 logs and other obstr. removed; cost, \$1,842.49, **10, 1392.**

1910-11. 741 logs and stumps removed from route, **11, 1505.**

1911-12. 407 snags, logs, and other obstr. removed from route, **12, 1725.**

PHYSICAL CHARACTERISTICS.

Shell ridge, obstr. navigation, **79, 694.**

Description of, **93, 1341.**

Route orig. had a 5' m. l. w. chan. obstr. by snags, logs, and overhanging trees, **01, 297.**

No lunar tide, except in the S. Branch of Elizabeth R.; rise and fall 2.7', **02, 224.**

The chans. through the various portions of the route 9' x 60'-80', m. l. w., **04, 225.**

PROJECTS.

By Capt. Phillips, 1878, to secure through Currituck Sound, by dr., chan. 9' x 80' at ordinary winter stage of water; est., \$90,000, **79, 693; 80, 827.**

By Capt. Phillips, 1880, imp. of Coanjoek B. by dr. chan. same dimensions as above, to be protected on w. side by an oyster-shell dike 9,200' l.; est., \$50,213.95, **81, 1000.**

By Capt. Hinman, 1886, imp. of North R. Bar by excavation of a chan. 9.4' x 150' x 7,150' ordinary l. w.; also constr. of 2 range lights to mark chan.; est., \$55,122, **85, 86, 155.**

Prior to act of Sept. 19, 1890, imp. carried on under separate proj. for each part of the route (see Title). These proj. were for a 9' chan. 80' w.; combined est., \$306,667.08, **00, 262.**

By Capt. Casey, 1895, expend. of \$7,000 dr. between Long Pt. Wharf and Chutch Isld., Coanjoek B., and \$1,000 in the removal of sunken logs, **95, 1287.**

Capt. Casey, 1895-96, est., while the primitive method employed in rafting was continued on the R., \$500 would be required an. to keep the chans. reasonably clear, **96, 1078.**

By Capt. Casey, 1897, expend. of \$7,000 in w. and d. chan. between the canal locks and Nicaragua Bar, and the S. Branch of the Elizabeth R., Va., \$2,000 for removal of sunken logs, etc., **97, 1374.**

See Surveys.

1902-03. 37,319 c. y., p. m., dr. from Deep Creek, **O3**, 1083.

1903-04. 108 logs, 20 piles, 33 stumps, 53 snags, and 4 trees removed from Pasquotank R. and Turners Cut, and 8 logs removed from Deep Creek; proj. considered about completed, **O4**, 1374.

1904-05. U. S. snag boat *Roanoke* removed from Deep Creek 4 logs, and from Turners Cut 31 logs, 2 piles, 13 snags, and 91 stumps; all work of imp. has been completed, **O5**, 1195.

1906-07. 9,217 c. y., p. m., removed from Deep Creek and pumped ashore; proj. completed, but mainten. required from time to time, **O7**, 1212.

1907-08. 40 l. f. of bank revet. rebuilt in Turners Cut, **O8**, 1268.

1908-09. 15,816 c. y., p. m., removed from the Deep Creek section in maintaining the adopted proj.; work done by hydraulle dr.; material pumped ashore; 20 logs, 12 stumps, 2 piles, and 30 snags removed from Pasquotank R., **O9**, 1264.

1909-10. 271 c. y., p. m., removed from Deep Creek section, **10**, 1391.

1910-11. U. S. snag boat *Roanoke* removed 256 logs and stumps from the route, **11**, 1503.

PHYSICAL CHARACTERISTICS.

Description of, **99**, 228.

Route comprises Deep Creek, Dismal Swamp Canal (the property of a company), Turners Cut, and the Pasquotank R., **00**, 261.

Deep Creek the only tidal portion of the imp. where rise and fall averages 3'; in other sections w. l. changes according to direction and velocity of wind, **O4**, 224.

PRIVATE (CORPORATE) WORK.

Canal from Deep Creek to South Mills imp. by a private corporation, to accommodate 10', **O4**, 224.

Canal from Deep Creek to South Mills mainten. by a private corporation, **O8**, 274.

PROJECTS.

By Maj. Casey, 1899, dr. chan. with a least w. of 80' on bottom, 10' d., m. l. w., and protecting banks, where required, by sheet piling or other means, in Deep Creek, from the S. Branch of the Elizabeth R. to the new lock at the Dismal Swamp Canal, in Turners Cut Level, Croatan Sound, and Pasquotank R.; also removal of Shipyard Bar, and cutting off of some points in the Pasquotank R. to straighten its course; est., \$274,310, **99**, 229; **00**, 1773.

SURVEYS.

Pre. ex. and sur. of waterway from South Mills to Albemarle Sound, N. C., au. act June 6, 1900; made by Maj. Quinn; est., \$1,935,893.62, **O1**, 299, 1511.

Pre. ex. and sur. of waterway from Albemarle Sound to Beaufort Inlet, via Croatan, Pamlico, and Core Sounds, au. act June 6, 1900; made by Capt. Lucas; est., via Ocracoke Inlet, \$1,611,500, via Beaufort Inlet, \$3,597,000, **O1**, 309, 1517.

Inspection made by the district officer and sub-committee of the R. and H. Committee of the H. R., **O6**, 1134.

Pre. ex. of Pasquotank R., au. act Mar. 3, 1909, with view to providing chan. to conform to d. of au. waterway to connect waters of Pamlico Sound with ocean at Beaufort. **R.** by Lt. Col. Patrick, May 6, 1909.² Chan. up to Elizabeth nowhere less than 10½ d.; further **R.** and recom. unnecessary, **10**, 329, 361.

Cong. docs., etc., relating to ex., surs., plans, etc., **12**, 412.

Map.²

Part (n), L-173 Chesapeake Bay to Charleston, S. C. (via Dismal Swamp Canal, Pasquotank River, Croatan, Pamlico, and other sounds, to Winyah Bay).³

APPROPRIATION.

Act Mar. 3, 1837, \$10,000 (surs.).

Part (o), L-173 Dismal Swamp Canal, Va., waterway connecting with sounds of North Carolina.

APPROPRIATION.

1894, \$5,000, **95**, 1297.

COMMERCE.

In 1895 est. that 695 craft of all kinds passed through the Dismal Swamp Canal, with an est. t. of 16,000 t., carrying merchandise amounting to 22,105 t., and that 6,339 craft of all kinds passed through Albemarle & Chesapeake Canal in 1895, with an est. t. of 458,602 t., carrying merchandise amounting to 324,866 t., **96**, 1092.

Total, 22,000 (22,015, inc. sales, 12, 1725).

COMMERCE.

C. advantages of tributary country, 75, ii, 161.
 1906, value, \$832,000; produce, timber, fertilizer, etc., 07, 261; 1909, 5,413 t., value, \$866,080, 10, 326.
 Traffic, 1911, 4,126 t., 12, 1727.

ENGINEERS.

Chief of Engineers. R., 75, 95; 78, 73; 79, 90; 80, 119; 81, 160; 82, 156; 83, 162; 84, 165; 85, 157; 86, 152; 87, 120; 06, 251; 07, 260; 08, 277; 09, 286; 10, 326; 11, 347; 12, 416.

In charge:

S. T. Abert, U. S. C. E., 1875-79. R., 75, ii, 161; 78, 522; 79, 620.
 Capt. C. B. Phillips, 1879-81. R., 79, 682; 80, 821.
 Capt. J. Mercur, 1881-84. R., 81, 991; 82, 1077; 83, 843.
 Capt. F. A. Hinman, 1884-87. R., 84, 1031; 85, 1033; 86, 961; 87, 987.
 Col. W. P. Craighill, 1888. R., 88, 772.
 Maj. Joseph E. Kuhn, 1907-09. R., 07, 1216; 08, 1272; 09, 1268.
 Lt. Col. Mason M. Patrick, 1910-12. R., 10, 1395; 11, 1506; 12, 1727.
 Lt. Col. W. C. Langfitt, 1912-. 12, 390.

Assistants. G. H. Elliott, W. H. Powless, and C. A. Turrill, 1874-75, 75, ii, 162.

OBSTRUCTIONS.

Bars of deposited sawdust, 75, ii, 161.

OPERATIONS.

1878-79. 1,233 snags, logs, and fallen trees and 144 overhanging trees removed with hired labor, 79, 90, 621, 683.

1879-80. Removal of wreck, 161 snags, and 205 trees; also 5,910 c. y. dr. from bar at mouth and Georges Bend, 80, 822.

1880-81. 18,000 c. y. dr. at Franklin and Little-town Bend, and 90 l. f. of revet. built at Franklin 81, 992.

1882-83. Dr. at Littletown Bend, 83, 843.

1883-84. Removing 515 snags, logs, and trees, 84, 1031.

1907-08. 697 logs, snags, and stumps removed, 08, 1272.

1908-09. 286 logs and other obstr. removed, 09, 1268.

1909-10. Plant repaired, 10, 1395.

1910-11. Snag boat *Roanoke* removed 17 snags and other obstr., 11, 1507.

PHYSICAL CHARACTERISTICS.

General, 75, ii, 161; 79, 620. Obstr.: Snags, piles, trees, and crooked bends, 75, ii, 161; 78, 522; 79, 620.

Description of, 11, 348.

PROJECTS.

By S. T. Abert, U. S. C. E., 1875, for dr. and removing snags and trees, mouth to Franklin. Est., \$14,850. 75, ii, 162; 78, 74; 87, 120.

By Maj. Kuhn, removal of obstr.; est., \$8,000, 07, 260.

SURVEYS.

By S. T. Abert, U. S. C. E., 1874-75. R., 75, ii, 161.

Pre. ex. and sur. au. by R. and H. A., Mar. 3, 1905; R., Aug. 3, 1905; est., \$8,000, 06, 251.¹

Cong. docs., etc., relating to exs., surs., plans, etc., 07, 261; 11, 347; 12, 417.

Total, 7,000

COMMERCE.

Important, 79, 721.
 Products of the country, 79, 721.
 Imp. not followed by any increase in C., 83, 844; 86, 152.

ENGINEERS.

Chief of Engineers. R., 78, 76; 79, 95; 80, 119; 81, 160; 82, 156; 83, 162; 84, 165; 85, 156; 86, 151; 87, 121; 88, 103; 91, 153.

In charge:

Capt. C. B. Phillips, 1878-81. 78, 76. R., 79, 719; 80, 823.
 Capt. J. Mercur, 1881-84. R., 81, 992; 82, 1077; 83, 843.
 Capt. F. A. Hinman, 1884-87. R., 84, 1031; 85, 1033; 86, 961; 87, 988.
 Col. W. P. Craighill, 1888. R., 88, 773.
 Capt. G. J. Fiebeger, 1891. R., 91, 1315.
 Capt. C. B. Phillips, 1891. R., 91, 1318.

Assistants:

W. G. Williamson. R., 79, 720; 91, 1319.
 Messrs. Moncure and Blow, 79, 719.

OBSTRUCTIONS.

Obstr. at the mouth of the R. placed there by the Confederates, 79, 720.

OPERATIONS.

1881-82. 2,941 snags, logs, and similar obstr. removed from chan., 82, 1078.

PHYSICAL CHARACTERISTICS.

General, 79, 719, 720, 721.

PLANS.

By W. G. Williamson, removing snags, leaning trees, and Confederate obstr.; also constr. low brush and stake dams; est. orig., \$6,708, subsequently increased to \$9,000, 79, 720, 722.

By Capt. Fiebeger, 1890, imp. R., Courtland to mouth, by removing obstr. and dr., giving a chan. from 7'-8' d. for 15 m. from mouth, and above that point a chan. 2'-3' at its lowest stage for 50 m. from its mouth; est., \$9,000, 91, 1316.

PROJECTS.

By Capt. Phillips, 1878, chan. not less than 60' x 9', mouth to R.R. br., thence to Peters Br., 50 m. above the mouth, 2' d., by removing logs, snags, and sunken vessels; est., \$9,000, 79, 720, 722; 80, 823.

In 1887 Capt. Hinman said there was no demand for the completion of the proj., 87, 988.

SURVEYS.

By W. G. Williamson, 1878-79. R., 79, 720.

Ex., 1883, 83, 844.

Ex. of lower R., 85, 1033.

Ex., mouth to Courtland au. act of Sept. 19, 1890 made, 1890, by Capt. Fiebeger, 91, 1316.

MEHERRIN RIVER, N. C.

APPROPRIATIONS.

1882, \$5,000, 83, 846.
1907, 6,000, 07, 1217.
Total, \$11,000 (incl. misc., \$11,010, 12, 1728).

COMMERCE.

In 1906, 8,900 t., 07, 261; 1911, 14,000 t.; effect of imp. on rates unknown, 12, 418.

ENGINEERS.

Chief of Engineers. R., 81, 168; 82, 163; 83, 163; 84, 166; 85, 160; 86, 155; 87, 121; 06, 251; 07, 261; 08, 278; 09, 286; 10, 326; 11, 348; 12, 417.

In charge:

Col. W. P. Craigill, 1888. R., 88, 773.
Capt. J. Mercur, 1881-84. R., 82, 1114; 83, 846.
Capt. F. A. Hinman, 1884-87. R., 84, 1034; 85, 1041; 86, 965; 87, 989.
Maj. J. E. Kuhn, 1907-09. R., 07, 1217; 08, 1273; 09, 1269.

Lt. Col. M. M. Patrick, 1910-. R., 10, 1396; 11, 1507; 12, 1728.

Assistant. C. M. Yeates. R., 82, 1115.

OPERATIONS.

1882-83. Removing obstr. begun, 83, 846.
1883-84. 1,072 trees, logs, snags, and piles, and 296 overhanging trees removed between mouth and Murfreesboro, 84, 1034.
1884-85. 119 snags, log, and trees removed, 85, 1041.
1907-08. 287 logs and other obstr. removed, 08, 1273.
1908-09. 255 logs and 1 tree removed, 09, 1269.
1910-11. 8 logs and 1 tree removed, 11, 1507.
Rises in Va., flows e. to empty into Chowan R., N. C., 50 m. l.; proj. section for 11 m. from mouth, 12, 417.

PROJECTS.

By Capt. Mercur, 1882, removing snags and similar obstr. to secure a 9' x 80' chan., mouth to Murfreesboro; est., \$125,500, 82, 1115.
In 1888, no permanent benefit to be derived from the imp., 88, 773.
By Maj. Winslow, 1905, imp. by removal of obstr.; est., \$6,000, 06, 251; au. act Mar. 2, 1907, 07, 261.

SURVEYS.

Ex. au. act Mar. 3, 1881; made, 1882, by Capt. Mercur, 82, 1114.
Ex. mouth to Murfreesboro au. act Mar. 3, 1905; made, 1905, by Maj. Winslow, 06, 251.
Soundings in Darden Reach, 09, 1269.
Cong. docs., etc., relating to exs., surs., plans, etc. 12, 418.

ESTIMATES. (See Plans and Projects.)

By G. H. Elliott, 1871, 156,000 l. f. of dikes or js., \$234,000, 72, 732; chan. 60' w. by dr. and removal of r., \$78,702, 72, 732, 733.
By Maj. Craighill, 1871, 5' chan. 60' w., \$120,000, 72, 696, 727; removing obstr. and constr. dikes, \$269,000; addl. for 8' chan., \$250,000, 72, 697, 727.
By S. T. Abert, 1874, dr., removing snags, etc., at Taylors Ferry and other bars to make a chan. 8' x 100', \$42,460, 75, ii, 132; in 1879, for completion of existing proj., \$222,000, 79, 626.

OPERATIONS.

1870-71. Removal of wrecks by contract, 72, 696, 726.
1871-72. Removal of wrecks and other obstr., 72, 70, 696, 726.
1872-73. Removal of rs.; 1 steamer, 7 schooners, 1 floating battery, 1 double-end, and 300 piles removed from chan., 73, 76, 738.
1873-74. Wrecks removed and rs. blasted, 74, 88, ii, 64.
1874-75. Building dikes by contract, 75, 94, 95, ii, 130, 131.
1875-76. 986 l. f. of dikes completed, 76, 68, 355.
1876-77. Work on dike, 77, 66, 366.
1882-83. Dike built at McRae's Landing and old dike repaired, 83, 831.
1886-87. Removal of obstr. in the Thoroughfare and Coshoke Creek begun and in progress, 87, 956.
1887-88. 2,272 logs, snags, and stumps and 2,911 overhanging trees removed, 88, 841.
1888-89. 1,200 logs, snags, and stumps and 153 cords small snags removed from the chan., and 1,652 trees pulled back on the banks, 89, 1041.
1889-90. 26,948 c. y. mud, gravel, and boulders removed; 5,500 trees, stumps, and snags removed from the banks, 90, 1108.
1890-91. 6,531 snags and stumps and 110 cords of small snags removed from the chan., and 2,939 trees cleared from the banks, 91, 1332.
1891-92. 5,530 snags, 606 stumps, and 199 cords of small snags cleared from the chan., 92, 1108.

1893-94. 1,410 snags, 383 stumps, and 35 logs removed, 94, 991.

1894-95. 31,250 c. y., s. m., dr., 2,091 snags, 100 stumps, and 148 trees removed from the chan. and banks, 95, 1291.

1896-97. 45 trees, 4 logs, 9 stumps, and 7 snags removed from the chan. and banks, 97, 1377.

1897-98. 116 trees, 13 logs, 19 stumps, and 11 snags removed from chan. and sides of the R., and 13 overhanging trees trimmed, 98, 1232.

1898-99. 64 trees, 5 snags, 50 stumps, and 6 logs removed from chan., 99, 1483.

1899-1900. 204 trees, 30 logs, 23 snags, and 2 stumps removed from chan., 00, 1782.

1900-01. 17 trees and other obstr. and an old wharf removed, snag boat rebuilt, and attempt made to dr. bar at North R., 01, 1461.

1901-02. 67 trees, logs, and stumps removed and 14 trees trimmed, 02, 1125.

1902-03. 28 snags and other obstr. removed, 111 trees felled, and 4,576 c. y. dr., 03, 1086.

1904-05. 157 trees and other obstr. removed, 165 trees felled, and 7,065 c. y. dr., 05, 1199.

1905-06. 5,097 c. y. dr., and 10 snags, 111 trees, and 361 overhanging trees removed, 06, 1139.

1906-07. 50 trees, snags, and stumps removed and 28 trees felled, 07, 1218.

1907-08. 22 snags and 4 trees removed and 19 trees felled, 08, 1274.

1908-09. 25 trees, logs, and snags removed and 13 trees felled, 09, 1270.

1910-11. 54 trees, 2 snags, 1 pile, and 1 log removed from chan., and 51 overhanging trees cut down; piping system of snag boat overhauled and renewed, 11, 1508.

PHYSICAL CHARACTERISTICS.

Description of 71, 608, 609; 72, 696, 726, 727-732; 74, ii, 64; 75, ii, 129-132; 82, 1060; 84, 1023; 90, 1176.

Water-gauge record for 1892, 93, 1352.

Bar forming at mouth, due to deposits by freshets, 08, 279.

PLANS. (See Estimates and Projects.)

By Maj. Craighill, 1871, chan. 8' d.; est., \$519,000; 72, 697, 727.
By S. T. Abert, 1882, Clarksville, Va., to Eaton Falls, N. C., chan. 35' x 24' m. l. w.; est., \$181,316, 82, 1065; 87, 961.
By S. T. Abert, 1885, plant for snag removal, 85, 996; 86, 928; 87, 956.

PROJECTS. (See Estimates and Plans.)

By Maj. Craighill, 1871, imp. of the R. by removal of wrecks, snags, and dangerous rs., and the contraction of the chan. way by js. so as to give throughout the year an unobst. 10' navigation from Albemarle Sound up to Hamilton, and 5' navigation up to Weldon; est., \$269,000, 71, 609, 79, 624, 626; 89, 1040; 91, 1331.

In 1884 S. T. Abert recom. the an. removal of wrecks and snags and the imp. of Big and Little Rocky Bars, 85, 996; 87, 955.

1886, est. for completion, \$41,000, 87, 113.

SURVEYS.

Under direction of Maj. Craighill, 70, 69, 71, 76, by G. H. Elliott, 71, 608, 621. **R.**, 74, ii, 65; 72, 726-733; 72, 72, 696.

Au. act Mar. 3, 1881; made, 1882, by S. T. Abert, 82, 1060; 87, 960.

Au. act Aug. 2, 1882; made, 1883, by S. T. Abert, 84, 1022.

Clarksville, Va., to Eaton Falls, N. C., au. act Aug. 5, 1886; made by S. T. Abert, 87, 960.

Ex. au. act Aug. 11, 1888; made, 1889, by Capt. Bixby, 90, 1176.

Ex. of rocky bar made, 00, by Maj. Quinn, 00, 1782.

Cong. docs., etc., relating to ex., surs., plans, etc., 12, 419.

Maps. 87, 956; 88, 842; 90, 1110; 92, Atlas, 18.

L-352(b)**CASHIE RIVER, N. C.****COMMERCE.**

About \$80,000 worth of merchandise carried on the R. an.; not of such a character as to warrant imp. of the stream, 97, 1382.

ENGINEERS.

Chief of Engineers. R., 85, 164; 97, 199.

In charge:

Capt. F. A. Hinman. R., 85, 1053, 1054.

Capt. T. L. Casey, 1897. R., 97, 1381.

Assistant. H. C. Collins. R., 85, 1053, 1055.

PHYSICAL CHARACTERISTICS.

Description of; one of the tortuous fresh water affluents of Albemarle Sound, forming one of the mouths of the Roanoke, 85, 1056; 97, 1381.

PLANS.

By Capt. Hinman, 1885, removal of snags, wrecks, and similar obstr., mouth to Windsor, 25 m.; est., \$30,000; 85, 1055, 1058.

SURVEYS.

Ex. au. act July 5, 1884; made by Capt. Hinman, 85, 1053, 1054.

Ex. au. act June 3, 1896; made, 1896, by Capt. Casey (R. unfav.), 97, 1381.

1882, 2,000, 83, 828.
1886, 5,000, 86, 925.

Total, 12,000

COMMERCE.

Important, 79, 624.

ENGINEERS.

Chief of Engineers. R., 78, 75; 79, 86, 88; 81, 158; 82, 154; 83, 158; 84, 160; 85, 151; 86, 146; 87, 112.

In charge. S. T. Abert, U. S. agent; 1879-91; 78, 75. R., 79, 621; 82, 1047; 83, 826; 84, 999; 85, 992; 86, 924; 87, 951.

OPERATIONS.

1883-84. 535 c. y. r. removed from the chan., 84, 999.

1886-87. Chan. 1½' x 14' opened through Pocket Shoal No. 3, 87, 952.

PHYSICAL CHARACTERISTICS.

General, 79, 622; 82, 1047.
Floods, 79, 623.
Bars, 79, 623.

PRIVATE WORK.

About \$10,000 expend. by C. Bruce for imp. of navigation, 79, 623.

PROJECTS.

By S. T. Abert, dr., r., excavation, and constr. of lateral or spur dams of cribwork or st., est., \$35,160, 79, 86, 623, 624.

By S. T. Abert, 1882, imp. of Staunton R., Brook Neal to mouth of Pig R., 52 m., by constr. of spur dikes and r. excavation, chiefly to reduce the slope of the R. for batteau navigation; est. \$40,087, 82, 1048, 1052; 87, 952.

SURVEYS.

By S. T. Abert, U. S. C. E., 1878-79, ex., Brook Neal to Roanoke Station, on the Richmond & Danville R.R. R., 79, 622.

Of Staunton R., Brook Neal to mouth of Pig R., au. act Mar. 3, 1881; made, 1882, by S. T. Abert, 82, 1047.

Maps. Profile from Brook Neal to Roanoke Station, 86, 923.

Part (b), L-367 Staunton River, Va. (Randolph Station to Brook Neal.)**APPROPRIATIONS.**

1880, \$7,500, 80, 787.
1881, 5,000, 81, 977.
1882, 5,000, 82, 1046.
1884, 5,000, 84, 998.
1886, 5,000, 86, 923.

Total, 27,500

COMMERCE.

Trade and C., 80, 787.

CONTRACTS.

1879. Mosely & Canada, timber, 80, 787.

ENGINEERS.

Chief of Engineers. R., 80, 116; 81, 156; 82, 152; 83, 158; 84, 160; 85, 150; 86, 145; 87, 111.

In charge. S. T. Abert, U. S. agent, 1878-87. **R.**, 80, 780; 81, 976; 82, 1044; 83, 824; 84, 998; 85, 989; 86, 922; 87, 950.

Assistant. J. H. Gill. **R.**, 80, 781.

OPERATIONS.

1879-80. Derrick boat, derrick, quarter boat, and 2 st. scows built, 80, 787.

1880-81. 1,306 c. y. r. blasted from the chan. 81, 977.

1881-82. 4,625 c. y. blasted and loose r. removed; 12 crib dams built of an aggregate l. of 522', 82, 1045.

1882-83. 307 c. y. r., 7 snags, and 35 trees removed, 83, 825.

1884-85. 18 m. of R. placed in navigable condition, 85, 990.

1885-86. 757 c. y. r. removed from chan., 86, 923.

1886-87. 194 c. y. solid r. and 112 c. y. of loose r. and gravel removed from chan., 87, 950.

PHYSICAL CHARACTERISTICS.

Description of, 82, 1047.

PROJECTS.

By S. T. Abert, 1879, imp. of Staunton R., Brook Neal to Roanoke Station, 32 m., by r. removal and spur dike and dam constr., to give l. w. chan. of 2' and not less than 35' w.; est., \$68,708.40, 80, 783, 786; 87, 950.

SURVEYS.

Brook Neal to Roanoke Station, 87, 950.

Maps. 80, 786.

Part (c), L-367

Staunton River, Va.

APPROPRIATIONS.

1888, \$5,000, 88, 836.
1890, 8,000, 90, 1082.

Total, 13,000

ENGINEERS.

Chief of Engineers. **R.**, 88, 114; 89, 132, 133; 90, 119, 120; 91, 153; 92, 154; 93, 166.

In charge:

S. T. Abert, U. S. agent, 1878-91. **R.**, 88, 834, 836; 89, 1020, 1022; 90, 1081, 1082.

Capt. W. H. Bixby, 1891-92. **R.**, 91, 1328.

Maj. W. S. Stanton, 1892-93. **R.**, 92, 1099; 93, 1350.

OPERATIONS.

1887-88. (P. R. to B. N.) 250 c. y. loose and 550 c. y. blasted r. removed from the chan.; (B. N. to R. Sta.) 1,200 c. y. r. removed from the chan.; 308 c. y. r. quarried, and 182 c. y. placed in wing dams, 88, 835.

1888-89. (P. R. to B. N.) 175 c. y. r. removed from the chan., 89, 1022. (B. N. to R. Sta.) 341

c. y. granite quarried, and 437 l. f. of riprap dam built, 89, 1021.

1889-90. (B. N. to R. Sta.) 144 c. y. st. blasted and 30 c. y. removed from the chan.; repairs to dams, 90, 1081.

1892-93. Plant and property pertaining to the imp. sold to other works of imp. in the district, 93, 1350.

PROJECTS.

By S. T. Abert, 1879, imp. of Staunton R., Brook Neal to Randolph Station, 32 m., by r. removal and spur dike and dam constr., so as to give a l. w. chan. of 2' x 35'; est., \$68,708, 80, 783, 786; 87, 950.

By S. T. Abert, 1882, imp. of Staunton R., Brook Neal to the mouth of Pig R., 52 m., by constr. of spur dikes and r. excavation, chiefly to reduce the slope of the R. for batteau navigation; est., \$40,087, 82, 1048, 1052; 87, 952.

Reduced to \$34,000 in 1889, 89, 1023.

The 2 works consolidated, 1890, and \$50,200 est. as required for completion of proj. for imp. of the upper and lower R., 91, 1328; 92, 1103.

In 1892, after total expend. upon both sections of the R. of \$44,700, recom. that further work be discontinued, 92, 1103.

L-378

DAN RIVER, N. C. AND VA.

APPROPRIATIONS.

1880, \$10,000, 80, 790.
1881, 8,000, 81, 978.
1882, 7,500, 82, 1056.

1909,	2,500, 09, 1274.
1910,	2,500, 10, 1400.
1912,	2,000, 12, 1734.

Total, 32,000 (incl. misc., \$32,250, 12, 1734).

COMMERCE.

C. interests of the adjacent country, 79, 699

1895 it was roughly est. that 5,000,000' of lumber in logs, 1,500,000' of manufactured lumber, and about 5,200,000 shingles were shipped down the R., and about 800 t. of fertilizers and merchandise shipped up. The local engineer of opinion, 1895,

that because of certain conditions the stream was not worthy of imp., 95, 1364, 1365.

Description, 95, 1365; **01**, 1543.

Considerable, and increasing, but handicapped by lack of water, **01**, 1544.

Decrease largely due to completion of Norfolk & Southern R'y. to Columbia, and to discontinuance of S.S. line between Columbia and Edenton, **09**, 290.

1911, 37,658 t., 12, 422.

Reduction in rates to Columbia and other points on stream, 12, 422.

CONTRACT.

Bid received but rejected, 79, 699.

ENGINEERS.

1910, \$13,750, **10**, 1410.

1912, 1,000, **12**, 1735.

Total, 14,750

CONTRACTS.

1910. Miner Engineering Co., dr. 40,000 c. y., 25¢ c. y., p. m., **11**, 1515.

ENGINEERS.

Chief of Engineers. **R.**, 08, 306; **10**, 330; **11**, 352; **12**, 422.

In charge:

Capt. E. I. Brown, 1910-11. **R.**, 10, 1401; **11**, 1515.

Maj. H. W. Stickle, 1912-. **R.**, 12, 1735.

OPERATIONS.

1911-12. 18,576 c. y. removed from section and

1902-03. 32,751 c. y. dr., **03**, 1091.

1906-07. 24,727 c. y. dr., **07**, 1222.

1909-10. 42,687 c. y. dr., **10**, 1400.

PHYSICAL CHARACTERISTICS.

Sharp bends and sunken stumps obstr. navigation, **79**, 699.

The stream situated in the peninsula between Albemarle and Pamlico Sounds, **95**, 1361.

Description of, **95**, 1361; **01**, 1541.

Nontidal, no slope, variations of w. l. controlled by winds, **03**, 229.

Some shoaling has occurred, **12**, 422.

PROJECTS.

Capt. Phillips, 1879, imp. by formation of chan. 9' x 80' at ordinary stage by dr., cutting off projecting points at bends, and removal of stumps, snags, and similar obstr.; est., \$8,000, **79**, 698, 699.

By Capt. Lucas, 1900, dr. chan. 9' x 150' across bar at mouth; est., \$14,000 if by U. S. plant, \$30,000 by contract, **01**, 1544. Au. act June 13, 1902, work to be done by U. S. plant, **02**, 226.

SURVEY.

1878. Ex. by Capt. Phillips, **79**, 698.

Ex. au. act Aug. 17, 1894; made, 1895, by Maj. Stanton (**R.** unfav.), **95**, 1361.

Au. act June 6, 1900; made, 1900, by Capt. Lucas, **01**, 1541.

Pra. ex. and sur. au. act June 25, 1910, of Scuppernon R. to the town of Cherry, N. C., **12**, 463. Maps. Upper portion, **86**, 969; **12**, 1734.

PHYSICAL CHARACTERISTICS.

Description of; stream rises in Hyde Co., flows ne. to Albemarle Sound, entering it about opposite the mouth of Pasquotank R., **95**, 1386.

PROJECT.

In 1895 Maj. Stanton est. beneficial imp. could be made for \$6,000, **95**, 1385.

SURVEYS.

Ex. au. acts Aug. 2, 1882, and Aug. 5, 1886; made by Capt. Mercur, 1882 (**R.** unfav.), **84**, 1059, and Capt. Hinman, 1886 (**R.** unfav.), **87**, 991.

Sur. au. act Aug. 17, 1894; made by Maj. Stanton, 1894 (see Projects), **95**, 1384.

15,837 c. y. from 1' outside; 559 hours spent in removing logs, snags, etc. Proj. completed, **12**, 1735.

PHYSICAL CHARACTERISTICS.

Description of; town of Manteo is at head of B., about 2 m. from entrance B. trib. to Roanoke Sound on ne. of Roanoke Isld., **10**, 330.

PROJECT.

By Capt. Brown, 1908, chan. 6' x 100' from entrance to wharves at Manteo; est., \$13,750, and \$2,000 an. mainten., **08**, 306; adopted by act June 25, 1910, **10**, 330.

SURVEY.

Au. act Mar. 2, 1907; made, 1907-08, by Capt. Brown, **08**, 306.
